General Instructions

Purpose of Form

Use Schedule G (Form 1120) to provide information applicable to certain entities, individuals, and estates that own, directly, 20% or more, or own, directly or indirectly, 50% or more of the total voting power of all classes of the corporation's stock entitled to vote.

Who Must File

Every corporation that answers "Yes" to Form 1120, Schedule K, Questions 4a or 4b, must file Schedule G to provide the additional information requested for certain entities, individuals, and estates owning the corporation's voting stock.

Constructive Ownership of the Corporation

For purposes of Schedule G (Form 1120), the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in corporate stock and ownership of interests in the profit, loss, or capital of a partnership. An interest in the corporation owned directly or indirectly by or for another entity (corporation, partnership, estate, or trust) is considered to be owned proportionately by the owners (shareholders, partners, or beneficiaries) of the owning entity. Also, under section 267(c), an individual is considered to own an interest owned directly or indirectly by or for his or her family. The family of an individual includes only that individual's spouse, brothers, sisters, ancestors, and lineal descendants.

An interest will be attributed from an individual under the family attribution rules only if the person to whom the interest is attributed owns a direct or an indirect interest in the corporation under section 267(c)(1) or (5). However, for purposes of these instructions, an individual will not be considered to own, under section 267(c)(2), an interest in the corporation owned, directly or indirectly, by a family member unless the individual also owns an interest in the corporation either directly or indirectly through a corporation, partnership or trust.

Example 1. Corporation A owns, directly, a 50% interest in the profit, loss, or capital of Partnership B. Corporation A also owns, directly, a 15% interest in the profit, loss, or capital of Partnership C and owns, directly, 15% of the voting stock of Corporation D. Partnership B owns, directly, a 70% interest in the profit, loss, or capital of Partnership C and owns, directly, 70% of the voting stock of Corporation D. Corporation A owns, indirectly, through Partnership B, a 35% interest (50% of 70%) in the profit, loss, or capital of Partnership C and owns, indirectly, 35% of the voting stock of Corporation D. Corporation A owns, directly or indirectly, a 50% interest in the profit, loss, or capital of Partnership C (15% directly and 35% indirectly), and owns, directly or indirectly, 50% of the voting stock of Corporation D (15% directly and 35% indirectly).

Corporation D reports in Part I that its voting stock is owned, directly or indirectly, 50% by Corporation A and is owned, directly, 70% by Partnership B.

Example 2. A owns, directly, 50% of the voting stock of Corporation X. B, the daughter of A, does not own, directly, any interest in Corporation X and does not own, indirectly, any interest in Corporation X through any entity (corporation, partnership, trust, or estate). Therefore, the family attribution rules do not apply and, for the purposes of Part II, the 50% interest of A in Corporation X is not attributed to B.

Example 3. A owns, directly, 50% of the voting stock of Corporation X. B, the daughter of A, does not own, directly, any interest in X but does own, indirectly, 10% of the voting stock of Corporation X through Trust T of which she is the sole beneficiary. No other family member of A or B owns, directly, any interest in Corporation X nor does any own, indirectly, any interest in Corporation X through any entity. Neither A nor B owns any other interest in Corporation X through any entity.

For the purposes of Part II, the 50% interest of A in the voting stock of Corporation X is attributed to B and the 10% interest of B in the voting stock of Corporation X is attributed to A. A owns, directly or indirectly, 60% of the voting stock of Corporation X, 50% directly and 10% indirectly through B. B owns, directly or indirectly, 60% of the voting stock of Corporation X (50% indirectly through A and 10% indirectly through Trust T).

Specific Instructions

Indicate the name of the entity, employer identification number (if any), type of entity (corporation, partnership, trust, or tax-exempt organization), country of organization, and the percentage owned, directly or indirectly, of the voting stock of the corporation.

What's New

Small business taxpayers. For tax years beginning after December 31, 2023, if filing Form 1125-A for a small business taxpayer that uses an alternative method of accounting for inventories, check the applicable box on line 9a(iv) through 9a(vi). See the instructions for line 9.

General Instructions

Purpose of Form

Use Form 1125-A to figure and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, or 1065 must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1(a).

If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for small business taxpayers. A small business taxpayer can account for inventory by treating the inventory as non-incidental materials and supplies (line 9a(iv)), or conforming to its treatment of inventory in an applicable financial statement (as defined in section 451(b)(3)) (line 9a(v)). If it does not have an applicable financial statement, a small business taxpayer can use the method of accounting used in its books and records prepared according to its accounting procedures (line 9a(vi)).

See the discussion on small business taxpayers in the instructions for your tax return. Also see sections 448(c) and 471(c).

For additional guidance on methods of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing methods of accounting, see Form 3115, Application for Change in Accounting Method, and the Instructions for Form 3115.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business and Pub. 225, Farmer's Tax Guide.

Specific Instructions

Line 1. Inventory at Beginning of Year

If you are changing your method of accounting for the current tax year, you must refigure last year's closing inventory using the new method of accounting. Enter the result on line 1. If there is a difference between last year's closing inventory and the refigured amount, attach an explanation and take it into account when figuring any section 481(a) adjustment.

Line 2. Purchases

Reduce purchases by items withdrawn for personal use. For a partnership, the cost of these items should be shown on Schedule K and Schedule K-1 as distributions to partners.

Line 4. Additional Section 263A Costs

If you elected a simplified method of accounting, enter on line 4 the balance of section 263A costs paid or incurred during the tax year not includible on lines 2, 3, and 5.

If you elected the simplified production method or the modified simplified production method, additional section 263A costs are generally those costs, other than interest, that are not included in your section 471 costs but that are required to be capitalized under section 263A. For details, see Regulations section 1.263A-2(b).

If you elected the simplified resale method, additional section 263A costs are generally those costs incurred with respect to the following categories.

- Off-site storage or warehousing.
- Purchasing.
- Handling, such as processing, assembling, repackaging, and transporting.
- General and administrative costs (mixed service costs).

Line 5. Other Costs

Enter on line 5 any costs paid or incurred during the tax year not entered on lines 2 through 4. Attach a statement listing details of the costs.

Special Rules for Cooperatives

Cooperatives are allowed to deduct certain per-unit retain allocations. Include these costs on line 5. Attach a statement listing details of per-unit retain allocations paid in:

- Qualified per-unit retain certificates,
- Money or other property (except nonqualified per-unit certificates), and
- Nonqualified per-unit retain certificates redeemed this year.

Per-unit retain allocations. A cooperative is allowed to deduct from its taxable income amounts paid during the payment period for the tax year as per-unit retain allocations to the extent paid in money, qualified per-unit retain certificates, or other property with respect to marketing occurring during the tax year. A per-unit retain allocation is any allocation from a cooperative to a patron for products marketed for the patron without reference to the cooperative net earnings. A qualified per-unit retain certificate is any per-unit retain certificate that the distributee has agreed to take into account at its stated dollar amount.

Nonqualified per-unit retain certificates redeemed this year. Include the amount paid in money or other property (except amounts already included as per-unit retain certificates) to patrons to redeem nonqualified per-unit retain certificates. No deduction is allowed at the time of issuance for a nonqualified per-unit retain certificate. However, the cooperative may take a deduction in the year the certificate is redeemed, subject to the stated dollar amount of the certificate. See section 1383. Also see the instructions for Form 1120-C, line 30h, for a special rule for figuring the cooperative's tax in the year of redemption of a nonqualified per-unit retain certificate.

Line 7. Inventory at End of Year

See Regulations sections 1.263A-1 through 1.263A-3 for details on figuring the amount of additional section 263A costs to be included in ending inventory.

Line 8. Cost of Goods Sold

Enter the amount from line 8 on your tax return as follows. Filers of Form 1120, 1120-C, 1120S, and 1065, enter cost of goods sold on page 1, line 2. Filers of Form 1120-F, enter cost of goods sold on Section II, line 2.

Line 9. Inventory Valuation Methods

Complete line 9 as follows.

Line 9a. Inventory methods. Check all applicable boxes on lines 9a(i) through 9a(iii) to indicate how the value of an inventory item is figured.

For certain small business taxpayers that have adopted or changed to an alternative accounting method that is an exception to the general inventory requirements described above, check a box on lines 9a(iv) through 9a(vi) in lieu of checking an applicable box on lines 9a(i) through 9a(iii).

See Regulations sections 1.471-1(b)(3) through (6) and your accounting procedures.

Inventories can be valued at:

- Cost,
- Cost or market value (whichever is lower), or
- Any other method approved by the IRS that conforms to the requirements of the applicable regulations cited below.

Under lower of cost or market, the term "market" (for normal goods) means the current bid price prevailing on the inventory valuation date for the particular merchandise in the volume usually purchased by the filer. For a manufacturer, market applies to the basic elements of cost—raw materials, labor, and burden. If section 263A applies, the basic elements of cost must reflect the current bid price of all direct costs and all indirect costs properly allocable to goods on hand at the inventory date.

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal way because the goods are subnormal due to damage, imperfections, shopwear, change of style, odd or broken lots, or other similar causes, including second-hand goods taken in exchange. The goods may be valued at the bona fide selling price, minus the direct cost of disposition (but not less than scrap value). Bona fide selling price means actual offering of goods during a period ending not later than 30 days after inventory date.

The methods on line 9a are methods of accounting. Any method, once established, cannot be changed in a later year without requesting a change in accounting method. See the Instructions for Form 3115 for more information on requesting accounting method changes.

Lines 9c and 9d. LIFO method. If this is the first year the last-in, first-out (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method provided in section 472, attach Form 970, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Check the LIFO box on line 9c. On line 9d(i), enter the amount of total closing inventories figured under section 472.

If you changed or extended your inventory method to LIFO and had to write up the opening inventory to cost in the year of election, report the effect of the write-up as other income, on your applicable return, proportionately over a 3-year period that begins with the year of the LIFO election.

On line 9d(ii), enter the closing LIFO Reserve. The closing LIFO Reserve is figured by subtracting the LIFO value of the inventory subject to a LIFO method that is on hand at the end of the tax year from the first-in, first-out (FIFO) value of that inventory. If the closing LIFO Reserve amount is negative, place the amount on line 9d(ii) in parentheses.

Note: Entities using the LIFO method that make an S corporation election or transfer LIFO inventory to an S corporation in a nonrecognition transaction may be subject to an additional tax attributable to the LIFO recapture amount. See the instructions for Form 1120, Schedule J, line 11, or the applicable line on your tax return.

Line 9e. If property is produced or acquired for resale and the rules of section 263A apply to the corporation, cooperative, partnership, or other applicable entity, check the "Yes" box on line 9e.

What's New

Differential wage payments. Differential wage payments don't include:

• Wage payments made after December 31, 2020, and before July 1, 2021, if you use the same wage payments to claim the employee retention credit on an employment tax return such as Form 941, Employer's QUARTERLY Federal Tax Return;

• Wage payments made after March 31, 2021, and before October 1, 2021, if you use the same wage payments to claim the credit for qualified sick and family leave wages on an employment tax return such as Form 941; and

• Wage payments made generally after December 27, 2019, and before April 17, 2021, if you use the same wage payments to claim the 2020 qualified disaster employee retention credit on Form 5884-A, Employee Retention Credit for Employers Affected by Qualified Disasters.

Employee retention credit. Wages paid after June 30, 2021, and before January 1, 2022, and used to figure the credit for employer differential wage payments can't also be used to figure a coronavirus-related employee retention credit.

Purpose of Form

Use Form 8932 to claim the credit for eligible differential wage payments made to qualified employees after 2008. The credit is 20% of up to $20,000 of differential wage payments paid to each qualified employee during the tax year.

The credit for employer differential wage payments is part of the general business credit.

Partnerships, S corporations, cooperatives, estates, and trusts must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, cooperative, estate, or trust. Instead, they can report this credit directly on Form 3800, General Business Credit.

For details, see section 45P and Notice 2010-15, 2010-6 I.R.B. 390, available at *www.irs.gov/irb/2010-06_IRB#NOT-2010-15*.

Definitions

Eligible Differential Wage Payments

Eligible differential wage payments are the total differential wage payments paid to the employee for the tax year, up to $20,000.

Qualified Employee

A qualified employee is a person who has been an employee for the 91-day period immediately preceding the period for which any differential wage payment is made.

Differential Wage Payment

To be considered a differential wage payment, the payment must meet both of the following requirements.

• The payment is made to a qualified employee for any period during which the employee is performing service in the uniformed services of the United States while on active duty for a period of more than 30 days.

• The payment represents all or a portion of the wages the employee would have received from the employer if the employee were performing services for the employer.

Differential wage payments don't include certain wage payments discussed under What's New.

Controlled Groups

All persons treated as a single employer under subsection (b), (c), (m), or (o) of section 414 are treated as a single employer.

Uniformed Services

Uniformed services means the Armed Forces; the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty; the commissioned corps of the Public Health Service; and any other category of persons designated by the President in time of war or national emergency.

Coordination With Other Credits

The amount of any research credit or orphan drug credit otherwise allowable for compensation paid to any employee is reduced by the credit for differential wage payments figured for that employee.

Disallowance for Failure To Comply With Employment or Reemployment Rights of Members of the Reserve Components of the Armed Forces of the United States

No credit will be allowed to a taxpayer for:

- Any tax year in which the taxpayer is under a final order, judgment, or other process issued or required by a district court of the United States under section 4323 of title 38 of the United States Code with respect to a violation of chapter 43 of title 38; and
- The 2 succeeding tax years.

Specific Instructions

Line 1

Enter the total amount of eligible differential wage payments made to qualified employees during the tax year. Do not include more than $20,000 of payments for any employee.

Line 2

Generally, you must reduce your deduction for salaries and wages by the amount on line 2, even if you cannot take the full credit this year because of the tax liability limit. If you capitalized any costs on which you figured the credit, reduce the amount capitalized by the credit attributable to these costs.

Line 3

Enter total credits for employer differential wage payments from:

- Schedule K-1 (Form 1065), Partner's Share of Income, Deductions, Credits, etc., box 15 (code P);
- Schedule K-1 (Form 1120-S), Shareholder's Share of Income, Deductions, Credits, etc., box 13 (code P);
- Schedule K-1 (Form 1041), Beneficiary's Share of Income, Deductions, Credits, etc., box 13 (code Q); or
- Form 1099-PATR, Taxable Distributions Received From Cooperatives, box 12, or other notice of credit allocation.

Partnerships, S corporations, cooperatives, estates, and trusts report the above credits on line 3. All other filers figuring a separate credit on earlier lines also report the above credits on line 3. All others not using earlier lines to figure a separate credit can report the above credits directly on Form 3800, Part III, line 1w.

Line 5

Cooperatives. A cooperative described in section 1381(a) must allocate to its patrons the credit in excess of its tax liability limit. Therefore, to figure the unused amount of the credit allocated to patrons, the cooperative must first figure its tax liability. While any excess is allocated to patrons, any credit recapture applies as if the cooperative had claimed the credit.

If the cooperative is subject to the passive activity rules, include on line 3 any Form 8932 credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8810, Corporate Passive Activity Loss and Credit Limitations, to determine the allowed credit that must be allocated to patrons. For details, see the Instructions for Form 8810.

Estates and trusts. Allocate the credit for employer differential wage payments on line 4 between the estate or trust and the beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 5.

If the estate or trust is subject to the passive activity rules, include on line 3 any Form 8932 credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.
