## Purpose of Form

Form 8986 is used by BBA partnerships to furnish and transmit each partner’s share of adjustments to partnership-related items.
furnish Forms 8986 to their partners and submit them to the IRS, along with Form 8985, by the extended due date of the audited partnership’s adjustment year return (or the extended due date of the AAR partnership’s adjustment year return). This date can be found in Part II, item F, of the Form 8986 that was received by the pass-through partner. Failure to submit these forms by the due date results in the pass-through partner being liable for an IU.

A pass-through partner can submit corrected Forms 8986, along with Form 8985, within 60 days of the original due date without IRS permission. If corrected forms need to be submitted after the 60-day correction period, the audited partnership must contact the IRS for permission to submit.

**Withholding for Foreign Partners**

An audited partnership may have withholding and reporting obligations if it furnishes a Form 8986 to a reviewed year partner that includes an adjustment subject to withholding under chapter 3 (Withholding of Tax on Nonresident Aliens and Foreign Corporations) or chapter 4 (Taxes To Enforce Reporting on Certain Foreign Accounts). In those cases, the audited partnership must pay the amount of tax required to be withheld under chapter 3 or chapter 4 before the due date of the audited partnership’s adjustment year return (without regard to extension) or the extended due date of the audited partnership’s adjustment year return in the case of a pass-through partner. See Instructions for Form 1042, Annual Withholding Tax Return for U.S. Source Income of Foreign Persons; or Form 8804, Annual Return for Partnership Withholding Tax (Section 1446), for deposit procedures. The audited partnership must also file an applicable withholding tax return, Form 1042 or Form 8804, and the associated information returns, Forms 1042-S, Foreign Person’s U.S. Source Income Subject to Withholding; or Forms 8805, Foreign Partner’s Information Statement of Section 1446 Withholding Tax, for the calendar year (if filing Forms 1042/1042-S) or tax year (if filing Forms 8804/8805) that includes the date on which the Form 8986 was furnished.

**Instructions for Partners That Receive Form 8986**

**Pass-through partners.** In general, a pass-through partner that receives a Form 8986 should take into account the adjustments reflected on the form by either:

- Furnishing Forms 8986 to its own partners and submitting those forms, along with Form 8985, to the IRS or
- Figuring and paying an IU and submitting Form 8985 to the IRS, where the adjustments result in an IU to the pass-through entity. See Form 8985 and its instructions.

One of these two options must be completed by the extended due date of the audited partnership’s adjustment year return (or the extended due date of the AAR partnership’s adjustment year return).

If a pass-through partner fails to timely furnish and submit the relevant statements, the pass-through partner is liable for an IU as well as any penalties and interest with respect to the adjustments reflected on the Form 8986 received by the pass-through partner.

**Other partners.** All other partners that receive Form 8986 should report the information on Form 8978, Partner’s Additional Reporting Year Tax, and attach the Form 8978 to the partner’s reporting tax return. For more information, see Form 8978 and its instructions.

These partners may pay in advance to stop the running of interest.

- Pay by EFTPS, debit, or credit card, or Direct Pay (Forms 1040 only).
- Select Prepayment on BBA AAR/Exam Push Out as payment type.
- As applicable, apply payment to the tax form that will have the Form 8978 attached to it.

Example 1
On its filed 2021 return, partnership ABC reported $1,000 of general category foreign source interest income with respect to Country Y on Partner A’s Schedule K-3. Partnership ABC later determined that the amount should have been reported as passive category foreign source interest income on Schedule K-3. To make the correction to the 2021 return, ABC filed an AAR on November 10, 2022, attaching Forms 8985 and 8986. The two-letter code from the list at Foreign Country Codes for Country Y is YY. Partnership ABC includes in Part V of the Form 8986 sent to Partner A the information as follows.

Note. Although the first three lines are not adjusted, they are necessary to identify the adjustment line, because there might be more than one Part VIII.

Column (f), Reviewed year adjustments as finally determined—Enter the partner’s share of reviewed year adjustments that corresponds to the line item in column (a). For adjustments to Schedule K-3, do not enter amounts on column (f).

Column (g), Approved modifications—Enter the partner’s share of the total modifications approved by the IRS with respect to the item adjusted. Modifications related to the filing of an AAR should not be shown in this column. For adjustments to Schedule K-3, do not enter amounts on column (g).

Column (h), Net (column (f) minus column (g))—Enter the amount in column (f) less the amount in column (g). For adjustments to Schedule K-3, do not enter amounts on column (h).

Loans and other items recharacterized as distributions to partners. If a reviewed year adjustment has been made to change a partner loan or other item to a partner distribution, this adjustment should be reported with the column (a) line number that corresponds to the Schedule K-1 “Distributions” category and with column (c), code A, for cash distributions if the partner received money, and as a code C if the partner received property other than money.

Disguised sale adjustments. Distributions to a partner that were changed as part of an audit proceeding to disguised sale proceeds under section 707 should be reported with the column (a) line number that corresponds to the Schedule K-1 “Other” category and with column (c), code DS. The partnership should also include a statement in Part VI describing the asset that was sold, the proceeds, and the tax basis of the asset at the time of the contribution.

Applicable penalties. The applicability of penalties is determined at the audited partnership or AAR partnership level. In the penalties section of Part V, enter the penalty code sections, descriptions, rates, adjustment line numbers, and total adjustment amount to which the penalty applies.

Part VI—Statements

Column (a), Line no./code—List the corresponding Part V column (a) Schedule K-1 line number and column (c) code (if applicable) for each item for which a statement is included.

Column (b), Statement—Include a detailed explanation of the amount(s) that correspond to the item in column (a).

Supporting schedules and statements should be in a format that shows the original amount, the net change, and the correct amount for each item listed in the statement. If any column (b) statements exceed the space allowable in one box, continue in the next box with the same information in column (a).

Statements that need to be sent separately by fax. Adjustments that cannot be fully reflected in Part VI can be faxed.
separately to 888-981-6982. All faxed statements to be associated with a Form 8986 should have the following information at the top of the statement: “Statement for Form 8986,” Submitting Entity Name, Submitting Entity TIN, Partner’s TIN (if related to Form 8986), Tax Year (should be the same as the year in the Form 8986 Part II, section D), and Audit Control Number (if applicable). All changes should be reported in the “Description, Line Number, Amount Reported, Adjustments, and As Corrected” format. This section can also be used to report any intervening year adjustments that result from related review year adjustments. If reporting intervening year adjustments be sure to list in the tax year, line number, as reported, adjustments, and as corrected format.

**Statements related to section 199A information.**

**Note.** Because section 199A dividends are reported as a cumulative amount and not per qualified trade or business, these should only be included once in the first section 199A statement attached to Form 8986, regardless of how many statements may be necessary.

Adjustments that increase or decrease section 199A information reported to the partners must be shown in a separate statement for each trade or business or each aggregated trade or business. See below for an example of the information that should be included in Part VI of the Form 8986.

**Note.** Section 199A dividends should only be included in the first section 199A statement attached to Form 8986.

Each trade or business should indicate if it is a PTP, Aggregated, or an SSTB. See the Instructions for Schedule K-1 (Form 1065 or Form 1120-S).

If the partnership is a patron of a specified agricultural or horticultural cooperative, the partnership must also include a statement for each trade or business identifying the adjustment(s) to qualified items of income, gain, deduction, and loss and W-2 wages allocable to qualified payments.

**Note.** Because section 199A(g) deductions are reported as a cumulative amount and not per qualified trade or business, these should only be included once in the first statement of adjustments to items allocable to qualified payments attached to Form 8986, regardless of how many statements may be necessary.

**Example.** Assume Partnership ABC has one trade or business that is an SSTB and is not a patron in a specified agricultural or horticultural cooperative. On its filed return, Partnership ABC reported the items shown in Table 1 on Statement A—QBI Pass-Through Entity Reporting, attached to Partner A’s Schedule K-1.

Assume the adjustments per audit increased Partner A’s share of ordinary income by $10,000 and royalty income by $5,000, and decreased other deductions by $20,000. Assume that all of the adjustments are determined to be qualified items of income, gain, deduction, and loss at the partnership level.

Partnership ABC should include in Part VI of the Form 8986 sent to Partner A the information shown in Table 2.
