

Sample article for organizations to use to reach customers

Customize and post the following article on your websites and/or use in other communication vehicles to tell your customers about the IRS2Go mobile application.

Download the IRS2Go mobile application today!

If you use an iPhone or Android device, you can now download our new smart phone app — IRS2Go.

IRS2Go is the only official app from the IRS and it's free. You can download the [IRS2Go mobile application](#) through the Apple App Store or the Android Marketplace.

Use **IRS2Go** to check the status of your federal tax refund and obtain useful tax tips. Your personal tax information is encrypted, so it's safe to access. If you e-file, the app's refund function will work about 72 hours after the IRS sends you an e-mail acknowledging receipt of your tax return. If you file a paper return, you'll need to wait three to four weeks before you can check your refund status with IRS2Go.

Want more IRS via social media? Follow the IRS on Twitter to get the latest updates: @IRSnews and @IRStaxpros.
