Instructions for Form 5471
(Rev. January 2022)

(Use with the December 2021 revision of Form 5471 and separate Schedules E, G-1, H, I-1, and M; the December 2020 revision of separate Schedules J, P, Q, and R; and the December 2012 revision of separate Schedule O.)

Information Return of U.S. Persons
With Respect to Certain Foreign Corporations

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments
For the latest information about developments related to Form 5471, its schedules, and its instructions, such as legislation enacted after they were published, go to IRS.gov/Forms5471.

What’s New
On Form 5471 and separate schedules, in entry spaces that request identifying information with respect to a foreign entity, taxpayers will no longer have the option to enter “FOREIGNUS” or “APPLIED FOR.” Instead, if a foreign entity does not have an EIN, the taxpayer must enter a reference ID number that uniquely identifies the foreign entity. Also, if a U.S. shareholder is required to file Schedule A (Form 8992) or Schedule B (Form 8992) with respect to the CFC, the reference ID number on Form 5471 and the reference ID number on Schedule A (Form 8992) or Schedule B (Form 8992) for that CFC must be the same. See Reference ID Number, later, for details.

Changes to Form 5471. On page 5 of Form 5471, five questions on Schedule G pertaining to cost sharing arrangements have been moved to new separate Schedule G-1 and all subsequent questions have been renumbered accordingly. Also, Schedule G, question 9b has been modified to clarify that a functional currency amount is being requested. Finally, on Schedule G, new question 18 is asked to determine if the taxpayer has selected the safe haven rules of Regulations sections 1.482-2(a)(2)(iii)(B) and new question 19 is asked to determine if the filer has made distributions or acquisitions that are funded by a related party loan.

Changes to separate Schedule E (Form 5471). With respect to line a at the top of page 1 of Schedule E, there is a new code “TOTAL” that is required for Schedule E and Schedule E-1 filers in certain circumstances. Form 5471 filers generally use the same category of filer codes used on Form 1118. However, in the case of Schedule E (Form 5471) filers, if a foreign corporation has more than one of those categories of income, the filer must also complete and file a separate Schedule E (including Schedule E-1) using code “TOTAL” that aggregates all amounts listed for each line and column of all other Schedules E and E-1.

New line c has been added at the top of Schedule E to accommodate reporting of treaty countries in cases where a resource by treaty code is entered on line a. See Schedule E, Lines a, b, and c, later, for details.

On page 1, Schedule E, Part I, Section 1, new column (c) (unsuspended taxes) requires taxpayers to check the box in that column in cases where taxes were previously suspended under section 909 and the related income is now being taken into account in the current year.

On page 1, Schedule E, Part I, Section 2, for purposes of clarification, the title of Section 2 has been amended as “Taxes Deemed Paid by Foreign Corporation.”

On page 1, Schedule E, Part I, Section 2, for purposes of clarification, columns (a) and (b) now request the name and EIN or reference ID number of the lower-tier distributing foreign corporation.

On page 2, Schedule E, Part II, column (g) has been repurposed to request taxes suspended under section 909.

On pages 2 and 3, Schedule E-1 now requests all amounts to be entered in U.S. dollars. Previously, column (c) requested amounts in functional currency.

On page 2, Schedule E-1, columns (a), (b), and (c) have been repurposed. These columns now request information pertaining to subpart F income, tested income, and residual income, respectively. Also, information pertaining to hovering deficits is no longer reported in column (d). Only information pertaining to suspended taxes is now reported in column (d). These changes to columns (a) through (d) take into account that post-TCJA, taxes paid or accrued by a CFC are only relevant for foreign tax credit purposes if they are current year taxes. Former column (a) through (d), pertaining to current E&P, post-1986 undistributed earnings (post-1986 and pre-2018 section 959(c)(3) balances), pre-1987 E&P not previously taxed (pre-1987 section 959(c)(3) balance), and hovering deficit and suspended taxes, respectively, had been retained in post-2017 domestic corporate tax years to account for the fact that some pre-TCJA enactment rules continued to apply in the domestic corporation’s tax years beginning after 2017 if such domestic corporation owned the foreign corporation through certain pass-through entities. It would be very rare in 2021 for a domestic corporation to have taxes deemed paid under section 902 on distributions with respect to a pre-2018 foreign corporate tax year.

As a result of the changes indicated in the previous paragraph, a preprinted zero has been inserted on line 1a of columns (a), (b), and (c) of Schedule E-1, given that only current year taxes are relevant. In
addition, lines 1b, 1c, and 2 have been shaded in columns (a), (b), (c), and (d), and a pre-printed zero has been inserted on line 16 of columns (a), (b), and (c).

On pages 2 and 3, Schedule E-1, line 5b (taxes reclassified as related to hovering deficit after nonrecognition transactions) of the previous revision has been deleted. As a result, previous line 5a is now line 5.

On pages 2 and 3, Schedule E-1 combines former lines 9 and 10 on one line 9 to report both taxes deemed paid with respect to inclusions under sections 951(a)(1) and 951A and clarifies that amounts may only be reported in columns (a) and (b) with respect to line 9. As a result, line 9 has been renamed “taxes deemed paid with respect to inclusions” and all subsequent lines of Schedule E-1 have been renumbered, as appropriate. Also, line 9 has been shaded with respect to all columns other than columns (a) and (b).

On pages 2 and 3, Schedule E-1 former line 11 is now line 10 and clarifies that only columns (d) and (e)(i) through (e)(x) may have entries on line 10. As a result, Schedule E-1, line 10, columns (a), (b), and (c) have been shaded.

On pages 2 and 3, Schedule E-1, line 14 (taxes related to hovering deficits offset of undistributed post-transaction E&P) of the previous revision has been deleted. This line 14 was deleted to comport with the clarification in proposed Regulations section 1.1367(b)-7(g) concerning hovering deficits (REG–101657–20 (November 12, 2020)). As a result of the deletion of line 14, all subsequent lines have been renumbered, as appropriate.

On pages 2 and 3, Schedule E-1, former line 15 is now line 13 and now requests filers to combine lines 8 through 12 in columns (a), (b), and (c).

On pages 2 and 3, Schedule E-1, former line 16 is now line 14 and has been reserved for future use.

On page 2, Schedule E-1, former line 18 is now line 16 (balance of taxes paid or accrued at beginning of the next year), and, as a result of the changes listed above, line 16 now instructs filers that line 16, columns (a), (b), and (c), must always equal zero. So, if necessary, enter negative amounts on line 15 of columns (a), (b), and (c) in amounts sufficient to reduce line 13, columns (a), (b), and (c) to zero. For the remaining columns, combine lines 8 through 12.

New separate Schedule G-1. This new schedule is used by U.S. persons to report information with respect to certain foreign corporations that were participants in any cost sharing arrangement during the tax year. For example, the schedule is used to report the foreign corporation’s intangible development costs, and reasonably anticipated benefits share, and the U.S. participant’s platform contributions for the tax year. Only those answering yes to Form 5471, Schedule G, question 7 are required to complete and file separate Schedule G-1.

Note. Schedule G-1 is a separate schedule because filers may be required to complete the schedule multiple times. Specifically, if the foreign corporation was a controlled participant (as defined in Regulations section 1.482-7(i)) in more than one cost sharing arrangement (as defined in Regulations section 1.482-7(b)) during the tax year, the filer is required to complete Schedule G-1 for each cost sharing arrangement.

Changes to separate Schedule H (Form 5471). Line 2g has been modified to update the references to Schedule E, due to changes made to that schedule.

New line 5c(iii)(D) was added so that a taxpayer can enter requested information for four sanctioned countries with respect to the section 901(j) category. The purpose of this new line is to eliminate the need for an attachment to this separate Schedule H.

The instructions for Schedule H, line 2i, have been revised to clarify that taxpayers must report an adjustment if U.S. GAAP income reported on Schedule C includes any expenses or income related to PTEP that should not be included in current year E&P.

Changes to separate Schedule I-1 (Form 5471). On lines 1 and 2, the phrase “(see instructions if cost of goods sold exceed gross receipts)” has been inserted after “gross income” (on line 1) and “exclusions” (on line 2). These changes were made because it is possible that, in certain circumstances, a taxpayer may have a negative amount to enter on line 1 or on one or more of the exclusion lines (lines 2a through 2e).

On line 3, the phrase “(total of lines 2a-2e)” has been replaced with “(combine lines 2a through 2e)” to reflect the fact that negative amounts can be entered on lines 2a through 2e. As a result, the line 3 result can be positive or negative.

On lines 4 and 6, the phrase “(see instructions)” has been inserted at the end of these line descriptions. The instructions explain how the subtractions are made and examples have been added for purposes of clarity. See the instructions for Schedule I-1, Line 4 and Line 6, later, for details.

Changes to separate Schedule J (Form 5471). No changes have been made to this schedule. Use the December 2020 revision of the schedule. However, see the instructions for Schedule J, later, for changes that affect how the schedule is completed.

Changes to separate Schedule M (Form 5471). New lines 13 and 28 were added for reporting loan guarantee fees received (line 13) and loan guarantee fees paid (line 28). Also, new lines 14 and 29 were added for reporting “other amounts received” (line 14) and “other amounts paid” (line 29). As a result of the addition of these new lines, all subsequent lines of Schedule M have been renumbered, as appropriate. See the instructions for Schedule M, later, for additional information, including the information required on the required statement for lines 14 and 29.

Changes to separate Schedule O (Form 5471). No changes have been made to Schedule O (Form 5471). Use the December 2012 revision of the schedule.

Changes to separate Schedule P (Form 5471). No changes have been made to this schedule. Use the December 2020 revision of the schedule. However, see the instructions for Schedule P, later, for changes that affect how the schedule is completed. For example, with respect to line a at the top of page 1 of Schedule P, there is a new code “TOTAL” that is required for Schedule P filers in certain circumstances. Form 5471 filers generally use the same category of filer codes used on Form 1118. However, in the case of Schedule P (Form 5471) filers, if a foreign corporation has more than one of those categories of income, the filer must also complete and file a separate Schedule P using code “TOTAL” that aggregates all amounts listed for each line and column of all other Schedules P.

Changes to separate Schedule Q. No changes have been made to this schedule. Use the December 2020 revision of the schedule. However, see the instructions for Schedule Q, later, for changes that affect how the schedule is completed. For example, with respect to line A at the top of page 1 of Schedule Q, there is a new code “TOTAL” that is required for Schedule Q filers in certain circumstances. Form 5471 filers generally use the same category of filer codes used on Form 1118. However, in the case of Schedule Q (Form 5471) filers, if a foreign corporation has more than one of those categories of income, the filer must also complete and file a separate Schedule Q using code “TOTAL” that aggregates all amounts listed for each line and column of all other Schedules Q.

Changes to separate Schedule R. No changes have been made to this schedule. Use the December 2020 revision of the schedule. However, see the instructions for Schedule R, later, for
changes that affect how the schedule is completed.

**Changes to the Instructions for Form 5471 and separate schedules.** The instructions have been updated for each of the aforementioned changes to Form 5471 and separate schedules. In addition:

- Changes have been made throughout these instructions based on final regulations (REG -101657-20 (November 12, 2020)).
- Section 111 of the Taxpayer Certainty and Disaster Tax Relief Act of 2020 extended the look-through rule of section 954(c)(6). The rule now applies to tax years of foreign corporations beginning after December 31, 2005, and before January 1, 2026, and to tax years of U.S. shareholders with or within which such tax years of the foreign corporations end.
- Continue to exclude the applicable types of income specified in section 954(c)(6) from Worksheet A, line 1a, for the period specified in the previous sentence.

**General Instructions**

**Purpose of Form**

Form 5471 is used by certain U.S. persons who are officers, directors, or shareholders in certain foreign corporations. The form and schedules are used to satisfy the reporting requirements of sections 6038 and 6046, and the related regulations.

**Who Must File**

Generally, all U.S. persons described in Categories of Filers, below, must complete the schedules, statements, and/or other information requested in the chart, Filing Requirements for Categories of Filers, later. Read the information for each category carefully to determine which schedules, statements, and/or information apply.

**Note.** When a schedule is required but all amounts are zero, the schedule should still be filed with one or more zero amounts. For schedules that are completed by category (that is, Schedule E, I-1, J, P and Q), inclusion of a single instance of that schedule for any separate category will meet the requirement.

If the filer is described in more than one filing category, do not duplicate information. However, complete all items that apply. For example, if you are the sole owner of a CFC (that is, you are described in Categories 4 and 5a), complete all six pages of Form 5471 and separate Schedules E, G-1, H, I-1, J, M, P, Q, and R.

**Note.** Complete a separate Form 5471 and all applicable schedules for each applicable foreign corporation.

**When and Where To File**

Attach Form 5471 to your income tax return (or, if applicable, partnership or exempt organization return) and file both by the due date (including extensions) for that return.

**Categories of Filers**

**Category 1 Filers**

These categories are for a U.S. shareholder of a foreign corporation that is a section 965 specified foreign corporation (SFC) (defined below) at any time during any tax year of the foreign corporation, and who owned that stock on the last day in that year on which it was an SFC, taking into account the regulations under section 965. However, see Certain Category 1 and Category 5 Filers, later, which may apply.

**U.S. shareholder.** For purposes of Category 1 filers, a U.S. shareholder is a U.S. person who owns (directly, indirectly, or constructively, within the meaning of sections 958(a) and (b)) 10% or more of the total combined voting power of all classes of voting stock of a section 965 SFC or, in the case of a tax year of a foreign corporation beginning after December 31, 2017, 10% or more of the total combined voting power or value of shares of all classes of stock of a section 965 SFC.

**U.S. person.** See Category 5 Filers, later, for definition.

Section 965 specified foreign corporation (SFC). For purposes of Category 1 filers, an SFC (as defined in section 965) is:

1. A CFC (see Category 5 Filers, later, for definition), or
2. Any foreign corporation with respect to which one or more domestic corporations is a U.S. shareholder.

However, if a passive foreign investment company (as defined in section 1297) with respect to the shareholder is not a CFC, then such corporation is not a section 965 SFC.

See section 965 and the regulations thereunder for exceptions.

**Note.** A U.S. shareholder who is a Category 1 filer (defined above) must continue to file all information required (see below) as long as:

- The section 965 SFC has accumulated E&P related to section 965 that is reportable on Schedule J (Form 5471), or
- The U.S. shareholder has previously taxed E&P related to section 965 that is reportable on Schedule P (Form 5471).

**Category 1a Filer**

A U.S. shareholder who is a Category 1 filer (defined above) must complete Form 5471 and file all information required of a Category 1a filer if that U.S. shareholder does not qualify as a Category 1b or 1c filer.

**Category 1b Filer**

See Unrelated section 958(a) U.S. shareholder, later, for instructions pertaining to when Form 5471 may be completed as a Category 1b filer.

**Category 1c Filer**

See Related constructive U.S. shareholder, later, for instructions pertaining to when Form 5471 may be completed as a Category 1c filer.

**Category 2 Filer**

This category includes a U.S. citizen or resident who is an officer or director of a foreign corporation in which a U.S. person (defined below) has acquired (in one or more transactions):

1. Stock which meets the 10% stock ownership requirement (described below) with respect to the foreign corporation, or
2. An additional 10% or more (in value or voting power) of the outstanding stock of the foreign corporation.

A U.S. person has acquired stock in a foreign corporation when that person has an unqualified right to receive the stock, even though the stock is not actually issued. See Regulations section 1.6046-1(f)(1) for more details.

**10% stock ownership requirement.** For purposes of Category 2 and Category 3, the stock ownership threshold is met if a U.S. person owns:

1. 10% or more of the total value of the foreign corporation's stock, or
2. 10% or more of the total combined voting power of all classes of stock with voting rights.

**U.S. person.** For purposes of Category 2 and Category 3, a U.S. person is:

1. A citizen or resident of the United States,
2. A domestic partnership,
3. A domestic corporation, and
4. An estate or trust that is not a foreign estate or trust as defined in section 7701(a)(31).

See Regulations section 1.6046-1(f)(3) for exceptions.
**Category 3 Filer**

This category includes:
- A U.S. person (see Category 2 Filer, above, for definition) who acquires stock in a foreign corporation which, when added to any stock owned on the date of acquisition, meets the 10% stock ownership requirement (described above) with respect to the foreign corporation;
- A U.S. person who acquires stock which, without regard to stock already owned on the date of acquisition, meets the 10% stock ownership requirement with respect to the foreign corporation;
- A person who is treated as a U.S. shareholder under section 953(c) with respect to the foreign corporation;
- A person who becomes a U.S. person while meeting the 10% stock ownership requirement with respect to the foreign corporation; or
- A U.S. person who disposes of sufficient stock in the foreign corporation to reduce his or her interest to less than the 10% stock ownership requirement.

For more information, see section 6046 and Regulations section 1.6046-1.

**Category 4 Filer**

This category includes a U.S. person who had control (defined below) of a foreign corporation during the annual accounting period of the foreign corporation.

**U.S. person.** For purposes of Category 4, a U.S. person is:
1. A citizen or resident of the United States;
2. A nonresident alien for whom an election is in effect under section 6013(g) to be treated as a resident of the United States;
3. An individual for whom an election is in effect under section 6013(h), relating to nonresident aliens who become residents of the United States during the tax year and are married at the close of the tax year to a citizen or resident of the United States;
4. A domestic partnership;
5. A domestic corporation; and
6. An estate or trust that is not a foreign estate or trust as defined in section 7701(a)(31).

See Regulations section 1.6038-2(d) for exceptions.

**Control.** A U.S. person has control of a foreign corporation if, at any time during that person's tax year, it owns stock possessing:
1. More than 50% of the total combined voting power of all classes of stock of the foreign corporation entitled to vote, or
2. More than 50% of the total value of shares of all classes of stock of the foreign corporation.

A person in control of a corporation that, in turn, owns more than 50% of the combined voting power, or the value, of all classes of stock of another corporation is also treated as being in control of such other corporation.

**Example.** Corporation A owns 51% of the voting stock in Corporation B. Corporation B owns 51% of the voting stock in Corporation C. Corporation C owns 51% of the voting stock in Corporation D. Therefore, Corporation D is controlled by Corporation A.

For more details on “control,” see Regulations sections 1.6038-2(b) and (c).

**Category 5 Filers**

These categories include a U.S. shareholder who owns stock in a foreign corporation that is a CFC at any time during any tax year of the foreign corporation, and who owned that stock on the last day in that year on which it was a CFC. However, see Certain Category 1 and Category 5 Filers, later, which may apply.

**U.S. shareholder.** For purposes of Category 5 filers, a U.S. shareholder is a U.S. person who:
1. Owns (directly, indirectly, or constructively, within the meaning of sections 958(a) and (b)) 10% or more of the total combined voting power of all classes of voting stock of a CFC or, in the case of a tax year of a foreign corporation that is a CFC, and who owned that stock on the last day in that year on which it was a CFC. However, see Certain Category 1 and Category 5 Filers, later, which may apply.

**Category 5a Filer**

A U.S. shareholder who is a Category 5 filer (defined above) must complete Form 5471 and file all information required of a Category 5a filer if that U.S. shareholder does not qualify as a Category 5b or 5c filer.

**Category 5b Filer**

See Unrelated section 958(a) U.S. shareholder below, for instructions pertaining to when Form 5471 may be completed as a Category 5b filer.

**Category 5c Filer**

See Related constructive U.S. shareholder below for instructions pertaining to when Form 5471 may be completed as a Category 5c filer.

**Certain Category 1 and Category 5 Filers**

Rev. Proc. 2019-40 provides relief for certain types of Category 5 filers. These instructions clarify that this relief is extended to similarly situated Category 1 filers.

**Unrelated section 958(a) U.S. shareholder.** For purposes of Category 1 and Category 5 filers, an unrelated section 958(a) U.S. shareholder is a U.S. shareholder with respect to a foreign-controlled corporation (defined below) who:
1. Owns, within the meaning of section 958(a), stock of a foreign-controlled corporation; and
2. Is not related (using principles of section 954(d)(3)) to the foreign-controlled corporation.

A U.S. shareholder who is a Category 1 filer (defined previously) and who is an unrelated section 958(a) U.S. shareholder with respect to a foreign-controlled corporation (defined below) may complete Form 5471 for that foreign-controlled corporation and complete only the information required of a Category 1b filer.
A U.S. shareholder who is a Category 5 filer (defined above) and who is an unrelated section 958(a) U.S. shareholder with respect to a foreign-controlled corporation (defined below) may complete Form 5471 for that foreign-controlled corporation and complete only the information required of a Category 5b filer.

Related constructive U.S. shareholder. For purposes of Category 1 and Category 5 filers, a related constructive U.S. shareholder is a U.S. shareholder with respect to a foreign-controlled corporation who:

1. Does not own, within the meaning of section 958(a), stock of the foreign-controlled corporation; and
2. Is related (using principles of section 954(d)(3)) to the foreign-controlled corporation.

A U.S. shareholder who is a Category 1 filer (defined previously) and who is a related constructive U.S. shareholder with respect to a foreign-controlled corporation (defined below) may complete Form 5471 for that foreign-controlled corporation and complete only the information required of a Category 1c filer. A U.S. shareholder who is a Category 5 filer (defined above) and who is a related constructive U.S. shareholder with respect to a foreign-controlled corporation (defined below) may complete Form 5471 for that foreign-controlled corporation and complete only the information required of a Category 5c filer.

Foreign-controlled corporation. For purposes of Category 1 and Category 5 filers, a foreign-controlled corporation is a foreign corporation that is either:

- A section 965 SFC that would not be a section 965 SFC if the determination were made without applying subparagraphs (A), (B), and (C) of section 318(a)(3) so as to consider a U.S. person as owning stock that is owned by a foreign person (for purposes of Category 1 filers); or
- A CFC that would not be a CFC if the determination were made without applying subparagraphs (A), (B), and (C) of section 318(a)(3) so as to consider a U.S. person as owning stock that is owned by a foreign person (for purposes of Category 5 filers).

Exceptions From Filing

Multiple filers of same information. One person may file Form 5471 and the applicable schedules for other persons who have the same filing requirements. If you and one or more other persons are required to furnish information for the same foreign corporation for the same period, a joint information return that contains the required information may be filed with your tax return or with the tax return of any one of the other persons. For example, a U.S. person described in Category 5 may file a joint Form 5471 with a Category 4 or another Category 5 filer. However, for Category 3 filers, the required information may only be filed by another person having an equal or greater interest (measured in terms of value or voting power of the stock of the foreign corporation).

The person that files Form 5471 must complete Form 5471 in the manner described in the instructions for Item F—Alternative Information Under Rev. Proc. 2019-40. All persons identified in Item F must attach a statement to their income tax return that includes the information described in the instructions for Item F.

*See also Additional Filing Requirements.

1. Schedules E and E-1 are required for an unrelated section 958(a) U.S. shareholder only if the filer claims deemed paid foreign income taxes of the foreign-controlled corporation under section 960 for the filer's tax year. See Rev. Proc. 2019-40 for more details.

1. The shareholder does not own a direct interest in the foreign corporation.

2. The shareholder is required to furnish the information requested solely because of constructive ownership (as determined under Regulations section 1.958-2, 1.6038-2(c), or 1.6046-1(i)) from another U.S. person.

3. The U.S. person through which the shareholder constructively owns an interest in the foreign corporation files Form 5471 to report all of the required information.

No statement is required to be attached to tax returns for persons claiming the constructive ownership exception.

- A Category 2 filer does not have to file Form 5471 if:
  1. Immediately after a reportable stock acquisition, three or fewer U.S. persons own 95% or more in value of the outstanding stock of the foreign corporation and the U.S. person making the acquisition files a return for the acquisition as a Category 3 filer; or
  2. The U.S. person(s) for which the Category 2 filer is required to file Form 5471 does not directly own an interest in the foreign corporation but is required to furnish the information solely because of constructive stock ownership from a U.S. person and the person from whom the stock ownership is attributed furnishes all of the required information.

- A Category 1, 4, or 5 filer does not have to file Form 5471 if the shareholder:
  1. Does not own a direct or indirect interest in the foreign corporation, and
  2. Is required to file Form 5471 solely because of constructive ownership from a nonresident alien.

A Category 1 or 5 filer does not have to file Form 5471 if no U.S. shareholder (including such U.S. person) owns, within the meaning of section 958(a), stock in the foreign corporation on the last day in the year of the foreign corporation in which it was an SFC or CFC, and the foreign corporation is an SFC or CFC solely because one or more U.S. persons is considered to own the stock of the foreign corporation owned by a foreign person under section 318(a)(3). Furthermore, a Category 1 or 5 filer does not have to file Form 5471 if all of the following conditions are met.

1. The filer is a U.S. shareholder that only owns stock, within the meaning of section 958(b), in the foreign corporation.

2. The filer is not related, using principles of section 954(d)(3), to the foreign corporation.

### Additional Filing Requirements

**Category 3 filers.** Category 3 filers must attach a statement that includes:

1. The amount and type of any indebtedness the foreign corporation has with the related persons described in Regulations section 1.6046-1(b)(11); and
2. The name, address, identifying number, and number of shares subscribed to by each subscriber to the foreign corporation's stock.

**Foreign sales corporations (FSCs).**

- Category 2 and Category 3 filers who are shareholders, officers, and directors of an FSC (as defined in section 922, as in effect before its repeal) must file Form 5471 and a separate Schedule O to report changes in the ownership of the FSC.
- Category 4 and 5 filers are not subject to the subpart F rules for:
  1. Exempt foreign trade income;
  2. Deductions that are apportioned or allocated to exempt foreign trade income;
  3. Nonexempt foreign trade income (other than section 923(a)(2) nonexempt income, within the meaning of section 927(d)(6), as in effect before its repeal); and
  4. Any deductions that are apportioned or allocated to the nonexempt foreign trade income described above.

- Category 4 and 5 filers are subject to the subpart F rules for:
  1. All other types of FSC income (including section 923(a)(2) nonexempt income within the meaning of section 927(d)(6), as in effect before its repeal);
  2. Investment income and carrying charges (as defined in sections 927(c) and 927(d)(1), as in effect before their repeal); and
  3. All other FSC income that is not foreign trade income or investment income or carrying charges.

- Category 4 and 5 filers are not required to file a Form 5471 in order to satisfy the requirements of section 6038) if the FSC has filed a Form 1120-FSC. See Temporary Regulations section 1.921-1T(b)(3). However, these filers may be required to file Form 5471 if they are subject to the subpart F rules with respect to certain types of FSC income (see above).

**Section 338 election.** If a section 338 election is made with respect to a qualified stock purchase of a foreign target corporation for which a Form 5471 must be filed:

- A purchaser (or its U.S. shareholder) must attach a copy of Form 8883, Asset Allocation Statement Under Section 338, to the first Form 5471 for the new foreign target corporation (see the Instructions for Form 8883 for details);
- A seller (or its U.S. shareholder) must attach a copy of Form 8883 to the last Form 5471 for the old foreign target corporation;
- A U.S. shareholder that files a section 338 election on behalf of a foreign purchasing corporation that is a controlled foreign corporation pursuant to Regulations section 1.338-2(e)(3) must attach a copy of Form 8023, Elections Under Section 338 for Corporations Making Qualified Stock Purchases, to the Form 5471 filed with respect to the purchasing corporation for the taxable year that includes the acquisition date (see the Instructions for Form 8023 for details).

**Reportable transaction disclosure statement.** If a U.S. shareholder of a CFC is considered to have participated in a reportable transaction under the rules of Regulations section 1.6011-4(c)(3)(i)(G), the shareholder is required to disclose information for each reportable transaction. Form 8886, Reportable Transaction Disclosure Statement, must be filed for each tax year indicated in Regulations section 1.6011-4(c)(3)(i)(G). The following are reportable transactions.

1. Any listed transaction, which is a transaction that is the same as or substantially similar to one of the types of transactions that the IRS has determined to be a tax avoidance transaction and identified by notice, regulation, or other published guidance as a listed transaction.

2. Any transaction offered under conditions of confidentiality for which the corporation (or a related party) paid an advisor a fee of at least $250,000.

3. Certain transactions for which the corporation (or a related party) has contractual protection against disallowance of the tax benefits.

4. Certain transactions resulting in a loss of at least $10 million in any single year or $20 million in any combination of years.

For more information, see Regulations section 1.6011-4. Also, see the Instructions for Form 8886.

**Penalties.** The U.S. shareholder may have to pay a penalty if it is required to disclose a reportable transaction under section 6011 and fails to properly complete and file Form 8886. Penalties
may also apply under section 6707A if the U.S. shareholder fails to file Form 8886 with its income tax return, fails to provide a copy of Form 8886 to the Office of Tax Shelter Analysis (OTS A), or files a form that fails to include all the information required (or includes incorrect information). Other penalties, such as an accuracy-related penalty under section 6662A, may also apply. See the Instructions for Form 8886 for details on these and other penalties.

Reportable transactions by material advisors. Material advisors to any reportable transaction must disclose certain information about the reportable transaction by filing Form 8918, Material Advisor Disclosure Statement, with the IRS. For details, see the Instructions for Form 8918.

Reporting other foreign financial assets. If you have other foreign financial assets, you may be required to file Form 8938, Statement of Specified Foreign Financial Assets. However, you are not required to report any items otherwise reported on Form 5471 on that form. See the Instructions for Form 8938 for more information.

Penalties

Failure to file information required by section 6038(a) (Form 5471 and Schedule M).

- A $10,000 penalty is imposed for each annual accounting period of each foreign corporation for failure to furnish the information required by section 6038(a) within the time prescribed. If the information is not filed within 90 days after the IRS has mailed a notice of the failure to the U.S. person, an additional $10,000 penalty (per foreign corporation) is charged for each 30-day period, or fraction thereof, during which the failure continues after the 90-day period has expired. The additional penalty is limited to a maximum of $50,000 for each failure.
- Any person who fails to file or report all of the information requested by section 6046 is subject to a $10,000 penalty for each such failure for each reportable transaction. If the failure continues for more than 90 days after the date the IRS mails notice of the failure, an additional $10,000 penalty will apply for each 30-day period, or fraction thereof, during which the failure continues after the 90-day period has expired. The additional penalty is limited to a maximum of $50,000. See section 6679.

Criminal penalties. Criminal penalties under sections 7203, 7206, and 7207 may apply for failure to file the information required by sections 6038 and 6046.

Note. Any person required to file Form 5471 and Schedule J, M, or O who agrees to have another person file the form and schedules for him or her may be subject to the above penalties if the other person does not file a correct and proper form and schedule.

Section 6662(j). Penalties may be imposed for undisclosed foreign financial asset understatements. No penalty will be imposed with respect to any portion of an underpayment if the taxpayer can demonstrate that the failure to comply was due to reasonable cause with respect to such portion of the underpayment and the taxpayer acted in good faith with respect to such portion of the underpayment. See sections 6662(j) and 6664(c) for additional information.

Other Reporting Requirements

Reporting exchange rates on Form 5471. When translating amounts from functional currency to U.S. dollars, you must use the method specified in these instructions. For example, when translating amounts to be reported on Schedule E, you must generally use the average exchange rate as defined in section 986(a). But, regardless of the specific method required, all exchange rates must be reported using a “divide-by-convention” rounded to at least four places. That is, the exchange rate must be reported in terms of the amount by which the functional currency amount must be divided in order to reflect an equivalent amount of U.S. dollars. As such, the exchange rate must be reported as the units of foreign currency that equal one U.S. dollar, rounded to at least four places. Do not report the exchange rate as the number of U.S. dollars that equal one unit of foreign currency.

Note. You must round the result to more than four places if failure to do so would materially distort the exchange rate or the equivalent amount of U.S. dollars.

Example. During its annual accounting period, the foreign corporation paid income taxes of 30,255,400 yen to Japan. The Schedule E instructions specify that the foreign corporation must translate these amounts into U.S. dollars at the average exchange rate for the tax year to which the tax relates in accordance with the rules of section 986(a). The average exchange rate is 108.8593 Japanese yen to one U.S. dollar or (0.009184) U.S. dollar to one Japanese Yen. The foreign corporation divides 30,255,400 yen by 108.8593 to determine the U.S. dollar amount to enter in column (l) of Schedule E, Part I, Section 1, line 1. Line 1 of Schedule E, Part I, Section 1, is completed in relevant part as follows.
- Enter the name of the payor entity in column (a).
- Enter the payor entity’s EIN or reference ID number in column (b).
- Enter “JA” in column (d).
- Enter “JPY” in column (i).
- Enter “30,255,400 Yen” in column (j).
- Enter “108.8593” in column (k).
- Enter “277,931” in column (l).

Computer-Generated Form 5471 and Schedules

Generally, all computer-generated forms must receive prior approval from the IRS and are subject to an annual review. However, see the Exception below. Requests for approval may be submitted electronically to substituteforms@irs.gov, or requests may be mailed to:

Internal Revenue Service
Attention: Substitute Forms Program
SE:W:CAR:MP:P:TP
1111 Constitution Ave. NW
Room 6554
Washington, DC 20224

Exception. If a computer-generated Form 5471 and its schedules conform to and do not deviate from the official form and schedules, they may be filed without prior approval from the IRS.

Important. Be sure to attach the approval letter to Form 5471. However, if the computer-generated form is identical to the IRS-prescribed form, it does not need to go through the approval process, and an attachment is not necessary.

Every year, the IRS issues a revenue procedure to provide guidance for filers of computer-generated forms. In addition, every year the IRS issues Pub. 1167, General Rules and Specifications for

Instructions for Form 5471 (Rev. 01-2022)
Dormant Foreign Corporations

Rev. Proc. 92-70, 1992-2 C.B. 435, provides a summary filing procedure for filing Form 5471 for a dormant foreign corporation (defined in section 3 of Rev. Proc. 92-70). This summary filing procedure will satisfy the reporting requirements of sections 6038 and 6046.

If you elect the summary procedure, complete only page 1 of Form 5471 for each dormant foreign corporation as follows.

- The top margin of the summary return must be labeled “Filed Pursuant to Rev. Proc. 92-70 for Dormant Foreign Corporation.”
- Include filer information such as name and address, Items A through C, and tax year.
- Include corporate information such as the dormant corporation’s annual accounting period (below the title of the form) and Items 1a, 1b, 1c, and 1d.
- For more information, see Rev. Proc. 92-70.

File this summary return in the manner described in When and Where To File, earlier.

Treaty-Based Return Positions

You are generally required to file Form 8833, Treaty-Based Return Position Disclosure Under Section 6114 or 7701(b), to disclose a return position that any treaty of the United States (such as an income tax treaty, an estate and gift tax treaty, or a navigation treaty) provides a summary filing procedure for filing Form 5471 for a foreign corporation:

- Overrides or modifies any provision of the Internal Revenue Code; and
- Causes, or potentially causes, a reduction of any tax incurred at any time.

See Form 8833 for exceptions.

Failure to make a required disclosure may result in a $1,000 penalty ($10,000 for a C corporation). See section 6712.

Section 362(e)(2)(C) Elections

The transferee in certain section 351 transactions may make a joint election under section 362(e)(2)(C) to limit the transferee’s basis in the stock received instead of the transferee’s basis in the transferred property. The election is made by a statement as provided in Regulations section 1.362-4(d)(3).

Section 108(i) Elections

If the controlling domestic shareholder(s) of a CFC made an election in 2009 or 2010 to defer income from cancellation of debt in connection with the CFC’s reacquisition of an applicable debt instrument, a statement must be filed (in the manner specified in the Caution below) beginning with the tax year following the tax year for which the controlling domestic shareholder of the CFC made the election, and ending the first tax year all income deferred has been included in income. In addition, a copy of the election statement it filed to make the election to defer income must be filed annually (also in the manner specified in the Caution below). For details, see section 108(i) and Rev. Proc. 2009-37, 2009-36 I.R.B. 309, available at IRS.gov/irb/2009-36_IRB#RP-2009-37.

Do not attach the statements described above to Form 5471. Instead, if the foreign corporation is required to file a U.S. income tax return (for example, Form 1120-F), attach the statements to that return.

Corrections to Form 5471

If you file a Form 5471 that you later determine is incomplete or incorrect, file a corrected Form 5471 with an amended tax return, using the amended return instructions for the return with which you originally filed Form 5471. Write “Corrected” at the top of the form and attach a statement identifying the changes.

Specific Instructions

Important. If the information required in a given section exceeds the space provided within that section, do not write “See attached” in the section and then attach all of the information on additional sheets. Instead, complete all entry spaces in the section and attach the remaining information on additional sheets. The additional sheets must conform with the IRS version of that section.

Identifying Information

Annual Accounting Period

Enter, in the space provided below the title of Form 5471, the annual accounting period of the foreign corporation for which you are furnishing information. Except for information contained on Schedule O, report information for the tax year of the foreign corporation that ends with or within your tax year. When filing Schedule O, report acquisitions, dispositions, and organizations or reorganizations that occurred during your tax year.

Section 898 specified foreign corporation (SFC).

The annual accounting period of an SFC (as defined in section 898) is generally required to be the tax year of the corporation’s majority U.S. shareholder. If there is more than one majority shareholder, the required tax year will be the tax year that results in the least aggregate deferral of income to all U.S. shareholders of the foreign corporation.

For these purposes, section 898(b) defines an SFC as any foreign corporation:

1. That is treated as a CFC under subpart F, and
2. In which more than 50% of the total voting power or value of all classes of stock of the corporation is treated as owned by a U.S. shareholder.

Name of Person Filing This Return

The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing this return.” Be sure to list each U.S. shareholder of the foreign corporation in Schedule B, Part I.

Name change. If the name of either the person filing the return or the corporation whose activities are being reported changed within the past 3 years, show the prior name(s) in parentheses after the current name.

Address

Include the suite, room, or other unit number after the street address. If the post office does not deliver mail to the street address, enter the country’s practice for entering the postal code, if any. Do not abbreviate the country name.

Foreign address. Enter the information in the following order: city, province or state, and country. Follow the country’s practice for entering the postal code, if any. Do not abbreviate the country name.

Item A—Identifying Number

The identifying number of an individual is his or her social security number (SSN). The identifying number of all others is their employer identification number (EIN). If a U.S. corporation that owns stock in a foreign corporation is a member of a consolidated group, list the common parent as the person filing the return and enter its EIN in Item A.
**Item B—Category of Filer**
Complete Item B to indicate the category or categories that describe the person filing this return. If more than one category applies, check all boxes that apply. See Categories of Filers, earlier.

**Item C—Percentage of Voting Stock Owned**
Enter the total percentage of the foreign corporation’s voting stock you owned directly, indirectly, or constructively at the end of the corporation’s annual accounting period.

**Item D—Final Year**
Check the Item D checkbox only if this is the final year of the foreign corporation’s existence as a corporation for federal tax purposes, for example, if a reorganization has occurred, a complete liquidation has occurred, or an election to treat the foreign corporation as a disregarded entity has been made. If this Item D is checked, complete Schedule O.

**Item E—Excepted Specified Foreign Financial Assets**
Check the Item E checkbox if any excepted specified foreign financial assets are reported on Form 5471. If this is the case, you do not have to also report these assets on Form 8938, Statement of Specified Foreign Financial Assets. It is only necessary to complete Form 8938, Part IV, line 17. For more information, see the Instructions for Form 8938, generally, and in particular, Duplicative Reporting and the specific instructions for Part IV, Excepted Specified Foreign Financial Assets.

Check the box on line F if Form 5471 has been completed using alternative information (as defined in section 3.01 of Rev. Proc. 2019-40).

Section 5 of Rev. Proc. 2019-40 provides a safe harbor for determining certain items, including taxable income and E&P, of certain CFCs based on alternative information. Specifically, in the case of a foreign-controlled CFC with respect to which there is no related section 958(a) U.S. shareholder or an unrelated constructive U.S. shareholder with respect to the foreign-controlled CFC, an amount reported on a Form 5471 may be determined by the unrelated section 958(a) U.S. shareholder or the unrelated constructive U.S. shareholder, as applicable, on the basis of alternative information (without adjustments other than those described in section 3.01(b) and 3.10 of the revenue procedure) with respect to the foreign-controlled CFC. See section 3 of Rev. Proc. 2019-40 for definitions of terms.

Section 6 of Rev. Proc. 2019-40 provides a safe harbor for determining certain items of certain SFCs based on alternative information. Specifically, in the case of an SFC, other than either a foreign-controlled CFC with respect to which there is no related section 958(a) U.S. shareholder or a U.S. controlled CFC, if information satisfying the requirements of section 964 and the regulations thereunder is not readily available to an unrelated section 958(a) U.S. shareholder or an unrelated constructive U.S. shareholder with respect to the SFC, an amount reported on a Form 5471 may be determined by the unrelated section 958(a) U.S. shareholder or the unrelated constructive U.S. shareholder, as applicable, on the basis of alternative information (without adjustments other than those described in sections 3.01(b) and 3.10 of the revenue procedure) with respect to the SFC. See section 3 of Rev. Proc. 2019-40 for definitions of terms.

**Item G—Alternative Information Code**
If the box on line F is checked, enter the applicable code from the list provided below.

Information described in a code listed above qualifies as alternative information only if information described in any preceding code is not “readily available” (as defined in section 3.04 of Rev. Proc. 2019-40). For example, information described in code “03” above qualifies as alternative information only if information described in code “01” and “02” is not readily available.

For more information, see Rev. Proc. 2019-40.

**Item H—Person(s) on Whose Behalf This Information Return Is Filed**
One person may file Form 5471 and the applicable schedules for other persons who have the same filing requirements. See Multiple filers of same information, earlier. The person that files the required information on behalf of other persons must complete a joint Form 5471 according to the applicable column(s) of the Filing Requirements for Categories of Filers, earlier. This includes completing Item H on page 1 of the form. When completing Item H with respect to members of a consolidated group, identify only the direct owners in Item H (constructive owners are not required to be listed).

A separate Schedule I must be filed for each person described in Category 4, 5a, or 5b. For each Category 4, 5a, or 5b filer that is required to file a Schedule I, send a copy of their separate Schedule I to them to assist them in completing their tax return.

Filing requirements for persons identified in Item H. Except for members of the filer’s consolidated return group, all persons identified in Item H must attach a statement to their tax returns that includes the following information.

- The name, address, and EIN (or reference ID number) of the foreign corporation(s).
- A statement that their filing requirements with respect to the foreign corporation(s) have been or will be satisfied.
- The name, address, and identifying number of the taxpayer on the return with which the information was or will be filed.
- The IRS Service Center where the return was or will be filed. If the return was or will be filed electronically, enter “e-file.”

Exception. If the person who is filing Form 5471 on behalf of others is married to a person identified in Item H and they are filing Form 1040 jointly, the statement described above does not have to be attached to the jointly filed Form 1040.
The same reference ID number must be used consistently from tax year to tax year with respect to a given foreign corporation. If for any reason a reference ID number falls out of use (for example, the foreign corporation no longer exists due to disposition or liquidation), the reference ID number used for that foreign corporation cannot be used again for another foreign corporation for purposes of Form 5471 reporting.

For these purposes, the term “alphanumeric” means the entry can be alphabetical, numeric, or any combination of the two.

Taxpayers no longer have the option of entering “FOREIGNUS” or “APPLIED FOR” in a column that requests an EIN or reference ID number with respect to a foreign entity. Instead, if the foreign entity does not have an EIN, the taxpayer must enter a reference ID number that uniquely identifies the foreign entity.

There are some situations that warrant correlation of a new reference ID number with a previous reference ID number when assigning a new reference ID number to a foreign corporation. For example:
- In the case of a merger or acquisition, a Form 5471 filer must use a reference ID number that correlates the previous reference ID number with the new reference ID number assigned to the foreign corporation; or
- In the case of an entity classification election that is made on behalf of a foreign corporation on Form 8832, Regulations section 301.6109-1(b)(2)(v) requires the foreign corporation to have an EIN for this election. For the first year that Form 5471 is filed after an entity classification election is made on behalf of the foreign corporation on Form 8832, the new EIN must be entered on line 1b(1) of Form 5471 and the old reference ID number must be entered on line 1b(2). In subsequent years, the Form 5471 filer may continue to enter both the EIN on line 1b(1) and the reference ID number on line 1b(2), but must enter at least the EIN on line 1b(1).

You must correlate the reference ID numbers as follows: New reference ID number [space] Old reference ID number. If there is more than one old reference ID number, you must enter a space between each such number. As indicated above, the length of a given reference ID number is limited to 50 characters and each number must be alphanumeric and no special characters are permitted.

Note. This correlation requirement applies only to the first year the new reference ID number is used.

Items 1f and 1g—Principal Business Activity
Enter the principal business activity code number and the description of the activity from the list at the end of these instructions.

Item 1h—Functional Currency
The foreign corporation’s functional currency is determined under section 985. Enter the applicable three-character alphabet code for the foreign corporation’s functional currency using the ISO 4217 standard. These codes are available at www.iso.org/iso-4217-currency-codes.html or www.cURRENCY-ISO.ORG/en/home/tables/table-a1.html. Regulations sections 1.6038-2(h) and 1.6046-1(g) require that certain amounts be reported in U.S. dollars and/or in the foreign corporation’s functional currency. The specific instructions for the affected schedules state these requirements.

Special rules apply for foreign corporations that use the U.S. dollar approximate separate transactions method of accounting (DASTM) under Regulations section 1.985-3. See the instructions for Schedule C and Schedule H.

Schedule B
Part I
Category 3 and 4 filers must complete Schedule B, Part I, for U.S. persons that owned (at any time during the annual accounting period), directly or indirectly through foreign entities, 10% or more in value or voting power of any class of the foreign corporation’s outstanding stock.

A person that is both a category 3 and category 5 filer because it is treated as a U.S. shareholder under section 953(c)(1) (A) with respect to the foreign corporation must complete Schedule B, Part 1 for U.S. persons that owned (on the last day of the foreign corporation’s taxable year), directly or indirectly through foreign entities, any of the foreign corporation’s outstanding stock.

Column (e). Enter each shareholder’s allocable percentage of the foreign corporation’s subpart F income.

Part II
Category 1a, 1c, 3, 4, 5a, and 5c filers must complete Part II.

Report the direct shareholders of the foreign corporation. In the case of a CFC owned by a foreign disregarded entity (FDE), please include the information of the FDE and the regarded entity owner. Indicate the regarded entity owner’s name in parentheses after the FDE’s name. If there is more than one regarded entity owner, indicate the number of owners owned (at any time during the annual accounting period), directly or indirectly through foreign entities, 10% or more in value or voting power of any class of the foreign corporation’s outstanding stock.
owner, use separate lines for each, listing each regarded entity owner in column (a) and reporting the information requested in columns (b), (c), and (d) for each such regarded entity owner.

Category 4 filers should list all direct owners of the CFC. Category 1a, 3, and 5a filers should list all direct owners of the SFC or CFC through which such filer indirectly owns the SFC or CFC as described in section 958(a)(2). Category 1c and 5c filers should list all direct owners of the SFC or CFC from which such filer is attributed ownership in the SFC or CFC as described in section 958(b). If the filer is a direct owner, include the filer’s direct ownership.

**Schedule C**

Report all information in the foreign corporation’s functional currency in accordance with U.S. GAAP and translate using U.S. GAAP translation principles.

If the foreign corporation uses the DASTM under Regulations section 1.985-3, the functional currency column should reflect local hyperinflationary currency amounts computed in accordance with U.S. GAAP. The U.S. dollar column should reflect such amounts translated into dollars under U.S. GAAP translation rules. Differences between this U.S. dollar GAAP column and the U.S. dollar income or loss figured for tax purposes under Regulations section 1.985-3(c) should be accounted for on Schedule H. See **Schedule H, Special rules for DASTM**, later.

**Line 8.** Enter foreign currency transaction gain or loss reported on the income statement. For amounts included in Other Comprehensive Income (OCI), see the instructions for **Lines 23 and 24.** Enter unrealized gain or loss on line 8a and realized gain or loss on line 8b.

**Line 16.** Enter transactional taxes excluding items reportable in income tax expense (benefit). Report income taxes on line 21.

**Line 20.** The term “unusual or infrequently occurring items” is defined by U.S. GAAP (see FASB Accounting Standards Codification (ASC) Topic 220 (Income Statement), Subtopic 220-20 (Unusual or Infrequently Occurring Items) or subsequent guidance). If “prior period adjustments” are not reported separately on the income statement, do not report such amounts on this line item (see ASC 250 (Accounting Changes and Error Corrections) or subsequent guidance).

**Line 21.** Enter income tax expense (benefit) reported in accordance with U.S. GAAP (ASC 740 (Income Taxes)). Income tax expense (benefit) includes current and deferred income tax expense (benefit). It may also reflect uncertain tax positions (ASC 740-10) and would not include taxes paid in respect of uncertain tax positions recorded in prior years. Enter the current income tax expense (benefit) on line 21a and deferred income tax expense (benefit) on line 21b.

**Note.** If there is an income tax expense amount on line 21a or 21b, subtract that amount from the line 19 net income or (loss) amount in arriving at line 22 current year net income or (loss) per the books. If there is an income tax benefit amount on line 21a or 21b, add that amount to the line 19 net income or (loss) amount in arriving at line 22 current year net income or (loss) per the books.

**Lines 23 and 24.** Enter amounts defined in ASC 220 (Income Statement - Reporting Comprehensive Income).

- **Line 23a.** Enter foreign currency translation adjustments before the income tax expense (benefit) is allocated.
- **Line 23b.** Enter other comprehensive income such as foreign currency gains or losses on certain hedging transactions, pensions and other post-retirement benefits, and certain investments available-for-sale.
- **Line 23c.** Enter the income tax expense (benefit) allocated to OCI items in the intraperiod allocation.

**Important.** Differences between the functional currency amount of income tax expense (benefit) reported on line 21 and the amount of taxes that reduce or increase U.S. earnings and profits (E&P) should be accounted for on line 2g of Schedule H.

**Schedule F**

Report all information in U.S. dollars. Generally, the foreign corporation’s balance sheet is prepared in functional currency and translated to U.S. dollars using U.S. GAAP translation rules. If the foreign corporation uses DASTM, the tax balance sheet on Schedule F should be prepared and translated into U.S. dollars according to Regulations section 1.985-3(d), rather than U.S. GAAP.

**Lines 3 and 17.** Enter the total asset amount of derivatives on line 3 and total amount of liability on line 17 reported in accordance with ASC 815 (Derivatives and Hedging). Do not net positions. Include all derivatives, both short-term and long-term.

**Schedule G**

**Note.** Category 1b and 5b filers are not required to file Schedule G for foreign-controlled corporations.

---

**Questions 1**

If the foreign corporation owned at least a 10% interest, directly or indirectly, in any foreign partnership, attach a statement listing the following information for each foreign partnership:

1. Name and EIN (if any) of the foreign partnership.
2. Identify which, if any, of the following forms the foreign partnership filed for its tax year ending with or within the corporation’s tax year: Form 1042, 1065, or 8804.
3. Name of the partnership representative (if any).
4. Beginning and ending dates of the foreign partnership’s tax year.

**Question 3**

Check the “Yes” box if the foreign corporation is the tax owner of an FDE or FB. The “tax owner” of an FDE is the person that is treated as owning the assets and liabilities of the FDE for purposes of U.S. income tax law.

If the foreign corporation is the tax owner of an FDE or FB and you are a Category 4, 5a, or 5c filer of Form 5471, you are required to attach Form 8858 to Form 5471.

If the foreign corporation is the tax owner of an FDE or FB and you are not a Category 1b, 4, or 5 filer of Form 5471, you must attach the statement described below in lieu of Form 8858.

**Statement in lieu of Form 8858.** This statement must list the name of the FDE or FB, country under whose laws the FDE or FB was organized, and EIN (if any) of the FDE or FB.

**Questions 4b and 4c**

Complete lines 4b and 4c if:

1. The foreign corporation is a related party to the U.S. filer within the meaning of section 59A(g); and
2. The U.S. filer made or accrued a base erosion payment to, or has a base erosion tax benefit with respect to, the foreign corporation.

The term “base erosion payment” generally means any amount paid or accrued by the U.S. filer to a foreign corporation that is a related party to the U.S. filer within the meaning of section 59A(g) and with respect to which a U.S. deduction is allowed under chapter 1 of the Code. See section 59A(d)(1). Base erosion payments also include amounts received or accrued by the foreign corporation in connection with the acquisition of depreciable or amortizable property (section 59A(d)(2)), reinsurance payments (section 59A(d)(3)), and certain payments relating to expatriated entities (section 59A(d)(4)).
The term “base erosion tax benefit” generally means any U.S. deduction that is allowed under chapter 1 for the tax year with respect to any base erosion payment. See section 59A(c)(2)(A) and (B) for further details.

Questions 5a and 5b
If the foreign corporation paid or accrued any interest or royalty (including in the case of a foreign corporation that is a partner in a partnership, the foreign corporation’s allocable share of interest or royalty paid by the partnership) for which a deduction is disallowed under section 267A, check “Yes” for question 5a and enter the total amount for which a deduction is not allowed on line 5b. The amount reported on line 5b should not include disallowed deductions attributable to interest or royalty paid or accrued by a U.S. taxable branch of the foreign corporation; such amounts are reported on Form 1120-F.

Interest or royalty paid or accrued by a foreign corporation (including through a partnership) is subject to section 267A, provided in general that the foreign corporation is a CFC (and there are one or more U.S. tax residents that own directly or indirectly at least 10% of the stock of the CFC). Section 267A disallows a deduction for certain interest or royalty paid or accrued pursuant to a hybrid arrangement, to the extent that, under the foreign tax law, there is not a corresponding income inclusion (including long-term deferral). For more detailed instructions, see the instructions for Form 1120, Schedule K, Question 21.

Question 6
Check the “Yes” box on line 6a if the filer of this Form 5471 is claiming a deduction under section 250 with respect to foreign-derived intangible income (FDII), and enter the amounts requested on lines 6b, 6c, and 6d. Enter U.S. dollar amounts on lines 6b, 6c, and 6d, translated from functional currency at the average exchange rate for the foreign corporation’s tax year (see section 989(b)). See Form 8993 and its instructions for information on the section 250 deduction. If no deduction is being claimed, check the “No” box and go to line 7.

Question 9a
Under section 367(d), a U.S. transferor must report an annual income inclusion attributed to the intangible property transferred to a foreign corporation over the useful life of the property. Check “Yes” if the foreign corporation received any intangible property in a prior year or the current tax year in an exchange under section 351 or section 361 from a U.S. transferor that is required to report a section 367(d) annual income inclusion for the tax year. If “Yes,” complete line 9b.

Question 9b
Enter in functional currency the amount of the E&P reduction made by the foreign corporation for the current tax year that equals the amount required to be included in the income of the U.S. transferor. See section 367(d). This amount should also be entered on Schedule H, Current Earnings and Profits, as a net subtraction on line 2i.

Question 10
A foreign corporation may qualify as an expatriated foreign subsidiary under Regulations section 1.7874-12(a)(9) if such foreign corporation is a CFC with respect to which an expatriated entity, as defined in Regulations section 1.7874-12(a)(8) is a U.S. shareholder. Certain transactions involving an expatriated foreign subsidiary and/or its U.S. shareholders may be subject to special rules. If the answer to Question 10 is “Yes,” attach a statement providing the name and EIN of the domestic corporation or partnership, as defined in Regulations section 1.7874-12(a) (6) and the relationship of the foreign corporation to the domestic corporation or partnership.

Question 14
Check the "Yes" box on line 14 if you answer "Yes" to any of the 22 questions in the Schedule G, line 14 table below. If "Yes," enter the Corresponding Code(s) from the table in the entry space provided on line 14 of the form. Enter the applicable corresponding code in capital letters. Enter a space between each code. Also attach the statement described in the table below.

**Question 15**
For the foreign corporation’s annual accounting period with respect to which reporting is being made on this Form 5471, if the foreign corporation is required to file a U.S. income tax return (for example, Form 1120-F), check the “Yes” box if the foreign corporation has interest expense disallowed under section 163(j) (as defined in Regulations section 1.954(j)) prior to the current tax year. If “Yes,” enter the amount from the prior year Form 8990, line 31.

**Question 16**
For the foreign corporation’s annual accounting period with respect to which reporting is being made on this Form 5471, if the foreign corporation is required to file a U.S. income tax return (for example, Form 1120-F), check the “Yes” box if the foreign corporation has previously disallowed interest expense under section 163(j) carried forward to the current tax year. If “Yes,” enter the amount from the prior year Form 8990, line 31.

**Question 17a**
Check the “Yes” box on line 17a if there was an extraordinary reduction with respect to any controlling section 245A shareholder of the foreign corporation, as defined in Regulations section 1.245A-5(i)(2), during the tax year of the foreign corporation. See Regulations section 1.245A-5(e)(2)(i) for the definition of extraordinary reduction.

**Question 17b**
If the answer to the question on line 17a was “Yes,” complete the question on line 17b. Check the “Yes” box on line 17b if any controlling section 245A shareholder (as defined in Regulations section 1.245A-5(i)(2)) made an election to close the tax year of the foreign corporation such that no amount is treated as an extraordinary reduction amount or tiered extraordinary reduction amount as to any U.S. shareholder of the foreign corporation. See Regulations section 1.245A-5(e)(3)(i)(f) for further guidance regarding the election to close the tax year. If the “Yes” box on line 17b has been checked and the U.S. shareholder filing the Form 5471 is a controlling section 245A shareholder of the foreign corporation, the U.S. shareholder filing this Form 5471 must attach an Elective Section 245A Year-Closing Statement pursuant to Regulations section 1.245A-5(e)(3)(i)(C) containing the information required under Regulations section 1.245A-5(e)(3)(i)(D).

**Question 18**
Check the “Yes” box if during the tax year the reporting corporation had any loans to or from the related party to which the safe haven rate rules of Regulations section 1.482-2(a)(2)(ii)(B) are applicable, and for which the reporting corporation used a rate of interest within the safe-haven range of Regulations section 1.482-2(a)(2)(ii)(B) (1) (100% to 130% of the AFR for the relevant term).

**Question 19a**
Note. Complete lines 19a and 19b only if the filer is a domestic corporation. In completing these lines, do not account for debt instruments that were issued, or
Use Schedule I to report in U.S. dollars the U.S. shareholder’s pro rata share of income from the foreign corporation reportable under subpart F and other income realized from a corporate distribution.

Certain filers may be able to use alternative information (as defined in section 3.01 of Rev. Proc. 2019-40) to determine certain amounts in this schedule. See the specific instructions for Item F—Alternative Information Under Rev. Proc. 2019-40, earlier, for more details.

Note. A separate Schedule I must be filed by or for each Category 4, 5a, or 5b U.S. shareholder of the foreign corporation with respect to which reporting is furnished on this Form 5471.

**Line 1**

**Subpart F income.** U.S. shareholders of CFCs with subpart F income must report that income on their tax returns. For more information, see sections 245A, 951, 952, and 964(e).

Note. Certain current year deficits of a member of the same chain of corporations may be considered in determining subpart F income. See section 952(c)(1)(C).

**Line 1a**

Corporate U.S. shareholders should enter the foreign-source portion of any subpart F income inclusions attributable to the sale or exchange by a CFC of stock of another foreign corporation that is eligible for the section 245A dividends received deduction pursuant to section 964(e)(4). Include the amount, if any, that is not eligible for the section 245A dividends received deduction pursuant to section 964(e)(4) on line 1e. Noncorporate U.S. shareholders should leave line 1a blank.

**Line 1b**

Enter the amount of the U.S. shareholder’s subpart F income inclusion attributable to tiered hybrid dividends received by the CFC. In general, a dividend received by a CFC from another CFC is a tiered hybrid dividend to the extent of the sum of the receiving CFC’s hybrid deduction accounts with respect to shares of stock of the CFC that pays the dividend. As to a domestic corporation that is a U.S. shareholder with respect to both CFCs, the tiered hybrid dividend is treated as subpart F income of the receiving CFC, and the U.S. shareholder must include in its gross income its pro rata share of the tiered hybrid dividend. See section 245A(e)(2) and Regulations section 1.245A(e)-1(c) for additional information about tiered hybrid dividends.

**Line 1c**

Enter the subpart F income inclusion attributable to tiered extraordinary reduction amounts resulting from extraordinary reductions. See Regulations section 1.245A-5(f) for further guidance on tiered extraordinary reduction amounts.

**Lines 1e Through 1h**

Enter on lines 1e through 1h the amounts from Worksheet A, lines 63, 65, 67, and 69, respectively. However, corporate U.S. shareholders should report on line 1e the amount from Worksheet A, line 63, less the amount, if any, reported on line 1a.

Use Worksheet A, later in these instructions, to compute the U.S. shareholder’s pro rata share of subpart F income of the CFC, which is reportable on lines 1e through 1h. Do not include any income includible on Form 5471, Schedule I, lines 1a through 1d, or any income includible under section 951A (Schedule I-1 is used to provide information relating to section 951A). Subpart F income reportable on lines 1e through 1h includes the following:

- Adjusted net foreign base company income (lines 1 through 17).
- Adjusted net insurance income (line 18).
- Adjusted net related person insurance income (line 19).
- International boycott income (line 20).
- Illegal bribes, kickbacks, and other payments (line 21).
- Income described in section 952(a)(5) (line 22).

Important. If the subpart F income of any CFC for any tax year was reduced because of the current E&P limitation, any excess of the E&P of the CFC for any subsequent tax year over the subpart F income of the CFC for the tax year must be recharacterized as subpart F income. As a result, if the foreign corporation has E&P for the tax period covered by this return that is subject to recapture as a result of a prior-year E&P limitation, add such recapture amount to the result from Worksheet A, line 68, and include the combined amount on line 1h (Other subpart F income). See the instructions for Line 37, Current E&P limitation, later, for a discussion of the current-year E&P limitation.

**Line 2**

Report on line 2 earnings invested in U.S. property (Worksheet B).

**Line 3**

Reserved for future use.

**Line 4**

Enter the factoring income (as defined in section 864(d)(1)) if no subpart F income is reported on line 1a of Worksheet A.
because of the operation of the de minimis rule (see lines 1a and 10 of Worksheet A and the related instructions under Line 1a and Line 10, De minimis rule), later.

**Reporting Amounts on Lines 1 Through 4 on Your Income Tax Return**

U.S. shareholders should compute their pro rata share of the income on Form 5471, Schedule I, lines 1a through 1h, 2, and 4. For a corporate shareholder, enter the result from line 1a on Form 1120, Schedule C, line 16a; enter the result from line 1b on Form 1120, Schedule C, line 16b; and enter the remaining lines 1c through 1h, 2, and 4 on Form 1120, Schedule C, line 16c; or on the comparable line of other corporate tax returns. For a noncorporate U.S. shareholder, enter the result on Schedule 1 (Form 1040), line 8m (other income - section 951(a) inclusion), or on the comparable line of other noncorporate tax returns.

**Line 5a**

Enter the amount of dividends received by the shareholder from the foreign corporation that is eligible for a deduction under section 245A. This amount does not include the amount of dividends that are not eligible for a deduction under section 245A and are instead entered on lines 5b, 5c, and 5d. See section 245A for guidance on computing the amount of a dividend eligible for a deduction.

**Note.** The corporate U.S. shareholder should include the line 5a amount on Form 1120, Schedule C, line 13, column (a), or the comparable line of other corporate income tax returns. In doing so, the corporate U.S. shareholder must determine whether it meets the statutory and regulatory requirements for section 245A DRD.

**Line 5b**

Enter the amount of the dividends received by the shareholder from the foreign corporation that is an extraordinary disposition amount. See Regulations section 1.245A-5(c) for rules for calculating an extraordinary reduction amount.

**Note.** The corporate U.S. shareholder should include the line 5c amount on Form 1120, Schedule C, line 14, column (a), or the comparable line of other corporate income tax returns.

**Line 5d**

Enter the amount of hybrid dividends received by the U.S. shareholder from the foreign corporation. In general, in the case of a domestic corporation that is a U.S. shareholder with respect to a CFC, a dividend received by the domestic corporation from the CFC is a hybrid dividend to the extent of the sum of the U.S. shareholder’s hybrid deduction accounts with respect to shares of stock of the CFC. See section 245A(e) and Regulations section 1.245A(e)-1(b) for additional information about hybrid dividends.

**Note.** The corporate U.S. shareholder should include the line 5d amount on Form 1120, Schedule C, line 14, column (a), or the comparable line of other corporate income tax returns.

**Line 5e**

Enter on line 5e dividends not reported on line 5a, 5b, 5c, or 5d.

**Note.** The corporate U.S. shareholder should include the line 5e amount on Form 1120, Schedule C, line 14, column (a), or the comparable line of other corporate income tax returns.

**Line 6**

If previously taxed E&P (PTEP) were distributed, enter the amount of foreign currency gain or (loss) recognized on the distribution, computed under section 986(c). See Notice 88-71, 1988-2 C.B. 374, for rules for computing section 986(c) gain or (loss) and Regulations section 1.986(c)-1(a) and (b) for rules for computing section 986(c) gain or (loss) recognized with respect to distributions of PTEP within the reclassified section 965(a) PTEP group and the section 965(a) PTEP group. Do not include any foreign currency gain or loss with respect to PTEP within the reclassified section 965(b) PTEP group or the section 965(b) PTEP group. See Regulations section 1.986(c)-1(c).

For a corporate U.S. shareholder, include the gain or (loss) as “Other income” on Form 1120, line 10, or on the comparable line of other corporate tax returns. For a noncorporate U.S. shareholder, include the result as “Other income” on Schedule 1 (Form 1040), line 8z (other income), or on the comparable line of other noncorporate tax returns.

**Line 8a**

Check the “Yes” box on line 8a if the U.S. shareholder completing this form had an extraordinary disposition account with respect to the foreign corporation having a balance greater than zero at any time during the tax year of the foreign corporation. See Regulations section 1.245A-5(c) for rules regarding an extraordinary disposition account.

**Line 8b**

If “Yes” is checked on line 8a, enter on line 8b the U.S. shareholder’s extraordinary disposition account balance at the beginning and end of the foreign corporation’s tax year. Attach a statement detailing any differences between the starting and ending balance of the extraordinary disposition account reported on line 8b.

**Line 8c**

Enter on line 8c the CFC’s total extraordinary disposition account balance with respect to all U.S shareholders of the CFC at the beginning of the CFC year and at the end of the CFC tax year. Attach a statement detailing any differences between the starting and ending balance reported on line 8c.

**Line 9**

If the foreign corporation is a CFC and the filer is a domestic corporation, enter on line 9 the sum of the hybrid deduction accounts with respect to each share of stock of the CFC that the domestic corporation owns directly or indirectly (within the meaning of section 958(a)(2), and determined by treating a domestic partnership as foreign). The reported amount should reflect the balance of the hybrid deduction accounts as of the close of the tax year of the CFC, and after all adjustments to the hybrid deduction accounts for the tax year (for example, to reflect hybrid deductions of the CFC, or hybrid dividends paid by the CFC). For example, if the CFC is an upper-tier CFC all the stock of which is owned by the filer, then line 9 must reflect the sum of the filer's hybrid deduction accounts with respect to shares of stock of the upper-tier CFC; if instead the CFC is a lower-tier CFC all the stock of which is owned by the filer through an upper-tier CFC, then line 9 must reflect the sum of the upper-tier CFC's hybrid deduction accounts with respect to shares of stock of the lower-tier CFC.

A hybrid deduction account with respect to a share of stock of a CFC reflects the amount of hybrid deductions of the CFC that has been allocated to the share. In general, a hybrid deduction is a deduction or other tax benefit allowed to the CFC (or a related person) under a foreign tax law for an amount paid,
accrued, or distributed with respect to an instrument of the CFC that is stock for U.S. tax purposes. A hybrid deduction includes a deduction allowed to the CFC under a foreign tax law with respect to equity (such as a notional interest deduction). See Regulations section 1.245A(e)-1(d) for additional information about hybrid deduction accounts.

A domestic corporation that is a U.S. shareholder with respect to a CFC must maintain a hybrid deduction account with respect to each share of stock of the CFC that the domestic corporation owns directly or indirectly through a partnership, trust, or estate. In addition, certain upper-tier CFCs must maintain a hybrid deduction account with respect to each share of the stock of a lower-tier CFC that the upper-tier CFC owns directly or indirectly through a partnership, trust, or estate. See Regulations section 1.245A(e)-1(d) for more on maintenance of hybrid deduction accounts.
## Summary of U.S. Shareholder's Pro Rata Share of Subpart F Income of a CFC

Enter the amounts on lines 1a through 62, 64, 66, and 68 in functional currency.

### 1 Gross Foreign Personal Holding Company Income:
- a Dividends, interest, royalties, rents, and annuities (section 954(c)(1)(A) (excluding amounts described in sections 954(c)(2), (3), and (6)))
- b Excess of gains over losses from certain property transactions (section 954(c)(1)(B))
- c Excess of gains over losses from commodity transactions (section 954(c)(1)(C))
- d Excess of foreign currency gains over foreign currency losses (section 954(c)(1)(D))
- e Income equivalent to interest (section 954(c)(1)(E))
- f Net income from a notional principal contract (section 954(c)(1)(F))
- g Payments in lieu of dividends (section 954(c)(1)(G))
- h Certain amounts received for services under personal service contracts (see section 954(c)(1)(H))
- i Certain amounts from sales of partnership interests to which the look-through rule of section 954(c)(4) applies

### 2 Gross Foreign Base Company Income:
- a Dividends, interest, royalties, rents, and annuities (section 954(d))
- b Expenses allocated and apportioned under section 954(b)(5)
- c Net foreign base company sales income. Subtract line 2b from line 2a
- d Net foreign base company sales income excluded under high-tax exception

### 3 Gross Foreign Base Company Services Income:
- a Dividends, interest, royalties, rents, and annuities (section 954(e))
- b Expenses allocated and apportioned under section 954(b)(5)
- c Net foreign base company services income. Subtract line 3b from line 3a
- d Net foreign base company services income excluded under high-tax exception

### 4 Gross Insurance Income:
- a Dividends, interest, royalties, rents, and annuities (section 953)
- b Expenses allocated and apportioned under section 954(b)(3)(C)
- c Net foreign base company insurance income. Subtract lines 4b and 4c from line 4a

### 5 Total Adjusted Gross Foreign Base Company Income and Insurance Income:
- a Enter 5% of total gross income (as computed for income tax purposes)
- b Enter 70% of total gross income (as computed for income tax purposes)
- c If line 7 is less than line 8 and less than $1 million, enter -0- on this line and skip lines 11 through 19
- d If line 7 is more than line 9, enter total gross income (as computed for income tax purposes)

### 6 Adjusted Net Foreign Personal Holding Company Income:
- a Enter amount from line 2
- b Enter amount from line 3
- c Enter amount from line 4

### 7 Adjusted Net Foreign Base Company Sales Income:
- a Enter amount from line 3
- b Enter amount from line 4

### 8 Adjusted Net Foreign Base Company Services Income:
- a Enter amount from line 4
- b Enter amount from line 5

### 9 Adjusted Net Full Inclusion Foreign Base Company Income:
- a Enter the excess, if any, of line 11 over line 7
- b Enter amount from line 4
- c Enter amount from line 5
- d Enter amount from line 6
## Worksheet A

### Adjusted net foreign base company income

Add lines 13h, 14e, 15e, and 16e.

<table>
<thead>
<tr>
<th>Line</th>
<th>Description</th>

</tbody>
</table>
Worksheet A Instructions

Foreign base company income. Foreign base company income generally does not include the following.

- Foreign base company shipping income as defined in former section 954(f).
- Foreign personal holding company income derived in the active conduct of a banking, finance, or similar business (section 954(h)).
- Exempt insurance income under section 953(e) and certain investment income of a qualifying insurance company or a qualifying insurance branch (sections 953(a)(2) and 954(i)).
- Certain income derived in the ordinary course of business of a securities dealer (section 954(c)(2)(C)(i)).

Line 1a. Do not include:
- Interest from conducting a banking business that is “export financing interest” (section 904(d)(2)(G));
- Rents and royalties from actively conducting a trade or business received from a person other than a “related person” (as defined in section 954(d)(3)); and
- Dividends, interest, rent, or royalty income from related corporate payors described in section 954(c)(3) or (6). However, see section 964(e) for an exception to section 954(c)(3) and section 964(e)(4) for an exception to section 954(c)(6).

Interest income includes factoring income arising when a person acquires a trade or service receivable (directly or indirectly) from a related person. The income is treated as interest on a loan to the obligor under section 864(d)(1) and is generally not eligible for the de minimis, export financing, and related party exceptions to the inclusion of subpart F income. Also, a trade or service receivable acquired or treated as acquired by a CFC from a related U.S. person is considered an investment in U.S. property for purposes of section 956 (Worksheet B) if the obligor is a U.S. person.

Line 1b. Enter the excess of gains over losses from the sale or exchange of:
- Property that produces the type of income reportable on line 1a;
- An interest in a trust, partnership, or REMIC; however, see the instructions for Line 1f for an exception that provides for look-through treatment for certain sales of partnership interests; or
- Property that does not produce any income.

Do not include the following.
- Income, gain, deduction, or loss from any transaction (including a hedging transaction) and transactions involving physical settlement of a regular dealer in property, forward contracts, option contracts, and similar financial instruments (section 954(c)(2)(C));
- Gains and losses from the sale or exchange of any property that, in the hands of the CFC, is property described in section 1221(a)(1).

Line 1c. Enter the excess of gains over losses from transactions (including futures, forward, and similar transactions) in any commodities. See section 954(c)(1) (C) for exceptions. See section 954(c)(5) for a definition and special rules relating to commodity transactions.

Line 1d. Enter the excess of foreign currency gains over foreign currency losses from section 988 transactions. An exception applies to transactions directly related to the business needs of a CFC.

Line 1e. Enter any income equivalent to interest, including income from commitment fees (or similar amounts) for loans actually made.

Line 1f. Include net income from notional principal contracts (except a contract entered into to hedge inventory property).

Line 1g. Include payments in lieu of dividends that are made as required under section 1058.

Line 1h. Enter amounts received:
- Under a contract under which the corporation is to furnish personal services if (a) some person other than the corporation has a right to designate (by name or by description) the individual who is to perform the services, or (b) the individual who is to perform the services is designated (by name or by description) in the contract; and
- From the sale or other disposition of such a contract.

Note. The above rules apply with respect to amounts received for services under a particular contract only if at some time during the tax year 25% or more in value of the outstanding stock of the corporation is owned, directly or indirectly, by or for the individual who has performed, is to perform, or may be designated (by name or by description) as the one to perform, such services.

Line 1i. For tax years beginning after December 31, 2004, in the case of any sale by a CFC of an interest in a partnership with respect to which the CFC is a 25% owner (defined below), such CFC is treated for purposes of computing its foreign personal holding company income as selling the proportionate share of the assets of the partnership attributable to such interest. Thus, the sale of a partnership interest by a CFC that meets the ownership threshold constitutes subpart F income only to the extent that a proportionate sale of the underlying partnership assets attributable to the partnership interest would constitute subpart F income. Do not report these amounts on line 1b. Instead, report them on line 1i.

25% owner. For purposes of these rules, a 25% shareholder is a CFC that owns directly 25% or more of the capital or profits interest in a partnership. For purposes of the preceding sentence, if a CFC is a shareholder or partner of a corporation or partnership, the CFC is treated as owning directly its proportionate share of any such capital or profits interest held directly or indirectly by such corporation or partnership. If a CFC is treated as owning a capital or profits interest in a partnership under constructive ownership rules similar to the rules of section 958(b), the CFC shall be treated as owning such interest directly or indirectly for purposes of this definition.

Line 10. De minimis rule. If the sum of foreign base company income (determined without regard to section 954(b)(5)) and gross insurance income (as defined in section 954(b)(3)(C)) for the tax year is less than the smaller of 5% of gross income for income tax purposes, or $1 million, then no portion of the gross income for the tax year is treated as foreign base company income or insurance income. In this case, enter zero on line 10 and skip lines 11 through 19. Otherwise, go to line 11.

Line 11. Full inclusion rule. If the sum of foreign base company income (determined without regard to section 954(b)(5)) and gross insurance income for the tax year exceeds 70% of gross income for income tax purposes, the entire gross income for the tax year must (subject to the high-tax exception described below, the section 952(b) exclusion, and the deductions to be taken into account under section 954(b)(5)) be treated as foreign base company income or insurance income, whichever is appropriate. In this case, enter total gross income (for income tax purposes) on line 11. Otherwise, enter zero.

Lines 13g, 14d, 15d, 16d, 18d, and 19d. Exception for certain income subject to high foreign taxes. Foreign base company income and insurance income do not include any item of income received by a CFC if the taxpayer establishes that such income was subject to an effective rate of income tax imposed by a foreign country that is greater than 90% of the maximum rate of tax specified in section 11. For more information, see section 954(b)(4) and Regulations section 1.954-1(d)(1).

Line 18. Adjusted net insurance income. Insurance income is any income attributable to the issuing (or reinsuring) of any insurance or annuity contract that
would (subject to the modifications provided in section 953(b)) be taxed under subchapter L (insurance company tax) if such income were income of a domestic insurance company. However, insurance income does not include exempt insurance income (as defined in section 953(e)).

Line 19. Adjusted net related person insurance income. Related person insurance income is any insurance income (within the meaning of section 953(a)) attributable to a policy of insurance or reinsurance for which the person insured (directly or indirectly) is a U.S. shareholder (as defined in section 953(c)(1)(A)) in a CFC (as defined in section 953(c)(1)(B)), or a related person (as defined in section 953(c)(6)) to such a shareholder. If a CFC has related person insurance income, the U.S. shareholder’s pro rata share is to be determined under the rules of section 953(c)(5).

Exceptions. The above definition does not apply to any foreign corporation if:
• At all times during the foreign corporation’s tax year, less than 20% of the total combined voting power of all classes of stock of the corporation entitled to vote, and less than 20% of the total value of the corporation, is owned (directly or indirectly under the principles of section 883(c)(4)) by persons who are (directly or indirectly) insured under any policy of insurance or reinsurance issued by the corporation or who are related persons to insurance or reinsurance issued by the corporation.
• The related person insurance income rules also apply to mutual life insurance companies under regulations prescribed by the Secretary. For these purposes, policyholders must be treated as shareholders.

Line 20. International boycott income. If a CFC or a member of a controlled group (within the meaning of section 993(a)(3)) that includes the CFC has operations in, or related to, a country (or with the government, a company, or a national of a country) that requires participation in or cooperation with an international boycott as a condition of doing business within such country or with the government, company, or national of that country, a portion of the CFC’s income is included in subpart F income. The amount included is determined by multiplying the CFC’s income (other than income included under section 951 and U.S. source effectively connected business income described in section 952(b)) by the international boycott factor. This factor is a fraction determined on Schedule A (Form 5713).

Special rule. If the shareholder of a CFC can clearly demonstrate that the income earned for the tax year is from specific operations, then, instead of applying the international boycott factor, the addition to subpart F income is the amount specifically from the operations in which there was participation in or cooperation with an international boycott. See Schedule B (Form 5713).

Line 21. Illegal bribes, kickbacks, and other payments. Enter the total of any illegal bribes, kickbacks, or other payments (within the meaning of section 162(c)) paid by or on behalf of the corporation, directly or indirectly, to an official, employee, or agent of a government.

Line 22. Income described in section 952(a)(5). The income of a CFC derived from any foreign country during any period during which section 901(j) applies to such foreign country will be deemed to be income to the U.S. shareholders of such CFC. As of the date these instructions were revised, section 901(j) applied to Iran, North Korea, Sudan, and Syria.

Note. Prior to December 22, 2015, section 901(j) applied to Cuba. Rev. Rul. 2016-8 provides that as of December 22, 2015, section 901(j) no longer applies to Cuba.

Lines 24, 27, 30, and 33. Exclusion of U.S. income. Subpart F income does not include any U.S. source income (which, for these purposes, includes all carrying charges and all interest, dividends, royalties, and other investment income received or accrued by a FSC) that is effectively connected with a CFC’s conduct of a trade or business in the United States unless that item is exempt from taxation (or is subject to a reduced rate of tax) pursuant to a treaty obligation of the United States or the Code.

Line 37. Current E&P limitation. A CFC’s subpart F income is limited to the sum of the following.
• Its current year E&P, computed under the special rule of section 952(c)(1). Enter this amount on line 37a.
• Any tested loss under section 951A(c)(2)(B)(ii). If the total of all lines 6 of all separate Schedules I-1 (Form 5741) for the CFC is a negative number, enter the amount as a positive number on line 37b. If the total of all lines 6 is a positive number or zero, enter -0- on line 37b.

The amount included in the gross income of a U.S. shareholder of a CFC under section 951(a)(1)(A) for any tax year and attributable to a qualified activity must be reduced by the shareholder’s pro rata share of any qualified deficit (see section 952(c)(1)(B)).

Lines 39 through 43. If Worksheet A, line 37c, is less than the amount on Worksheet A, line 36, allocate the subpart F income remaining (after having been limited) (that is, the line 38 amount) to the four categories of subpart F income listed on Worksheet A, lines 40 through 43, using the rules of Regulations section 1.952-1(e).
Worksheet B

### U.S. Shareholder’s Pro Rata Share of Earnings of a CFC Invested in U.S. Property

Enter the amounts on lines 1 through 18 in functional currency.

### Worksheet B Instructions

Use Worksheet B to determine a U.S. shareholder’s pro rata share of earnings of a CFC invested in U.S. property that is subject to tax. Only earnings of a CFC not distributed or otherwise previously taxed are subject to these rules. Thus, the amount of previously untaxed earnings limits the section 956 inclusion. A CFC’s investment in U.S. property in excess of this limit will not be included in the taxable income of the CFC’s U.S. shareholders. The balances in the previously taxed accounts of prior section 956 inclusions (see section 959(c)(1)(A)) and current or prior subpart F inclusions (see section 959(c)(2)) reduce what would otherwise be the current section 956 inclusion.

Note. The previously taxed accounts should be adjusted to reflect any reclassification of subpart F inclusions that reduced prior section 956 or 956A inclusions (see section 959(a)(2) and Schedule J).

Distributions also are taken into account before the section 956 inclusion is determined. Distributions are generally treated as coming first from (and thus reducing the balances of) the previously taxed accounts. Thus, the U.S. shareholders must: 1. Compute the current subpart F income inclusion (potentially increasing that previously taxed account), 2. Take into account current distributions (potentially reducing the previously taxed and untaxed accounts), and 3. Compute the current section 956 inclusion (potentially increasing or reclassifying the previously taxed accounts).

**U.S. property** is measured on a quarterly average basis. For purposes of Worksheet B, the amount taken into account with respect to U.S. property is generally its adjusted basis for E&P purposes, reduced by any liability to which the property is subject. See sections 956(c) and (d) and the regulations under section 956 to determine whether the CFC is treated as holding U.S. property. The amount of U.S. property held (directly or indirectly) by the CFC does not include any item that was acquired by the foreign corporation before it became a CFC, except for the property acquired before the foreign corporation became a CFC that exceeds the applicable earnings (as defined in section 956(b)) accumulated during periods before it became a CFC.

If the foreign corporation ceases to be a CFC during the tax year:
- The determination of the U.S. shareholder’s pro rata share will be made based upon the stock owned (within the meaning of section 958(a)) by the U.S. shareholder on the last day during the tax year in which the foreign corporation was a CFC;
- The CFC’s U.S. property for the tax year will be determined only by taking into account quarters ending on or before such last day (and investments in U.S. property as of the close of subsequent quarters should be recorded as zero on line 1); and
- In determining applicable earnings, current E&P will include only E&P that are allocable (on a pro rata basis) to the part of the year during which the foreign corporation was a CFC.
Instructions for Separate Schedules

Schedule E
Use Schedule E, Part I, to report taxes paid, accrued, or deemed paid under section 960(b)(2) by a foreign corporation for which a foreign tax credit is allowed and use Schedule E, Part III, to report taxes for which a credit may not be taken.

Note. Schedule E must be completed even for non-corporate U.S. shareholders. Certain non-corporate U.S. shareholders may elect under section 962 to be taxed at corporate rates on section 951(a) amounts and the GILTI inclusion for the tax year, so as to be able to claim a credit for certain foreign taxes paid or accrued by the CFC. The information reported on Schedule E is relevant for U.S. shareholders making this election. Also, timely information reporting is important to the extent the U.S. shareholder chooses to amend its return in a later year to make the election under section 962. Schedules E and E-1 are also relevant for non-corporate U.S. shareholders who do not make a section 962 election. Taxes paid or accrued with respect to distributions of PTEP by the U.S. shareholder, while not reported on the Form 5471, are subject to different rules regarding creditability and foreign currency gain or loss. See, for example, section 965(g) and 986(c). Therefore, it is important that the U.S. shareholder track the PTEP groups to follow the different rules for each group.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. If applicable, use the reference ID number shown on Form 5471, page 1, Item 1b(2).

Lines a, b, and c. Complete a separate Schedule E for each applicable separate category of income. Enter the appropriate code on line a (above Part I). To determine the appropriate code, see Categories of Income in the Instructions for Form 1118, Foreign Tax Credit—Corporations. A foreign corporation may need to report taxes with respect to all categories of income listed in the Instructions for Form 1118, with the exception of foreign branch category income. A foreign corporation may accrue or pay taxes properly attributable to an income group within the general category, passive category, or section 901(j) category. See Regulations section 1.960-1(d)(2)(i). A foreign corporation may accrue or pay taxes properly attributable to a PTEP group within any of the separate categories of income, with the exception of foreign branch category income. See Regulations section 1.960-3(c)(1).

If code 901j is entered on line a, enter on line b the country code for the sanctioned country using the two-letter codes (from the list at IRS.gov/CountryCodes).

If one of the RBT codes is entered on line a, enter on line c the country code for the treaty country using the two-letter codes (from the list at IRS.gov/CountryCodes).

Note. Do not complete a separate Schedule E for taxes assigned to the section 951A category. Taxes paid, accrued, or deemed paid with respect to section 951A PTEP that is in the section 951A category are reported on the Schedule E completed for the general category.

Important. In addition to the separate category codes referred to above, if you have more than one of the categories of income referred to above, you must complete and file a separate Schedule E (including Schedule E-1) using code "TOTAL" that aggregates all amounts listed for each line and column of all other Schedules E and E-1.

Part I—Taxes For Which a Foreign Tax Credit Is Allowed
In Part I, Section 1, list income, war profits, and excess profits taxes (income taxes) paid or accrued to each foreign country or U.S. possession for the foreign corporation’s foreign tax year(s) that end with or within its U.S. tax year.

In Part I, Section 2, report taxes deemed paid under section 960(b)(2) with respect to distributions of PTEP from a lower-tier foreign corporation to the foreign corporation with respect to which this Schedule E (Form 5471) is being completed.

Amounts not reported in Part I. Do not report taxes that are not creditable, including taxes for which a credit is disallowed under section 901(j), (k), (l), or (m) or suspended under section 909. Such taxes are reported in Part III. A credit is never allowed for taxes paid or accrued to the United States. Do not report such taxes in Part I, but in Part III.

Adjustments to foreign income taxes. Adjustments to foreign income taxes paid or accrued in a prior year should not be reflected on Schedule E in the year of adjustment. Instead, they should be reported in the year to which such taxes relate. This may require an amended return. See section 905(c), as amended by the Act. Adjustments include additional payments, refunds, and downward adjustments for accrued foreign taxes that are not paid within 2 years after the close of the tax year to which such taxes relate.

Comparison to income tax expense reported on Schedule C (Form 5471). The foreign income taxes reported on Schedule E may differ from the amount reported as income tax expense on line 21a of Schedule C. This is due in part to differences in the accounting for foreign tax redeterminations, disallowed taxes, and foreign income taxes reported in Other Comprehensive Income for U.S. GAAP purposes.

Comparison to income tax expense reported on Schedule H (Form 5471). The taxes added or deducted on line 2g of Schedule H include both foreign income taxes reported in Part I of Schedule E as well as the taxes reported in Part III of Schedule E that are not creditable foreign income taxes.

Section 1—Taxes Paid or Accrued Directly by Foreign Corporation
Column (a) Amounts reported on Schedule E may include taxes paid or accrued by the foreign corporation or a pass-through entity (for example, partnership or disregarded entity) owned by the foreign corporation. If the tax is paid or accrued by the pass-through entity, enter the name of such entity instead of the name of the foreign corporation. If the tax paid or accrued by the foreign corporation is attributable to a branch or qualified business unit (QBU) of the foreign corporation, enter the name of the branch or QBU.

Column (b) Enter the employer identification number (EIN) or reference ID number of the payor entity listed in column (a). A reference ID number is required only in cases in which no EIN was entered for the foreign corporation or pass-through entity owned by the foreign corporation. Filers are permitted to enter both an EIN and a reference ID number. See Item 1b(2)—Reference ID number for more information about reference ID numbers.

Column (c) Check the box if the foreign income taxes reported in column (j) were paid or accrued by the corporation during prior tax years and were suspended due to the application of the rules of section 909 and
that are unsuspended in the current year because related income is taken into account by the foreign corporation, certain U.S. corporate owners of the foreign corporation, or a member of such U.S. corporate owner’s consolidated group.

Column (d)
Enter the two-letter codes (from the list at IRS.gov/CountryCodes) of all foreign countries and U.S. possessions to which taxes were paid or accrued. If taxes were paid or accrued to more than one country with respect to the same income, include each tax paid or accrued to a different country on separate lines.

Column (e)
The foreign tax year under foreign tax law may not be the same tax year as the U.S. tax year of the foreign corporation. If the tax is attributable to a pass-through entity owned by a foreign corporation, the foreign tax year of the foreign corporation within which such pass-through entity’s year ends should be reported on this line.

Column (g)
Enter the income reported to the foreign tax authority under foreign tax law. This should be the foreign taxable income base for determining the tax reported in column (i).

Column (h)
Check the box if taxes were paid on U.S. source income.

Column (i)
Enter three-letter currency code for the local currency in which the tax is payable. Currency codes are available at www.iso.org/iso-4217-currency-codes.html or www.currency-iso.org/en/home/tables/tables-a1.html.

Column (j)
Enter the tax paid or accrued in the local currency in which tax is payable and not the functional currency of the payor or foreign corporation. See sections 986(a) and 905(c).

Columns (k) and (l)
Enter the exchange rate in column (k) and the translated dollar amount in column (l).

Translate the taxes entered in column (j) into dollars at the average exchange rate for the tax year to which the tax relates unless one of the exceptions below applies. See section 986(a).

Exceptions. If one of the following exceptions applies, use the exchange rate in effect on the date the foreign corporation paid the tax.

1. The tax is paid before the beginning of the year to which the tax relates.
2. Accrued taxes are not paid before the date 2 years after the close of the tax year to which such taxes relate.
3. There is an election in effect under section 986(a)(1)(D) to translate foreign taxes using the exchange rate in effect on the date of payment.
4. The foreign corporation reports on the cash basis. See section 986(a).
5. The foreign tax is denominated in an inflationary currency. See section 986(a)(1)(C).

Report the exchange rate using the “divide-by convention” specified under Reporting exchange rates on Form 5471, earlier.

Column (m)
Enter the tax in functional currency. E&P takes into account foreign income taxes paid or accrued by the foreign corporation. The foreign corporation’s E&P is determined in the foreign corporation’s functional currency. See section 986(b).

Line 5
Report the total of the amounts listed in column (l) on this line 5. This total also should be reported on Schedule E-1, line 4.

Line 6
Report the total of the amounts listed in column (m) on this line 6. This total and the amount reported on line 3 of Schedule E, Part III, are the appropriate reduction to current year E&P for income taxes. See Schedule H, line 2g.

Example. CFC1, a foreign corporation, with reference ID number 1000123, pays or accrues tax of 10u = $10 to Country X on 50u of Country X foreign source taxable income with respect to CFC1’s foreign tax year ending December 31, 2021. CFC1 has a December 31 tax year end for both foreign and U.S. tax purposes. Also, CFC1 receives in the tax year ending December 31, 2021, a refund of 3u from Country X on 15u of foreign source income with respect to CFC1’s tax year ending December 31, 2017, translated to equal $5, and on which the original liability was $7. Therefore, the revised tax liability is $2. All taxes relate to general category income. Also assume for both years that the local currency in which the tax was paid was the same as the foreign corporation’s functional currency. The country code for Country X is XX.

The following entries should be made on the 2021 Form 5471, Schedule E,

General Category, Part I, Section 1, for CFC1.
• Line 1, column (a): CFC1
• Line 1, column (b): 1000123
• Line 1, column (d): XX
• Line 1, column (e): 2017/12/31
• Line 1, column (f): 2021/12/31
• Line 1, column (g): 50u
• Line 1, column (i): u
• Line 1, column (j): 10u
• Line 1, column (k): 1.0000
• Line 1, column (l): $10
• Line 1, column (m): 10u

An amended 2017 tax return should be filed by or for the U.S. person(s) with respect to which Form 5471 was required and that return should include an amended Form 5471. The amended Form 5471 should include an attachment with a schedule that looks like the current version of Schedule E, Part I, Section 1, with the following entries for the general category of income.
• Line 1, column (a): CFC1
• Line 1, column (b): 1000123
• Line 1, column (d): XX
• Line 1, column (e): 2017/12/31
• Line 1, column (f): 2017/12/31
• Line 1, column (g): 15u
• Line 1, column (i): u
• Line 1, column (j): 1.20u
• Line 1, column (k): 1.6667
• Line 1, column (l): $2
• Line 1, column (m): 1.20u

Section 2—Taxes Deemed Paid (Section 960(b))
The purpose of Section 2 is to track deemed-paid foreign income taxes with respect to current year PTEP distributions from lower-tier foreign corporations to the foreign corporation with respect to which this Schedule E (Form 5471) is being completed (“the foreign corporation”).

Report a PTEP distribution by a lower-tier foreign corporation in Section 2 only if foreign income taxes are deemed paid under section 960(b) by the foreign corporation with respect to such PTEP distribution.

The only foreign taxes of the distributing foreign corporation that may be treated as deemed paid under section 960(b) are foreign taxes paid, accrued, or deemed paid by the distributing foreign corporation with respect to the receipt of a PTEP distribution from another lower-tier foreign corporation below the distributing foreign corporation. Accordingly, there can be no deemed-paid foreign taxes with respect to a PTEP distribution from a lower-tier foreign corporation that is the lowest foreign-tier foreign corporation in a chain, and therefore no such distributions will be reported in Section 2. See Regulations section 1.960-1(d)(3)(iii)(C).

Any foreign income taxes paid or accrued (but not deemed paid) by the
Column (a)
Enter the name of each lower-tier foreign corporation that made a PTEP distribution eligible with respect to which a deemed-paid tax is determined in the current year by the foreign corporation with respect to which this Schedule E (Form 5471) is being completed.

Column (b)
Enter the employer identification number (EIN) or reference ID number of the lower-tier foreign corporation listed in column (a). A reference ID number is required only in cases in which no EIN was entered for the lower-tier foreign corporation. Filers are permitted to enter both an EIN and a reference ID number. See Item 1b(2)—Reference ID Number for more information about reference ID numbers.

Column (c)
Enter the applicable two-letter codes (from the list at IRS.gov/CountryCodes).

Column (d)
Enter the code which describes the PTEP group classification (as set forth in Regulations section 1.960-3(c)(2)). Please enter the applicable PTEP group code from the following list.

### PTEP Group Classification

<table>
<thead>
<tr>
<th>Taxes related to previously taxed E&amp;P</th>

</tr>
</tbody>
</table>

Column (e)
Enter the year in which the U.S. shareholder included income of the lower-tier foreign corporation under section 951(a) or section 951A and established the PTEP account to which the distribution is attributed. This is the annual PTEP account. See Regulations section 1.960-3(c)(1).

Column (f)
Enter the PTEP distribution with respect to the PTEP group within the annual PTEP account identified in column (d) and column (e) in the functional currency of the distributing lower-tier foreign corporation. If there is a PTEP distribution related to more than one PTEP group within an annual PTEP account, complete a separate line for each PTEP group within an annual PTEP account.

Column (g)
Enter the total amount of the lower-tier foreign corporation’s PTEP in the PTEP group within the annual PTEP account identified in column (d) and column (e). Enter such amount in the functional currency of the distributing lower-tier foreign corporation.

Column (h)
Enter the total amount of the lower-tier foreign corporation’s PTEP group taxes with respect to the PTEP group within the annual PTEP account identified in column (d) and column (e). Enter this amount in U.S. dollars. To determine the appropriate translation rate, see section 986(a).

Column (i)
Enter the U.S. dollar amount of the recipient foreign corporation’s income taxes deemed paid that are properly attributable to the PTEP distribution reported in column (f) and not deemed to have been paid by the domestic corporation for any prior tax year.

Note. With respect to distributions of PTEP resulting from inclusions under section 965, report the taxes properly attributable to such PTEP without reduction for the foreign tax credit disallowance.

### Part III—Taxes for Which Foreign Tax Credit Is Disallowed

Use Part III to report taxes for which foreign tax credits are not allowed. While not allowed as a credit, such taxes are taken into account in determining the foreign corporation’s E&P.

Do not enter taxes that do not meet the criteria under Regulations section 1.901-2.

Columns (a) and (b)
See Part I Taxes for Which a Foreign Tax Credit Is Allowed, earlier, for instructions regarding these columns.

Column (c)
Enter foreign income taxes that are disallowed under section 901(j), generally foreign income taxes paid or accrued to certain sanctioned countries.

Column (d)
Enter foreign income taxes that are disallowed under section 901(k), which generally applies to certain taxes paid on dividends if the minimum holding period is not met with respect to the underlying stock, or if the corporation is obligated to make related payments with respect to positions in similar or related property. Also enter foreign income taxes disallowed under section 901(l), which generally applies to certain taxes paid on gain and income other than dividends if the minimum holding period is not met with respect to the underlying property, or if the corporation is obligated to make related payments with respect to positions in similar or related property.

Column (e)
In the case of a covered asset acquisition (as defined in section 901(m)(2)), enter the disqualified portion of any tax determined with respect to the income or gain attributable to the relevant foreign assets (section 901(m)).

Note. This rule generally applies to covered asset acquisitions after December 31, 2010. See Regulations sections 1.901(m)-1 through 1.901(m)-8 for additional information. Note that the rules contained in these regulations have later effective dates.

Column (f)
Enter the amount of taxes paid or accrued by the foreign corporation to the United States. No credit is allowed for these taxes because only foreign income taxes paid or accrued to a foreign country or possession of the United States are allowed as a credit. See section 901(b).

Column (g)
Report foreign income taxes related to the current tax year that have been suspended due to the rules of section 909.
Column (h)
Enter taxes for which a foreign tax credit is
disallowed other than those detailed in
columns (c) through (g). Such taxes may
include, but are not limited to, certain
taxes on the purchase or sale of oil and
gas (section 901(f)), certain taxes used to
provide subsidies (section 901(f)), and
taxes for which no credit is allowed
because of the boycott provisions of
section 908.

Column (i)
For each line in this column, enter the total
amount for each payor in columns (c)
through (h).

Line 3
Total each amount in column (i) and enter
on line 3. All amounts should be in
functional currency.

Line 4
Translate the line 3 amount from functional
currency to U.S. dollars using, in general,
the average exchange rate as defined by
section 989(b)(3).

Schedule E-1
Use Schedule E-1 to report the cumulative
balance of foreign income taxes paid or
accrued by a CFC by separate category of
income.

Enter amounts in U.S. dollars unless
otherwise noted.

Columns (a), (b), and (c)
In columns (a), (b), and (c), report only the
foreign income taxes the foreign
corporation pays or accrues attributable to
the subpart F income group, the tested
income group, and the residual income
group, respectively. Use Schedule Q to
determine the taxes attributable to each
income group. Do not include foreign
income taxes paid or accrued by the
foreign corporation in its other tax years
beginning after December 31, 2017, or
that do not relate to the current tax year.
Do not include foreign income taxes that
are disallowed and are reported on
Schedule E, Part III. Do not include taxes
paid or accrued by the foreign corporation
with respect to its receipt of a PTEP
distribution, even if those amounts were
included in the total entered on line 5,
column (i), of Schedule E, Part I, Section
1. These are reported in column (e). Do
not include taxes deemed paid by the
foreign corporation with respect to its
receipt of a PTEP distribution. These are
also reported in column (e).

On line 9, report reductions for the
portion of such taxes that are deemed
paid by a U.S. shareholder with respect to
an inclusion under section 951(a) or 951A.
On line 15, report reductions for foreign
income taxes attributable to the column
(b) tested income group that are not
deemed paid as a result of the inclusion
percentage or the 80% limitation. Also, on
line 15, report any other reductions to the
three income groups in columns (a), (b),
and (c) necessary to achieve a zero
balance on line 16. Attach a statement
explaining why such taxes were not
deemed paid under section 960. The
balance of foreign income taxes paid or
accrued with respect to the three income
groups that is entered on line 16 should
equal zero after taking into account the
 reductions.

Note. Because columns (b) and (c) are
new this year, the prior year ending
balances in columns (b) and (c) will not
carry forward to new columns (b) and (c).

Column (d)
Use column (d) to report taxes suspended
under section 909.

Columns (e)(i) through (e)(x)
Report foreign income taxes paid or
accrued with respect to E&P described in
sections 959(c)(1) and (c)(2). See
instructions for Schedule J, Column (e),
for specific information about the ten
PTEP group columns. Also see
Regulations section 1.960-3(c)(2) for
additional information regarding the ten
PTEP groups.

Specific Instructions Related to
Lines 1 through 16

Line 1a. Except for columns (a), (b), and
(c), which are new this year, this amount
should equal the amount that was
reported as the balance on line 18 of the
prior year Schedule E-1.

Line 1b. Except for columns (a), (b), and
(c), which are new this year, if the balance
on line 18 of prior year Schedule E-1 was
adjusted after the filing of the original prior
year Form 5471, such adjustments should
be reflected on line 1b. For example, if
there were errors in the original
computation of foreign income taxes, an
adjustment would be included on this line.
See Corrections to Form 5471, earlier. Do
not include any adjustments required to be
reported on line 7 or 12. Attach a
statement that includes an explanation
and the dollar amount of each such
adjustment, along with a total that equals
the amount entered on line 1b.

Line 2. Except for columns (a), (b), and
(c), which are new this year, use line 2 to
reflect adjustments to a U.S. person’s
foreign tax credit as a result of
redetermined foreign income taxes. If a
U.S. person has appropriately amended
the immediately prior year return, including
its Schedule E-1, to redetermine its U.S.
tax liability, no adjustment should be
included on this line. This line is only
applicable if a U.S. person appropriately
amended a prior year return and there
were intervening years between the
amended year return and the current year
return for which an amended return was
not filed. If so, an adjustment for the prior
year amended return (and its impact on
intervening years) should be reflected on
line 2.

Line 3a. A tax reported on Schedule E,
Part I, Section 1, line 5, column (l) for
which column (c) was checked because
such tax was unsuspended in the current
year, should be included as a positive
amount in column (a), (b), (c), or (e), as
appropriate. Such tax should also be
reflected as a negative amount in column
(d).

Line 3b. Include as a positive amount in
column (d) foreign income taxes related to
the current tax year that have been
suspended due to the rules of section 909.
Such taxes are also reported on
Schedule E, Part III, column (g).

Line 4. The total reported on Schedule E,
Part I, Section 1, line 5, column (l), should
be separated into columns (a) through (e)
according to the type of income or E&P to
which such taxes relate. Therefore, for
example, taxes paid or accrued with
respect to the receipt of a PTEP
distribution are reported in column (e), and
taxes paid or accrued with respect to
current year subpart F income of the
foreign corporation are reported in column
(a).

Example 1. Domestic Corporation, a
U.S. shareholder, wholly owns the only
class of stock of CFC1, a foreign
corporation. CFC1, in turn, wholly owns
the only class of stock of CFC2, a foreign
corporation. CFC2, in turn, wholly owns
the only class of stock of CFC3, a foreign
corporation. The functional currency of
Domestic Corporation, CFC1, CFC2, and
CFC3 is the U.S. dollar. During Year 1,
CFC3 has subpart F income, after foreign
income tax, of $100 with respect to which
it pays $20 of foreign income tax. Such tax
is properly attributable to subpart F
income of CFC 3 and is reported on line 4,
column (a) of Schedule E-1 of CFC 3’s
Form 5471. During Year 1, Domestic
Corporation reports an inclusion under
section 951(a)(1) of $100 and deemed
paid taxes of $20 under section 960(a) as
a result of subpart F income of CFC3.
During Year 2, CFC3 distributes $40 to
CFC2. CFC2 pays withholding tax of $4
on the distribution from CFC3. Such tax is
a tax related to previously taxed earnings
and profits that were included as subpart F
income and is reported on line 4, column
(e)(x), of Schedule E-1 of CFC2’s Form
5471.
Line 5. Report taxes carried over to a foreign surviving corporation after an acquisition by a foreign corporation of the assets of another foreign corporation in a transaction described in section 381. See Regulations section 1.367(b)-7(b)(1) and (d)(1).

Line 6. Enter foreign income taxes properly attributable to PTEP and not previously deemed paid (from Schedule E, Part I, Section 2, line 5, column (i)). The total reported on Schedule E, Part I, Section 2, line 5, column (i) should be broken out on Schedule E-1, line 6, columns (e)(i) through (e)(x) based on the type of PTEP to which such taxes relate.

Example 2. The facts are the same as in Example 1, except that, in addition, CFC2 distributes $36 to CFC1 in Year 3. CFC1 is deemed to pay the $4 of withholding tax paid by CFC2 in Year 2. See section 960(b). Such tax is attributable to previously taxed subpart F income and is reported on line 6, column (e)(x), of Schedule E-1 of CFC1’s Form 5471. Such tax is also reported as a negative number on line 10, column (e)(x), of Schedule E-1 of CFC2’s Form 5471.

Line 7. Attach a statement with a description and the amount of any adjustments required before taking into account taxes deemed paid by the foreign corporation. Do not include any adjustments required to be reported on line 1b or 12.

Line 9. A domestic corporation is deemed to pay foreign income taxes attributable to inclusions under section 951(a)(1). See section 960(a). Amounts reported on line 9 should be negative numbers.

If a domestic corporation includes an amount in income under section 951A, such domestic corporation is deemed to pay foreign income taxes equal to 80% of the product of (a) such domestic corporation’s inclusion percentage, multiplied by, (b) the aggregate tested foreign income taxes paid or accrued by the CFC. For the computation of such amount, see Form 1118, Schedule D. Amounts reported on line 9 should be negative numbers. See line 15 with respect to reporting tested taxes not deemed paid as a result of the inclusion percentage or the application of the 80% limitation.

Line 10. A domestic corporation is deemed to pay foreign income taxes with respect to distributions of previously taxed E&P. Section 960(b)(1). Amounts reported on line 10 should be negative numbers.

Taxes are deemed paid by a domestic corporation that is a U.S. shareholder or a foreign corporation that is a controlled foreign corporation with respect to distributions of PTEP that it receives. Report on line 10, column (e), the taxes that relate to PTEP of the foreign corporation that are deemed paid by a shareholder of the foreign corporation, either an upper-tier foreign corporation or a U.S. shareholder, with respect to a distribution of PTEP made by the foreign corporation.

Example 3. The facts are the same as in Example 2, except that during Year 4, CFC1 distributes $36 to Domestic Corporation. Domestic Corporation is deemed to pay the $4 of withholding taxes deemed paid by CFC1 in Year 3 and paid by CFC2 in Year 2. A negative $4 will be recorded on line 10, column (e)(x), of CFC1’s Form 5471, Schedule E-1.

See Example 2 for reporting on line 10 with respect to taxes on distributions from CFC3 to CFC2.

Line 11. Foreign income taxes reclassified from section 959(c)(2) previously taxed E&P to section 959(c)(1) previously taxed E&P should be reported as negative numbers in columns (e)(vi) through (e)(x) and as positive numbers in columns (e)(i) through (e)(v).

Example 4. The facts are the same as in Example 1, except that during Year 2 CFC2 invests $40 in U.S. property. At the time of investment in such property, CFC2 continues to maintain a $36 balance in its section 959(c)(2) previously taxed E&P account. CFC2 reclassifies such amount as section 959(c)(1) previously taxed E&P on Schedule J. Accordingly, $4 of foreign income taxes related to section 959(c)(2) previously taxed E&P is reclassified to section 959(c)(1) previously taxed E&P on line 11, column (e)(iii). A negative $4 will be recorded on line 11, column (e)(x), and a positive $4 will be recorded on line 11, column (e)(iii).

Line 12. Attach a statement with a description and the amount of any required adjustments to taxes of the foreign corporation not already taken into account on this schedule. An example of amounts reported on line 12 is taxes attributable to PTEP distributions to shareholders ineligible to claim a foreign tax credit under section 960(b)(1) (such as foreign corporations).

Line 15. Enter the reduction to the column (b) tested income group for tested income taxes not deemed paid. See Regulations section 1.960-1. This includes taxes that are properly attributable to a subpart F income group but were not deemed paid because there was no subpart F income with respect to that income group in the current year.

Note. If necessary, enter negative amounts on line 15 of columns (a), (b), and (c) in amounts sufficient to reduce line 16, columns (a), (b), and (c), to zero. Attach a statement explaining why such taxes were not deemed paid under section 960.

Schedule G-1

Note. A separate Schedule G-1 must be filed for each cost sharing arrangement (CSA) as defined in Regulations section 1.482-7(b) in which the foreign corporation was a controlled participant (as defined in Regulations section 1.482-7(j)) during the tax year. All amounts should be reported in U.S. dollars.

Question 4. Enter the foreign corporation’s share of reasonably anticipated benefits (RAB) for the CSA during the tax year. See Regulations section 1.482-7(e) for rules on a determining and updating controlled participant’s RAB share. If the foreign corporation applied more than one RAB share during the tax year in determining its share of intangible development costs (IDCs), enter the RAB share that was applied to IDCs incurred at the end of the year. See Regulations section 1.482-7(d) for more information on IDCs.

Question 5a. Check the “Yes” box if the U.S. taxpayer made any platform contributions as defined in Regulations section 1.482-7(c) to the CSA during the tax year. If “Yes,” complete lines 5b and 5c.

Questions 5b and 5c. Enter the foreign corporation’s RAB share of the total present value of all platform contributions made by the U.S. taxpayer during the tax year with respect to the foreign corporation on line 5b. The total present value of all platform contributions made by the U.S. taxpayer during the tax year should be entered even if only a portion (or none) of the value of those platform contributions was included in the U.S. taxpayer’s taxable income as platform contribution transaction (PCT) payments during the tax year. If possible, include a reasonable present value estimate for any PCTs that are priced using a method that does not involve the calculation of a present value. Otherwise, attach a brief statement of the reason(s) it is not possible to include a present value estimate for one or more PCTs (for example, no revenue projections for a PCT that is priced based on a sales-based
royalty from a comparable uncontrolled transaction).

If the U.S. taxpayer engaged in multiple PCTs during the tax year with the foreign corporation and used different methods to price the PCTs, check the appropriate boxes on line 5c to indicate which methods were selected as the best method for one or more of the PCTs reported in the tax year. See Regulations section 1.482-7(g) for more information on the methods applicable to PCTs.

Questions 6b and 6c. See generally Regulations section 1.482-7 for more information on determining whether stock-based compensation is directly identified with, or reasonably allocable to, the intangible development activity (IDA) under the CSA. See Regulations section 1.482-7(d)(3) and Notice 2005-99 for more information on determining the measurement and timing of stock-based compensation IDCs, including an election available with respect to options on publicly traded stock and certain other stock-based compensation.

Check the appropriate box on line 6c to indicate whether any stock-based compensation was granted during the term of the CSA to individuals who performed functions in business activities that generate cost shared intangibles that were not treated as directly identified with, or reasonably allocable to, the IDA as defined in Regulations section 1.482-7(d)(1)(i). This would include stock-based compensation granted in earlier years (which could give rise to deductions in the current tax year) that were not treated as identified with or reasonably allocable to the IDA.

Questions 7a and 7b. For the tax year, enter the total amount of IDCs for the CSA on line 7a. See Regulations section 1.482-7(d) for more information on IDCs.

On line 7b, enter the amount of IDCs allocated to the foreign corporation for the tax year based on the foreign corporation’s RAB share.

Schedule H
Use Schedule H to report the foreign corporation’s current E&P for U.S. tax purposes. Enter the amounts on lines 1 through 5c in the CFC’s functional currency.

Certain filers may be able to use alternative information (as defined in section 3.01 of Rev. Proc. 2019-40) to determine certain amounts in this schedule. See specific instructions for Item F—Alternative Information Under Rev. Proc. 2019-40, earlier, for more details.

Note. Category 5b and 5c filers are not required to file Schedule H for foreign-controlled corporations.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. If applicable, use the reference ID number shown on Form 5471, page 1, Item 1b(2).

Special rules for DASTM. If the foreign corporation uses DASTM, enter on line 1 the dollar GAAP income or (loss) from line 22 of Schedule C. Enter on lines 2a through 4 the adjustments made in figuring current E&P for U.S. tax purposes. Report these amounts in U.S. dollars.

Enter on line 5b the DASTM gain or loss figured under Regulations section 1.985-3(d).

Lines 2a through 2i. Certain adjustments (required by Regulations sections 1.964-1(b) and (c)) must be made to the foreign corporation’s line 1 net book income or (loss) to determine its current E&P. These adjustments may include both positive and negative adjustments to conform the foreign book income to U.S. GAAP and to U.S. tax accounting principles. If the foreign corporation’s books are maintained in functional currency in accordance with U.S. GAAP, enter on line 1 the functional currency GAAP income or (loss) from line 22 of Schedule C, rather than starting with foreign book income, and show GAAP-to-tax adjustments on lines 2a through 2i.

Lines 2b and 2c. Generally, depreciation, depletion, and amortization allowances must be based on the historical cost of the underlying asset, and depreciation must be figured according to section 167. However, if 20% or more of the foreign corporation’s gross income is from U.S. sources, depreciation must be figured on a straight line basis according to Regulations section 1.312-15.

Line 2f. Inventories must be taken into account according to the rules of sections 471 (incorporating the provisions of section 263A) and 472 and the related regulations.

Line 2g. See the instructions for Schedule C, Line 21, earlier. Reflect differences between the income tax expense (benefit) reported for book purposes and the income taxes deducted or added to E&P. Such differences include, for example, deferred income tax expenses, uncertain tax positions, intraperiod allocations, adjustments made after closing the financial statements (post-closing adjustments) and not reflected in income tax expense (benefit), and the adjustment for a foreign tax redetermination that required a redetermination of the U.S. tax liability.

Line 2h. Enter the adjustment to foreign currency gains or losses. Attach a statement with a description of the gain or losses.

In the case of section 988 losses, determine whether Form 8886 needs to be completed, as described in Additional Filing Requirements, earlier.

Line 2i. Enter the net amount of any additional adjustments not included on lines 2a through 2h. List these additional adjustments on a separate statement. Attach this statement to Form 5471. Schedule H is only prepared for the general, passive, and section 901(j) categories of income. For example, if U.S. GAAP income reported on Schedule C contains items related to PTEP, include the necessary adjustments on line 2i of Schedule H for the appropriate category of income (general or passive) and attach a statement that itemizes and explains those adjustments. Report adjustments for foreign taxes related to the PTEP on line 2g. This adjustment is necessary because foreign taxes imposed on PTEP distributions do not reduce current year E&P. Foreign taxes imposed on PTEP distributions reduce PTEP and are reported on Schedule J, line 6.

Example. Domestic Corporation, a U.S. shareholder, wholly owns the only class of stock of CFC1, a foreign corporation. CFC1, in turn, wholly owns the only class of stock of CFC2, a foreign corporation. During Year 1, Domestic Corporation reports an inclusion under section 951(a)(1) of $100 as a result of subpart F income of CFC2. During Year 2, CFC2 distributes $40 to CFC1. CFC1 pays withholding tax of $4 on the distribution from CFC2. Such tax is related to previously taxed subpart F income. On Domestic Corporation’s financial statements, Domestic Corporation reports the $4 withholding tax as current income tax expense. Domestic Corporation reports on CFC1’s Form 5471, Schedule H, on line 2g, a positive adjustment for the $4 of tax on the PTEP distribution.

Line 5b. DASTM gain or (loss), reflecting unrealized exchange gain or loss, should be entered on line 5b only for foreign corporations that use DASTM.

Line 5c. The line 5c current year E&P amount may include amounts with respect to the general category, passive category, or section 901(j) category. See
Regulations section 1.960-1(d)(2). Enter on lines 5c(i), 5c(ii), 5c(iii)(A), 5c(iii)(B), 5c(iii)(C), and 5c(iii)(D), as applicable, the portion of the line 5c current year E&P amount with respect to each applicable category of income. If applicable for lines 5c(iii)(A), 5c(iii)(B), 5c(iii)(C), and 5c(iii)(D), also enter the country code for the sanctioned country using the two-letter codes (from the list at IRS.gov/CountryCodes).

Note. The amounts reported on line 5c include both foreign source and U.S. source income.

Line 5d. Enter the line 5c functional currency amount translated into U.S. dollars at the average exchange rate for the foreign corporation’s tax year. See section 989(b). Report the exchange rate using the “divide-by-convention” specified under Reporting Exchange Rates on Form 5471, earlier. If the foreign corporation uses DASTM, enter on line 5d the same amount entered on line 5c.

Line 5e. Enter the exchange rate used in computing line 5d. Report the exchange rate using the “divide-by-convention” specified under Reporting exchange rates on Form 5471.

Blocked income. The E&P of the foreign corporation, as reflected on Schedule H, must not be reduced by all or any part of such E&P that could not have been distributed by the foreign corporation due to currency or other restrictions or limitations imposed under the laws of any foreign country.

Schedule I-1
This schedule is used to report information determined at the CFC level with respect to amounts used in the determination of income inclusions by U.S. shareholders under section 951A. The information in this schedule will be used by the U.S. Shareholder(s) of the CFC to file Form 8992, U.S. Shareholder Calculation of Global Intangible Low-Taxed Income (GILTI), and may assist in the completion of Form 1118, or Form 1116, if applicable.

Enter the amounts on lines 1 through 10c in the CFC’s functional currency. The functional currency amounts entered on lines 6 through 10c must be converted to U.S. dollars.

Certain filers may be able to use alternative information (as defined in section 3.01 of Rev. Proc. 2019-40) to determine certain amounts in this schedule. See specific instructions for Item F—Alternative Information Under Rev. Proc. 2019-40, earlier, for more details.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Separate category. Schedule I-1 is now completed once. (It is no longer completed separately for each applicable category of income.) Therefore, Schedule I-1 is completed once (for general category income, passive category income, or both). A Schedule I-1 that includes passive category income on line 6 must include the code for passive category income (PAS) in the entry space for separate category (at the top of Schedule I-1). This is the case even if the Schedule I-1 also includes general category income. With respect to a taxpayer completing Schedule I-1 with respect to a foreign corporation with only general category income (and no passive category income) on line 6, the taxpayer should enter the code “GEN” in the entry space for separate category.

Note. The other reporting requirements of a taxpayer that includes passive category income with general category income in a Schedule I-1 do not change because the taxpayer includes passive category income with general category income in a Schedule I-1. For example, the taxpayer may still be required to complete a Form 1116 or a Form 1118, and/or a Form 5471 (including Schedule J and Schedule P), and separately report passive category income and section 951A category income.

Line 1. Enter the CFC’s gross income. The amount of gross income entered on line 1 will generally be a positive amount. However, if a CFC’s cost of goods sold exceeds its gross income, a negative amount is permitted on line 1.

Line 2. Enter the CFC’s exclusions as described in Regulations section 1.951A-2(c).

Line 2a. Enter the amount of the CFC’s income or loss described in section 952(b), which is generally income or loss from sources within the United States that is effectively connected to the conduct of a trade or business by the CFC in the United States and not reduced or exempt from tax pursuant to an income tax treaty with the United States.

Line 2b. Enter the amount, if any, of the CFC’s gross income or loss taken into account in determining the CFC’s subpart F income (as defined in section 952). Note that an amount determined under section 956(a) is not considered subpart F income. The amount to be entered is computed after application of the high-tax exception in section 954(b)(4), but before application of the E&P limitation in section 952(c)(1)(A).

Line 2c. Enter the amount, if any, of the CFC’s gross income excluded from foreign base company income (as defined in section 954) and insurance income (as defined in section 953) by reason of section 954(b)(4), the high-tax exception (include amounts excluded from tested income under Regulations section 1.951A-2(c)(7).

Line 2d. Enter the amount of any dividend income received by the CFC from a related person as defined in section 954(d)(3). Do not include the amounts of any dividend income received from a related person that are already included in the amounts entered on line 2b or line 2c.

Line 2e. Enter the amount of the CFC’s taxable income or loss from sources outside the United States and its possessions from the following:
• The extraction (by the corporation or any other person) of minerals from oil or gas wells located outside the United States and its possessions.
• The sale or exchange of assets used (by the corporation) in the trade or business of extracting minerals from oil or gas wells located outside the United States and its possessions.

Line 3. Combine lines 2a through 2e. The line 3 result can be positive or negative.

Line 4. Subtract line 3 from line 1 and enter the result on line 4. The line 4 result can be positive or negative. For example:

<table>
<thead>
<tr>
<th>Line 1 gross income</th>
<th>$1,000</th>
<th>$1,000</th>
<th>$(1,000)</th>
<th>$(1,000)</th>
</tr>
</thead>
<tbody>

Line 5. Enter the deductions (including taxes) properly allocable to the amount on line 4 (or to which such deductions would be allocable if there were such gross income). See section 951A(c)(2)(A)(ii) and Regulations section 1.951A-2(c)(3).

Line 6. Subtract line 5 from line 4 and enter the result on line 6. The line 6 result can be positive or negative. See the line 4 instructions above for examples. This amount must be converted from functional currency to U.S. dollars using the average exchange rate for the year of the CFC. See Regulations section 1.951A-1(d)(1).

Report the exchange rate using the “divide-by-convention” specified under
Reporting exchange rates on Form 5471, earlier.

Line 7. If the CFC has a tested loss on line 6, enter zero. If the CFC has tested income on line 6, enter only those foreign income taxes that are properly attributable to the CFC’s tested income group. This amount must be converted from functional currency to U.S. dollars using the average exchange rate for the year of the CFC. See section 986.

Line 8. If the CFC has a tested loss on line 6, enter zero. If the CFC has tested income on line 6, enter the Qualified Business Asset Investment (QBAI) (defined below). This amount must be converted from functional currency to U.S. dollars using the average exchange rate for the year of the CFC. See Regulations section 1.951A-1(d)(1).

Qualified business asset investment (QBAI). QBAI is the average of the CFC's aggregate adjusted bases, as of the close of each quarter of its taxable year, in specified tangible property used in its trade or business in the production of tested income, and for which a deduction is allowable under section 167. Adjusted basis in any property must be determined by using the alternative depreciation system under section 168(g) and allocating depreciation deductions with respect to such property ratably to each day during the period in the taxable year to which such depreciation relates.

Specified tangible property and dual-use property. Specified tangible property means any tangible property used in the production of tested income. If such property was used in the production of tested income and income that is not tested income (that is, dual-use property), the property is treated as specified tangible property in the same proportion that the amount of tested income determined before allocable deductions (that is, line 4) produced with respect to the property bears to the total amount of gross income produced with respect to the property.

Partnership property. A CFC with tested income that is a partner of a partnership that has depreciable tangible property determines its share of the partnership’s average adjusted basis in the depreciable tangible property of the partnership based on the amount of the distributive share of the gross income produced by the property that is included in the CFC’s gross tested income (defined below) relative to the total amount of gross income produced by the property. The partnership’s average adjusted basis in the depreciable tangible property of the partnership is generally determined based on the average of the adjusted basis in the property as of the close of each quarter of the partnership’s tax year that ends with or within the CFC’s tax year. See Regulations section 1.951A-3(g).

Gross tested income. For these purposes, a CFC’s gross tested income is its gross income less total exclusions (Schedule I-1, line 4).

Lines 9a through 9d. In general, see Regulations section 1.951A-4(b)(1) to determine how to compute the CFC’s tested interest expense.

Line 9a. Enter the amount of interest expense included on line 5. See the instructions for Line 6 for foreign currency translation.

Line 9b. Enter the CFC’s qualified interest expense, as defined in Regulations section 1.951A-4(b)(1)(iii).

Line 9c. Enter the CFC’s tested loss QBAI amount, as defined in Regulations section 1.951A-4(b)(1)(iv).

Line 9d. Subtract the sum of line 9b and line 9c from line 9a and enter the result on line 9d.

Lines 10a through 10c. In general, see Regulations section 1.951A-4(b)(2) to determine how to compute the CFC’s tested interest income.

Line 10a. Enter the amount of interest income included on line 4. See the instructions for Line 6 for foreign currency translation.

Line 10b. Enter the CFC’s qualified interest income, as defined in Regulations section 1.951A-4(b)(2)(ii).

Line 10c. Subtract line 10b from line 10a and enter the result on line 10c.

Schedule J

Use Schedule J to report a CFC’s accumulated E&P in its functional currency, computed under sections 964(a) and 986(b). Also use this schedule to report the E&P of specified foreign corporations that are only treated as CFCs for limited purposes under section 965(e)(2).

Note. Category 1b, 1c, 5b, and 5c filers are not required to file Schedule J for foreign-controlled corporations.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. If applicable, use the reference ID number shown on Form 5471, page 1, Item 1b(2).

Lines a and b. Complete a separate Schedule J for each applicable separate category of income. Enter the appropriate code on line a (at the top of page 1 of Schedule J). To determine the appropriate code, see Categories of Income in the Instructions for Form 1118. A foreign corporation may need to report E&P with respect to all categories of income listed in the Instructions for Form 1118, with the exception of foreign branch category income. A foreign corporation may have E&P in an income group within the general category, passive category, or section 901(j) category. See Regulations section 1.960-1(d)(2)(ii). A foreign corporation may have PTEP in a PTEP group within any of the separate categories of income, with the exception of foreign branch category income. See Regulations section 1.960-3(c)(1).

If code 901(j) is entered on line a, enter on line b the country code for the sanctioned country using the two-letter codes (from the list at IRS.gov/ CountryCodes).

Note. A separate Schedule J should not be completed for the section 951A category. Reclassified section 951A PTEP and section 951A PTEP that is in the section 951A category should be reported on the general category Schedule J.

Note. For purposes of this Schedule J, include in each separate category of income, foreign source and U.S. source income.

Important. In addition to the separate category codes referred to above, if you have more than one of the categories of income referred to above, you must complete and file a separate Schedule J using code “TOTAL” that aggregates all amounts listed for each line and column in Part I of all other Schedules J.

Part I—Accumulated E&P of Controlled Foreign Corporation

Check the box at the top of Part I if the person filing Form 5471 is unable to determine whether amounts should be reported as previously taxed E&P, those amounts should be included in column (e). If the person filing Form 5471 is unable to determine whether amounts should be reported as previously taxed E&P, those amounts should be included in column (e). Post-2017 E&P Not Previously Taxed, section 959(c)(3) balance. For example, one U.S. shareholder might not know the amount of the other U.S. shareholder’s section 951A inclusion that is allocated to the CFC because the first U.S. shareholder does not have information with respect to the
second U.S. shareholder’s net CFC tested income or pro rata share of QBAI. See the instructions for Schedule P for an example.

Enter the amounts in this schedule in the functional currency of the foreign corporation as reported on Form 5471, page 1, Item 1h Functional Currency. If the foreign corporation is the owner of a qualified business unit(s) (QBU) with a different functional currency, translate the E&P of the QBU(s) to the foreign corporation’s functional currency.

Columns (a), (b), and (c)
Report the opening balance, current year additions and subtractions, and the closing balance in the foreign corporation’s E&P described in section 959(c)(3). In general, this is E&P of the foreign corporation that has not been included in gross income of a U.S. person under section 951(a)(1) and section 951A.

In column (a), report E&P described in section 959(c)(3) and earned after the repeal of section 902, that is, post-2017 E&P not previously taxed (post-2017 section 959(c)(3) balance). The repeal of section 902 is effective for tax years of foreign corporations beginning after December 31, 2017, and to tax years of U.S. shareholders in which or with which such tax years of foreign corporations end.

In column (b), report post-1986 undistributed earnings, as defined under section 902(c)(1), and as in effect prior to the repeal of section 902.

Use column (c) to report the aggregate amount of the foreign corporation’s pre-1987 section 964(a) E&P accumulated since 1962 and not previously distributed or deemed distributed. These amounts are figured in U.S. dollars using the rules of Regulations sections 1.964-1(a) through (d), and translated into the foreign corporation’s functional currency according to Notice 88-70, 1988-2 C.B. 369.

Column (d)
Use column (d) to report hovering deficits (see section 381(c)(2)(B) and Regulations section 1.367(b)-7 and suspended taxes (see section 909). See Specific instructions related to lines 1 through 13, below, for additional information pertaining to reporting amounts in column (d).

Column (e)
Use column (e) to report the running balance of the foreign corporation’s PTEP, section 964(a) E&P accumulated since 1962 that have resulted in deemed inclusions under subpart F, or amounts treated as PTEP under section 965(b)(4)(A). Pre-1987 U.S. dollar PTEP should be translated into the foreign corporation’s functional currency using the rules of Notice 88-70 and added to post-1986 amounts in the appropriate PTEP group.

- Columns (e)(i) and (e)(ii) are PTEP originally attributable to inclusions under section 965(a) and E&P treated as PTEP under section 965(b)(4)(A), respectively, and reclassified as investments in U.S. property (section 959(c)(1)(A) amounts).
- Column (e)(iii) is PTEP described in the following three subgroups (which are aggregated into a single PTEP group).
  1. PTEP attributable to, or reclassified as, investments in U.S. property (section 959(c)(1)(A) amounts).
  2. PTEP attributable to subpart F income inclusions (not described in any other column) and reclassified as investments in U.S. property.
  3. PTEP attributable to inclusions under previous section 951(a)(1)(C) and subpart F income inclusions reclassified as investments in excess passive assets.

- Column (e)(iv) is PTEP originally attributable to inclusions under section 951A and reclassified as investments in U.S. property (section 959(c)(1)(A) amounts).
- Column (e)(v) is PTEP described in the following three subgroups (which are aggregated into a single PTEP group).
  1. PTEP attributable to hybrid dividends under section 245A(e)(2) and reclassified as investments in U.S. property.
  2. PTEP attributable to section 1248 amounts under section 959(e) and reclassified as investments in U.S. property.
  3. PTEP attributable to section 1248 amounts from the gain on the sale of foreign corporation stock by a CFC.

- Column (e)(vi) is PTEP attributable to section 965(a) inclusions (section 959(c)(2) amounts). Do not include in column (e)(vi) E&P reported in column (e)(vii).
- Column (e)(vii) is E&P treated as PTEP under section 965(b)(4)(A) (section 959(c)(2) amounts).
- Column (e)(viii) is PTEP attributable to section 951A inclusions (section 959(c)(2) amounts).
- Column (e)(ix) is PTEP described in the following three subgroups (which are aggregated into a single PTEP group).
  1. PTEP attributable to hybrid dividends under section 245A(e)(2).
  2. PTEP attributable to section 1248 amounts under section 959(e).
  3. PTEP attributable to section 1248 amounts from the gain on the sale of a foreign corporation stock by a CFC.

- Column (x) is PTEP attributable to section 951(a)(1)(A) inclusions (section 959(c)(2) amounts) not otherwise described in the instructions for columns (e)(vi) through (ix).

Schedule J reports PTEP by subgroups because those groups may be subject to different rules under sections 960, 965(g), 245A(e)(3), and 966(c). The different rules are applicable for individuals, as well as corporations, estates, and trusts. For example, an individual U.S. shareholder who receives a distribution of PTEP originally attributable to inclusions under section 965(a) may only claim a credit for a portion of the foreign taxes attributable to a distribution of such PTEP. See section 965(g) and Regulations section 1.965-5 for more information. This is the case for both direct foreign tax credits (that is, those foreign taxes paid or accrued directly by the shareholder upon receipt of the PTEP distribution and allowed as a credit under sections 901 or 903) and indirect foreign tax credits (that is, those taxes deemed paid by the shareholder with respect to taxes originally paid or accrued by the CFC under section 960(b)). With respect to direct credits, this reduction applies regardless of whether such individual made an election under section 962. Therefore, the reporting on Schedule J is necessary regardless of whether the U.S. shareholder made a section 962 election.

Column (f)
Use column (f) to report the opening and closing balance of the foreign corporation’s accumulated E&P. This amount is the sum of post-2017 E&P not previously taxed, post-1986 undistributed earnings, pre-1987 E&P not previously taxed, and PTEP. Do not include column (d) amounts in the total reported in column (f).

Specific Instructions Related to Lines 1 Through 13

Line 1a. Enter the balances for each column at the beginning of the tax year. These balances should equal the amounts reported as the ending balances in the prior year Schedule J.

Line 1b. If there is a difference between last year’s ending balance on Schedule J and the amount that should be last year’s ending balance, taking into account modifications in Schedule J, include the difference on line 1b and attach an explanation for the difference. If there are multiple reasons for differences, include the explanation and amount of each such difference on the attachment. Do not include adjustments required to be reported on line 6 or 12.

Lines 1a through 1c. These lines of column (d) account for the balance of prior year hovering deficits and suspended taxes that have not yet been deducted.
Such amounts are reported as negative numbers.

**Line 2a.** This line of column (d) is the unsuspended taxes under section 909 as a result of related income taken into account by the foreign corporation, certain U.S. corporate owners of the foreign corporation, or a member of such U.S. corporate owner’s consolidated group. Report the unsuspended taxes on line 2a of column (d) as a positive number. Report the unsuspended taxes as negative numbers on line 2a of column (a), (b), (c), or (e), as applicable.

**Line 2b.** This line of column (d) accounts for foreign income taxes that are suspended in the current tax year. Report such amounts as negative numbers.

**Line 3.** Enter the current year E&P (or deficit in E&P) amount from the applicable line 5c of Schedule H (Form 5471). For example, if you are completing Schedule J for the passive category (that is, you have entered “PAS” on line a at the top of page 1 of Schedule J), enter the current year E&P (or deficit in E&P) amount from Schedule H (Form 5471), line 5c(i), in the applicable column. Line 3 should never have an amount entered in column (e).

**Line 4.** Report as a positive number E&P attributable to distributions of PTEP from lower-tier foreign corporations. Generally, the E&P of a CFC attributable to amounts that are, or have been, included in the gross income of a U.S. shareholder under section 951(a) are not, when distributed through a chain of ownership described in section 958(a), also included in the gross income of another CFC in such chain for purposes of the application of section 951(a) to such other CFC with respect to such U.S. shareholder. See section 959(b).

**Line 5a.** Enter earnings carried over to a foreign surviving corporation after an acquisition by a foreign corporation of the assets of another foreign corporation in a transaction described in section 381. See Regulations section 1.367(b)-7. The amounts entered on line 5a may be negative or positive. Negative amounts are hovering deficits reported in column (d) of line 5a.

**Line 5b.** If the foreign surviving corporation had a deficit in E&P prior to a transaction described in section 381, such deficit is recharacterized as a hovering deficit after such nonrecognition transaction. See section 381(c)(2)(B) and Regulations sections 1.367(b)-7(d)(2)(i) (post-1986 undistributed earnings) and 1.367(b)-7(e)(1) (pre-1987 E&P not previously taxed). An amount equal to the deficit reported in column (a), (b), or (c) of line 5a is included as a positive amount on line 5b of column (a), (b), or (c) respectively. An amount equal to the total hovering deficits reported on line 5b of columns (a), (b), and (c) is included as a negative number in column (d) of line 5b.

**Line 6.** Attach a statement detailing the nature and amount of any adjustments not accounted for in the E&P determined before reduction for distributions and inclusions (that is, adjustments other than those listed on lines 2a through 5b). Do not include amounts reported on line 1b. An example of an adjustment entered on Line 6 is the foreign taxes imposed on receipt of a distribution of PTEP from a lower-tier foreign corporation.

**Example.** Domestic Corporation, a U.S. shareholder, wholly owns the only class of stock of CFC1, a foreign corporation. CFC1, in turn, wholly owns the only class of stock of CFC2, a foreign corporation. CFC2, in turn, wholly owns the only class of stock of CFC3, a foreign corporation. The functional currency of Domestic Corporation, CFC1, CFC2, and CFC3 is the U.S. dollar. During Year 1, Domestic Corporation reports an inclusion under section 951(a)(1) of $100 as a result of subpart F income of CFC3. During Year 2, CFC3 distributes $40 to CFC2. CFC2 pays withholding tax of $4 on the distribution from CFC3. Such tax is related to previously taxed subpart F income. Domestic Corporation reports on CFC2’s Form 5471, Schedule J, line 4, column (e)(x), as a positive number, the $40 PTEP distribution. Domestic Corporation reports on line 6, column (e)(x), as a negative number, the $4 of tax on the PTEP distribution.

**Line 7.** Enter on line 7 E&P as of the close of the tax year before actual distributions or inclusions under section 951(a)(1) or section 951A during the year.

**Line 8.** Enter amounts included in gross income of the U.S. shareholder(s) under section 951(a)(1)(A) or section 951A with respect to the CFC. Report the inclusion as a positive amount in columns (a) through (c), as applicable. Report the inclusion as a positive amount in columns (e)(vi) through (e)(x), as applicable. Amounts reported as positive numbers on line 8 of column (e)(viii) should only be reported with respect to negative amounts on line 8 of column (a). The negative amounts could be reported on a different Schedule J than the positive amounts if such amounts are reclassified from one separate category to another separate category.

**Note.** Section 951(a)(1)(A) inclusions are taken into account for the tax year before actual distributions and section 951(a)(1)(B) inclusions. See section 959(a).

**Note.** The amount included in gross income of U.S. shareholders of the CFC under section 951A might not be known if there is more than one U.S. shareholder. In that case, see the example in the instructions for Schedule P for reporting information.

**Note.** The amount reported on line 8 will not necessarily equal the tested income reported on Schedule I-1. For an example of when this might occur, see Regulations section 1.951A-5(b)(2)(i).

**Line 9.** Report actual distributions as negative numbers.

**Note.** Actual distributions are taken into account for the tax year before section 951(a)(1)(B) inclusions. See section 959(f)(2). An actual distribution is first out of PTEP, if any, and then out of the section 959(c)(3) balance. See section 959(c).

**Note.** The total of all amounts entered in Schedule R (Form 5471), column (d) must equal the amount on line 9, column (f) of the Schedule J (Form 5471) that is filed with code “TOTAL” entered on line a of that Schedule J.

**Line 10.** Use line 10 to report reclassifications of section 959(c)(2) PTEP in columns (e)(vi) through (e)(x) to section 959(c)(1) PTEP in columns (e)(i) through (e)(v). A potential section 951(a)(1)(B) inclusion results in a reclassification of section 959(c)(2) PTEP, if any, to section 959(c)(1) PTEP before reclassification out of the section 959(c)(3) E&P balance. See section 959(a)(2) and (f)(1). The amounts reclassified are reported as negative numbers in columns (e)(vi) through (e)(x) and positive numbers in columns (e)(i) through (e)(v), as applicable.

**Line 11.** Use this line to report E&P not previously taxed, which is treated as earnings invested in U.S. property and, therefore, reclassified to section 959(c)(1) PTEP (column (e)(iii)). The amounts reclassified are reported as negative numbers in columns (a) through (c) and positive numbers in column (e)(iii), as applicable.

**Line 12.** Attach a statement detailing the nature and amount of any adjustments in E&P not accounted for on lines 8 through 11. Do not include adjustments required to be reported on line 1b or line 6.

**Line 13.** The hovering deficit offset included in column (d) is reported as a positive number. The same amount entered in column (d) is reported as a negative number on line 13 of column (a) or (b), as appropriate. See section 381(c)(2)(B) and Regulations section 1.367(b)-7(d)(2)(ii).

**Schedule M**

Every U.S. person described in Category 4 must file Schedule M to report the
transactions that occurred during the foreign corporation’s annual accounting period ending with or within the U.S. person’s tax year.

If a U.S. corporation that owns stock in a foreign corporation is a member of a consolidated group, list the common parent as the U.S. person filing Schedule M.

Important. In translating the amounts from functional currency to U.S. dollars, use the average exchange rate for the foreign corporation’s tax year. See section 988(b). Report the exchange rate in the entry space provided at the top of Schedule M using the “divide-by convention” specified under Reporting exchange rates on Form 5471, earlier.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. Use the reference ID number shown on Form 5471, line 1b(2).

Lines 4 and 19. Report on these lines platform contribution transaction payments received and paid by the foreign corporation (without giving effect to any netting of payments due and owed). See Regulations section 1.482-7(b)(1)(ii). The corporation is required to complete both lines only if the corporation provides a platform contribution to other controlled participants and is required to make platform contribution transaction payments to other controlled participants that provide a platform contribution to other controlled cost sharing arrangement participants.

Lines 5 and 20. Report on these lines cost sharing transaction payments received and paid by the foreign corporation (without giving effect to any netting of payments due and owed). See Regulations section 1.482-7(b)(1)(i). The corporation is required to complete line 5 only if the corporation itself incurred intangible development costs. If the corporation does not itself incur intangible development costs, then it should only report cost sharing transaction payments made on line 20.

Lines 9 and 24. Report on line 9 the sum of tiered hybrid dividends received by the foreign corporation during its tax year. Report on line 24 the sum of hybrid dividends or tiered hybrid dividends paid by the foreign corporation during its tax year.

Lines 10 and 25. Report on these lines dividends received and paid by the foreign corporation not previously taxed under subpart F in the current year or in any prior year.

Lines 13 and 28. Report on these lines loan guarantee fees received (line 13) and loan guarantee fees paid (line 28). See section 482.

Lines 14 and 29. Report on these lines “other amounts received” (line 14) and “other amounts paid” (line 29).

If an amount is entered on line 14, you must attach a statement that includes the following information. Column (a) of the attached statement should provide a description of the type of other amounts received during the annual accounting period. Columns (b) through (f) should request dollar amounts of the specified other amounts received during the annual accounting period by the foreign corporation from the persons listed in the headings for columns (b) through (f). These headings must comport to those used on the Schedule M (Form 5471) to which this statement is attached. The attached statement must include a “totals” line that ties into the amounts reported in each column of line 14.

If an amount is entered on line 29, you must attach a statement that includes the following information. Column (a) of the attached statement should provide a description of the type of other amount paid during the annual accounting period. Columns (b) through (f) should request dollar amounts of the specified other amounts paid during the annual accounting period by the foreign corporation to the persons listed in the headings for columns (b) through (f). These headings must comport to those used on the Schedule M (Form 5471) to which this statement is attached. The attached statement must include a “totals” line that ties into the amounts reported in each column of line 29.

Lines 31 and 33. Report on these lines the largest aggregate outstanding accounts receivable and payable balances during the year with the related parties described in columns (b) through (f). Report only accounts receivables or payables arising in connection with the provision of services or the sale or processing of property. Only net accounts receivables and payables to the extent that the CFC’s books net the accounts payable against the receivables as payment of the accounts receivable.

Lines 32 and 34. Report on these lines the largest outstanding balances during the year of gross amounts borrowed from, and gross amounts loaned to, the related parties described in columns (b) through (f). Do not enter aggregate cash flows, year-end loan balances, average balances, or net balances. Do not include an account receivable or payable balance arising in connection with the provision of services or the sale or processing of property if the amount of such balance does not, at any time during the tax year, exceed what is ordinary and necessary to carry on the trade or business. Any outstanding balance from these transactions should be reported on the Balance Sheet (Form 5471, Schedule F, page 4) and possibly also on Schedule M, lines 31 and 33.

Accrued payments and receipts. A corporation that uses an accrual method of accounting must use accrued payments and accrued receipts for purposes of computing the total amount to enter on each line of Schedule M.

Schedule O
Schedule O is used to report the organization or reorganization of a foreign corporation and the acquisition or disposition of its stock.

Every U.S. citizen or resident described in Category 2 must complete Part I. Every U.S. person described in Category 3 must complete Part II.

See Regulations section 1.6046-1(i) for rules on determining when U.S. persons constructively own stock of a foreign corporation and therefore are subject to the section 6046 filing requirements.

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. Use the reference ID number shown on Form 5471, line 1b(2).

Part I

Column (d). Enter the date the shareholder first acquired 10% or more (in value or voting power) of the outstanding stock of the foreign corporation.

Column (e). Enter the date the shareholder acquired (whether in one or more transactions) an additional 10% or more (in value or voting power) of the outstanding stock of the foreign corporation.
Part II

Section A—General Shareholder Information

If the shareholder's latest tax return was filed electronically, enter "e-filed" in column (b)(3) instead of a service center.

Section C—Acquisition of Stock

Section C is completed by shareholders who are completing Schedule O because they have acquired sufficient stock in a foreign corporation. If the shareholder acquired the stock in more than one transaction, use a separate line to report each transaction.

Column (d). Enter the method of acquisition (for example, purchase, gift, bequest, trade).

Column (e)(2). Enter the number of shares acquired indirectly (within the meaning of section 958(a)(2)) by the shareholder listed in column (a).

Column (e)(3). Enter the number of shares constructively owned (within the meaning of section 958(b)) by the shareholder listed in column (a).

Section D—Disposition of Stock

Section D must be completed by shareholders who dispose of their interest (in whole or in part) in a foreign corporation.

Column (d). Enter the method of disposition (for example, sale, bequest, gift, trade).

Example. In 1999, Mr. Jackson, a U.S. citizen, purchased 10,000 shares of common stock of foreign corporation X. The purchase represented 10% ownership of the foreign corporation. On July 1, 2021, Mr. Jackson made a gift of 5,000 shares of foreign corporation X to his son, John. Because Mr. Jackson has reduced his holding in the foreign corporation, he is required to complete Form 5471 and Schedule O. To show the required information about the disposition, Mr. Jackson completes Section D as follows:

- Enters his name in column (a).
- Enters "common" in column (b).
- Enters "July 1, 2021" in column (c).
- Enters "gift" in column (d).
- Enters "5,000" in column (e)(1).
- Enters "0-0-" in column (f) because the disposition was by gift.
- Enters the name and address of his son, John, in column (g).

Section F—Additional Information

Item (b). List the date of any reorganization of the foreign corporation that occurred during the last 4 years while any U.S. person held 10% or more in value or vote (directly or indirectly) of the corporation's stock. If there is more than one such date, use the most recent date. However, do not enter a date for which information was reported on Section E. Instead, enter the date (if any) of any reorganization prior to that date (if it is within the last 4 years).

Example for Item (c). Mr. Lyons, a U.S. person, acquires a 10% ownership in foreign corporation F. F is the 100% owner of two foreign corporations, FI and FJ. F is also a 50% owner of foreign corporation FK. In addition, F is 90% owned by foreign corporation W. Mr. Lyons does not own any of the stock of corporation W.

Mr. Lyons completes and files Form 5471 and Schedule O for the corporations in which he is a 10% or more shareholder. Mr. Lyons is also required to submit a chart if the foreign corporation is a member of a chain of corporations, and to indicate if he is a 10% or more shareholder in any of those corporations.

Mr. Lyons would prepare a list showing the corporations as follows:

- Corporation W.
- Corporation F.
- Corporation FI.
- Corporation FJ.
- Corporation FK.

Then Mr. Lyons is required to indicate that he is a 10% or more shareholder in corporations F, FI, and FJ.

Schedule P

Use Schedule P to report the PTEP in the U.S. shareholder’s annual PTEP accounts with respect to a CFC in the CFC’s functional currency (Part I) and the U.S. shareholder’s U.S. dollar basis in that PTEP (Part II). For purposes of the preceding sentence, a CFC includes an SFC that is only treated as a CFC for limited purposes under section 965(e)(2).

Note. A separate Schedule P must be completed by each Category 1, 4, or 5 U.S. shareholder of the foreign corporation with respect to which reporting is furnished on this Form 5471. However, Category 1c and 5c filers are not required to file Schedule P for foreign-controlled corporations.

If a U.S. shareholder wholly owns the CFC, Schedule P should include the same information reported on Schedule J, Part I, column (e). If there is more than one U.S. shareholder, the amounts reported on Schedule P with respect to each U.S. shareholder might be different from the amounts reported on Schedule J.

Example. Corporation A, a domestic corporation, owns 50% of the only class of stock of CFC1 and Corporation B, a domestic corporation, owns the remaining 50% of the stock of CFC1. Corporation A wholly owns the only class of stock of CFC2. The functional currency of all corporations is the U.S. dollar. CFC1 has tested income of $100x and CFC2 has tested loss of $30x. See section 951A(c) (2). Neither Corporation A nor Corporation B has any net deemed tangible income return that would reduce the GILTI inclusion of Corporation A or B. Corporation A has a section 951A inclusion of $20 because its pro rata share of CFC1’s tested income ($50x) is offset by its pro rata share of CFC2’s tested loss ($30x). Corporation B has a section 951A inclusion of $50x. On Schedule P of the Form 5471 with respect to CFC1 filed by Corporation B, Corporation B will report on line 7, column (h), $50x of PTEP as a result of its section 951A inclusion with respect to CFC1. Corporation A will report $20x of PTEP as a result of its section 951A inclusion on its Form 5471, Schedule P, line 7, column (h), with respect to CFC1.

The Form 5471, Schedule J, for CFC1 should include PTEP of $70x with respect to the aggregate section 951A inclusions of Corporation A and Corporation B. However, if Corporation A does not know Corporation B’s section 951A inclusion at the time Corporation A files its Form 5471, Corporation A will only be able to complete Schedule J, Part I, with respect to its PTEP of $20x on line 8, column (e) (viii). Similarly, Corporation B will only be able to complete Schedule J, Part I, with respect to its PTEP of $50x on line 8, column (e)(viii). In the following year, Corporation A and Corporation B should each report the other corporation’s PTEP on Schedule J, Part I, line 1b, column (e) (viii), and the corresponding reduction to CFC1’s E&P described in section 959(c) (3) on Schedule J, Part I, line 1b, column (a).

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. If applicable, use the reference ID number shown on Form 5471, page 1, Item 1b(2).

Lines a and b. Complete a separate Schedule P for each applicable separate category of income. Enter the appropriate code on line a (at the top of page 1 of Schedule P). To determine the appropriate code, see Categories of Income in the Instructions for Form 1118.
A foreign corporation may have PTEP in a PTEP group within any of the separate categories of income, with the exception of foreign branch category income. See Regulations section 1.960-3(c)(1).

If code 901(j) is entered on line a, enter on line b the country code for the sanctioned country using the two-letter codes (from the list at IRS.gov/CountryCodes).

Note. A separate Schedule P should not be completed for the section 951A category. Reclassified section 951A PTEP and section 951A PTEP that is in the section 951A category should be reported on the Schedule P completed for the general category.

Note. For purposes of this Schedule P, include in each separate category of income, foreign source and U.S. source income.

Important. In addition to the separate category codes referred to above, if you have more than one of the categories of income referred to above, you must complete and file a separate Schedule P using code "TOTAL" that aggregates all amounts listed for each line and column of all other Schedules P.

Part I
Enter amounts in the functional currency of the foreign corporation as reported on Form 5471, page 1, Notice 88-70 and added to post-1986 functional currency using the rules of Section 952.

Pre-1987 U.S. dollar PTEP should be translated into the foreign corporation’s functional currency using the rules of Notice 88-70 and added to post-1986 amounts in the appropriate PTEP category.

Part II
Dollar basis. Enter amounts in U.S. dollars. The U.S. shareholder's U.S. dollar basis in PTEP is generally equal to the U.S. dollar amount of E&P that the U.S. shareholder previously included in gross income. See Regulations sections 988(b)(1) and (3), 1.951A-1(d)(1), and 1.965-1(b)(1) and (2).

The U.S. shareholder's U.S. dollar basis is used by the U.S. shareholder to determine the amount of foreign currency gain or loss on the PTEP that the U.S. shareholder is required to recognize under section 986(c).

Columns (a) through (k). Use columns (a) through (k) to report the opening balance of, current year additions and subtractions to, and the closing balance of, the PTEP in the U.S. shareholder’s annual PTEP accounts with respect to a CFC.

Columns (a) through (j) of Schedule P correspond to Schedule J, columns (e)(i) through (e)(x). See the instructions for Schedule J for specific line instructions.

Line 1b. If there is a difference between last year’s ending balance on Schedule P and the amount that should be last year’s ending balance, taking into account modifications in Schedule P, include the difference on line 1b and attach an explanation for the difference. If there are multiple differences, include the explanation and amount of each such difference on the attachment.

Schedule Q
Use Schedule Q to report the CFC’s income, deductions, taxes, and assets by CFC income groups for purposes of sections 960(a) and (d).

In general, a taxpayer that is subject to tax as a domestic corporation that is a U.S. shareholder “(corporate U.S. shareholder)" of a CFC is deemed to pay all or a portion of the foreign income taxes paid or accrued by the CFC that are properly attributable to subpart F income or tested income included in gross income by the corporate U.S. shareholder. See section 960(a) and (d). A corporate U.S. shareholder may claim a credit for such foreign taxes, subject to certain limitations.

Note. If an individual, estate, or trust that is a U.S. shareholder of a CFC makes an election under section 962 "(962 electing shareholder)”, any inclusions under section 951 or 951A of the U.S. shareholder will be treated as received by a corporate U.S. shareholder for purposes of section 960. See section 962(b) and Regulations section 1.962-2(b). As a result, these U.S. shareholders may also claim a foreign tax credit for foreign income taxes deemed paid with respect to such inclusions. See sections 962(a)(1) and 951A(f)(1)(A).

Note. See also section 1293(f) for inclusions with respect to a passive foreign investment company.

To calculate the foreign taxes deemed paid by the corporate U.S. shareholder (including a 962 electing shareholder), determine for each of its CFCs the income, deductions, and taxes that are assigned to each separate category of income and each income group within each separate category. See Regulations section 1.960-1(c)(1). The income groups include the subpart F income groups, the tested income group, and the residual income group.

Computer Generated Schedule Q
Expand the Schedule Q if you are reporting with respect to more than two units and/or with respect to more than one section 901(j) country. Specifically, if you are reporting with respect to more than two units, add to pages 1 and 2, as appropriate, new lines (3), (4), (5), etc. in all necessary locations. If you are reporting with respect to more than one section 901(j) country, add to page 3 new lines 1m, 1n, 1o, etc. as needed.

Specific Instructions for Schedule Q

Name of person filing Form 5471. The name of the person filing Form 5471 is generally the name of the U.S. person described in the applicable category or categories of filers (see Categories of Filers, earlier). However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID number of foreign corporation. If applicable, use the reference ID number shown on Form 5471, page 1, item 1b(2).

Line A. Complete a separate Schedule Q for each applicable separate category of income. Enter the appropriate code from the table below for the separate category of income with respect to which the Schedule Q is being completed.

Codes for Categories of Income

<table>
<thead>
<tr>
<th>Code</th>
<th>Category of Income</th>
</tr>
</thead>
<tbody>
<tr>
<td>PAS</td>
<td>Passive category income</td>
</tr>
<tr>
<td>901j</td>
<td>Section 901(j) income</td>
</tr>
<tr>
<td>GEN</td>
<td>General category income</td>
</tr>
</tbody>
</table>

If code 901j is entered on line a, enter on line 1l, column (a), the country code for the sanctioned country using the two-letter codes (from the list at IRS.gov/CountryCodes).

Important. In addition to the separate category codes referred to above, if you have more than one of the categories of income referred to above, you must complete and file a separate Schedule Q using code "TOTAL" that aggregates all amounts listed for each line and column in all other Schedules Q.

Line B. If category code "PAS" is entered on line A, a separate Schedule Q must be completed for each applicable grouping under Regulations section 1.904-4(c)(3). See Regulations sections 1.954-1(c)(1)(iii) (B) and 1.904-4(c)(3) through (5). Enter on line B the appropriate code from the table below for each of the following groups under Regulations section 1.904-4(c)(3):
All passive income received during the tax year that is subject to a withholding tax of 15% or greater must be treated as one item of income. See Regulations section 1.904-4(c)(3)(i).

All passive income received during the tax year that is subject to no withholding tax but is subject to foreign tax other than a withholding tax must be treated as one item of income. See Regulations section 1.904-4(c)(3)(ii).

All passive income received during the tax year that is subject to no withholding tax but is subject to foreign tax other than a withholding tax must be treated as one item of income. See Regulations section 1.904-4(c)(3)(iii).

All passive income received during the tax year that is subject to no withholding tax must be treated as one item of income. See Regulations section 1.904-4(c)(3)(iv).

Note. The grouping rules of Regulations section 1.904-4(c)(3)(i) through (iv) apply separately to income attributable to each foreign QBU of a CFC. See Regulations section 1.904-4(c)(4). This is one reason that QBU-by-QBU reporting is required with respect to the income groups on lines 1a through 1j and line 2.

Line C. Complete a separate Schedule Q for foreign source income in each separate category and U.S. source income in each separate category. Check the box for either foreign source income or U.S. source income, as applicable.

Line D. A separate Schedule Q is required for foreign oil and gas extraction income (FOGEI) and foreign oil related income (FORI). If the Schedule Q is being prepared to report the FOGEI or FORI of a CFC, check the box for Item D. Indicate the amount of FOGEI and FORI in each income group.

Line 1. Subpart F Income Groups

The separate subpart F income groups within each applicable section 904 category of a CFC are on line 1 (“subpart F income groups”). See Regulations section 1.960-1(d)(2)(ii)(B). Each single item of foreign base company income (as defined in Regulations section 1.954-1(c) (1)(i)) is a separate subpart F income group. With respect to a CFC, Regulations section 1.954-1(c)(1)(iii)(A)(2) identifies as a single item of income all foreign base company income (other than foreign personal holding company income) that falls within both a single separate category (typically, general category income) and a single category of foreign base company income described in each of Regulations sections 1.954-1(c)(1)(iii)(A)(2)(i) through (v). For example, with respect to line 1f, there is a single subpart F income group within the general category that consists of all of a CFC’s foreign base company sales income.

Use lines 1a through 1e to enter the passive category foreign personal holding company income of the CFC under the appropriate income group (dividends, interest, rents, royalties, and annuities; net gain from certain property transactions; net gain from commodities transactions; net foreign currency gain; and income equivalent to interest), each of which is also treated as a separate subpart F income group under Regulations section 1.960-1. See Regulations section 1.954-1(c)(1)(iii)(B).

Note. Enter the following passive category foreign personal holding company income of the CFC on line 1e:
- Income from notional principal contracts,
- Payments in lieu of dividends,
- Personal service contracts.

See section 954(c)(1)(F) through (H).

Attach a statement that includes all of the information requested by Schedule Q delineating the amount on line 1e for each of the four groups reporting on line 1e. For example, if both income equivalent to interest and income from notional principal contracts are included on line 1e, on the statement, identify the amount related to each of those income groups for each column.

Use lines 1f through 1i to enter the foreign base company sales income, foreign base company services income, full inclusion income, and insurance income described in section 952(a)(1) of the CFC.

To figure the amounts to enter on lines 1a through 1i, on lines (1), (2), etc., under each line 1a through 1i, enter the name of each QBU of the CFC, including the CFC itself, and the information required in each column (i) through (xiv) with respect to the amount in each subpart F income group within each category for each QBU. On lines 1a through 1i, enter for the total for each column by adding the amounts on lines (1), (2), etc., excluding from such total any amounts reported with respect to income excluded from subpart F income under the high-tax exception in section 954(b)(4) (“subpart F high-tax exception”). These amounts are included in the total amount of residual income, which is reported on line 4. As a result, the amounts included on lines 1a through 1i for each column may not equal the sum of the amounts reported on lines (1), (2), etc., for each column because any item excluded from subpart F income by reason of the high-tax election is included in the summation on line 4 instead of the summations on lines 1a through 1i. See the instructions for column (xiv) and line 4.

Example. For line 1a(1), gross income of $50 is reported in column (ii), foreign tax of $20 is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is checked. For line 1a(2), gross income of $100 is reported in column (ii), $5 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is not checked. For line 1a(3), gross income of $75 is reported in column (ii), $3 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is not checked. As a result, the amount reported in column (ii) on line 1a is the sum of the amounts reported in column (ii) on line 1a(2) and 1a(3), which is equal to $175 ($100 + $75). The amounts reported in columns (x) and (xii) on line 1a are the sum of the amounts reported in each column on lines 1a(2) and 1a(3), which is equal to $8 ($5 + $3). The items reported on line 1a (1), gross income of $50 and $20 of foreign tax, are not included in the totals reported on line 1a. These amounts are included in the totals for each respective column on line 4. As a result, the amount reported on line 4, column (ii), is increased by $50 and the amount reported in column (x) on line 4 is increased by $20. No amount is reported on line 4, column (xii), because foreign income taxes attributable to high-tax exception or high-tax exclusion income are not creditable.

On lines 1a through 1i, enter international boycott income described in section 952(a)(3), illegal bribes, kickbacks, and other payments described in section 952(a)(4), and income included in a section 901(j) separate category described in section 952(a)(5). See Regulations section 1.960-1(d)(2)(ii)(B).

Line 2. Recaptured Subpart F Income

Enter income that is recaptured as subpart F income in the current year. See section 952(c)(2).

Line 3. Tested Income Group

Use line 3 to report tested income in the tested income group of the CFC (a “tested income group”). See Regulations section 1.960-1(d)(2)(ii)(C). On lines (1), (2), etc., under line 3, enter the name of each tested unit of the CFC (including the CFC tested unit itself) and enter for each tested unit the information required in columns (ii) through (xiv), based on the tentative gross tested income attributable to each tested unit (without regard to any amounts excluded under the GILTI high-tax exclusion in Regulations section 1.951A-2(c)(7) (“GILTI high-tax exclusion”)). If the GILTI high-tax exclusion applies with respect to any
tested unit of the CFC, include the amounts reported for columns (ii) through (xiv) in the total reported on line 4. See the instructions for line 4. As a result, the total amount entered on line 3 may not equal the sum of the amounts reported in columns (ii) through (xiii) on lines 3(1), 3(2), etc., if any tested unit’s tentative tested income is excluded under the GILTI high-tax exclusion (these amounts are included in the total amounts reported on line 4). In general, tested income will be in a single tested income group within the general category. Because a CFC cannot earn section 951A category income or foreign branch category income at the CFC level, there is no tested income group within either section 904 category. With respect to the general category tested income group of a CFC, GILTI inclusion amounts and taxes with respect to the tested income group will generally be treated as income and deemed paid taxes in the section 951A category. See Regulations sections 1.904-4(g) and 1.904-6(e).

Line 4. Residual Income Group
Use line 4 to report the information required in columns (i) through (xiv) that is in a section 904 category but that is not of a type that is included in one of the subpart F income groups or a tested income group and is therefore assigned to the residual income group. See Regulations section 1.960-1(d)(2)(ii)(D). Enter the name of each QBU and enter the information required for columns (i) through (xiv) for each QBU on lines 4(1), 4(2), etc., but do not enter amounts excluded from subpart F income under the subpart F high-tax exception (those amounts are reported on lines (1), (2), etc. under lines 1a through 1l) or tested income under the GILTI high-tax exclusion (those amounts are reported on lines 3(1), 3(2), etc.). Enter the sum of the amounts reported on lines 4(1), 4(2), etc., plus the sum of amounts excluded from subpart F income under the subpart F high-tax exception and tested income under the GILTI high-tax exclusion, in the appropriate column on line 4.

Example. For line 1(a)(1), $100 of gross income is reported in column (ii), $35 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is checked. For line 1(a)(2), $75 of gross income is reported in column (ii), $5 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is not checked. For line 3(1), $200 of gross income is reported in column (ii), $70 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is checked. For line 3(2), $150 of gross income is reported in column (ii), $10 of foreign tax is reported in each of columns (x) and (xii), and the checkbox in column (xiv) is not checked. For line 4(1), $300 of gross income is reported in column (ii) and $105 of foreign tax is reported in column (x). On line 4(1), both columns (xii) and (xiv) should be blank in all cases. As a result, the amount reported on line 4 for column (ii) is the sum of the amounts reported in column (ii) on lines 1(a)(1), 3(1), and 4(1), which equals $600 ($100 + $200 + $300). The amount reported in column (x), line 4, is the sum of the amounts reported in column (x) on lines 1(a)(1), 3(1), and 4(1), which equals $210 ($35 + $70 + $105). No amount should be reported in column (xii) of line 4 for foreign tax on residual amounts are not creditable. The amounts reported on line 1(a)(1) would not be included in the total for line 1(a), but the amount reported on line 1(a)(2) would be included in the total reported on line 3. Similarly, the amounts reported on line 3(1) would not be included in the total reported on line 3, but the amounts reported on line 3(2) would be reported in the total reported on line 3.

Column (i). Consistent with the reporting requirement on Form 1118, enter the two-letter code (from the list at IRS.gov/CountryCodes) of each foreign country and U.S. possession within which income is sourced and/or to which taxes were paid or accrued.

Column (ii). Enter the amount of gross income of the CFC that is assigned to each income group within each section 904 category.

Columns (iii) through (vii). Expenses. Deductions of the CFC, including for current-year taxes, are allocated and apportioned to the income groups to determine net income (or loss) in each income group and to identify the current year foreign income taxes that relate to the income in each income group for section 960 purposes. See Regulations sections 1.960-1(c)(1) and 1.960-1(d)(3)(ii). Enter the expenses allocated and apportioned to the item of gross income reported for each QBU or tested unit as well as the aggregate amount of such foreign taxes allocated and apportioned to each group. See the instructions for lines 1 through 4.

Column (viii). Current-year tax on reattributed income from disregarded payments. This column is used to report current-year tax imposed solely by reason of the receipt of a disregarded payment that is a reattribution payment. The current year tax is allocated and apportioned to the income group to which the items of foreign gross income are assigned under the rules of Regulations section 1.861-20. Report current-year taxes allocated and apportioned to the item of gross income reported for each QBU or tested unit as well as the aggregate amount of such foreign taxes allocated and apportioned to each group. See the instructions for lines 1 through 4.

Column (xii). Foreign taxes for which credit is allowed (U.S. dollars). The amount reported in column (xii) may not be the same as the sum of the amounts in columns (viii) through (x) if columns (viii) through (x) include taxes that are not creditable, including taxes paid or accrued to sanctioned countries, foreign taxes disallowed under sections 901(k), (m), and (l), and taxes paid or accrued to the United States.

Column (xiii). Average asset value. Foreign gross income that arises from a disregarded payment that is treated as a remittance for U.S. tax purposes is assigned to an income group by reference to the income groups to which the assets of the payor taxable unit are assigned (or would be assigned if the taxable unit were a United States person) under the rules of

-39-
References...

However, in the case of a consolidated return, enter the name of the U.S. parent in the field for “Name of person filing Form 5471.”

Reference ID Number of Foreign Corporation
If applicable, use the reference ID number shown on Form 5471, page 1, Item 1b(2).

Column (a): Description of distribution.
The description should include whether the distribution was cash or non-cash and taxable or nontaxable to shareholders. Use code sections to properly identify the taxable or nontaxable consequences of the distribution. For example, “taxable cash dividend eligible for a dividends received deduction under section 245A” or “nontaxable cash distribution of PTEP.” Report parts of a distribution on separate rows if the distribution is partially taxable and partially nontaxable, or if the distribution is either taxable or nontaxable by reason of different Code sections. For example, a cash distribution of $100 that is a nontaxable distribution of PTEP under section 959(a) of $30, a taxable dividend eligible for a dividends received deduction under section 245A of $15, a nontaxable dividend under section 301(c)(1) of $25, a nontaxable distribution applied against basis under section 301(c)(2) of $10, and a taxable distribution treated as gain from the sale or exchange of property under section 301(c)(3) of $20, would be reported on five rows.

If non-cash distributions were made, attach a statement and show both the tax bases and fair market values.

Column (b): Date of distribution. Enter the month, day, and year using the following format: MM-DD-YYYY. For example, June 30, 2021, would be entered as “06-30-2021.”

Column (c): Amount of distribution in foreign corporation’s functional currency.
The amount of a distribution is generally the amount of any money paid to the shareholder plus the fair market value (FMV) of any property transferred to the shareholder. However, this amount is reduced (but not below zero) by the following liabilities.

- Any liability of the corporation the shareholder assumes in connection with the distribution.
- Any liability to which the property is subject immediately before, and immediately after, the distribution.

Column (d): Amount of E&P distribution in foreign corporation’s functional currency.
A corporate distribution to a shareholder is generally treated as a distribution of earnings and profits. Report distributions from current and accumulated earnings and profits. Do not report any part of a distribution that is not from earnings and profits.

An actual distribution is first out of PTEP, if any, and then out of the section 959(c)(3) balance. See section 959(c).

If PTEP were distributed, include on Form 5471, Schedule I, line 6, any foreign currency gain or loss on the distribution that is recognized under section 986(c). See the instructions for Form 5471, Schedule I, Line 6 for details. With respect to foreign currency gain or loss on a distribution of GILTI: For a corporate U.S. shareholder, include the gain or (loss) as “Other income” on Form 1120, line 10, or on the comparable line of other corporate tax returns. For a noncorporate U.S. shareholder, include the result as “Other income” on Schedule 1 (Form 1040), line 8z, or on the comparable line of other noncorporate tax returns.

Note. E&P described in section 959(c)(3) is generally E&P of the foreign corporation that has not been included in gross income of a U.S. shareholder under section 951(a)(1) or section 951A.

Note. Amounts entered in Schedule R (Form 5471), column (d) are also included on line 9, column (f) of Schedule J (Form 5471) and Part I, line 8 of Schedule P (Form 5471), both of which are completed by separate category of income. If the filer is required to complete Schedule J (Form 5471) with respect to more than one category of income, the total of all amounts entered in Schedule R (Form 5471), column (d) should equal the amount entered on line 9, column (f) of the Schedule J (Form 5471) that is filed with code “TOTAL” entered on line a of that Schedule J.

Schedule R
Schedule R is used to report basic information pertaining to distributions from foreign corporations. This information is required by sections 245A, 959, and 986(c).

Name of Person Filing Form 5471
The name of the person filing Form 5471 is generally the name of the U.S. person described in the category or categories of filers (see Categories of Filers, earlier).

Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated burden for individual and business taxpayers filing this form is approved under OMB control number 1545-0074 and 1545-0123 and is included in the estimates shown in the instructions for their individual and business income tax return.

-40- Instructions for Form 5471 (Rev. 01-2022)
### Agriculture, Forestry, Fishing and Hunting

<table>
<thead>
<tr>
<th>Code</th>
