REPORT

OF

THE COMMISSIONER OF INTERNAL REVENUE.

TREASURY DEPARTMENT,

OFFICE OF COMMISSIONER OF INTERNAL REVENUE,

Washington, D. C., November 1, 1901.

SIR: In compliance with the instructions contained in your letter of July 24, 1901, I have the honor to submit the following report of the operations of the Bureau of Internal Revenue for the fiscal year ended June 30, 1901, together with certain additional information relating to the receipts from the various sources of internal revenue during the months of July, August, and September of the current fiscal year.

The titles of the tables found at the close of the bound volume of this report are as follows:

Table A, showing the receipts from each specific source of internal revenue and the amounts refunded in each collection district, State, and Territory of the United States for the fiscal year ended June 30, 1901.

Table B, showing the number and value of all internal-revenue stamps, the number of the different kinds of certificates of registry, and the number and value of documentary stamps used for validating unstamped instruments issued to collectors of internal revenue during the fiscal year ended June 30, 1901.

Table C, showing the percentages of receipts from the several general sources of internal revenue now taxable in each State and Territory of the United States to the aggregate receipts from the same sources, by fiscal years, from July 1, 1863, to June 30, 1901.

Table D, showing the aggregate receipts of internal revenue in each collection district, State, and Territory of the United States, by fiscal years, from September 1, 1862, to June 30, 1901.

Table E, showing the receipts from specific and general sources of internal revenue, by fiscal years, from September 1, 1862, to June 30, 1901.

Table F, showing the ratio of receipts from specific sources of internal revenue to the aggregate receipts of the same, by fiscal years, from July 1, 1863, to June 30, 1901.

Table G, showing the returns of distilled spirits, fermented liquors, manufactured tobacco, snuff, cigars, and cigarettes, under the several acts of legislation, and by fiscal years, from September 1, 1862, to June 30, 1901; also statement of the production of distilled spirits and fermented liquors in the several States and Territories, by fiscal years, from July 1, 1877, to June 30, 1901.

Table H, showing the receipts from special taxes in the several States and Territories for the twelve months ended June 30, 1901.

Table I, showing the collections, expenses, and percentage cost of collection in the several collection districts during the fiscal years ended June 30, 1900 and 1901.

COLLECTIONS FOR THE FISCAL YEAR ENDED JUNE 30, 1901.

In the last annual report of the Commissioner of Internal Revenue it was estimated that the collections from all sources of internal revenue for the fiscal year just ended would aggregate \$295,000,000.

I am gratified to state that the actual receipts were \$306,871,669.42, and that the estimate was exceeded by \$11,555,561.85.

ESTIMATED RECEIPTS FOR THE CURRENT FISCAL YEAR.

It will be seen from the foregoing tabular statement that the receipts from all sources of internal revenue for the first three months of the current fiscal year aggregated \$73,115,536.04.

For the same period of the preceding fiscal year the total receipts amounted to \$78,470,922.31, a decrease in the receipts for the current fiscal year of \$5,355,386.27. I estimate that the receipts from all sources of internal revenue for the current fiscal year will approximate \$280,000,000.

COST OF COLLECTION.

The cost of collection for the past fiscal year, distributed among the different items of appropriation, was approximately as follows:

For salaries and expenses of collectors, including pay of deputy collectors, clerks, etc., and including expenses incident to enforcing the provisions of law taxing oleomargarine.	\$1,747,323.15
For salaries and expenses of revenue agents, surveyors of distilleries, gaugers, storekeepers, and miscellaneous expenses.	493,313.92
For paper for internal-revenue stamps.	2,037,135.62
For expenses of detecting and punishing violations of internal-revenue laws.	63,234.05
For salaries of officers, clerks, and employees in the office of Commissioner of Internal Revenue	67,332.67
	262,969.33
	*77,911.70
Total amount expended	4,749,220.44

*Act of June 13, 1898.

PERCENTAGE OF COST OF COLLECTION.

The percentage of cost of collection is 1.55 per cent. The expenses for the previous fiscal year were \$4,653,687.74, or 1.58 per cent of the collections for that year. The percentage of cost indicated above is the smallest that has been reached in the history of this Bureau in the administration of the internal-revenue laws.

MISCELLANEOUS EXPENSES.

The act of Congress approved August 7, 1882, making provision for sundry civil expenses for the year ended June 30, 1883, required the Commissioner of Internal Revenue to make a detailed statement of all miscellaneous expenditures in the Bureau of Internal Revenue, for which appropriation was made in that act. In accordance with this requirement, I submit the following detailed statement of miscellaneous expenses incurred:

Telephoning on public business	\$0.40
Telegraphing on public business	738.43
Locks for use at distilleries	880.81
Hydrometers used in gauging spirits	6,107.25
Weighing beams for use in weighing spirits	746.04
Steel canceling dies	30.30
Stationery for internal-revenue officers	915.52
Laboratory supplies, saccharometers, and chemicals for testing sweet wine and oleomargarine	1,159.80
The Federal Reporter for the office of the Commissioner of Internal Revenue	18.00
Traveling expenses of clerks and chemist under special orders of the Department	70.65
Expenses of seizures and sales by collectors	0.00
Total	10,666.80

ESTIMATED EXPENSES FOR NEXT FISCAL YEAR.

I estimate the expenses of the Internal-Revenue Service for the fiscal year ending June 30, 1903, as follows:

For salaries and expenses of collectors, including pay of deputy collectors and surveyors and clerks, and expense of enforcing the act of August 2, 1886, taxing oleomargarine, and the act of August 4, 1886	\$1,850,000
For imposing on the Government the expense of the inspection of tobacco exported, and the act of June 6, 1896, imposing a tax on filled cheese	550,000
For salaries and expenses of 20 revenue agents, for fees and expenses of gaugers, for salaries of storekeepers, and for miscellaneous expenses	2,100,000
For paper for internal-revenue stamps	60,000
For detecting and bringing to trial and punishment persons guilty of violating the internal-revenue laws, including payment for information and detection	100,000
For salaries of officers, clerks, and employees in the office of the Commissioner of Internal Revenue	279,460
Total	4,939,460

SALARIES.

I have the honor to recommend that Congress appropriate for the fiscal year ending June 30, 1903, the sum of \$279,460 as salaries for the following officers, clerks, and employees in this Bureau:

One Commissioner, at	\$6,000
Two deputy commissioners (1 at \$4,000 and 1 at \$3,800)	7,800
One chemist, at	2,500
Two heads of division, at	2,500
Six heads of division, at	2,250
One superintendent of stamp vault, at	2,000
One stenographer, at	1,800
Twenty-four clerks, at	1,800
Twenty-four clerks, at	1,600
Thirty-six clerks, at	1,400
Twenty-six clerks, at	1,200
Twenty-six clerks, at	1,000
Thirty-four clerks, at	900
Two messengers, at	840
Fifteen assistant messengers, at	720
Thirteen laborers, at	660

An aggregate of 214 persons.

I also recommend the appropriation of the sum of \$2,500 as salaries for one stamp agent, at \$1,600, and one counter, at \$900, the same to be reimbursed by the stamp manufacturers, as provided by the act of August 5, 1882.

INCREASE IN APPROPRIATION.

In presenting the estimate of expenses of this Bureau for the next fiscal year, to wit, \$4,939,460, I have been compelled to ask for an increased appropriation. This is done for the reason that the increase is deemed absolutely necessary, and I doubt now whether for the good of the service a sufficient amount has been named.

I am thoroughly of the opinion that promptness, accuracy, and efficiency in the work of this Bureau would be improved and the revenues increased if the field force in the various collection districts were enlarged.

The percentage of cost of collection for the past fiscal year, 1.55, is less than for any preceding year, and while this is cause of congratulation and indicates economy in expenditure, it is possible that reduction of cost of collection may be extended to a point where it leads to detriment to the service and to loss of revenue.

The work of the entire Bureau, both in this office and the collection districts, has been increased to a very large extent during the past five years, and the annual appropriation has not, in my judgment, grown in proportion to the work. The increase has been caused by a variety of reasons, such as increased labor due to the extension of the bonded period from three to eight years, to the regauging of spirits in warehouse at the end of four years, to the privilege extended to distillers to bottle their spirits in bond, to the reduction, under Regulations No. 7, of spirits to 90 per cent proof in warehouse when desired, and further, there has been a notable increase in the number of reports, caused by a large proportion of the distilled spirits which previous to 1894 were aged in free warehouses being now allowed to remain in bonded warehouse until fully aged, and only withdrawn to go imme-

diately into consumption, as evidenced by the fact that spirits are largely withdrawn in from one to five package lots, (except high-proof spirits), while previous to extension of bonded period spirits were compelled to be withdrawn at the expiration of the three-year bonded period and withdrawals were usually in large lots, instead of the small lots now used. The withdrawal in small lots increases the work of this office most materially, and even in a greater degree the work in the offices of the various collectors, and of the field force.

The internal-revenue law of June, 1898, and the amendment of the same of March, 1901, also increased most materially the work of this Bureau. Without considering the variety and volume of new stamps provided for by these laws and new subjects of taxation, I call attention alone to the single fact that under the amendment of March, 1901, some forty-five thousand claims for rebate of tobacco taxes have been presented at the various collectors' offices and thence forwarded to this office for examination and 10,000 claims for the redemption of documentary stamps, imprinted and otherwise.

In 1896, five years anterior to this fiscal year, the total amount expended for the entire collection of internal revenue was \$4,086,292.47; the total amount expended during the past fiscal year was \$4,749,220.44, an increase in amount expended of \$662,927.97, but accompanied by a decrease in percentage of costs from 2.81 per cent in 1896 to 1.55 in 1901.

The following partial comparison of the work done by this Bureau in 1896 and 1901 is suggestive as to the necessary increase of the total amount expended. In 1896 there were 1,119,252,498 stamps issued to collectors from this office; in 1901, 2,658,247,053 stamps issued. The number of claims for the redemption of revenue stamps received and examined at this office has increased from 1,111 claims in 1896 to 2,597 claims in 1901. The total production of spirits in 1896, in round numbers, was 89,992,555 gallons; in 1901, 128,568,201. The tax-paid withdrawals of spirits in 1896 was 68,000,000 gallons; in 1901, 100,777,003. Cigars, 4,237,755,943 of 1896, as against 6,455,438,419 in 1901; fermented liquors of 1896, 35,826,098 barrels, as against 40,000,000 barrels in 1901. In 1896 311 samples of oleomargarine, spirits, etc., were examined in the division of chemistry; in 1901, 788 samples. In 1896, 42,284 letters were sent out by this Bureau and 41,103 received. In 1901, 73,338 were sent out and 65,347 received. Further, there has been a very great increase in the number of special taxpayers throughout the country, which increases rapidly the amount of the division work.

The amount of withdrawals of tax-paid spirits is another important item in the work of the Bureau. In 1896, 68,480,720 gallons were withdrawn; in 1901, 100,777,003 gallons.

These few data, and they could be extended through every division of the internal revenue field, indicate vast increase in the work consequent upon increased population, a splendid forward movement in commercial transactions, and the general business uplift of the country. To properly handle this great volume of business, resulting in the collection of three hundred millions of revenue, a business touching closely the interests of thousands of our citizens, and coming into nearness of contact with great and small commercial and financial transactions of the nation, requires a force equal in numbers to the requirements of the service and the payment of compensation necessary to secure ability, efficiency and cheerful industry in employees.

SCALE OF SALARIES OF COLLECTORS.

The recommendations made for the salaries of collectors are based upon an estimate of their probable collections according to the following scale, with the qualification that if the actual collections should vary from the amounts estimated, the salaries will be readjusted at the end of the fiscal year:

For collection of	Salary.	For collection of—	Salary.
\$25,000 or less	\$2,000	\$375,001 to \$425,000	\$3,375
25,001 to \$37,500	2,125	425,001 to 475,000	3,500
37,501 to 50,000	2,250	475,001 to 550,000	3,625
50,001 to 75,000	2,375	550,001 to 625,000	3,750
75,001 to 100,000	2,500	625,001 to 700,000	3,875
100,001 to 125,000	2,625	700,001 to 775,000	4,000
125,001 to 175,000	2,750	775,001 to 850,000	4,125
175,001 to 225,000	2,875	850,001 to 925,000	4,250
225,001 to 275,000	3,000	925,001 to 1,000,000	4,375
275,001 to 325,000	3,125	1,000,001 and upward	4,500
325,001 to 375,000	3,250		

In addition to the salary based upon the above-mentioned scale, the collector shall receive a commission of one-half of 1 per cent on tax-paid spirit stamps, and may receive additional compensation on account of territorial extent, as provided by law, provided the gross compensation does not exceed \$4,500. (See secs. 3148 and 3314, Rev. Stat.)

OFFICIAL FORCE.

The force connected with this Bureau during the fiscal year which ended June 30, 1901, in the various districts throughout the United States, as reorganized under the Executive order of May 21, 1887, was 64 collectors who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary.
49.....	\$4,500	1.....	\$3,875	1.....	\$3,125
3.....	4,375	1.....	3,750	1.....	3,000
1.....	4,250	1.....	3,625	1.....	2,875
3.....	4,000	2.....	3,500		

There were also employed 832 deputy collectors who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary.
26.....	\$2,000	252.....	\$1,200	10.....	\$500

1.....	1,350	5.....	700		
44.....	1,300	58.....	600		

There were also employed in the offices of the different collectors 140 clerks, who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary.
2.....	\$1,600	30.....	\$1,200	12.....	\$800
4.....	1,500	4.....	1,150	3.....	750

7.....	1,300	28.....	1,000	5.....	600
1.....	1,250	22.....	900		

Also 12 porters, messengers, or janitors, who received per annum salaries as follows:

Number.	Salary.	Number.	Salary.	Number.	Salary.
2.....	\$600	3.....	\$480	4.....	\$300
1.....	500	1.....	400	1.....	240

At the close of the year ended June 30, 1901, 283 officers, clerks, messengers, and laborers were employed in this Bureau, and the aggregate amount paid during the year for their salaries was \$340,881.03.

The number of persons employed during the year ended June 30, 1901, under the act of June 13, 1898, was as follows:

In office of Commissioner of Internal Revenue, Washington, D. C., 82; in the several collection districts throughout the country, 259.

STOREKEEPERS, GAUGERS, ETC.

There were also employed 370 gaugers who received fees not to exceed \$5 per day, 192 storekeepers and 1,922 storekeepers and gaugers whose pay did not exceed \$4 per day, and 11 distillery surveyors.

All the foregoing officers are paid only when actually employed.

Storekeepers are assigned to those distilleries only which have a surveyed daily capacity exceeding 100 bushels, and are paid such compensation as may be prescribed by the Commissioner of Internal Revenue, not to exceed \$4 per day.

Storekeepers and gaugers are assigned to distilleries having a capacity of 100 bushels or less, which are in operation, and to distilleries of a capacity not exceeding 500 bushels, when under suspension. When the business of bottling spirits in bond is carried on at a distillery of the latter class, if the increase of work so requires, officers performing the separate duty of storekeeper and gauger are assigned thereto.

Under the act of August 28, 1894, storekeepers and gaugers may now be assigned to perform the separate duties of a storekeeper at any distillery, or at any general or special bonded warehouse, or to perform any of the duties of a gauger, under the internal-revenue laws.

The pay of storekeepers and gaugers assigned to distilleries whose registered daily capacity is 20 bushels or less is fixed by law at \$2 per diem. The pay of those assigned to larger distilleries has been graded according to the following scale:

Compensation of storekeepers and gaugers assigned to distilleries in operation having a surveyed daily capacity exceeding 20 bushels, and not exceeding 40 bushels, \$3 per day; compensation of those assigned

to distilleries having a surveyed daily capacity exceeding 40 bushels, and not exceeding 60 bushels, \$3.50 per day; compensation of those assigned to distilleries having a surveyed daily capacity exceeding 60 bushels, \$4 per day.

The compensation of officers assigned to distilleries under suspension, having not exceeding 5,000 gallons of spirits in the distillery warehouse and which it is not practicable to place in the hands of a general storekeeper or storekeeper and gauger, is \$2, for such days only as the officer is required to be in attendance to make withdrawals of spirits, or for other necessary purposes. When the quantity of spirits in warehouse of a suspended distillery exceeds 5,000 gallons, and does not exceed 25,000 gallons, the compensation is \$2 per day of constant attendance; when the quantity of spirits in warehouse of a suspended distillery having a daily capacity exceeding 20 bushels exceeds 25,000 and does not exceed 100,000 gallons, \$3 per day; and when the quantity exceeds 100,000 gallons, \$4 per day.

CONDITION OF THE SERVICE.

It affords me pleasure to state that the work of this Bureau is in satisfactory condition and as nearly up to date as is possible under the restriction imposed by the law and regulations.

This is due to the ability, industry, and energy generally displayed by the officers and employees of the service, both in this Bureau and in the field.

REVENUE AGENTS' DIVISION.

During the last fiscal year there were employed 44 revenue agents, 1 as chief of agents at this office, 16 in charge of Territorial divisions, 6 in examination of the offices and accounts of collectors, and 21 in assisting agents in charge of divisions and on special duty.

EXPENDITURES FOR THE DISCOVERY AND PUNISHMENT OF VIOLATORS OF LAW.

In accordance with the provisions of the act making an appropriation for such purposes, the following detailed statement of expenditures for detecting and bringing to trial and punishment persons guilty of violating internal-revenue laws is submitted:

Patterson, A. C.	10,873.61	Total expenditure	67,332.67
Sewall, F. D.	2,452.80		
Sinsel, J. W.	1,106.27		
Thrasher, L. A.	949.54		

The accounts for expenditures under this appropriation are rendered monthly with an itemized statement, and in all cases supported by proper subvouchers duly sworn to. These accounts pass through all the accounting offices of the Treasury Department and are filed in the Register's office.

I desire to call attention to the fact that in communities where this illicit distilling prevails it has been found that the violators of the law are not confined to the unregistered illicit distillers alone, but embrace in many sections a large number of registered distillers, both grain and fruit, who are driven to this course in self-protection to meet the competition forced upon them by illicit distillers who do not register or make any pretense of complying with the law.

MANUFACTURE OF STAMP PAPER.

After due advertisement for proposals to furnish distinctive paper upon which to print revenue stamps for the fiscal year ending June 30, 1902, two bids were presented, which were opened on the 14th day of May, 1901, in the office of the Commissioner of Internal Revenue by a committee appointed for that purpose by the honorable Secretary of the Treasury. The bids submitted having been duly considered, the committee recommended an award of the contract to the best bidder whose proposal conformed to the terms of the advertisement inviting such bids. Accordingly, the contract was awarded to the New

York and Pennsylvania Company, of New York, at 4.4 cents per pound, that being one-half cent per pound less than the contract price for the previous year.

PRODUCTION OF STAMPS.

All of the stamps issued by this Bureau are engraved and printed by the Bureau of Engraving and Printing, with the exception of stamps for tobacco imprinted on foil wrappers, which are printed by the John J. Crooke Company, of New York, and documentary stamps of the denominations of 1 and 2 cents imprinted on sleeping and parlor car tickets, freight receipts, and such other instruments as may require the same, which are printed by Philo F. Pettibone, of Chicago. The imprinting of all such stamps is performed under contracts, and without cost to the Government, the contractors receiving their remuneration from the users of the stamps and reimbursing the Government for the salaries of the agents and counters necessary to properly supervise the work.

STAMPS ADDED AND CHANGED UNDER ACT OF CONGRESS.

In conformity with the provisions of the act of Congress approved March 2, 1901, amending the war revenue law of 1898, additional tobacco stamps of the denominations of two, three, and four ounce were prepared and issued. Stamps of new series, 1901, were also issued to denote the payment of tax at the reduced rates on fermented liquors, cigars, and cigarettes. The issuance of all proprietary stamps, except those of the denominations of 1 and 2 cents, and of documentary stamps of the denominations of one-half cent, 3, 4, 40, and 80 cents, and \$3 and \$30, was discontinued June 30, 1901, as unnecessary under the law. A special tax stamp for "dealers in grain securities, etc.," was issued and the special tax stamp for "commercial brokers" was discontinued, in compliance with the provisions of the act aforesaid.

REGISTRATION OF CHINESE IN HAWAII.

In accordance with the authority granted by the act of Congress approved May 5, 1892, as amended by act of November 3, 1893, and extended by the act of April 30, 1900, providing for the registration of Chinese in the Hawaiian Islands, blank certificates of residence, applications, and records were prepared and forwarded to the collector at Honolulu, district of Hawaii, to enable him to comply with the provisions of said acts. The work of registration was commenced on February 1 and completed on the 13th day of June, 1901. Certificates of residence were issued to 28,925 Chinese residing within the Hawaiian Islands.

REDEMPTION OF STAMPS.

During the fiscal year ended June 30, 1901, there were examined and allowed 2,463 claims for the redemption of stamps, amounting to \$137,158.70. Claims to the number of 134 were rejected. Eighty applications for restamping were received and disposed of. Stamps to the value of \$25,375,891.26 were returned by collectors and credited in their accounts.

TOBACCO DIVISION.

The revenue derived from taxes imposed on manufactured tobacco products of domestic and foreign manufacture during last fiscal year was \$62,182,138.69, not including \$1,874.58 miscellaneous collection.

The collection from each source was as follows:

From smoking and chewing tobacco	\$35,292,205.76
From snuff	2,003,021.32
From cigars taxed at \$3.60 per thousand	20,775,363.73
From cigars taxed at \$1 per thousand	684,504.05
From cigarettes taxed at \$1.50 per thousand	3,407,433.94
From cigarettes taxed at \$3.60 per thousand	19,609.89
Total	62,182,138.69

This amount includes internal-revenue tax paid by manufacturers and importers on domestic and imported manufactured tobacco products, except those coming from Porto Rico.

The internal-revenue taxes collected from imported manufactured tobacco, snuff, cigars, and cigarettes are the same as taxes imposed on like articles of domestic manufacture in addition to the rates of duty levied and collected upon the imported article entered for consumption in the United States.

The receipts from tobacco for last fiscal year, not including miscellaneous collections, exceeded those of the previous year, the increase amounting to \$3,160,131.35. The increase over the three preceding fiscal years was as follows: \$10,908,613.17 over the year 1899, \$25,961,561.45 more than the year 1898, and \$31,471,841.27 more than the year 1897.

INCREASED RECEIPTS.

The increased collections over those for the preceding fiscal year from each source of taxation were as follows:

From smoking and chewing tobacco	\$1,814,961.50
From snuff	212,931.18
From cigars taxed at \$3.60 per thousand	1,636,778.91
From cigars taxed at \$1 per thousand	37,607.23
From cigarettes taxed at \$3.60 per thousand	3,595.68
Total	3,705,874.50
Decrease, cigarettes taxed at \$1.50 per thousand	545,743.15

Total net increase in collections

ANNUAL PRODUCTION OF TOBACCO, SNUFF, CIGARS, AND CIGARETTES.

The following tables will show approximately the production and consumption of tobacco, snuff, cigars, and cigarettes, respectively, in the United States during the fiscal year ended June 30, 1901, estimated from the receipts from the sale of stamps for such domestic goods as were withdrawn from the factory, tax paid, and imported goods also withdrawn from public stores and bonded warehouses for consumption, tax paid. These goods, together with those removed in bond from the factory for export, form the basis for the computations:

TOBACCO AND SNUFF PRODUCED.

	Pounds.
Tobacco withdrawn, tax paid	294,101,715
Snuff withdrawn, tax paid	16,691,845
Total tobacco and snuff taxed	310,793,560
Add tobacco and snuff exported	9,524,130
Total	320,317,690
Deduct tobacco and snuff imported	298,159
Net total domestic production for 1901	320,019,531
Total production for 1900	305,591,299
Less imports for 1900	303,841
	305,287,458
Increase for 1901	14,732,073

The increase in quantity of tobacco and snuff withdrawn, tax paid, for consumption was 16,899,107 pounds; the decrease in tobacco and snuff exported was 2,172,716 pounds, and the decrease in tobacco and snuff imported was 5,682 pounds.

The importations of manufactured products, as given in the foregoing and succeeding tables, include only tobacco products which were withdrawn from warehouse tax-paid and those entered for immediate consumption on arrival.

NOTE.—The tables do not include tobacco products coming from Porto Rico on and after July 1, 1900.

CIGARS (LARGE).

	Number.
Cigars, domestic and imported, withdrawn tax-paid at \$3.60 per thousand	5,770,934,369
Number of cigars exported.....	499,723

Total, including those taxed and those exported.....	5,771,434,092
Deduct number imported, average 12 pounds per thousand.....	34,963,500

Net total domestic production, 1901.....	5,736,470,592
Taxed in 1900.....	5,316,273,561
Exported in 1900.....	1,408,247

Total.....	5,317,681,808
Less imports for 1900.....	34,610,916
	5,283,070,892

Increase for 1901	453,399,700
-------------------------	-------------

There was an increase of 454,660,808 in the number of cigars withdrawn for consumption, and 908,524 decrease in number of cigars exported, and an increase of 352,584 in number of cigars imported. The notable decrease in number of large cigars exported is more apparent than real, for the reason that former accounts of exports included both large and small cigars.

CIGARS (SMALL).

	Number.
Cigars, domestic, withdrawn tax-paid at \$1 per thousand.....	684,504,050
Add number exported.....	1,465,200

-----------------------	------------

CIGARETTES.

Cigarettes withdrawn tax-paid at \$1.50 per thousand.....	2,271,622,626
Cigarettes withdrawn tax-paid at \$3.60 per thousand.....	5,447,192

Total taxed.....	2,277,069,818
Add number exported.....	262,327,990

Total, including those taxed and those exported.....	2,539,397,808
Less number imported (estimated average 3 pounds per thousand)...	5,782,666

Total domestic cigarettes produced	2,533,615,142
Taxed in 1900.....	2,639,899,780
Add number exported.....	1,101,578,670

Total.....	3,741,478,450
Less imports in 1900.....	6,709,333
	3,734,769,117

Decrease in 1901.....	1,201,153,975
-----------------------	---------------

There was a decrease of 363,828,766 in the number of cigarettes taxed at \$1.50 per thousand, and an increase of 998,804 cigarettes taxed at \$3.60 per thousand, and a decrease of 839,250,680 cigarettes exported, and a decrease of 926,667 in the number imported.

ANNUAL PRODUCTION OF LEAF TOBACCO IN THE UNITED STATES.

The following table shows the annual production of leaf tobacco in the United States from January 1, 1897, to December 31, 1899, inclusive.

The production for 1900 can not be ascertained until returns for 1901 are completed. In this table the production for each year mentioned is compiled from the returns for the next succeeding year.

Total	3,304,714.42	3,973,904.27	4,344,276.21	11,622,894.90

An estimate of the receipts for the year ending June 30, 1902, can not be predicated on the above three months' statement, for at the beginning of the fiscal year there was at least four months' supply of tobacco products in the hands of dealers, as shown by the number of claims presented for rebate of tax under the act of March 2, 1901.

In anticipation of such rebate manufacturers of tobacco and snuff, with scarcely an exception, stamped their manufactured products in the months of May and June and slowed down their production and met the new condition that always attends the increase or decrease in the rates of tax, and dealers had an opportunity to market their old goods before the new goods were available. This has resulted in keeping the monthly revenues below the normal.

Taking the production of the previous year as a basis, the revenue from large and small cigars alone should amount to \$16,850,000, and from cigarettes, the production of which will be stimulated by reduction in taxes, \$3,000,000.

•The receipts from chewing and smoking tobaccos will not be less than \$27,400,000, while it is estimated that \$1,500,000 will be collected from snuff.

The total receipts from taxable tobacco products of all descriptions is estimated at \$48,750,000, or \$13,432,138.69 less than the previous fiscal year ended June 30, 1901.

REBATE OF TAXES ON TOBACCO PRODUCTS.

The act of March 3, 1883 (22 Stat. L., 488), reduced the rates of tax on cigars from \$6 to \$3 per thousand, and on cigarettes from \$1.75 to 50 cents per thousand, and cut the tobacco and snuff tax in half, reducing the rate from 16 cents to 8 cents per pound. This provision of the statute reducing the tax took effect May 1, 1883, and provided that there should be allowed a drawback or rebate of the full amount of the reduction in taxes on all original and unbroken factory packages of smoking and manufactured tobacco and snuff, cigars, cheroots, and cigarettes held by manufacturers or dealers at the time such reduction should go into effect.

The statute further provided that these rebate provisions should not apply in any case where the claim was not presented within 60 days following the date of reduction, and further that the rebate to manu-

facturers could be paid in stamps at the reduced rate. And no claim could be allowed or drawback paid for a less amount than \$10.

This act did not carry with it any appropriation out of which the rebate claims could be paid, but the act of February 14, 1884 (23 Stat. L., 2), appropriated \$3,750,000 for the payment of 43,000 claims which had been presented, and ultimately involved the payment by the Government of \$3,541,844.99.

The act of October 1, 1890, reduced the tax on tobacco and snuff from 8 cents to 6 cents per pound, and this provision took effect on January 1, 1891, but this statute did not provide for the payment of any rebate or drawback on account of the reduction in tax.

The act of December 15, 1890 (26 Stat. L., 689), made provision for the payment of a drawback or rebate of the taxes on original and unbroken factory packages upon which the tax had been paid at the time the reduction in tax took effect under act of October 1, 1890, and provided that no claim could be allowed or drawback paid for a less amount than \$5, and, without stating any amount to be appropriated for the payment of the claims, provision therefor was made, as follows: "For the payment of the rebates provided for in this act, there is hereby appropriated any money in the Treasury not otherwise appropriated."

Under the provisions of this act 29,000 claims were presented, involving the payment of \$1,119,380.95.

The act of March 2, 1901, reduced the taxes on cigars of both classes, and also the taxes on tobacco and snuff indirectly, by providing for a discount of 20 per cent on the sale of tobacco and snuff stamps, and following the precedent established by Congress in 1883, section 4 provides for the payment of a drawback or rebate of taxes on all original and unbroken factory packages in the hands of dealers or manufacturers at the time the discount or reduction of tax took effect, but, unlike the act of March 3, 1883, in that respect, it did not provide for the payment of rebate to manufacturers in stamps at the reduced rate, nor did it provide for the payment of any rebate on cigarettes of any description.

This statute provides that no claim shall be allowed or drawback paid for a less amount than \$10. It is indicated from the returns made by collectors from the several districts in the United States that at least 50,000 claims will be presented to the commissioner for his allowance, as provided by that act, which will involve the payment by the Government of about \$3,750,000.

The office has received 30,000 claims involving the payment of \$2,250,000, and if the general average of \$75 per claim is maintained, the total amount involved in the 50,000 claims presented to collectors will not exceed \$3,750,000, and an appropriation in that sum, or an appropriation indefinite in amount, as was provided by the act of December 15, 1890, above cited, should be made.

The office did not employ additional clerks in the field to supervise the preparation and verification of claims, neither did it employ a single additional clerk in the preparation and distribution of the regulations, blanks, and records in that connection, but relied wholly on the regulations and instructions printed on the claims to safely carry the law into effect.

During the fiscal year ended June 30, 1901, more than 250,000 blanks, regulations, and special inventories were prepared, printed,

and placed in the hands of dealers and manufacturers without any extra expense additional to that of the cost of printing and mailing the papers.

On account of the large number of claims presented 22 additional clerks have been temporarily employed in the office to examine, record, and schedule the claims. So far as the work in this office is concerned, there is nothing in the way of the payment of these claims during the present fiscal year ending June 30, 1902, provided an appropriation is made therefor by Congress at its December session, 1901.

MANUFACTURE OF TOBACCO PRODUCTS FOR THE CALENDAR YEAR 1900.

The tables, numbered from 1 to 6, inclusive, closing this chapter, localize the manufacture of cigars, cigarettes, tobacco, and snuff among the different States and districts, and show the number of persons and firms engaged in each branch of manufacturing, the quantity of different kinds of material used, and the quantity and kinds of products manufactured. These tables are compiled for the calendar year ended December 31, 1900, instead of the fiscal year ended June 30, 1901, which fact will account for any apparent discrepancies between this and the previous part of the report relating to tobacco production.

Tables Nos. 1, 2, and 3 relate to the manufacture of cigars and cigarettes.

The total number of cigar manufacturers for whom accounts were rendered for the calendar year 1900 was 27,674, which includes 308 manufacturers of cigarettes.

The total number of cigars made, weighing more than 3 pounds per thousand, was 5,565,669,701, an increase of 656,102,861 when compared with the production of 1899.

The total number of cigars made, weighing not more than 3 pounds per thousand, was 610,926,720, a decrease of 11,391,525 cigars as compared with the production for the previous year.

The total number of cigarettes made was 3,258,716,305, showing a decrease of 486,259,098 from the previous year.

The average quantity of unstemmed leaf tobacco used in making 1,000 cigars weighing more than 3 pounds per thousand was 18.4 pounds; in making 1,000 cigars weighing not more than 3 pounds per thousand, 4.6 pounds.

In making large cigarettes 33,723 pounds of unstemmed leaf was used, or an average of 7.3 pounds per thousand cigarettes; and 13,050,314 pounds of unstemmed leaf tobacco was used in manufacturing cigarettes weighing not more than 3 pounds per thousand, or an average of 4 pounds of tobacco in making 1,000 cigarettes.

Tables Nos. 4, 5, 6, and 7 relate to tobacco and snuff.

As compared with the previous year there was a decrease of 22 in the number of tobacco factories operated.

There was a decrease of 275,110 pounds in the quantity of leaf and scrap tobacco used and an increase in all other material used.

There was an increase of 8,135,224 pounds in the quantity of plug tobacco manufactured as compared with the previous year, and a decrease of 920,127 pounds in smoking tobacco, 225,041 pounds of fine-cut chewing, and 918,081 pounds in the quantity of snuff manufactured, as compared with the previous year.

The States in which the largest quantities of chewing and smoking tobacco were produced were Missouri, North Carolina, Kentucky, Virginia, Ohio, New Jersey, and New York. The First Missouri was the largest producing district, in which the returns show the manufacture of 78,052,791 pounds. The next largest manufacturing district was the Fifth Kentucky, producing 33,123,834 pounds. The total production by States was as follows (States producing less than 5,000,000 pounds per annum not included):

	Pounds.
Missouri.....	78,472,546
North Carolina.....	41,383,627
Kentucky.....	37,237,365
Virginia.....	26,267,781
Ohio.....	19,818,004
New Jersey.....	18,297,631
New York.....	17,170,742
Illinois.....	11,353,929
Maryland.....	10,399,748
Michigan.....	7,155,030
Wisconsin.....	6,217,514

NOTE.—The above statement does not include tobacco manufactured at bonded manufacturing warehouses and withdrawn for export.

Snuff was manufactured in thirty-one districts, the total production amounting to 13,805,311 pounds, of which amount 4,182,573 pounds were manufactured in the First New Jersey district; 2,661,167 pounds in the First Pennsylvania; 2,392,927 pounds in the Fifth Tennessee, while Maryland, the next largest district, produced 1,949,223 pounds.

As compared with the previous year there was a decrease of 918,081 pounds in production.

OPTUM.

The tariff act of October 1, 1890, section 36 (26 Stat. L., 567), imposes an internal-revenue tax of \$10 per pound upon all opium manufactured in the United States for smoking purposes, and provides that no person shall engage in such manufacture who is not a citizen of the United States and who has not given the bond required by the Commissioner of Internal Revenue.

This act also imposed a duty of \$12 per pound on the imported article, but admitted the importation of crude or unmanufactured opium free of duty.

The tariff act of August 28, 1894, reduced the duty on the imported article to \$6 per pound, and this rate was reimposed by the tariff act of July 24, 1897, which imposes a duty of \$1 per pound on opium, crude or unmanufactured.

The reduction of the duty on the imported article and the imposition of a duty on crude or manufactured opium has discouraged its manufacture, and as a result there are no qualified manufacturers of smoking opium in the United States.

ABATEMENT CLAIMS.

On the 1st of July, 1900, there were pending 2,760 claims for abatement of assessed taxes, amounting to \$349,894.79, and during the year 3,684 claims, amounting to \$1,649,426.86, were presented. Of these, 4,157 claims, amounting to \$726,474.39, were allowed during the fiscal year, and 836 claims, amounting to \$146,379.57, were rejected or returned for amendment. This left 1,451 claims for abatement pending on the 30th of June, 1901, amounting to \$4,126,467.69. Since that date and up to October 1, 1901, 1,182 other claims have been filed, amounting to \$457,087.19, and 797 claims have been allowed, amounting to \$48,704.85, and 82 claims rejected or returned for amendment, amounting to \$371,985.46, and on the 1st of October, 1901, 1,754 claims for abatement were pending, amounting to \$4,162,864.57. These numbers and amounts embrace both claims for abatement of taxes erroneously assessed and claims for credit for taxes as uncollectible.

REFUNDING CLAIMS.

On the 1st of July, 1900, there were pending 2,750 claims for the refunding of taxes collected, amounting to \$569,928.39, and during the year 4,011 other claims, amounting to \$1,721,463.71, were presented. Of these 3,798 claims, amounting to \$1,407,804.31, were allowed during the fiscal year and 1,142 claims, amounting to \$359,372.15, were rejected or returned for amendment.

On the 1st of July, 1901, there were pending 1,821 claims for refunding, amounting to \$524,215.64. Since that date and up to October 1, 1901, 340 other claims, amounting to \$286,032.66, have been received, and 221 claims, amounting to \$49,548.05, have been allowed, and 123 claims, amounting to \$65,869.80, have been rejected or returned for amendment. On the 1st of October, 1901, 1,817 claims for refunding, amounting to \$694,830.45, were pending.

A large class both of abatement and refunding claims arose under the decision of the United States Supreme Court at the October term, 1899, in the case of Knowlton et al., executors, v. Moore, collector, for the recovery of taxes paid on legacies. These have with but very few exceptions been disposed of. A number of legacy cases are, however, pending, awaiting a decision in the case of Ruckgaber v. Moore, collector.

While these claims are few in number, they represent large amounts, one alone being for the abatement of \$3,600,000. A large class of refunding claims arose under the opinion of the Attorney-General, rendered June 2, 1900, to the effect that the tax on fermented liquors in the hands of brewers was \$1.85 instead of \$2, or that brewers were entitled to a reduction of 7½ per cent both upon the tax paid prior to June 14, 1898, and the additional tax of \$1 per barrel to be assessed upon all beer on hand.

REAL ESTATE ACQUIRED BY THE UNITED STATES UNDER THE INTERNAL-REVENUE LAWS.

There are three ways by which the Government acquires title to real estate under the internal-revenue laws:

1. By purchase on sales under distraint by collectors.
2. By purchase on sales by marshals under execution.
3. By judgment of forfeiture.

The Commissioner of Internal Revenue has charge of all real estate so acquired, and is authorized, with the approval of the Secretary of the Treasury, to sell, at public vendue, such real estate.

The following is a statement of the tracts or lots of land held by the United States under the internal-revenue laws on the 30th day of June, 1901:

District.	Number of tracts or lots of land.	District.	Number of tracts or lots of land.
Alabama	24	Louisiana	7
Arkansas	3	North Carolina, fifth district	35
Florida	1	Tennessee:	
Georgia	14	Second district	8
Illinois, eighth district	1	Fifth district	13
Kentucky:		Texas, fourth district	3
Seventh district	1		
Eighth district	2	Total	112

Nineteen sales of real estate were made during the fiscal year 1900-1901 and quitclaim deeds were executed to the purchasers.

In 18 cases, after investigation, the property was found to be valueless to the United States by reason of defective title, etc., and the records were amended to show that the cases were finally disposed of.

One suit in ejectment was instituted during the fiscal year ended June 30, 1901. Five ejectment suits are now pending—three in Alabama, one in Kentucky, and one in Tennessee.

Sales under distraint, to private purchasers, were made by collectors of internal revenue in 15 cases during the fiscal year ended June 30, 1901.

The United States acquired title to real estate in three cases during the fiscal year.

CLAIMS FOR REWARD UNDER THE PROVISIONS OF CIRCULAR NO. 99, REVISED.

The claims for reward under the provisions of Circular No. 99 revised, have been as follows:

Pending July 1, 1900	17
Number of claims presented during the fiscal year ended June 30, 1901	32
Total	49
Number of reward claims disposed of during the fiscal year ended June 30, 1901	42

*The figures in this column represent the number of billiard tables and bowling alleys, and not the number of persons or firms. The former, however, are included in the total column.

NOTE.—In the case of retail dealers in oleomargarine, the number of places where oleomargarine is sold or offered for sale is sometimes in excess of the number of persons who pay special taxes as retail dealers in oleomargarine. This is accounted for from the fact that one retail dealer in some cases pays more than one special tax for the privilege of offering oleomargarine for sale at more than one store or place of business.

ACTUAL NUMBER OF SPECIAL-TAX PAYERS—continued.

DECISIONS IN THE UNITED STATES SUPREME COURT.

STAMP TAX ON EXPORT BILLS OF LADING.

UNITED STATES v. NORTHERN PACIFIC RAILWAY COMPANY.

The Northern Pacific Railway Company and Frank M. Fairbank, its agent, were charged with refusal to affix a 10-cent revenue stamp to certain export bills of lading under Schedule A of the war-revenue act.

The case was tried in the United States district court at Minneapolis, Minn., before a jury, and a verdict of guilty was rendered against both the company and its agent, and a fine of \$25 was imposed upon each of the defendants. (Sec. 7, act of June 13, 1898.)

A writ of error was issued to the Supreme Court of the United States under section 5 of the act of March 3, 1891, and the court decided that the tax was in contravention of the provision of the Constitution requiring that "No tax or duty shall be laid on articles exported from any State."

The substance of the decision was as follows:

We are of the opinion that a stamp tax on a foreign bill of lading is in substance and effect equivalent to a tax on the articles included in that bill of lading, and therefore a tax or duty on exports, and in conflict with the constitutional prohibition. (Treasury Decisions, No. 339.)

STOCK TRANSACTIONS KNOWN AS "CALLS" TAXABLE.

CHARLES H. TREAT, COLLECTOR OF INTERNAL REVENUE, v. STEPHEN V. WHITE.

A suit was instituted in the southern district of New York by S. V. White against Charles H. Treat, collector of internal revenue for the second district of New York, to recover stamp tax paid by the plaintiff on stock transactions denominated as "calls." This tax was collected in accordance with an opinion rendered by the Attorney-General April 27, 1899, that they were liable under Schedule A, act of June 13, 1898. (Treasury Decisions, No. 21151.)

The decision of the United States circuit court was against the collector. (100 Fed. Rep., 290.)

The case was taken to the United States circuit court of appeals and certified to the United States Supreme Court, which rendered a decision April 29, 1901, holding that a "call" is an agreement to sell and therefore subject to taxation at the rate of 2 cents for \$100. The court agreed with the definition given by the circuit judge, as follows:

It is an agreement, and manifestly an "agreement to sell." It may be referred to as an "offer," or an "option," or a "call," or what not, but it is susceptible of no more exact definition than "an agreement to sell." Inasmuch, therefore, as the statute requires stamps to be fixed "on all sales, or agreements to sell," it would seem that these "calls" are within its provisions. (Treasury Decisions, No. 338.)

DECISIONS IN THE UNITED STATES CIRCUIT AND DISTRICT COURTS AND IN THE UNITED STATES CIRCUIT COURT OF APPEALS.

STAMP TAX ON STOCK TRANSACTIONS.

J. B. FLESHMAN & CO., v. P. A. McCLAIN, COLLECTOR.

A suit was instituted against P. A. McClain, collector for the first district of Pennsylvania, by J. B. Fleshman & Co., brokers, for the recovery of certain stamp taxes amounting to \$5,627.90, assessed and

collected. The assessment was for stamp taxes on memoranda of stock transactions under Schedule A, act of June 13, 1898, in accordance with Treasury decision No. 21279.

This case was decided against the Government. (105 Fed. Rep., 610.) A writ of error was taken to the United States circuit court of appeals, which affirmed the decision of the United States circuit court. The following is a syllabus of the decision:

A stockbroker by his course of business entered into agreements with his customers to buy or sell stocks at a fixed price for future delivery. Each of such agreements was evidenced by a written memorandum properly stamped in accordance with Schedule A of the war-revenue act of 1898, which enumerates, as subject to stamp taxes imposed by the act, "all sales or agreements to sell, or memoranda of sales or deliveries or transfers" of stock. The transactions were purely speculative, conducted on margins, and no actual delivery of stocks was contemplated by the parties, but settlement was made by the payment of differences and the surrender of the written memoranda. Held, that such settlements did not involve agreements for a resale of the stocks, requiring new memoranda to be made and stamped under such provision; the courts having no authority to infer such agreements, contrary to the fact, for the purpose of extending the provisions of the statute to transactions not within its terms. (106 Fed. Rep., 880. See Treasury Decisions, Nos. 290 and 311.)

LEGACY-TAX CASES—TESTATOR DYING PRIOR TO THE ACT.

PENNSYLVANIA COMPANY FOR INSURANCE ON LIVES AND GRANTING ANNUITIES v. COLLECTOR McCLAIN, FIRST DISTRICT OF PENNSYLVANIA.

The Pennsylvania Company for Insurance on Lives and Granting Annuities, trustees of the estate of I. V. Williamson, deceased, brought suit against P. A. McClain, collector for the first district of Pennsylvania, to recover the sum of \$186,512.95, paid as tax on legacies.

Isaiah V. Williamson died domiciled in Philadelphia, in 1889, possessed of an estate which he bequeathed the Pennsylvania Company for Insurance on Lives and Granting Annuities, and which he directed to be held by said company as trustees until the year 1899. The property was paid over to the trustees in 1890, and was held by them until after the passage of the act of June 13, 1898, when it was paid over to the legatees. This office held the legacies taxable.

The case was tried in the United States circuit court, and a decision was rendered against the Government. (105 Fed. Rep., 367.)

It was held that section 29 of the act of June 13, 1898, was only intended to apply to the estates of persons dying after the act was passed. The case was taken to the United States circuit court of appeals for review, and the judgment of the lower court affirmed. (108 Fed. Rep., 618.)

BONDS OF NOTARIES PUBLIC AND OTHER STATE OFFICERS EXEMPT FROM TAX.

WARWICK P. BETTMANN, COLLECTOR OF INTERNAL REVENUE FIRST DISTRICT OF OHIO.

The plaintiff in this case was a notary public of the State of Ohio and was required by the laws of the State to file a bond in the sum of \$1,500, conditioned for the faithful performance of the duties of that office. He paid the stamp tax of 50 cents under Schedule A, act of June 13, 1898, and instituted a suit against the collector for its recovery, claiming exemption on account of the proviso of section 17 of said act, which is as follows:

That it is the intent hereby to exempt from the stamp taxes imposed by this act such State, county, town, or other municipal corporations in the exercise only of functions strictly belonging to them in their ordinary governmental, taxing, or municipal capacity.

The United States circuit court held that the tax collected was illegally demanded. (102 Fed. Rep., 127.)

The case was taken to the United States circuit court of appeals, which affirmed the decision of the circuit court, holding that it was the intent of Congress to exempt bonds of State officers from taxation, under the proviso of section 17, above quoted. (Treasury Decisions, No. 314, March 28, 1901.)

TAXES ON THE BUSINESS OF SUGAR REFINING.

THE SPRECKELS SUGAR REFINING COMPANY v. M'CLAIN, COLLECTOR.

Two suits were instituted in the United States circuit court for the eastern district of Pennsylvania by the Spreckels Sugar Refining Company against Penrose A. McClain, collector of internal revenue for the first district of Pennsylvania, to recover in the aggregate the sum of \$166,610.32, paid to the collector upon the gross receipts of its business as sugar refiners, under section 27 of the act of June 13, 1898.

It was contended that the tax was unconstitutional; that if it was constitutional and the company liable, the tax was assessable and collectible annually instead of monthly, and that the company was not required to return receipts from sources other than that of sugar refining.

The case was tried before Judge McPherson at the April term, 1901. The case was an important one, as other suits of the same kind have been brought by the Franklin Sugar Refining Company and by the American Sugar Refining Company.

The decision upheld the constitutionality of the act. It also held that the tax was assessable monthly. Moneys earned previous to the passage of the act, although received after, were held not taxable. Interest received from corporate funds, either deposited in bank or invested in income-producing securities, was held to be properly included in determining the annual value of the business.

Receipts from capital invested in wharves were held taxable, but receipts from stevedoring were held not properly included in taxable receipts. (Treasury Decisions, No. 350; 109 Fed. Rep., 76.)

All the contentions of the Government were sustained except as to the taxability of receipts from stevedoring and upon receipts collected after but actually earned prior to the passage of the act.

The plaintiff has appealed to the circuit court of appeals.

STAMP TAX ON PLASTERS.

J. ELLWOOD LEE COMPANY v. M'CLAIN, COLLECTOR.

A suit was instituted against P. A. McClain, collector first district of Pennsylvania, by J. Ellwood Lee Company, to recover tax paid under Schedule B, act of June 13, 1898, on plasters which were held taxable as medicinal proprietary articles.

The case was decided in favor of the Government. (Treasury Decisions, No. 268; 106 Fed. Rep., 164.)

FERMENTED LIQUORS.

ALBERT DAVIS v. COLLECTOR DAUGHERTY, FIFTH DISTRICT OF ILLINOIS.

This case involved the question whether the manufacture of a drink called "maltina" constituted a person a brewer.

The process of manufacture was described as follows: The bottles were filled a third or more full of beer from regularly stamped packages as they came from the brewery; then the bottles were filled with carbonated water, commonly called soda water. Sufficient sugar color was added to give the contents of the bottles the color of ordinary lager beer.

The position of this office, that this constituted a new beverage similar to beer, lager beer, ale, and porter, made in part from one of those liquors and in part from another substance, and that the manufacturer was liable as a brewer, was upheld, and judgment rendered in favor of the collector.

The judgment of the circuit court was affirmed by the United States circuit court of appeals.

Circuit Judge Woods, delivering the opinion of the court, said:

The propositions submitted to the court, to be found or declared as matters of law, were framed substantially in the terms of the agreed statement of facts, and do not say whether the liquor in question was a fermented product, or whether fermentation occurred in the process of production. They were not propositions of law purely. They applied a determination by the court of the very question of fact which it was stipulated should be the subject of proof.

It is settled by numerous decisions, some of which are referred to in *Distilling and Cattle-Feeding Co. v. Gottschalk Co.*, that no question of fact involved in a general finding by the court in a case at law, when a jury has been waived, can be the subject of review. In such case "the losing party has no redress on error except for the wrongful admission or rejection of evidence." (*Dirst v. Morris*, 18 Wall., 484, 491.)

SPECIAL TAX—WHOLESALE LIQUOR DEALER.

CASE OF CHEVALIER & CO.

A suit was instituted in the district of Oregon against F. Chevalier & Co., of San Francisco, Cal., for the recovery of special taxes and penalty incurred beyond the assessable period as wholesale liquor dealers in Portland, Oreg., at which place their agent offered to sell liquors, and took orders therefor, which were transmitted to San Francisco. The provision of the statute that every person who offers for sale distilled spirits shall pay a special tax was held by this office to apply where a place of business was established at which offers to sell liquors were made, although no stock of liquors was kept there.

The United States district court decided the case against the United States. (102 Fed. Rep., 125.) The case was taken to the United States circuit court of appeals, and the judgment of the lower court was affirmed. The court held that goods are offered for sale at the place where they are kept for sale, and where a sale may be effected. They are not offered for sale elsewhere by sending abroad an agent with samples, or by establishing an office for the purpose of taking orders. The court said:

It may be conceded that in selling specific goods the place of sale is the place where a binding contract for their disposal is entered into, although the property itself may be situated elsewhere. But the sales in this instance were not sales of specific articles. They were sales of goods carried in stock. "No sale was or could be complete until the goods were separated from the goods in stock and delivered to the carrier. This was the last act to consummate the sales and it was done in San Francisco." When the goods were thus segregated and placed in charge of the carrier to be transported to the purchasers, the right of the vendor over them ceased and that of the purchaser began.

It is immaterial, therefore, whether the authority of the agent in Portland was limited to the power to receive and transmit orders or was broad enough to include the

power to make a binding contract of sale. Nor is it material that he collected the purchase money on sales so made. * * *

A different case would have been presented if it had been shown that, instead of sending the goods to the purchasers by a common carrier, the freight to be paid by the purchasers, the vendor had paid the freight charges, or had sent the goods by express, to be paid for on delivery from the express company, or had consigned them to his agent, to be by him delivered to the purchasers. (Treasury Decisions, No. 310.)

TEN PER CENT TAX ON BANK-NOTE CIRCULATION.

BANK OF IRON GATE v. JAMES D. BRADY, COLLECTOR SECOND DISTRICT OF VIRGINIA.

The Bank of Iron Gate is a banking corporation, doing business in the State of Virginia. In the course of its business it issued its notes as currency and paid them out as such. The commissioner of internal revenue assessed a tax of 10 per cent upon their face value. The bank refused to pay the tax, upon the ground that the act of Congress imposing it was repugnant to the Constitution of the United States, and void. Thereupon the collector distrained upon the bank's property, and, to secure a release of its property, the bank paid the tax under protest and sued the collector in the United States circuit court for a malicious injury for \$6,000 damages.

The circuit court held that the defendant committed no trespass, and that the act of Congress was not repugnant to the Constitution.

The case has been carried to the Supreme Court, and is there pending.

OTHER CASES NOW PENDING IN THE SUPREME COURT.

UNITED STATES v. 288 PACKAGES OF MERRY WORLD TOBACCO.

Section 10, act of July 24, 1897, prohibits packages of smoking tobacco, fine-cut chewing tobacco, and cigarettes from having packed in or attached to or connected with them "any article or thing whatsoever" of a foreign nature, and provides that there shall not be affixed to or branded, stamped, marked, written, or printed upon said packages or their contents any promise or offer of or any order or certificate for any gift, prize, premium, payment, or reward.

This case was brought to determine whether there is any penalty provided for violations of this provision, and also to determine the question as to its constitutionality. The decision of the United States district court held the act constitutional and that section 3456, Revised Statutes, provides a penalty. (103 Fed. Rep., 453; Treasury Decisions, No. 168.)

ADDITIONAL TAX ON TOBACCO IN THE HANDS OF DEALERS.

JAMES D. PATTON, TRADING AS J. D. PATTON & CO., v. J. D. BRADY, COLLECTOR.

This is a suit originally brought in the United States circuit court, eastern district of Virginia, to recover the sum of \$3,062.28 paid as tax on tobacco under section 3 of the act of June 13, 1898, providing for the additional tax of 3 cents per pound on tobacco in the hands of dealers. It was claimed that this section was repugnant to the Constitution.

STAMP TAX ON DRAMSHOP BONDS GIVEN BY SALOON KEEPERS UNDER STATE LAWS.

UNITED STATES v. AMBROSINI.

Under the laws of the State of Illinois and the ordinances of the city of Chicago it is necessary for a party making application for license

as a saloon keeper to file with the city collector a bond. The case of *United States v. Ambrosini* involved the question as to whether such bonds were subject to a stamp duty under the war-revenue act of 1898. It was claimed by the defendant that the taxation by the Government of bonds issued in the exercise of the licensing power of the city and State might become burdensome and deprive the State of its power in its sovereign capacity to regulate the licensing of occupations and carrying out its police and revenue regulations.

The case was decided in favor of the Government in the lower court, and has been appealed to the Supreme Court. (Treasury Decisions, No. 40.)

LEGACY TAX WHEN DECEDENT IS A NON RESIDENT.

MAX RUCKGABER, EXECUTOR OF THE LAST WILL AND TESTAMENT OF LOUISA AUGUSTA RIPLEY-PINEDA, DECEASED, v. F. R. MOORE, COLLECTOR, FIRST DISTRICT OF NEW YORK.

This suit was brought against the collector to recover legacy taxes amounting to \$1,551.36. It was claimed that no tax was due, because the decedent, Louisa Augusta Ripley-Pineda, was, at the time of her death, not a resident nor domiciled in the United States, but was resident and domiciled in France; and Carmela Meckel, her sole legatee, was not resident nor domiciled in the United States, but was resident and domiciled in Germany.

It was decided by the United States circuit court that section 29 of the war-revenue act, which imposes a tax upon legacies and distributive shares of personal property, does not apply to a bequest of property, unless such property, in the absence of a will, would be distributable under the intestate laws of some State or Territory.

As the act of June 13, 1898, contains no provision evidencing an intention to give property for the purposes of the tax, a situs separate from that of the owner, it was held that it must be presumed that it was intended to apply only in cases where the persons and property have a recognized legal situs within the United States, and not in cases where the transmission of the property, which is the subject of the tax, is governed by the law of a foreign country, owing to the domicile there of the decedent, although the property itself may be within this country and be here administered upon. (104 Fed. Rep., 947.)

The case was appealed to the United States circuit court of appeals, and certified to the United States Supreme Court.

The act of March 2, 1901, amends section 30 of the act of June 13, 1898, in this respect, and provides that the tax should be paid to the collector or deputy collector for the district of which the deceased person was a resident, "or in which the property was located, in case of nonresidents."

MICHAEL R. MARTINEZ, ADMINISTRATOR, ETC., v. F. EIDMAN, COLLECTOR THIRD DISTRICT OF NEW YORK.

This is a suit brought in the United States circuit court, southern district of New York, for the recovery of legacy taxes amounting to \$4,293.76. The question involved was the same as in the preceding case.

The decedent, Salvador Elizalde, was not a resident of the United States, but a Spanish subject, who died in Paris. The personal property was in the United States.

A judgment was rendered in the circuit court against the United States, and the case was appealed to the circuit court of appeals, and certified to the United States Supreme Court.

AMENDMENTS TO THE LAW RECOMMENDED.

TAX ON UNDIVIDED PROFITS OF BANKS.

The law imposes a tax on bankers based on the capital employed, and provides that "in estimating capital, surplus shall be included."

The question whether Congress intended that the term "surplus" should include undivided profits has not been definitely settled, and, to remove all doubt, I recommend the following amendment, viz:

That section 2, act of June 13, 1898, as amended by section 2 of the act of March 2, 1901, be amended by inserting after the words "preceding fiscal year," in line 9, the following: "Undivided profits shall be considered as surplus in estimating the tax due."

SUGAR REFINERS.

Section 27 of the act of June 13, 1898, imposed a tax on the gross annual receipts in excess of \$250,000, of persons, firms, corporations, or companies carrying on, or doing the business of refining sugar. The question has arisen whether this act intended to impose a tax in the case of manufacturers of sugar who make refined sugar directly from beets or sugar cane and whose business of refining is not carried on except in the original process of manufacture.

I recommend that the law be amended in such manner as to define more definitely the business upon which the tax is imposed.

STOREKEEPERS AND GAUGERS.

Under existing laws gaugers, storekeepers, and storekeeper-gaugers are not entitled to any leave of absence whatever, except upon the loss of their per diem pay for the days they may be absent from duty.

I recommend that there shall be provided such additional appropriation for the payment of this class of officers as will admit of granting a leave of absence with pay of two and one-half days for each month of thirty days that they may be actually assigned to duty, and that they shall be allowed to claim in their pay accounts the maximum rate of pay allowed them under their assignments for such days as they may be granted leave, as above set forth.

The Secretary of the Treasury was authorized by the legislative, executive, and judicial appropriation act of August 15, 1876, upon the recommendation of the Commissioner of Internal Revenue, to impose the duties of storekeeper and gauger upon one person where the amount of spirits produced at the distillery to which such officer may be assigned was not sufficient, in the judgment of the Commissioner, to warrant the employment of two officers to perform the separate duties of a storekeeper and a gauger. The law further provided as follows:

The Secretary of the Treasury may issue a commission to such officer as storekeeper and gauger, but the compensation for his services as storekeeper and gauger shall be that of storekeeper only.

Subsequently, by the act of August 28, 1894, the law authorized the Commissioner of Internal Revenue to assign the officer holding the combined office of storekeeper and gauger to perform any of the duties of a gauger under the internal-revenue laws. Gaugers are paid by fees,

and it was the understanding of this office that the previous law, requiring that a storekeeper and gauger should be paid compensation as storekeeper only, was modified by the subsequent act so that, while performing the duties of a gauger, he would be paid the same as a gauger.

But this interpretation of the law is not accepted by the accounting officers of the Department, and I therefore recommend that the law be amended so as to provide that storekeeper-gaugers assigned to duty as gaugers be paid, while acting in that capacity, the same compensation as gaugers.

An amendment in form as follows is suggested:

That the internal revenue officer holding the combined office of storekeeper and gauger shall be hereafter known and denominated as a storekeeper-gauger, and, when performing the combined duties of his office, or when assigned by the Commissioner of Internal Revenue to perform the separate duties of a storekeeper at any distillery, or at any general or special bonded warehouse, the compensation for his services shall be that of storekeeper only; but, when assigned by the Commissioner of Internal Revenue to perform any of the duties of a gauger under the internal-revenue laws, as provided by law, the compensation for his services and traveling expenses shall be that provided by law for United States gaugers.

COMPENSATION OF REVENUE AGENTS.

My predecessor, in the last annual report, called attention to the inadequacy of the compensation provided for internal-revenue agents. I concur in the recommendation therein made, being of the opinion that these officers should be treated, with respect to their compensation, the same as other governmental employees of equal rank and used for similar purposes.

DIVISION OF DISTILLED SPIRITS.

The statements under the above heading relating to the fiscal year ended June 30, 1901, exhibit the number of grain, molasses, and fruit distilleries which were registered and operated in each State; the number of fruit distilleries registered and operated in each collection district; the number and capacity of the grain and molasses distilleries in operation at the beginning of each month in the year and of the three following months; the number of grain distilleries, classified according to their different capacities, registered and operated in each district and State; the quantities and several kinds of grain and other materials used in the production of distilled spirits in each collection district and State; the different kinds of fruit brandy produced during the year in each collection district and State; the quantity of distilled spirits, in proof gallons, rectified in the several districts and States; the quantity of distilled spirits gauged during the fiscal years ended June 30, 1900 and 1901, in each collection district and State, and the quantity of fermented liquors produced during the fiscal year ended June 30, 1901, in each collection district and State, together with other items.

COMMISSIONER OF INTERNAL REVENUE.

COMPARATIVE STATEMENT OF DISTILLERIES REGISTERED AND OPERATED
DURING THE FISCAL YEARS ENDED JUNE 30, 1900 AND 1901.

The whole number of grain distilleries registered during the fiscal year ended June 30, 1901, was 1,506, of which number 1,258 were operated.

The numbers registered and operated during the fiscal year ended June 30, 1900, were 1,673 and 1,304, respectively, showing a decrease during the last fiscal year of 167 in the number registered and of 46 in the number operated, as appears in the table following:

TOTAL GRAIN DISTILLERIES REGISTERED AND OPERATED DURING THE FISCAL YEARS
ENDED JUNE 30, 1900 AND 1901.

Distilleries.	1900.	1901.	Increase (+) or decrease (-).
Registered.....	1,673	1,506	- 167
Operated.....	1,304	1,258	- 46

There was a decrease of 167 in the number of distilleries registered, and a decrease of 59 in the number operated, of the class having the smaller capacities for the production of spirits.

In the class of larger distilleries there was no change in the number registered, but there was an increase of 13 in the number operated.

During the fiscal year ended June 30, 1900, there were registered 1,434 distilleries of the smaller class, varying in daily grain capacity from not over 5 bushels to not over 60 bushels each, and of this number 1,099, or 76+ per cent, were operated.

Of the larger distilleries, having daily grain capacities varying from over 60 bushels and not over 100 bushels to several thousand bushels each, 239 were registered and 205, or 85 per cent, were operated.

During the fiscal year ended June 30, 1901, of the smaller distilleries, 1,267 were registered and 1,040, or 82+ per cent, were operated.

Of the larger distilleries, 239 were registered and 218, or 91+ per cent, were operated.

These figures may be tabulated as follows:

GRAIN DISTILLERIES OF SMALL CAPACITY AND OF LARGE CAPACITY REGISTERED AND
OPERATED DURING THE FISCAL YEARS ENDED JUNE 30, 1900 AND 1901.

MOLASSES DISTILLERIES.

There were 9 molasses distilleries registered and 9 operated, a decrease of 1 in the number registered and operated during the previous year.

FRUIT DISTILLERIES.

There were 2,515 fruit distilleries registered and 2,478 operated during the fiscal year ended June 30, 1901, an increase of 184 in the number registered and of 178 in the number operated over the numbers registered and operated in the previous fiscal year.

TOTAL DISTILLERIES REGISTERED AND OPERATED.

The total number of grain, molasses, and fruit distilleries registered during the fiscal year ended June 30, 1901, is 4,030 and the total number operated is 3,745, an increase of 16 in the number of all kinds of distilleries registered and of 131 in the number operated during the previous fiscal year.

In this table as prepared prior to the fiscal year ended June 30, 1896, the grain used included the molasses used for the production of spirits, other than rum, reduced to its equivalent in grain, and the spirits produced included the spirits from both grain and molasses.

The quantity of grain used for the production of spirits during the fiscal year ended June 30, 1901 (27,278,847 bushels), shows an increase of 4,164,585 bushels over the quantity used in the preceding fiscal year (23,114,262 bushels), and is 5,849,798 bushels more than the average (21,429,049 bushels) for the last ten years.

The number of gallons of spirits produced from grain during the year (121,948,280 gallons) shows an increase of 18,797,195 gallons over the product of the fiscal year ended June 30, 1900 (103,151,104 gallons), and is 27,416,228 gallons more than the average product (94,532,071 gallons) for the last ten years.

The yield of spirits from each bushel of grain used was 4.47 + gallons.

The yield for each of the two preceding years was 4.46 + gallons.

The quantity of molasses used for the production of spirits during the fiscal year ended June 30, 1901 (1,020,746 gallons), shows an increase of 132,330 gallons over the quantity used in the preceding fiscal year (888,416 gallons) and is 1,211,419 gallons less than the average (2,232,165 gallons) for the last six years.

The quantity of spirits produced from molasses during the year (847,718 gallons) shows an increase of 128,636 gallons over the product of the previous year (719,082 gallons), and is 863,451 gallons less than the average product (1,711,169 gallons) for the last six years.

The quantity of molasses used for the production of rum during the fiscal year ended June 30, 1901 (2,144,644 gallons), shows an increase of 126,415 gallons over the quantity used in the preceding fiscal year (2,018,229 gallons) and is 21,353 gallons less than the average (2,165,997 gallons) for the last ten years.

The quantity of rum distilled from molasses during the year (1,724,582 gallons) shows an increase of 110,068 gallons over the product of the previous year (1,614,514 gallons) and is 60,066 gallons more than the average product (1,664,516 gallons) for the last ten years.

SPIRITS LOST BY FIRE IN WAREHOUSES FOR THE LAST TWENTY-NINE YEARS.

The following table shows the quantity of spirits lost in distillery warehouses by fire during each of the last twenty-nine calendar years. As it shows also the stock of spirits in warehouses at the close of each of the fiscal years 1872 to 1900, both inclusive, the percentage of loss on stock held may be readily computed:

a Includes 5,000 cigars returned to factory.
b Includes 1,070,200 cigarettes upon which tax was paid.

Upon comparing the foregoing statements as to the manufactured tobacco, cigars, and cigarettes removed in bond for export with those for the fiscal year ended June 30, 1900, the decrease in 1901, as to tobacco, cigars, and cigarettes, is found to be as follows:

Tobacco.....	pounds..	2,137,128 ¹
Cigars and cigarettes weighing more than 3 pounds per 1,000.....	number..	523,282
Cigarettes, including all tobacco cigarettes weighing not more than 3 pounds per 1,000.....	number..	881,560,780

The increase each year as to cigarettes up to the fiscal year ended June 30, 1900, was the prominent feature of this class of exportations. The business of exporting cigarettes has been during the past twenty years as follows:

OLEOMARGARINE.

The subjoined statements show operations under the act of August 2, 1886, defining butter and imposing a tax upon and regulating the manufacture, sale, importation, and exportation of oleomargarine.

There was an increase in the number of persons engaged in the sale of oleomargarine during the fiscal year ended June 30, 1901, and a small decrease in the production of the article as compared with the previous year.

The following table shows the quantity of oleomargarine, in pounds, at 2 cents tax, produced at manufactories during the fiscal year ended June 30, 1901, the quantity withdrawn therefrom during the year, and the stock of oleomargarine remaining in factories June 30, 1901:

It will be noted from the above table that the largest production month for the fiscal year ended June 30, 1900, was April, and the quantity produced that month was 319,846 pounds. The largest production month for the fiscal year ended June 30, 1901, was January, and the quantity produced that month was 257,509 pounds.

There were 1,574,979 pounds of filled cheese produced at manufacturing during the fiscal year ended June 30, 1900, and the entire quantity was tax paid. For the fiscal year ended June 30, 1901, 1,305,459 pounds were produced and tax paid, showing a decrease in production as compared with the previous year of 269,520 pounds.

It appears that the average monthly production for the eight production months of the fiscal year ended June 30, 1900, was 196,872 pounds, and for the nine production months of the fiscal year ended June 30, 1901, 145,051 pounds. There was no production in the months of July, August, and June of the fiscal year ended June 30, 1901.

* A part of the first proviso of section 59, act of July 20, 1868, reads as follows: "A tax of \$4 on each barrel, counting 40 gallons of proof spirits to the barrel, shall be assessed and collected from the owner of any distilled spirits which may be in bonded warehouse at the date of the passing of this act, to be paid whenever the same shall be withdrawn from such warehouse." This proviso, in effect, makes the tax 60 cents per gallon on 24,383.951 gallons in warehouse at the time of the passage of that act.

† Section 56 of act approved July 20, 1868, provided that all distilled spirits in bonded warehouse at the time of the passage of that act not withdrawn within nine months should be forfeited to the United States. The act of April 10, 1869, extended the time of the withdrawal of such spirits to June 30, 1869, but imposed a tax of 1 cent per gallon for each month after April 20, 1869. The receipts on account of this additional tax were \$51,085.27.

NOTE.—Prior to September 1, 1866, the tax on fermented liquors was paid in currency, and the full amount of tax was returned by collectors. From and after that date the tax was paid by stamps, on which a deduction of 7½ per cent was allowed to brewers using them. The act of July 24, 1897, repealed the 7½ per cent discount. The act of June 13, 1898, increased the tax to \$2 per barrel and restored the 7½ per cent.

NOTE.—The act of July 1, 1862, went into operation September 1, 1862. The act of March 3, 1863, provided that the tax on fermented liquors should be 60 cents per barrel from the date of the passage of that act to April 1, 1864. Hence the tax of 60 cents per barrel having expired by limitation April 1, 1864, the tax of \$1 per barrel under act of July 1, 1862, was again revived, and this rate, under different acts, continued in force from and including that date, until the passage of the act of June 13, 1898, when the tax was increased to \$2 per barrel.
