IRS Provides Tax Relief to Victims of Hurricane Irene

IR-2011-87, Sept. 1, 2011

WASHINGTON — The Internal Revenue Service is providing tax relief to individual and business taxpayers impacted by Hurricane Irene.

The IRS announced today that certain taxpayers in North Carolina, New Jersey, New York and Puerto Rico will receive tax relief, and other locations are expected to be added in coming days following additional damage assessments by the Federal Emergency Management Agency (FEMA).

The tax relief postpones certain tax filing and payment deadlines to Oct. 31, 2011. It includes corporations and businesses that previously obtained an extension until Sept. 15, 2011, to file their 2010 returns and individuals and businesses that received a similar extension until Oct. 17. It also includes the estimated tax payment for the third quarter of 2011, which would normally be due Sept. 15.

Full details, including the start date for the relief in various locations and information on how to claim a disaster loss by amending a prior-year tax return, can be found in tax relief [announcements for individual states](#) on the IRS website, www.IRS.gov.

The tax relief is part of a coordinated federal response to the damage caused by the hurricane and is based on local damage assessments by FEMA. For information on disaster recovery, individuals should visit disasterassistance.gov.
