

Qualified Mortgage Bonds – Qualified Census Tracts.

Revenue Procedure 2024-8

SECTION 1. PURPOSE

This revenue procedure provides issuers of qualified mortgage bonds, as defined in § 143(a) of the Internal Revenue Code (the Code), and issuers of mortgage credit certificates, as defined in § 25(c), with a list of qualified census tracts for each state, the District of Columbia, and Puerto Rico. It modifies and supersedes Rev. Proc. 2014-14, 2014-2 I.R.B. 295.

SECTION 2. BACKGROUND

.01. Section 103(a) of the Code provides that, except as provided in § 103(b), gross income does not include interest on any state or local bond. Section 103(b)(1) provides that § 103(a) shall not apply to any private activity bond that is not a "qualified bond" within the meaning of § 141. Section 141(e) provides that the

term "qualified bond" includes any private activity bond if that bond: (1) is a qualified mortgage bond; (2) meets the volume cap requirements under § 146; and (3) meets the applicable requirements under § 147.

.02. Section 143(a)(1) of the Code provides that the term "qualified mortgage bond" means a bond which is issued as part of a "qualified mortgage issue".

Section 143(a)(2)(A) provides that the term "qualified mortgage issue" means an issue by a state or political subdivision thereof of one or more bonds but only if:

(i) all proceeds of the issue (exclusive of issuance costs and a reasonably required reserve) are to be used to finance owner occupied residences; (ii) the issue meets the requirements of § 143(c), (d), (e), (f), (g), (h), (i), and (m)(7); (iii) the issue does not meet the private business tests of § 141(b)(1) and (2); and (iv) with respect to amounts received more than 10 years after the date of issuance, repayments of \$250,000 or more of principal on financing provided by the issue are used not later than the close of the first semi-annual period beginning after the date the prepayment (or complete repayment) is received to redeem bonds that are part of the issue.

.03. An issue of bonds meets the requirements of § 143(h) of the Code only if at least 20 percent of the proceeds of the issue is made available for owner financing of "targeted area residences" for at least 1 year after the date on which owner financing is first made available with respect to targeted area residences.

Section 143(h)(2) provides, however, that the amount available need not exceed 40 percent of the average annual aggregate principal amount of mortgages executed during the immediately preceding 3 calendar years for single-family, owner-

occupied residences located in targeted areas within the jurisdiction of the issuing authority.

.04. "Targeted area residences" are defined in § 143(j)(1)(A) to include residences in a "qualified census tract." A "qualified census tract", according to § 143(j)(2)(A), is a census tract in which 70 percent or more of the families have income that is 80 percent or less of the statewide median family income. Section 143(j)(2)(B) of the Code provides that the determination that a census tract is a "qualified census tract" must be based on the most recent decennial census for which data are available.

.05. Section 6a.103A-2(b)(4)(ii) of the Temporary Income Tax Regulations provides that, with respect to any particular bond issue, the determination that a census tract is a "qualified census tract" may be based upon the decennial census data available 3 months prior to the date of issuance and shall not be affected by official changes to the data during or after that 3-month period.

.06. A state or local government may elect to exchange all or part of its qualified mortgage bond authority for authority to issue mortgage credit certificates. In general, the recipient of a mortgage credit certificate may claim a federal income tax credit equal to the product of the certificate credit rate and the interest paid or accrued during the tax year on the remaining principal of the certified indebtedness amount. Section 25(c)(2)(A)(iii)(V) of the Code provides that the indebtedness certified by mortgage credit certificates must meet the requirements of § 143(h) concerning the portion of loans to be placed in targeted areas.

.07. The Department of Housing and Urban Development (HUD) develops

the list of qualified census tracts for publication by the Service. HUD bases its determination upon data it receives from the Bureau of the Census. The last list of qualified census tracts was published in Rev. Proc. 2014-14, 2014-2 I.R.B. 295.
