T.D. 9878, page 1044.
This TD finalizes regulations under section 1.165-11 and provides rules and procedures for making and revoking an election to claim a disaster loss in the preceding year and replaces the temporary regulations under section 1.165-11T. The final regulations provide that an election under section 165(i) to deduct a disaster loss for the preceding year is made either on an original Federal income tax return for the preceding year or an amended Federal income tax return for the preceding year in the manner specified by guidance issued pursuant to this section. The due date for making the section 165(i) election is six months after the due date for filing the taxpayer’s Federal income tax return for the disaster year (determined without regard to any extension of time to file). In general, a section 165(i) election may be revoked on or before the date that is ninety (90) days after the due date for making the election.
The IRS Mission

Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.
This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.
To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury’s Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.
This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

Rev. Rul. 2019-25

This revenue ruling provides various prescribed rates for federal income tax purposes for November 2019 (the current month). Table 1 contains the short-term, mid-term, and long-term applicable federal rates (AFR) for the current month for purposes of section 1274(d) of the Internal Revenue Code. Table 2 contains the short-term, mid-term, and long-term adjusted applicable federal rates (adjusted AFR) for the current month for purposes of section 1288(b). Table 3 sets forth the adjusted federal long-term rate and the long-term tax-exempt rate described in section 382(f). Table 4 contains the appropriate percentages for determining the low-income housing credit described in section 42(b)(1) for buildings placed in service during the current month. However, under section 42(b)(2), the applicable percentage for non-federally subsidized new buildings placed in service after July 30, 2008, shall not be less than 9%. Finally, Table 5 contains the federal rate for determining the present value of an annuity, an interest for life or for a term of years, or a remainder or a reversionary interest for purposes of section 7520.

Election to Take Disaster Loss Deduction for Preceding Year

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Final regulation and removal of temporary regulation.

SUMMARY: This document contains amendments to the Income Tax Regulations (26 CFR part 1) under section 165(i) of the Internal Revenue Code regarding the election to deduct a loss attributable to a federally declared disaster for the taxable year prior to the year in which the disaster occurred. On October 14, 2016, a temporary regulation (TD 9789) was published in the Federal Register (81 FR 70938) relating to the election to take a disaster loss deduction for the preceding year. A notice of proposed rulemaking (REG-150992-13) cross-referencing the temporary regulation was also published in the Federal Register (81 FR 71025) on October 14, 2016. Finally, a revenue procedure (Rev. Proc. 2016-53, 2016-44 I.R.B. 530) was published in the Internal Revenue Bulletin on October 31, 2016 (the revenue procedure with the proposed and temporary regulations collectively, “the 2016 guidance”). The 2016 guidance extended the deadline to make the section 165(i) election as well as the deadline to revoke the section 165(i) election. The 2016 guidance also clarified various rules associated with the section 165(i) election. For example, the 2016 guidance clarified that the election is made on either an original Federal income tax return for the preceding year or an amended Federal income tax return for the preceding year.¹

No public comments were received and no public hearing was requested or held. This final regulation adopts the proposed regulation substantially without change. Additionally, this document removes the temporary regulation.

DATES: Effective Date: The final regulation is effective October 11, 2019.

Applicability Date: For date of applicability, see § 1.165-11(i).

SUPPLEMENTARY INFORMATION:

Background

This document contains amendments to the Income Tax Regulations (26 CFR part 1) under section 165(i) of the Internal Revenue Code regarding the election to deduct a loss attributable to a federally declared disaster for the taxable year prior to the year in which the disaster occurred. On October 14, 2016, a temporary regulation (TD 9789) was published in the Federal Register (81 FR 70938) relating to the election to take a disaster loss deduction for the preceding year. A notice of proposed rulemaking (REG-150992-13) cross-referencing the temporary regulation was also published in the Federal Register (81 FR 71025) on October 14, 2016. Finally, a revenue procedure (Rev. Proc. 2016-53, 2016-44 I.R.B. 530) was published in the Internal Revenue Bulletin on October 31, 2016 (the revenue procedure with the proposed and temporary regulations collectively, “the 2016 guidance”). The 2016 guidance extended the deadline to make the section 165(i) election as well as the deadline to revoke the section 165(i) election. The 2016 guidance also clarified various rules associated with the section 165(i) election. For example, the 2016 guidance clarified that the election is made on either an original Federal income tax return for the preceding year or an amended Federal income tax return for the preceding year.¹

No public comments were received and no public hearing was requested or held. This final regulation adopts the proposed regulation substantially without change. Additionally, the temporary regulation is removed.

Special Analyses

This regulation is not subject to review under section 6(b) of Executive Order 12866 pursuant to the Memorandum of Agreement (April 11, 2018) between the Department of the Treasury and the Office of Management and Budget regarding review of tax regulations. Because the regulation does not impose a collection of information on small entities, a Regulatory Flexibility Act (5 U.S.C. chapter 6) analysis is not required. Pursuant to section 7805(f), the notice of proposed rulemaking preceding this regulation was submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business. No comments were received.

Drafting Information

The principal author of this regulation is Daniel Cassano of the Office of the Associate Chief Counsel (Income Tax & Accounting). However, other personnel from the Treasury Department and the IRS participated in its development.

Adoption of Amendments to the Regulations

Accordingly, 26 CFR part 1 is amended as follows:

PART 1—INCOME TAXES

Paragraph 1. The authority citation for part 1 continues to read in part as follows:

Authority: 26 U.S.C. 7805 * * *
§ 1.165-11T [Removed]
Par. 2. Remove § 1.165-11T.
Par. 3. Revise § 1.165-11 to read as follows:
§ 1.165-11 Election to take disaster loss deduction for preceding year.

(a) In general. Section 165(i) allows a taxpayer who has sustained a loss attributable to a federally declared disaster in a taxable year to elect to deduct that disaster loss in the preceding year. This section provides rules and procedures for making and revoking an election to claim a disaster loss in the preceding year.

¹To facilitate this election, Section D, Election to Deduct Federally Declared Disaster Loss in Preceding Tax Year, was added to Form 4684, Casualties and Thefts.
(b) Definitions. The following definitions apply for purposes of this section:

(1) A federally declared disaster means any disaster subsequently determined by the President of the United States to warrant assistance by the Federal Government under the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

(2) A federally declared disaster area is the area determined to be eligible for assistance pursuant to the Presidential declaration in paragraph (b)(1) of this section.

(3) A disaster loss is a loss occurring in a federally declared disaster area that is attributable to a federally declared disaster and that is otherwise allowable as a deduction for the disaster year under section 165(a) and §§1.165-1 through 1.165-10.

(4) The disaster year is the taxable year in which a taxpayer sustains a loss attributable to a federally declared disaster.

(5) The preceding year is the taxable year immediately prior to the disaster year.

(c) Scope and effect of election. An election made pursuant to section 165(i) for a disaster loss attributable to a particular disaster applies to the entire loss sustained by the taxpayer from that disaster during the disaster year. If the taxpayer makes a section 165(i) election with respect to a particular disaster occurring during the disaster year, the disaster to which the election relates is deemed to have occurred, and the disaster loss to which the election applies is deemed to have been sustained, in the preceding year.

(d) Requirement to file consistent returns. A taxpayer may not make a section 165(i) election for a disaster loss if the taxpayer claims a deduction (as a loss, as cost of goods sold, or otherwise) for the same loss for the disaster year. If a taxpayer has claimed a deduction for a disaster loss for the disaster year and the taxpayer wants to make a section 165(i) election with respect to that loss, the taxpayer must file an amended Federal income tax return to remove the previously deducted loss on or before the date that the taxpayer makes the section 165(i) election for the loss. Similarly, if a taxpayer has claimed a deduction for a disaster loss for the preceding year and the taxpayer wants to revoke that election, the taxpayer must file an amended Federal income tax return to remove the deduction for the disaster year that includes the loss.

(e) Manner of making election. An election under section 165(i) to deduct a disaster loss for the preceding year is made either on an original Federal income tax return for the preceding year or an amended Federal income tax return for the preceding year in the manner specified by guidance issued pursuant to this section.

(f) Due date for making election. The due date for making the section 165(i) election is six months after the due date for filing the taxpayer’s Federal income tax return for the disaster year (determined without regard to any extension of time to file).

(g) Revocation. Subject to the requirements in paragraph (d) of this section, a section 165(i) election may be revoked on or before the date that is ninety (90) days after the due date for making the election.

(h) Applicability date. This section applies to elections and revocations that are made on or after October 16, 2019.

Sunita Lough,
Deputy Commissioner for Services and Enforcement.

Approved: September 3, 2019

David J. Kautter,
Assistant Secretary of the Treasury (Tax Policy).

Update for Weighted Average Interest Rates, Yield Curves, and Segment Rates

Notice 2019-56

This notice provides guidance on the corporate bond monthly yield curve, the corresponding spot segment rates used under § 417(e)(3), and the 24-month average segment rates under § 430(h)(2) of the Internal Revenue Code. In addition, this notice provides guidance as to the interest rate on 30-year Treasury securities under § 431(c)(6)(E)(ii)(I).

YIELD CURVE AND SEGMENT RATES

Section 430 specifies the minimum funding requirements that apply to single-employer plans (except for CSEC plans under § 414(y)) pursuant to § 412. Section 430(h)(2) specifies the interest rates that must be used to determine a plan’s target normal cost and funding target. Under this provision, present value is generally determined using three 24-month average interest rates (“segment rates”), each of which applies to cash flows during specified periods. To the extent provided under § 430(h)(2)(C)(iv), these segment rates are adjusted by the applicable percentage of the 25-year average segment rates for the period ending September 30 of the year preceding the calendar year in which the plan year begins.1 However, an election may be made under § 430(h)(2)(D)(ii) to use the monthly yield curve in place of the segment rates.

Notice 2007-81, 2007-44 I.R.B. 899, provides guidelines for determining the monthly corporate bond yield curve, and the 24-month average corporate bond segment rates used to compute the target normal cost and the funding target. Consistent with the methodology specified in Notice 2007-81, the monthly corporate bond yield curve derived from September 2019 data is in Table 2019-9 at the end of this notice. The spot first, second, and third segment rates for the month of September 2019 are, respectively, 2.13, 3.07, and 3.65.

The 24-month average segment rates determined under § 430(h)(2)(C)(iv) through (iii) must be adjusted pursuant to § 430(h)(2)(C)(iv) to be within the applicable minimum and maximum percentages of the corresponding 25-year average segment rates. For plan years beginning before 2021, the applicable minimum percentage is 90% and the applicable maximum percentage is 110%. The 25-year average segment rates for plan years beginning in 2018, 2019, and 2020 were published in Notice 2017-50, 2017-41 I.R.B. 280, Notice 2018-73, 2018-40 I.R.B. 526 and Notice 2019-51, 2018-41 I.R.B. 866, respectively.

24-MONTH AVERAGE CORPORATE BOND SEGMENT RATES

The three 24-month average corporate bond segment rates applicable for October 2019 without adjustment for the 25-year average segment rate limits are as follows:

30-YEAR TREASURY SECURITIES INTEREST RATES

Section 431 specifies the minimum funding requirements that apply to multi-employer plans pursuant to § 412. Section 431(c)(6)(B) specifies a minimum amount for the full-funding limitation described in § 431(c)(6)(A), based on the plan’s current liability. Section 431(c)(6)(E)(ii)(I) provides that the interest rate used to calculate current liability for this purpose must be no more than 5 percent above and no more than 10 percent below the weighted average of the rates of interest on 30-year Treas-

1Pursuant to § 433(h)(3)(A), the 3rd segment rate determined under § 430(h)(2)(C) is used to determine the current liability of a CSEC plan (which is used to calculate the minimum amount of the full funding limitation under § 433(c)(7)(C)).
sury securities during the four-year period ending on the last day before the beginning of the plan year. Notice 88-73, 1988-2 C.B. 383, provides guidelines for determining the weighted average interest rate. The rate of interest on 30-year Treasury securities for September 2019 is 2.16 percent. The Service determined this rate as the average of the daily determinations of yield on the 30-year Treasury bond maturing in August 2049. For plan years beginning in October 2019, the weighted average of the rates of interest on 30-year Treasury securities and the permissible range of rates used to calculate current liability are as follows:

<table>
<thead>
<tr>
<th>For Plan Years Beginning In</th>
<th>30-Year Treasury Weighted Average</th>
<th>Permissible Range 90% to 105%</th>

**MINIMUM PRESENT VALUE SEGMENT RATES**

In general, the applicable interest rates under § 417(e)(3)(D) are segment rates computed without regard to a 24-month average. Notice 2007-81 provides guidelines for determining the minimum present value segment rates. Pursuant to that notice, the minimum present value segment rates determined for September 2019 are as follows:

<table>

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as “rulings”) that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with modified, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with amplified and clarified, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revised describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, modified and superseded describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self-contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
