## IRS Accepting Applications for Low Income Taxpayer Clinic Grants

IR-2011-58, June 1, 2011

The Internal Revenue Service today announced the opening of the 2012 Low Income Taxpayer Clinic (LITC) grant application process.

The grant will cover the 2012 grant cycle, which runs from January 1, 2012, through December 31, 2012. Applications must be electronically filed, postmarked, sent by private delivery service, or hand-delivered to the LITC Program Office in Washington, D.C. by July 15, 2011.

The LITC grant program is a federal program administered by the Office of the Taxpayer Advocate at the IRS, led by National Taxpayer Advocate Nina E. Olson. The LITC program awards matching grants of up to \$100,000 per year to qualifying organizations to develop, expand, or maintain a low income taxpayer clinic. The LITC program funds organizations that serve low income individuals who have a tax controversy with the IRS, or provide outreach and education to taxpayers who speak English as a second language. Applicants may apply for either type of program, or both. Although LITCs receive partial funding from the IRS, LITCs, their employees, and their volunteers are independent from the IRS. Examples of qualifying organizations include:

- Clinical programs at accredited law, business or accounting schools whose students represent low income taxpayers in tax disputes with the IRS; and
- Organizations exempt from tax under Internal Revenue Code Section 501(a) that represent low income taxpayers in tax disputes with the IRS or refer those taxpayers to qualified representatives.

The LITC program has identified targeted areas of need and is particularly interested in receiving applications from organizations that meet at least one of the following criteria: (1) they are receiving a grant for the 2011 cycle or (2) they plan to serve the following areas in 2012:

<b>Target States for New Clinic Applications</b>
Montana, Nebraska, Nevada, Wyoming

<b>Target States for ESL Clinic Applications</b>
Connecticut, Kentucky, Montana, New Mexico, South Dakota

<b>Target Metropolitan Areas for New Clinic Applications</b>	
Los Angeles, California, including the following counties:	Los Angeles, Kern, Riverside, Ventura
Sacramento, California, including the following counties:	El Dorado, Placer, Sacramento, San Joaquin, Stanislaus
Philadelphia, Pennsylvania, including the following counties:	Berks, Delaware, Philadelphia
St. Louis, Missouri, including the following counties:	Cape Girardeau, Jefferson, St. Francois, St. Louis

We encourage existing clinics to consider expanding their services to cover these areas, where possible. Notwithstanding the criteria detailed above, all applications for clinics from all areas are welcomed and will receive full consideration.
