Important Reminders

Please review this publication in its entirety. Failure to modify an application from a prior year's submission may result in lower technical scores or ineligibility. Following are some important reminders:

Application Period – Due to May 31 falling on a federal holiday, this year's application deadline will be extended until June 1.

Grants.gov – All applications must be submitted using Grants.gov. Mailed applications will not be accepted. It is imperative that interested applicants ensure their access to Grants.gov is current prior to the application due date.

Concurrent Processing – To finalize processing of applications and awards earlier, IRS is performing the technical and Grant Program Office evaluations concurrently. This means that required information not submitted with the application may not be identified prior to the technical evaluation. Items determined to be missing and subsequently provided will not be considered during technical evaluation and could result in lower technical scores.

Return Growth Expected – Grant recipients are expected to achieve 100% of the return goal specified in their cooperative agreement. Any organizations that received a grant in a prior year should prepare more returns with a similar amount of funding in the current year, reducing the cost of preparing returns and becoming more efficient each year.

Active SAM Registration Required – Organizations interested in receiving any federal grant must be registered in the System for Award Management (SAM) at [SAM.gov](https://sam.gov). **All** non-Federal entities who create or update their registration in SAM.gov will **no longer** need to have an approved Entity Administrator notarized letter on file before their registration is activated. Each applicant is required to:

- (i) Be registered in SAM before submitting its application;
- (ii) Provide a valid Unique Entity Identifier in its application;
- (iii) Continue to maintain an active SAM registration with current information at all times during which it has an active Federal award or an application or plan under consideration by a Federal awarding agency; and
- (iv) As of February 2, 2019, if you intend to apply or are a recipient of a Federal grant or cooperative agreement, you must agree to the grants certifications and representations in the Representations and Certifications section of your entity registration within SAM.

Unique Entity Identifier (UEI)

NEW REQUIREMENT: The SF 424, Application for Federal Assistance; Type of Application, Block 2 should either be checked New or Continuation. Continuation are **ONLY** for those grantees that have **EXISTING** Multi-Year Awards and are submitting an abbreviated application during cycle year 2 or 3.

Effective April 2022, the System for Award Management website, [SAM.gov](https://sam.gov), will stop using the proprietary, nine-digit Data Universal Numbering System (DUNS) number supplied by Dun & Bradstreet. The DUNS will be replaced by the Unique Entity Identifier (UEI) requested and assigned by [SAM.gov](https://sam.gov).

Restriction on Providing Funds to ACORN

At this time, Federal law prohibits the IRS and all recipients of TCE funds from providing grant funds to the Association of Community Organizations for Reform Now (ACORN) or any of its affiliates, subsidiaries, allied organizations, or successors as sub-grantees, subcontractors or other sub-recipients. This prohibition may be lifted by next fiscal year. Contact the Grant Program Office for up-to-date information about this prohibition.

Important Reminders

Contact Information Now Required with Application

Applicants **MUST** submit a Form 14335, Contact Information for VITA and TCE Grant Programs with every application. Make sure this form is completed in its entirety and that the person listed as the tax matters contact on the Form 14335 is a person authorized to receive and discuss the return information of the applicant.

Funding Contingent on Final Congressional Budget

The Federal Government may be operating under a Continuing Resolution (CR), leaving the final obligation under the TCE Grant Program contingent upon a final appropriation. An anticipated award amount will be provided to each organization in its acceptance letter. SPEC may reduce the award amount listed in the acceptance letter if the final TCE appropriation is less than anticipated.

Review All Award Documents in their Entirety Before Signing

Recipients are cautioned to review all documents including the terms and conditions specific to the award agreement (either single year/multi-year award) in their entirety prior to signing. The terms and conditions can now be found on the TCE webpage at: www.irs.gov/Individuals/Tax-Counseling-for-the-Elderly.

Introduction

This publication outlines the eligibility, administrative and program requirements for participating in the Internal Revenue Service (IRS) Tax Counseling for the Elderly (TCE) program. In addition, it provides detailed instructions on how to apply as well as the evaluative criteria used to rank all applications. Since acceptance is based on the applicants' responses to the criteria and factors outlined within this publication, completeness, accuracy and conformity to the criteria set forth in this publication are essential. The terms "cooperative agreement" and "grant" are used interchangeably throughout this publication.

Please retain this publication along with the required forms and certifications submitted with your application. If your organization is awarded a grant, retention of this publication throughout the entire grant cycle will provide useful information in understanding the TCE program expectations and requirements.

Listed below are the most common errors encountered during previous years' application period:

- Incomplete applications — Applications did not contain all required information. Refer to the Application Assembly section or the **Form 14204, TCE Application Checklist and Contact Sheet** that are included within this publication for the requirements. Only applications with all required information are reviewed for eligibility. Technical ranking occurs simultaneously with Grant Program Office (GPO) evaluation. Any missing information identified by the GPO during its evaluation may or may not be considered by technical evaluators depending on when the review is completed. It is the responsibility of the applicant to ensure all information is submitted. Incomplete applications meeting basic eligibility will be scored based on the information available at time of review. Therefore, it is extremely important that the submission is complete. If your application is not complete, you will be notified that it is incomplete and will not be considered further.
- Applicants did not meet eligibility criteria for tax compliance. The applicant organization had not filed all required federal tax returns, federal information returns, or paid all federal taxes. Applicants should be compliant at the time of application, award, and remain in compliance for the duration of the award period.
- Registration or renewal in SAM did not occur — In order for an organization to be eligible for an award they must register or re-register in the System for Award Management (SAM) at www.sam.gov. Organizations must renew their registration once a year in order to maintain active status.
- All evaluative criteria were not addressed — Applicants did not provide all the information requested thus reducing the amount of points available for award during the technical evaluation.
- Pages or requested information was missing from the narrative.
- Multi-year criteria was not checked — Applicants did not verify they met the eligibility criteria for a multi-year grant prior to making the election for consideration. Please double check to ensure your organization is eligible.

TCE Grant Program Timeline is as follows:

TCE Program Overview

The Tax Counseling for the Elderly (TCE) Program offers FREE tax help to individuals who are age 60 or older. Section 163 of the Revenue Act of 1978, Public Law No. 95-600, 92 Stat. 2810, November 6, 1978, authorizes this cooperative agreement. The Act authorizes the Internal Revenue Service (IRS) to enter into agreements with private or public nonprofit agencies and organizations, which will provide training and technical assistance to volunteers who provide FREE tax counseling and assistance to elderly individuals in the preparation of their federal income tax returns.

This Act authorizes an appropriation of special funds, in the form of grants, to provide tax assistance to persons age 60 years of age or older. The IRS receives the funds as a line item in the appropriation. The total funds are distributed to the grant recipients for their expenses.

Eligible agencies and organizations compete for acceptance as a TCE grant recipient in compliance with the Federal Grant and Cooperative Agreement Act of 1977, Public Law No. 95-224, 92 Stat. 3, February 3, 1978, codified at 31 USC Chapter 63. Applicants must be experienced in coordinating volunteer programs, with experience in income tax return preparation. Eligible agencies and organizations receive grants to conduct local TCE Programs. Tax return preparation assistance is provided to elderly taxpayers during the usual period for filing federal income tax returns, which is from January 1 to April 15 each year. However, the program activities required to ensure that elderly taxpayers receive efficient and quality tax assistance can be conducted year-round.

The TCE *Cooperative Agreement*, [Form 9661](#) and TCE *Terms and Conditions*, [Publication 5245](#), define the functions that the grant recipient and IRS will perform, the maximum amount of funding available for reimbursement and administrative purposes, the minimum number of federal tax returns to be accomplished by the organization, and other information. Approval for a three-year multi-year award is available for agencies and organizations that are interested and request consideration when submitting an application. Consideration is limited to those applicants that meet all eligibility requirements. The second and third years will be funded subject to satisfactory performance, compliance with program terms, and availability of appropriated funds. Funds awarded in a subsequent year may or may not be the same as awarded in the prior year.

Organizations that are awarded a grant are responsible for all aspects of operating a TCE Program including, but not limited to, publicity, recruitment, training, site selection and management of volunteers. The necessity for renegotiation, suspension, or termination of a Cooperative Agreement will be determined solely by the Internal Revenue Service and will not be subject to appeal. The TCE Grant Program is managed by the Stakeholder Partnerships, Education and Communication (SPEC) organization of the IRS. SPEC is responsible for providing oversight, guidance and assistance to TCE grant recipient organizations. There are no cost sharing or matching requirements for the TCE Program.

TCE Program Requirements

Eligibility Criteria

1. In General

To be eligible to apply and participate in the program you must:

- a. Be a private or public non-profit agency or organization that has been granted tax exemption under Section 501 of the Internal Revenue Code (organizations that have applied for recognition as tax-exempt but have not received their IRS determination letter confirming the organization as exempt are not eligible for this grant) or be a federally recognized Indian tribal government;
- b. Have experience in coordinating volunteer programs with experience in income tax return preparation; and;
- c. Not be a federal, state, or local governmental agency or organization.

TCE Program Requirements

Eligibility Criteria

2. Tax Compliance

The organization submitting an application must be in compliance at the time of application, award, and remain in compliance for the duration of the award period with all federal tax obligations; this includes filing all required federal information returns and tax returns and payment of all federal taxes, penalties, and interest. The Grant Program Office will check the last five years of IRS records to confirm compliance. The entity information shown in the application must agree with IRS records. Organizations determined to be ineligible or not recommended for award are not researched for tax compliance, therefore, existing problems with tax compliance may not be identified on all applicants.

Examples of non-compliance would be:

- A balance due on the account.
- A required federal information return or tax return has not been submitted or processed within the last five years.
- An Employer Identification Number (EIN) that belongs to a different entity than shown on the application.

If your organization is not required to file a federal information return or tax return, please submit a statement on your organization's letterhead explaining why you are not required to file.

Please do not assume that you are tax compliant. Have the person in your organization responsible for filing returns contact the IRS at 877.829.5500 to check for any monies owed or returns not filed. Please ensure filing requirement information is correct. Do this prior to submitting your application.

If you identify any issues with tax compliance, be sure to indicate this on the SF 424, *Application for Federal Assistance*, block 20, and attach a statement explaining the issue. The SF 424 provides additional space for explaining any federal debt at the end of the form. For example, if a return was not filed because it was not required, include a statement containing the reason, the type of return (i.e., Form 990, 940, 941, etc.) and the tax period. If you are working with someone at the IRS to resolve an outstanding issue, please provide their name, office in which they work, and their phone number. Similar statements should be submitted for monies owed or incorrect entity information. Disclosures of situations where federal returns are not filed and/or monies are owed do not automatically qualify you as eligible for this grant. Information submitted about tax compliance issues you identified will be considered on the specific merits of the situation.

Applicants MUST submit a Form 14335, Contact Information for VITA & TCE Grant Programs with every application. Make sure this form is completed in its entirety and that the person listed as the tax matters contact on the Form 14335 is a person authorized to receive and discuss the return information of the applicant. We will utilize this contact if we have tax compliance questions.

3. Timely Reporting

Organizations that participated in the TCE or VITA Grant programs in prior years must have submitted all required reports timely as stated in the Management of Funds section of this publication; including financial forms (semi-annual/ annual), the final narrative report and all of the Department of Health and Human Services (HHS) Payment Management System (PMS) online Federal Financial Reports (Standard Form 425) that are due quarterly. Failure to timely complete these reports will eliminate the applicant from being eligible for a grant during this grant cycle.

4. Capacity to File Electronically

It is the intention that grant recipients electronically file all eligible returns. It is a goal for the TCE program that grant recipients electronically file at least sixty five percent of all returns completed for taxpayers aged 60+. Grant applicants must address their capacity to electronically file returns. Capacity to file electronically includes access to a telephone line or the Internet for transmission of returns along with the computers and

TCE Program Requirements

printers needed to support return preparation. IRS provides the tax preparation software for return generation and transmission. Monies from the grant cannot be used to purchase tax preparation software.

5. Administrative

Grant award administrative requirements are set forth in OMB Circulars. The administrative requirements applicable to the TCE Grant are contained in 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

6. Debarment or Suspension

As part of the application, you are required to make certain certifications and provide certain assurances. One of these certifications is the Certification Regarding Debarment, Suspension, and Other Responsibility Matters – Primary Covered Transactions. As part of eligibility, the Grant Program Office will check the individuals listed on the Application for Federal Assistance, Standard Form 424, and key individuals in the Program and Budget Plan narratives to ensure they are not debarred, suspended, or otherwise excluded from or ineligible for a federal award. You may check this yourself before applying by visiting the System for Award Management (SAM) maintained by the General Services Administration (GSA) at www.sam.gov. If you identify incorrect information about your organization or individuals within your organization, you should contact the agency that reported the information.

7. Audit Requirements

Audit requirements applicable to grant award recipients are described in 2 CFR Part 200. If you expend less than \$750,000 in total federal awards during your fiscal year, no audit requirements are applicable. Total federal awards includes all sources of federal funding, not just the funds received from IRS in support of TCE. If you expend \$750,000 or more during your fiscal year in federal awards you must arrange for an audit by an independent auditor in accordance with the Generally Accepted Government Auditing Standards developed by the Comptroller General of the United States. The costs of audits performed in compliance with 2 CFR Part 200 are allowable. An audit under 2 CFR Part 200 is organization wide. Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final report for the grant cycle, subject to certain exceptions set forth in 2 CFR Part 200.

The Federal Audit Clearinghouse operates on behalf of the Office of Management and Budget (OMB) and its primary purpose is to disseminate audit information to federal agencies and the public. If the most recent audit showed an unfavorable finding, it will not automatically disqualify you from consideration; however, more information may be requested to ensure any deficiencies noted in the audit have been corrected. Detailed information can be obtained from 2 CFR Part 200, which can be found at <https://www.ecfr.gov>. The Grant Program Office will review the audit reports located at <https://harvester.census.gov/facweb/>.

Before Completing Your Application

Before submitting a grant application, all organizations should take the following actions:

- Secure a Unique Entity Identifier (UEI),
- Register with the System for Award Management (SAM), and/or
- Check both to ensure applicant information is correct and accounts are still active.
- Determine if application is subject to review by the state under Executive Order 12372.
- Register with Grants.gov in order to submit application electronically.

Before Completing Your Application

1. Unique Entity Identifier

Effective April 2022, the System for Award Management website, SAM.gov, will stop using the proprietary, nine-digit Data Universal Numbering System (DUNS) number supplied by Dun & Bradstreet. The DUNS will be replaced by the Unique Entity Identifier (UEI). The transition will involve the following steps:

- Phase out the DUNS number as the official identifier for doing business with the federal government.
- Introduce a new UEI, generated in the [System for Award Management](#), as the official identifier for doing business with the government.
- Make it easier to request a UEI to do business with the government.

What is changing?

The DUNS, currently used to do business with the Government is changing. Sam.gov is moving to a new, non-proprietary identifier requested and assigned by the [System for Award Management](#).

- The General Services Administration (GSA) will supply and generate a non-proprietary UEI for identifying entities during the awards process for things like contracts, grants and cooperative agreements — in SAM.gov and other systems.
- GSA is streamlining the UEI request, registration and support process by allowing entities to handle all three through [SAM.gov](#).

Customer Support

Organizations will go to a single place, [SAM.gov](#), to:

- Request their UEI and register their entity to do business with the U.S. Government.
- Make any updates to their legal business name and physical address associated with the UEI.
- Find customer support at a single helpdesk for all UEI and entity registration issues.

UEI Characteristics

- UEIs are 12-character alpha-numeric values — all letters being capitalized. The final character will be a checksum of the first 11 to detect errors in data. UEIs won't use the letters O or I to avoid confusion;
- Use 0 (zero) as the first character for ease of data imports;
- Use nine-digit sequences like the DUNS number;
- Use the first five characters conflict with Commercial and Government Entity codes (CAGE);
- Use the entity's Electronic Funds Transfer (EFT) indicator.

Transition for Existing Entities

- UEIs will automatically be assigned to existing entities within SAM.gov and made available for viewing.
- Your registration will automatically be assigned a new UEI which will be displayed in [SAM.gov](#).
- The purpose of registration, core data, assertions, representations & certifications, points of contacts, etc. in [SAM.gov](#) will not change and no one will be required to re-enter this data.
- The DUNS number assigned to the registration will be retained for search and reference purposes in [SAM.gov](#).

Applicants must include their DUNS number when applying to participate in the TCE Program. This number must be provided in Block 8c of on Standard Form 424, *Application for Federal Assistance*, included within this application package under Appendix A. Grants.gov has been amended to accept both numbers until April 2022.

Until SAM begins assigning UEIs, grant applicants must provide a DUNS number in SAM to complete the SAM registration and in block 8c of the SF 424. DUNS numbers may be obtained for free by calling Dun and Bradstreet at (866) 705-5711 or by applying online at <http://fedgov.dnb.com/webform>. The number is staffed from 7 a.m. to 6 p.m. Central Time. The TTY number is (877) 807-1679.

Before Completing Your Application

2. System for Award Management (SAM)

System for Award Management (SAM) is the primary registrant database of contracts and assistance awards for the federal government. The purpose of the SAM is to facilitate paperless payment through electronic funds transfer. The registration process also provides basic information relevant to procurement and financial transactions.

All applicants must register with SAM, maintain an active registration during the application and evaluation period and then throughout the period of the grant and final reporting. Register early. Please give yourself plenty of time before the application submission deadline. Plan on 10 business days after you submit and receive a message that your request is complete for your registration to be active in SAM, then give yourself an additional 2 business days for Grants.gov to recognize your information so that you can submit the grant application.

If already registered in SAM, renewal of the registration is required at least once annually. Check when your registration will expire and update. You may update as often as you want but at least once per year. The complete resource for SAM registration is located at www.sam.gov.

As of February 2, 2019, all entities registering for All Awards or Federal Assistance Only, are required to review the Financial Assistance Representations and Certifications. These are a common set of certifications and representations required by Federal statutes or regulations in accordance with grant guidance under Title 2 of the Code of Federal Regulations. If you intend to apply or are a recipient of a Federal grant or cooperative agreement, you must agree to the grants certifications and representations in the Representations and Certifications section of your entity registration. A list of these certifications are included in Appendix A, Exhibit 2, however your agreement MUST be made in www.sam.gov.

Once you are registered in SAM, SAM will provide advance notification to you when you need to renew your registration. This must be done annually in order to maintain active status. Visit www.sam.gov for more information. Failure to maintain an active registration in SAM will result in non-consideration of your application.

3. Intergovernmental Review - Required under Executive Order 12372

Executive Order 12372, "Intergovernmental Review of Federal Programs," was issued with the desire to foster the intergovernmental partnership and strengthen federalism by relying on state and local processes for the coordination and review of proposed federal financial assistance and direct federal development. The Order allows each state to designate an entity to perform this function. For more information visit www.whitehouse.gov/omb/management/office-federal-financial-management to determine if your state is participating. States that are not listed have chosen not to participate in the intergovernmental review process. If you are located within a state that has chosen not to participate, you may send application materials directly to a federal awarding agency. Please check the appropriate item in Block 19 of the SF 424, Application for Federal Assistance, included within this application package under Appendix A.

4. Grants.gov Registration

Now that your SAM registration is active, you're ready to register on www.Grants.gov. Grants.gov offers numerous applicant resources to assist in registering and using their system.

On December 31, 2017, Grants.gov officially retired the legacy PDF application package as a method to apply for a federal grant. This changed the way many Grants.gov users complete and submit their grant applications using a new streamlined method titled Workspace. Although applications submitted through Grants.gov Workspace will look identical to grantors, the applicant experience has changed significantly when compared to the legacy PDF application package.

Workspace is the standard way for organizations or individuals to apply for federal grants in Grants.gov. Workspace allows a grant team to simultaneously access and edit different forms within an application. Plus, the forms can be filled out online or offline—your choice.

Before Completing Your Application

Grants.gov Workspace also allows applicants and organizations to tailor their application workflow. There are three approaches that applicants can take when completing a Workspace application:

Basic - Best for organizations with 1-2 registered Grants.gov users

- Application forms are downloaded and emailed to collaborators before being uploaded back to the workspace

Intermediate - Best for organizations with 3-5 registered Grants.gov users

- Applicant teams are typically comprised of an AOR who submits, as well as a Workspace Owner who oversees form completion

Advanced - Best for organizations with external Grants.gov users, such as consultants

- Workspace Owner manages form access and Workspace Owner adds sub-forms

Please register early and take advantage of the many aids at Grants.gov to become familiar with the submission process to alleviate any last minute frustrations with submission. Please do not wait until the last day to submit your application on Grants.gov. The application must be submitted by the application due date in order to be considered timely. Please review the Using Grants.gov – Application Submission and Receipt Procedures (found in Appendix B - Exhibit 5) for additional information and step-by-step instructions in filing your application using the Grants.gov system.

5. Assistance Listings

The Catalog of Federal Domestic Assistance (CFDA) provides a full listing of all Federal programs available to State and local governments (including the District of Columbia); federally-recognized Indian tribal governments; Territories (and possessions) of the United States; domestic public, quasi-public, and private profit and nonprofit organizations and institutions; specialized groups; and individuals. The Assistance Listings can be located at <https://beta.sam.gov/help/assistance-listing>. Each program is assigned a number, the TCE Program is 21.006. This number can be used to easily access the application information for TCE on www.Grants.gov and must be included on the SF 424, *Application for Federal Assistance* referenced below.

Standard Form 424, Application for Federal Assistance

This form is required for all grant applications. It may require that you obtain additional information prior to its completion such as whether state review is required or federal debt exists. You must already have your UEI and EIN number. A copy of Form 424, *Application for Federal Assistance* and the instructions are provided in Appendix A – Exhibit 1.

Please complete the SF 424 as shown in the instructions for the SF 424. Yellow highlighted fields require completion before the form can be filed on Grants.gov. Any required fields that are left blank will cause Grants.gov to reject the form. Please note:

- Type of Application, Block 2 should either be checked New or Continuation. Continuation are ONLY for those grantees that have EXISTING Multi-Year Awards and are submitting an abbreviated application during cycle year 2 or 3.
- The EIN number and UEI should be reviewed for accuracy.
- Ensure contact information is accurate. Past submissions included incorrect phone numbers and email addresses leaving U.S. postal address as the only method of contacting. This delayed processing of the application.
- For information that will not fit into the space allowed on the SF 424, attach the additional information to the SF424 as provided by Grants.gov.
- The Catalog of Federal Domestic Assistance Number, Block #11, is 21.006 for TCE
- All applicants must check “I Agree” in block 21 of the form certifying to all assurances and certifications provided in the Assurances and Certifications section that follows on the next page.

Applicants must provide information necessary to demonstrate compliance with **Title VI of the Civil Rights Act of 1964** (Public Law. 88-352), as amended, which prohibits discrimination on the basis of race, color, or national origin; **Section 504 of the Rehabilitation Act of 1973** (Public Law 93-112) as amended, which prohibits discrimination on the basis of disability; **Title IX of the Education Amendments of 1972** (Public Law 92-318), as amended, which prohibits discrimination on the basis of sex in education programs or activities; the **Age Discrimination Act of 1975** (Public Law. 94-135), as amended, which prohibits discrimination on the basis of age; and **Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency**, which sets forth the compliance standards that recipients of Federal financial assistance must follow to ensure that their programs and activities normally provided in English are accessible to those with limited English proficiency, including providing oral interpretation and written translation when necessary. When developing program budgets, applicants are encouraged to consider the provision of language services for persons with LEP and reasonable accommodations for persons with a disability. For additional guidance on providing language services for persons with LEP, review the Department of the Treasury guidance provided at www.gpo.gov/fdsys/pkg/FR-2005-02-04/pdf/05-2156.pdf.

Reprisal – No recipient or other person shall intimidate, threaten, coerce, or discriminate against any individual or because the individual has made a complaint, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing.

The Department of the Treasury has issued regulations which will require additional data collection and reporting requirements from Tax Counseling for the Elderly (TCE) cooperative agreements applicants. Guidance regarding the implementation of the new requirements will be forthcoming once it is available. More information about the regulations can be found at www.federalregister.gov.

In the interim, this section describes the current data collection and reporting requirements required of TCE cooperative agreement applicants by the IRS to meet its responsibilities under those laws. This information is required pursuant to the civil rights statutes and the regulations of the Department of Justice (DOJ) and the Department of the Treasury. Recipients of TCE cooperative agreement funds shall provide updated information as conditions warrant. All applicants are required to submit to the IRS with their application package the information outlined in a-g items below. **(All of the items must be answered.)** If an item is not applicable, please indicate so.

- a. A list of active lawsuits or complaints naming the applicant which alleges discrimination on the basis of race, color, national origin, age, sex, disability, or reprisal with respect to service or benefits being provided. The list should include: the date the lawsuit or complaint was filed; a summary of the allegation; and the status of the lawsuit or complaint, including whether the parties to a lawsuit have entered into a consent decree.
- b. A description of all pending applications for financial assistance and all financial assistance currently provided by other federal agencies.
- c. A summary of all civil rights reviews in the last three years. The summary shall include: the purpose or reason for the review; a summary of the findings and recommendations of the review; and a report on the status and/or disposition of such findings and recommendations.
- d. A description of how the applicant will address the needs of limited English proficient (LEP) individuals and individuals who may need a reasonable accommodation to access tax return preparation services.
- e. A description of the population eligible to be served, categorized by race, color, national origin, age, disability or sex.
- f. Certification and agreement that all of the records and other information required have been or will be compiled, as appropriate, and maintained by the applicant, recipient, or sub-recipient, and that your organization is in compliance with all federal statutes relating to nondiscrimination. Certification is provided by checking "I Agree" in Block 21 of SF 424. (See Appendix A for copy.)

Assurances and Certifications

- g. A statement that the applicant agrees to display the IRS Civil Rights Poster, Publication 4053, or equivalent, notifying the public that persons who believe they have been discriminated against on the basis of race, color, national origin, sex, age, disability or reprisal in the distribution of services and benefits resulting from this financial assistance or grant program may write or submit an electronic complaint found at www.irs.gov/pub/irs-pdf/f14652.pdf to edi.civil.rights.division@irs.gov or the following:

Civil Rights Unit
Internal Revenue Service, Room 2413
1111 Constitution Ave., NW
Washington, DC 20224

Each application for financial assistance shall be reviewed for its civil rights reporting requirements by the Civil Rights Unit. An applicant for a multi-year grant must update the required civil rights reporting information annually. Upon completion of its review, the Civil Rights Unit will forward a preliminary civil rights determination to the SPEC office. Financial assistance shall not be awarded to the applicant until the Civil Rights Unit has issued a preliminary determination of probable or conditional compliance based on the civil rights requirements reported by the applicant.

The Civil Rights Unit may request additional data only to the extent that it is readily available or can be compiled with reasonable effort, and is found to be necessary to make a civil rights compliance determination - in accordance with 31 CFR Part 22. Examples of data and information appropriate for determining compliance with applicable civil rights statutes and implementing regulations may include, but is not limited to:

1. The manner in which services are or will be provided by the program in question, and related data necessary for determining whether any persons are or will be denied such services on the basis of the prohibited discrimination;
2. Data regarding covered employment, including use or planned use of bilingual public contact employees serving beneficiaries of the program where necessary to permit effective participation by beneficiaries unable to speak or understand English;
3. The location of existing or proposed facilities connected with the program, and related information adequate for determining whether the location has or will have the effect of unnecessarily denying access to any persons on the basis of prohibited discrimination;
4. The present or proposed membership, by race, color, national origin, sex, age, or disability, in any planning or advisory body which is an integral part of the program; and
5. Data, such as demographic maps, the racial composition of affected neighborhoods or census data.
6. Race and ethnicity data showing the extent to which beneficiaries receive service from the TCE.

The Civil Rights Unit annually conducts selected post-award compliance reviews to ensure civil rights requirements are in place and to provide technical assistance to recipients. The results from the selected compliance reviews are compiled into a report and provided to the SPEC Office. **The following are examples of civil rights compliance areas addressed during compliance reviews:**

- External building accessibility (e.g., accessible entrances, curb cuts, sufficient parking spaces for persons with disabilities)
- Interior accessibility (e.g., signage for emergency routes, accessible routes to and within the service area, sufficient seating in the service area, accessible restrooms, water fountains and elevators)
- Non-discrimination policies (e.g., Pub 4053 displayed in service areas, the organization's non-discrimination policy posted and disseminated in marketing materials)
- Accommodations for persons with disabilities (e.g., sign language interpreters, Braille/large print documents)
- Accommodations for persons with limited English proficiency (e.g., bilingual volunteers, language interpreters, over-the-phone interpreters, community resources)

Assurances and Certifications

2. Lobbying

Federal law generally prohibits recipients of a federal contract, grant, loan, or cooperative agreement from using federal appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, or officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement (31 USC 1352; 31 CFR Part 21). Persons are required to file a certification form and a disclosure form with each submission that initiates agency consideration of such person for award of a Federal contract, grant, or cooperative agreement exceeding \$100,000 or an award of a Federal loan or a commitment providing for the United States to insure or guarantee a loan exceeding \$150,000 (31 CFR Section 21.110). See also 31 CFR Section 21.110 for additional requirements to revise or update forms. The certification if required is “The Certification for Contracts, Grants, Loans, and Cooperative Agreements” published as Appendix A to 31 CFR Part 21 and reprinted in this Publication as the “Certification Regarding Lobbying” within the List of Assurances and Certifications, Appendix A, Exhibit 2. The disclosure form to be filed if required is Standard Form LLL, *Disclosure of Lobbying Activities* published as Appendix B to 31 CFR Part 21 and reprinted in this Publication at Appendix A, Exhibit 3.

3. Trafficking Victims Protection Act of 2000

The Trafficking Victims Protection Act of 2000, as amended (22 USC 7104) requires any agency that awards a grant to a private entity to include a condition authorizing the agency to terminate the grant or take other remedial actions, without penalty, if the private entity engages in certain activities related to trafficking in persons. As part of the implementation of the Act, the Office of Federal Financial Management has established terms that must be included in every grant agreement. See 2 CFR 175.15. Under the Act, a grantee that is a private entity and any sub-recipient that is a private entity may not engage in, or use labor recruiters, brokers, or other agents who engage in—

- a. Severe forms of trafficking in persons;
- b. The procurement of a commercial sex act during the period of time that the award is in effect;
- c. The use of forced labor in the performance of the award;
- d. Acts that directly support or advance trafficking in persons, including the following acts:
 - Destroying, concealing, removing, confiscating, or otherwise denying an employee access to that employee’s identity or immigration documents.
 - Failing to provide return transportation or pay for return transportation costs to an employee from a country outside the United States to the country from which the employee was recruited upon the end of employment if requested by the employee, unless exempted from the requirement to provide or pay for such return transportation by the Federal department or agency providing or entering into the grant, contract, or cooperative agreement; or the employee is a victim of human trafficking seeking victim services or legal redress in the country of employment or a witness in a human trafficking enforcement action.
 - Soliciting a person for the purpose of employment, or offering employment, by means of materially false or fraudulent pretenses, representations, or promises regarding that employment.
 - Charging recruited employees placement or recruitment fees.
 - Providing or arranging housing that fails to meet the host country housing and safety standards.

The IRS may unilaterally terminate the award or take other remedial actions, without penalty, if any private entity is determined to have violated a prohibition in items a, b, c, or d above or has an employee who is determined by the IRS official authorized to terminate the award to have violated a prohibition in items a, b, c, or d above through conduct that is either:

- Associated with performance under the award; or
- Imputed to the private entity using the standards and due process for imputing the conduct of an individual to an organization that are provided in 2 CFR Part 180, OMB Guidelines to Agencies

Assurances and Certifications

on Government-wide Debarment and Suspension (Non-Procurement), as implemented by the Department of the Treasury at 31 CFR Part 19.

4. Federal Funding Accountability and Transparency Act

The Federal Funding Accountability and Transparency Act (FFATA) of 2006, as amended, is intended to empower Americans with the ability to hold the government accountable for each spending decision. Each applicant must ensure it has the necessary processes and systems in place to comply with the FFATA reporting requirements should it receive funding. OMB has issued guidance to establish requirements for non-federal entities to report information about executive compensation in certain circumstances. For more information, see 2 CFR Part 170.

5. Corporate Felony Convictions

TCE funds currently may not be awarded to any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless the agency has considered suspension or debarment of the corporation and made a determination that denial of the grant is not necessary to protect the interests of the government. You must certify either that you are not a corporation or that you have disclosed in your application all your felony criminal convictions that occurred under Federal law within the preceding 24 months. In addition, applicants must disclose all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the award. Applicants awarded a grant will remain under a duty to disclose these acts and will need to require similar certifications from any grant sub-recipients. To disclose a covered conviction or covered violation, record the information specific to the conviction or violation and submit with your application through Grants.gov as an attachment.

6. Buy American Act

The Buy American Act, 41 U.S.C. 8301-8303, includes a requirement that all un-manufactured articles, materials, and supplies purchased using grant funds be mined or produced in the United States and that all manufactured articles, materials, and supplies purchased using grant funds be manufactured in the United States substantially all from articles, materials, or supplies mined, produced, or manufactured in the United States. A conviction for violating the Buy American Act causes debarment from federal grants and contracts. The requirement to Buy American does not apply to information technology that is a commercial item, products for which the expected value of the procurement is \$10,000 or less, products for use outside the United States, foreign products when domestic products are unavailable or are of unacceptable quality, or foreign products excepted by certain trade agreements. The IRS may waive the requirement to Buy American if its application would be inconsistent with the public interest or the cost would be unreasonable.

7. Other Applicable Laws and Regulations

Federally funded programs are governed by a wide variety of federal laws, regulations, OMB circulars, Department of Treasury circulars, and Federal management circulars. These include, but are not limited to:

- Restrictions on political activities at 18 USC 595, 598, 600-603;
- The national preservation program requirements at 54 USC 300101 et seq;
- Environmental requirements of the Clean Air Act (42 USC 7401 et seq.);
- The non-pollution requirement of the Federal Water Pollution Control Provisions (33 USC 1251 et seq.),
- Whistleblower protections at 41 USC 4712;
- Rules governing allowable costs at 41 USC 4304 and 4310,
- All additional applicable statutory requirements and all additional applicable requirements in OMB Circulars, Department of the Treasury Circulars and Federal Management Circulars, including 2 CFR Part 200; and;

Assurances and Certifications

- At this time, Federal law prohibits the IRS and all recipients of TCE funds from providing grant funds to the Association of Community Organizations for Reform Now (ACORN) or any of its affiliates, subsidiaries, allied organizations, or successors as sub-grantees, subcontractors or other sub-recipients. This prohibition may be lifted by next fiscal year. Contact the Grant Program Office for up-to-date information about this prohibition.

As referenced under the SAM section, as of February 2, 2019, all entities registering in sam.gov for All Awards or Federal Assistance Only, are required to review the Financial Assistance Representations and Certifications. These are a common set of certifications and representations required by Federal statutes or regulations in accordance with grant guidance under Title 2 of the Code of Federal Regulations. If you intend to apply or are a recipient of a Federal grant or cooperative agreement, you must agree to the grants certifications and representations in the Representations and Certifications section of your entity registration. A copy of these can be found in Appendix A, Exhibit 2 but the certification **MUST** be provided in sam.gov.

Program Coordination

To facilitate the management of various program operations, you must designate a Program Coordinator to work with the IRS TCE Grant Program Office and the SPEC territory office(s). A Program Coordinator may be a volunteer or a member of your organization's professional staff. However, if the coordinator(s) is a member of your staff, no portion of grant funds may be used to pay any portion of their salary.

The TCE program was established to provide free tax assistance to individuals age 60 and over (where a joint return is involved, only one spouse need satisfy the 60 year age requirement); the program must be designed and operated primarily to provide assistance to such individuals. However, assistance with respect to Federal income tax returns may be provided to individuals under 60 and assistance with respect to state and local returns may be provided to individuals of any age if:

- providing such assistance is entirely voluntary on the part of those rendering it,
- no charge is made for the assistance,
- assistance to the elderly is given priority and is in no way interrupted or delayed, and
- no additional expense is incurred by the IRS.

Since the IRS cannot train volunteers to prepare state and local tax returns, grant recipients are responsible for scheduling appropriate state and local tax training, certification of volunteers and for securing necessary tax forms wherever this service will be voluntarily offered.

As a program coordinator you need to ensure that volunteers are aware that they should not solicit or accept donations for their tax counseling and return preparation services and they adhere to the ten Quality Site Requirements (see page 22 of this publication for more information) to ensure taxpayers visiting TCE sites receive quality service and accurate return preparation.

Volunteers are not to refer a client to a specific paid preparer if the volunteer assistor is unable to help the taxpayer. To prevent the endorsement of a particular paid preparer, the assistor may provide a list of local paid preparers to a client if the individual requires the assistance of a professional. In addition, volunteers perform other relevant duties necessary to comply with the program requirements, program regulations, the Cooperative Agreement, and Section 163 of the Revenue Act of 1978. Any health, accident, and liability insurance for volunteers are the grant recipient's responsibility exclusively.

Reasonable accommodations for persons with disabilities (volunteers/taxpayers) should be provided by TCE grant recipients in cooperation with the IRS as noted under Section 504 of the Rehabilitation Act of 1973. The TCE and VITA programs are two separate programs with a different targeted audience and congressional intent for the program. Separate reports and records need to be kept to ensure that TCE grant funds are being expended solely for the purpose of assisting elderly taxpayers. For volunteers that serve in a dual capacity (volunteering for both programs), volunteer reimbursement expenses need to be appropriately allocated and separated between the two programs. The TCE site(s) must be clearly

Program Coordination

designated as TCE and publicized for service to the elderly. For more information on operating both a TCE and a VITA site, please contact the local IRS SPEC Territory Manager.

Management of Volunteers

As a TCE grantee, you are expected to provide effective site management for your volunteers. Coordinators are also responsible for managing, organizing, and supervising all aspects of site operations. How you organize and manage your volunteers is vital to the success of the Tax Counseling for the Elderly (TCE) Programs and is critical to quality tax return preparation services in your community.

1. Recruitment

Since you will be evaluated on your ability to efficiently serve elderly taxpayers while providing high quality assistance, selective recruitment of volunteers should be an important objective. In recruiting volunteers, you should consider the need for the following type of volunteers:

- Volunteer Tax Assistors/Quality Reviewers
- Volunteer Tax Instructors
- Volunteer Coordinators/Administrators
- Volunteer screener (certified and non-certified)
- Volunteer recruitment/publicity specialist
- Volunteer training specialist
- Volunteer instructor
- Volunteer equipment procurement coordinator
- Volunteer computer specialist
- Volunteer interpreter
- Volunteer e-file transmitter

Position Descriptions for key volunteer positions can be found in **Publication 1084**, *IRS Volunteer Site Coordinator Handbook*. Publication 1084 can be found on www.irs.gov. In recruiting volunteers for various positions please keep in mind some of the responsibilities that may be involved with particular positions when selecting an individual. For example:

- Volunteer Coordinators/Administrators are to provide administrative support for the program by acting as managers, program leaders, and publicity specialists, and by providing other services as needed.
- Volunteer Coordinators/Administrators who do NOT provide tax assistance to taxpayers do NOT need to receive tax law certification from the IRS.
- Volunteer Coordinators/Administrators must complete Site Coordinator Training.
- Volunteer Coordinators/Administrators must agree to respect the confidentiality of any information provided by the taxpayer and return information obtained as a result of or in connection with volunteer service.
- Volunteer Coordinators/Administrators are needed to manage the activities of volunteers and to provide administrative support for the program.
- Volunteer Coordinators/Administrators also may recruit volunteers and establish assistance sites; coordinate training and tax assistance schedules; assist with program publicity; maintain records and prepare reports for the IRS and the grant recipient; attend meetings at the IRS and conduct liaison work with the IRS; perform related clerical and secretarial duties; and perform other activities identified by the grant recipient as agreed to in the Cooperative Agreement.
- Volunteer Coordinators/Administrators may sign agreements and certifications such as the Property Loan Agreement (on IRS loaned equipment) and the IRS SPEC Annual Property Certification (for e-file participation).

Management of Volunteers

- Volunteer Coordinators/Administrators must verify that all volunteers are properly certified to work at VITA/TCE sites. A process must be created to verify the level of certification for each volunteer. Each volunteer must sign **Form 13615**, *Volunteer Standards of Conduct – VITA/TCE Programs*. All Forms 13615 must be certified (signed and dated) by the coordinator, sponsoring partner, instructor, or IRS contact, verifying the volunteer has completed the required Volunteer Standards of Conduct Training, including passing the test. The coordinator must also confirm the volunteer's identity using a photo identification, and confirm he/she has signed and dated Form 13615. This process must be completed before any volunteer is allowed to begin work at a VITA/TCE site.
- Volunteer Coordinators/Administrators must ensure that all IRS-tax law certified volunteer assistants/preparers and quality reviewers are assigned tax returns within their certification and within scope of the VITA/TCE Programs. Volunteers preparing tax returns above their level of certification may not be protected from personal liability for their work under federal law.
- Volunteer Coordinators/Administrators must also share Volunteer Tax Alerts (VTA), Quality Site Requirement Alerts (QSRA), and technical updates with all volunteers during the filing season. As a practice a daily briefing should be held to share information impacting site operations with volunteers working at the site.

As a grant recipient, you are responsible for recruiting, developing, and managing a network of volunteers to accomplish your program objectives and goals. At a minimum, volunteers must be trained to serve as site coordinators, screeners (those that answer tax law questions), and tax return preparers and to conduct quality reviews of returns prepared by volunteer return preparers.

The IRS SPEC Territory Manager is the point of contact for specific information and training support. Their contact information will be provided to you when your organization is accepted into the TCE Program. The IRS will provide train-the-trainer sessions for the TCE grant recipients. The grant recipients will then be responsible for training the volunteers participating in the program.

2. Volunteer Training, Testing, and Certification

All volunteers (coordinators, IRS tax law-certified volunteer preparers, designated or peer-to-peer quality reviewers, greeters, client facilitators, interpreters, etc.) are required to annually complete and pass the Volunteer Standards of Conduct (VSC) certification test. In addition, volunteers must certify to their adherence of the VSC by signing and dating **Form 13615**, *Volunteer Standards of Conduct – VITA/TCE Programs*, prior to working at a site. By signing and dating Form 13615, all volunteers are agreeing to the requirement to follow the Volunteer Standards of Conduct.

Volunteers who answer tax law questions, instruct tax law classes, prepare or correct tax returns or conduct quality reviews of completed tax returns must be certified in tax law and Intake/Interview & Quality Review. All VITA/TCE instructors must be certified at the Advanced level or higher (based on the level of tax topics they teach). All Quality Reviewers must be certified at the Basic level or higher (including the specialty levels) based on the complexity of the tax returns they review. SPEC encourages the Quality Reviewer to be the most experienced person in tax law application.

Site Coordinators must be certified annually by taking Site Coordinator training, and passing the Site Coordinator Test, Volunteer Standards of Conduct and Intake/Interview & Quality Review certifications. Tax law certification is required for site coordinators who prepare returns, correct rejects, conduct quality review or provide tax law assistance. Certification level is based on the complexity of the return prepared.

Volunteer training and certification is a critical component of the program. During the training process volunteers learn screening and interviewing techniques, gain an understanding of tax law and how it applies in each taxpayer's situation and the ability to use the tools available to prepare and file accurate tax returns.

Management of Volunteers

Link & Learn Taxes is self-paced e-learning for the Volunteer Income Tax Assistance and Tax Counseling for the Elderly (VITA/TCE) program. This training will instruct you in the VITA/TCE return preparation process and tax law covered in the VITA/TCE program.

VITA/TCE Courses and Specialty Certifications

Each course is summarized below.

- **Volunteer Standards of Conduct:** New volunteers must complete the Volunteer Standards of Conduct (VSC) Training. Returning volunteers are encouraged to review the VSC Training as a refresher. All VITA/TCE volunteers must pass a VSC certification test.
- **Intake/Interview and Quality Review:** New volunteer instructors, preparers, coordinators and quality reviewers are required to take [Publication 5101, Intake/Interview & Quality Review Training](#) and **pass** the certification test. All returning volunteers in these same positions are required to certify by only passing the test. Returning volunteers are not required to take the training.
- **Basic:** This course covers the completion of wage-earner returns. The Basic course covers income from wages, interest and dividends, and certain tax credits for individuals and couples. Volunteers who serve in the role of return preparers and quality reviewers must certify in this course at a minimum.
- **Advanced:** This course includes the Basic topics as well as capital gains and losses, self-employment, more complex pension issues, Health Savings Accounts, and other advanced topics. This is a stand-alone course and does not require volunteers to have already certified at the Basic level. All VITA/TCE tax law instructors must certify in this course at a minimum.
- The **Military** course is an optional specialty course with emphasis on tax issues that affect armed services personnel and their families, such as combat pay, moving expenses, rental property etc. The prerequisite for this course is certification at the Advanced level.
- **Puerto Rico:** This course covers topics for U.S. citizens who are bona fide residents of Puerto Rico who must file a U.S. federal income tax return. It requires certification in Basic or Advanced as a prerequisite.
- **Foreign Student and Scholar:** This course is used as a training tool for volunteer tax return preparers who assist foreign/international students and scholars in preparing their returns. It covers determination of residency status and application of treaty benefits in addition to other federal tax issues commonly faced by foreign nationals. The course is designed as a stand-alone training resource. It can also be used in conjunction with the Basic and Advanced VITA/TCE course content.
- The **International** course is an optional specialty module with emphasis on international tax law for nonmilitary U.S. residents living outside the U.S. The prerequisite for this course is certification at the Advanced level.
- **The Federal Tax Law Update Test for Circular 230 Professionals:** Allows VITA/TCE volunteers with the professional designation of attorney, CPA and EA, to certify on new provisions and tax law changes. Prior to taking the Federal Tax Law Update Test for Circular 230 Professionals certification, volunteers are required to pass the VSC and Intake/Interview & Quality Review certification tests. Volunteers with this certification can prepare or quality review all returns within the scope of the VITA/TCE Programs.
- **Qualified Experienced Volunteer (QEV):** Allows experienced VITA/TCE volunteers to certify on new provisions and tax law changes as well as more complex tax situations encountered at sites. Upon passing this test, volunteers will be considered certified at the Advanced level. Volunteers are not required to certify in Basic or Advanced before taking this test. In addition, the volunteers are required to certify in Volunteer Standards of Conduct and Intake/Interview & Quality Review.

Link & Learn Taxes is available 24/7 for training and certification beginning in early November.

Site Management

As a grant recipient, you are responsible for selecting, establishing, and managing tax assistance sites. The primary considerations you should use in choosing sites should be the existence of a large elderly population; the accessibility to this population; the location (consider locations where other TCE sites do not exist); and the availability of volunteers in that area. You must comply with the requirements of Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination based upon disability. Thus, non-discrimination on the basis of disability must be a significant consideration in site selections. You are responsible for monitoring volunteer compliance with program regulations requirements, Section 163 of the Revenue Act of 1978, the Cooperative Agreement, applicable civil rights laws, as well as taking corrective action with volunteers who do not comply; advise all volunteers that service is to be provided FREE OF CHARGE.

Completed by all Volunteers - due prior to site opening

Form 13615, *Volunteer Standards of Conduct – VITA/TCE Programs*, is a form that ALL volunteers (tax law certified and tax law non-certified) sign as a participant in the TCE program agreeing to the established standards of conduct. A designated approver must sign and date the form to confirm the level of training passed by the volunteer. Form 13615 must be signed by all volunteers regardless of the certification requirement before assisting at a site. Partners are no longer required to maintain Forms 13615 once the volunteer and partner have: Signed the completed agreement; Accurately transferred all required data to the current **Form 13206**, *Volunteer Assistance Summary Report*, or partner created listing (containing the same information); and Forwarded the Form 13206, or partner created listing, to the Territory office.

Partners can choose to give Forms 13615 back to their volunteers. However, if volunteers are requesting Continuing Education (CE) Credits, the form must be completed and forwarded to the SPEC Territory as described in CE Credits Requirements.

All partners/site coordinators are required to provide their local IRS SPEC Territory Office a list of all volunteers working at VITA/TCE sites, including their certified volunteers, the dates that the volunteers received certification, and their level of training. The preferred document for reporting the list of volunteers is Form 13206, *Volunteer Assistance Summary Report*. A partner created list containing the same information is also acceptable. Site coordinators **have a responsibility to complete and send a list of any volunteers to their local IRS SPEC Territory offices by February 3rd but no later than February 15th. A new report must continue to be submitted on the 3rd of each month to show new volunteers not previously reported.** The actual certifications can be maintained at the site or partner level. Form 13206 lists volunteers who have taken the training and received certification, and each volunteer's certification level. The Form 13206 or Partner created listing should include volunteer names, position, and level of certification. It must also indicate that each volunteer has completed the VSC certification and signed the Form 13615 agreeing to adhere to the VSC. It must also include a statement certifying that all volunteers have signed Form 13615, all volunteer identities were validated using photo ID, volunteer certification was verified, and all Forms 13615 were signed and dated by the partner's approving official. The partner's approving official, as designated by the partner, may be the coordinator, sponsoring partner, instructor, or IRS contact.

For the most current information on volunteer training, testing and certifications, please also refer to:

- **Publication 5088**, *Site Coordinator Training*
- **Publication 4396-A**, *Partner Resource Guide*

1. Site Establishment

You should choose sites where there will be little or no charge for use of space. Libraries, community centers, and schools are excellent examples of space that can be obtained at little or no cost to you. In instances where there is a charge for use of space, refer to the Management of Funds section of this handbook. The availability of a telephone for use by volunteers to obtain technical assistance from the IRS should be considered in your site selection. In addition, the availability of parking for your volunteers should be considered when selecting a site.

Site Management

Due to IRS SPEC Territory Office no later than January 15

You should establish sites and provide the IRS SPEC Territory Office with a list of site addresses and hours/days of assistance as soon as this information is known, but no later than January 15th. **Form 13715**, *Volunteer Site Information Sheet* can be used for this purpose. Form 13715 can be found on www.irs.gov. TCE grant recipients should provide this list immediately to the IRS SPEC Territory Office and throughout the filing season when revisions have been made to the site addresses and hours/days of assistance. The grant recipient is responsible for establishing a quality control process to regularly monitor the validity of their site information to ensure accurate information is reflected. The IRS toll-free telephone assistants must have access to the most current information in order to provide accurate site location information to taxpayer. You must indicate on the above list which sites, if any, have telephone answering facilities and indicate the telephone number on the list. You must also notate which of the sites offer electronic filing services. Again, any changes to this information should be reported to the IRS SPEC Territory Office immediately.

2. Site Supplies

Forms and publications may be ordered via Form 2333V, *Volunteer Order Form*, which is available from the local IRS SPEC Territory Manager.

- Standard supplies needed may include, but are not limited to: pens, paper, pencils, staplers, calculators, scissors, tape, paper clips, mailing envelopes, printer cartridges and other supplies that may be used by volunteers at a site. **Standard supplies cannot be ordered using Form 2333V.**
- *Partner Resource Guide*, **Publication 4396A**, includes information related to major program components, hyperlinks to forms and publications you may need and a description of their use.

3. Site Records

As a grant recipient you should maintain site records of the types of assistance provided to taxpayers. The type of assistance that needs to be captured includes, but not limited to is:

- Number of individual Federal tax returns prepared (paper)
- Number of individual Federal tax returns prepared (e-file)
- Number of taxpayers assisted - all others (excludes return preparation)

In addition, each volunteer is responsible for completing reimbursement vouchers as directed by you, the grant recipient. These vouchers should show their allowable expenses incurred in the program. The types of assistance information and the completed vouchers will then be consolidated and the data will be incorporated into the **Form 8654**, *TCE Semi-Annual/Annual Program Reports* submitted to the TCE Grant Program Office and when requesting financial payments through the Department of Health and Human Services (HHS) Payment Management System (PMS). See Semi-Annual/ Annual Report Requirements section for more information on these reports.

The *Volunteer Site Coordinator's Handbook*, **Publication 1084**, provides guidelines to ensure that all sites operate in a consistent manner and includes steps to managing a model site, including special sections on quality tax preparation, service and site operation. This publication should be referenced.

4. E-filing of Returns

A valuable community service is performed when organizations and agencies band together to ensure all eligible taxpayers are aware of and take advantage of available free income tax assistance and electronic filing. E-filing of returns has many benefits for the taxpayer including; faster processing of the return, a greater accuracy rate, less correspondence with the IRS because of increased accuracy, and faster refunds compared to paper filers. It is the intention that all grant recipient organizations electronically file all eligible returns. It is a goal for the TCE program that grant recipients electronically file at least sixty five percent of all returns completed for taxpayers aged 60+. If an organization does not meet the sixty-five percent elderly e-file goal, it will impact their consideration for a TCE grant during the subsequent year grant application period.

Site Management

The IRS recognizes that each organization is at a different stage of instituting electronic filing into their tax assistance program and will offer the necessary guidance, assistance, and support along the way. You may be able to use your organization's existing computer equipment depending on whether it is compatible with the requirements of the tax preparation software. Although IRS provides a small quantity of laptops and printers for use at existing sites, new and current grant recipients are encouraged to include funding for computers and printers as a budgeted item in the grant proposal when community resources are not available.

IRS provides tax preparation software for its tax preparation sites free of charge. It is an expectation that grant recipients utilize this software for their TCE e-file program. Monies from the grant cannot be used to purchase tax preparation software. Three products are available – desktop, online and self-preparation.

Current users of desktop and new sites are strongly encouraged to consider the benefits of on-line software and use it when practical. The license agreement for this software allows the installation on multiple computers at each site.

Advantages of this product include:

- No installation on individual computers – Program maintained on the software provider's server. Desktop users must install software on their own computers.
- No updates required – Program is updated by the software provider. Desktop users must download and update all computers. Failure to timely install updates may result in the rejection of returns.
- No need to backup and restore returns to a central computer for transmission – Data is already at the software provider's server. Desktop users must download and restore returns to their central computer designated for transmission since only one computer per site may transmit returns.
- Remote access to troubleshoot problems – The software provider is able to access users' computers remotely to assist in resolving problems. This remote access allows them to see what the user sees. This connectivity is not available in the desktop version.
- Improved security
 - No data stored on individual computers. Data is securely stored at the software provider's secured facility. Desktop users store data on individual computers.
 - The software provider uses software to reduce threat of hackers and detect intrusion attempts. Desktop users don't always have this additional layer of protection.
- Access from any computer with proper identification and broadband Internet - Product is immediately available for use. Desktop product must be installed.
- Improved design – Easier access overall to tools used for return completion. Accessing some tools in desktop require more steps.

There are a number of important resources available to you regarding electronic filing information at volunteer sites. They include **Publication 1345**, *Handbook for Authorized IRS e-file Providers of Individual Income Tax Returns*; and **Publication 3112**, *IRS e-file Application and Participation*. These documents can be found on IRS' website www.irs.gov along with other important IRS e-file information.

a) Securing an Electronic Filing Identification Number (EFIN)

To obtain an EFIN for your site, visit www.irs.gov and type in "e-services" in the key word search field. To assist in completing the online application for an EFIN contact your local SPEC Relationship Manager. A separate EFIN must be requested for each physical location. Once your application is approved, you will be assigned an EFIN which will enable your site to e-file tax returns.

b) License Agreement

The license agreement between IRS and the software provider is a "site" license agreement. A site is defined as a physical location for purposes of the software license. Each site must have its own unique EFIN. A separate license must be acquired for each site at which the software will be used.

Site Management

Additional Conditions to License Agreement

- The license agreement allows for software to be used from one physical location (EFIN).
- For desktop users, only one computer per EFIN may transmit. (Note: If the transmitting computer breaks, it may be replaced with another computer.) Some examples are:
 - A military base is considered one physical location even if they have multiple tax centers on the base.
 - An Indian Reservation with multiple tax sites is required to have a separate license for each tax site.
 - A college or university campus is considered one physical location; however, separate campuses or satellite campuses of the college or university require a separate software license.
 - A separate software license for each physical location accessing the software from a Local Area Network (LAN) is required.
- Site Coordinators/Transmission Coordinators (or other designees) may load the software on their individual personal computer for the purpose of transmitting returns for a location without a phone, modem, or internet connection. Remember - Desktop users may only use one computer for transmission. Note: Grant funds can be used to pay for Internet connectivity costs.
- Any site meeting one of the exceptions provided below that use laptop computer(s) and transmission is centrally done from one computer, a single software license is required.
- The duplication of the installation CD to facilitate installation on multiple computers is permitted.

c) Facilitated Self Assistance Model

Traditionally TCE provides return preparation services one-on-one to those that visit the site. SPEC has an additional model where sites offered expanded services using computer kiosks. Research shows that access to computers and fast Internet connections are barriers to taxpayers filing their own returns and indicate that an estimated 16 million additional taxpayers would use free help if it were readily available.

TCE sites offer a tremendous opportunity to fill the gap. Sites can assist more taxpayers by helping them prepare and file their own returns. Sites provide computers and Internet along with a certified volunteer to answer questions as taxpayers prepare their own returns. Software is available through the Free File Alliance and other software providers for federal and state return preparation. Incorporation of the model into existing services benefits both the sites and the taxpayers.

Tax Site Benefits	Taxpayer Benefits
• Prepare and e-file more tax returns	• Access to online tax software
• Allows sites to more fully leverage their volunteers	• Assistance from volunteers as needed
• Target taxpayers who need one-on-one help	• Increased knowledge of how tax laws impact individual returns
• Reduce lines at peak times	• Reduced wait time for tax preparation
• Increase options for taxpayers	• Expanded free tax help options
• Receive credit for returns filed	• Builds confidence to file without assistance

Funds from the TCE Grant can be used to support this model as long as these conditions are met.

- Taxpayer prepares and electronically files his or her own return;
- Certified volunteer is present to assist if questions arise;
- Software used is available free of charge for use in preparing federal and state returns;
- Computers and Internet connection provided at the site;
- Software allows capture of Site Identification Number; and
- Site operations do not commingle returns prepared using the traditional TCE model with the computer kiosk TCE model.

Consider adding this to your portfolio of services for the filing season.

Site Management

5. Quality Site Requirements for Tax Assistance

A measure of the effectiveness of program operations is the quality of service provided to the elderly. Given the complexity of the Federal tax laws, it is important to monitor the accuracy and completeness of information being provided. All volunteers have the responsibility to provide quality service and to uphold ethical standards. Volunteer Standards of Conduct have been developed and are included as part of the volunteer certification process.

The IRS identified ten practices to ensure taxpayers visiting volunteer sites receive quality service and accurate return preparation. These ten practices are called Quality Site Requirements (QSR). Each taxpayer using the services offered through the TCE program should be confident they are receiving accurate return preparation and quality service. The Quality Site Requirements are designed to ensure consistent operational processes so that our mutual objectives are met in providing accurate return preparation and quality service. All volunteer tax preparation sites in the TCE program must adhere to these requirements:

- **QSR - 1 – Certification.** New volunteers must complete the Volunteer Standards of Conduct (VSC) Training. Returning volunteers are encouraged to review the VSC Training as a refresher. ALL VITA/TCE volunteers must pass the VSC certification test with a score of 80% or higher.

All returning volunteer instructors, preparers, coordinators and quality reviewers are not required to take Intake/Interview & Quality Review Training but must certify by passing the associated certification test.

NOTE: New volunteers in these same positions are required to take the [Publication 5101, Intake/Interview & Quality Review Training](#), and pass the certification test through Link and Learn Taxes and/or [Form 6744, VITA/TCE Volunteer Assistor's Test/Retest](#).

Publication 5101, *Intake/Interview & Quality Review Training* details how to prepare and quality review tax returns. This process includes interviewing the taxpayer and discussing items [Form 13614-C, Intake/Interview & Quality Review Sheet](#).

AARP Foundation Tax-Aide is using the information from SPEC's training materials to create their own training materials for both Site Coordinator training as well as the Intake/Interview and Quality Review Training. They will instruct their volunteers on all required training including training for all Local Coordinators (term for Site Coordinators) as well as the Intake/Interview and Quality Review Training for all volunteers who instruct, prepare and quality review tax returns. In addition to being covered during their face-to-face training sessions, all volunteers will receive the appropriate training materials by e-mail and asked to review those materials again prior to reporting to their sites.

All other TCE Site Coordinators are required to complete annual Site Coordinator Training and pass the Site Coordinator Test. This training is available through Link & Learn Taxes (L<) or [Publication 5088, Site Coordinator Training](#) located on www.irs.gov.

Volunteers who answer tax law questions, teach tax law classes, prepare or correct tax returns and/or conduct quality reviews of completed tax returns are required to be certified in tax law. All designated/peer-to-peer quality reviewers are required to be certified at the Basic level or higher based on the complexity of the tax returns they review. All VITA/TCE instructors are required to be certified at the Advanced level based on the level of tax topics they teach. Volunteers may complete training by classroom, self-study, or *Link & Learn Taxes*. Refer to [Publication 1084, IRS Volunteer Site Coordinator Handbook](#) for a complete illustration of the Certification Process.

- **QSR - 2 – Intake/Interview and Quality Review Process** All sites are required to use [Form 13614-C, Intake/Interview & Quality Review Sheet](#), for every tax return prepared by an IRS tax law-certified volunteer. All IRS tax law-certified volunteer preparers are required to complete the entire Intake and Interview Process when preparing tax returns. To promote accuracy, this process must include an interview with the taxpayer while reviewing Form 13614-C and all supporting documents prior to preparing the tax return. Volunteers must also verify that the tax return is within the scope of the VITA/TCE Programs and the volunteer's certification level. If the return is out-of-scope for VITA/TCE, the taxpayer will need to be referred to a professional preparer. All tax returns are required to

Site Management

be quality reviewed and discussed with the taxpayer. Reviews conducted by a designated reviewer or a peer-to-peer reviewer must comply with this requirement. Self-review is not an approved method. The quality reviewers should be experienced IRS tax law-certified volunteers. All quality reviewers are required to inform the taxpayer, that they are ultimately responsible for the information on their tax return.

- **QSR - 3 – Confirming Photo Identification and Taxpayer Identification Numbers (TIN)**
Coordinators are required to have a process in place to confirm taxpayer identities. This process must include using acceptable documents to confirm taxpayer identities by reviewing: Photo identification for primary and secondary taxpayers; and Social Security Number (SSN) or Individual Taxpayer Identification Numbers (ITIN) for everyone listed on the tax return. Volunteers should validate taxpayers' identities and identification numbers prior to preparing the tax return. Please refer to [Publication 4299](#) for more information on what is considered an acceptable document for photo identification and / or what documents can be used to confirm a TIN. Publication 4299 also provides exceptions for taxpayers known to the site.
- **QSR - 4 – Reference Materials** All sites are required to have one copy (paper or electronic) of the following reference materials available for use by volunteers.
 - [Publication 4012](#), *Volunteer Resource Guide*
 - [Publication 4299](#), *Privacy, Confidentiality, and Civil Rights - A Public Trust*
 - [Publication 17](#), *Your Federal Income Tax for Individuals*

Site coordinators are required to have a process in place to ensure all Volunteer Tax Alerts or AARP Cyber Tax Messages issued by AARP Foundation Tax-Aide (Tax-Aide) have been reviewed and discussed with all volunteers.

Electronic access to the Publications 17, 4012, and 4299 are available via IRS.gov or through a TaxSlayer link within the software.

- **QSR - 5 – Volunteer Agreement, All volunteers** must complete the Volunteer Standards of Conduct (VSC) certification test annually, and sign and date [Form 13615](#), *Volunteer Standards of Conduct – VITA/TCE Programs*, prior to working at a VITA/TCE site. To be valid, Form 13615, *Volunteer Standards of Conduct Agreement*, must be certified (signed and dated) by the site coordinator, sponsoring partner, instructor, or IRS contact prior to working at the site. This validates that the partner's approving official has verified the volunteer's identity, the volunteer has completed the required IRS training certification test(s), and the volunteer has signed and dated Form 13615. The approving official is required to validate volunteers' identities using government-issued photo identification (ID), when reviewing and signing Forms 13615.
- **QSR - 6 – Timely Filing for e-filed returns, Form 8879, IRS e-file Signature Authorization**, is required to be signed by the taxpayer, which gives the site permission to e-file their tax return. IRS requires this form to be maintained for three years by the partner; however, VITA/TCE sites received a waiver for the three-year retention requirement for Form 8879 and supporting documents. Based on this waiver, all VITA/TCE sites are required to secure the taxpayer's and spouse's signature on Form 8879. In addition, the signed Form 8879 is required to be given to the taxpayer along with a copy of their tax return. Without a signed Form 8879, the site does not have permission to e-file nor can it provide evidence to show taxpayers had the opportunity to read the important declaration prior to submitting the e-filed tax return.
- **QSR - 7 – Civil Rights**, Title VI of the Civil Rights Act of 1964 information must be available to all taxpayers who seek services at the site. The taxpayer must have access to the civil rights information even if a tax return is not completed.

All VITA/TCE sites are required to make available to all taxpayers who seek services at the site the current [Publication 4053](#) (EN/SP), *Your Civil Rights are Protected*, or a current D143, AARP Foundation Tax-Aide (poster). These posters provide volunteers and taxpayers with contact information to report discriminatory treatment. If a taxpayer or volunteer has a civil rights complaint, they must be referred to the contact information on [Publication 4053](#) (EN/SP). If taxpayers request the information in writing, they can be provided Publication 4454, *Your Civil Rights are Protected*, if available.

Site Management

In addition to the Publication 4053 (EN/SP) and the Tax-Aide D-143, all VITA/TCE sites serving Chinese, Korean, Russian, Spanish, and/or Vietnamese Limited English Proficient (LEP) taxpayers must make available Publication 4053 in Chinese (CN), Korean (KR), Russian (RU) and/or Vietnamese (VN) languages. These posters are available electronically on IRS.gov.

Publication 4454 brochure is an optional product designed to notify taxpayers of their civil rights when tax preparation services cannot be offered, (i.e., lack of information to prepare return, return not within scope of the VITA/TCE programs, etc.).

Using Publication 730 or the Tax-Aide Envelope as the source for notifying the taxpayers of their civil rights is not acceptable. These products only provide information to the taxpayer who receives service, not the taxpayer who is denied service.

- **QSR - 8 – Site Identification Number (SIDN)** It is critical that the correct Site Identification Number (SIDN) is included on **ALL** returns prepared by VITA/TCE sites.
- **QSR - 9 – Electronic Filing Identification Number (EFIN)** The correct EFIN must be used on every return filed electronically.
- **QSR - 10 – Security** All security, privacy, and confidentiality guidelines as outlined in **Publication 4299, Privacy, Confidentiality, and Civil Rights – A Public Trust**, are required to be followed. A copy (paper or electronic) of this publication must be available at every site and used when referring to security, privacy, confidentiality, and civil rights issues.

Publication 4299 serves as the resource document for providing guidance on securing personally identifiable information (PII) shared by taxpayers, volunteers, and partners as well as guidance on protecting the privacy of taxpayers', volunteers', and partners' PII.

All coordinators are required to have security procedures in place as described in Publication 4299 for the following processes:

Preparing an annual security plan to safeguard taxpayer data. (Sites can use Form 15272, VITA/TCE Security Plan, or a similar document that captures the same information.)

Protecting all computers with passwords.

Using a hard-wired internet connection or password protecting all wireless internet connections.

Securing computers, printers and all equipment after site operating hours.

Safeguarding PII at the site by safely storing and/or properly disposing of the information.

Securing IRC Section 7126 consent notices as required.

Limiting volunteer access in the tax software outside of site operating hours.

SPEC's corrective actions to increase identity theft prevention behavior at all VITA/TCE sites outline that all volunteers are required to:

- Wear name identifications, at a minimum that includes the volunteers' first name and first letter of their last name. This can include a work ID, Tax-Aide name badges, IRS Badge Stickers, or similar products. Form 14509, *Volunteer ID Card*, is an optional product developed for volunteers to display their identity. The ID badge does not need to be updated annually unless the information on the badge has changed. However, wearing identification no longer serves as proof of certification.
- Request a photo ID from taxpayers/spouses and proof of social security number (SSN) or individual tax identification number (ITIN) for everyone listed on the tax return. Exceptions for requiring photo ID should only be made by the site coordinator under extreme circumstances and should not be the normal process at the site. For example, there may be limited situations where an exception may apply to a person with a disability, the elderly, or other unique circumstances. See Publication 4299 for more information on exceptions.
- Validate social security numbers by using various documents issued from the Social Security Administration (SSA). This includes social security cards, social security letters, social security

Site Management

income statements, and SSA verification documents with truncated SSN. The Coordinator can determine if they want to allow a truncated SSN as proof or require the taxpayer to provide a social security card or other acceptable methods of verification. Photo copies or electronic images of social security cards are acceptable. For more information, please refer to Publication 4299, *Privacy, Confidentiality, and Civil Rights - A Public Trust*.

You must take all reasonable steps necessary to ensure that information provided by taxpayers remains confidential, and inform volunteers that the provisions of Title 18, United States Code, Section 1905, relating to disclosure of tax information, applies to volunteers just as if they were employees of the United States. Title 18, section 1905 states: Whoever, being an officer or employee of the United States or of any department or agency thereof, any person acting on behalf of the Federal Housing Finance Agency, or agent of the Department of Justice as defined in the Antitrust Civil Process Act (15 USC 1311-1314), or being an employee of a private sector organization who is or was assigned to an agency under chapter 37 of title 5, publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by law any information coming to him in the course of his employment or official duties or by reason of any examination or investigation made by, or return, report or record made to or filed with, such department or agency or officer or employee thereof, which information concerns or relates to the trade secrets, processes, operations, style of work, or apparatus, or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation, or association; or permits any income return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law; shall be fined under this title, or imprisoned not more than one year, or both; and shall be removed from office or employment, particulars thereof to be seen or examined by any person except as provided by law; shall be fined under this title, or imprisoned not more than one year, or both; and shall be removed from office or employment.

Where to locate information

The Quality Site Requirements can be found in the following locations:

- **Publication 1084**, *IRS Volunteer Site Coordinator Handbook*
- **Publication 5166**, *Quality Site Requirements*
- www.irs.gov - Key word search: Quality Site Requirements

6. Publicity

You are responsible for publicizing the TCE Program so that information about it also reaches the elderly, which is defined as taxpayers age 60 years or older. Plans for publicity should be made well in advance of the dates assistance is to be offered. All publicity must mention that tax assistance is offered FREE of charge to those taxpayers 60 years of age or older. See **Publication 1084**, *IRS Volunteer Site Coordinator Handbook* for more information on publicity and marketing; including draft copies of news releases that you can utilize for recruiting volunteers or advertising site availability. Publication 1084 can be found on www.irs.gov.

Management of Funds

1. Financial Reporting Requirements

Once a grant is awarded, and all appropriate documents are signed by the IRS Director, Stakeholder Partnerships, Education and Communication (SPEC), Wage and Investment Division, and the responsible official for the grant recipient organization, a request will be sent to the [Department of Health and Human Services](#), Payment Management Services to establish electronic access to funds. This process generally takes 3-4 weeks.

- a. You must maintain advances of federal grant funds in accounts of a bank with Federal Deposit Insurance Corporation (FDIC) insurance coverage and the balance exceeding the FDIC coverage must be collaterally secured. Accounts must also bear interest unless:
 - i. you receive less than \$250,000.00 in federal awards per year; or
 - ii. the best reasonably available interest-bearing account would not be expected to earn interest in excess of \$500.00 per year on federal cash balances; or
 - iii. the depository would require an average or minimum balance so high that an interest-bearing account would not be feasible, given the grant recipient's expected federal and nonfederal cash resources.
- b. You may retain up to \$500 in interest earned each year for administrative expense. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System (PMS).
- c. Any changes to the above procedures must be approved in writing by the IRS Grant Program Office.
- d. No more than 30 percent of the grant funds awarded may be expended for administrative expenses. All proposed administrative costs must be shown on the appropriate lines of [Form 8653](#), *TCE Program Application Plan*.
- e. Unexpended grant amounts must be returned to the Internal Revenue Service. (Refer to Publication 4883, *Grant Programs Resource Guide* for more information). Improper expenditure of grant funds will result in a debt to the federal government and the federal government is generally obligated to charge interest on any amount not repaid timely. See 31 CFR 901.9.
- f. During the grant cycle, you are required to submit Semi-Annual, Annual and Final Narrative reports to give us specific information about the methods and procedures used to implement your program. Refer to Semi-Annual/Annual Report Requirements section of this publication for more information. The expenses shown under the Allowable/Unallowable Expenses section of this publication are allowable costs provided they are ordinary and necessary and, in total, do not exceed the amount of the total award specified in the Cooperative Agreement. Changes to the budget activities between categories may be made without pre-approval when a change is 10% or less of the total award. Approval of changes greater than 10% must be requested in advance in writing and approval received before the change may be made. The maximum award amount does not change.
- g. Withdrawals. An application may be withdrawn at any time during the application process or prior to the time the grant money is awarded. If an accepted grant recipient finds it necessary to withdraw from the TCE Program, the grant recipient organization must return any unexpended monies to the IRS in 15 days and submit a letter of withdrawal from the program. *ALL WITHDRAWALS MUST BE MADE IN WRITING.*

2. Allowable/Unallowable Expenses

Federal funds may be used for expenses or costs that would not have been incurred but for the TCE program. Expenses are only allowable if they are reasonable expenses or costs. Reimbursement should be for direct, reasonable and prudent expenses incurred as part of volunteer service or as part of the grant recipient's overhead according to guidelines stated in the Cooperative Agreement. Indirect cost expenditures are not allowable.

Management of Funds

Grant funds are used to reimburse volunteers for out-of-pocket expenses including transportation, meals and other expenses incurred by them in providing tax counseling assistance at locations convenient to the taxpayers. In addition to volunteer out-of-pocket expenses, funds may be used by the grant recipient organization for salaries, wages, and benefits of personnel that provide administrative or database support; or technical personnel responsible for providing support for electronic filing for the TCE program, (i.e. maintenance of equipment). The salaries, wages and benefits of these individuals may be paid under the grant for any time period that they spend their time working on TCE.

Reimbursements may be made to volunteers for actual expenses incurred or stipends provided to volunteers. Either method is permitted and both stipends and actual reimbursements can be used by a grantee simultaneously as long as records are kept on both and the total is reported. Please note: Stipends must be designated on the expected out-of-pocket expenses, rather than the time engaged in volunteer service.

In order for stipends to be an allowable expense, the grantee must have a written stipend policy in place and must provide the stipends in accordance with this policy. While a grantee may provide both stipends and reimbursements for actual expenses, the grantee may not provide both a reimbursement of actual costs and a stipend in lieu of reimbursement for the same expense. For example, if a volunteer receives a stipend to cover the estimated costs of traveling to the site, the volunteer may not also receive reimbursement for the actual cost incurred traveling to the site.

In addition, office or site supplies that are needed to aid the volunteers or taxpayers during tax assistance are allowable expenditures using grant funds, as well as; printing and postage costs; installation of telephone lines necessary for offering electronic filing and/or to service a telephone answering site; Internet connectivity charges to facilitate offering efile services, rent, utilities, and custodial services when necessary; and costs for interpreter services. Organizations may include the cost of food provided for volunteers at TCE sites. It is an allowable expense as long as the purchase meets all OMB established criteria (necessary, reasonable, allocable, and allowable). It must be incurred solely in support of the program. Total expenses for food may not exceed \$500. Purchase of food for customers is not allowed because it is not in support of the program. A reasonable proposal that includes this expense considers the number of volunteers, days and hours the site operates, length of the site session and type of foods provided. The cost of foods purchased in conjunction with an event considered entertainment or social activity is not allowable. Projected budget for food needs to be included within the Proposed Budget Plan and under "Other" within the **Form 8653**, *TCE Program Application Plan*.

Grant Recipients may use grant funds to purchase computer equipment (for example, computers and printers) for electronic filing purposes with a unit cost not to exceed \$1,000. Note: If the grant recipient organization is not accepted into the TCE program for future awards please refer to 2 CFR 200.312 and 200.313 for guidance on the disposition of property purchased using federal funds.

Such allowable expenses included are in the following table:

Allowable Expenses	Unallowable Expense
Salaries, wages, and benefits of clerical, administrative or technical personnel are allowable only for direct, reasonable and prudent expenses incurred as part of the grant recipient's overhead.	Costs associated with the preparation of TCE program application package

Recognition items should be reported on Form 8653 and Form 8654 as an administrative expense under "Supplies/Volunteer Recognition".	Postage to mail tax returns to IRS offices or state offices
Computers and printers (with a unit cost not to exceed \$1,000) can be purchased to support e-file using grant funds. Costs associated with computer repair of equipment used for tax preparation services are also allowable. These expenses must remain within your total grant amount and should be noted on line 17 of Form 8653 and line 21 of Form 8654 (see www.irs.gov to access form). Purchase of food or beverages for customers or in conjunction with an event considered to be entertainment or social activity.

Multi-Year Grant

Multi-year grant opportunities are available for organizations that are interested and meet the criteria. Organizations submitting an application can elect, if they are interested, to be considered for a multi-year TCE grant. Consideration is limited to those applicants that meet all eligibility requirements. The TCE

Multi-Year Grant

Grant is a one year grant covering the period October 1 through September 30; however, some applicants may forego certain aspects of the application process if they have previously been awarded a multi-year award.

Application for Multi-Year Award

Applicants that received a TCE Grant award previously may indicate interest in receiving a multi-year award for up to three years during the application process. All components of the application are required during the request year.

1. **Eligibility Requirements:** In order to be eligible for a multi-year award, the applicant must be in good standing based on the grant program records. In general, a prior year grant recipient is considered to be in good standing if:
 - a. No significant concerns were raised in prior years during territory office assistance visits, financial reviews, TIGTA reviews, or Grant Program Office administrative reviews in the following areas:
 - ii. Accounting and recordkeeping practices
 - iii. Accuracy and quality of returns
 - iv. Volunteer training
 - b. Applicant successfully met its program plan and return production goals as agreed upon in the most recent grant cycle.
 - c. Applicant demonstrates its ability to grow and sustain its program in the areas of returns prepared, e-file percentage, and volunteer resources.
2. **Application Requirements:** Interest in a multi-year award should be indicated in three areas within the application package:
 - a. Check the multi-year box on the [Form 14204](#), *TCE Application Checklist and Contact Sheet*,
 - b. Provide information within the proposed program plan (item 10) on the organization's growth plans (for 3 years) for increasing assistance provided in the elderly community; and
 - c. Project your organization's budget plan (item 16) that is anticipated during Years 2 and 3 of the multi-year award cycle so more elderly taxpayers receive assistance.
3. **Award Determination:** Eligible applicants that apply for a multi-year award and score 90% (90) or better during the technical evaluation will be considered for this award opportunity. Multi-year grant recipients are selected at the discretion of the IRS and IRS reserves the right to impose a limit on the number of multi-year grant awards and available funds awarded to multi-year recipients. The [Form 9661](#), *Cooperative Agreement*, will indicate whether the award is a multi-year award. Two sections confirm award:
 - Multi-Year Award section will state “Yes” if the applicant was granted this status.
 - Multi-Year Period section will state “1” to indicate that the recipient is in the first year of a three year award period.

Continuation of Multi-Year Award

Applicants that received a multi-year award and the multi-year period section of the most recent cooperative agreement shows either period “1” or “2” may forego certain aspects of the grant application process and follow the guidance outlined below for the abbreviated application process. If the multi-year period section shows period “3,” the applicant will need to reapply for multi-year if they continue to be interested following the information shown under the preceding section, “Application for Multi-Year Award.”

Abbreviated Application Process for Continuation of Multi-year Award - The applicant must:

1. Receive confirmation from the Grant Program Office that they are eligible for continued multi-year consideration. Notification will be sent in late April. If the notification indicates the applicant is not eligible, the applicant must follow normal application procedures for consideration of a subsequent year grant.
2. Indicate on the Application for Financial Assistance, Standard Form 424, that they are seeking a “Continuation” grant in Block 2.

Proposed Program/Budget Plan

The Proposed Program Plan is designed to solicit information concerning your proposed tax assistance program, and the methods and procedures you plan to use in implementing the program. Be sure to type (double-spaced), and number your responses to correspond with appropriate requirement.

You must also complete **Form 8653** (*Application Plan*) and submit it along with your response to the statements below. See Appendix B for sample Form 8653 and blank copy for your use. The language used in your proposed program plan should not simply describe what has been done in the past or describe existing programs. Instead, you should indicate what type of assistance you plan to provide if a grant is awarded to your organization.

Question 10 (within program plan) and Question 18 (within budget plan) should ONLY be completed by those applying for the multi-year grant. You must meet the criteria to apply. See Multi-Year Grant section for more information.

Program Plan

1. Briefly describe your overall plans to implement this program and the steps that will be taken to ensure compliance with its rules and administrative guidelines. Describe what type of services will be provided at the sites for the elderly - be specific. Are the sites accessible to persons with disabilities?
2. Describe the methods and resources that will be used to recruit volunteer assistors/quality reviewers, instructors, and coordinators/administrators.
3. Describe plans to provide training for the volunteers. Include the length of the training, the audience and the level of each training class - basic, intermediate, advanced, etc. All volunteer and site coordinator training plans must be reviewed and approved by the local IRS SPEC Territory Office. IRS will provide "train the trainer" sessions, but it is the responsibility of the grant recipient to train their own volunteers.
4. Describe plans for program and site publicity. How will the elderly be targeted?
5. Describe planned actions to ensure that the volunteers provide quality service to elderly taxpayers. You must describe planned on-site quality review procedures and periodic meetings you will hold to draw the attention of volunteers to problem areas. (Please refer to Quality Site Requirements section).

Proposed Program/Budget Plan

6. Indicate the steps that will be taken to ensure taxpayer privacy and to maintain the confidentiality of tax returns. (Please refer to Quality Site Requirements section).
7. Identify the geographic distribution of assistance and electronic filing sites and telephone answering sites. If plans include providing assistance in more than one state, list the anticipated number of sites for each state. Include in this description how many sites will be operated one time only during the period January 1 through April 15, and how many sites will be operated on a regular basis. Include any service that is planned for special populations, for example, interpreters for hearing-impaired taxpayers. Also include the hours of operation for your sites. Describe the validation and monitoring process that will be utilized to ensure that accurate site information is reflected in the information that is provided initially and through updates to the IRS.
8. Explain internal procedures to be used to monitor and evaluate program activities to ensure that the program is being administered in accordance with the guidelines.
9. Describe what process is used to ensure the sites will be located within large elderly populations and how the sites will be easily accessible for elderly taxpayers.
10. Multi-Year Grant Applicants ONLY – If your organization receives a multi-year grant, describe your organization's growth plans for increasing the assistance provided in the elderly community so that more 60+ taxpayers are served. Be specific on your projected goals for the 3 year term of the grant (give data for each of the three years with percentages, number of taxpayers projecting to be served, number of sites planned etc). Are there any new plans in administering the TCE Program during Year 2 or Year 3? Are any activities or processes that are currently conducted being discontinued during Year 2 or Year 3?

Budget Plan

11. Estimate the amount needed for reimbursement to volunteers. Describe your plans for reimbursement to volunteers, describe the method you will use to reimburse volunteers, and state how frequently reimbursements will be made. For example, state whether volunteers will be reimbursed for the actual expenses they incur or whether stipends will be provided. If you are planning to provide stipends to your volunteers, indicate the amount of the stipend. Stipends must be designed to relieve the volunteer of expense documentation, should be estimated based on expected out-of-pocket expenses, and should be provided in accordance with a written stipend policy. **Stipends may not be based on the time the volunteer is expected to be engaged in volunteer service.** Note: Either method is permitted and both stipends and actual reimbursements can be used by a grantee simultaneously as long as records are kept on both a stipend and a reimbursement are not provided for the same expense(s), and the total is placed under lines 1-3 of **Form 8653**, *TCE Application Plan*.
12. Describe the forms and vouchers you plan to use to record volunteer and other expenses; describe your accounting procedures; and describe your plans for audits and controls.
13. Describe your proposed plan and associated activities to provide electronic filing services to elderly taxpayers. Include the type of expenses that are anticipated, the estimated amounts, and how many returns you anticipate on e-filing. The total estimated cost of electronic filing should be stated on Line 17 of Form 8653. These expenses are not considered administrative expenses and they should not exceed the total grant amount.
14. Itemize and explain your anticipated program costs for all administrative expenses, including estimated costs for the volunteer recognition items and any food items being budgeted for the volunteers at the site. These costs cannot be more than 30% of the estimated program cost or line 15 of the Form 8653. Administrative costs should not include the cost of a trip(s) to the IRS Office.
15. Provide an estimate of travel expenses (including meals, lodging, taxi fares, etc.) that you anticipate in attending meeting(s) at the IRS. The IRS may conduct an orientation-type meeting to overview the expectations of the program or invite you to participate in other meetings. Additionally, the cost to travel to train-the-trainer sessions is reimbursable as long as your organization is granted a TCE award. If your organization attends one of these sessions and incur expenses and is not granted an award, these expenses will not be reimbursed by the IRS. Cost of travel by commercial transportation must be economy fare, and discount rates (excursion and/or "supersaver" fares) should be used when applicable. Meals and lodging will be limited to the

Proposed Program/Budget Plan

applicable government per diem rate in effect at that time. For estimating travel expenses include \$200 per day for meals and lodging and \$700.00 for round trip air fare if the territory office is not accessible by car. Note: The total estimated cost of travel to the IRS Office or to meetings arranged by the IRS should be reported on line 16 of Form 8653.

16. State whether your organization has received federal funding in the last five years? If yes, continue to answer the following questions. If no, continue to question 17.
 - a. In any of the last five years, did your organization expend \$750,000 or more in federal funds in any single year? If yes, continue to B. If no, continue to question 17.
 - b. Did you have an audit conducted as required by 2 CFR 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements of Federal Awards? If yes, continue to C. If no, explain why one was not conducted and continue to 17.
 - c. What were the results of the most recently completed audit?
 - d. If any unfavorable findings (significant deficiencies), describe the corrective action planned and the status of implementation.
 - e. Is a copy of the audit results available on <https://harvester.census.gov/facweb>? Provide a copy with the application if it is not available.
17. For organizations answering “No” to question 16 above. Answer the following:
 - a. Does your organization complete an annual audit?
 - b. What were the results of the most recently completed audit?
 - c. If any unfavorable findings were identified by your auditor, describe the corrective actions planned, the status of implementation, and provide a copy of the audit report.
 - d. Who in your organization is responsible for your organization’s tax matters? Please make sure this information is included on the Form 14335, Contact Information for VITA and TCE Grant Programs for tax matters contact.
18. **Multi-Year Grant Applicants ONLY** – Provide your organization’s anticipated TCE budget for Year 2 and Year 3 of grant cycle if you are awarded a multi-year grant. If budget is planning to increase, explain in detail what changed.

Selection and Award of TCE Grant Recipients

Through the selection and award decision-making process, the IRS will seek to implement Congressional intent to enter into cooperative agreements with private or public non-profit agencies and organizations, which will provide training and technical assistance to volunteers who provide FREE tax counseling and assistance to elderly individuals in the preparation of their federal income tax returns. To qualify, an applicant must be exempt under Section 501 of the Internal Revenue Code or be a federally recognized Indian tribal government. Federal, state, or local governmental agencies or organizations are not eligible.

All applications will undergo a preliminary eligibility screening. Applications that do not meet all eligibility screening criteria will be eliminated from the award process. Applications that pass the eligibility screening will then be evaluated based on their technical merit, the appropriateness of funds sought for quantity and quality of services being offered and the reasonableness of administrative costs.

Evaluation Process

Applications that pass the eligibility screening process will undergo a two-tiered evaluation process. Applications will be subject to both a technical evaluation and a secondary evaluation by the TCE Grant Program Office. The IRS retains discretionary authority to award grant funds based on program plans to achieve the goals of the TCE Program.

Evaluation Process

1. Evaluation Criteria

During the technical evaluation, each application will be awarded points in each of the evaluative criteria areas listed below based on the information contained in the application's background narrative and/or proposed program/budget plan. The criteria below reflect the maximum number of points that may be assigned in that category. In assigning numerical points, the IRS will evaluate the background narrative and program plan based on how it will assist in the accomplishment of the TCE Program objectives as stated in the "TCE Program Overview" section at the beginning of this publication. Organizations can receive a maximum of 100 points.

1. **Quality of Programs and Services for age 60 and over** (i.e., qualifications of employees, time devoted to the program, employee/volunteer training, publicity, hours of operation, site location convenient to target elderly taxpayers 60 years and above and ensure elderly taxpayers are given priority services). Only an organization whose tax assistance program will focus on serving elderly taxpayers will be eligible for the maximum number of points. (30 points);
2. **Geographic coverage and extent of coverage for age 60 and over** (i.e., the number of proposed assistance sites, number of volunteers, number of Federal income tax returns to be prepared and e-filed for elderly taxpayers, and other assistance to be provided) (20 points);
3. **Electronic Filing services for age 60 and over** (i.e., the proposed number of Federal income tax returns to be prepared and electronically filed for elderly taxpayers). Returning grant recipients' prior year e-file volume will be reviewed and the maximum number of points will be awarded for organizations that exceed 65% e-file for taxpayers aged 60+. (20 points);
4. **Prior experience in Federal Tax Return Counseling and Tax Preparation** (10 points);
5. **Quality of Cooperative Agreement Administration and Internal Accounting Procedures** (i.e., experience in providing volunteer service and services to the elderly, organizational structure, experience in managing federal grant programs, reasonableness of proposed budget (70% of grants funds should be used for reimbursement expenses and 30% will be used for administrative expenses) and qualifications of the TCE management staff) (10 points); and
6. **Past performance of a returning grant recipient** (i.e. timely submission and completeness of reports (quarterly, semi-annual, annual) and accomplishment of return production goal)) (10 points).

2. TCE Grant Program Office Evaluation

Concurrently with the technical evaluation, each application will undergo a review by the Grant Program Office. In addition, a thorough evaluation will be conducted on the applicant's background narrative and proposed program/budget plan. This evaluation will include a general review of the entire application and program/budget plan to ensure that the applicant can meet the TCE Program requirements, and that the technical evaluation did not raise any significant concerns.

3. Guiding Principle

Grant partners are expected to show incremental increases in return preparation each year.

4. Measures of Success

- Grant recipients are expected to achieve 100% of the return goal specified in their grant agreements.
- Grant recipients are expected to become more efficient each year with grant funds provided for their program. Any organization that received a grant in a prior year should prepare more returns with a similar amount of funding in the current year, reducing their cost of preparing returns.

Notification of Award Decisions

The TCE Grant Program Office will notify applicants of the acceptance or rejection of their grant application, as well as notifying those that did not qualify for the program, by email using the email address provided by your organization on [Form 14204](#), *TCE Application Checklist and Contact Sheet*. The schedule for notification will be determined based on the Congressional appropriation of funding for the TCE Program, meaning if we are operating under a Continuing Resolution, applicant notification may be delayed pending approval of TCE funds. The TCE Program is categorized as a Discretionary Grant Program, therefore the decisions

Notification of Award Decisions

made by the IRS whether to make or not make an award based on the programmatic or technical content of an application are not subject to appeal. The names, addresses, and telephone numbers of an IRS contact person will be provided to the grant recipients after the Cooperative Agreement is enacted, meaning signed and agreed upon by both the IRS and grant recipient organization.

1. What Happens after I'm Awarded

The IRS will send notification to individual award recipients. Awarded applicants receive a package including the cooperative agreement and other documents for acceptance of the grant. This package is sent to the email address indicated on the Form 14204, *TCE Application Checklist and Contact Sheet*. The applicant must sign and return the agreement and requested documents. If the actual award amount is different from the requested award amount, the award applicant will need to provide revised documents upon notification of being awarded, e.g., **Form 8653**, *Program Plan and/or Budget Plan Narrative*. Recipients are cautioned to review all award documents including the terms and conditions specific to the award agreement (either single year/multi-year award) in their entirety prior to signing. The terms and conditions can be found on the **TCE webpage**.

The notification will clearly detail what needs to be revised. Once the documents are signed and returned, you are provided the name, address, telephone number, and email address of the IRS grant officer assigned your file. It may or may not be the individual assigned the application before award. Your organization is assigned a grant officer that will work with the awarded organization throughout the grant cycle. This is your point of contact for any questions or concerns that you may have.

You are asked to provide revised documents, if applicable, and provide additional documents required to establish your account in the Payment Management System (PMS).

- **Form 9661**, *Cooperative Agreement*, must be signed by an authorized representative with authority to enter into a binding agreement on behalf of the organization.
- Program Plan and Budget Plan narratives may need to be revised based on the award amount if the program performance cannot be accomplished as originally submitted because of a reduction in the requested award amount.
- Financial plan information, such as the Form 8653, when all funds requested are not awarded.
- Contact sheet listing approved individuals we can discuss your application with and your election to share contact information with other grant recipients and non-grant recipients involved in the TCE or VITA programs.

The Federal Government may be operating under a Continuing Resolution (CR) and the Federal Government's obligation under the TCE Grant Program is contingent upon the availability of appropriated funds from which payment for the TCE Grant Program can be made. An anticipated award amount is provided to the organization in their acceptance letter. If Congress appropriates less funding than our agency budgeted, this award may need to be reduced.

2. Grant Programs Resource Guide, Publication 4883

For more information on the requirements of the program after the grant is awarded see Publication 4883, *Grant Programs Resource Guide*, which can be downloaded from our TCE website at: www.irs.gov/Individuals/Tax-Counseling-for-the-Elderly. This resource guide was developed and will be maintained to provide guidance to recipients of the TCE and/or VITA Grant Programs. The TCE and VITA grant programs are administered by the Grant Program Office within the Wage and Investment, Stakeholder Partnerships, Education, and Communication (SPEC) organization. This resource guide supplements information provided in Publication 1101, *Tax Counseling for the Elderly (TCE) Application Package and Guidelines for Managing a TCE Program*, and Publication 4671, *Volunteer Income Tax Assistance Grant Program*

Notification of Award Decisions

Overview and Instructions. It should be used as a reference tool for all TCE and VITA grant recipients and by prospective applicants when directed to do so as a resource in understanding the requirements of the two grant programs.

3. What Happens if I'm Not Awarded

The IRS will email a letter explaining that your organization was not awarded a grant and provide general information on why it was not selected. Generally more money is requested than is available. We anticipate this will occur each year as need exceeds availability. The TCE Program is categorized as a discretionary grant program, therefore the necessity for renegotiation, suspension, or termination of a Cooperative Agreement will be determined solely by the Internal Revenue Service and will not be subject to appeal.

A Cooperative Agreement remains in effect for one fiscal year. Even if a multi-year grant is awarded, a new cooperative agreement would be enacted for Year 2 and 3 of the grant cycle. The Cooperative Agreement expires annually on September 30 unless a the grant recipient organization withdraws from the TCE Program or the IRS terminates the Cooperative Agreement. Cooperative Agreements and its associated terms and conditions within [Publication 5245](#) include:

1. the roles and responsibilities to be performed by the IRS, and by the grant recipient,
2. the maximum amount of the award available to the grant recipient,
3. the services and return preparation goal to be provided and
4. other requirements as specified in the application package, Publication 1101.

The requirements of Section 163 of the Revenue Act of 1978 shall be considered to be incorporated into all Cooperative Agreements between the IRS and grant recipient organizations. Sixty-five percent of tax return preparation assistance should be provided to elderly taxpayers during the usual period for filing Federal income tax returns, which is from January 1 to April 15 each year. However, the program activities required to ensure that elderly taxpayers receive efficient and quality tax assistance can be conducted year-round.

NOTE: A Cooperative Agreement period may change if the grant recipient withdraws from the TCE Program or if the IRS terminates the grant recipient's cooperative agreement. The necessity for renegotiation, suspension, or termination of a Cooperative Agreement will be determined solely by the Internal Revenue Service and will not be subject to appeal.

Freedom of Information Act

As with many IRS programs, the TCE Grant Program is subject to the Freedom of Information Act. Individuals may request copies of your application for their review. The Freedom of Information Act (FOIA) (5 USC 552) provides public access to agency records unless protected from disclosure by certain exemptions or exclusions. Under this provision, all grant applications are made available to the public upon written request after appropriate redactions have been made to ensure confidentiality of information. Requests should be made to the local IRS Disclosure Office.

Exhibit 5: Using Grants.gov - Application Submission and Receipt Procedures

This section provides the application submission and receipt instructions for IRS program applications.

Please read the following instructions carefully and completely. Interested applicants may download the application package from Grants.gov beginning May 1 regardless of whether Grants.gov registration is complete; however, the application may not be submitted until Grants.gov registration is complete. On the Grants.gov website, locate “Apply for Grants.” Follow the instructions to download the application using the Catalog of Federal Domestic Assistance (CFDA) Number 21.006 or Funding Opportunity Number (Funding Opportunity #) TCE-2022.

1. Electronic Delivery

The Internal Revenue Service (IRS) is participating in the Grants.gov initiative to provide the grant community with a single site to find and apply for grant funding opportunities. The IRS encourages applicants to submit their applications online through Grants.gov.

2. Check Your Eligibility

Before beginning the application process, you should make sure you or your organization is eligible to apply for the grant. There are two keys to eligibility:

- a) Registering to apply through Grants.gov
- b) Understanding legal eligibility per the funding opportunity

Where do you find this information?

Here’s a link to the [Get Registered section](#). For the full legal eligibility requirements, you need to carefully read the Application Instructions that are attached to every funding opportunity in Grants.gov. The awarding agencies define eligibility in those instructions, and they may also summarize the eligibility in the Synopsis Details section.

If you don’t double check that you are eligible in the Application Instructions, you could waste a lot of time and money completing the application process for a grant you cannot legally receive, regardless of how well you write your application.

Wondering who comes up with the eligibility?

Check out the [Grant Eligibility section of Learn Grants](#) for details on how eligibility is defined and what types of funding you or your organization can generally apply for.

3. Registering an Organization

The instructions below are for new organizations or organizations that have never applied for a federal grant before. Most applicants work for organizations that already completed these steps to do business with the federal government.

Appendix B - TCE Application Forms & Aids

Exhibit 5: Using Grants.gov - Application Submission and Receipt Procedures (continued)

Before your organization can apply for a federal grant, there are several steps an organization must complete outside of Grants.gov prior to submitting an application through Grants.gov. An organization is an entity that submits grant applications on behalf of the group, such as a state government, nonprofit organization or a private business. Once you form a legal entity with a **Employer Identification Number (EIN)**, you are ready to complete the steps below.

Below are the main steps and links to more information to complete this process. The process below can take between three business days and five weeks, so please make sure to begin early. If you do not complete these steps by the submission deadline, you are unlikely to be allowed to submit an application. Contact the federal agency point of contact listed in the grant opportunity to discuss that agency's policy.

a) **Obtain a DUNS Number**

How do I get a DUNS number?

Call 1-866-705-5711 or access the Dun & Bradstreet website

→ **How long does this step usually take?**

1-2 business days

b) **Register with SAM**

How do I register with the System Award Management (SAM)?

Access <https://www.sam.gov> and complete the online registration process. You also need the authorizing official of the organization to send notarized letter to SAM and an EIN.

→ **How long does this step usually take?**

After SAM receives the notarized letter, up to 2 weeks.

c) **Register with Grants.gov**

How do I register a Grants.gov account?

Click the HYPERLINK

→ **How long does this step usually take?**

d) **Applicant FAQs**. NOTE: Passwords expire every 60 days. Accounts inactive for 1 year or more result in removal of all account roles. For more account management information, review the Applicant FAQs.

Appendix B - TCE Application Forms & Aids

Exhibit 5: Using Grants.gov - Application Submission and Receipt Procedures (continued)

4) *Add a Profile to a Grants.gov Account*: A profile in Grants.gov corresponds to a single applicant organization the user represents (i.e., an applicant) or an individual applicant. If you work for or consult with multiple organizations and have a profile for each, you may log in to one Grants.gov account to access all of your grant applications. To add an organizational profile to your Grants.gov account, enter the DUNS or UEI for the organization in the UEI field while adding a profile. For more detailed instructions about creating a profile on Grants.gov, refer to: <https://www.grants.gov/web/grants/applicants/registration/add-profile.html>

5) *EBiz POC Authorized Profile Roles*: After you register with Grants.gov and create an Organization Applicant Profile, the organization applicant's request for Grants.gov roles and access is sent to the EBiz POC. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, which may include the AOR role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been assigned the AOR role. For more detailed instructions about creating a profile on Grants.gov, refer to: <https://www.grants.gov/web/grants/applicants/registration/authorize-roles.html>

6) *Track Role Status*: To track your role request, refer to: <https://www.grants.gov/web/grants/applicants/registration/track-role-status.html>

7) *Electronic Signature*: When applications are submitted through Grants.gov, the name of the organization applicant with the AOR role that submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC **must** authorize people who are able to make legally binding commitments on behalf of the organization as a user with the AOR role; **this step is often missed and it is crucial for valid and timely submissions.**

3. How to Submit an Application to IRS via Grants.gov

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to: <https://www.grants.gov/web/grants/applicants/workspace-overview.html>

1) *Create a Workspace*: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.

Appendix B - TCE Application Forms & Aids

Exhibit 5: Using Grants.gov - Application Submission and Receipt Procedures (continued)

2) **Complete a Workspace:** Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.

a. **Adobe Reader:** If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at: <https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

b. **Mandatory Fields in Forms:** In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. **Complete SF-424 Fields First:** The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and UEI. Once it is completed, the information will transfer to the other forms.

3) **Submit a Workspace:** An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.

4) **Track a Workspace Submission:** After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to: <https://www.grants.gov/web/grants/applicants/applicant-training.html>

Applicant Support: Grants.gov provides applicants 24/7 support via the toll-free number 1-800-518-4726 and email at support@grants.gov. For questions related to the specific grant opportunity, contact the Grant Program Office at tce.grant.office@irs.gov.

Appendix B - TCE Application Forms & Aids

Exhibit 5: Using Grants.gov - Application Submission and Receipt Procedures (continued)

If you are experiencing difficulties with your submission, it is best to call the Grants.gov Support Center and get a ticket number. The Support Center ticket number will assist the IRS with tracking your issue and understanding background information on the issue.

4. Timely Receipt Requirements and Proof of Timely Submission

a. *Online Submission.* All applications must be received by June 1, 2021, 11:59 p.m. eastern time on the due date established for each program. Proof of timely submission is automatically recorded by Grants.gov. An electronic date/time stamp is generated within the system when the application is successfully received by Grants.gov. The applicant with the AOR role who submitted the application will receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov with the successful transmission of their application. This applicant with the AOR role will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When IRS successfully retrieves the application from Grants.gov, and acknowledges the download of submissions, Grants.gov will provide an electronic acknowledgment of receipt of the application to the email address of the applicant with the AOR role who submitted the application. Again, proof of timely submission shall be the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by IRS.

Applicants using slow internet, such as dial-up connections, should be aware that transmission can take some time before Grants.gov receives your application. Again, Grants.gov will provide either an error or a successfully received transmission in the form of an email sent to the applicant with the AOR role attempting to submit the application. The Grants.gov Support Center reports that some applicants end the transmission because they think that nothing is occurring during the transmission process. Please be patient and give the system time to process the application.
