Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.
This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.
To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury’s Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.
This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

Utility Allowance Submetering

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulations and removal of temporary regulations.

SUMMARY: This document contains final regulations that amend the utility allowance regulations concerning the low-income housing credit under section 42 of the Internal Revenue Code (Code). These final regulations extend the principles of the current submetering rules. The current rules address situations in which a building owner purchases a utility from a utility company and then separately charges the tenants for the utility. In those situations, if the utility costs paid by a tenant are based on actual consumption in the tenant’s submetered, rent-restricted unit and if certain other requirements are satisfied, then the charges for the utility are treated as paid by the tenant directly to the utility company, even though the payment passes through the building owner. The final regulations extend these principles and apply to situations in which a building owner sells to tenants energy that is produced from a renewable source and that the owner had not purchased from or through a local utility company. Qualification for this submetering treatment, however, depended on the charges to the tenants for this energy being comparable to local utility rates. That is, under the temporary regulations, to the extent that tenants consumed this energy, the rate charged by the building owner could not exceed the rate at which the local utility company would have charged the tenants if they had instead acquired the energy from that company.

A commenter requested that the final regulations clarify how a building owner may demonstrate that the rate that the owner charges tenants for renewable energy satisfies this requirement (the evidentiary issue). In addition, if there are multiple local utility rates that the tenants might have been charged (possibly from multiple utility companies), the commenter asked for clarification as to which rate or rates should be taken into account in determining whether the owner’s charges to the tenants qualify (the reference-rate issue).

The final regulations resolve both of these issues. Addressing the reference-rate issue, the final regulations require that the rate that the owner charges must not exceed the highest rate at which the tenants might have obtained energy from a local utility company. This criterion has several advantages over alternatives. For example, it is easily administrable (as compared, for example, with a requirement that the owner’s rate not exceed the “most typical rate” in the community). Also, the criterion protects an owner’s qualifying rate from being disqualified by the introduction of new rates in the community (as might be the case, for example, if the reference for the criterion were the average or median of local rates).
Regarding the evidentiary issue, in determining the acceptability of the rate that a building owner charges tenants, the owner may rely on the rates published by local utility companies.

The temporary regulations in TD 9755 provide that, for purposes of qualifying for submetering treatment, energy is “produced from a renewable source” if it is energy that is produced from energy property described in section 48; energy that is produced from a facility described in section 45(d)(1), (2), (3), (4), (6), (9), or (11); or energy that is described in guidance published for this purpose in the Internal Revenue Bulletin. Sections 45 and 48 of the Code determine whether a taxpayer is entitled to certain energy-related credits. A commenter requested that the final regulations clarify the extent to which these cross-references to “energy property” and “facility” incorporate the various requirements for earning those credits.

The final regulations clarify that the building owner need not own the source from which the utility is produced and need not qualify for, or receive, any credit under section 45 or 48 associated with the source. Indeed, energy may qualify as “produced from a renewable resource” even if potential entitlement to credits under these Code sections has expired. Thus, the final regulations clarify that they refer to “energy property” and “facility” as a means of describing certain types of production of renewable energy but that they do not also incorporate any other criteria from those Code sections.

Under section 42(g)(1) and (2), a residential unit may qualify as a low-income unit only if it is “rent-restricted.” The amount that qualifies as restricted rent is determined based on the assumption that most utilities are generally covered by that rent. See H.R. Conf. Rep. 99–841, at II–94 (1986). For that reason, if the tenant pays for a utility directly, the rent that the owner may require from the tenant is reduced. The amount of this reduction is called a “utility allowance.” See section 42(g)(2)(B)(ii) and §1.42–10(a). Language in the preamble of TD 9755 states that utility costs paid by a tenant based on actual consumption in a submetered, rent-restricted unit are treated as paid by the tenant directly to the utility and thus do not count against the maximum rent that the building owner can charge. Referencing this language, one commenter requested that the final regulations clarify whether a building owner of a submetered building is required to reduce its maximum gross rents by the amount of a utility allowance. Because §1.42–10(e) treats a tenant in a submetered, rent-restricted unit as having paid for a utility directly and not by or through the owner of the building, the proper treatment of the tenant’s submetered utility payments is the same as if the tenant had made those payments directly to the utility company—(1) Although the payments pass through the building owner, they are not treated for purposes of the rent restriction as if they were payments of rent; and (2) The amount of rent that the owner might otherwise have demanded from the tenant is reduced by the amount of an applicable utility allowance.

**Special Analyses**

This regulation is not subject to review under section 6(b) of Executive Order 12866 pursuant to the Memorandum of Agreement (April 11, 2018) between the Department of the Treasury and the Office of Management and Budget regarding review of tax regulations. Therefore, a regulatory impact assessment is not required. It has also been determined that the Regulatory Flexibility Act (5 U.S.C. chapter 6) does not apply because the regulations do not impose a collection of information on small entities. Pursuant to section 7805(f) of the Internal Revenue Code, this proposed rule preceding these final regulations was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business and no comments were received.

**Drafting Information**

The principal author of this regulation is James W. Rider, formerly of the Office of the Associate Chief Counsel (Pass- throughs and Special Industries). However, other personnel from the Treasury Department and the IRS participated in its development.

Relief from Addition to Tax for Underpayment of Estimated Income Tax by Individual Farmers and Fishermen

Notice 2019–17

SECTION 1. PURPOSE

This notice provides a waiver of the addition to tax under section 6654 of the Internal Revenue Code (Code) for underpayment of estimated income tax by qualifying individual farmers and fishermen.

SECTION 2. BACKGROUND

Generally, the Code requires taxpayers to pay federal income taxes as they earn income. To the extent these taxes are not withheld from wages, a taxpayer must pay estimated income tax on a quarterly basis.

Section 6654 provides that, in the case of an individual, estimated income tax is required to be paid in four installments each 25 percent of the required annual payment. Individual taxpayers who fail to make a sufficient and timely payment of estimated income tax are liable for an addition to tax under section 6654 for failure to make an estimated tax payment for the 2018 tax year.

Qualifying farmers and fishermen are subject to special rules requiring them to make only one installment payment due on January 15 of the year following the taxable year. I.R.C. § 6654(i)(1)(A) & (B). A taxpayer qualifies as a farmer or fisherman for the 2018 tax year if at least two-thirds of the taxpayer’s total gross income was from farming or fishing in either 2017 or 2018. See I.R.C. § 6654(i)(2).

Qualifying farmers and fishermen who did not make the required estimated tax installment payment by January 15, 2019, are not subject to an addition to tax for failing to pay estimated income tax if they file their returns and pay the full amount of tax reported on the return as payable by March 1, 2019.

SECTION 3. WAIVER OF UNDERPAYMENT OF ESTIMATED INCOME TAX

Under the authority granted by section 6654(e)(3)(A), the addition to tax under section 6654 for failure to make an estimated tax payment for the 2018 tax year is waived for any qualifying farmer or fisherman who files his or her 2018 income tax return and pays in full any tax due by April 15, 2019, or by April 17, 2019, for those taxpayers who live in Maine or Massachusetts. Farmers and fishermen requesting this waiver of the addition to tax must attach Form 2210-F, Underpayment of Estimated Tax by Farmers and Fishermen, to their 2018 tax return. The form can be submitted electronically or on paper. The taxpayer’s name and identifying number should be entered at the top of the form, and the waiver box (Part I, Box A) should be checked. The rest of the form should be left blank. Forms, instructions, and other tax assistance are available on IRS.gov. The IRS toll-free number for general tax questions is 1-800-829-1040.

2019 Calendar Year Resident Population Figures

Notice 2019–19

This notice advises State and local housing credit agencies that allocate low-income housing tax credits under § 42 of the Internal Revenue Code, and States and other issuers of tax-exempt private activity bonds under § 141, of the population figures to use in calculating: (1) the 2019 calendar year population-based component of the State housing credit ceiling (Credit Ceiling) under § 42(h)(3)(C)(ii); (2) the 2019 calendar year volume cap (Volume Cap) under § 146; and (3) the 2019 volume limit (Volume Limit) under § 142(k)(5).

Generally, § 146(j) requires determining the population figures for the population-based component of both the Credit Ceiling and the Volume Cap for any calendar year on the basis of the most recent census estimate of the resident population of a State (or issuing authority) released by the U.S. Census Bureau before the beginning of the calendar year. Similarly, § 142(k)(5) bases the Volume Limit on the State population.

Sections 42(h)(3)(H) and 146(d)(2) require adjusting for inflation the population-based component of the Credit Ceiling and the Volume Cap. The Credit Ceiling adjustment for the 2019 calendar year is in Rev. Proc. 2018–57, 2018–49 I.R.B. 827. Section 3.10 of Rev. Proc. 2018–57 provides that, for calendar year 2019, the amount for calculating the Credit Ceiling under § 42(h)(3)(C)(ii) is the greater of $2,75625 multiplied by the State population, or $3,166,875. Further, section 3.21 of Rev. Proc. 2018–57 provides that the amount for calculating the Volume Cap under § 146(d)(1) for calendar year 2019 is the greater of $105 multiplied by the State population, or $316,745,000.

For the 50 states, the District of Columbia, and Puerto Rico, the population figures for calculating the Credit Ceiling,
the Volume Cap, and the Volume Limit for the 2019 calendar year are the resident population estimates released electronically by the U.S. Census Bureau on December 19, 2018, and described in Press Release CB18–193. For American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands, the population figures for the 2019 calendar year are the 2018 midyear population figures in the U.S. Census Bureau’s International Data Base (IDB). The U.S. Census Bureau electronically announced an update of the IDB on September 18, 2018, in Press Release CB18-TPS.45.

Announcement of Disciplinary Sanctions From the Office of Professional Responsibility

Announcement 2019–02

The Office of Professional Responsibility (OPR) announces recent disciplinary sanctions involving attorneys, certified public accountants, enrolled agents, enrolled actuaries, enrolled retirement plan agents, appraisers, and unenrolled/unlicensed return preparers (individuals who are not enrolled to practice and are not licensed as attorneys or certified public accountants). Licensed or enrolled practitioners are subject to the regulations governing practice before the Internal Revenue Service (IRS), which are set out in Title 31, Code of Federal Regulations, Subtitle A, Part 10, and which are released as Treasury Department Circular No. 230. The regulations prescribe the duties and restrictions relating to such practice and prescribe the disciplinary sanctions for violating the regulations. Unenrolled/unlicensed return preparers are subject to Revenue Procedure 81–38, which govern a preparer’s eligibility to represent taxpayers before the IRS in examinations of tax returns the preparer both prepared for the taxpayer and signed as the preparer. Additionally, unenrolled/unlicensed return preparers who voluntarily participate in the Annual Filing Season Program under Revenue Procedure 2014–42 agree to be subject to the duties and restrictions in Circular 230, including the restrictions on incompetent or disreputable conduct.

The disciplinary sanctions to be imposed for violation of the applicable standards are:

Disbarred from practice before the IRS—An individual who is disbarred is not eligible to practice before the IRS as defined at 31 C.F.R. § 10.2(a)(4) during the term of the suspension.

Censured in practice before the IRS—Censure is a public reprimand. Unlike disbarment or suspension, censure does not affect an individual’s eligibility to practice before the IRS, but OPR may subject the individual’s future practice rights to conditions designed to promote high standards of conduct.

Monetary penalty—A monetary penalty may be imposed on an individual who engages in conduct subject to sanction, or on an employer, firm, or entity if the individual was acting on its behalf and it knew, or reasonably should have known, of the individual’s conduct.

Disqualification of appraiser—An appraiser who is disqualified is barred from presenting evidence or testimony in any administrative proceeding before the Department of the Treasury or the IRS.

Ineligible for limited practice—An unenrolled/unlicensed return preparer who fails to comply with the requirements in Revenue Procedure 81–38 or to comply with Circular 230 as required by Revenue Procedure 2014–42 may be determined ineligible to engage in limited practice as a representative of any taxpayer. Under the regulations, individuals subject to Circular 230 may not assist, or accept assistance from, individuals who are suspended or disbarred with respect to matters constituting practice (i.e., representation) before the IRS, and they may not aid or abet suspended or disbarred individuals to practice before the IRS.

Disciplinary sanctions are described in these terms:

Disbarred by decision, Suspended by decision, Censured by decision, Monetary penalty imposed by decision, and Disqualified by decision on appeal—An ALJ, after finding that no answer to OPR’s complaint was filed, granted OPR’s motion for a default judgment and issued a decision imposing one of these sanctions.

Disbarred by decision on appeal, Suspended by decision on appeal, Censured by decision on appeal, Monetary penalty imposed by decision on appeal, and Disqualified by decision on appeal—The decision of the ALJ was appealed to the agency appeal authority, acting as the delegate of the Secretary of the Treasury, and the appeal authority issued a decision imposing one of these sanctions.

Disbarred by consent, Suspended by consent, Censured by consent, Monetary penalty imposed by consent, and Disqualified by consent—In lieu of a disciplinary proceeding being instituted or continued, an individual offered a consent to one of these sanctions and OPR accepted the offer. Typically, an offer of consent will provide for: suspension for an indefinite term; conditions that the individual must observe during the suspension; and the individual’s opportunity, after a stated number of months, to file with OPR a petition for reinstatement affirming compliance with the terms of the consent and affirming current fitness and eligibility to practice (i.e., an active professional license or active enrollment status, with no intervening violations of the regulations).

Suspended indefinitely by decision in expedited proceeding, Suspended indefinitely by default decision in expedited proceeding, Suspended by consent in expedited proceeding—OPR instituted an expedited proceeding for suspension (based on certain limited grounds, including loss of a professional license for cause, and criminal convictions).

Determined ineligible for limited practice—There has been a final determination that an unenrolled/unlicensed return preparer is not eligible for limited representation of any taxpayer because the preparer violated standards of conduct or
failed to comply with any of the requirements to act as a representative.

A practitioner who has been disbarred or suspended under 31 C.F.R. § 10.60, or suspended under § 10.82, or a disqualified appraiser may petition for reinstatement before the IRS after the expiration of 5 years following such disbarment, suspension, or disqualification (or immediately following the expiration of the suspension or disqualification period if shorter than 5 years). Reinstatement will not be granted unless the IRS is satisfied that the petitioner is not likely to engage thereafter in conduct contrary to Circular 230, and that granting such reinstatement would not be contrary to the public interest.

Reinstatement decisions are published at the individual’s request, and described in these terms:

**Reinstated to practice before the IRS**—The individual’s petition for reinstatement has been granted. The individual is an attorney, certified public accountant, enrolled agent, enrolled actuary, or an enrolled retirement plan agent, and eligible to practice before the IRS, or in the case of an appraiser, the individual is no longer disqualified.

**Reinstated to engage in limited practice before the IRS**—The individual’s petition for reinstatement has been granted. The individual is an unenrolled/unlicensed return preparer and eligible to engage in limited practice before the IRS.

OPR has authority to disclose the grounds for disciplinary sanctions in these situations: (1) an ALJ or the Secretary’s delegate on appeal has issued a final decision; (2) the individual has settled a disciplinary case by signing OPR’s “consent to sanction” agreement admitting to one or more violations of the regulations and consenting to the disclosure of the admitted violations (for example, failure to file Federal income tax returns, lack of due diligence, conflict of interest, etc.); (3) OPR has issued a decision in an expedited proceeding for indefinite suspension; or (4) OPR has made a final determination (including any decision on appeal) that an unenrolled/unlicensed return preparer is ineligible to represent any taxpayer before the IRS.

Announcements of disciplinary sanctions appear in the Internal Revenue Bulletin at the earliest practicable date. The sanctions announced below are alphabetized first by state and second by the last names of the sanctioned individuals.

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as “rulings”) that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with amplified and clarified, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, modified and superseded describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
