

State-Level Temporary Assistance for the HCTC National Emergency Grant (NEG) Bridge Program

Some states currently have temporary assistance programs for individuals who are candidates for the Health Coverage Tax Credit (HCTC). This HCTC temporary assistance program, also called the National Emergency Grant (NEG) Bridge Program pays 72.5% of individuals' health plan premiums while they are enrolling in the HCTC Program. This temporary assistance ends when individuals receive their first invoice from the HCTC Program. States may have other types of National Emergency Grants that are not the NEG Bridge Program.

If you are a candidate for the HCTC and live in one of the states listed below, contact your state to inquire about your eligibility for the state's temporary assistance for the HCTC.

Enrolling in the State's HCTC Temporary Assistance Program

Each state has a different registration process for individuals to enroll in the state’s HCTC temporary assistance program. However, all states require that an individual:

- Be a Pension Benefit Guaranty Corporation (PBGC) payee or Trade Adjustment Assistance (TAA) recipient, and
- Have qualified health insurance.

Most states require:

- A copy of the HCTC Eligibility Certificate (all candidates receive this certificate in the mail, with their HCTC Eligibility Kit), and
- Proof of qualified health coverage (for example, a COBRA election letter or invoice from a state-qualified health plan).

If your state is listed below, it currently does **not** have a NEG Bridge Program. If you want to inquire about the future availability of a NEG Bridge Program in your state, you may call the U.S. Department of Labor toll-free at 1-877-US-2JOBS (877-872-5627).
