Caution: DRAFT—NOT FOR FILING

This is an early release draft of an IRS tax form, instructions, or publication, which the IRS is providing for your information. **Do not file draft forms** and do **not** rely on draft forms, instructions, and publications for filing. We do **not** release draft forms until we believe we have incorporated all changes (except when explicitly stated on this coversheet). However, unexpected issues occasionally arise, or legislation is passed—in this case, we will post a new draft of the form to alert users that changes were made to the previously posted draft. Thus, there are never any changes to the last posted draft of a form and the final revision of the form. Forms and instructions generally are subject to OMB approval before they can be officially released, so we post only drafts of them until they are approved. Drafts of instructions and publications usually have some changes before their final release.

Early release drafts are at [IRS.gov/DraftForms](https://www.irs.gov/DraftForms) and remain there after the final release is posted at [IRS.gov/LatestForms](https://www.irs.gov/LatestForms). All information about all forms, instructions, and pubs is at [IRS.gov/Forms](https://www.irs.gov/Forms).

Almost every form and publication has a page on IRS.gov with a friendly shortcut. For example, the Form 1040 page is at [IRS.gov/Form1040](https://www.irs.gov/Form1040); the Pub. 501 page is at [IRS.gov/Pub501](https://www.irs.gov/Pub501); the Form W-4 page is at [IRS.gov/W4](https://www.irs.gov/W4); and the Schedule A (Form 1040/SR) page is at [IRS.gov/ScheduleA](https://www.irs.gov/ScheduleA). If typing in a link above instead of clicking on it, be sure to type the link into the address bar of your browser, not a Search box.

If you wish, you can submit comments to the IRS about draft or final forms, instructions, or publications at [IRS.gov/FormsComments](https://www.irs.gov/FormsComments). We cannot respond to all comments due to the high volume we receive and may not be able to consider many suggestions until the subsequent revision of the product.

If you have comments on reducing paperwork and respondent (filer) burden, with respect to draft or final forms, please respond to the relevant information collection through the Federal Register process; for more info, click [here](#).

The electronic filing requirement is effective for periods beginning after December 31, 2019. The IRS will not accept Form 8872 reports filed on paper for periods beginning after December 31, 2019. See [Where and How To File](#), later.

General Instructions

This form and all attachments are subject to public inspection. Do not enter social security numbers on this form or any attachments.

Purpose of Form

Unless an exception applies (see *Who Must File* below), a tax-exempt section 527 political organization must file Form 8872 to report certain contributions received and expenditures made. Generally, an organization that is required to file Form 8872 also must file Form 8871, Political Organization Notice of Section 527 Status, within 24 hours of the organization's formation or within 30 days of any material change to the information reported on Form 8871.

Note. The organization isn't required to report contributions accepted or expenditures made after July 1, 2000, if they were received or made under a contract entered into before July 2, 2000.

Who Must File

Every section 527 political organization that accepts a contribution or makes an expenditure for an exempt function during the calendar year must file Form 8872, except:

- A political organization that isn't required to file Form 8871,
- A political organization that is subject to tax on its income because it didn't file or amend a Form 8871, or
- A qualified state or local political organization.

A qualified state or local political organization is a political organization that meets the following requirements.

- The organization's exempt functions are solely for the purpose of influencing or attempting to influence the selection, nomination, election, or appointment of any individual to any state or local political office or office in a state or local political organization.

- The organization is subject to state law that requires it to report information that is similar to that required on Form 8872.
- The organization files the required reports with the state.
- The state makes such reports public and the organization makes them open to public inspection in the same manner that organizations must make Form 8872 available for public inspection.

For additional information, including the prohibition of involvement in the organization of a federal candidate or office holder, see section 527(e)(5).

When To File

Due dates for Form 8872 vary depending on whether the form is due for a reporting period that occurs during an even-numbered or odd-numbered year.

Note. If any due date falls on a Saturday, Sunday, or legal holiday, the organization may file on the next business day.

Even-Numbered Years

The organization may opt to file its reports on either a quarterly or monthly basis, but it must file on the same basis for the entire calendar year.

Quarterly reports. File the first report for the first quarter of the calendar year in which the organization accepts a contribution or makes an expenditure. Quarterly reports are due by the 15th day after the last day of each calendar quarter, except the year-end report which is due by January 31 of the following year. In addition, the organization may have to file a pre-election report, a post-general election report, or both, as explained below.

Monthly reports. File the first report for the first month of the calendar year in which the organization accepts a contribution or makes an expenditure. Reports are due by the 20th day after the end of the month. This report must reflect all reportable contributions accepted and expenditures made during the month for which the report is being filed. No monthly reports are due for October and November. Instead, the organization must file a pre-general election report and a post-general election report (see *Pre-election report* and *Post-general election report*). In addition, a year-end report must also be filed by January 31 of the following year instead of a monthly report for December.

Pre-election report. This report must be filed before any election for which the organization made a contribution or expenditure. This report must be filed by the:

- 12th day before the election, or
- 15th day before the election, if the organization is posting the report by certified or registered mail.

This report must reflect all reportable contributions accepted and expenditures made through the 20th day before the election.

Post-general election report. File by the 30th day after the general election. This report must reflect all reportable

contributions accepted and expenditures made through the 20th day after the general election.

Election means:

- A general, special, primary, or runoff election for a federal office;
- A convention or caucus of a political party which has authority to nominate a candidate for federal office;
- A primary election held for the selection of delegates to a national nominating convention of a political party; or
- A primary election held for the expression of a preference for the nomination of individuals for election to the office of President.

General election means:

- An election for a federal office held in even-numbered years on the Tuesday following the first Monday in November; or
- An election held to fill a vacancy in a federal office (that is, a special election) that is intended to result in the final selection of a single individual to the office at stake in a general election.

Odd-Numbered Years

The organization may opt to file its reports on either a semiannual or monthly basis, but it must file on the same basis for the entire calendar year.

Semiannual reports. File the mid-year report by July 31 for the period beginning January 1 through June 30. File the year-end report by January 31 of the following year for the period beginning July 1 and ending December 31.

Monthly reports. File the first report for the first month of the calendar year in which the organization accepts a contribution or makes an expenditure. Reports are due by the 20th day after the end of the month, except for the December report, which is due on January 31 of the following year. This report must reflect all reportable contributions accepted and expenditures made during the month for which the report is being filed.
