Publication 5035 (Rev. 12–2025)

The 2023 Partnership Returns Line Item Estimates (Publication 5035) presents estimates of frequencies of taxpayer entries recorded on the applicable lines of the forms and schedules filed with partnership returns. This publication also contains corresponding population estimates of dollar amounts recorded on those lines (as applicable).

The Statistics of Income (SOI) Division also makes the results of its studies available on SOI’s Tax Stats webpage. You can sample our products by visiting our internet site at <http://www.irs.gov/statistics>.

The SOI Statistical Information Services (SIS) staff provides data, statistical analysis, and information in response to requests from customers. In addition, the SIS staff provides data referral services, acts as a liaison between requesters and IRS analysts on technical questions, and answers questions on the availability of SOI data. ## Line Item Estimates

Estimates constructed from different samples usually vary. The standard error of an estimate is a measure of its variation among all possible samples. The standard error is used to measure the precision with which an estimate from a particular sample approximates the average result of all the possible samples. The sample estimate and an estimate of its standard error are used to construct an interval estimate with prescribed confidence that the interval includes the actual population value. The coefficients of variation (CV) allow for the comparison of sampling errors across variables. The CV is often presented as a percentage—the ratio of the standard error of the estimate over the estimate itself and multiplied by 100.

The Statistics of Income (SOI) Division used the sample selected for its 2023 Partnership Returns Study to produce the line item estimates presented here. This sample is one of many possible samples that SOI could have randomly selected using the same design. As with any sample, it is subject to the data limitations that occur in statistical sampling. The estimates are not actual line item counts or money amounts. The table below shows the CV and the lower and upper bounds of computed 95%-confidence intervals for selected variable totals that SOI estimated from the 2023 sample.

SOI rounded all values on the money amount pages to the nearest \$1,000, and rounded amounts of \$500 or more to the next thousand. All money amounts and frequencies were subject to rounding errors.

To avoid disclosing information about specific partnerships, SOI deleted certain estimates and marked them with a [d]. SOI does not force all forms to balance; however, if a disclosed field could be calculated by subtraction from a total, SOI deleted a second value. An estimate based on fewer than 10 returns, and not selected at the 100-percent rate, was indicated by an asterisk (\*) and considered statistically unreliable. Researchers should use these values in conjunction with other data sources due to the small sample size.

SOI excluded 9 attachments to Form 1065, U.S. Return of Partnership Income that were included in the 2023 Partnership Returns Study because the quantities represented in the sample were insufficient for this publication. These attachments are:

- Form 3800, General Business Credit
- Form 5884-A, Employee Retention Credit for Employers Affected by Qualified Disasters
- Form 8820, Orphan Drug Credit
- Form 8845, Indian Employment Credit
- Form 8864, Biodiesel and Renewable Diesel Fuels Credit
- Form 8874, New Markets Credit
- Form 8896, Low Sulfur Diesel Fuel Production Credit
- Form 8910, Alternative Motor Vehicle Credit
- Form 8941, Credit for Small Employer Health Insurance Premiums

SOI based the statistics for Tax Year 2023 on a stratified probability sample selected from the population of partnerships processed by the Internal Revenue Service (IRS) during Calendar Year 2024.

**What's New**

**Small business taxpayers.** For tax years beginning after December 31, 2017, the following apply.

- A small business taxpayer (defined below), may use a method of accounting for inventories that either: (1) treats inventories as nonincidental materials and supplies, or (2) conforms to the taxpayer's financial accounting treatment of inventories.
- A small business taxpayer is not required to capitalize costs under section 263A.

**General Instructions**

**Purpose of Form**

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

**Who Must File**

Filers of Form 1120, 1120-C, 1120-F, 1120S, or 1065, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

**Inventories**

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of

merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

**Exception for certain taxpayers.** A small business taxpayer (defined below), can adopt or change its accounting method to account for inventories in the same manner as material and supplies that are nonincidental, or conform to its treatment of inventories in an applicable financial statement (as defined in section 451(b)(3)), or if it does not have an applicable financial statement, the method of accounting used in its books and records prepared in accordance with its accounting procedures. See section 471(c)(3).

A small business taxpayer claiming exemption from the requirement to keep inventories is changing its method of accounting for purposes of section 481. For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing to this method of accounting, see Form 3115 and the Instructions for Form 3115.

**Small business taxpayer.** A small business taxpayer is a taxpayer that (a) has average annual gross receipts of \$25 million or less (indexed for inflation) for the 3 prior tax years, and (b) is not a tax shelter (as defined in section 448(d)(3)). See Pub. 538.

**Uniform capitalization rules.** The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer (defined above) is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

  - b**  The disposition was an involuntary conversion, and the threat of conversion occurred after the exchange.
  - c**  You can establish to the satisfaction of the IRS that neither the exchange nor the disposition had tax avoidance as one of its principal purposes. If this box is checked, attach an explanation. See instructions.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Purpose of Form**

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

**How To Figure the Credit**

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

*Qualified childcare expenditures* are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
  1. Is to be used as part of a qualified childcare facility of the taxpayer,
  2. Is depreciable (or amortizable) property, and
  3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

**Note.** Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

*Qualified childcare resource and referral expenditures* are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Policyholders must also indicate whether a valid consent has been received from each covered employee, and the number of covered employees for which a valid consent has not been received.

For more information, see sections 101(j) and 6039I, and Notice 2009-48, 2009-24 I.R.B. 1085, available at [www.irs.gov/irb/2009-24\\_IRB/ar11.html](http://www.irs.gov/irb/2009-24_IRB/ar11.html).

**Definitions**

**Employer-owned life insurance contract.** For purposes of Form 8925, an insurance contract is an employer-owned life insurance contract if it is owned by a policyholder as defined below, and covers the life of the policyholder's employee(s) on the date the life insurance contract is issued. If you have master contracts, see section 101(j)(3) for additional information.

**Policyholder.** For purposes of Form 8925 and these instructions, a policyholder is an "applicable policyholder" as defined in section 101(j)(3)(B). Generally, a policyholder is the person who owns the employer-owned life insurance contract, and who is (a) engaged in a trade or business that employs the person insured under the employer-owned life insurance contract and (b) the direct or indirect beneficiary of the employer-owned life insurance contract.

**Related person.** A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

**Employee.** Employee includes an officer, director, or highly compensated employee under section 414(q).

**Insured.** An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

**Notice and consent requirements.** To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

**1.** Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

**2.** Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

**3.** Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

**Electronic notification and consent.**

The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

**Issue date of contract.** Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.
