## **Caution: DRAFT—NOT FOR FILING**

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information. **Do not file draft forms** and do **not** rely on draft forms, instructions, and publications for filing. We do **not** release draft forms until we believe we have incorporated all changes (except when explicitly stated on this coversheet). However, unexpected issues occasionally arise, or legislation is passed—in this case, we will post a new draft of the form to alert users that changes were made to the previously posted draft. Thus, there are never any changes to the last posted draft of a form and the final revision of the form. Forms and instructions generally are subject to OMB approval before they can be officially released, so we post only drafts of them until they are approved. Drafts of instructions and publications usually have some changes before their final release.

Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms) and remain there after the final release is posted at [IRS.gov/LatestForms](https://www.irs.gov/LatestForms). All information about all forms, instructions, and pubs is at [IRS.gov/Forms](https://www.irs.gov/Forms).

Almost every form and publication has a page on IRS.gov with a friendly shortcut. For example, the Form 1040 page is at [IRS.gov/Form1040](https://www.irs.gov/Form1040); the Pub. 501 page is at [IRS.gov/Pub501](https://www.irs.gov/Pub501); the Form W-4 page is at [IRS.gov/W4](https://www.irs.gov/W4); and the Schedule A (Form 1040/SR) page is at [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA). If typing in a link above instead of clicking on it, be sure to type the link into the address bar of your browser, not a Search box.

If you wish, you can submit comments to the IRS about draft or final forms, instructions, or publications at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). We cannot respond to all comments due to the high volume we receive and may not be able to consider many suggestions until the subsequent revision of the product.

If you have comments on reducing paperwork and respondent (filer) burden, with respect to draft or final forms, please respond to the relevant information collection through the Federal Register process; for more info, click [here](#).

If the corporation claims a credit for any income taxes paid, accrued, or deemed paid during the tax year on combined foreign oil and gas income, the amount of such taxes eligible for credit may be reduced. See section 907(a) and Regulations section 1.907(a)-1 for details.

**Method of Reporting**

Report all amounts in U.S. dollars. If it is necessary to convert from foreign currency, attach a statement explaining how the rate was determined.

**Specific Instructions**

**Codes at top of page 1.** On line a, enter the same separate category code as that shown on the Form 1118 to which this Schedule I is attached. If applicable, on line b or c, enter the same country code as that shown on the Form 1118 to which this Schedule I is attached.

**Part I**

See section 907(c) and underlying regulations for rules on the income to include in Part I.

**Note: Do not** include any dividend or interest income that is passive income. See the Instructions for Form 1118 for the definition of passive income.

**Column 1(a).** For information pertaining to the entry of EINs and reference ID numbers, see *Identifying Numbers* in the separate instructions for Form 1118. For section 863(b) income, leave column 1(a) blank.

**Column 1(b).** Enter the two-letter codes (from the list at [www.irs.gov/CountryCodes](http://www.irs.gov/CountryCodes)) of all foreign countries and U.S. possessions within which income is sourced and/or to which taxes were paid, accrued, or deemed paid. For section 863(b) income, enter "863(b)" instead of a two-letter code.

**Column 2.** Enter gross income from sources outside the United States and its possessions from the following.

- The extraction (by the corporation or any other person) of minerals from oil or gas wells located outside the United States and its possessions.
- The sale or exchange of assets used in the trade or business of extracting minerals from oil or gas wells located outside the United States and its possessions.

See section 907(c)(1).

**Column 3.** Enter gross income from sources outside the United States and its possessions from the following.

- The processing of minerals extracted (by the corporation or any other person) from oil or gas wells into their primary products.
- The transportation of such minerals or primary products.
- The distribution or sale of such minerals or primary products.

- The disposition of assets used in the trade or business described in the three previous bulleted items.

- The performance of any other related service.  
See section 907(c)(2).

**Column 4.** Enter amounts taxable under section 951(a) or 951A (including section 78 gross-up) that are attributable to the controlled foreign corporation's combined foreign oil and gas income.

**Column 5.** Include the corporation's distributive share of partnership combined foreign oil and gas income. Include in column 5 interest income paid by a foreign corporation to the extent the category of income of such interest is determined under section 904(d)(3). Do not include interest income paid by a foreign subsidiary out of foreign oil and gas extraction income of the payor, even if it is not passive income.

See section 907(c)(3).

**Columns 7 and 8.** Enter the deductions allocated and apportioned to foreign oil and gas income in the separate category. See the regulations under section 861.

**Column 10.** For each country, subtract column 9 from column 6 and enter the result in column 10. When totaling the column 10 amounts, note that a taxable loss from a foreign country offsets taxable income from other countries.

**Columns 11 and 12.** Attach a schedule to show how the foreign taxes paid, accrued, or deemed paid with respect to combined foreign oil and gas income were figured.

**Part II**

**Line 1.** Enter the total from Part I, column 10, minus any recapture described in section 907(c)(4).

**Line 2.** At the time this schedule went to print, the highest rate of tax specified under section 11(b) was 21%.

**Part III**

**Line 2.** Enter the sum of any carryover of foreign oil and gas tax to the current year. Attach a schedule showing the computation in detail. Corporations are encouraged to attach a schedule that is similar to Schedule K (Form 1118), which is used to report a running balance of the corporation's section 904(c) carryovers. If this approach is taken, the amount to be entered on line 2 is the amount that corresponds to Schedule K (Form 1118), line 3, column (xiv). Please note that special rules apply to the carryback and carryover of foreign taxes paid or accrued on combined foreign oil and gas income and related taxes. For example, in applying foreign tax carryovers from prior tax years, in the case of any tax year that is an unused credit year (as defined in section 907(f)) under each of sections 907(f) and 904(c), the provisions of section 907(f) are to be applied before section 904(c). See section 907(f) and Regulations section 1.907(f)-1 for additional information.
