2.3.86.1  
(03-03-2025)  
**Program Scope and Objectives**

- (1) Command Code (CC) Information Returns Processing Online (IRPOL) allows Integrated Data Retrieval System (IDRS) users to request on-line information from the Information Returns Database (IRDB).
- (2) **Audience:** These procedures apply to IRS employees who use IDRS system to research information using PAYEE TIN, PAYEE TIN TYPE, PAYER TIN, TAX YEAR and DOCUMENT CODES.
- (3) **Policy Owner:** Taxpayer Services (TS) Customer Account Services (SE:W:CAS).
- (4) **Program Owner:** Information Returns Master File (IRMF) is a Non-major, high impact planned maintenance project that is part of the Information Returns Processing (IRP) Program. IRMF is categorized as a steady state legacy system that incorporates annual programming changes and legislative changes to maintain functionality.
- (5) **Primary Stakeholders:** Stakeholders Impacted by system/application are Taxpayer Services (TS), Small Business/Self-Employed (SBSE), Tax Exempt & Government Entities (TE/GE), Large Business and International (LB&I) Division.
- (6) **Program Goals:** This IRM provides the fundamental knowledge and procedural guidance for employees to search various Information Returns Documents by PAYEE TIN, PAYEE TIN TYPE, PAYER TIN, TAX YEAR and DOCUMENT CODES.

2.3.86.1.1  
(02-15-2024)  
**Background**

- (1) Information Returns Processing Online (IRPOL) allow tax examiners to research tax payers information to confirm data validity provided to the IRS.

2.3.86.1.2  
(02-15-2024)  
**Authority**

- (1) Command CODE IRPOL was developed to allow users to do research on the IDRS (Integrated Data Retrieval System) for Entity data.

2.3.86.1.3  
(02-15-2024)  
**Roles and Responsibilities**

- (1) The team manager is responsible for ensuring the program developer receive requirements from stakeholders for annual changes.
- (2) The programmer is responsible for all changes and updates that are made based on requirements from internal and external stakeholders.

2.3.86.1.4  
(02-15-2024)  
**Program Management and Review**

- (1) The Program is managed utilizing IRMF Exam Transcripts processing to produce and sort transcript tapes for examination. These tapes will contain taxpayer IRP data which was extracted from IRMF. A Tickler is created for each taxpayer for whom IRP data was extracted from the IRMF. A Standard Transcript Summary report is created with the requested data.

2.3.86.1.5  
(02-15-2024)  
**Program Controls**

- (1) IDRS user access code and permissions required to access IRPOL information.

2.3.86.1.6  
(12-05-2025)

Line 4 Note: When more than one page is needed the last page will contain the total of all document count, otherwise count will appear instead of (SEE LAST PAGE).

IRPOLB search uses the first and last name, form type, tax year, DOB, state, or zip-code to search for ACA Forms 1095-A, 1095-B, and 1095C. When matching data is found the OVERVIEW Screen will appear.

After IRPOLB parameters are entered, the results of the search returns an OVERVIEW screen and a valid IRPOLA command line is displayed. The IRPOLA command line may contain a '00' in the document code position. The '00' must be changed to a valid document code of 07,11,12,56, or 60. To retrieve the form enter the UNIQUE-ID.

FTE - Part III column (b), Form 1094-C		
Rule	Description	Interpretation of Data
C01	When evaluating for data consistency of the 1094C form, when Full Time Employee (FTE) Count has a value zero or greater than zero for "All 12 Months" and all monthly rows have values greater than zero, then consider monthly values.	Consider FTE count by month and use monthly value.
C02	When evaluating for data consistency of the 1094C form, when Full Time Employee (FTE) Count has a value greater than zero for "All 12 Months" and all monthly rows have value zero, then consider FTE count of All 12 months value	Consider FTE count of All 12 months and replace all monthly rows with value zero to blank.
C03	When evaluating for data consistency of the 1094C form, when Full Time Employee (FTE) Count has a value greater than zero for "All 12 Months" and some monthly rows have value zero and the rest have blank, then consider FTE count of All 12 months value	Consider FTE count of All 12 months and replace all monthly rows with value zero to blank.
C04 C05	When evaluating for data consistency of the 1094C form, when Full Time Employee (FTE) Count has a value zero or greater than zero or blank for "All 12 Months" and some but not all monthly rows have values greater than zero, then consider monthly values as marked and consider highest monthly value for all empty monthly fields.	Consider highest monthly value to mark empty FTE fields and consider FTE count by month
FTE per Number of Total 1095-Cs filed (Line 20) on 1094-C		
Rule	Description	Interpretation of Data
D01 D02	When evaluating for data consistency of the 1094C form, if Box D on line 22 is not checked and Full Time Employee (FTE) Count has a value zero or blank for "All 12 Months" and all monthly rows have either zero or blank , then all monthly values will use the greater than zero value contained in Total Number of Forms 1095C filed by ALE Member.	Consider Total Number of Form 1095C filed by and/or on behalf of ALE Member count to update all monthly values and consider FTE count by month
