(11-15-2023)
Program Scope and Objectives

- (1) **Overview:** This IRM section provides an overview of the VPARS Command Code.
- (2) **Purpose:** This IRM contains procedural steps for use of the VPARS Command Code. Voice Processing Account Referral Screen (VPARS) is part of the Telephone Routing Interactive System (TRIS).
- (3) **Audience:** These procedures apply to IRS employees who are responsible for the processing of VPARS transactions. These employees are located in the following areas: Large & Medium-Sized Business, Small Business/Self-Employed, Tax-Exempt & Government Entity's, and Wage & Investment.
- (4) **Policy Owner:** The Chief Information Officer (CIO) is responsible for overseeing all aspects of our systems that operate the nation's tax infrastructure.
- (5) **Program Owner:** IT.
- (6) **Primary Stakeholders:** Large & Medium-Sized Business, Small Business/Self-Employed, Tax-Exempt & Government Entity's, and Wage & Investment.
- (7) **Program Goals:** This IRM provides the fundamental knowledge and procedural guidance for employees who work with VPARS transactions. By following the processes and procedures provided by this IRM, employees will process VPARS transactions in a manner that follows IRS policy and procedures while promoting the best interests of the Government.

2.3.69.1.1
(07-01-2023)
Background

- (1) This IRM and the contained sections provide the user the necessary information on how to use the command code VPARS.

2.3.69.1.2
(07-01-2023)
Authority

- (1) VPARS was developed to give users Voice Processing as part of the Telephone Routing Interactive System (TRIS).

2.3.69.1.3
(07-01-2023)
Roles and Responsibilities

- (1) TRIS Project Lead is responsible for
 - Review and implementation of WRs that affect VPARS
 - Updating the contents of this IRM

2.3.69.1.4
(07-01-2023)
Program Management and Review

- (1) **Program Reports:** The VPARS Screen (One screen only) will display entity and Aims information on lines 1 through 11. Line 16 through 23 will display information from the 3 most current tax modules including indicators, Service Center status, module balances, and freeze codes.
- (2) **Program Effectiveness:** Voice Processing Account Referral Screen (VPARS) is a Telephone Routing Interactive System (TRIS) command code. A taxpayer will attempt to use an Interactive Application (IP), but due to questions, difficulty, or ineligibility to use the automated system, will be transferred to a Customer Service Representative (CSR). The CSR will call command code VPARS which will display the taxpayer's account information from the TIF.

2.3.69.1.5
(07-01-2023)
Program Controls

- (1) Access to this program is governed by SACS.

**Command Code VPARS
Error Messages**

- (1) A taxpayer dials in to use the TRIS phone system.
- (2) A condition is encountered that the automated phone system cannot handle, and the call is transferred to a customer service representative for assistance in completing the transaction.
- (3) The Taxpayer Information Number (TIN) is passed to the customer service representative and Command Code VPARS is executed.
- (4) VPARS displays the taxpayer's account information and a description of the error the taxpayer encountered in the automated phone system.
- (5) Following are the error messages for VPARS.

ERROR MESSAGES	MEANING
ACCESS TEMPORARILY DENIED—RETRY	Deadlock between run units or short recovery preventing access. Re-enter.
CC DEFINER INVALID	VPARS does not have a definer.
