IRS Health Care Tax Tips explain tax provisions in the Affordable Care Act

IRS provides educational Health Care Tax Tips to help you understand how the Affordable Care Act may affect your taxes.

The IRS issued [Health Care Tax Tips](#) to help you understand what you need to know for the federal individual income tax returns you are filing this year and for future tax returns. This includes information on the premium tax credit and making health care coverage choices.

Although many of the tax provisions included in the law went into effect on Jan. 1, most do not affect the 2013 tax returns.

The Health Care Tax Tips are listed below:

- **IRS Reminds Individuals of Health Care Choices for 2014** – Find out what you need to know about how health care choices you make for 2014 may affect your taxes.
- **The Health Insurance Marketplace - Learn about Your Health Insurance Coverage Options** – Find out about getting health care coverage through the Health Insurance Marketplace.
- **The Premium Tax Credit** – Learn the basics of the Premium Tax Credit, including if you're eligible and how to get the credit.
- **The Individual Shared Responsibility Payment** – Get information about types of qualifying coverage, exemptions from having coverage, and making a payment if you do not have qualifying coverage or an exemption.
- **Three Timely Tips about Taxes and the Health Care Law** – Learn tips that help with filing your 2013 tax return, including information about employment status, tax favored health plans and itemized deductions.
- **Four Tax Facts about the Health Care Law for Individuals** – Find out about basic tips to help you determine if the Affordable Care Act affects you and your family, and where to find more information.
- **Changes in Circumstances can Affect your Premium Tax Credit** – Learn the importance of reporting any changes in circumstances that involve family size or income when advance payments of the Premium Tax Credit are involved.
