

## *A Toolkit for IRS Partners*

### **Economic Impact Payments: Reaching People Who Still Need to Register**

IRS urges reach-out to key groups about the upcoming Non-Filer Online Tool deadlines:

- **September 30:** Federal benefit recipients, to get \$500 per qualifying child
- **October 15:** Non-filers who don't normally file a tax return, but are eligible for a payment

***September 11, 2020***

## Economic Impact Payments: Helping People with Low Income or No Income Get a Payment

To our partner organizations,

The IRS is working diligently to implement the Coronavirus Aid, Relief & Economic Security Act (CARES). CARES includes emergency assistance for individuals, families and businesses affected by the 2020 coronavirus pandemic, including Economic Impact Payments.

But we need your help. Many people remain eligible for Economic Impact Payments, but they aren't required to file a tax return. We want to help them receive their \$1,200 payment plus \$500 per qualifying child.

We want to get this critical information to as many people as possible before these two key deadlines:

- **September 30, 2020** for some federal benefit recipients to provide information in the Non-Filers tool about a qualifying child. This applies to people who received their own \$1,200 payment automatically as a federal benefit recipient, but did not get \$500 per child.
- **October 15, 2020** for eligible non-filers to use the [Non-Filers tool](#) on IRS.gov. These non-filers may include:
  - Lower-income households without a filing requirement
    - Individuals with income below \$12,200
    - Married couples with income below \$24,400
  - People with no income
  - Part-time workers
  - Self-employed people
  - People who work in the gig economy
  - People experiencing homelessness
  - Non-dependent student

More than 160 million Economic Impact Payments, also called stimulus payments, have already been issued. However, many U.S. citizens, permanent residents and qualifying resident aliens are still eligible to receive an Economic Impact Payment. You don't need income to be eligible.

To help reach these individuals and families, the IRS is conducting a sweeping outreach campaign to reach everyone who may be eligible for an Economic Impact Payment.

This toolkit aims to reach people who don't normally file a federal tax return, including those without a permanent address. It also has information for federal benefit recipients who received their Economic Impact Payment automatically, but need to provide additional information to receive a \$500 per qualifying child catch-up payment. Both groups need to use the [Non-Filers: Enter Payment Info Here](#) online tool on IRS.gov to sign up for their Economic Impact Payment including their catchup payment.

## Multilingual materials available

To reach as many people as possible, the IRS offers many multilingual resources and materials, including IRS.gov pages, outreach products and social media content.

- Many materials in this **Partner Toolkit** are available in multiple languages.
- Our Economic Impact Payment online tools are available in English and Spanish on IRS.gov. They include:
  - [Non-Filers: Enter Payment Info Here](#) tool, to help people sign up for a payment ([Herramienta Non-Filers: Enter Payment Info Here](#))
  - [Get My Payment](#), which helps people track the status of their payment ([Obtener mi pago](#))
- Our extensive list of [Economic Impact Payment FAQs](#) is available in Spanish at [Centro de Información de Pago de Impacto Económico](#)
- IRS Partners can visit our [Economic Impact Payments: Partner and Promotional Materials](#) page for our latest products to share with clients, stakeholders, customers and constituents. It includes Tax Tips, ready-to-use articles, news releases and more. Many of these are in Spanish at [Pagos de impacto económico: recursos para socios](#).
- The IRS's [social media platforms](#) offer Economic Impact Payment content in several languages.
- You can subscribe to [IRS News](#) in English or Spanish (Noticias del IRS en Español) to get the latest Economic Impact Payment news and Tax Tips.

## How you can help

- **Share the information in this Partner Toolkit** throughout your community and with people your organization serves through the September and October deadlines. Please urge eligible individuals to visit the [Non-Filers: Enter Payment Info Here](#) tool on IRS.gov to sign up for their Economic Impact Payment.
- **Print and attach the IRS's EIP stickers on goods you distribute in your community.** Use these labels through early October to help people who aren't required to file a tax return learn how to get their Economic Impact Payment. For example, attach them on:
  - bags or as food wrap seals at food distribution sites
  - toiletry and survival kits
  - envelopes that include other resources
  - goods or materials from federal, state or county benefit programs
  - clothing bags[Pub. 5432](#) includes instructions and stickers you can print on two common sizes of labels:
  - 1" x 2 5/8" (Avery 5160 labels)
  - 1" x 3" (Non-Avery labels)
- **SNAP and Economic Impact Payments** – Let your community know that the Economic Impact Payment doesn't affect eligibility for other benefits, such as SNAP (Supplemental

Nutrition Assistance Program) and it's not taxable either. The Economic Impact Payment is separate from SNAP and will not be distributed on EBT (Electronic Benefits Transfer) cards.

- **For those without a bank account** - If someone wants to receive their payment in a bank account but doesn't have one, please encourage them to visit the [FDIC website](#). FDIC has information on how to choose the right account and where to find a bank that can open an account online, if needed.
- **Stay connected.** The IRS frequently updates IRS.gov and IRS partners with emerging information related to Economic Impact Payments. You can find the latest information on coronavirus-related tax relief at [IRS.gov/coronavirus](#). See the multi-lingual section above for more resources and subscription services.
- **Watch out for scams.** [IRS.gov/coronavirus](#) is the official IRS source for information on Economic Impact Payments. Encourage your community to be on the lookout for scam artists trying to use the Economic Impact Payments as cover for schemes to steal personal information and money. The IRS will not call, text, email or contact people on social media asking for personal or bank account information – even related to Economic Impact Payments. Also, watch out for emails with attachments or links claiming to have special information about Economic Impact Payments or refunds.

**NOTE: The IRS is mailing letters to some Americans who typically don't file a return**

In September, the [IRS will start mailing letters](#) to roughly nine million Americans who typically don't file federal income tax returns who may be eligible for, but have not registered to claim, an Economic Impact Payment. They are receiving this mailing because they don't typically have to file a tax return, but they appear to have low incomes, based on Forms W-2, 1099s and other third-party statements available to the IRS.

The letter, officially known as IRS Notice 1444-A, is written in English and Spanish and includes information on eligibility criteria and how eligible recipients can claim an Economic Impact Payment on IRS.gov. The mailing, which will begin around September 24, will be delivered from an IRS address. To help address fraud concerns, a [copy of the letter \(PDF\)](#) is available on IRS.gov.

Please help people in your community understand IRS Notice 1444-A is a real IRS notice and that using the Non-Filer tool at IRS.gov is safe and secure.

Some individuals may not have internet access, a bank account or a permanent address and may need help getting information and claiming an Economic Impact Payment. Thank you for your partnership in getting Economic Impact Payments to all eligible Americans.

**Thank you!**

## General Information about Economic Impact Payments

### Eligibility:

U.S. citizens, permanent residents and qualifying resident aliens will receive the Economic Impact Payment of \$1,200, or \$2,400 if they are married, if they:

- can't be claimed as a dependent of another taxpayer,
- have a work eligible Social Security number, and
- have adjusted gross income under:
  - \$150,000 for married couples
  - \$112,500 for head of household filers
  - \$75,000 for all other eligible individuals

Eligible retirees and recipients of Social Security retirement, survivor, or disability benefits (SSDI), Railroad Retirement benefits, Supplemental Security Income (SSI) and VA Compensation and Pension (C&P), who do not file a tax return, should have automatically received their payment where they normally receive their benefits. However, some benefit recipients didn't receive \$500 for their qualifying children. These benefit recipients can find more information in the [Social Security, Railroad Retirement and Department of Veteran Affairs benefit recipients](#) section of the FAQs on IRS.gov.

Eligible taxpayers who file tax returns for 2019 or 2018 receive the payments automatically after their return is processed.

People who have little or no income and didn't file a tax return or don't receive any of the federal benefits listed above may be eligible for an Economic Impact Payment, even though they aren't required to file a tax return.

### Do I need to file a federal tax return?

Taxpayers can check the IRS.gov tool - [Do I Need to File a Tax Return?](#) - to see if they have a filing requirement. There are individuals such as low-income workers and certain veterans and individuals with disabilities who aren't required to file a tax return, but they are still eligible for the Economic Impact Payments and other tax credits. These people should not use the Non-Filers tool and can file a federal tax return instead to claim the tax credits and their Economic Impact Payment. If they are eligible, their payment will be issued after their tax return is processed.

### Who doesn't need to file a federal tax return?

If you have no income, or have income below a certain amount, you are not required to file a federal tax return. You are, however, eligible for an Economic Impact Payment. If this is your situation, you can use the [Non-Filers: Enter Payment Info Here](#) tool to sign up for an Economic Impact Payment. The tool is also available in Spanish.

This tool is designed for people who did not file a tax return for 2018 or 2019 and are not required to do so under the law. Usually, this means couples with incomes below \$24,400, and single individuals with incomes below \$12,200 in 2019.

Here's what you need to use the *Non-Filers: Enter Payment Info Here* tool and get your Economic Impact Payment:

- Name
- Date of birth
- A mailing address where you can receive the payment and confirmation letter, which the IRS will mail within 15 days after your payment is issued
- A bank account number, if you have one, to receive your EIP faster than a mailed payment
- An email address to create an account in the Non-Filers tool
- Your work-eligible Social Security Number
- Identity Protection PIN, if the IRS issued one to you in the past
- License or state ID, if you have one
- Name, SSN or Adoption Tax Identification Number and relationship for each qualifying child

**Who shouldn't use the *Non-Filers: Enter Payment Info Here* tool:**

There are some people who should **not** use the non-filer tool at IRS.gov:

- Anyone who can be claimed as a dependent on someone else's tax return.
- Anyone who already filed either a 2018 or 2019 return.
- Anyone who needs to file a 2019 return. You should instead file your tax return. This includes anyone who files a return to claim various tax benefits, such as the Child Tax Credit and the Earned Income Tax Credit for low-and moderate-income workers and working families.
- Anyone who already received an Economic Impact Payment or \$500 per child
- Federal benefit recipients who used the Non-Filers tool after May 5 to provide information about a qualifying child

If you are filing a return, you can visit [IRS.gov/filing](https://www.irs.gov/filing) to learn about IRS Free File, other software options or using a tax professional.

**Payment availability:**

The Non-Filers tool will remain available through October 15. There is a September 30, 2020 deadline for federal benefit recipients to use the online Non-Filers tool to give information about a qualifying child to get their \$500 per child. Eligible individuals who register by October 15 using the online Non-Filers tool should receive their payment by the end of the year.

Anyone who misses their deadline will need to claim the payment as a credit on their 2020 federal income tax return next year.

This includes people with little or no income, and people who are experiencing homelessness. The [Non-Filers: Enter Payment Info Here](#) tool, available only on IRS.gov, helps people register for a payment. The IRS will use this information to confirm eligibility and calculate and send their Economic Impact Payment.

For people who are not sure if the *Non-Filers: Enter Payment Info Here* tool is right for their situation, the IRS has provided [examples](#) to help determine when to use this tool.

- **The *Get My Payment* tool:** The IRS designed [Get My Payment](#) to help people track the status of their payments. If you filed a tax return or used the Non-Filers tool after May 5 to add information about your qualifying child, take no further action. Catch-up payments will be issued in October.

**If you have an eligible spouse who doesn't receive federal benefits and didn't receive an Economic Impact Payment**

Your spouse can sign up by using the [Non-Filers: Enter Payment Info Here](#) tool by Oct. 15 on [IRS.gov](#) and add any qualifying children. Your spouse should enter their information as a "Single" filer in the tool instead of "Married Filing Joint."

**If you're eligible and usually don't file a tax return**

You should have received your payment automatically by direct deposit, Direct Express debit card or by paper check, just as you would normally receive your benefits. If not, check [Get My Payment](#).

Use the [Get My Payment](#) tool on [IRS.gov](#) to track the status of your Economic Impact Payment.

## How to Get Your Economic Impact Payment if You Don't Normally File Taxes

You probably don't need to file a tax return if your income is below \$12,200 for singles or \$24,400 for married couples. But you may still be eligible for an Economic Impact Payment. You are eligible if you are a U.S. citizen, permanent resident or qualifying resident alien, cannot be claimed as a dependent on another taxpayer's tax return and have a Social Security number that's valid for employment.

To determine if you are required to file a 2019 tax return or if you should file to get a refund, use our Interactive Tax Assistant tool - [Do I Need to File a Tax Return?](#) - and answer basic questions. To learn more about getting your payment, follow the charts below for common situations.

If you or your spouse receive Social Security, Supplemental Security Income, Railroad Retirement or Veteran's benefits, you should have automatically received your payments. These payments were issued by direct deposit, Direct Express debit card or by paper check where you normally receive your benefits. You can check the status at [Get My Payment](#) on IRS.gov.

### Individuals

Eligible individuals will receive an Economic Impact Payment of \$1,200 and an additional \$500 for each qualifying child.

If this is your situation regarding federal benefits, including Social Security, Supplemental Security Income, Railroad Retirement or Veteran's benefits	Then here's what you need to know
You do not receive the above federal benefits	Use the <a href="#">Non-Filers: Enter Payment Info Here</a> tool by Oct. 15 to enter basic information, so the IRS can issue your payment.
You do not receive the above federal benefits and you have a <a href="#">qualifying child</a> .	Use the <a href="#">Non-Filers: Enter Payment Info Here</a> tool by Oct. 15 to enter basic information for you and your qualifying child, so the IRS can issue your payment.
You receive the above federal benefits and you did not receive a \$500 payment for your <a href="#">qualifying child</a> .	You should have automatically received your payment by direct deposit, Direct Express debit card or by paper check where you normally receive your benefits.  If you have not filed a 2019 (or 2018) tax return or used the Non-Filers tool to provide information about your qualifying children, you should provide information online by <b>Sept. 30</b> using the <a href="#">Non-Filers: Enter Payment Info Here</a> tool. If you filed a tax return or used the Non-Filers tool and added information about your qualifying child, take no further action. Catch-up payments will be issued in October.

#### Information needed to use the [Non-Filers tool](#):

- Your name, date of birth and work eligible Social Security number
- A mailing address where you can receive the payment and confirmation letter
- A bank account number, if you have one, to receive your payment faster than a mailed payment
- An email address to create an account to use the Non-Filers tool
- Identity Protection PIN, if the IRS issued one to you in the past
- License or state ID, if you have one
- Name, SSN and relationship for each qualifying child

### Married Couples

Two eligible individuals who would file as married filing jointly will receive \$2,400 and an additional \$500 for each qualifying child.

If this is your situation regarding federal benefits, including Social Security, Supplemental Security Income, Railroad Retirement or Veteran's benefits	Then here's what you need to know
Neither spouse receives the above federal benefits	Use the <a href="#">Non-Filers: Enter Payment Info Here</a> tool by Oct. 15 to enter basic information for both you and your spouse.
Neither spouse receives the above federal benefits and you have a <a href="#">qualifying child</a> .	Use the <a href="#">Non-Filers: Enter Payment Info Here</a> tool by Oct. 15 to enter basic information for you, your spouse and your qualifying child.
You receive the above federal benefits but your spouse does not receive these benefits.	The spouse who does receive benefits should have received his or her payment.  If you're eligible, use the <a href="#">Non-Filers: Enter Payment Info Here</a> tool by Oct. 15 to enter basic information for the spouse who does not receive benefits, so the IRS can issue a payment to that spouse. You should enter your information as a "Single" filer in the tool instead of "Married Filing Joint."  <b>Note:</b> If you have qualifying children, an eligible spouse who does not receive benefits can still use the Non-Filers: Enter Payment Info Here tool by Oct. 15 to claim the credit for themselves and add any qualifying children.
You receive the above federal benefits and you didn't receive a \$500 payment for your <a href="#">qualifying child</a> .	If you have not filed a 2019 (or 2018) tax return or used the Non-Filers tool to provide information about your qualifying children, you should provide information online by <b>Sept. 30</b> using the <a href="#">Non-Filers: Enter Payment Info Here</a> tool. If you filed a tax return or used the Non-Filers tool and added information about your qualifying child, take no further action. Catch-up payments will be issued in October.

### Even if you don't normally file taxes, you may still qualify for an Economic Impact Payment

If you're a U.S. citizen, permanent resident or qualifying resident alien, not a dependent of another taxpayer and have a work eligible Social Security number, you'll likely receive an Economic Impact Payment.

You don't have to have income to claim a payment. If you're experiencing homelessness, you may still be eligible. The payment is not income and you will not owe tax on it. It won't affect your eligibility for federal government assistance or benefit programs.

If you don't normally file taxes, you need to sign up by October 15, 2020 at [IRS.gov/nonfilereip](https://www.irs.gov/nonfilereip) to receive a \$1,200 payment. You may also get an additional \$500 for each qualifying child.

You're not required to file a tax return for 2019 if your income is below \$12,200, or \$24,400 for married couples.

### Don't use the non-filer tool if you:

- Can be claimed as a dependent on someone else's tax return
- Filed or will file a 2018 or 2019 return

### To sign up you'll need:

- Name, a mailing address and an email address
- Date of birth and valid Social Security number
- Bank account information, if you have one
- Identity Protection PIN, if you've received one from the IRS
- License or state ID, if you have one
- Name, SSN and relationship for each qualifying child

If you receive any of the following benefits, you should have automatically received your payment where you normally receive your benefits. However, to get an Economic Impact Payment for a qualifying child, you may need to use the Non-Filers tool by September 30, 2020 to provide additional information to the IRS.

- Social Security retirement, disability or survivor benefits
- Supplemental Security Income
- Veterans Affairs Compensation and Pension benefits
- Railroad Retirement benefits

## **Incluso si usted usualmente no presenta impuestos, aún podría calificar para un pago de impacto económico**

Si es ciudadano estadounidense, residente permanente o extranjero residente calificado, no es dependiente de otro contribuyente y tiene un número de Seguro Social elegible para trabajar, es probable que reciba un Pago de impacto económico.

No tiene que tener ingresos para reclamar un pago. Si está experimentando la falta de vivienda, aún puede ser elegible. El pago no es ingreso y usted no deberá impuestos. No afectará su elegibilidad para asistencia del gobierno federal o programas de beneficios.

Si usted normalmente no presenta impuestos, debe inscribirse para el 15 de octubre de 2020 en [IRS.gov/nonfilereip](https://www.irs.gov/nonfilereip) para recibir un pago de \$1,200. También podría recibir \$500 adicionales por cada hijo calificado.

Usted no está obligado a presentar una declaración de impuestos para 2019 si sus ingresos son menos de \$12,200, o \$24,400 para parejas casadas.

### **No use la herramienta *Non-Filers* si:**

- Puede ser reclamado como dependiente en la declaración de impuestos de otra persona
- Presentó o presentará una declaración de 2018 o 2019

Para registrarse necesitará:

- Nombre, dirección postal actual y una dirección de correo electrónico
- Fecha de nacimiento y número de Seguro Social válido
- Información de cuenta bancaria, si tiene una
- Número de identificación personal (PIN) si recibió uno del IRS
- Licencia de conducir o identificación emitida por el estado, si tiene una
- Para cada hijo calificado: nombre, número de Seguro Social y su relación

Si recibe alguno de los siguientes beneficios, debería haber recibido automáticamente su pago donde normalmente recibe sus beneficios. Sin embargo, para obtener un pago de impacto económico para un hijo calificado, es posible que deba usar la herramienta *Non-Filers* antes del 30 de septiembre de 2020 para proporcionar información adicional al IRS.

- Beneficios de jubilación, incapacidad o sobreviviente del Seguro Social
- Ingreso Suplementario de Seguridad
- Compensación de Asuntos de Veteranos y beneficios de Pensión

### **COVID Tax Tip 2020-113, [September 2, 2020: Federal benefit recipients with children have more time to get the \\$500 Economic Impact Payment](#)**

The IRS has reopened the registration period for individuals who receive Social Security, Supplemental Security Income, Railroad Retirement or veteran's benefits, but didn't receive \$500 per child earlier this year when they received their own Economic Impact Payment.

Federal benefit recipients can use the [Non-Filers: Enter Payment Info Here tool](#) to get a catch-up payment for a qualifying child if they have NOT done one of the following:

- already used the Non-Filers tool to provide information about their qualifying child
- filed their 2019 or 2018 tax return

The [Non-Filers tool](#) is available on IRS.gov in both English and Spanish. Eligible individuals can use the tool until **Wednesday, September 30** to enter information about their qualifying children to receive a catch-up \$500 payment per child. This payment will be issued in October.

Those unable to access the Non-Filers tool, may file a simplified paper return following the instructions in this [FAQ](#) on IRS.gov.

Anyone who misses the September 30 deadline will need to wait until next year and claim the payment as a credit on their 2020 federal income tax return.

Those who received their original Economic Impact Payment by direct deposit will also have any catch-up payment direct deposited to the same account. Others will receive a check.

### **Federal benefit recipients who used the Non-Filers tool after May 5, don't need to take any further action.**

Social Security, SSI, Department of Veterans Affairs and Railroad Retirement Board beneficiaries who have already used the Non-Filers tool to provide information on children don't need to take any further action. The IRS will automatically send a payment in October.

### **Get a payment status at IRS.gov**

Eligible recipients can check the status of their catch-up payment using the [Get My Payment tool](#) on IRS.gov. They will also receive another Notice 1444 in the mail stating after the payment is issued that should be kept with their tax records.

- presentó su declaración de impuestos de 2019 o 2018

La [herramienta Non-Filers](#) está disponible en IRS.gov en inglés y español. Las personas elegibles pueden usar la herramienta hasta el **miércoles, 30 de septiembre** para ingresar información sobre sus hijos calificados para recibir un pago de actualización de \$500 por niño. Este pago se emitirá en octubre.

Aquellos que no puedan acceder a la herramienta Non-Filers, pueden presentar una declaración simplificada en papel al seguir las instrucciones en estas [preguntas frecuentes](#) en IRS.gov.

Cualquier persona que no cumpla con la fecha límite del 30 de septiembre tendrá que esperar hasta el próximo año y reclamar el pago como un crédito en su declaración federal de impuestos de 2020.

Aquellos que recibieron su pago de impacto económico original mediante depósito directo también recibirán cualquier pago de actualización como depósito directo en la misma cuenta. Otros recibirán un cheque.

**Las personas que reciben beneficios federales que usaron la herramienta Non-Filers después del 5 de mayo, no necesitan más acciones**

# How Do I Get An Economic Impact Payment When I Don't Normally File Taxes?

## 1 Are You Eligible for an Economic Impact Payment?

Eligible individuals may include those with no income or low income who are not required to file a tax return (generally, income below \$12,200 for single filers, \$18,350 for head of household filers and \$24,400 for married couples who file jointly). This may include people experiencing homelessness, low-income workers, independent students, the unbanked and others who:

- > are a U.S. citizen, permanent resident or qualifying resident alien,
- > cannot be claimed as a dependent on someone else's tax return and
- > have a Social Security number that's valid for employment.

For people who don't normally have to file a return because their income is too low, the payment amount is **\$1,200** per eligible person and an additional **\$500** per qualifying child under 17.

To determine if you are required to file a 2019 tax return or if you should file to get a refund, use the IRS's Interactive Tax Assistant tool – [Do I Need to File a Tax Return?](#) – and answer basic questions.

### **Even if you don't normally file taxes, you may still qualify for an Economic Impact Payment**

If you're a U.S. citizen, permanent resident or qualifying resident alien, not a dependent of another taxpayer and have a work eligible Social Security number, you'll likely receive an Economic Impact Payment.

You don't have to have income to claim a payment. If you're experiencing homelessness, you may still be eligible. The payment is not income and you will not owe tax on it. It won't affect your eligibility for federal government assistance or benefit programs.

If you don't normally file taxes, you need to sign up by October 15, 2020 at [IRS.gov/nonfilereip](https://www.irs.gov/nonfilereip) to receive a \$1,200 payment. You may also get an additional \$500 for each qualifying child.

You're not required to file a tax return for 2019 if your income is below \$12,200, or \$24,400 for married couples.

#### **Don't use the non-filer tool if you:**

- Can be claimed as a dependent on someone else's tax return
- Filed or will file a 2018 or 2019 return

#### **To sign up you'll need:**

- Name, a mailing address and an email address
- Date of birth and valid Social Security number
- Bank account information, if you have one
- Identity Protection PIN, if you've received one from the IRS
- License or state ID, if you have one
- Name, SSN and relationship for each qualifying child

If you receive any of the following benefits, you should have automatically received your payment where you normally receive your benefits. However, to get an Economic Impact Payment for a qualifying child, you may need to use the Non-Filers tool by September 30, 2020 to provide additional information to the IRS.

- Social Security retirement, disability or survivor benefits
- Supplemental Security Income
- Veterans Affairs Compensation and Pension benefits
- Railroad Retirement benefits

## **Incluso si usted usualmente no presenta impuestos, aún podría calificar para un pago de impacto económico**

Si es ciudadano estadounidense, residente permanente o extranjero residente calificado, no es dependiente de otro contribuyente y tiene un número de Seguro Social elegible para trabajar, es probable que reciba un Pago de impacto económico.

Usted no está obligado a presentar una declaración de impuestos para 2019 si sus ingresos son menos de \$12,200, o \$24,400 para parejas casadas.

### **No use la herramienta *Non-Filers* si:**

## Tax Tips:

### COVID Tax Tip 2020-51, May 5, 2020: [Low-income people are eligible to get an Economic Impact Payment](#)

Low-income individuals who are U.S. citizens, permanent residents or qualifying resident aliens with a work eligible Social Security number are eligible to receive an [Economic Impact Payment](#). Those who do not have a regular filing requirement can use the free, online tool [Non-Filers: Enter Payment Info](#) to quickly and easily register to receive their payment. There is also a Spanish language version of the tool available.

The Non-Filers tool is for married couples with incomes below \$24,400 or single people with income below \$12,200. This includes couples and individuals who are homeless. Usually, married couples qualify to receive \$2,400 while single people qualify to get \$1,200. People with dependents under 17 can get up to an additional \$500 for each child.

Even if a person doesn't work, they can still qualify for an Economic Impact Payment. However, if they were claimed as a dependent by someone else, they are not eligible.

If a person is not required to file a federal income tax return, they generally qualify for an Economic Impact Payment. Since the IRS does not know who these people are, the only way they can get the Economic Impact Payment is to register with the IRS.

For those who don't normally file a tax return, the process is simple and only takes a few minutes. First, visit [IRS.gov](https://www.irs.gov) and look for Non-Filers: Enter Payment Info Here. Then provide basic information including Social Security Number, name, address, and dependents.

The IRS will use this information to confirm eligibility and send the Economic Impact Payment. No tax will be due as a result of receiving the payment. Entering bank or financial account information will allow the IRS to quickly deposit the payment directly in a savings or checking account. Otherwise, the payment will be mailed. Information entered on this site is secure.

### Who should not use the tool?

Anyone who already filed either a 2018 or 2019 return does not qualify to use this tool. Similarly, anyone who needs to file a 2019 return should not use this tool, but instead they should file their tax returns. This includes anyone who files a return to claim various tax benefits, such as the Earned Income Tax Credit for low-and moderate-income workers and working families.

## Consejo Tributario de Coronavirus 2020-51SP, 5 de mayo de 2020: [Personas de bajos ingresos son elegibles para recibir pago de impacto económico](#)

Las personas de bajos ingresos que son ciudadanos estadounidenses, residentes permanentes o extranjeros residentes que califican con un número de Seguro Social elegible para trabajar son elegibles para recibir un [pago de impacto económico](#). Aquellos que no tienen un requisito de presentación pueden usar la herramienta gratis en línea [Non-Filers: Enter Payment Info Here](#) para inscribirse rápida y fácilmente para recibir su pago. También hay disponible una versión en español de la herramienta.

La herramienta Non-Filers está diseñada para parejas casadas con ingresos inferiores a \$24,400 o personas solteras con ingresos inferiores a \$12,200. Esto incluye parejas e individuos sin hogar. Por lo general, las parejas casadas califican para recibir \$2,400 mientras que las personas solteras califican para recibir \$1,200. Las personas con dependientes menores de 17 años pueden obtener hasta \$ 500 adicionales por cada hijo.

Incluso si una persona no trabaja, aún puede calificar para un pago de impacto económico. Sin embargo, no son elegibles si fueron reclamados como dependientes por otra persona.

Si una persona no tiene el requisito de presentar una declaración de impuestos federales, generalmente califica para un pago de impacto económico. Como el IRS no sabe quiénes son estas personas, ellos deben inscribirse con el IRS, ya que es la única manera en que pueden obtener el pago de impacto económico.

Para aquellos que normalmente no presentan una declaración de impuestos, el proceso es simple y sólo toma unos minutos. Primero, visite [IRS.gov](#) y busque Non-Filers: Enter Payment Info Here. Luego proporcione información básica, incluido el número de seguro social, el nombre, la dirección y los dependientes.

### **Người có thu nhập thấp đủ điều kiện nhận Khoản thanh toán Tác động Kinh tế**

Lời khuyên về thuế trong đại dịch COVID số 2020-51, ngày 5 tháng 5 năm 2020

Các cá nhân có thu nhập thấp đủ điều kiện nhận [Khoản thanh toán Tác động Kinh tế \(Tiếng Anh\)](#). Những người không buộc phải khai thuế thường xuyên có thể sử dụng công cụ trực tuyến miễn phí [Người không khai thuế: Nhập thông tin thanh toán \(Tiếng Anh\)](#) để đăng ký một cách nhanh chóng và dễ dàng để nhận được khoản thanh toán. Ngoài ra còn có sẵn một phiên bản tiếng Tây Ban Nha của công cụ đó.

Công cụ Người không khai thuế là dành cho các cặp vợ chồng có thu nhập dưới \$24,400 hoặc người độc thân có thu nhập dưới \$12,200. Điều này bao gồm các cặp vợ chồng và cá nhân là người vô gia cư. Thông thường, các cặp vợ chồng đủ điều kiện nhận được \$2,400 trong khi những người độc thân đủ điều kiện nhận \$1,200. Những người có người phụ thuộc dưới 17 tuổi có thể nhận thêm tới \$500 cho mỗi đứa trẻ.

Ngay cả khi một người không làm việc, họ vẫn có thể đủ điều kiện nhận Khoản thanh toán Tác động Kinh tế. Tuy nhiên, nếu họ được người khác khai là người phụ thuộc thì họ không đủ điều kiện.

Nếu một người không bắt buộc phải khai thuế thu nhập liên bang thì họ thường đủ điều kiện nhận Khoản thanh toán Tác động Kinh tế. Vì IRS không biết những người này là ai nên cách duy nhất họ có thể nhận được Khoản thanh toán Tác động Kinh tế là đăng ký với IRS.

Đối với những người không thường xuyên khai thuế, quá trình này rất đơn giản và chỉ mất vài phút. Trước tiên, vào trang [IRS.gov](#) và tìm kiếm "Non-Filers: Enter Payment Info Here" (Người không khai thuế: Nhập thông tin thanh toán tại đây). Sau đó, cung cấp thông tin cơ bản bao gồm số An sinh Xã hội, tên, địa chỉ và người phụ thuộc.

IRS sẽ sử dụng thông tin này để xác định khả năng đủ điều kiện và gửi Khoản thanh toán Tác động Kinh tế. Quý vị sẽ không phải trả thuế trên khoản thanh toán nhận được. Thông tin tài khoản ngân hàng hoặc tài chính được nhập vào sẽ cho phép IRS nhanh chóng gửi khoản thanh toán trực tiếp vào tài khoản tiết kiệm hay vắng lai của quý vị. Nếu không thì khoản thanh toán sẽ được gửi qua thư bưu điện. Thông tin nhập trên trang web này được giữ an toàn.

### **Ai không nên sử dụng công cụ này?**

Bất cứ ai đã khai thuế cho năm 2018 hoặc 2019 đều không đủ điều kiện để sử dụng công cụ này. Tương tự, bất cứ ai cần khai thuế cho năm 2018 hoặc 2019 không nên sử dụng công cụ này mà thay vào đó họ nên nộp tờ khai thuế. Điều này bao gồm bất kỳ ai mà nộp tờ khai thuế để yêu cầu các quyền lợi về thuế khác nhau, chẳng hạn như Tín thuế Thu nhập từ Việc làm cho người lao động có thu nhập thấp và trung bình cũng như các gia đình lao động.
