## **Mission of the Service**

The purpose of the Internal Revenue Service is to collect the proper amount of tax revenue at the least cost; serve the public by continually improving the

quality of our products and services; and perform in a manner warranting the highest degree of public confidence in our integrity, efficiency and fairness.

## **Statement of Principles of Internal Revenue Tax Administration**

The function of the Internal Revenue Service is to administer the Internal Revenue Code. Tax policy for raising revenue is determined by Congress.

With this in mind, it is the duty of the Service to carry out that policy by correctly applying the laws enacted by Congress; to determine the reasonable meaning of various Code provisions in light of the Congressional purpose in enacting them; and to perform this work in a fair and impartial manner, with neither a government nor a taxpayer point of view.

At the heart of administration is interpretation of the Code. It is the responsibility of each person in the Service, charged with the duty of interpreting the law, to try to find the true meaning of the statutory provision and not to adopt a strained construction in the belief that he or she is "protecting the revenue." The revenue is properly protected only when we ascertain and apply the true meaning of the statute.

The Service also has the responsibility of applying and administering the law in a reasonable, practical manner. Issues should only be raised by examining officers when they have merit, never arbitrarily or for trading purposes. At the same time, the examining officer should never hesitate to raise a meritorious issue. It is also important that care be exercised not to raise an issue or to ask a court to adopt a position inconsistent with an established Service position.

Administration should be both reasonable and vigorous. It should be conducted with as little delay as possible and with great courtesy and considerateness. It should never try to overreach, and should be reasonable within the bounds of law and sound administration. It should, however, be vigorous in requiring compliance with law and it should be relentless in its attack on unreal tax devices and fraud.

# Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly and may be obtained from the Superintendent of Documents on a subscription basis. Bulletin contents of a permanent nature are consolidated semi-annually into Cumulative Bulletins, which are sold on a single-copy basis.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations,

court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

## **Part I.—1986 Code.**

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

## **Part II.—Treaties and Tax Legislation.**

This part is divided into two subparts as follows: Subpart A, Tax Conventions, and Subpart B, Legislation and Related Committee Reports.

## **Part III.—Administrative, Procedural, and Miscellaneous.**

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).

## **Part IV.—Items of General Interest.**

With the exception of the Notice of Proposed Rulemaking and the disbarment and suspension list included in this part, none of these announcements are consolidated in the Cumulative Bulletins.

The first Bulletin for each month includes an index for the matters published during the preceding month. These monthly indexes are cumulated on a quarterly and semiannual basis, and are published in the first Bulletin of the succeeding quarterly and semi-annual period, respectively.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

Law 104-193, page 4, this Bulletin.

[347] 11. EXPANSION OF THE  
FEDERAL PARENT LOCATOR  
SERVICE

*Present law*

The law requires that the Federal  
Parent Locator Service (FPLS) be used  
to obtain and transmit information about  
the location of any absent parent when  
that information is to be used for the  
purpose of enforcing child support. Fed-  
eral law also requires departments or  
agencies of the United States to be  
reimbursed for costs incurred in provid-  
ing requested information to the FPLS.

Information Comparisons and Other  
Disclosures. Upon request, the Secretary  
must provide to an “authorized person”  
(i.e., an employee or attorney of a child  
support agency, a court with jurisdiction  
over the parties involved, the custodial  
parent, the legal guardian, or the child’s  
attorney) the most recent address and  
place of employment of any nonresident  
parent if the information is contained in  
the records of the Department of Health  
and Human Services or can be obtained  
from any other department or agency of  
the United States or of any State. The  
FPLS also can be used in connection  
with the enforcement or determination  
of child custody, visitation, and parental  
kidnapping. Federal law requires the  
Secretary of Labor and the Secretary of  
Health and Human Services to enter into  
an agreement to give the FPLS prompt  
access to wage and unemployment com-  
pensation claims information useful in  
locating a noncustodial parent or his  
employer.

Fees. “Authorized persons” who re-  
quest information from FPLS must be  
charged a fee.

Restriction on Disclosure and Use.  
Federal law stipulates that no informa-  
tion shall be disclosed if the disclosure  
would contravene the national policy or  
security interests of the United States or  
the confidentiality of Census data.

Quarterly Wage Reporting. The Sec-  
retary of Labor must provide prompt  
access by the Secretary of HHS to wage  
and unemployment compensation claims  
information and data maintained by the  
Labor Department or State employment  
security agencies.

*House bill*

The purposes of the Federal Parent  
Locator Service are expanded. For the  
purposes of establishing parentage, es-  
tablishing support orders or modifying  
them, or enforcing support orders, the  
Federal Parent Locator Service will pro-  
vide information to locate individuals

who owe child support or against whom  
an obligation is sought or to whom such  
an obligation is owed. Information in the  
FPLS includes Social Security number,  
address, name and address of employer,  
wages and employee benefits (including  
information about health care coverage),  
and information about assets and debts.  
The provision also clarifies the statute so  
that parents with orders providing child  
custody or visitation rights are given  
access to information from the FPLS  
unless the State has notified the Secre-  
tary that there is reasonable evidence of  
domestic violence or child abuse or that  
the information could be harmful to the  
custodial parent or child.

The Secretary is authorized to set  
reasonable rates for reimbursing Federal  
and State agencies for the costs of pro-  
viding information to the FPLS and to  
set reimbursement rates that State and  
Federal agencies that use information  
from the FPLS must pay to the Secretary.

Federal Case Registry of Child Support  
Orders. Establishes within the FPLS an  
automated registry known as the Federal  
Case Registry of Child Support Orders.  
The Federal Case Registry contains ab-  
stracts of child support orders and other  
information specified by the Secretary  
(such as names, Social Security numbers  
or other uniform identification numbers,  
and State case identification numbers) to  
identify individuals who owe or are owed  
support, or for or against whom support  
is sought to be established, and the State  
which has the case. States must begin  
reporting this information in accord with  
regulations issued by the Secretary by  
October 1, 1998.

National Directory of New Hires.  
This provision establishes within the  
FPLS a National Directory of New  
Hires containing information supplied  
by State Directories of New Hires.  
When fully implemented, the Federal  
Directory of New Hires will contain  
identifying information on virtually ev-  
ery person who is hired in the United  
States. In addition, the FPLS will con-  
tain quarterly data supplied by the State  
Directory of New Hires on wages and  
Unemployment Compensation paid. The  
Secretary of the Treasury must have  
access to information in the Federal  
Directory of New Hires for the purpose  
of administering section 32 of the Inter-  
nal Revenue Code and the Earned In-  
come Credit. The information for the  
National Directory of New Hires must  
be entered within 2 days of receipt, and  
requires the Secretary to maintain within  
the National Directory of New Hires a

list of multistate employers that choose to send their report to one State and the name of the State so elected. The Secretary must establish a National Directory of New Hires by October 1, 1997.

Information Comparisons and Other Disclosures. The Secretary must verify the accuracy of the name, Social Security number, birth date, and employer identification number of individuals in the Federal Parent Locator Service with the Social Security Administration. The Secretary is required to match data in the National Directory of New Hires against the child support order abstracts in the Federal Case Registry at least every 2 working days and to report information obtained from matches to the State child support agency responsible for the case within 2 days. The information is to be used for purposes of locating individuals to establish paternity, and to establish, modify, or enforce child support orders. The Secretary may also compare information across all components of the FPLS to the extent and with the frequency that the Secretary determines will be effective. The Secretary will share information from the FPLS with several potential users including State agencies administering the Temporary Assistance for Needy Families program, the Commissioner of Social Security (to determine the accuracy of Social Security and Supplemental Security Income), and researchers under some circumstances.

Fees. The Secretary must reimburse the Commissioner of Social Security for costs incurred in performing verification of Social Security information and States for submitting information on New Hires. States or Federal agencies that use information from FPLS must pay fees established by the Secretary.

Restriction on Disclosure and Use. Information from the FPLS cannot be used for purposes other than those provided in this section, subject to section 6103 of the Internal Revenue Code (confidentiality and disclosure of returns and return information).

Information Integrity and Security. The Secretary must establish and use safeguards to ensure the accuracy and completeness of information from the FPLS and restrict access to confidential information in the FPLS to authorized persons and purposes.

Federal Government Reporting. Each department of the U.S. must submit the name, Social Security number, and wages paid the employee on a quarterly basis to the FPLS. Quarterly wage re-

porting must not be filed for a Federal or State employee performing intelligence or counter-intelligence functions if it is determined that filing such a report could endanger the employee or compromise an ongoing investigation.

Conforming Amendments. This section makes several conforming amendments to Titles III and IV of the Social Security Act, to the Federal Unemployment Tax Act, and to the Internal Revenue Code. Among the more important are that: State employment security agencies are required to report quarterly wage information to the Secretary of HHS or suffer financial penalties and that private agencies working under contract to State child support agencies can have access to certain specified information from IRS records under some circumstances.

Requirement for Cooperation. The Secretaries of HHS and Labor must work together to develop cost-effective and efficient methods of accessing information in the various directories required by this title; they must also consider the need to ensure the proper and authorized use of wage record information.

*Senate amendment*

Same, except under "Information Comparisons and Other Disclosures" the Senate amendment drops the requirement that the Social Security Administration must determine the accuracy of payments under the Social Security and SSI programs.

*Conference agreement*

The conference agreement follows the House bill and the Senate amendment with the modification that the agreement follows the Senate provision dropping the requirement that the Social Security Administration determine the accuracy of Social Security and SSI payments.

TITLE IV—RESTRICTING WELFARE AND PUBLIC BENEFITS FOR ALIENS

[392] Subtitle F—Earned Income Credit Denied to Unauthorized Employees

17. EARNED INCOME CREDIT DENIED TO INDIVIDUALS NOT AUTHORIZED TO BE EMPLOYED IN THE UNITED STATES

[NOTE.—For further description of this and additional earned income credit provisions, see Title IX: Miscellaneous, page 9.]

*Present law*

Certain eligible low-income workers are entitled to claim a refundable credit of up to \$3,556 in 1996 on their income tax return. The amount of the credit an eligible individual may claim depends upon whether the individual has one, more than one, or no qualifying children and is determined by multiplying the credit rate by the taxpayer's earned income up to an earned income amount. The maximum amount of the credit is the product of the credit rate and the earned income amount. For taxpayers with earned income (or adjusted gross income (AGI), if greater) in excess of the beginning of the phaseout range, the maximum credit amount is reduced by the phaseout rate multiplied by the amount of earned income (or AGI, if greater) in excess of the beginning of the phaseout range. For taxpayers with earned income (or AGI, if greater) in excess of the end of the phaseout range, no credit is allowed.

In order to claim the credit, an individual must either have a qualifying child or meet other requirements. A qualifying child must meet a relationship test, an age test, an identification test, and a residence test. In order to claim the credit without a qualifying

child, an individual must not be a dependent and must be over age 24 and under age 65.

To satisfy the identification test, individuals must include on their tax return the name and age of each qualifying child. For returns filed with respect to tax year 1996, individuals must provide a taxpayer identification number (TIN) for all qualifying children born on or before November 30, 1996. For returns filed with respect to tax year 1997 and all subsequent years, individuals must provide TINs for all qualifying children, regardless of their age. An individual's TIN is generally that individual's social security number.

The Internal Revenue Service may summarily assess additional tax due as a result of a mathematical or clerical error without sending the taxpayer a notice of deficiency and giving the taxpayer an opportunity to petition the Tax Court. Where the IRS uses the summary assessment procedure for mathematical or clerical errors, the taxpayer must be given an explanation of the asserted error and a period of 60 days to request that the IRS abate its assessment. The IRS may not proceed to collect the amount of the assessment until the taxpayer has agreed to it or has allowed the 60-day period for objecting to expire. If the taxpayer files a request for abatement of the assessment specified in the notice, the IRS must abate the assessment. Any reassessment of the abated amount is subject to the ordinary deficiency procedures. The request for abatement of the assessment is the only procedure a taxpayer may use prior to paying the assessed amount in order to contest an assessment arising out of a mathematical or clerical error. Once the assessment is satisfied, however, the

taxpayer may file a claim for refund if he or she believes the assessment was made in error.

*House bill*

Individuals are not eligible for the credit if they do not include their taxpayer identification number (and, if married, their spouse's taxpayer identification number) on their tax return. Solely for these purposes and for purposes of the present-law identification test for a qualifying child, a taxpayer identification number is defined as a social security number issued to an individual by the Social Security Administration other than a number issued under section 205(c)(2)(B)(i)(II) (or that portion of sec. 205(c)(2)(B)(i)(III) relating to it) of the Social Security Act (regarding the issuance of a number to an individual applying for or receiving Federally funded benefits).

If an individual fails to provide a correct taxpayer identification number, such omission will be treated as a mathematical or clerical error. If an individual who claims the credit with respect to net earnings from self-employment fails to pay the proper amount of self-employment tax on such net earnings, the failure will be treated as a mathematical or clerical error for purposes of the amount of credit allowed.

*Senate amendment*

Similar to House bill.

*Conference agreement*

The conference agreement follows the House bill and the Senate amendment.

TITLE IX—MISCELLANEOUS

[494] 10. EARNED INCOME CREDIT PROVISIONS

*A. Deny earned income credit to individuals not authorized to be employed in the United States*

[NOTE.—For additional discussion of this provision, refer to Title IV: Restricting Welfare and Public Benefits for Aliens, page 8.]

*Present law*

In general. Certain eligible low-income workers are entitled to claim a refundable credit on their income tax return. The amount of the credit an eligible individual may claim depends upon whether the individual has one, more than one, or no qualifying children and is determined by multiplying the credit rate by the individual's<sup>1</sup> earned income up to an earned income amount. The maximum amount of the credit is the product of the credit rate and the earned income amount. For individuals with earned income (or adjusted gross income (AGI), if greater) in excess of the beginning of the phaseout range, the maximum credit amount is reduced by the phaseout rate multiplied by the amount of earned income (or AGI, if greater) in excess of the beginning of the phaseout range. For individuals with earned income (or AGI, if greater) in excess of the end of the phaseout range, no credit is allowed.

The parameters for the credit depend upon the number of qualifying children the individual claims. For 1996, the parameters are given in the following table:

<sup>1</sup>In the case of a married individual who files a joint return with his or her spouse, the income for purposes of these tests is the combined income of the couple.

	Two or more children	One qualifying child	No qualifying children
Credit rate (percent) . . . . .	40.00	34.00	7.65
Earned income amount . . . . .	\$8,890	\$6,330	\$4,220
Maximum credit . . . . .	\$3,556	\$2,152	\$323
Phaseout begins . . . . .	\$11,610	\$11,610	\$5,280
Phaseout rate (percent) . . . . .	21.06	15.98	7.65
Phaseout ends . . . . .	\$28,495	\$25,078	\$9,500

For years after 1996, the credit rates and the phaseout rates will be the same as in the preceding table. The earned income amount and the beginning of the phaseout range are indexed for inflation;

because the end of the phaseout range depends on those amounts as well as the phaseout rate and the credit rate, the end of the phaseout range will also increase if there is inflation.

In order to claim the credit, an individual must either have a qualifying child or meet other requirements. A qualifying child must meet a relationship test, an age test, an identification

test, and a residence test. In order to claim the credit without a qualifying child, an individual must be over age 24 and under age 65.

To satisfy the identification test, individuals must include on their tax return the name and age of each qualifying child. For returns filed with respect to tax year 1996, individuals must provide a taxpayer identification number (TIN) for all qualifying children born on or before November 30, 1996. For returns filed with respect to tax year 1997 and all subsequent years, individuals must provide TINs for all qualifying children, regardless of their age. An individual's TIN is generally that individual's social security number.

An individual with qualifying children may elect to receive a portion of the credit on an advance basis by furnishing an advance payment certificate to his or her employer. For such an individual, the employer makes an advance payment of the credit at the time wages are paid. The amount of advance payment allowable in a taxable year is limited to 60 percent of the maximum credit available to an individual with one qualifying child.

Mathematical or clerical errors. The Internal Revenue Service may summarize additional tax due as a result of a mathematical or clerical error without sending the taxpayer a notice of deficiency and giving the taxpayer an opportunity to petition the Tax Court. Where the IRS uses the summary assessment procedure for mathematical or clerical errors, the taxpayer must be given an explanation of the asserted error and a period of 60 days to request that the IRS abate its assessment. The IRS may not proceed to collect the amount of the assessment until the taxpayer has agreed to it or has allowed the 60-day period for objecting to expire. If the taxpayer files a request for abatement of the assessment specified in the notice, the IRS must abate the assessment. Any reassessment of the abated amount is subject to the ordinary deficiency procedures. The request for abatement of the assessment is the only procedure a taxpayer may use prior to paying the assessed amount in order to contest an assessment arising out of a mathematical or clerical error. Once the assessment is satisfied, however, the taxpayer may file a claim for refund if he or she believes the assessment was made in error.

#### *House bill*

Individuals are not eligible for the credit if they do not include their taxpayer identification number (and, if married, their spouse's taxpayer identification number) on their tax return. Solely for these purposes and for purposes of the present-law identification test for a qualifying child, a taxpayer identification number is defined as a social security number issued to an individual by the Social Security Administration other than a number issued under section 205(c)(2)(B)(i)(II) (or that portion of sec. 205(c)(2)(B)(i)(III) relating to it) of the Social Security Act (regarding the issuance of a number to an individual applying for or receiving Federally funded benefits).

If an individual fails to provide a correct taxpayer identification number, such omission will be treated as a mathematical or clerical error. If an individual who claims the credit with respect to net earnings from self-employment fails to pay the proper amount of self-employment tax on such net earnings, the failure will be treated as a mathematical or clerical error for purposes of the amount of credit allowed.

Effective date. The provision is effective for taxable years beginning after December 31, 1995.

#### *Senate amendment*

The provision in the Senate amendment is identical to that in the House bill.

#### *Conference agreement*

The conference agreement follows the House bill and the Senate amendment with a modification to the effective date. The conference agreement is effective with respect to returns the due date for which (without regard to extensions) is more than 30 days after the date of enactment of this Act.

#### *B. Change disqualified income test for earned income credit*

##### *Present law*

For taxable years beginning after December 31, 1995, an individual is not eligible for the earned income credit if the aggregate amount of "disqualified income" of the taxpayer for the taxable year exceeds \$2,350. This threshold is not indexed. Disqualified income is the sum of:

- (1) interest (taxable and tax-exempt),
- (2) dividends, and
- (3) net rent and royalty income (if greater than zero).

##### *House bill*

No provision.

##### *Senate amendment*

For purposes of the disqualified income test for the earned income credit, the following items are added to the definition of disqualified income: capital gain net income and net passive income (if greater than zero) that is not self-employment income.

The threshold above which an individual is not eligible for the credit is reduced from \$2,350 to \$2,200, and the threshold is indexed for inflation after 1996.

Effective date. The provision generally is effective for taxable years beginning after December 31, 1995. For individuals who, as of June 26, 1996, had made an election to receive the current-year credit on an advance basis, the provision is effective for taxable years beginning after December 31, 1996.

##### *Conference agreement*

The conference agreement follows the Senate amendment.

#### *C. Modify definition of adjusted gross income used for phasing out the earned income credit*

##### *Present law*

For taxpayers with earned income (or AGI, if greater) in excess of the beginning of the phaseout range, the maximum earned income credit amount is reduced by the phaseout rate multiplied by the amount of earned income (or AGI, if greater) in excess of the beginning of the phaseout range. For taxpayers with earned income (or AGI, if greater) in excess of the end of the phaseout range, no credit is allowed.

##### *House bill*

No provision.

##### *Senate amendment*

The provision modifies the definition of AGI used for phasing out the earned income credit by including certain nontaxable income and by disregarding certain losses. The nontaxable items included are:

(1) tax-exempt interest, and

(2) nontaxable distributions from pensions, annuities, and individual retirement arrangements (but only if not rolled over into similar vehicles during the applicable rollover period).

The losses disregarded are:

(1) net capital losses (if greater than zero),

(2) net losses from trusts and estates,

(3) net losses from nonbusiness rents and royalties, and

(4) net losses from businesses, computed separately with respect to sole proprietorships (other than in farming), sole proprietorships in farming, and other businesses.

For purposes of item (4), above, amounts attributable to a business that consists of the performance of services by the taxpayer as an employee are not taken into account.

Effective date. The provision generally is effective for taxable years beginning after December 31, 1995. For individuals who, as of June 26, 1996, had made an election to receive the current-year credit on an advance basis, the provision is effective for taxable years beginning after December 31, 1996.

#### *Conference agreement*

The conference agreement modifies the definition of AGI used for phasing out the earned income credit by disregarding certain losses. The losses disregarded are:

(1) net capital losses (if greater than zero),

(2) net losses from trusts and estates,

(3) net losses from nonbusiness rents and royalties, and

(4) 50 percent of the net losses from businesses, computed separately with respect to sole proprietorships (other than in farming), sole proprietorships in farming, and other businesses.

For purposes of item (4), above, amounts attributable to a business that consists of the performance of services by the taxpayer as an employee are not taken into account.

Effective date. Same as the Senate amendment provision.

#### *D. Suspend inflation adjustments for earned income credit for individuals with no qualifying children*

##### *Present law*

To claim the earned income credit, an

individual must either have a qualifying child or meet other requirements. In order to claim a credit without a qualifying child, an individual must not be a dependent and must be over age 24 and under age 65.

The earned income amount and the beginning of the phaseout range are indexed for inflation; because the end of the phaseout range depends on these amounts as well as the phaseout rate and the credit rate, the end of the phaseout range will also increase if there is inflation.

##### *House bill*

No provision.

##### *Senate amendment*

In the case of individuals with no qualifying children there will be no adjustment for inflation after 1996 to the earned income amount or the beginning of the phaseout range.

Effective date. The provision is effective for taxable years beginning after December 31, 1996.

##### *Conference agreement*

The conference agreement follows the House bill (no provision).

## Part IV. Items of General Interest

### Work Opportunity Tax Credit — Supplementary Instructions for Form 8850

#### Announcement 96-116

This announcement provides supplementary instructions for employers pertaining to the date-of-birth entry space on the applicant information portion of Form 8850, Work Opportunity Credit Pre-Screening Notice and Certification Request.

#### BACKGROUND

On September 26, 1996, the IRS issued Form 8850 for use by employers who wish to obtain the Work Opportunity Tax Credit (WOTC) by hiring individuals who belong to one of seven targeted groups defined in section 51(d)(11) of the Internal Revenue Code.

At the top of the Form 8850, there is an entry for the job applicant's date of birth. This information is requested on the form because of specific age requirements for membership in the following three targeted groups: high-risk youths (ages 18-24), qualified summer youth employees (ages 16-17), and qualified food stamp recipients (ages 18-24).

Some employers have expressed an interest in limiting the extent to which age information is collected in the pre-screening process to those age brackets that are determinative of eligibility in a WOTC targeted group. To accommodate this concern, the IRS expects to publish a revised Form 8850.

In a notice published in the Federal Register on October 3, 1996, the IRS requested comments on Form 8850 as required by the Paperwork Reduction Act of 1995. Those comments are due December 2, 1996. The IRS expects to publish a revised version of Form 8850 in early 1997. Meanwhile, the following supplementary instructions apply to the September 1996 version of the form.

#### SUPPLEMENTARY INSTRUCTIONS

In the case of applicants who are age 25 or older, employers are not required to ask for the applicant's date of birth and may leave the date-of-birth entry space blank on Form 8850.

The principal author of this announcement is Robert Wheeler of the Office of the Associate Chief Counsel (Employee Benefits and Exempt Organizations). For

further information regarding this announcement, contact Mr. Wheeler on (202) 622-6060 (not a toll-free call).

#### Amended Returns Under T.D. 8678

#### Announcement 96-117

The date in Temp. Treas. Reg. § 1.1502-99T(d)(4), as reprinted in the Internal Revenue Bulletin, 1996-31 I.R.B. at 28, dated July 29, 1996, should be March 26, 1997, rather than September 24, 1996. Accordingly, to the extent that T.D. 8678 requires amended returns to be filed, such returns are required to be filed before March 26, 1997. The temporary regulations relate to the operation of I.R.C. §§ 382 and 383 with respect to consolidated groups. See § 1.1502-99T(d)(4), as published in the Federal Register on June 27, 1996, 61 F.R. 33,365.

## Definition of Terms

*Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:*

*Amplified* describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with *modified*, below).

*Clarified* is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

*Distinguished* describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

*Modified* is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the new ruling holds that it applies to both A and B, the prior ruling

is modified because it corrects a published position. (Compare with *amplified* and *clarified*, above).

*Obsoleted* describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in law or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

*Revoked* describes situations where the position in the previously published ruling is not correct and the correct position is being stated in the new ruling.

*Superseded* describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the new ruling does

more than restate the substance of a prior ruling, a combination of terms is used. For example, *modified* and *superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case the previously published ruling is first modified and then, as modified, is superseded.

*Supplemented* is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

*Suspended* is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.
