Tool to Get an Economic Impact Payment**

Economic Impact Payments

Some people don't have to file a tax return but may still be eligible for an Economic Impact Payment. See if you qualify, then follow the steps to register for your payment.

How much are payments worth?

Up to \$1,200 for individuals, \$2,400 for married couples and \$500 per [qualifying child](#) under 17.

Who is eligible?

U.S. citizens, permanent residents and [qualifying resident aliens](#) who:

- ✓ Have a valid Social Security number,
- ✓ Could not be claimed as a dependent of another taxpayer, and
- ✓ Had adjusted gross income under certain limits.

People who are not required to file tax returns have income that is below the income limits. However, there are individuals who file a tax return to get a refund even if they are not required to file.

How do you get an Economic Impact Payment?

Most taxpayers automatically received a payment. If you didn't and you are not required to file a tax return, the [Non-Filers: Enter Payment Info Here](#) is a free IRS tool that allows you to easily and quickly provide information about yourself and your family.

The IRS will use this information to determine your eligibility and send you an Economic Impact Payment.

Who should use the Non-filers tool?

Only people who did not already use the Non-Filers tool, and:

- ✓ had gross income at or below \$12,200 (\$24,400 for married couples) for 2019,
- ✓ did not file a return for 2018 or 2019,
- ✓ do not plan to file a return for 2019,
- ✓ were not otherwise required to file a federal income tax return for 2019, and
- ✓ cannot be claimed as a dependent on someone else's tax return.

Some people who received an automatic payment also need to use the tool to provide information regarding a qualifying child to receive [a catch-up \\$500 payment per child](#). This only affects people who receive Social Security, Supplemental Security Income, Railroad Retirement or veteran's benefits, but didn't receive \$500 per child earlier this year when they received their own Economic Impact Payment.

To determine if you are required to file a 2019 tax return or if you should file to get a refund, you can use the IRS's Interactive Tax Assistant tool – [Do I Need to File a Tax Return?](#) – and answer basic questions.

Before you begin

Anyone using the tool needs to have:

- ✓ Name, exactly as it appears on Social Security card
- ✓ A work-eligible Social Security number
- ✓ An email address to help create your account on the Non-Filers tool
- ✓ A mailing address where you can receive the payment and confirmation letter, which the IRS will mail within 15 days after your payment is issued

If you want your payment via **direct deposit**, you'll need banking information – the routing and account number.

- If you want to receive your payment in a bank account but don't have one, visit the [FDIC website](#). FDIC has information on how to choose the right account and where to find a bank that can open an account online, if needed.

If the IRS sent you an Identity Protection Personal Identification Number (IP PIN) in the past, you'll need it to use this tool. If you lost your IP PIN, use the [Get an IP PIN](#) tool to retrieve your number.

NOTE: The Non-Filers tool includes a space for your license or state ID number, if you have one, to digitally sign your document in the Non-Filers tool. There are other ways to do this, so a license or state ID is optional in the tool. However, it may be requested by an organization that is helping you use the Non-Filers tool.

Let's begin!

Start at [IRS.gov](#). From the IRS.gov homepage, select [Non-Filers: Enter Payment Info Here](#).

Choose language preference: English or Spanish. After you review the important information and alerts on the [Non-Filers: Enter Payment Info Here](#) page, select whether you want to use the English or Spanish version.

We've provided English and Spanish options for you to enter your information. Clicking either button below will take you from the IRS site to one of our Free File Alliance partners. The sites are safe and secure.
