Total Monthly National Standards for Food, Clothing and Misc. (Section 5, item 35)

Effective 04/25/2022

Expense	One Person	Two Persons	Three Persons	Four Persons
Food	\$431	\$779	\$903	\$1,028
Housekeeping supplies	\$40	\$82	\$74	\$85
Apparel & services	\$99	\$161	\$206	\$279

Personal care products & services	\$45	\$82	\$78	\$96
Miscellaneous	\$170	\$306	\$349	\$412
Total	\$785	\$1,410	\$1,610	\$1,900

More than four persons	Over Four Persons Amount
For each additional person, add to four-person total allowance:	\$344

To calculate the allowance, please read across to the column that matches the number of persons in your family.

When you have more than four persons in your family, you need to multiply the amount of additional persons over four by the dollar amount in the "Over Four" column; then add the answer to the dollar amount in the "Four" column. For example, when you have six persons in your family, you would multiply \$344 by the two members of your family over four to get \$688. You then would add this \$688 to the \$1,900 allowed for a family of four. As a result, your allowed expenses would equal \$2,588 ($\$688 + \$1,900$).

Total Monthly National Standards for Out-of-Pocket Health Care Costs (Section 5, item 41)

Effective 04/25/2022

Out-of-Pocket Health Care Costs	
Under 65	\$75
65 and Older	\$153

To calculate the allowance, determine the number and age of persons in your household and multiply by the amount reflected in the chart.

For example, a family of three persons, all under 65, would be allowed \$225 ($\75×3).

NOTE: IRS will allow reasonable expenses that exceed the standards if using the standards is not adequate to provide for your necessary living expenses. You may be asked to provide verification of expenses claimed.
