General Instructions

Purpose of Form

Form 706-GS(D) is used by a skip person distributee to calculate and report the tax due on distributions from a trust that are subject to the generation-skipping transfer (GST) tax.

Who Must File

In general, any skip person who receives a taxable distribution from a trust must file Form 706-GS(D). Trustees are required to report taxable distributions to skip person distributees on Form 706-GS(D-1), Notification of Distribution From a Generation-Skipping Trust.

If you receive a Form 706-GS(D-1) and the inclusion ratio found on Part II, line 3, column d, is zero for all distributions, you do not need to file Form 706-GS(D). If you are required to file Form 706-GS(D), you do not have to include any distributions that have an inclusion ratio of zero.

When To File

The generation-skipping transfer tax on distributions is figured and reported on a calendar year basis, regardless of your income tax accounting period. Generally, you must file Form 706-GS(D) on or after January 1 but not later than April 15 of the year following the calendar year when the distributions were made.

If you are not able to file the return by the due date, you may request an automatic 6-month extension of time to file by filing Form 7004, Application

for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns. The extension is automatic, so you do not have to sign the form or provide a reason for your request. You must file Form 7004 on or before the regular due date of Form 706-GS(D). See Form 7004 for more information.

Where To File

File Form 706-GS(D) at the following address:

Department of the Treasury
Internal Revenue Service
Cincinnati, OH 45999

Penalties and Interest

Section 6651 provides penalties for both late filing and late payment unless there is reasonable cause for the delay. The law also provides penalties for willful attempts to evade payment of tax.

A return is late when it is filed after the due date, including extensions. The late filing penalty will not be imposed if the taxpayer can show that the failure to file a timely return is due to reasonable cause.

Reasonable cause determinations.

If you receive a notice about penalties and interest after you file Form 706-GS(D), send us an explanation and we will determine if you meet reasonable cause criteria. Do not attach an explanation when you file Form 706-GS(D). Explanations attached to the return at the time of filing will not be considered.

Section 6662 provides a penalty for underpayment of GST taxes which exceeds \$5,000, if the underpayment is due to a valuation understatement. A substantial valuation understatement occurs when the reported value of property listed on Form 706-GS(D) is 65% or less of the actual value of the property. A gross valuation understatement occurs when the reported value of property listed on Form 706-GS(D) is 40% or

less of the actual value of the property.

Interest will be charged on taxes not paid by their due date, even if an extension of time to file is granted. Interest is also charged on any additions to tax imposed by section 6651 from the due date of the return (including any extensions) until the addition to tax is paid.

Return preparer. The Small Business and Work Opportunity Tax Act of 2007 extended return preparer penalties to all tax return preparers. Return preparers who prepare any return or claim for refund which reflects an understatement of tax liability due to an unreasonable position are subject to a penalty equal to the greater of \$1,000 or 50% of the income derived (or to be derived) for the preparation of each such return. Return preparers who prepare a return or claim for refund which reflects an understatement of tax liability due to willful or reckless conduct, are subject to a penalty of \$5,000 or 75% of the income derived (or income to be derived), whichever is greater, for the preparation of each such return. See sections 6694(a) and 6694(b), the related regulations, and Ann. 2009-15, 2009-11 I.R.B. 687 (available at www.irs.gov/pub/irs-irbs/irb09-11.pdf) for more information.

Signature

Either the distributee or an authorized representative must sign Form 706-GS(D).

If you fill in your own return, leave the *Paid Preparer Use Only* space blank. If someone prepares your return and does not charge you, that person should not sign the return.

Generally, anyone who is paid to prepare the return must sign the return in the space provided and fill in the *Paid Preparer Use Only* area. See section 7701(a)(36)(B) for exceptions.

In addition to signing and completing the required information,

the paid preparer must give a copy of the completed return to the distributee.

Note. A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.

Specific Instructions

Part I

Line 1a

If the skip person distributee is a trust, enter the name of the trust here.

Line 1b

For skip person distributees who are individuals, enter the distributee's social security number (SSN) here and leave line 1c blank. If the skip person distributee is a trust, see the instructions for line 1c. Do not enter a number on both line 1b and line 1c.

Line 1c

If the skip person distributee is a trust, enter the trust's employer identification number (EIN) and leave line 1b blank. Do not enter a number on both line 1b and line 1c.

Line 2a

If the skip person distributee is a trust, enter the trustee's name here. If the skip person distributee is a minor or is under some disability that precludes the individual from filing the return, enter the name of the person who is legally responsible for conducting the affairs of the distributee, such as a parent or guardian. Also, include the title or relationship to the distributee.

Line 2b

Enter the address at which you wish to receive correspondence from the IRS regarding this return. If there is an entry on line 2a, the address entered here will normally be that of the person listed on line 2a, rather than the individual or trust listed on line 1a.

Part II

Report all the taxable distributions with inclusion ratios greater than zero that you received during the year. The trustee will report these distributions to you on Form 706-GS(D-1). Attach a copy of each Form 706-GS(D-1) you received during the year to this return. You should also keep a copy for your records.

If you need more space than is provided in Part II, attach an additional sheet of the same size and use the same format that is used in Part II. Make sure that the total tentative transfers from the continuation sheet are included on line 3 of Part II.

Column b

In column b, use the same item number that was used for the corresponding distribution on Form 706-GS(D-1). If you receive distributions from more than one trust, you may need to repeat item numbers.

Column c

There may be instances when the trustee has either not completed columns e (value) and f (tentative transfer) of Form 706-GS(D-1) or when you disagree with the amounts the trustee entered. If this occurs, attach a statement to this return showing what you think are the correct amounts and how you figured them.

To figure the tentative transfer (column c of this form), multiply the applicable inclusion ratio from Form 706-GS(D-1), Part II, column d by the value of the distribution. Use the following guidelines to determine the value of the distribution.

The value of a distribution is its fair market value on the date of distribution. *Fair market value* (FMV) is the price at which the property would change hands between a willing buyer and a willing seller, when neither is forced to buy or to sell, and both have reasonable knowledge of all the relevant facts. FMV may not be determined by a forced sale price nor by the sale price of the item in a market other than that in which the item is most commonly sold to the public. The location of the item must be taken into account whenever appropriate.

Determine the value of the property distributed as of the date of the distribution. The date of distribution is listed in Form 706-GS(D-1), Part II, column c.

Reduce the value of any property being reported in Part II by the amount of any consideration provided by the distributee.

Value the stock of close corporations or inactive stock on the

basis of net worth, earnings, earning and dividend capacity, and other relevant factors. For such stock, attach balance sheets, particularly the one nearest the date of the distribution, and statements of net earnings or operating results and dividends paid for each of the 5 preceding years.

Reduce the reported value of real estate by the amount of any outstanding lien against the property on the date of distribution. Attach copies of any such liens. Explain how the reported values were determined and attach copies of any appraisals.

Part III

Line 4

You may deduct any adjusted allowable expenses incurred in connection with the preparation of this Form 706-GS(D) or any other expenses incurred in connection with the determination, collection, or refund of the GST tax reported or which should have been reported on this return from the amount of the distribution you received.

Adjusted allowable expenses are equal to the total allowable expenses multiplied by the inclusion ratio. If you have more than one inclusion ratio in Part II, column d, of Form 706-GS(D-1), prorate the total expense among the inclusion ratios based on the relative value of each distribution made at the various inclusion ratios.

You may deduct an expense even though it has not been paid at the time the return is filed as long as the amount of the expense is clearly ascertainable at that time. If an additional allowable expense is incurred after the return is filed, file Form 843, Claim for Refund and Request for Abatement, to claim a refund.

Example. The following example illustrates the rules above.

You listed three distributions in Part II of Form 706-GS(D). The value of the

first distribution is \$10,000 and has an inclusion ratio of .25. The value of the second distribution is \$20,000 and has an inclusion ratio of .33. The value of the third distribution is \$30,000 and has an inclusion ratio of .50. You received the completed return from the preparer along with the bill for the preparer's fee on April 14 and filed the return on April 15. You paid the preparer's \$200 fee on April 20. The adjusted allowable expense you should report on line 4 of Part III is \$80, calculated as follows.

$$\frac{\$10,000}{\$60,000} \times 200 = 33.33 \times .25 = 8 \text{ (rounded)}$$

$$\frac{\$20,000}{\$60,000} \times 200 = 66.67 \times .33 = 22 \text{ (rounded)}$$

$$\frac{\$30,000}{\$60,000} \times 200 = 100 \times .50 = 50$$

Adjusted allowable expense = 80
