Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly and may be obtained from the Superintendent of Documents on a subscription basis. Bulletin contents are consolidated semiannually into Cumulative Bulletins, which are sold on a single-copy basis.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.
This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.
To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury’s Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.
This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The first Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the first Bulletin of the succeeding semiannual period, respectively.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

Covered compensation tables; 2003. The covered compensation tables for the year 2003 are provided for use in determining contributions to defined benefit plans and permitted disparity.

This revenue ruling provides tables of covered compensation under section 401(l)(5)(E) of the Internal Revenue Code (the “Code”) and the Income Tax Regulations, thereunder, for the 2003 plan year.

Section 401(l)(5)(E)(i) defines covered compensation with respect to an employee, as the average of the contribution and benefit bases in effect under section 230 of the Social Security Act (the “Act”) for each year in the 35-year period ending with the year in which the employee attains social security retirement age.

Section 401(l)(5)(E)(ii) states that the determination for any year preceding the year in which the employee attains social security retirement age shall be made by assuming that there is no increase in covered compensation after the determination year and before the employee attains social security retirement age.

Section 401(l)–1(c)(34) of the Income Tax Regulations defines the taxable wage base as the contribution and benefit base under section 230 of the Act.

Section 1.401(l)–1(c)(7)(i) defines covered compensation for an employee as the average (without indexing) of the taxable wage bases in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which the employee attains (or will attain) social security retirement age. A 35-year period is used for all individuals regardless of the year of birth of the individual. In determining an employee’s covered compensation for a plan year, the taxable wage base for all calendar years beginning after the first day of the plan year is assumed to be the same as the taxable wage base in effect as of the beginning of the plan year. An employee’s covered compensation for a plan year beginning after the 35-year period applicable under § 1.401(l)–1(c)(7)(i) is the employee’s covered compensation for a plan year during which the 35-year period ends. An employee’s covered compensation for a plan year beginning before the 35-year period applicable under § 1.401(l)–1(c)(7)(i) is the taxable wage base in effect as of the beginning of the plan year.

Section 1.401(l)–1(c)(7)(ii) provides that, for purposes of determining the amount of an employee’s covered compensation under § 1.401(l)–1(c)(7)(i), a plan may use tables, provided by the Commissioner, that are developed by rounding the actual amounts of covered compensation for different years of birth.

For purposes of determining covered compensation for the 2003 year, the taxable wage base is $87,000.

The following tables provide covered compensation for 2003:

2002 base period T-bill rate. The “base period T-bill rate” for the period ending September 30, 2002, is published, as required by section 995(f) of the Code.

Rev. Rul. 2002–68

Section 995(f)(1) of the Internal Revenue Code provides that a shareholder of a DISC shall pay interest each taxable year in an amount equal to the product of the shareholder’s DISC-related deferred tax liability for the year and the “base period T-bill rate.” Under section 995(f)(4), the base period T-bill rate is the annual rate of interest determined by the Secretary to be equivalent to the average of the 1-year constant maturity Treasury yields, as published by the Board of Governors of the Federal Reserve System, for the 1-year period ending on September 30 of the calendar year ending with (or of the most recent calendar year ending before) the close of the taxable year of the shareholder. The base period T-bill rate for the period ending September 30, 2002 is 2.18 percent.

Pursuant to section 6222 of the Code, interest must be compounded daily. The table below provides factors for compounding the base period T-bill rate daily for any number of days in the shareholder’s taxable year (including a 52–53 week accounting period) for the 2002 base period T-bill rate.

To compute the amount of the interest charge for the shareholder’s taxable year, multiply the amount of the shareholder’s DISC-related deferred tax liability (as defined in section 995(f)(2)) for that year by the base period T-bill rate factor corresponding to the number of days in the shareholder’s taxable year for which the interest charge is being computed. Generally, one would use the factor for 365 days. One would use a different factor only if the shareholder’s taxable year for which the interest charge is being determined is a short taxable year, if the shareholder uses the 52–53 week taxable year, or if the shareholder’s taxable year is a leap year.

Section 1035.—Certain Exchanges of Insurance Policies

26 CFR 1.1035–1: Certain exchanges of insurance policies.
(Also Part I, §§ 72, 1031)

Tax-free exchange of annuity contracts. This ruling states that the transfer of an entire annuity contract into another pre-existing annuity contract qualifies as a tax-free exchange and defines the basis and investment in the contract for the surviving contract.

Rev. Rul. 2002–75

ISSUES

Is the taxpayer’s assignment of an entire annuity contract to a second insurance company, which then deposits the cash surrender value of the assigned annuity contract into a pre-existing annuity contract owned by the same taxpayer, and issued by the second insurance company, a tax-free exchange under §1035? What is the basis under §1035 and the investment in the surviving contract under §72 after the transfer?

FACTS

A owns Contract B, an annuity contract issued by Company B, and Contract C, an annuity contract issued by Company C. A is the obligee for both contracts. A seeks to consolidate Contract B and Contract C. A assigns Contract B to Company C and transfers the entire cash surrender value of Contract B directly to Company C. Company C includes the transferred cash surrender value of Contract B in Contract C. A will not receive any of the cash surrender value of Contract B that is transferred to Company C and deposited into Contract C. No other consideration will be paid by A in this transaction. The terms of Contract C are unchanged by this transaction, and Contract B terminates.

LAW AND ANALYSIS

Section 1035(a)(3) provides that no gain or loss shall be recognized on the exchange of an annuity contract for an annuity contract. Section 1.1035–1 of the Income Tax Regulations provides that the exchange, without recognition of gain or loss, of an annuity contract for another annuity contract under §1035(a)(3) is limited to cases where the same person or persons are the obligee or obligees under the contract received in the exchange as under the original contract.

The legislative history of §1035 states that exchange treatment is appropriate for “individuals who have merely exchanged one insurance policy for another better suited to their needs and who have not actually realized gain.” H.R. Rep. No. 1337, 83d Cong., 2d Sess. 81 (1954).

Section 1035(d)(2) cross-references §1031 for the rules to determine the basis of property acquired in a §1035 exchange. Section 1031(d) provides that property acquired in a §1035 exchange has the same basis as that of the property exchanged, decreased by the amount of any money received by the taxpayer and increased by any gain (or decreased by any loss) recognized by the taxpayer on the exchange.

Section 1.1031(d)–1 provides, in part, that in a §1035 exchange the basis of the property acquired is the same as the basis of the property transferred by the taxpayer with proper adjustments to the date of the exchange.

Section 72 governs the federal tax treatment of distributions from an annuity contract. For purposes of determining income, gain, or loss from an annuity contract, §72 contains two special definitions of investment in the contract. When amounts received are not annuity payments, §72(e)(6) defines the investment in the contract. For purposes of §72(b), which applies to annuity payments, §72(c)(1) defines the investment in the contract in a similar, but not identical, manner.

After completion of the transaction, A owns only Contract C, which has been increased in value to reflect the cash surrender value transferred into it from Contract B. A had no access to the cash surrender value transferred in the exchange. Therefore, this transaction is treated as an exchange that is tax-free under §1035.

As a result of the application of §1035(d), A’s basis in Contract B is included in A’s basis in Contract C immediately after the exchange, and under §72(c)(1) and §72(e)(6), A’s investment in Contract B is included in A’s investment in Contract C immediately after the exchange.

HOLDINGS

(1) The assignment by A of Contract B to Company C for consolidation with pre-existing Contract C is a tax-free exchange under §1035.

(2) After the assignment, pursuant to §1035, A’s basis in Contract C immediately after the exchange equals the sum of A’s basis in Contract B and A’s basis in Contract C immediately prior to the exchange.

(3) After the assignment, A’s investment in Contract C under §72 equals the sum of A’s investment in Contract B and A’s investment in Contract C immediately prior to the exchange.

Section 1092.—Straddles

26 CFR 1.1092(c)–1: Qualified covered call options.
(Also § 263; 1.1092(c)–2; 1.1092(c)–3; 1.1092(c)–4.)

Effect of collars on qualified covered calls. Guidance is provided under section 1092 of the Code regarding the effect of collars upon qualified covered call options.

ISSUE

If the grantor of a qualified covered call option holds a put option on the same underlying equity, is the straddle consisting of the underlying equity and the written call option part of a larger straddle and therefore not excluded from straddle treatment by §1092(c)(4)(A) of the Internal Revenue Code?
FACTS

In each of the following situations, assume that:

1) at the time the call option is written and at the time the put option is acquired, there is an inverse relationship between the value of the underlying equity and the value of each option position;

2) as a result of the magnitude of the inverse relationships, each option position substantially diminishes the risk arising from holding the equity;

3) The acquisition of the put option substantially diminishes the risk of loss with respect to the combined position consisting of the equity and the qualified covered call option on that equity; and

4) the call option is a qualified covered call option under §1092(c)(4)(B).

**Situation 1.** On August 1, 2002, A purchases 100 shares of Corporation X stock for $100 per share, writes a 12-month call option on 100 shares of X stock with a strike price of $110, and purchases a 12-month put option on 100 shares of X stock with a strike price of $100.

**Situation 2.** On September 3, 2002, B purchases 100 shares of Corporation Y stock for $102 per share. On September 6, 2002, when the fair market value of Y stock is $100, B writes a 12-month call option for 100 shares of Y stock with a strike price of $110, and purchases a 12-month put option on 100 shares of Y stock with a strike price of $100.

**Situation 3.** On October 1, 2002, C purchases 100 shares of Corporation Z stock for $102 per share. On October 3, 2002, when the fair market value of Z stock is $100, C writes a 12-month call option on 100 shares of Z stock with a strike price of $110. On December 2, 2002, when the fair market value of the Z stock remains $100, C purchases a 12-month put option on 100 shares of Z stock with a strike price of $100.

LAW AND ANALYSIS

Section 1092(a) limits the recognition of losses on one or more positions in a straddle to the amount by which the losses exceed the unrecognized gain in any offsetting positions in that straddle. Section 1092(c) defines a straddle as offsetting positions with respect to personal property, and §1092(d)(3) treats stock as personal property if the stock is a position in the straddle and an option on that stock or on substantially identical stock or securities is an offsetting position in that straddle.

Section 1092(c)(4)(A) provides that a straddle will not be treated as a straddle for purposes of §§1092 or 263(g) if:

(i) all of the offsetting positions making up any straddle consist of one or more qualified covered call options and the stock to be purchased from the taxpayer under such options, and

(ii) such straddle is not part of a larger straddle. The two clauses of §1092(c)(4)(A) work together to delineate the scope of the exemption from straddle treatment provided by §1092(c)(4). Clause (i) requires that, in order to obtain this exemption with respect to a given straddle, the straddle must consist only of one or more qualified covered call options and the stock to be purchased from the taxpayer under the options. Even if this requirement is satisfied, however, clause (ii) precludes the exemption from applying if the taxpayer holds at least one other position (i.e., a position other than qualified covered call options and the stock to be purchased thereunder) that, when considered together with the stock and qualified covered call options described in clause (i), creates a larger straddle.

Neither the statutory language nor the legislative history of §1092(c)(4) defines the term “part of a larger straddle.” Section 1092(a)(2)(B)(iii) uses the same phrase in the definition of an identified straddle but does not define the term “larger straddle.” The legislative history to §1092(a)(2)(B)(iii) also does not define the term but does state that “[i]n addition, an identified straddle cannot constitute part of a larger straddle (for example, a butterfly).” S. Rep. No. 144, 97th Cong., 1st Sess. 148 (1981), 1981–2 C.B. 412, 471. An example of a “butterfly” is a commodity straddle consisting of a 5 unit short position expiring in May 2002, a 10 unit long position expiring in June 2002, and a 5 unit short position expiring in July 2002. The relationship among the three positions in a butterfly is explained in Leslie v. Commissioner, T.C. Memo 1996–86, aff’d, 146 F.3d 643 (9th Cir. 1998), cert. denied, 525 U.S. 1071 (1999):

The center position or body of a butterfly spread is twice as large as either wing, and the time periods for the delivery of the commodity from the first wing to the body and from the body to the second wing are equal. Essentially, a butterfly spread creates two spreads, one bullish and one bearish. Thus, a butterfly spread presents less chance of either an adverse or a favorable spread movement and is, therefore, less likely to result in a different loss or gain than an ordinary straddle.

The 1981 legislative history to §1092(a)(2) (B)(iii), while not directly applicable to §1092(c)(4), supports the treatment of a qualified covered call option as being “part of a larger straddle” if the taxpayer holds one or more additional positions that substantially diminish the risk of holding the equity by itself and the risk of the combination of holding the equity and writing the qualified covered call option.

The legislative history of the qualified covered call option exception to §1092 straddle treatment does not clarify the meaning of the phrase “larger straddle” but does discuss considerations underlying the decision to create the exemption. The report of the House Committee on Ways and Means contains this explanation:

One widely used investment strategy that would be affected by the extension of the straddle rules to stock options and stock involves writing call options on stock owned by the taxpayer. The committee believes that it may be appropriate to exempt these transactions where they are undertaken primarily to enhance the taxpayer’s investment return on the stock and not to reduce the taxpayer’s risk of loss on the stock.

In the three situations described above, the presence of a purchased put substantially reduces the taxpayer’s risk of loss with respect to the stock, and also reduces any potential for enhancing the taxpayer’s investment return through premium income. In each of the three situations, the put option protects against a decrease in the value of the stock below the exercise price of the put option and also reduces the impact of changes in the value of the stock through the inverse relationship between the value of the stock and the value of the put option. Both factors substantially diminish the risk of loss with respect to the holding of the stock by itself and the risk of loss with
respect to the combination of the stock and the written qualified covered call option. In addition, when the owner of the stock acquires the put, the amount of the premium received from the call option is offset, in whole or in part, by the amount of the premium paid for the put option, thus reducing any potential enhancement of investment return on the stock resulting from the receipt of the call option premium. In effect, when the writer of the call option purchases the put, the writer gives up potential enhancement of return on investment to acquire additional risk protection. Accordingly, in each of the three situations described above, the presence of the purchased put causes the stock and the qualified covered call option to constitute part of a larger straddle within the meaning of §1092(c)(4)(A).

**HOLDINGS**

**Situation 1.** All of the positions in stock are treated as part of a larger straddle. Section 1092(c)(4) does not apply to any of the positions in stock.

**Situation 2.** All of the positions in stock are part of a larger straddle beginning on September 6, 2002. Section 1092(c)(4) does not apply to any of the positions in stock beginning on that date.

**Situation 3.** Prior to December 2, 2002, the combination of the qualified covered call option and the underlying shares are not treated as a straddle for purposes of §§1092 and 263(g). However, beginning on December 2, 2002, all of the positions in stock are part of a larger straddle, and §1092(c)(4), therefore, does not apply to any of the positions in stock beginning on that date.

Background

This document amends 26 CFR parts 1 and 301 to provide modified rules relating to the disclosure of reportable transactions by certain taxpayers on their Federal income tax returns under section 6011 and includes conforming changes to the rules regarding the registration of confidential corporate tax shelters under section 6111. This document also amends 26 CFR parts 20, 25, 31, 53, 54, and 56 to provide rules for purposes of estate, gift, employment, and pension and exempt organizations excise taxes requiring the disclosure of listed transactions by certain taxpayers on their Federal tax returns under section 6011.

The rules under sections 6011, 6111, and 6112 for disclosure, registration, and list maintenance are intended to provide the IRS and Treasury with information needed to evaluate potentially abusive transactions. The IRS and Treasury have considered and evaluated compliance with those rules, and have determined that certain additional changes to the current temporary and proposed regulations are necessary to improve compliance and to carry out the purposes of sections 6011, 6111, and 6112. On March 20, 2002, Treasury released its Plan to Combat Abusive Tax Avoidance Transactions (PO–2018), which describes changes to the rules under sections 6011, 6111, and 6112 that will establish a more effective disclosure regime and improve compliance. See http://www.treas.gov/press/releases/po2018.htm.

The amended temporary regulations under section 6011 revise the categories of transactions that must be disclosed on returns. Certain conforming changes are being made to the temporary regulations under section 6111. Concurrent with these amended temporary regulations under sections 6011 and 6111, the IRS and Treasury are publishing elsewhere in this issue of the Bulletin temporary regulations under section 6112. The amendments to the temporary regulations under section 6112 generally require organizers and sellers (material advisors) to maintain lists of persons for transactions required to be registered under section 6111 and for reportable transactions subject to disclosure under § 1.6011–4T, 20.6011–4T, 25.6011–4T, 31.6011–4T, 53.6011–4T, 54.6011–4T, or 56.6011–4T.

Pending legislation would modify section 6111 to require registration of transactions that are required to be disclosed under section 6011. The IRS and Treasury intend to revise the regulations under section 6111 when such legislation is enacted.

Explanation of Provisions

1. In General

Section 1.6011–4T generally provides that certain taxpayers must disclose their direct or indirect participation in reportable transactions when they file their Federal income tax returns. Under the current temporary regulations, in the case of a partnership or an S corporation that participates in a listed transaction, that partnership or S corporation must disclose its participation and the partners and shareholders also must disclose their participation in the listed transaction. A reportable transaction is either: (1) a listed transaction, or (2) a transaction that meets two of five characteristics, satisfies a projected tax effect test, and does not satisfy any of the exceptions provided in the regulations. The IRS and Treasury have found that taxpayers are interpreting the five characteris-
tics in an overly narrow manner and are interpreting the exceptions in an overly broad manner.

These new temporary regulations provide more objective rules. The regulations redefine a reportable transaction as a transaction that satisfies any one of six categories of transactions. The regulations also eliminate the projected tax effect test and the general exceptions. The six categories of reportable transactions are: listed transactions, confidential transactions, transactions with contractual protection, loss transactions, transactions with a significant book-tax difference, and transactions involving a brief asset holding period. Further, the new temporary regulations require disclosure of participation in reportable transactions by all direct and indirect participants. Disclosure must be made on Form 8886, “Reportable Transaction Disclosure Statement”, which will be available when these regulations become effective.

A provision has been added to § 1.6011–4T allowing taxpayers to request a ruling as to whether a transaction must be disclosed under § 1.6011–4T. A transaction will not be considered a reportable transaction, or will be excluded from any individual category of reportable transaction, if the Commissioner makes a determination, by published guidance, individual ruling under § 1.6011–4T, or otherwise, that the transaction is not subject to the disclosure requirements of § 1.6011–4T. While some exceptions to the disclosure requirements are included in these regulations, the IRS and Treasury specifically request comments on particular types of transactions that should be either treated as not subject to the disclosure requirements of § 1.6011–4T or excluded from an individual category of reportable transaction.

The major changes to the categories of reportable transactions are discussed below.

2. Confidential Transactions

A confidential transaction is a transaction that is offered under conditions of confidentiality, unless the presumption in the regulations regarding written authorization to disclose the structure and tax aspects of the transaction is satisfied. These regulations clarify, however, that the presumption is available only in cases in which the written authorization to disclose is effective without limitation of any kind from the commencement of discussions.

3. Loss Transactions

A loss transaction is any transaction resulting in, or that is reasonably expected to result in, a loss under section 165 of at least: $10 million in any single taxable year or $20 million in any combination of taxable years for corporations; $5 million in any single taxable year or $10 million in any combination of taxable years for partnerships or S corporations, whether or not any losses flow through to one or more partners or shareholders; $2 million in any single taxable year or $4 million in any combination of taxable years for individuals or trusts, whether or not any losses flow through to one or more beneficiaries; and $50,000 in any single taxable year for individuals or trusts, whether or not the losses flow through from an S corporation or partnership, if the loss arises with respect to a section 988 transaction (as defined in section 988(c)(1) relating to foreign currency transactions). In determining the monetary thresholds, the amount of a section 165 loss is adjusted for any salvage value and for any insurance or other compensation received. However, a section 165 loss does not take into account offsetting gains or other income or limitations.

A section 165 loss includes an amount deductible by virtue of a provision that treats a transaction as a sale or other disposition, or otherwise results in a deduction under section 165. A section 165 loss includes, for example, a loss resulting from a sale or exchange of a partnership interest under section 741 and a loss resulting from a section 988 transaction. Under these regulations, casualty losses and losses resulting from involuntary conversions are not subject to the disclosure requirements under § 1.6011–4T.

The IRS and Treasury also are considering adding two other exceptions. One exception would be for losses resulting from a sale of securities on an established securities market within the meaning of § 1.7701–1(b), but only if the amount of basis used in computing the amount of the loss is equal to the amount of cash paid by the taxpayer for the securities. The other potential exception would be for losses claimed under section 475(a) or section 1296(a). The IRS and Treasury specifically request comments on whether these or other exceptions should be added to the regulations.

4. Transactions with a Significant Book-Tax Difference

A transaction with a significant book-tax difference is a transaction where the treatment for Federal income tax purposes of any item or items from the transaction differs, or is reasonably expected to differ, by more than $10 million on a gross basis from the treatment of the item or items for book purposes in any taxable year.

When making this determination, offsetting items are not netted for either tax or book purposes. Book income is determined by applying U.S. generally accepted accounting principles (GAAP) for worldwide income.

This category of transaction applies to taxpayers that are reporting companies under the Securities Exchange Act of 1934 (15 USCS 78a) (and related business entities) and to business entities that have $100 million or more in gross assets. Specific rules are provided for taxpayers that file consolidated returns, foreign persons, disregarded entities, partnerships, and shareholders of certain foreign corporations. For example, where a taxpayer is considered to participate in a transaction indirectly through a partnership or foreign corporation, items from the transaction that otherwise may be considered items of the partnership or foreign corporation (for tax or book purposes) are treated as items of the taxpayer (to the extent of the taxpayer’s allocable share). The mere fact that an item may be reported by different persons for tax and book purposes (e.g., on the taxpayer’s U.S. tax return and on the entity’s books and records), without more, is not considered a significant book-tax difference in such cases. Instead, the taxpayer must test such items for a book-tax difference in the same manner as items from a transaction in which the taxpayer participated directly.

The regulations provide various exceptions for this category of transaction. The IRS and Treasury specifically request comments on the exceptions and whether other exceptions should be provided.
5. Transactions Involving a Brief Asset Holding Period

A transaction involving a brief asset holding period is a transaction resulting in, or that is reasonably expected to result in, a tax credit exceeding $250,000 (including a foreign tax credit) if the underlying asset giving rise to the credit is held by the taxpayer for less than 45 days. For purposes of determining the holding period, the principles in section 246(c)(3) and (c)(4) apply.

6. Application of Section 6011 to Estate, Gift, Employment, and Pension and Exempt Organizations Excise Taxes

A listed transaction that involves Federal estate, gift, employment, or pension or exempt organizations excise taxes must be disclosed in accordance with published guidance identifying such transaction as a listed transaction.

Effective Date

These regulations apply to transactions entered into on or after January 1, 2003.

Special Analyses

It has been determined that this Treasury decision is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. chapter 6) do not apply. Pursuant to section 7805(f) of the Internal Revenue Code, these regulations will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Drafting Information

The principal authors of these regulations are Tara P. Volungis, Danielle M. Grimm, and Charlotte Chyr, Office of the Associate Chief Counsel (Passthroughs and Special Industries). However, other personnel from the IRS and Treasury Department participated in their development.

Adoption of Amendments to the Regulations

Accordingly, 26 CFR parts 1, 20, 25, 31, 53, 54, 56, and 301 are amended as follows:

PART 1—INCOME TAXES

Paragraph 1. The authority citation for part 1 continues to read in part as follows:

Authority: 26 U.S.C. 7805

Par. 2. Section 1.6011–4T is revised to read as follows:

§ 1.6011–4T Requirement of statement disclosing participation in certain transactions by taxpayers (temporary).

(a) In general. Every taxpayer that has participated, directly or indirectly, in a reportable transaction within the meaning of paragraph (b) of this section must attach to its return for the taxable year described in paragraph (e) of this section a disclosure statement in the form prescribed by paragraph (d) of this section. The fact that a transaction is a reportable transaction shall not affect the legal determination of whether the taxpayer’s treatment of the transaction is proper.

(b) Reportable transactions—(1) In general. A reportable transaction is a transaction described in any of the paragraphs (b)(2) through (7) of this section. The term transaction includes all of the factual elements relevant to the expected tax treatment of any investment, entity, plan, or arrangement, and includes any series of steps carried out as part of a plan, and any series of substantially similar transactions entered into in the same taxable year. There are six categories of reportable transactions: listed transactions, confidential transactions, transactions with contractual protection, loss transactions, transactions with a significant book-tax difference, and transactions involving a brief asset holding period.

(2) Listed transactions. A listed transaction is a transaction that is the same as or substantially similar to one of the types of transactions that the Internal Revenue Service has determined to be a tax avoidance transaction and identified by notice, regulation, or other form of published guidance as a listed transaction.

(3) Confidential transactions—(i) In general. A confidential transaction is a transaction that is offered under conditions of confidentiality. All the facts and circumstances relating to the transaction will be considered when determining whether a transaction is offered under conditions of confidentiality, including the prior conduct of the parties. If a taxpayer’s disclosure of the structure or tax aspects of the transaction is limited in any way by an express or implied understanding or agreement with or for the benefit of any person who makes or provides a statement, oral or written, (or for whose benefit a statement is made or provided) as to the potential tax consequences that may result from the transaction, a transaction is considered offered under conditions of confidentiality, whether or not such understanding or agreement is legally binding. A transaction also will be considered offered under conditions of confidentiality if the taxpayer knows or has reason to know that the taxpayer’s use or disclosure of information relating to the structure or tax aspects of the transaction is limited in any other manner (such as where the transaction is claimed to be proprietary or exclusive) for the benefit of any person, other than the taxpayer, who makes or provides a statement, oral or written, (or for whose benefit a statement is made or provided) as to the potential tax consequences that may result from the transaction.

(ii) Privilege. A taxpayer’s privilege to maintain the confidentiality of a communication relating to a reportable transaction in which the taxpayer might participate or has agreed to participate, including a taxpayer’s confidential communication with the taxpayer’s attorney, is not itself a condition of confidentiality.

(iii) Securities law exception. A transaction is not considered offered under conditions of confidentiality if disclosure of the structure or tax aspects of the transaction is subject to restrictions reasonably necessary to comply with federal or state securities laws and such disclosure is not otherwise limited.

(iv) Presumption. Unless the facts and circumstances indicate otherwise, a transaction is not considered offered under conditions of confidentiality if every person who makes or provides a statement, oral or written, (or for whose benefit a statement is made or provided) as to the potential tax consequences that may result from the transaction, provides express written authoriza-
tion to the taxpayer permitting the taxpayer (and each employee, representative, or other agent of such taxpayer) to disclose to any and all persons, without limitation of any kind, the structure and tax aspects of the transaction, and all materials of any kind (including opinions or other tax analyses) that are provided to the taxpayer related to such structure and tax aspects. This presumption is available only in cases in which the written authorization to disclose is effective without limitation of any kind from the commencement of discussions.

(4) Transactions with contractual protection. A transaction with contractual protection is a transaction for which the taxpayer has obtained or been provided with contractual protection against the possibility that part or all of the intended tax consequences from the transaction will not be sustained, including, but not limited to, recission rights, the right to a full or partial refund of fees paid to any person, fees that are contingent on the taxpayer’s realization of tax benefits from the transaction, insurance protection with respect to the tax treatment of the transaction, or a tax indemnity or similar agreement (other than a customary indemnity provided by a principal to the transaction that did not participate in the promotion or offering of the transaction to the taxpayer). Notwithstanding the foregoing, a transaction will not be considered to have contractual protection solely because the issuer of a debt instrument agrees to pay additional interest to compensate the holder of such debt instrument for withholding tax imposed on interest paid on the debt instrument, or because the requirement to pay such additional interest entitles the issuer to redeem the debt instrument.

(5) Loss transactions—(i) In general. A loss transaction is any transaction resulting in, or that is reasonably expected to result in, a taxpayer claiming a loss under section 165 of at least—

(A) $10 million in any single taxable year or $20 million in any combination of taxable years for corporations;

(B) $5 million in any single taxable year or $10 million in any combination of taxable years for partnerships or S corporations, whether or not any losses flow through to one or more partners or shareholders;

(C) $2 million in any single taxable year or $4 million in any combination of taxable years for individuals or trusts, whether or not any losses flow through to one or more beneficiaries;

(D) $50,000 in any single taxable year for individuals or trusts, whether or not the loss flows through from an S corporation or partnership, if the loss arises with respect to a section 988 transaction (as defined in section 988(c)(1) relating to foreign currency transactions).

(ii) Section 165 loss. (A) For purposes of this section, in determining the thresholds in paragraph (b)(5)(i) of this section, the amount of a section 165 loss is adjusted for any salvage value and for any insurance or other compensation received. See § 1.165–1(c)(4). However, a section 165 loss does not take into account offsetting gains or other income or limitations. For example, a section 165 loss does not take into account the limitation in section 165(d)(relating to wagering losses) or the limitations in sections 165(f), 1211, and 1212 (relating to capital losses).

(B) For purposes of this section, a section 165 loss includes an amount deductible by virtue of a provision that treats a transaction as a sale or other disposition, or otherwise results in a deduction under section 165. A section 165 loss includes, for example, a loss resulting from a sale or exchange of a partnership interest under section 741 and a loss resulting from a section 988 transaction.

(iii) Exceptions. Transactions that result in the following losses under section 165 are not loss transactions under this paragraph (b)(5)—

(A) A loss from fire, storm, shipwreck, or other casualty, or from theft, as defined in section 165(c)(3); or

(B) A loss from a compulsory or involuntary conversion as described in section 1231(a)(3)(A) and section 1231(a)(4)(B).

(6) Transactions with a significant book-tax difference—(i) In general. A transaction with a significant book-tax difference is a transaction where the treatment for Federal income tax purposes of any item or items from the transaction differs, or is reasonably expected to differ, by more than $10 million on a gross basis from the treatment of the item or items for book purposes in any taxable year. For purposes of this determination, offsetting items shall not be netted for either tax or book purposes. For purposes of this paragraph (b)(6), book income is determined by applying U.S. generally accepted accounting principles (GAAP) for worldwide income. Adjustments to any reserve for taxes are disregarded for purposes of determining the book-tax difference.

(ii) Applicability—(A) In general. This paragraph (b)(6) applies only to—

(I) Taxpayers that are reporting companies under the Securities Exchange Act of 1934 (15 USCS 78a) and related business entities (as described in section 267(b) or 707(b)); or

(2) Business entities that have $100 million or more in gross assets (the assets of all related business entities (as defined in section 267(b) or 707(b)) must be aggregated).

(B) Consolidated returns. For purposes of this paragraph (b)(6), in the case of taxpayers that are members of a group of affiliated corporations filing a consolidated return, transactions solely between or among members of the group will be disregarded. Moreover, where two or more members of the group participate in a transaction that is not solely between or among members of the group, items shall be aggregated (as if such members were a single taxpayer), but any offsetting items shall not be netted.

(C) Foreign persons. In the case of a taxpayer that is a foreign person (other than a foreign corporation that is treated as a domestic corporation for Federal tax purposes under section 269B, 953(d), 1504(d) or any other provision of the Internal Revenue Code), only assets that are U.S. assets under § 1.884–1(d) shall be taken into account for purposes of paragraph (b)(6)(ii)(A)(2) of this section, and only transactions that give rise to income that is effectively connected with the conduct of a trade or business within the United States (or to losses, expenses, or deductions allocated or apportioned to such income) shall be taken into account for purposes of this paragraph (b)(6).

(D) Owners of disregarded entities. In the case of an eligible entity that is disregarded as an entity separate from its owner for Federal tax purposes, items of income, loss, expense, or deduction that otherwise are considered items of the entity for book purposes shall be treated as items of its owner, and items arising from transactions between the entity and its owner shall be disregarded, for purposes of this paragraph (b)(6).
(E) Partners of partnerships. In the case of a taxpayer that is a member or a partner of an entity that is treated as a partnership for Federal tax purposes, items of income, loss, expense, or deduction that are allocable to the taxpayer for Federal tax purposes but otherwise are considered items of the entity for book purposes shall be treated as items of the taxpayer, for purposes of this paragraph (b)(6).

(F) Shareholders of certain foreign corporations. To the extent that a taxpayer is considered under paragraph (c)(3)(ii) of this section to have indirectly participated in a transaction to which a foreign corporation is a direct party, all items from the transaction that otherwise are considered items of the foreign corporation for Federal tax purposes or book purposes shall be considered items of the taxpayer for purposes of this paragraph (b)(6).

(iii) Exceptions. Items listed in paragraphs (b)(6)(i)(A) through (M) of this section are not items for which reporting is required under this paragraph (b)(6).

(A) Items to the extent a book loss or expense is reported before or without a loss or deduction for Federal income tax purposes.

(B) Items to the extent income or gain for Federal income tax purposes is reported before or without book income or gain.

(C) Depreciation, depletion, and amortization relating solely to differences in methods, lives (for example, useful lives, recovery periods), or conventions.

(D) Bad debts or cancellation of indebtedness.

(E) Federal, state, local, and foreign taxes.

(F) Compensation of employees and independent contractors, including stock options and pensions.

(G) Items that for Federal tax purposes cannot be deducted or capitalized, such as certain payments for meals and entertainment, and certain fines and penalties.

(H) Charitable contributions of cash or tangible property.

(I) Tax exempt interest, including municipal bond interest.

(J) Dividends, including amounts treated as dividends under section 78, distributions of previously taxed income under sections 959 and 1293, and income inclusions under sections 551, 951, and 1293.

(K) Items resulting from transactions under section 1033.

(L) Gains and losses arising under section 475 or section 1296.

(M) Section 481 adjustments.

(7) Transactions involving a brief asset holding period. A transaction involving a brief asset holding period is a transaction resulting in, or that is reasonably expected to result in, a tax credit exceeding $250,000 (including a foreign tax credit) if the underlying asset giving rise to the credit is held by the taxpayer for less than 45 days. For purposes of determining the holding period, the principles in section 246(c)(3) and (c)(4) apply.

(8) Exceptions—(i) In general. A transaction will not be considered a reportable transaction, or will be excluded from any individual category of reportable transaction under paragraphs (b)(2) through (7) of this section, if the Commissioner makes a determination, by published guidance, individual ruling under paragraph (f) of this section, or otherwise, that the transaction is not subject to the reporting requirements of this section.

(ii) Special rules for RICs. For purposes of this section, a regulated investment company as defined in section 851 is not required to disclose transactions described in paragraph (b)(5) or (6) of this section.

(c) Definitions. For purposes of this section, the following terms are defined as follows:

(1) Taxpayer. The term taxpayer means any person described in section 7701(a)(1), including S corporations. The term taxpayer also includes, unless specifically provided elsewhere in this section, an affiliated group of corporations that joins in the filing of a consolidated return under section 1501.

(2) Corporation. When used specifically in this section, the term corporation means an entity that is required to file a return for a taxable year on any 1120 series form, or successor form, excluding S corporations.

(3) Indirect participation—(i) In general. A taxpayer will have indirectly participated in a reportable transaction if the taxpayer’s Federal tax liability is affected (or in the case of a partnership or an S corporation, if a partner’s or shareholder’s Federal tax liability is reasonably expected to be affected) by the transaction even if the taxpayer is not a direct party to the transaction (e.g., the taxpayer participates as a partner in a partnership, as a shareholder in an S corporation, or through a trust or a controlled entity). Moreover, a taxpayer will have indirectly participated in a reportable transaction if the taxpayer knows or has reason to know that the tax benefits claimed from the taxpayer’s transaction are derived from a reportable transaction.

(ii) Shareholders of foreign corporations—(A) In general. A taxpayer that is a shareholder in a foreign corporation will not be considered to have participated indirectly in a transaction to which the foreign corporation is a direct party merely because the taxpayer is a shareholder in the foreign corporation unless the taxpayer is a reporting shareholder (as defined in paragraph (c)(3)(ii)(B) of this section) and the transaction either is described in any of the paragraphs (b)(2) through (5) or in paragraph (b)(7) of this section, or reduces or eliminates an income inclusion that otherwise would be required under section 551, 951, or 1293.

(B) Reporting shareholder. For purposes of paragraph (c)(3)(ii)(A) of this section, the term reporting shareholder means a United States shareholder (as defined in section 551(a)) in a foreign personal holding company (as defined in section 552), a United States shareholder (as defined in section 951(b)) in a controlled foreign corporation (as defined in section 957), or a 10 percent shareholder (by vote or value) of a qualified electing fund (as defined in section 1295).

(iii) Example. The following example illustrates the provisions of paragraph (c)(3)(i) of this section:

Example Notice 95–53, 1995–2 C.B. 334 (see § 601.601(d)(2) of this chapter), describes a lease stripping transaction in which one party (the transferor) assigns the right to receive future payments under a lease of tangible property and receives consideration which the transferor treats as current income. The transferor later transfers the property subject to the lease in a transaction intended to qualify as a substituted basis transaction, for example, a transaction described in section 351. In return, the transferor receives stock (with low value and high basis) from the transferee corporation. The transferee corporation claims the deductions associated with the high basis property subject to the lease. The transferor and transferee corporation have directly participated in the listed transaction. If the transferor subsequently transfers the high basis/low value stock to a taxpayer in another transaction intended to qualify as a substituted basis transaction and the taxpayer uses the stock to generate a loss, and if the taxpayer knows or has reason to know that the tax loss claimed was derived from the lease stripping transaction, then the taxpayer is indirectly participating in a reportable transaction. Ac-
A taxpayer required to file a disclosure statement under this section must file a completed Form 8886 in accordance with the instructions to the form. The form must be attached to the appropriate tax returns as provided in paragraph (e) of this section. If a copy of a disclosure statement is required to be sent to the Office of Tax Shelter Analysis (OTSA) under paragraph (e) of this section, it must be sent to: Internal Revenue Service LM:PFITG:OTSA, Large & Mid-Size Business Division, 1111 Constitution Ave., NW, Washington, DC 20224, or to such other address as provided by the Commissioner.

(e) Time of providing disclosure—(1) In general. The disclosure statement for a reportable transaction must be attached to the taxpayer’s Federal income tax return for each taxable year for which the taxpayer’s Federal income tax liability is affected by the taxpayer’s participation in the transaction. In addition, a copy of the disclosure statement must be sent to OTSA at the same time that any disclosure statement is first filed with the taxpayer’s Federal income tax return. If a reportable transaction results in a loss which is carried back to a prior year, the disclosure statement for the reportable transaction must be attached to the taxpayer’s application for tentative refund or amended Federal income tax return for that prior year. In the case of a taxpayer that is a partnership or S corporation, the disclosure statement for a reportable transaction must be attached to the partnership’s or S corporation’s Federal income tax return for each taxable year ending with or within the taxable year of any partner or shareholder whose income tax liability is affected or is reasonably expected to be affected by the partnership’s or S corporation’s participation in the transaction. If a transaction becomes a reportable transaction (e.g., the transaction subsequently becomes one identified in published guidance as a listed transaction described in paragraph (b)(2) of this section, or there is a change in facts affecting the expected Federal income tax effect of the transaction such that the transaction is reportable under any of the paragraphs (b)(5) through (7)) on or after the date the taxpayer has filed the return for the first taxable year for which the transaction affected the taxpayer’s or a partner’s or a shareholder’s Federal income tax liability, the disclosure statement must be filed as an attachment to the taxpayer’s Federal income tax return next filed after the date the transaction becomes a reportable transaction (whether or not the transaction affects the taxpayer’s or any partner’s or shareholder’s Federal income tax liability for that year). The taxpayer must disclose the transaction in the time and manner provided for under the provisions of this section regardless of whether the taxpayer also plans to disclose the transaction under other published guidance, for example, Rev. Proc. 94–69, 1994–2 C.B. 804 (see § 601.601(d)(2) of this chapter).

(2) Example. The following example illustrates the application of this paragraph (e):

Example. In January of 2003, F, a domestic calendar year corporation, enters into a transaction that F reasonably expects will result in an $8 million section 165 loss in a single year and a $15 million section 165 loss over a combination of years. Assume that the transaction is not a transaction described in any of the paragraphs (b)(2) through (7) of this section, and, therefore, is not a reportable transaction under paragraph (b) of this section. On March 1, 2005, the IRS publishes a notice identifying the transaction as a listed transaction described in paragraph (b)(2) of this section. Thus, upon issuance of the notice, the transaction becomes a reportable transaction described in paragraph (b) of this section. F is required to file Form 8886 for the transaction as an attachment to F’s next filed Federal income tax return. If F’s 2004 Federal income tax return has not been filed on or before the date the Service identifies the transaction as a listed transaction, the disclosure statement must be attached to F’s 2004 return and at that time a copy of the form must be sent to OTSA.

(f) Rulings and protective disclosures—(1) Requests for ruling. If a taxpayer is uncertain whether a transaction must be disclosed under this section, that taxpayer may, on or before the date that disclosure would otherwise be required under this section, submit a request to the IRS for a ruling as to whether the transaction is subject to the disclosure requirements of this section. If the request fully discloses all relevant facts relating to the transaction, the potential obligation of that taxpayer to disclose the transaction will be suspended during the period that the ruling request is pending and, if the IRS subsequently concludes that the transaction is a reportable transaction subject to disclosure under this section, until the 60th day after the issuance of the ruling (or, if the request is withdrawn, 60 days after the date that the request is withdrawn).

(2) Protective disclosures. If a taxpayer is uncertain whether a transaction must be disclosed under this section, the taxpayer...
may disclose the transaction in accordance with the requirements of this section, and indicate on the disclosure statement that the taxpayer is uncertain whether the transaction is required to be disclosed under this section and that the disclosure statement is being filed on a protective basis.

(g) Retention of documents. The taxpayer must retain a copy of all documents and other records related to a transaction subject to disclosure under this section that are material to an understanding of the facts and other records related to a transaction that relate to the transaction; correspondence and agreements between the taxpayer and any advisor, lender, or other party to the reportable transaction that relate to the transaction; documents discussing, referring to, or demonstrating the tax benefits arising from the reportable transaction; and documents generally include, but are not limited to, the following: marketing materials related to the transaction; written analyses used in decision-making related to the transaction; correspondence and agreements between the taxpayer and any advisor, lender, or other party to the reportable transaction that relate to the transaction; documents discussing, referring to, or demonstrating the tax benefits arising from the reportable transaction; and documents, if any, referring to the business purposes for the reportable transaction.

(b) Effective dates. This section applies to Federal income tax returns filed after February 28, 2000. However, paragraphs (a) through (g) of this section apply to transactions entered into on or after January 1, 2003. The rules that apply with respect to transactions entered into on or before December 31, 2002, are contained in §1.6011–4T in effect prior to January 1, 2003 (see 26 CFR part 1 revised as of April 1, 2002, and 2002–28 I.R.B. 90 (see §601.601(d)(2) of this chapter)).

Receipt of an opinion regarding the tax consequences of the transaction is not relevant to the determination of whether the transaction is the same as or substantially similar to another transaction. Responses to these collections of information are mandatory.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number.

For further information concerning these collections of information, and where to submit comments on the collections of information and the accuracy of the estimated burden, and suggestions for reducing this burden, please refer to the preamble to the cross-referencing notice of proposed rulemaking published in this issue of the Bulletin.

Books and records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Background

This document amends 26 CFR part 301 regarding the requirement to maintain lists of persons for potentially abusive tax shelters under section 6112. Section 6708 provides penalties for failing to maintain a list under section 6112.

The list maintenance rules under section 6112, along with the rules relating to disclosure of reportable transactions under section 6011 and the rules for registration of tax shelters under section 6111, are intended to provide the IRS and Treasury with information needed to evaluate potentially abusive transactions. The IRS and Treasury have considered and evaluated compliance with these rules and have determined that certain additional changes to the current temporary and proposed regulations are necessary to improve compliance and to carry out the purposes of sections 6011, 6111, and 6112. On March 20, 2002, Treasury released its Plan to Combat Abusive Tax Avoidance Transactions (PO–2018), which describes changes to the rules under sections 6011, 6111, and 6112 that will establish a more effective disclosure regime and improve compliance. See http://www.treas.gov/press/releases/po2018.htm.

These amendments to the temporary regulations under section 6112 generally require organizers and sellers (material advisors) to maintain lists of persons for transactions required to be registered under section 6111 and for reportable transactions defined in §1.6011–4T(b) of the Income Tax Regulations.

Concurrent with these amended temporary regulations under section 6112, the IRS and Treasury are publishing elsewhere in this issue of the Bulletin amended temporary regulations under section 6011. The amended temporary regulations under section 6011 revise the categories of transactions that must be disclosed on returns.

Pending legislation would modify section 6111 to require registration of transactions that are required to be disclosed under section 6011. The IRS and Treasury intend to revise the regulations under section 6111 when such legislation is enacted.

Explanation of Provisions

A. Potentially Abusive Tax Shelter

Section 6112 provides that any person who organizes or sells any interest in a potentially abusive tax shelter must maintain a list identifying each person who was sold an interest in such shelter and containing any other information required by regulations. A potentially abusive tax shelter under section 6112 includes any tax shelter that is required to be registered with the IRS as a tax shelter under section 6111, and any transaction that has a potential for tax avoidance or evasion.

Under these regulations, a transaction has the potential for tax avoidance or evasion if it is a listed transaction or if a potential material advisor, at the time the transaction is entered into, knows or has reason to know that the transaction is otherwise a reportable transaction as defined in §1.6011–4T. For purposes of section 6112, listed transactions that involve Federal estate, gift, employment, and pension and exempt organizations excise taxes are also potentially abusive tax shelters that require list maintenance. If a transaction that involves Federal income taxes becomes a listed transaction on or after January 1, 2003, it is a potentially abusive tax shelter for purposes of section 6112 and, whether or not the material advisor is already required to maintain a list, the material advisor must begin, at the time of listing, to include on the list those persons who acquired an interest in the transaction after February 28, 2000.

B. Organizer and Seller (Material Advisor)

The regulations provide that a person is an organizer of, or a seller of any interest in, a transaction that is a potentially abusive tax shelter if that person is a material advisor with respect to that transaction. In general, a material advisor is any person who (i) receives, or expects to receive, at least a minimum fee in connection with a transaction that is a potentially abusive tax shelter, and (ii) who makes or provides any statement, oral or written, to any person as to the potential tax consequences of that transaction. The Internal Revenue Service and Treasury are considering whether the minimum fee requirement should be eliminated with respect to listed transactions.

The minimum fee is $250,000 for a transaction that is a potentially abusive tax shelter if all persons who acquire an interest, directly or indirectly, in the transaction are corporations (other than S corporations). The minimum fee for any other transaction that is a potentially abusive tax shelter is $50,000. In calculating the minimum fee, each transaction that is a potentially abusive tax shelter is evaluated separately to determine whether the minimum fee threshold is satisfied with re-
spect to that particular transaction. If the minimum fee threshold is satisfied with re-
spect to one transaction that is a poten-
tially abusive tax shelter, but not with
respect to another separate transaction
(whether or not it is substantially simi-
lar), a person is a material advisor with re-
spect to only the transaction for which the
minimum fee threshold is satisfied. Ac-
cordingly, the list required to be main-
tained includes only those persons who are
participants in the transaction for which the
minimum fee threshold is satisfied.

C. Preparing, Maintaining and Furnishing Lists

In general, a material advisor must pre-
pare and maintain a separate list of per-
sons for each transaction that is a poten-
tially abusive tax shelter. However, to ensure that
the IRS is able to identify all of the per-
sons who are participants in potentially abu-
sive tax shelters that are substantially simi-
lar, the regulations further provide that the
material advisor must keep one list for all transac-
tions that are substantially similar and are potentially abusive tax shel-
ters.

Any person to whom a material advi-
sor makes or provides a statement, oral or
written, as to the potential tax consequences
of a transaction that is a potentially abu-
sive tax shelter must be included on a list if the material advisor knows or has rea-
son to know that the person, or any re-
lated party, participated or will participate in the transaction. A person (including any
related party) is treated as having partici-
pated in a transaction that is a potentially abu-
sive tax shelter if the material advisor
knows or has reason to know that the per-
sont sold or transferred, or will sell or trans-
fer to another person (subsequent partici-
 pant an interest in that type of transaction
that, if entered into, would be a poten-
tially abusive tax shelter.

The required list must be maintained for
ten years following the date on which the
material advisor last made a statement, oral
or written, as to the potential tax conse-
quences that may result from the transac-
tion that is a potentially abusive tax shelter.
If a material advisor that is an entity dis-
solves or liquidates before the expiration of
the ten-year period, the person responsible
under state law for winding up the af-
fairs of the material advisor is (or if state
law does not specify any person, then each of
the directors of the corporation, the gen-
eral partners of the partnership, or the trust-
ees, owners, or members of the entity are)
responsible for preparing, maintaining, and
furnishing the list, unless the dissolved or
liquidated entity submits the list to the Of-
ice of Tax Shelter Analysis (OTSA) within
60 days after the dissolution or liquida-
tion. The responsible person must also pro-
vide notice to OTSA of such dissolution or
liquidation within 60 days after the disso-
lution or liquidation.

Each material advisor must, upon writ-
ten request by the IRS, furnish the list of
persons to the IRS within 20 business days
after the date of the request. The list may
be furnished to the IRS in any form that en-
ables the IRS to determine without undue
delay or difficulty the information required
to be contained in the list.

As a general rule, the name of a partici-
pant in a transaction that is a poten-
tially abusive tax shelter is not protected by
the attorney-client privilege or by the
tax practitioner privilege under section 7525.
No participant in a transaction that is a po-
tentially abusive tax shelter should have a
reasonable expectation of confidentiality
with respect to that person’s identity. More-
over, a claim of privilege that is not based
on a reasonable belief that the privilege ap-
pplies may subject the material advisor to
penalties under section 6708.

D. Substantially Similar Transactions

For purposes of section 6112, a sub-
stantially similar transaction includes any
transaction that is expected to obtain the
same or similar types of tax consequences
and that is either factually similar or based
on the same or similar tax strategy. Re-
cipient of an opinion regarding the tax con-
sequences of a transaction is not relevant
to the determination of whether that trans-
action is the same as or substantially simi-
lar to another transaction. Further, the term
substantially similar must be broadly con-
strued in favor of list maintenance.

E. Effective Date

These amended temporary regulations
apply to transactions that are potentially abu-
sive tax shelters entered into, or inter-
est acquired therein, on or after January 1,
2003. However, these regulations shall ap-
ply to any transaction that was entered into,
or in which an interest was acquired, af-
ter February 28, 2000, if the transaction be-
comes a listed transaction as defined in
§1.6011–4T on or after January 1, 2003,
and is subject to disclosure under §1.6011–
4T.

Special Analysis

It has been determined that this Treas-
ury decision is not a significant regula-
tory action as defined in Executive Order
12866. Therefore, a regulatory assessment
is not required. It also has been determined
that section 553(b) of the Administrative
Procedure Act (5 U.S.C. chapter 6) do not apply
to these regulations. Because no no-
tice of proposed rulemaking is required, the
provisions of the Regulatory Flexibility Act
(5 U.S.C. chapter 6) do not apply. Pursu-
ant to section 7805(f) of the Internal Rev-
ue Code, these regulations will be
submitted to the Chief Counsel for Advo-
cacy of the Small Business Administra-
tion for comment on their impact on small
business.

Drafting Information

The principal authors of these regula-
tions are Charlotte Chyr, Tara P. Volungis,
and Danielle M. Grimm, Office of the As-
sociate Chief Counsel (Passthroughs and
Special Industries). However, other per-
sonnel from the IRS and Treasury Depart-
ment participated in their development.
Adoption of Amendments to the Regulations

Accordingly, 26 CFR part 301 is amended as follows:

PART 301—PROCEDURE AND ADMINISTRATION

Paragraph 1. The authority citation for part 301 continues to read in part as follows:
Authority: 26 U.S.C. 7805 * * *
Par. 2. Section 301.6112–1T is revised to read as follows:

§ 301.6112–1T Requirement to prepare, maintain, and furnish lists with respect to potentially abusive tax shelters (temporary).

(a) In general. Each organizer and seller, as described in paragraph (c) of this section, of a transaction that is a potentially abusive tax shelter, as described in paragraph (b) of this section, shall prepare and maintain a list of persons in accordance with paragraph (e) of this section and upon request shall furnish such list to the Internal Revenue Service in accordance with paragraph (g) of this section.

(b) Potentially abusive tax shelters. For purposes of this section, a potentially abusive tax shelter is any transaction that is a section 6111 tax shelter, as described in paragraph (b)(1) of this section, or that has a potential for tax avoidance or evasion, as described in paragraph (b)(2) of this section. The term “transaction” includes all of the factual elements relevant to support the expected tax treatment of any investment, entity, plan, or arrangement, and includes any series of steps carried out as part of a plan.

(1) Transaction that is a section 6111 tax shelter. A section 6111 tax shelter is any transaction that is required to be registered with the Internal Revenue Service under section 6111, regardless of whether that tax shelter is properly registered pursuant to section 6111.

(2) Transaction that has a potential for tax avoidance or evasion. A transaction that has a potential for tax avoidance or evasion is any transaction that is a listed transaction as defined in § 1.6101–4T of this chapter and is subject to disclosure under § 1.6101–4T, 20.6101–4T, 25.6101–4T, 31.6101–4T, 53.6101–4T, 54.6101–4T, or 56.6101–4T of this chapter, or any transaction that a potential material advisor knows or has reason to know, at the time the transaction is entered into or an interest is acquired, meets one of the categories of a reportable transaction under § 1.6011–4T(b)(3) through (7) of this chapter.

(i) The determination of whether a transaction has the potential for tax avoidance or evasion does not depend upon whether the transaction is properly disclosed pursuant to § 1.6101–4T, 20.6101–4T, 25.6101–4T, 31.6101–4T, 53.6101–4T, 54.6101–4T, or 56.6101–4T of this chapter.

(ii) If a transaction becomes a listed transaction as defined in § 1.6101–4T of this chapter and is subject to disclosure under § 1.6101–4T of this chapter, after the transaction is entered into or an interest in the transaction is acquired, this section shall apply with respect to any interests acquired after February 28, 2000. If a transaction becomes a listed transaction as defined in § 1.6101–4T of this chapter and is subject to disclosure under § 20.6101–4T, 25.6101–4T, 31.6101–4T, 53.6101–4T, 54.6101–4T, or 56.6101–4T of this chapter, after the transaction is entered into or an interest in the transaction is acquired, this section shall apply with respect to any interests acquired on or after January 1, 2003.

(c) Organizer and seller—(1) In general. A person is an organizer of, or a seller of an interest in, a transaction that is a potentially abusive tax shelter if that person is a material advisor, as described in paragraph (c)(2) of this section, with respect to that transaction.

(2) Material advisor. A material advisor is any person who (or through its employees, shareholders, partners, or agents) receives, or expects to receive, at least a minimum fee, as defined in paragraph (c)(3) of this section, in connection with a transaction that is a potentially abusive tax shelter and who makes or provides any statement, oral or written, to any person as to the potential tax consequences of that transaction. A person shall be treated as a material advisor if that person forms or avails of an entity with the purpose of avoiding the rules of section 6111 or 6112 or the penalties under section 6707 or 6708.

(3) Minimum fee—(i) In general. For purposes of this paragraph (c), the minimum fee is $250,000 for a transaction that is a potentially abusive tax shelter if all persons who acquire an interest, directly or indirectly, are corporations (other than S corporations), and $50,000 for any other transaction that is a potentially abusive tax shelter.

(ii) Determination of fees. In determining whether the minimum fee threshold is satisfied, all fees for advice (whether or not tax advice) regarding, or for implementation of, a transaction that is a potentially abusive tax shelter are taken into account. For purposes of this section, fees include consideration in whatever form paid, whether in cash or in kind, and whether paid or denominated as fees for tax advice or for some other function such as the preparation of documentation or tax return preparation. The Internal Revenue Service will scrutinize carefully all of the facts and circumstances in determining whether consideration received in connection with a transaction that is a potentially abusive tax shelter constitutes fees for purposes of this section.

(d) Definitions. For purposes of this section, the following terms are defined as follows:

(1) Interest. The term interest includes, but is not limited to, any right to participate in a transaction by reason of a partnership interest, a shareholder interest, or a beneficial interest in a trust; any interest in property (including a leasehold interest); the entry into a leasing arrangement or a consulting, management or other agreement for the performance of services; or any interest in any other investment, entity, plan, or arrangement. The term interest includes any interest that purportedly entitles the direct or indirect holder of the interest to any tax consequence (including, but not limited to, a deduction, loss, or adjustment to tax basis in an asset) arising from the transaction. An interest also includes the receipt of information or services regarding the organization or structure of the transaction if the information or services are relevant to the potential tax consequences of the transaction.

(2) Substantially similar. The term substantially similar includes any transaction that is expected to obtain the same or similar types of tax consequences and that is either factually similar or based on the same or similar tax strategy. Receipt of an opinion regarding the tax consequences of the transaction is not relevant to the determination of whether the transaction is the same as or substantially similar to another trans-
action. Further, the term substantially similar must be broadly construed in favor of list maintenance.

(3) Person. The term person means any person described in section 7701(a)(1), including an affiliated group of corporations that join in the filing of a consolidated return under section 1501.

(4) Related party. A person is a related party with respect to another person if such person bears a relationship to such other person described in section 267 or 707.

(e) Preparation and maintenance of lists—(1) In general. A separate list of persons must be prepared and maintained for each transaction that is a potentially abusive tax shelter. However, one list must be maintained for substantially similar transactions that are potentially abusive tax shelters.

(2) Persons required to be included on lists. (i) A material advisor is required to list each person to whom the material advisor makes or provides a statement, oral or written, as to the potential tax consequences of a transaction that is a potentially abusive tax shelter. However, one list must be maintained for substantially similar transactions that are potentially abusive tax shelters.

(ii) A material advisor shall treat a person (including any related party) as having participated in a transaction that is a potentially abusive tax shelter if the material advisor knows or has reason to know that the person or any related party participated in or will participate in the transaction (or a substantially similar transaction that is a potentially abusive tax shelter).

(iii) The following examples illustrate the provisions of this section:

Example 1. An investment firm provides a statement describing the potential tax consequences of a type of transaction to three taxpayers: Corporation X, Corporation Y, and Corporation Z. Each taxpayer agrees to pay the investment firm $300,000 in connection with the transaction, and each taxpayer engages in a separate transaction (transaction X, transaction Y, and transaction Z, respectively). At the time the transactions are entered into, the investment firm knows, or has reason to know, that the transactions will result in a single taxable year loss of $9 million for Corporation X, $15 million for Corporation Y, and $12 million for Corporation Z. The transactions do not satisfy the definitions of a reportable transaction under § 1.6011–4T(b)(2), (3), (4), (6) or (7) of this chapter. All the persons who acquired an interest directly or indirectly in the transactions are C corporations.

(ii) Corporation N is not a material advisor with respect to transaction O because Corporation N receives only $80,000 in connection with transaction O, which is less than the minimum fee for that transaction ($250,000). Corporation N is a material advisor with respect to transaction P. First, at the time transaction P is entered into, Corporation N knows, or has reason to know, that transaction P is a reportable transaction and, thus, is a potentially abusive tax shelter. Second, Corporation N provides a statement as to the potential tax consequences of transaction P. Third, Corporation N receives $80,000 in connection with transaction P, which exceeds the minimum fee for that transaction ($50,000). Accordingly, Corporation N must keep a list with respect to transaction P. The list must contain information about Taxpayer P (see paragraph (e)(2)(ii) of this section).

(iii) Corporation M is not a material advisor with respect to transaction O because Corporation M receives only $90,000 in connection with transaction O, which is less than the minimum fee for that transaction ($250,000). Corporation M is a material advisor with respect to transaction P. First, at the time transaction P is entered into, Corporation M knows, or has reason to know, that transaction P is a reportable transaction and, thus, is a potentially abusive tax shelter. Second, Corporation M provides a statement as to the potential tax consequences of transaction P, and Corporation M receives $90,000 in connection with transaction P, which exceeds the minimum fee for that transaction ($50,000). Accordingly, Corporation M must keep a list with respect to transaction P. The list must contain information about Corporation N (see paragraph (e)(2)(ii) of this section) and Taxpayer P (see paragraph (e)(2)(ii) of this section).

(3) Contents—(i) In general. Each list must contain the following information—

(A) The name of each transaction that is a potentially abusive tax shelter and the registration number, if any, obtained under section 6111;

(B) The TIN (as defined in section 7701(a)(41)), if any, of each transaction;

(C) The name, address, and TIN of each person required to be on the list;

(D) If applicable, the number of units (i.e., percentage of profits, number of shares, etc.) acquired by each person required to be included on the list;

(E) The date on which each interest was acquired;

(F) The amount invested in each transaction by each person required to be included on the list;

(G) A detailed description of each transaction that describes both the structure and its expected tax consequences;

(H) A summary or schedule of the tax consequences that each person is intended or expected to derive from participation in each transaction, if known by the material advisor;
(I) Copies of any additional written materials, including tax analyses or opinions, relating to each transaction that have been shown or provided to any person who acquired or may acquire an interest in the transactions, or to their representatives, tax advisors, or agents, by the material advisor or any related party or agent of the material advisor; and

(J) For each person, if the interest in the transaction was not acquired from the material advisor maintaining the list, the name of the person from whom the interest was acquired.

(ii) Claims of privilege. In any case in which an attorney or federally authorized tax practitioner within the meaning of section 7525 is required to maintain a list with respect to a transaction that is a potentially abusive tax shelter, and that person has a reasonable belief that information required to be disclosed under this paragraph (e)(3) is protected by the attorney-client privilege or by the confidentiality privilege of section 7525(a), the attorney or federally authorized tax practitioner must still maintain the list of persons pursuant to the requirements of this section. When the list is requested by the Internal Revenue Service, as provided in paragraph (g) of this section, the material advisor may assert a privilege claim subject to the requirements of this paragraph (e)(3)(ii).

(A) The claimed privilege must be supported by a statement that is signed by the attorney or federally authorized tax practitioner under penalties of perjury, must identify and describe (as set forth in paragraph (e)(3)(ii)(B) of this section) the nature of each document or category of information that is not produced which will allow the Service to determine the applicability of the privilege or protection claimed, without revealing the privileged information itself, and must include the following representations with respect to each document or category of information for which the privilege is claimed—

(I) Specifically represent that the information was a confidential practitioner-client communication and, in the case of information which a federally authorized tax practitioner claims is privileged under section 7525, that the omitted information was not part of tax advice that constituted the promotion of the direct or indirect participation of a corporation in any tax shelter (as defined in section 662(d)(2)(iii)); and

(2) Specifically represent that to the best of such person’s knowledge and belief, all others in possession of the omitted information did not disclose the omitted information to any person whose receipt of such information would result in a waiver of the privilege.

(B) Identification and description of a document or category of information includes, but is not limited to—

(I) The date appearing on such document or, if it has no date, the date or approximate date that such document was created;

(2) The general nature, description and purpose of such document and the identity of the person who signed such document, and, if it was not signed, the identity of each person who prepared it; and

(3) The identity of each person to whom such document was addressed and the identity of each person, other than such addressee, to whom such document, or a copy thereof, was given or sent.

(f) Retention of lists. Each material advisor must maintain the list described in paragraph (e) of this section for ten years following the date on which the material advisor last made a statement, oral or written, as to the potential tax consequences of the transaction. If the material advisor required to prepare, maintain, and furnish the list is a corporation, partnership, or other entity (entity) that has dissolved or liquidated before completion of the ten-year period, the person responsible under state law for winding up the affairs of the entity must prepare, maintain and furnish the list on behalf of the entity, unless the entity submits the list to the Office of Tax Shelter Analysis (OTSA) within 60 days after the dissolution or liquidation. If state law does not specify any person as responsible for winding up the affairs, then each of the directors of the corporation, the general partners of the partnership, or the owners, members, or partners of the entity are responsible for preparing, maintaining and furnishing the list on behalf of the entity, unless the entity submits the list to the Office of Tax Shelter Analysis (OTSA) within 60 days after the dissolution or liquidation. The responsible person must also provide notice to OTSA of such dissolution or liquidation within 60 days after the dissolution or liquidation. The responsible person must also provide notice to OTSA of such dissolution or liquidation within 60 days after the dissolution or liquidation. The list and the notice provided to OTSA may be sent to: Internal Revenue Service, LM:PFTG:OTSA, Large & Mid-Size Business Division, 1111 Constitution Ave., NW, Washington, DC 20224, or to such other address as provided by the Commissioner.

(g) Furnishing of lists. Each material advisor and person responsible for maintaining a list of persons must, upon written request by the Internal Revenue Service, furnish the list to the Internal Revenue Service within 20 business days after the date of the request. The request is not required to be in the form of an administrative summons. The list may be furnished to the Internal Revenue Service on paper, card file, magnetic media, or in any other form, provided the method of furnishing the list enables the Internal Revenue Service to determine without undue delay or difficulty the information required in paragraph (e)(3) of this section.

(h) Designation agreements. If more than one material advisor is required to maintain a list of persons, in accordance with paragraph (e) of this section, for a potentially abusive tax shelter, the material advisors may designate by written agreement a single material advisor to maintain the list or a portion of the list. The designation of one material advisor to maintain the list does not relieve the other material advisors from their obligation to furnish the list to the Internal Revenue Service in accordance with paragraph (g) of this section. The fact that a material advisor is unable to obtain the list from any designated material advisor, the fact that any designated material advisor did not maintain a list, or the fact that the list maintained by any designated material advisor is not complete, will not relieve any material advisor from the requirements of this section.

(i) Procedure for obtaining rulings. A person may submit a request to the Internal Revenue Service for a ruling as to whether a transaction is a potentially abusive tax shelter for purposes of this section and whether that person is a material advisor with respect to that transaction. If the request fully discloses all relevant facts relating to the transaction (including all facts relevant to the person’s relationship to such transaction), then the requirement to maintain a list shall be suspended for that person during the period that such ruling request is pending and for 60 days thereafter; however, if it is ultimately determined that the transaction is a potentially abusive tax shelter, the pendency of such
A ruling request shall not affect the requirement to maintain the list, nor shall it affect the persons required to be included on the list (including persons who acquired interests in the potentially abusive tax shelter prior to and during the pendency of the ruling request), or the other information required to be included as part of the list.

(j) Effective date. This section applies to any transaction that is a potentially abusive tax shelter entered into, or any interest acquired therein, on or after January 1, 2003. However, this section shall apply to any transaction that was entered into, or in which an interest was acquired, after February 28, 2000, if the transaction becomes a listed transaction as defined in §1.6011–4T of this chapter on or after January 1, 2003, and is subject to disclosure under §1.6011–4T of this chapter. Otherwise, the rules that apply with respect to any other transaction that is a potentially abusive tax shelter entered into, or any interest acquired therein, on or before December 31, 2002, are contained in §301.6112–1T in effect prior to December 31, 2002 (see 26 CFR part 301 revised as of April 1, 2002).

Part III. Administrative, Procedural, and Miscellaneous

2003 Limitations Adjusted As Provided in Section 415(d), etc.¹

Notice 2002–71

Section 415 of the Internal Revenue Code (the Code) provides for dollar limitations on benefits and contributions under qualified retirement plans. Section 415 also requires that the Commissioner annually adjust these limits for cost-of-living increases. Other limitations applicable to deferred compensation plans are also affected by these adjustments. Many of the limitations will not change for 2003. For most of the limitations, the increase in the cost-of-living index fell below the statutory thresholds that would otherwise trigger their adjustment. However, several of these limitations, set by the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA), are scheduled to increase at the beginning of 2003. For example, under EGTRRA, the limitation under § 402(g)(1) of the Code on the exclusion for elective deferrals described in § 402(g)(3) is increased from $11,000 to $12,000. This limitation affects elective deferrals described in § 402(g)(1)(A) concerning the definition of key employee in a top-heavy plan remains unchanged at $200,000.

The annual compensation limit under §§ 401(a)(17), 404(l), 408(k)(3)(C), and 408(k)(6)(D)(ii) remains unchanged at $200,000.

The dollar limitation under § 416(i)(1)(A) for determining the maximum account balance in an employee stock ownership plan subject to a 5-year distribution period is increased from $800,000 to $810,000, while the dollar amount used to determine the lengthening of the 5-year distribution period remains unchanged at $160,000.

The dollar amount under § 409(o)(1)(C) (ii) for determining the maximum account balance in an employee stock ownership plan subject to a 5-year distribution period is increased from $800,000 to $810,000, while the dollar amount used to determine the lengthening of the 5-year distribution period remains unchanged at $160,000.

The limitation used in the definition of highly compensated employee under § 414(q)(1)(B) remains unchanged at $90,000.

The annual compensation limitation under § 401(a)(17) for eligible participants in certain governmental plans that, under the plan at in effect on July 1, 1993, allowed cost-of-living adjustments to the compensation limitation under the plan under § 401(a)(17) to be taken into account, is increased from $295,000 to $300,000.

The compensation amount under § 408(k)(2)(C) regarding simplified employee pensions (SEPs) remains unchanged at $450.

The compensation amounts under § 1.61–21(f)(5)(i) of the Income Tax Regulations concerning the definition of “control employee” for fringe benefit valuation purposes remains unchanged at $80,000. The compensation amount under § 1.61–21(f)(5)(ii) remains unchanged at $160,000.

The dollar amount under § 402(g)(1) on the exclusion for elective deferrals described in § 402(g)(3) is increased from $11,000 to $12,000.

The limitation under § 408(p)(2)(E) regarding SIMPLE retirement accounts is increased from $7,000 to $8,000.

The limitation on deferrals under § 457(e)(15) concerning deferred compensation plans of state and local governments and tax-exempt organizations is increased from $11,000 to $12,000.

The dollar limitation under § 414(v)(2)(B)(i) for catch-up contributions to an applicable employer plan other than a plan described in § 401(k)(11) or 408(p) for individuals aged 50 or over is increased from $1,000 to $2,000. The dollar limitation under § 414(v)(2)(B)(ii) for catch-up contributions to an applicable employer plan described in § 401(k)(11) or 408(p) for individuals aged 50 or over is increased from $500 to $1,000.

Administrators of defined benefit or defined contribution plans that have received favorable determination letters should not request new determination letters solely because of yearly amendments to adjust maximum limitations in the plans.

Rev. Proc. 2002–69

SECTION 1. PURPOSE

The Treasury Department and the Internal Revenue Service have become aware that taxpayers are unsure of the classification for an entity that is owned solely by a husband and wife as community property under the laws of a state, a foreign country, or a possession of the United States. To alleviate this uncertainty and in the interest of administrative simplicity, this revenue procedure provides that the Internal Revenue Service will respect a taxpayer’s treatment of these entities as either disregarded entities or partnerships.

This revenue procedure provides guidance on the classification for federal tax purposes of a qualified entity (described in section 3.02 of this revenue procedure) that is owned solely by a husband and wife as community property under the laws of a state, a foreign country, or a possession of the United States.

SECTION 2. BACKGROUND

Section 301.7701–1(a)(1) states that the Code prescribes the classification of various organizations for federal tax purposes. Whether an organization is an entity separate from its owners for federal tax purposes is a matter of federal tax law and does not depend on whether the organization is recognized as an entity under local law.

Section 301.7701–1(b) provides that the classification of organizations that are recognized as separate entities is determined under §§ 301.7701–2, 301.7701–3, and 301.7701–4 unless a provision of the Code provides for special treatment of that organization.

Section 301.7701–2(a) defines the term “business entity” as any entity recognized for federal tax purposes (including an entity with a single owner that may be disregarded as an entity separate from its owner under § 301.7701–3) that is not properly classified as a trust under § 301.7701–4 or otherwise subject to special treatment under the Code. A business entity with two or more members is classified for federal tax purposes as either a corporation or a partnership. A business entity with only one owner is classified as a corporation or is disregarded; if the entity is disregarded, its activities are treated in the same manner as a sole proprietorship, branch, or division of the owner.

SECTION 3. SCOPE

.01 In General. This revenue procedure provides guidance on the classification for federal tax purposes of a qualified entity (described in section 3.02 of this revenue procedure).

.02 Qualified Entity. A business entity is a qualified entity if:

1. The business entity is wholly owned by a husband and wife as community property under the laws of a state, a foreign country, or a possession of the United States;

2. No person other than one or both spouses would be considered an owner for federal tax purposes; and

3. The business entity is not treated as a corporation under § 301.7701–2.

SECTION 4. APPLICATION

.01 If a qualified entity (as described in section 3.02 of this revenue procedure), and the husband and wife as community property owners, treat the entity as a disregarded entity for federal tax purposes, the Internal Revenue Service will accept the position that the entity is a disregarded entity for federal tax purposes.

.02 If a qualified entity (as described in section 3.02 of this revenue procedure), and the husband and wife as community property owners, treat the entity as a partnership for federal tax purposes and file the appropriate partnership returns, the Internal Revenue Service will accept the position that the entity is a disregarded entity for federal tax purposes.

.03 A change in reporting position will be treated for federal tax purposes as a conversion of the entity.

SECTION 5. EFFECTIVE DATE

This revenue procedure is effective on the date published in the Internal Revenue Bulletin.

Background

The temporary regulations amend the rules in 26 CFR parts 1, 20, 25, 31, 53, 54, and 56 regarding the filing and records requirements of certain taxpayers under section 6011. The temporary regulations also amend the rules in 26 CFR part 301 regarding the registration of confidential corporate tax shelters under section 6111. The text of the temporary regulations also serves as the text of these proposed regulations.

November 12, 2002 832 2002–45 I.R.B.
The preamble to the temporary regulations explains the regulations.

Special Analyses

It has been determined that these notices of proposed rulemaking are not significant regulatory actions as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. It is hereby certified that the collection of information in these regulations will not have a significant economic impact on a substantial number of small entities. This certification is based upon the fact that the time required to prepare or retain the disclosure or registration is not lengthy and will not have a significant impact on those small entities that are required to provide disclosure or to register. Therefore, a Regulatory Flexibility Analysis under the Regulatory Flexibility Act (5 U.S.C. chapter 6) is not required. Pursuant to section 7805(f) of the Internal Revenue Code, these notices of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Comments and Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written comments (preferably a signed original and eight (8) copies) or electronically generated comments that are submitted timely to the IRS. The IRS and Treasury request comments on the clarity of the proposed rules and how they can be made easier to understand. All comments will be available for public inspection and copying.

A public hearing has been scheduled for December 11, 2002, beginning at 10 a.m. in room 6718 of the Internal Revenue Building, 1111 Constitution Avenue, NW, Washington, DC. Due to building security procedures, visitors must enter at the Constitution Avenue entrance. In addition, all visitors must present photo identification to enter the building. Because of access restrictions, visitors will not be admitted beyond the immediate entrance area more than 30 minutes before the hearing starts. For information about having your name placed on the building access list to attend the hearing, see the “FOR FURTHER INFORMATION CONTACT” section of this preamble.

The rules of 26 CFR 606.601(a)(3) apply to the hearing. Persons who wish to present oral comments at the hearing must submit electronic or written comments and an outline of the topics to be discussed and the time to be devoted to each topic (signed original and eight (8) copies) by December 2, 2002. A period of 10 minutes will be allotted to each person for making comments. An agenda showing the scheduling of the speakers will be prepared after the deadline for receiving outlines has passed. Copies of the agenda will be available free of charge at the hearing.

November 12, 2002 834 2002–45 I.R.B.
should be received by December 23, 2002. Comments are specifically requested concerning:

Whether the proposed collections of information are necessary for proper performance of the functions of the Internal Revenue Service, including whether the information will have practical utility;

The accuracy of the estimated burden associated with the proposed collections of information (see below);

How the quality, utility, and clarity of the information to be collected may be enhanced;

How the burden of complying with the proposed collections of information may be minimized, including through the application of automated collection techniques or other forms of information technology; and

Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of service to provide information.

The collections of information in this proposed regulation are in § 301.6112–1T(a), (e), (f) and (i). This information is required to comply with the list maintenance requirements under section 6112. Section 6708 provides penalties for failing to maintain a list under section 6112. This information will be used to ensure compliance with the Federal tax laws. The collections of information are mandatory. The likely respondents and recordkeepers are individuals, business or other for-profit and not for-profit institutions, and small businesses or organizations.

Estimated total annual reporting and/or recordkeeping burden: 15,000 hours.

Estimated average annual burden hours per respondent and/or recordkeeper: 100 hours.

Estimated number of respondents and/or recordkeepers: 150.

Estimated annual frequency of responses: On occasion.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by the Office of Management and Budget. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Background

The temporary regulations amend 26 CFR part 301 regarding rules relating to the list maintenance requirements under section 6112. The text of the temporary regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains the regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. It is hereby certified that the collection of information in these regulations will not have a significant economic impact on a substantial number of small entities. This certification is based upon the fact that the number of respondents is small, those persons responsible for maintaining the list described in the regulations are principally sophisticated businesses, including accounting firms and law firms and very few respondents, if any, are likely to be small businesses. Therefore, a Regulatory Flexibility Analysis under the Regulatory Flexibility Act (5 U.S.C. chapter 6) is not required. Pursuant to section 7805(f) of the Internal Revenue Code, this notice of proposed rulemaking will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business.

Comments and Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any written comments (preferably a signed original and eight (8) copies) or electronically generated comments that are submitted timely to the IRS. The IRS and Treasury request comments on the clarity of the proposed rules and how they can be made easier to understand. All comments will be available for public inspection and copying.

A public hearing has been scheduled for December 11, 2002, beginning at 10 a.m., in room 6718 of the Internal Revenue Building, 1111 Constitution Avenue, NW, Washington, DC. Due to building security procedures, visitors must enter at the Constitution Avenue entrance. In addition, all visitors must present photo identification to enter the building. Because of access restrictions, visitors will not be admitted beyond the immediate entrance area more than 30 minutes before the hearing starts. For information about having your name placed on the building access list to attend the hearing, see the “FOR FURTHER INFORMATION CONTACT” section of this preamble.

The rules of 26 CFR 606.601(a)(3) apply to the hearing. Persons who wish to present oral comments at the hearing must submit electronic or written comments and an outline of the topics to be discussed and the time to be devoted to each topic (signed original and eight (8) copies) by December 2, 2002. A period of 10 minutes will be allotted to each person for making comments. An agenda showing the scheduling of the speakers will be prepared after the deadline for receiving outlines has passed. Copies of the agenda will be available free of charge at the hearing.

Request for Comments Regarding Application for Recognition of Exemption Under Section 501(c)(3) of the Code

Announcement 2002–103

The Internal Revenue Service (IRS) is revising Form 1023, Application for Recognition of Exemption Under Section 501(c)(3) of the Internal Revenue Code, and Instructions for Form 1023. To ensure that this process considers the needs of all who have an interest in the application filed by organizations to obtain recognition of exemption from federal income tax under § 501(c)(3) of the Internal Revenue Code, we are seeking comments from exempt organizations, practitioners, state regulators, vendors, and others.

This Announcement corrects Announcement 2002–92, 2002–41 I.R.B. 709, by amending the electronic email address to which comments may be sent.

BACKGROUND

In order to be recognized as exempt from federal income tax under § 501(a) as an organization described in § 501(c)(3), the law requires that most organizations submit an application with a detailed statement of their proposed activities sufficient to establish that they qualify for exemption. This draft application and accompanying instructions takes into consideration this requirement and comments we previously received from those involved in the application process with suggestions for improvements.

REQUEST FOR PUBLIC COMMENT

The IRS requests comments from exempt organizations, practitioners, and all interested stakeholders on proposed revisions to the current Form 1023 and Instructions. The proposed revisions have been posted on the IRS website, at www.irs.gov/eo.

Interested parties should provide a statement explaining their interest in the Form 1023 and any information that will be useful in revising it. We are particularly interested in comments that address the following:

1. Ease of comprehension,
2. Customer burden,
3. Technical accuracy, and
4. Sufficiency of information requested.

Public comments should be submitted in writing on or before December 2, 2002, to the following address:

Internal Revenue Service
1111 Constitution Avenue, NW
Washington, DC 20224
Attn: Amy Henchey — Form 1023
T:EO:CEO

Comments may also be sent via electronic mail to tege.eo2@irs.gov.

It is not the practice of the Service to announce such revised classification of foundation status in the Internal Revenue Bulletin.
Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as “rulings”) that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with amplified and clarified, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in law or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in the new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, modified and superseded describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
