

## **Caution: *DRAFT—NOT FOR FILING***

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information as a courtesy. **Do not file draft forms.** Also, do not rely on draft instructions and publications for filing. We generally do not release drafts of forms until we believe we have incorporated all changes. However, unexpected issues sometimes arise, or legislation is passed, necessitating a change to a draft form. In addition, forms generally are subject to OMB approval before they can be officially released. Drafts of instructions and publications usually have at least some changes before being officially released.

Early releases of draft forms and instructions are at [IRS.gov/draftforms](https://www.irs.gov/draftforms). Please note that drafts may remain on IRS.gov even after the final release is posted at [IRS.gov/downloadforms](https://www.irs.gov/downloadforms), and thus may not be removed until there is a new draft for the subsequent revision. All information about all revisions of all forms, instructions, and publications is at [IRS.gov/formspubs](https://www.irs.gov/formspubs).

Almost every form and publication also has its own easily accessible information page on IRS.gov. For example, the Form 1040 page is at [IRS.gov/form1040](https://www.irs.gov/form1040); the Form W-2 page is at [IRS.gov/w2](https://www.irs.gov/w2); the Publication 17 page is at [IRS.gov/pub17](https://www.irs.gov/pub17); the Form W-4 page is at [IRS.gov/w4](https://www.irs.gov/w4); the Form 8863 page is at [IRS.gov/form8863](https://www.irs.gov/form8863); and the Schedule A (Form 1040) page is at [IRS.gov/schedulea](https://www.irs.gov/schedulea). If typing in the links above instead of clicking on them: type the link into the address bar of your browser, not in a Search box; the text after the slash must be lowercase; and your browser may require the link to begin with “www.”. Note that these are shortcut links that will automatically go to the actual link for the page.

If you wish, you can submit comments about draft or final forms, instructions, or publications on the [Comment on Tax Forms and Publications](#) page on IRS.gov. We cannot respond to all comments due to the high volume we receive, but we will carefully consider each one. Please note that we may not be able to consider many suggestions until the subsequent revision of the product.

#### Specific Instructions

**Question 1.** For certain transfers that are presumed to be sales, the partnership or the partners must comply with the disclosure requirements in Regulations section 1.707-8. Generally, disclosure is required when:

1. Certain transfers to a partner are made within two years of a transfer of property by the partner to the partnership;

2. Certain debt is incurred by a partner within two years of the earlier of:

- A written agreement to transfer or
- A transfer of the property that secures the debt, if the debt, nevertheless, is treated as a qualified liability; or

3. Transfers from a partnership to a partner occur which are the equivalent to those listed in 1 or 2 above.

The disclosure must be made on the transferor partner's return using Form 8275, Disclosure Statement, or on an attached statement providing the same information. When more than one partner transfers property to a partnership under a plan, the disclosure may be made by the partnership rather than by each partner.

**Question 2.** Answer "Yes" if this partnership is a partner in another partnership and has received special allocations of income, gain, loss, deduction, or credit from that partnership. For more information on special allocations, see *Special Allocations*, in the Instructions for Form 1065.

**Example.** P, a partnership, joins with B, an individual, in forming the PB partnership. P and B each contribute \$50,000 cash to PB partnership. Profits and losses are split 50/50, with the exception of depreciation, which is allocated 99% to P and 1% to B. P answers "Yes" to question 2 because its 99% allocation of depreciation deductions from PB partnership is disproportionate to its ratio of sharing other items from PB partnership.

**Question 5.** The term "change in accounting principle" means a change from one generally accepted accounting principle to another generally accepted accounting principle as described in "Statement of Financial Accounting Standards No. 154—Accounting Changes and Error Corrections."

For purposes of this question, answer "Yes" if such a change in accounting principle occurred during the tax year and such change resulted in, or is expected to result in, an effect on the amount of income reported for financial statement purposes.

**Question 6.** File Form 3115, Application for Change in Accounting Method, to request a change in a method of accounting. See the Instructions for Form 3115 for information on requesting a change in accounting method.
