Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly and may be obtained from the Superintendent of Documents on a subscription basis. Bulletin contents are compiled semiannually into Cumulative Bulletins, which are sold on a single-copy basis.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations,

court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

Part I.—1986 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.

This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

Sec. 1. Purpose

.01 The purpose of this Revenue Procedure is to provide the specifications for filing Form 1042-S with IRS/IRB electronically through the FIRE (Filing Information Returns Electronically) System. This Revenue Procedure must be used to prepare current and prior year information returns **filed beginning January 1, 2011, and received by IRS/IRB by December 31, 2011.**

.02 Generally, the box names on the paper Form 1042-S correspond with the fields used to file electronically; however, if discrepancies occur, the instructions in this Revenue Procedure govern.

.03 This Revenue Procedure supersedes Rev. Proc. 2009-35 published as Publication 1187, Specifications for Filing Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding, Electronically.

.04 Refer to Part A, Sec.13, for definitions of terms used in this publication.

.05 Specifications for filing Forms W-2, Wage and Tax Statements, electronically are available from the Social Security Administration (SSA) **only**. Filers can call 1-800-SSA-6270 to obtain the telephone number of the SSA Employer Service Liaison Officer for their area.

.06 IRS/IRB does **not** process Forms W-2. Forms W-2 must be sent to SSA. IRS/IRB does, however, process waiver requests (Form 8508) and extension of time to file requests (Form 8809) for Forms W-2 and requests for an extension of time to provide the employee copies of Forms W-2.

.07 Every withholding agent (defined in Section 13) must file an information return on Form 1042-S to report amounts paid during the preceding calendar year that is U.S. sourced income. See Publication 515 for additional guidance on what is considered U.S. sourced income. You must file a Form 1042-S even if you did not withhold tax because the income was exempt from tax under a U.S. tax treaty or the Code, including the exemption for income that is effectively connected with the conduct of a trade or business in the United States, or you released the tax withheld to the recipient. Amounts paid to bona fide residents of U.S. possessions and territories are not subject to reporting on Form 1042-S if the beneficial owner of the income is a U.S. citizen, national, or resident alien.

Caution: If you are required to file Form 1042-S, you must also file Form 1042, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons. See Form 1042 for more information.

.08 The following Revenue Procedures and publications provide more detailed filing procedures for certain information returns:

- (a) Paper Instructions for Form 1042-S.

not include SSNs or EINs on e-mails since this is not a secure line. The Telecommunications Device for the Deaf (TDD) toll number is 304-579-4827. Call as soon as questions arise to avoid the busy filing seasons. Recipients of information returns (payees) should continue to contact 1-800-829-1040 with any questions on how to report the information returns data on their tax returns.

Sec. 4. Filing and Retention Requirements

.01 The regulations under section 6011(e)(2)(A) of the Internal Revenue Code provide that any person, including a corporation, partnership, individual, estate, and trust, who is required to file 250 or more information returns must file such returns electronically. Withholding agents who meet the threshold of 250 or more Forms 1042-S are required to submit their information electronically.

Note: Even though filers with less than 250 information returns are not required to submit the information returns electronically and may submit them on paper, IRS/IRB encourages filers to transmit those information returns electronically.

.02 These requirements apply separately to both originals and amended records filed electronically.

.03 All filing requirements that follow apply individually to each reporting entity as defined by its separate Taxpayer Identification Number (TIN), [Social Security Number (SSN), Employer Identification Number (EIN), Individual Taxpayer Identification Number (ITIN), or Qualified Intermediary Employer Identification Number (QI-EIN), Withholding Foreign Partnership Employer Identification Number (WP-EIN), Withholding Foreign Trust Employer Identification Number (WT-EIN)]. For example, if a corporation with several branches or locations uses the same EIN, the corporation must aggregate the total volume of returns to be filed for that EIN and apply the filing requirements to each type of return accordingly.

.04 The above requirements do not apply if the filer establishes hardship (see Part D, Sec. 5).

.05 Current and prior year data must be submitted in separate electronic transmissions. Each tax year must be a separate electronic file.

.06 Filers who have prepared their information returns in advance of the due date should submit this information to IRS/IRB no earlier than January 1 of the year the return is due.

.07 Do not report duplicate information. If a filer submits returns electronically, identical paper documents must not be filed. Duplicate filing will result in penalty notices being sent to recipients.

.08 Withholding agents should retain a copy of the information returns filed with IRS/IRB or have the ability to reconstruct the data for at least 3 years from the due date of the returns.

Sec. 5. Vendor List –Publication 1582

.01 IRS/IRB prepares a list of vendors who support electronic filing. Publication 1582 Information Returns Vendor List contains the names of service bureaus that will produce or submit files for electronic filing. It also contains the names of vendors who provide software packages for payers who wish to produce electronic files on their own computer systems. This list is compiled as a courtesy and in no way implies IRS/IRB approval or endorsement.

.02 If filers engage a service bureau to prepare files on their behalf, the filers must not also report this data, as it will create a duplicate filing situation which may cause penalty notices to be generated.

.03 The Vendor List, Publication 1582, is updated periodically. The most recent revision is available on the IRS website at www.irs.gov. For an additional list of software providers, log on to www.irs.gov and go to the [Approved IRS e-file for Business Providers](#) link.

.04 A vendor, who offers a software package, or has the capability to electronically file information returns for customers, and who would like to be included in Publication 1582 must submit a letter or e-mail to IRS/IRB. The request should include:

- (a) Company name
- (b) Address (include city, state, and ZIP code)
- (c) Telephone and FAX number (include area code)
- (d) E-mail address
- (e) Contact person
- (f) Website
- (g) Type(s) of service provided (e.g., service bureau and/or software)
- (h) Method of filing (only electronic filing is acceptable)
- (i) Type(s) of return(s)

Sec. 6. Form 4419, Application for Filing Information Returns Electronically (FIRE)

.01 Transmitters are required to submit Form 4419, Application for Filing Information Returns Electronically (FIRE), to request authorization to file information returns with IRS/IRB. A single Form 4419 may be filed. IRS/IRB encourages transmitters who file for multiple withholding agents or qualified intermediaries to submit one application and to use the assigned Transmitter Control Code (TCC) for all. The Form 4419 is subject to review before the approval to transmit electronically is granted and may require

additional documentation at the request of the IRS. If a determination is made concerning the validity of the documents transmitted electronically, IRS has the authority to revoke the Transmitter Control Code (TCC) and terminate the release of files.

Note: EXCEPTIONS — An additional Form 4419 is required for filing Forms 1097, 1098, 1099, 3921, 3922, 5498, W-2G, Form 8027, Employer’s Annual Information Return of Tip Income and Allocated Tips and Form 8955-SSA Annual Registration Statement Identifying Separated Participants With Deferred Vested Benefits. See back of Form 4419 for detailed instructions.

.02 Electronically filed returns may not be submitted to IRS/IRB until the application has been approved. Please read the instructions on the back of Form 4419 carefully. A Form 4419 is included in the Publication 1187 for the filer’s use. This form may be photocopied. Additional forms may be obtained by calling **1-800-TAX-FORM (1-800-829-3676)**. The form is also available at www.irs.gov.

.03 Upon approval, a five-character alpha/numeric Transmitter Control Code (TCC) beginning with the digits “**22**” will be assigned and included in an approval letter. The TCC **must** be coded in the Transmitter “T” Record. If a transmitter uses more than one TCC to file, each TCC must be reported on a separate electronic transmission. Please make sure you submit your electronic files using the correct TCC.

.04 If **any** of the information (name, TIN or address) on the Form 4419 changes, please notify IRS/IRB in writing so the IRS/IRB database can be updated. The transmitter should include the TCC in all correspondence.

.05 Form 4419 may be submitted anytime during the year; however, it **must** be submitted to IRS/IRB at least 30 days before the due date of the return(s) for current year processing. This will allow IRS/IRB the minimum amount of time necessary to process and respond to applications. Form 4419 may be faxed to IRS/IRB toll-free within the U.S. at 877-477-0572; from outside the U.S. at 304-579-4105 (not toll-free). In the event that computer equipment or software is not compatible with IRS/IRB, a waiver may be requested to file returns on paper documents.

.06 IRS/IRB encourages a transmitter who files for multiple withholding agents to submit one application and to use the assigned TCC for all withholding agents.

.07 If a withholding agent’s files are prepared by a service bureau, it may not be necessary for the withholding agent to submit an application to obtain a TCC. Some service bureaus will produce files, code their own TCC on the file, and send it to IRS/IRB for the withholding agent. Other service bureaus will prepare electronic files for the withholding agent to submit directly to IRS/IRB. These service bureaus may require the withholding agent to obtain a TCC to be coded in the Transmitter “T” Record. Withholding agents should contact their service bureaus for further information.

.08 Once a transmitter is approved to file electronically, it is not necessary to reapply each year **unless**:

- (a) The withholding agent has discontinued filing electronically for two consecutive years; the withholding agent’s TCC may have been reassigned by IRS/IRB. Withholding agents who are aware that the TCC assigned will no longer be used are requested to notify IRS/IRB so these numbers may be reassigned; **or**
- (b) The withholding agent’s electronic files were transmitted in the past by a service bureau using the service bureau’s TCC, but now the withholding agent has computer equipment compatible with that of IRS/IRB and wishes to prepare his or her own files. The withholding agent must request a TCC by filing Form 4419.

.09 One Form 4419 may be submitted per TIN. Multiple TCCs will only be issued to withholding agents with multiple TINs. Only one TCC will be issued per TIN unless the filer has checked the application for the following forms in addition to the Form 1042-S: Forms 1097, 1098, 1099, 3921, 3922, 5498, W-2G, 8935-SSA, and/or 8027. A separate TCC will be assigned for these forms.

.10 Approval to file does not imply endorsement by IRS/IRB of any computer software or of the quality of tax preparation services provided by a service bureau or software vendor.

Sec. 7. Due Dates

.01 The due dates for filing paper returns with IRS also applies to electronic filing of Form 1042-S which is on a calendar year basis.

.02 Form 1042-S filed electronically must be submitted to IRS/IRB on or before March 15.

.03 If any due date falls on a Saturday, Sunday or legal holiday, the return or statement is considered timely if filed or furnished on the next day that is not a Saturday, Sunday, or legal holiday.

.04 Statements to recipients must be postmarked on or before March 15.

Sec. 8. Validation of Information Returns at IRS Service Center

.01 The accuracy of data reported on Form 1042-S will now be reviewed and validated at the IRS Service Center. All fields indicated as “**Required**” in the record layouts in Part C **must** contain **valid information**. If the Service identifies an error, you will be notified and required to provide correct information.

.02 Know your recipient! See Notice 2006-35, 2006-1 C.B. 708 for know-your-customer rules.

.03 The tax rate entered must be a valid tax rate based on the Internal Revenue Code or on a valid treaty article. The valid treaty rate is based on the recipient's country of residence for tax purposes. The rate selected must be justified by the appropriate treaty. A valid Tax Rate Table can be found in the Instructions for Forms 1042-S.

.04 The Gross Income amount field must reflect pretax income. The Gross Income amount is the total income paid before any deduction of tax at source.

.05 If a qualified intermediary, withholding foreign partnership, or withholding foreign trust is acting as such, either as a withholding agent or as a recipient, the TIN reported must be a QI-EIN, WP-EIN, or WT-EIN and must begin with "98". See definition of QI in Part A, Section 13 or in the paper Instructions for Form 1042-S.

.06 Country Codes used must be valid codes taken from the Country Code Table. Generally, the use of "OC" or "UC" will generate an error condition. If a recipient is claiming treaty benefits, the Country Code can never be "OC" or "UC".

.07 If a recipient is an "UNKNOWN RECIPIENT" or "WITHHOLDING RATE POOL", no address should be present. These are the only two situations where a street address is not required.

.08 A U.S. TIN for a recipient is now generally required, particularly for most treaty benefits. The exceptions are very limited and are listed in Publication 515 and the current paper Instructions for Form 1042-S. *Use recipient U.S. TIN type indicator 4 when a U.S. TIN is required but was not provided. Reduced tax rates are not applicable when using TIN type 4 indicator.*

.09 Apply the following formula to determine U.S. Federal Tax Withheld (field positions 359–370 of the "Q" Record). Applying the formulas will determine what the correct amount of withholding should be. If you withheld differently you must enter the amount you actually withheld. The U.S. Federal Tax Withheld amount must be added to Withholding by Other Agents (field positions 371–382) and the total of the two fields will be reflected in the Total Withholding Credit (field positions 383–394). Also you must ensure the appropriate indicator is reflected in position 761 (U.S. Federal Tax Withheld Indicator). All field positions described below are in the "Q" Record.

Income Codes (15 — 20)

Gross Income (6–17)
– Withholding Allowance (18–29)
= Net Income (30–41)
X Tax Rate (42–45)
= U.S. Federal Tax Withheld (359–370)

All Other Income Codes

Gross Income (6–17)
X Tax Rate (42–45)
= U.S. Federal Tax Withheld (359–370)

.10 The following is how to correctly report an Unknown Recipient. All entries are in the Recipient "Q" Record.

- (a) Tax Rate (positions 42–45) must be 3000.
- (b) Exemption Code (positions 46–47) is 00.
- (c) Recipient Code (positions 92–93) is 20.
- (d) Recipient's Name Line–1 (positions 94–133) must have "UNKNOWN" or "UNKNOWN RECIPIENT"
- (e) Recipient's Name Line–2 (positions 134–173) must be blank.
- (f) Recipient's address (positions 214–337) must be blank.
- (g) Recipient's Country Code (positions 338–339) is UC.

.11 When making a payment to an international organization (e.g., United Nations) or a tax-exempt organization under IRC 501(a), use Country Code "OC". Use "UC" only when you have an "UNKNOWN RECIPIENT".

.12 When using Exemption Code 4, the Recipient Country of Residence Code for Tax Purposes MUST be a VALID treaty country (e.g. if tax resident of Northern Ireland use United Kingdom). Do not use Exemption Code 4 unless a reduction or exemption of tax is based on a treaty claim.

.13 Generally, payments under Income Codes 06 and 08 are not exempt from withholding, however, certain exceptions apply. See the current paper Instructions for Form 1042-S.

.14 If income is from gambling winnings (Income Code 28) or is not specified (Income Code 50), the tax rate must generally be 30%. This type of income is only exempt from withholding at source if the exemption is based on a tax treaty. These treaties are listed in Publication 515 Withholding of Tax on Nonresident Aliens and Foreign Entities.

.15 If Income Code 20 (Earnings as Artist or Athlete) is used, the Recipient Code must be 09. Do not use Recipient Code 01 (Individual), 02 (Corporation), or 03 (Partnership). Generally, the tax rate cannot be reduced even if a treaty may apply.

.16 When paying scholarship and fellowship grants (Income Code 15), the Recipient's Country of Residence for Tax Purposes must be identified and cannot be "OC" or "UC". Grants that are exempt under Code Section 117 are no longer required to be reported on Form 1042-S.

Note: Grants that are exempt under Code 117 include only amounts provided for tuition, fees, books, and supplies to a qualified student. Amounts provided for room and board can only be exempted under a tax treaty and must be reported on Form 1042-S whether exempt from tax or not.

.17 If a student is receiving compensation (Income Code 19) or a teacher or a researcher is receiving compensation (Income Code 18), all or part of which is exempted from tax under a tax treaty, the Country of Residence for Tax Purposes must be identified and cannot be “OC” or “UC”.

Sec. 9. Amended Returns

.01 If you filed a Form 1042-S with the IRS and later discovered an error on the filing, you must send an amended 1042-S as soon as possible.

Note: If any information you correct on Form(s) 1042-S changes the information previously reported on Form 1042, you must also correct the Form 1042 by filing an amended return.

.02 The electronic filing requirement of information returns of 250 or more applies separately to both original and amended returns.

If a withholding agent has 100 Forms 1042-S to be amended, they can be filed on paper because they fall under the 250 threshold. However, if the withholding agent has 300 Forms 1042-S to be amended, they must be filed electronically because they exceed the 250 threshold. If for some reason a withholding agent cannot file the 300 amended returns electronically, to avoid penalties, a request for a waiver must be submitted before filing on paper. If a waiver is approved for original documents, any amended returns for the same type of return will be covered under this waiver.

.03 Amended returns should be filed **as soon as possible**. Amended returns filed after August 1 may be subject to the maximum penalty of \$50 per return. Amended returns filed by August 1 may be subject to a lesser penalty. For information on penalties, refer to the Penalty section of the current paper Instructions for Form 1042-S. However, if a withholding agent discovers errors after August 1, the withholding agent is still required to file amended returns or be subject to a penalty for intentional disregard of the filing requirements. If a record is incorrect, all fields on that record must be completed with the correct information. Submit amended returns only for the returns filed in error. Do not submit the entire file. Furnish amended statements to recipients as soon as possible.

Note: Do not include original returns and amended returns in the same electronic file.

.04 If filers discover that certain information returns were omitted on their original file, they must **not** code these documents as amended returns. The file must be coded and submitted as an original file.

.05 Prior year data, original and amended, **must** be filed according to the requirements of this Revenue Procedure. If submitting prior year amended returns, use the record format for the current year and submit in separate transmission. However, use the actual year designation of the amended return in Field Positions 2–5 of the “T” Record. A separate electronic transmission must be made for each tax year.

.06 In general, filers should submit amended returns for returns filed within the last 3 calendar years.

.07 All paper returns, whether original or amended, must be filed with IRS, Ogden Service Center, P.O. Box 409101, Ogden, UT 84409.

.08 The “Q” Record provides a 20-position field (positions 72–91) for the recipient’s account number assigned by the withholding agent. This number will help identify the appropriate incorrect return if more than one return is filed for a particular payee. This number should appear on the initial return and on the amended return in order to identify and process the amended return properly.

Do not enter a TIN in this field.

.09 The record sequence for filing amended returns is the same as for original returns.

.10 Following is a chart showing the steps to be taken for amending Form 1042-S:

Guidelines for Filing Amended Returns Electronically

One transaction is required to make the following corrections properly.

Error Made on the Original Return

How To File the Corrected Return

ERROR TYPE 1

CORRECTION

1. Original return was filed with one or more of the following errors:
- (a) Incorrect money amount
 - (b) Incorrect codes and/or check boxes
 - (c) Incorrect address
 - (d) Form 1042-S submitted in error — should not have been submitted

- A. Prepare a new file. The first record on the file will be the Transmitter “T” Record.
- B. Make a separate “W” Record for each withholding agent being reported with a Return Type Indicator of “1” (1 = Amended) in field position 2. Enter a “G” (Amended Return Indicator) in position 810.
- C. The Recipient “Q” Records must show the correct record information with a Return Type Indicator of “1” for amended in field position 2. (**See Note 1.**) Enter a “G” (Amended Return Indicator) in position 810.
- D. Prepare a separate Reconciliation “C” Record for each withholding agent (“W” Record) being reported summarizing the preceding amended “Q” Records.
- E. The last record on the file will be the End of Transmission “F” Record.

Note 1: If the 1042-S was submitted in error then all fields must be exactly the same as the original record **except** that all money amounts will be zero.

Guidelines for Filing Amended Returns Electronically

Two (2) separate transactions (files) are required to make the following corrections properly. Follow the directions for both Transactions 1 and 2. DO NOT use the two step correction process to correct money amounts.

Error Made on the Original Return

How To File the Corrected Return

ERROR TYPE 2

CORRECTION

1. Original "Q" Records were filed with one or more of the following errors:
- (a) No Recipient TIN (SSN, EIN, ITIN, QI-EIN)
 - (b) Incorrect Recipient TIN
 - (c) Incorrect Recipient name
 - (d) Incorrect Recipient name and address

Transaction 1: Identify incorrect returns.

- A. Prepare a new file. The first record on the file will be the Transmitter "T" Record.
- B. Make a separate "W" Record for each withholding agent being reported. The information in the "W" Record will be **exactly** the same as it was in the original submission except for the Return Type Indicator of "1" (1 = Amended) in field position 2 and the Amended Return Indicator in position 810 must be a "G". (See Note 2.)
- C. The Recipient "Q" Records must contain **exactly the same** information as submitted previously, **except**, insert the Amended Return Indicator Code of "1" in Field Position 2 of the "Q" Records, and enter "0" (zeros) in all payment amounts. You must enter the Return Type Indicator of 1 in position 2 and the Amended Return Indicator of "G" in position 810 of all "Q" Records. (See Note 2.)
- D. Prepare a separate Reconciliation "C" Record for each withholding agent being reported summarizing the preceding "Q" Records.
- E. Continue with Transaction 2 to complete the correction.

Note 2: The Record Sequence Number will be different since this is a counter number and is unique to each file.

***See Note 3**

Note 3: Step 1 and Step 2 can be included in the same electronic file.

Transaction 2: Report the correct information.

If you submit separate files for Step 1 and Step 2 each file must have a complete set of "T, W, Q, C and F" records.

- A. Make a separate "W" Record for each withholding agent being reported. The Return Type Indicator must be "1" in position 2. The Amended Indicator of "C" must be entered in position 810.
 - B. The Recipient "Q" Records must show the correct information. The Return Type Indicator in position 2 must be "1" and the Amended Return Indicator must be "C".
 - C. Prepare a separate Reconciliation "C" Record for each withholding agent being reported summarizing the preceding Q Records.
 - D. The last record on the file will be the End of Transmission "F" Record.
-

Amended coded Withholding Agent "W" Record	Amended coded Recipient "Q" Record	Amended coded Recipient "Q" Record	Amended coded Recipient "Q" Record	Reconciliation "C" Record	End of Transmission "F" Record
--	---	---	---	---------------------------------	---

.11 When correcting the Withholding Agent "W" Record follow the two step correction process. When the "W" Record is being corrected, then **every** Recipient "Q" Record reported under that incorrect "W" Record must be amended by zero filling all the amount fields as described in the Transaction 1 step.

.12 For information on when an amended Form 1042 is required, refer to the current Form 1042 Instructions.

Sec. 10. Taxpayer Identification Number (TIN)

.01 Section 6109 of the Internal Revenue Code establishes the general requirements under which a person is required to furnish a U. S. TIN to the person obligated to file the information return.

.02 The Withholding Agent must provide its EIN, QI-EIN, WP-EIN or WT-EIN as appropriate, in the "W" Record and "T" Record, if the Withholding Agent is also the transmitter.

.03 A recipient U. S. TIN (SSN, ITIN, EIN, QI-EIN, WP-EIN, WT-EIN) must be provided on every "Q" Record when:

- (a) Tax rate is less than 30% (See the current paper Instructions for Form 1042-S for exceptions)
- (b) Income is effectively connected with the conduct of a trade or business in the United States
- (c) Recipient claims tax treaty benefits (generally)
- (d) Recipient is a Qualified Intermediary
- (e) An NRA individual is claiming exemption from withholding on independent personal services
- (f) Other situations may apply, see Publication 515

.04 In the event the recipient does not have a U.S. TIN, the withholding agent should advise the recipient to take the necessary steps to apply for one.

.05 The recipient's U.S. TIN and name combination are used to associate information returns reported to IRS/IRB with corresponding information on recipients' tax returns. It is imperative that **correct** U.S. Taxpayer Identification Numbers (TINs) for recipients be provided to IRS/IRB. **Do not enter hyphens or alpha characters.** Entering all zeros, ones, twos, etc., will have the effect of an incorrect TIN.

.06 The withholding agent and recipient names with associated TINs should be consistent with the names and TINs used on other tax returns.

Note: A withholding agent must have a valid EIN, QI-EIN, WP-EIN, and/or WT-EIN. It is no longer valid for a withholding agent to use SSNs and ITINs.

Sec. 11. Effect on Paper Returns and Statements to Recipients

.01 Electronic reporting of Form 1042-S eliminates the need to submit paper documents to the IRS. **CAUTION: Do not send Copy A of the paper forms to the IRS for any forms filed electronically.** This will result in duplicate filing.

.02 Withholding agents are responsible for providing statements to the recipients as outlined in the current paper Instructions for Form 1042-S. Refer to those instructions for filing Form 1042-S on paper with the IRS and furnishing statements to recipients.

.03 Statements to recipients should be clear and legible. If the official IRS form is not used, the filer must adhere to the specifications and guidelines in Publication 1179, General Rules and Specifications for Substitute Forms 1096, 1098, 1099, 3921, 3922, 5498, 8935, W-2G and 1042-S.

.04 The address for filing paper Forms 1042-S and Form 1042 is: Ogden Service Center, P.O. Box 409101, Ogden, UT 84409. Do **NOT** send paper Forms 1042-S or 1042 to IRS/IRB.

Sec. 12. Penalties Associated With Information Returns

.01 The following penalties generally apply to the person required to file information returns. The penalties apply to electronic filers as well as to paper filers.

.02 Failure To File Correct Information Returns by the Due Date (Section 6721). If you fail to file a correct information return by the due date and you cannot show reasonable cause, you may be subject to a penalty. The penalty applies if, you fail to file timely, if you fail to include all information required to be shown on a return, or if you include incorrect information on a return. The penalty also applies if you file on paper when you were required to file electronically, you report an incorrect TIN or fail to report a TIN, or you fail to file paper forms that are machine readable.

The amount of the penalty is based on when you file the correct information return. The penalty is:

- **\$15** per information return if you correctly file within 30 days of the due date of the return (See Part A, Sec. 7 .02); maximum penalty \$75,000 per year (\$25,000 for small businesses).
- **\$30** per information return if you correctly file more than 30 days after the due date but by August 1; maximum penalty \$150,000 per year (\$50,000 for small businesses).
- **\$50** per information return if you file after August 1 or you do not file required information returns; maximum penalty \$250,000 per year (\$100,000 for small businesses).

.03 A late filing penalty may be assessed for a replacement file which is not transmitted by the required date. See Part B, Sec. 4 .05, for more information on replacement files.

.04 Intentional disregard of filing requirements. If failure to file a correct information return is due to intentional disregard of the filing or correct information requirements, the penalty is at least \$100 per information return with no maximum penalty.

.05 Failure To Furnish Correct Payee Statements (Section 6722). For information regarding penalties which may apply for a failure to furnish correct payee statements, see Instructions for Form 1042-S.

Sec. 13. Definition of Terms

Element	Description
Amended Return	An amended return is an information return submitted by the transmitter to amend an information return that was previously submitted to and processed by IRS/IRB, but contained erroneous information.
Beneficial Owner	The beneficial owner of income is, generally, the person who is required under U.S. tax principles to include the income in gross income on a tax return. For additional information and special conditions see Definitions in the current paper Instructions for Form 1042-S.
Employer Identification Number (EIN)	A nine-digit number assigned by IRS for Federal tax reporting purposes.
Electronic Filing	Submission of information returns electronically via the Internet. See Part B of this publication for specific information on electronic filing.
File	For purposes of this Revenue Procedure, a file consists of one Transmitter "T" Record at the beginning of the file, a Withholding Agent "W" Record, followed by the Recipient "Q" Record (s), a Reconciliation "C" Record summarizing the number of preceding "Q" Records and total of preceding money fields. Follow with any additional "W", "Q", and "C" Record sequences as needed. The last record on the file will be the End of Transmission "F" Record. Nothing should be reported after the End of Transmission "F" Record.
Filer	Person (may be withholding agent and/or transmitter) submitting information returns to IRS.
Filing Year	The calendar year in which the information returns are being submitted to IRS.

Element	Description
Flow-Through Entity	A flow-through entity is a foreign partnership (other than a withholding foreign partnership) or a foreign simple or grantor trust (other than a withholding foreign trust). For any payments for which a reduced rate of withholding under an income tax treaty is claimed, any entity is considered to be a flow-through entity if it is considered to be fiscally transparent under IRC Section 894 with respect to the payment by an interest holder's jurisdiction.
Foreign Person	A foreign person includes a nonresident alien individual, a foreign corporation, a foreign partnership, a foreign trust, a foreign estate, and any other person who is not a U.S. person. The term also includes a foreign branch or office of a U.S. financial institution or U.S. clearing organization, if the foreign branch is a Qualified Intermediary. Generally, a payment to a U.S. branch of a foreign institution is a payment to a foreign person.
Gross Income	Gross income includes income from all sources, except certain items expressly excluded by statute. Gross income is the starting point for computing adjusted gross income and taxable income.
Individual Taxpayer Identification Number (ITIN)	A nine-digit number issued by IRS to individuals who are required to have a U.S. taxpayer identification number for tax purposes but are not eligible to obtain a Social Security Number (SSN). ITIN may be used for tax purposes only.
Information Return	The vehicle for withholding agents to submit required tax information about a recipient to IRS. For this Revenue Procedure, it is information about a foreign person's U.S. source income subject to withholding, and the information return is Form 1042-S.
Intermediary	An intermediary is a person who acts as a custodian, broker, nominee, or otherwise as an agent for another person, regardless of whether that other person is the beneficial owner of the amount paid, a flow-through entity, or another intermediary.
Nonqualified Intermediary (NQI)	A Nonqualified Intermediary is a foreign intermediary who is not a U.S. person and is not a Qualified Intermediary.
Payer	A payer is the person for whom the withholding agent acts as a paying agent pursuant to an agreement whereby the withholding agent agrees to withhold and report a payment.
Presumption Rules	The presumption rules are those rules prescribed under Chapter 3 and Chapter 61 of the Internal Revenue Code that a withholding agent must follow to determine the status of a beneficial owner as a U.S. or foreign person when it cannot reliably associate a payment with valid documentation.
Pro-Rata Basis Reporting	If the withholding agent has agreed that an NQI may provide information allocating a payment to its account holders under the provisions of Regulations section 1.1441-1(e)(3)(iv)(D), and the NQI fails to allocate the payment in a withholding rate pool to the specific recipients in the pool, the withholding agent must file a Form 1042-S for each recipient on a pro-rata basis.
Qualified Intermediary (QI)	A Qualified Intermediary is a foreign intermediary who is a party to a withholding agreement with the IRS, in which it agrees to comply with the relevant terms of Chapters 3 and 61 of the Internal Revenue Code and is in a country with approved know-your-customer rules. See Notice 2006-35.
Qualified Intermediary Employer Identification	A nine-digit number assigned by IRS to a QI for Federal tax reporting purposes. A QI-EIN is only to be used when a QI is acting as a qualified intermediary.
Recipient	Person (nonresident alien individual, fiduciary, foreign partnership, foreign corporation, Qualified Intermediary, Withholding Rate Pool, or other foreign entity) who receives payments from a withholding agent as a beneficial owner or as a qualified intermediary acting on behalf of a beneficial owner. A non-qualified intermediary cannot be a recipient.
Replacement File	A replacement file is an information return file sent by the filer at the request of IRS/IRB because of certain errors encountered while processing the filer's original submission.

Element	Description
Service Bureau	Person or organization with whom the withholding agent has a contract to prepare and/or submit information return files to IRS/IRB. A parent company submitting data for a subsidiary is not considered a service bureau.
Social Security Number (SSN)	A nine-digit number assigned by Social Security Administration to an individual for wage and tax reporting purposes.
Special Character	Any character that is not a numeric, an alpha, or a blank.
Taxpayer Identification Number (TIN)	Refers to either an Employer Identification Number (EIN), Social Security Number (SSN), Individual Taxpayer Identification Number (ITIN), or a Qualified Intermediary Employer Identification Number (QI-EIN).
Tax Year	The year in which payments were made by a withholding agent to a recipient.
Transmitter	Refers to the person or organization submitting file(s) electronically. The transmitter may be the payer, agent of the payer, or withholding agent.
Transmitter Control Code (TCC)	A five-character alpha/numeric number assigned by IRS/IRB to the transmitter prior to filing electronically. An application Form 4419 must be filed with IRS/IRB to receive this number. This number is inserted in the Transmitter "T" Record (field positions 190–194) of the file and must be present before the file can be processed. Transmitter Control Codes assigned to 1042-S filers will always begin with "22".
Unknown Recipient	For this Revenue Procedure, an unknown recipient is a recipient for whom no documentation has been received by a withholding agent or intermediary or for which documentation received cannot be reliably associated. This includes incomplete documentation. An unknown recipient is always subject to withholding at the maximum applicable rate. No reduction of or exemption from tax may be applied <u>under any circumstances.</u>
Vendor	Vendors include service bureaus that produce information return files on electronic files for withholding agents. Vendors also include companies that provide software for those who wish to produce their own electronic files.
Withholding Agent	Any person, U.S. or foreign, who has control, receipt, or custody of an amount subject to withholding or who can disburse or make payments of an amount subject to withholding. The withholding agent may be an individual, corporation, partnership, trust, association, or any other entity. The term withholding agent also includes, but is not limited to, a qualified intermediary, a nonqualified intermediary, a withholding foreign partnership, a withholding foreign trust, a flow-through entity, a U.S. branch of a foreign insurance company or foreign bank that is treated as a U.S. person, and an authorized foreign agent. A person may be a withholding agent under U.S. law even if there is no requirement to withhold from a payment or even if another person has already withheld the required amount from a payment.
Withholding Foreign Partnership (WP) or Withholding Foreign Trust (WT)	A foreign partnership or trust that has entered into a withholding or Withholding Foreign Trust agreement with the IRS in which it agrees to assume primary withholding responsibility for all payments that are made to it for its partners, beneficiaries, or owners.

Recipient State	AE, AA, or AP*

*AE is the designation for ZIP Codes beginning with 090–098, AA for ZIP 340, and AP for ZIP Codes 962–966.

Part B. Electronic Filing Specifications

Note: *The FIRE System DOES NOT provide fill-in forms, except for Form 8809, Application for Extension of Time to File Information Returns.* Filers must program files according to the Record Layout Specifications contained in this publication. For a list of software providers, log on to www.irs.gov and go to the [Approved IRS e-file for Business Providers](#) link. Also, see Part A, Sec. 5 .03.

Sec. 1. General

.01 Electronic filing of Form 1042-S (originals, amended and replacement files) is a reporting method for filers submitting 250 or more 1042-S Forms. Payers who are under the filing threshold requirement, are encouraged to file electronically.

.02 All electronic filing of information returns are received at IRS/IRB via the FIRE (Filing Information Returns Electronically) System. To connect to the FIRE System, point your browser to <http://fire.irs.gov>. The system is designed to support the electronic filing of information returns only.

.03 For files submitted on the FIRE System, it is the responsibility of the filer to check the status of your file within 5 business days to verify the results of your transmission. IRS/IRB will no longer mail error reports to filers for files that are bad. Information about the errors including the number of errors, a description and the first occurrence will be provided on the FIRE System. If additional information is needed to understand the errors, the filer can call toll free 1–866–455–7438 or outside the U.S. at 304–263–8700.

.04 The electronic filing of information returns is not affiliated with any other IRS electronic filing programs. Filers must obtain separate approval to participate in each of them. Only inquiries concerning electronic filing of information returns should be directed to IRS/IRB.

.05 Files submitted to IRS/IRB electronically must be in standard ASCII code. Do not send paper forms with the same information as electronically submitted files. This would create duplicate reporting resulting in penalty notices. See Part C, Record Format Specifications and Record Layouts.

.06 Form 8809, Application for Extension of Time to File Information Returns, is available as a fill-in form via the FIRE System. If you do not already have a User ID and password refer to Section 7. At the Main Menu, click "Extension of Time Request" and then click "Fill-in Extension Form". This option is only used to request an automatic 30-day extension and must be completed by the due date of the return for each payer requesting an extension. Print the approval page for you records. Refer to Part D for additional details.

Sec. 2. Electronic Filing Approval Procedure

.01 Filers must obtain, or already have, a Transmitter Control Code (TCC) assigned prior to submitting files electronically. Refer to Part A, Sec. 6, for information on how to obtain a TCC.

.02 Once a TCC is obtained, electronic filers assign their own user ID, password and PIN (Personal Identification Number) and do not need prior or special approval. See Part B, Sec. 5, for more information on the PIN.

.03 If a filer is submitting files for more than one TCC, it is not necessary to create a separate logon and password for each TCC.

.04 For all passwords, it is the user's responsibility to remember the password and not allow the password to be compromised. Passwords are user assigned and must consist of 8 alpha/numerics characters containing at least 1 uppercase, 1 lowercase, and 1 numeric. FIRE will require you to change your password periodically. Users can change their passwords at any time from the Main Menu. Prior passwords cannot be used. However, filers who forget their password or PIN can call at **toll-free 1-866-455-7438 or outside the U.S. at 304-263-8700** for assistance.

Sec. 3. Test Files

.01 Filers are not required to submit a test file; however, the submission of a test file is encouraged for all new electronic filers to test hardware and software. If filers wish to submit an electronic test file, it **must** be submitted to IRS/IRB **no earlier than** November 1 of the current year, and **no later than** February 15, of the filing year.

.02 IRS/IRB strongly encourages all electronic filers to submit a test. The test file must consist of a sample of each type of record:

- (a) Transmitter "T" Record
- (b) Withholding Agent "W" Record
- (c) Multiple Recipient "Q" Records (**at least 11 recommended**)
- (d) Reconciliation "C" Record
- (e) End of Transmission "F" Record

.03 Use the Test Indicator "**TEST**" (upper case) in Field Positions 195-198 of the "T" Record to show this is a test file.

.04 IRS/IRB will check the file to ensure it meets the specifications of this Revenue Procedure. For current filers, sending a test file will provide the opportunity to ensure their software reflects all required programming changes. Filers are reminded that not all validity, consistency, or math error tests will be conducted.

.05 Filers who encounter problems while transmitting the electronic test file can contact IRS/IRB toll-free at 1-866-455-7438 or outside the U.S. at 304-263-8700 for assistance.

.06 Within 5 days after your file has been sent, you will be notified via e-mail as to the acceptability of your file if you provide a valid e-mail address on the "Verify Your Filing Information" screen. If you are using e-mail filtering software, configure your software to accept e-mail from fire@irs.gov and irs.e-helpmail@irs.gov. If the file is bad or you have not received an e-mail, within 5 days, the filer must return to <http://fire.irs.gov> to determine what the errors are in the file by clicking on CHECK FILE STATUS.

Sec. 4. Electronic Submissions

.01 Electronically filed information may be submitted to IRS/IRB 24 hours a day, 7 days a week. Technical assistance will be available Monday through Friday between 8:30 a.m. and 4:30 p.m. Eastern Time by calling **toll-free at 1-866-455-7438 or outside the U.S. at 304-263-8700**.

.02 **The FIRE System will be down during the week of December 21, 2010 through January 3, 2011.** This allows IRS/IRB to update its system to reflect current year changes.

.03 Your file size cannot exceed 899,999 records. If you are sending files larger than 10,000 records electronically, data compression is encouraged. WinZip and PKZip are the only acceptable compression packages. IRS/IRB cannot accept self-extracting zip files or compressed files containing multiple files. The time required to transmit information returns electronically will vary depending upon the type of connection to the Internet and if data compression is used. **The time required to transmit a file can be reduced by as much as 95 percent by using compression.**

.04 Transmitters may create files using self assigned file name(s). Files submitted electronically will be assigned a new unique file name by the FIRE System. The filename assigned by the FIRE System will consist of submission type (TEST, ORIG [original],

AMEN [amended return], and REPL [replacement]), the filer's TCC and a four-digit number sequence. The sequence number will be incremented for every file sent. For example, if it is your first original file for the calendar year and your TCC is 22000, the IRS assigned filename would be ORIG.22000.0001. **Record the filename.** This information will be needed by IRS/IRB to identify the file, if assistance is required.

.05 If a file was submitted timely and is bad, the filer will have up to 60 days from the day the file was transmitted to transmit an acceptable file. If an acceptable file is not received within 60 days, the payer could be subject to late filing penalties.

.06 The following definitions have been provided to help distinguish between an amended return and a replacement:

- An **amended return** is an information return submitted by the transmitter to correct an information return that was previously submitted to and processed by IRS/IRB, but contained erroneous information. (**See Note.**)

Note: Amended returns should only be submitted for records that have been submitted incorrectly, not the entire file.

- A **replacement** is an information return file sent by the filer because the CHECK FILE STATUS option on the FIRE System indicated the original/amended file was bad. After the necessary changes have been made, the file must be transmitted through the FIRE System. (**See Note.**)

Note: Filers should never transmit anything to IRS/IRB as a "Replacement" file unless the CHECK FILE STATUS option on the FIRE System indicates the file is bad.

.07 The TCC in the Transmitter "T" Record must be the TCC used to transmit the file; otherwise, the file will be considered an error.

Sec. 5. PIN Requirements

.01 User will be prompted to create a PIN consisting of 10 numerics when establishing their initial logon name and password.

.02 The PIN is required each time an ORIGINAL, AMENDED, or REPLACEMENT file is sent electronically and serves as permission to release the file. It is not needed for a TEST file. An authorized agent/transmitter may enter their PIN; however, the Withholding Agent is responsible for the accuracy of the returns. The payer will be liable for penalties for failure to comply with filing requirements. If you forget your PIN, please call **toll-free at 1-866-455-7438 or outside the U.S. at 304-263-8700** for assistance.

Sec. 6. Electronic Filing Specifications

.01 The FIRE System is designed exclusively for the filing of Forms 1042-S, 1097, 1098, 1099, 3921, 3922, 5498, 8027, and W-2G.

.02 A transmitter must have a TCC (see Part A, Sec. 6) before a file can be transmitted.

.03 Within 5 days, the results of the electronic transmission will be e-mailed to you if you provided an accurate e-mail address on the "Verify Your Filing Information" screen. If you are using e-mail filtering software, configure your software to accept e-mail from **fire@irs.gov** and **irs.e-helpmail@irs.gov**. If the e-mail indicates that your file is bad, you must log into the FIRE System and go to the CHECK FILE STATUS area of the FIRE System to determine what the errors are in your file.

Sec. 7. Connecting to the FIRE System

.01 Point your browser to <http://fire.irs.gov> to connect to the FIRE System.

.02 Before connecting, have your TCC and TIN available.

.03 Your browser must support SSL 128-bit encryption.

.04 FIRE Internet Security Technical Standards are:

HTTP 1.1 Specification (<http://www.w3.org/Protocols/rfc2616/rfc2616.txt>)

SSL 3.0 or TLS 1.0. SSL and TLS are implemented using SHA and RSA 1024 bits during the asymmetric handshake.

SSL 3.0 Specifications (<http://wp/netscape.com/eng/ssl3>)

TLS 1.0 Specifications (<http://www.ietf.org/rfc/rfc2246.txt>)

The filer can use one of the following encryption algorithms, listed in order of priority, using SSL or TLS:

AES 256-bit (FIPS-197)

AES 128-bit (FIPS-197)

TDES 168-bit (FIPS-46-3)

Sec. 8. Common Submission Problems and Questions

.01 Publication 1187 is a format document, **not** a tax law document. Therefore, this publication cannot provide for all possible reporting situations. For any given record entry, it is the responsibility of the filer to make sure that the relevant tax law is applied to the record entry being made.

FORMAT ERRORS

1. Incorrect TIN indicator in the “W” Record.

Be careful that the correct TIN Indicator is used. A U.S. withholding agent always has an EIN. Only a foreign withholding agent that has entered into a Qualified Intermediary agreement with the IRS can have a QI-EIN. If the withholding agent is a foreign company, then a foreign address must be entered in the withholding agent address fields.

2. Blank or invalid information in the Withholding Agent’s name and address fields.

The IRS error correction process requires that the “W” Record be checked for validity before the “Q” Record can be corrected. Please ensure that the withholding agent’s Name, EIN, Street Address, City and State or Country is present along with the appropriate Postal or ZIP Code. Withholding Agent’s Name Line–1 **must** contain the withholding agent’s name.

3. Missing Recipient TIN in the “Q” Record.

A Recipient TIN **must** be present in order to allow a reduction or exemption from withholding at the 30% tax rate. The only major exceptions to this rule involve payments of portfolio interest, dividends, and certain royalty payments. If the recipient doesn’t have a TIN, one must be applied for and provided to the withholding agent before a reduction or exemption of withholding is allowed.

4. Invalid recipient name and address information.

The recipient name entered in Recipient’s Name Line–1 must be the same name shown on the withholding certification document provided to and retained by the withholding agent. Recipient’s Street Line–1 should only show the official street address. Use Recipient’s Street Line–2 for additional internal distribution information such as mail stop numbers or attention information. Follow the instructions for entry of foreign postal codes, cities and countries. Do not input all information in the City field. Use the appropriate fields and codes.

5. Incorrect use of Recipient Code 20 (Unknown Recipient).

This Recipient Code may be used **only** if no withholding certification document has been provided to and retained by the withholding agent, or the withholding certification document provided to and retained has been determined by the withholding agent to be incomplete or otherwise unreliable. If Recipient Code 20 is used then Recipient Name Line-1 must contain the words “UNKNOWN RECIPIENT” and the other name and address fields must be blank.

6. Incorrect use of Recipient Code 20 and the Tax Rate and U. S. Tax Withheld fields.

If Recipient Code 20 is used, the Tax Rate and the U.S. Tax Withheld must always be 30%. Exemption Code 04 (treaty exemption) **CANNOT BE USED**.

7. Incorrect use of Country Codes in the “Q” Record.

There are 3 places in the “Q” Record where country information must be entered. Generally, the information entered in these three fields should be consistent. The country list in the Instructions for Form 1042-S is comprehensive. **Do not** use any code that isn’t on the list. Read the instructions for Form 1042-S regarding the use of “OC” and “UC”. **Do not** use these two codes under any circumstance other than those specifically indicated in the Instructions for Form 1042-S.

8. Incorrect reporting of Tax Rates in the “Q” Record.

A valid Tax Rate Table can be found in the Instructions for Forms 1042-S. Please refer to table and only use the tax rates listed. “Blended rates” are not allowed. If a tax rate for a given recipient changes during the year, two “Q” Records must be submitted.

9. Total amounts reported in the “C” Record do not equal the total amounts reported in the “Q” Records.

The total Gross Income and Total Withholding Credit reported in the “Q” Record must equal the Total Gross Income and Total Withholding Credit reported in the corresponding “C” Record.

10. The following are other major errors associated with electronic filing:

- a. Invalid characters. The only valid characters are those characters listed in Note 3 at the beginning of the “T”, “W” and “Q” Records.
- b. “Q” Record Positions 383–394 (Total Withholding Credit) must equal the amounts in Positions 359–370 (U.S. Tax Withheld) and Positions 371–382 (Withholding by Other Agents).
- c. “C” Record Positions 31–45 must reflect the aggregate of the preceding “Q” records positions 383–394 (Total Withholding Credit).
- d. “Q” Record Positions 42–45 (Tax Rate) must reflect a valid tax rate.
- e. “Q” Record Positions 46–47 (Exemption Code) must reflect a valid code and the exemption code must be compatible with the tax rate. For example, if you enter a zero tax (0000) rate in positions 42–45 you must enter the appropriate exemption code of 01–09 in positions 46–47.

NON-FORMAT ERRORS

1. SPAM filters are not set to receive e-mail from fire@irs.gov and irs.e-helpmail@irs.gov.

If you want to receive e-mails concerning your files, processing results, reminders and notices, set your SPAM filter to receive e-mail from fire@irs.gov and irs.e-helpmail@irs.gov.

2. Incorrect e-mail address provided.

When the “Verify Your Filing Information” screen is displayed, make sure your correct e-mail is displayed. If not, please update with the correct e-mail.

3. Transmitter does not check the FIRE System to determine why the file is bad.

The results of your file transfer are posted to the FIRE System within five business days. If the correct e-mail address was provided on the “Verify Your Filing Information” screen when the file was sent, an e-mail will be sent regarding your FILE STATUS. If the results in the e-mail indicate “Good, Released” and you agree with the “Count of Payees”, then you are finished with this file. If you have any other results, please follow the instructions in the Check File Status option. If the file contains errors, you can get an online listing of the errors. Date received and number of payee records are also displayed. If the file is good, but you do not want the file processed, you must contact IRS/IRB within 10 calendar days from the transmission of your file.

4. Transmitter uses the TCC assigned for filing 1098, 1099, 5498 or W-2G Forms.

Use your Form 1042-S TCC which begins with "22" to transmit your 1042-S file, otherwise, it will be automatically considered an error.

5. Incorrect file is not replaced timely.

If we have advised you that your file is bad, correct the file and timely resubmit as a replacement. You must submit a good replacement file within 60 days of the submission date of the original file.

6. Transmitter compresses several files into one.

Only compress one file at a time. For example, if you have 10 uncompressed files to send, compress each file separately and send 10 separate compressed files.

7. Transmitter sends a file and CHECK FILE STATUS indicates that the file is good, but the transmitter wants to send a replacement or amended file to replace the original/amended/replacement file.

Once a file has been transmitted, you cannot send a replacement file unless CHECK FILE STATUS indicates the file is bad (5 business days after file was transmitted). If you do not want us to process the file, you must first contact us **toll-free at 1-866-455-7438 or outside the U.S. at 304-263-8700** to see if this is possible.

8. Transmitter sends an original file that is good, and then sends an amended file for the entire file even though there are only a few changes.

The amended file, containing the proper coding, should only contain the records needing correction, not the entire file.

9. File is formatted as EBCDIC.

All files submitted electronically must be in standard ASCII code.

10. Transmitter has one TCC number, but is filing for multiple companies, which TIN should be used when logging into the system to send the file?

When sending the file electronically, you will need to enter the TIN of the company assigned to the TCC. When you upload the file, it will contain the TINs for the other companies that you are filing for. This is the information that will be passed forward.

11. Transmitter sent the wrong file, what should be done?

Call us as soon as possible **toll-free at 1-866-455-7438 or outside the U.S. at 304-263-8700**. We may be able to stop the file before it has been processed. **Please do not send a replacement for a file that is marked as a good file.**

Part C. Record Format Specification and Record Layouts

Sec. 1. Transmitter "T" Record

.01 This record identifies the entity preparing and transmitting the file. The transmitter and the withholding agent may be the same, but they need not be.

.02 The first record of a file **MUST** be a Transmitter "T" Record. The "T" Record must appear on each electronic file; otherwise, a replacement file may be requested.

.03 The "T" Record is a fixed length of 820 positions.

.04 All alpha characters entered in the "T" Record must be upper case.

Note 1: For all fields marked "Required", the transmitter must provide the information described under Description and Remarks. If required fields are not completed in accordance with these instructions, IRS will contact you to request a replacement file. For those fields not marked Required, a transmitter must allow for the field, but may be instructed to enter blanks or zeroes in the indicated field position(s) and for the indicated length. All records have a fixed length of 820 positions.

Note 2: A copy of the current paper Instructions for Form 1042-S for this revision of the Publication 1187 is included at the end of this publication. These instructions should be used for the proper coding of each field in this record where applicable. The instructions are updated each year as required. in the first position. Do not use special characters that are unique to a language other than English. Inclusion of any characters other than those identified as valid in the instructions will result in a “Bad File” status.

Sec. 3. Recipient “Q” Record

.01 The “Q” Record contains name and address information for the Recipient of Income, Non-Qualified Intermediary or Flow-Through Entity if appropriate, Payer, and all data concerning the income paid and tax withheld that is required to be reported under U.S. law. Each Recipient “Q” Record is treated as if it were a separate Form 1042-S.

.02 Since the “Q” Record is restricted to one type of income, *one type of exemption code*, and one tax rate, under certain circumstances it may be necessary to submit more than one “Q” Record for the same recipient. Failure to provide multiple Recipient “Q” Records when necessary may generate math computation errors during processing. This will result in IRS contacting you for correct information.

.03 Following are some of the circumstances when more than one “Q” Record for a recipient would be required:

- (a) Different types of income. For example, Recipient X derived income from Capital Gains (Income Code 09) and Industrial Royalties (Income Code 10). A separate “Q” Record must be reported for each Income Code. Each “Q” Record must reflect the Gross Income Paid and any U.S. Federal Taxes withheld by you or any other withholding agent pertaining to that Income Code.
- (b) Change in Country Code during the year. For example, the Withholding Agent received notification via Form W-8BEN that the recipient’s country of residence for tax purposes changed from country X to country Y. A separate “Q” Record must be reported for each Country Code providing Gross Income Paid, Tax Rate, any U.S. Federal Tax Withheld by you or any other withholding agent and Exemption Code, if any. The amounts reported must be based on each country.
- (c) Change in a country’s tax treaty rate during the year. For example, effective April 1, country X changes its tax treaty rate from 10% to 20%. A separate “Q” Record must be reported for each of the tax rates. Provide the Gross Income Paid, Tax Rate, and any U.S. Federal Tax Withheld by you or any other withholding agent under each tax rate.

.04 All recipient “Q” Records for a particular Withholding Agent must be written after the corresponding Withholding Agent “W” Record, followed by a Reconciliation “C” Record, and before the “W” Record for another Withholding Agent begins.

.05 All alpha characters entered in the “Q” Record must be upper case.

.06 The “Q” Record is a fixed length of 820 positions.

.07 Report income and tax withheld in whole dollars only. Round up or down as appropriate. To round off amounts to the nearest whole dollar, drop amounts under 50 cents and increase to the next whole dollar amounts of 50 to 99 cents. If you have to add two or more amounts to figure the amount to be reported, include cents when adding and only round off the total figure to be reported. **DO NOT** enter cents.

Note 1: For all fields marked “Required”, the transmitter must provide the information described under Description and Remarks. If required fields are not completed in accordance with these instructions, IRS will contact you to request a replacement file. For those fields not marked “Required”, a transmitter must allow for the field, but may be instructed to enter blanks or zeroes in the indicated field position(s) and for the indicated length. All records have a fixed length of 820 positions.

Note 2: A copy of the current paper Instructions for Form 1042-S for this revision of the Publication 1187 is included at the end of this publication. These instructions should be used for the proper coding of each field in this record where applicable. The list of country codes in the instructions includes all recognized country codes and MUST be used for coding. The instructions are updated each year as required. Since Publication 1187 may not be revised every year, be sure to use the most current instructions.

Note 3: The only valid characters for electronic filing are alpha, numeric, blank, ampersand (&), hyphen (-), comma (,), apostrophe (’), forward slash (/), pound sign (#), period (.), and the percent (%). Only the percent [% (used as “in care of”)] is valid in the first position. Do not use special characters that are unique to a language other than English. Inclusion of any characters other than those identified as valid in the instructions will result in a “Bad File” status.

Sec. 4. Reconciliation “C” Record

.01 The “C” Record is a fixed record length of 820 positions and all positions listed are **required**. The “C” Record is a summary of the number of “Q” Records for each Withholding Agent, Gross Amount Paid, and Total Withholding Credit.

.02 This record will be written after the last “Q” Record filed for a given withholding agent. For each “W” Record and group of “Q” Records on the file, there must be a corresponding “C” Record.

.03 All alpha characters entered in the “C” Record must be upper case.

.04 The “C” Record is a fixed length of 820 positions.

Record Name: Reconciliation “C” Record			
Field Position	Field Title	Length	Description and Remarks
1	Record Type	1	Required. Enter an “C.”
2–9	Total “Q” Records	8	Required. Enter the total number of “Q” Records for this withholding agent. Right-justify and zero fill. Do not enter all zeros. For example, 53 “Q” Records are entered as 00000053. See Part A, Sec. 4, Filing and Retention Requirements.
10–15	Blank	6	Enter blanks.
16–30	Total Gross Amount Paid	15	Required. Enter the total gross income amount in whole dollars (do not enter cents.) For example report \$600.00 as 00000000000600. An income amount other than zero must be shown. Right-justify and zero fill.
31–45	Total Withholding Credit	15	Required. Enter the total aggregate amount of tax withheld by you and any other withholding agent. This is the aggregate total amounts from the fields U.S. Federal Tax Withheld and Withholding By Other Agents. Enter the amount in whole dollars (do not enter cents.) For example report \$600.00 as 00000000000600. Right-justify and zero fill.
46–810	Reserved	765	Enter blanks.
811–818	Record Sequence Number	8	Required. Enter the number of the record as it appears within your file. The record sequence number for the “T” Record will always be “1” (one), since it is the first record on your file and you can have only one “T” Record in a file. Each record, thereafter, must be incremented by one in ascending numerical sequence, <i>i.e.</i> , 2, 3, 4, etc. Right-justify numbers with leading zeroes in the field. For example, the “T” Record sequence number would appear as “0000001” in the field, the first “W” Record would be “0000002”, the first “Q” Record, “0000003”, the second “Q” Record, “0000004” and so on until you reach the final record of the file, the “F” Record.
819–820	Blank or Carriage Return Line Feed	2	Enter blanks or carriage return line feed (CR/LF) characters.

Sec. 5. End of Transmission “F” Record

.01 The “F” Record is a fixed record length of 820 positions and all positions listed are **required**. The “F” Record is a summary of the number of withholding agents in the entire file.

.02 This record will be written after the last “C” Record of the entire file. End the file with an End of Transmission “F” Record. No data will be read after the “F” Record. Only a “C” Record may precede the “F” Record.

.03 All alpha characters entered in the “F” Record must be upper case.

.04 The “F” Record is a fixed length of 820 positions.

Record Name: End of Transmission “F” Record

Field Position	Field Title	Length	Description and Remarks
1	Record Type	1	Required. Enter “F”.
2–4	Withholding Agent Count	3	Required. Enter the total number of withholding agents on this file. This count must be the same as the total number of “W” Records. Right-justify and zero fill.
5–810	Reserved	806	Enter blanks.
811–818	Record Sequence Number	8	Required. Enter the number of the record as it appears within your file. The record sequence number for the “T” Record will always be “1” (one), since it is the first record on your file and you can have only one “T” Record in a file. Part D. Extensions of Time and Waivers

Sec. 1. General — Extensions

.01 An extension of time to file may be requested for Form 1042-S.

.02 Submit Form 8809, Application for Extension of Time to File Information Returns, to IRS/IRB at the address listed in .09 of this section. This form may be used to request an extension of time to file Form 1042-S submitted on paper or electronically to the IRS. Use a separate Form 8809 for each method of filing information returns you intend to use, *i.e.* paper or electronically.

.03 The fill-in Form 8809 may be completed online via the FIRE System. (See Part B, Sec. 7, for instructions on connecting to the FIRE System.) At the Main Menu, click “Extension of Time Request” and then click “Fill-in Extension Form”. This option is only used to request an automatic 30-day extension. If you are requesting an additional extension, you must submit a paper Form 8809. Requests for an additional extension of time to file information returns are not automatically granted. Requests for additional time are granted only in cases of extreme hardship or catastrophic event. The IRS sends only a letter of explanation approving or denying your additional extension request. (Refer to .12 of this Section.)

.04 To be considered, an extension request must be postmarked, transmitted or completed online by the due date of the returns; otherwise, the request will be denied. (See Part A, Sec. 7.) If requesting an extension of time to file several types of forms, use one Form 8809; however, Form 8809 or file must be postmarked no later than the earliest due date. For example, if requesting an extension of time to file both Forms 1099-INT and 1042-S, submit Form 8809 on or before February 28, 2010.

.05 As soon as it is apparent that a 30-day extension of time to file is needed, an extension request should be submitted. It may take up to 30 days for IRS/IRB to respond to an extension request. IRS/IRB does not begin processing extension requests until January. **Extensions completed online via the FIRE System receive instant results.**

.06 Under certain circumstances, a request for an extension of time may be denied. When a denial letter is received, any additional or necessary information may be resubmitted within 20 days.

.07 Requesting an extension of time for multiple withholding agents (**10 or less**) may be done by completing the online fill-in form via the FIRE System or by mailing Form 8809 and attaching a list of the withholding agent names and associated TINs (EIN or SSN). Each withholding agent must be completed online or included in the listing to ensure an extension is recorded for all withholding agents. Form 8809 may be computer-generated or photocopied. Be sure to use the most recently updated version and include all pertinent information.

Note: IRS encourages the withholding agent/transmitter community to utilize the online fill-in form in lieu of the paper Form 8809.

.08 Withholding agents/transmitters requesting an extension of time to file for **10 or more payers** are **required** to submit the extension online via the fill-in form or in a file electronically (see Sec. 3, for the record layout).

.09 All requests for an extension of time filed on Form 8809 should be sent using the following address:

*Internal Revenue Service
Information Returns Branch
Attn: Extension of Time Coordinator
240 Murall Drive Mail Stop 4360
Kearneysville, WV 25430*

Note: Due to the large volume of mail received by IRS/IRB and the time factor involved in processing Extension of Time (EOT) requests, it is imperative that the attention line be present on all envelopes or packages containing Form 8809.

.10 Requests for extensions of time to file postmarked by the United States Postal Service on or before the due date of the returns, and delivered by United States mail to IRS/IRB after the due date, are treated as timely under the “timely mailing as timely filing” rule. A similar rule applies to designated private delivery services (PDSs). Notice 97–26, 1997–1 C.B. 6, provides rules for determining the date that is treated as the postmark date. For items delivered by a non-designated Private Delivery Service (PDS), the actual date of receipt by IRS/IRB will be used as the filing date. For items delivered by a designated PDS, but through a type of service not designated in Notice 2004–83, 2004–2 C.B. 1030 the actual date of receipt by IRS/IRB will be used as the filing date. The timely mailing rule also applies to furnishing statements to recipients and participants.

.11 Transmitters requesting an extension of time for multiple withholding agents will receive one approval letter, accompanied by a list of withholding agents covered under that approval.

.12 If an additional extension of time is needed, a second Form 8809 or file must be filed by the initial extended due date. Check line 7 on the form to indicate that an additional extension is being requested. A second 30-day extension will be approved only in cases of extreme hardship or catastrophic event. **If requesting a second 30-day extension of time, submit the information return files as soon as prepared. Do not wait for IRS/IRB’s response to your second extension request.**

.13 If an extension request is approved be sure to keep the approval letter in your files. **DO NOT** send the approval letter or copy of the approval letter to IRS/IRB or to the Ogden Service Center where the paper Forms 1042-S are filed.

.14 Request an extension for only one tax year.

.15 A signature is not required when requesting a 30 day extension. If a second 30 day extension is requested the Form 8809 **must** be signed.

.16 Failure to properly complete and sign Form 8809 may cause delays in processing the request or result in a denial. Carefully read and follow the instructions on the back of Form 8809.

.17 Form 8809 may be obtained by calling **1-800-TAX-FORM (1-800-829-3676)**. The form is also available at www.irs.gov.

Sec. 2. Specifications for Filing Extensions of Time Electronically

.01 The specifications in Sec. 3 include the required 200-byte record layout for extensions of time to file requests submitted electronically. Also included are the instructions for the information that is to be entered in the record. **Filers are advised to read this section in its entirety to ensure proper filing.**

.02 If a filer does not have an IRS/IRB assigned Transmitter Control Code (TCC), Form 4419, Application for Filing Information Returns Electronically (FIRE), **must** be submitted to obtain a TCC. This number **must** be used to submit an extension request electronically. (See Part A, Sec. 6.)

.03 For extension requests filed via an electronic file, the transmitter must fax Form 8809 or send an e-mail through the FIRE System (fire@irs.gov and irs.e-helpmail@irs.gov) the same day as the transmission. The e-mail should contain the same information as the Form 8809 in order to mail a response, check the record count and form types in the file. The e-mail option is only used to request the automatic 30-day extension. If you are requesting an additional extension, you must fax a signed Form 8809 the same day as the transmission. Be sure to include the reason an additional extension is needed.

.04 Transmitters submitting an extension of time via an electronic file should not submit a list of withholding agents names and TINs with Form 8809 or e-mail this information since this information is included on the electronic file. However, Line 6 of Form 8809 must be completed or the total number of records on the extension file must be included within the e-mail. The fill-in Form 8809 *cannot* be used in lieu of the paper Form 8809 for electronic files.

.05 Do not submit extension requests filed electronically before January 3.

Sec. 3. Record Layout — Extension of Time

.01 Positions 6 through 188 of the following record should contain information about the withholding agent for whom the extension of time to file is being requested. Do not enter transmitter information in these fields. **Only one TCC may be present in a file.**

Sec. 4. Extension of Time for Recipient Copies of Information Returns

.01 Request an **extension of time to furnish the statements to recipients** of Form 1042-S by submitting a letter to IRS/IRB at the address listed in Part D, Sec 1.09. The letter should contain the following information:

- (a) Withholding Agent's name
- (b) TIN
- (c) Address
- (d) Type of return
- (e) Specify that the extension request is to provide statements to recipients
- (f) Reason for delay
- (g) Signature of withholding agent or duly authorized person.

.02 Requests for an extension of time to furnish statements to recipients of Form 1042-S are not automatically approved; however, if approved, generally an extension will allow a maximum of 30 additional days from the due date. The request must be postmarked by the date on which the statements are due to the recipients.

.03 Generally, only the withholding agent may sign the letter requesting the extension for recipient copies. A transmitter must have a contractual agreement with the withholding agents to submit extension requests on their behalf. This should be stated in your letter of request for recipient copy extensions. If you are requesting an extension for multiple withholding agents electronically, you must use the format specifications in Sec. 3.

.04 Requests for a recipient extension of time to file for more than 10 withholding agents are required to be submitted electronically. (See Sec. 3, for record layout.)

.05 The fill-in Form 8809 extension option cannot be used to request an extension to furnish statements to recipients.

Sec. 5. Form 8508, Request for Waiver From Filing Information Returns Electronically

.01 If a withholding agent is required to file electronically but fails to do so and does not have an approved waiver on record, the withholding agent will be subject to a penalty of \$50 per return in excess of 250 unless reasonable cause is established. (For penalty information, refer to the Penalty Section of the *General Instructions for Form 1042-S*.)

.02 If withholding agents are required to file original or amended returns electronically, but such filing would create an undue hardship, they may request a waiver from these filing requirements by submitting Form 8508, Request for Waiver from Filing Information Returns Electronically, to IRS/IRB. Form 8508 can be obtained on the IRS Website at www.irs.gov or by calling toll-free 1-800-829-3676.

.03 Even though a withholding agent may submit as many as 249 amended returns on paper, IRS/IRB encourages electronic filing of amended returns. Once the 250 threshold has been met, filers are required to submit any returns of 250 or more electronically. However, if a waiver for original documents is approved, any amended returns for the same type of returns will be covered under this waiver.

.04 Generally, only the withholding agent may sign Form 8508. A transmitter may sign if given power of attorney; however, a letter signed by the payer stating this fact must be attached to Form 8508.

.05 A transmitter must submit a separate Form 8508 for each withholding agent. Do not submit a list of withholding agents.

.06 All information requested on Form 8508 must be provided to IRS/IRB for the request to be processed.

.07 The waiver, if approved, will provide exemption from the electronic filing requirement for the current tax year only. Withholding agents may not apply for a waiver for more than one tax year.

.08 Form 8508 may be photocopied or computer-generated as long as it contains all the information requested on the original form.

.09 Filers are encouraged to submit Form 8508 to IRS/IRB at least 45 days before the due date of the returns. Generally, IRS/IRB does not process waiver requests until January. Waiver requests received prior to January are processed on a first come, first served basis.

.10 All requests for a waiver should be sent using the following address:

*Internal Revenue Service
Information Returns Branch
240 Murall Drive Mail Stop 4360
Kearneysville, WV 25430*

.11 Waivers are evaluated on a case-by-case basis and are approved or denied based on criteria set forth in the regulations under section 6011(e) of the Internal Revenue Code. The transmitter must allow a minimum of 30 days for IRS/IRB to respond to a waiver request.

.12 If a waiver request is approved be sure to keep the approval letter in your files. **DO NOT** send a copy of the approved waiver to the Ogden Service Center.

.13 An approved waiver only applies to the requirement for filing Form 1042-S electronically. The withholding agent must timely file information returns on the official IRS paper forms or an acceptable substitute form with the Ogden Service Center.

Applications From Cooperative Electrical Companies For Authority To Issue New Clean Renewable Energy Bonds Now Being Accepted By The IRS

Announcement 2010-54

The Service announces that it is conducting a supplemental application round to award unallocated national bond volume cap ("Volume Cap") under section 54C of the Internal Revenue Code for New Clean Renewable Energy Bonds ("New CREBs"). The IRS is now accepting applications from cooperative electrical companies for authority to issue New CREBs for qualified projects. Interested cooperative electric companies must submit an application ("Application") for an allocation of available Volume Cap by November 1, 2010. Applications must be prepared and submitted in accordance with the provisions of Notice 2009-33, 2009-17 I.R.B. 865, April 27, 2009, which may be found on the Service's web site at <http://www.irs.gov/taxexemptbond/index.html> or <http://www.irs.gov/pub/irs-drop/>. The form of Application, information relating to eligibility, allocation and general guidance are contained in Notice 2009-33.

Only Applications from cooperative electric companies will be considered at this time.

Notice 2009-33 solicited Applications for, and provided guidance on, the allocation of the \$2.4 billion Volume Cap for New CREBs. Up to one-third (\$800 million) of the total Volume Cap was available for allocation to qualified projects owned by cooperative electric companies. The Service received 31 Applications requesting a total of \$609,204,555 in Volume Cap for projects to be owned by electric cooperative companies. Pursuant to Section 6 of Notice 2009-33, the Service allocated \$609,204,555 of the available \$800 million in volume cap to the 31 electric cooperative applicants using the smallest-to-

largest methodology. Unallocated Volume Cap for cooperative electric applicants in the amount of \$190,795,445 is currently available. Allocations of New CREBs Volume Cap are valid for three years after the date of the letter issuing the allocation.

The principal author of this announcement is Isabel Guerra of Tax Exempt Bonds, Compliance & Program Management, Tax Exempt & Government Entities, but other personnel from the IRS and Treasury Department participated in its development. Deletions From Cumulative List of Organizations Contributions to Which are Deductible Under Section 170 of the Code

Announcement 2010-57

The Internal Revenue Service has revoked its determination that the organizations listed below qualify as organizations described in sections 501(c)(3) and 170(c)(2) of the Internal Revenue Code of 1986.

Generally, the Service will not disallow deductions for contributions made to a listed organization on or before the date of announcement in the Internal Revenue Bulletin that an organization no longer qualifies. However, the Service is not precluded from disallowing a deduction for any contributions made after an organization ceases to qualify under section 170(c)(2) if the organization has not timely filed a suit for declaratory judgment under section 7428 and if the contributor (1) had knowledge of the revocation of the ruling or determination letter, (2) was aware that such revocation was imminent, or (3) was in part responsible for or was aware of the activities or omissions of the organization that brought about this revocation.

If on the other hand a suit for declaratory judgment has been timely filed, contributions from individuals and organizations described in section 170(c)(2) that

are otherwise allowable will continue to be deductible. Protection under section 7428(c) would begin on September 20, and would end on the date the court first determines that the organization is not described in section 170(c)(2) as more particularly set forth in section 7428(c)(1). For individual contributors, the maximum deduction protected is \$1,000, with a husband and wife treated as one contributor. This benefit is not extended to any individual, in whole or in part, for the acts or omissions of the organization that were the basis for revocation.

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as “rulings”) that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with *modified*, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A

and B, the prior ruling is modified because it corrects a published position. (Compare with *amplified* and *clarified*, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the substance

of a prior ruling, a combination of terms is used. For example, *modified* and *superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
