Continuing Education (CE) Requirements for New Enrollees

The CE requirement is slightly different for newly enrolled EAs applying for their first renewal.

Generally, newly enrolled EAs will not need 72 hours of CE because they will not have been enrolled for all three years of the cycle. The 16 hour yearly minimum may not apply to them for at least one of the three years of the cycle.

Two hours of Ethics or Professional Conduct are required for each enrollment year during the enrollment cycle regardless of when enrollment began. The 2 hours of Ethics are included in the annual CE requirements in the chart below.

Circular 230
page 12, §10.6 (e)(2)(iii)(A)

"...an individual who received initial enrollment during an enrollment cycle must complete two hours of qualifying continuing education credit for each month enrolled during the enrollment cycle. Enrollment for any part of a month is considered enrollment for the entire month."
