Volunteer Standards of Conduct

VITA/TCE Programs

The mission of the VITA/TCE return preparation programs is to assist eligible taxpayers in satisfying their tax responsibilities by providing free tax return preparation. To establish the greatest degree of public trust, volunteers are required to maintain the highest standards of ethical conduct and provide quality service.

Annually all VITA/TCE volunteers (whether paid or unpaid) must pass the Volunteer Standards of Conduct (VSC) certification test and agree that they will adhere to the VSC by signing and dating Form 13615, Volunteer Standards of Conduct Agreement, prior to volunteering at a VITA/TCE site. In addition, return preparers, quality reviewers, site coordinators, and tax law instructors must certify in Intake/Interview and Quality Review. Volunteers who answer tax law questions, instruct tax law classes, prepare or correct tax returns, or conduct quality reviews of completed returns must also certify in tax law prior to signing the form. Form 13615 is not valid until the sponsoring partner’s approving official (site coordinator, instructor, administrator, etc.) or IRS contact confirms the volunteer’s identity with a government-issued photo identification (ID) and signs and dates the form.

As a volunteer in the VITA/TCE Programs, you must:

1. Follow the Quality Site Requirements (QSR).
2. Not accept payment, solicit donations, or accept refund payments for federal or state tax return preparation from customers.
3. Not solicit business from taxpayers you assist or use the information you gained about them for any direct or indirect personal benefit for you or any other specific individual.
4. Not knowingly prepare false returns.
5. Not engage in criminal, infamous, dishonest, notoriously disgraceful conduct, or any other conduct deemed to have a negative effect on the VITA/TCE Programs.
6. Treat all taxpayers in a professional, courteous, and respectful manner.

Failure to comply with these standards could result in, but is not limited to, the following:

- Your removal from all VITA/TCE Programs;
- Inclusion in the IRS Volunteer Registry to bar future VITA/TCE activity indefinitely;
- Deactivation of your sponsoring partner’s site VITA/TCE EFIN (electronic filing ID number);
- Removal of all IRS products, supplies, loaned equipment, and taxpayer information from your site;
- Termination of your sponsoring organization’s partnership with the IRS;
- Termination of grant funds from the IRS to your sponsoring partner; and
- Referral of your conduct for potential TIGTA and criminal investigations.

How to Use This Guide

This publication is designed as a guide to assist you in preparing a return using TaxSlayer.* Not all forms are authorized for all volunteer programs. Forms intended specifically for the Military VITA Program will be annotated as such. Volunteers should only provide tax assistance based on their level of certification—Basic, Advanced, Military, International, Foreign Student and Puerto Rico 1 & 2. The Qualified Experienced Volunteer test covers advanced level competencies but will be an abbreviated test. Partners or sites may determine, at a local or national level, if they will accept this test for certification.

The screening sheets/decision trees, charts and interview tips are from your training materials and Publication 17, Your Federal Income Tax Guide For Individuals. Use these tools during the dialogue with the taxpayer—“ask the right questions; get the right answers.”

Interactive Tax Assistant (ITA), is an excellent tool to guide you through answers to tax law questions and is available on the IRS website.

SPEC allows volunteers to use the IRS provided software to prepare and electronically file their own tax return and the returns of family and friends. Unlike VITA/TCE returns, these returns have no income or tax law limitations.

⚠️ The software may change after this publication becomes available. Screen shots in this guide may depict last year’s version of the software. Follow the menus and prompts to enter current year tax information in the software. If additional information is needed, refer to TaxSlayer’s VITA/TCE Blog. The blog will keep you up to date with any changes and notifications regarding preparing, creating or modifying returns. Publication 4491X, VITA/TCE Training Supplement, will be released in January to notify volunteers of any tax law and software updates.

*TaxSlayer is a copyrighted software program owned by Rhodes Computer Services. All screen shots that appear throughout the official Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE) training materials are used with the permission of Rhodes Computer Services.
Scope of Service

When using the list, please note that column 3 (In Scope?) does not stand alone. Additional information contained in columns 4 and 5 (Scope Limitations and Certification Levels) may include topics or certification levels that affect whether volunteers may or may not prepare the return under the provisions of the Volunteer Protection Act.

If no certification level is listed, the topic is in scope for all certification levels.

Many forms and schedules that are out of scope are included as reference. If a form or schedule is not listed, it is out of scope because no training has been provided. In addition, if a volunteer has not been trained on an in-scope tax law topic, that topic is out of scope for that volunteer.

All taxpayers using the services offered through the Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE) Programs should be confident they are receiving accurate tax return preparation and quality service. The purpose of the ten **Quality Site Requirements (QSRs)** is to ensure quality and accurate tax return preparation and consistent site operations. The QSRs are required to be communicated to all volunteers and partners to ensure IRS and partner mutual objectives are met. The 10 requirements are listed below.

1. Certification
2. Intake/Interview & Quality Review Process
3. Confirming Photo Identification and Taxpayer Identification Numbers
4. Reference Materials
5. Volunteer Agreement
6. Timely Filing of Tax Returns
7. Civil Rights
8. Correct Site Identification Number (SIDN)
9. Correct Electronic Filing Identification Number (EFIN)
10. Security

For additional information refer to Publication 5166, VITA/TCE Quality Site Requirements.
These provisions, which previously expired at the end of 2017, have been renewed through tax year 2020. Refer to this tab and the Legislative Extenders lesson in Publication 4491 for information about these provisions.

**Discharge of Qualified Principal Residence Indebtedness**

Use the job aid on the following page to determine if the debt forgiveness on the main home is within scope.

Taxpayers may exclude from income certain debt forgiven or canceled debt on their principal residence. This exclusion is applicable to the discharge of “qualified principal residence indebtedness.” If the canceled debt qualifies for exclusion from gross income, the debtor may be required to reduce tax attributes (certain credits, losses, and basis of assets) by the amount excluded.

If a property was taken by the lender (foreclosure) or given up by the borrower (abandonment), the lender usually sends the taxpayer Form 1099-A, Acquisition or Abandonment of Secured Property. Form 1099-A will have information needed to determine the gain or loss due to the foreclosure or abandonment.

If the debt is canceled, the taxpayer will receive Form 1099-C, Cancellation of Debt. If foreclosure/abandonment and debt cancellation occur in the same calendar year, the lender may issue only Form 1099-C, including the information that would be reported on Form 1099-A.

Volunteers may assist taxpayers who meet the following requirements:
- The home was never used in a business or as rental property
- The debt was not canceled because the taxpayer filed bankruptcy
- The taxpayer isn’t in bankruptcy when he/she comes to the site for assistance
- Form 1099-C doesn’t include an amount for interest
- The debt must be a mortgage used only to buy, build, or substantially improve the taxpayer’s primary residence, i.e., this money was not used to pay off credit cards, medical/dental expenses, vacations, etc.
- The mortgage was secured by the taxpayer’s primary residence
- The mortgage was not more than $2 million ($1 million if Married Filing Separately)

**TaxSlayer Hint:** To exclude debt forgiven on principal residence, go to Income>Less Common Income>Cancellation of Debt>Exclusions

**Note 1:** Form 1099-C, Box 3 (Interest if included in Box 2, Amount of Debt Canceled) and Box 6, Code A Out of Scope.

**Note 2:** If a bankruptcy, Out of Scope.

**Note 3:** If personally liable for the debt, sales price is the lesser of balance of principal outstanding (Form 1099-A, Box 2) or fair market value of property (Form 1099-A, Box 4); if not personally liable on the debt, sales price is the balance or principal outstanding.
Screening Sheet for Foreclosures/Abandonments and Cancellation of Debt

If the taxpayer is in bankruptcy, the tax return is Out of Scope for the VITA/TCE Programs.

Instructions: Use this Screening Sheet to assist taxpayers with Form(s) 1099-A and/or 1099-C with cancellation of debt issues.

- Use Part I for taxpayers with only Form 1099-A for a foreclosure or abandonment of their principal residence.
- Use Part II for taxpayers with Form 1099-C, or both Forms 1099-A and 1099-C resulting from cancellation of debt on a home mortgage loan.
- Use Publication 4731, Screening Sheet for Nonbusiness Credit Card Debt Cancellation, for taxpayers with Form 1099-C resulting from cancellation of credit card debt.

STEP 5

Report the sale of the personal residence on Form 8949, Sales and Other Disposition of Capital Assets, and Schedule D, Capital Gains and Losses.

- **Loss** – The taxpayer cannot claim a loss on the sale or disposition of a principal residence. Use adjustment Code L on Form 8949 to exclude this loss.

Refer to Publication 4012 (Legislative Extenders Tab), “Entering Forgiveness of Qualified Principal Residence Indebtedness” for further information.

STEP 6

These tax issues are outside the scope of the volunteer program.

Refer the taxpayer to:

- IRS website for the most up-to-date information.
- The Taxpayer Advocate Service (TAS): 1-877-777-4778, TTY/TDD 1-800-829-4059. TAS may help if the problem cannot be resolved through normal IRS channels.

Screening Sheet for Foreclosures/Abandonments and Cancellation of Debt

If the taxpayer is in bankruptcy, the tax return is Out of Scope for the VITA/TCE Programs.

**Instructions:** Use this Screening Sheet to assist taxpayers with Form(s) 1099-A and/or 1099-C with cancellation of debt issues.

- Use Part I for taxpayers with only Form 1099-A for a foreclosure or abandonment of their principal residence.
- Use Part II for taxpayers with Form 1099-C, or both Forms 1099-A and 1099-C resulting from cancellation of debt on a home mortgage loan.
- Use Publication 4731 for taxpayers with Form 1099-C resulting from cancellation of credit card debt.

**Part II – Home Mortgage Loan**

**STEP 1**
Did the taxpayer receive Form 1099-C, Cancellation of Debt, from their home mortgage lender and is the information shown on the form correct?  
**Note:** Answer “yes” if the taxpayer has received a Form 1099-A and Form 1099-C.  
**YES** – Go to Step 2  
**NO** – Go to Step 6

**STEP 2**
Did the taxpayer ever use the home in a trade or business or as rental property?  
**YES** – Go to Step 6  
**NO** – Go to Step 3

**STEP 3**
Does Box 3 of Form 1099-C show any interest or does Box 6 show code A indicating bankruptcy?  
**Note:** If Box 6 is not marked with code A but the taxpayer has subsequently filed bankruptcy, answer “yes.”  
**YES** – Go to Step 6  
**NO** – Go to Step 4

**STEP 4**
Ask the following questions to determine if the discharged debt is “qualified principal residence indebtedness:”

a. Was the mortgage taken out to buy, build, or substantially improve the taxpayer’s principal residence?  
   **(Note:** A principal residence is generally the home where the taxpayer lives most of the time. A taxpayer can have only one principal residence at any one time.)  
   **YES** – Go to Step 4b  
   **NO** – Go to Step 6

b. Was the mortgage secured by the taxpayer’s principal residence?  
   **YES** – Go to Step 4c  
   **NO** – Go to Step 6

c. Was any part of the mortgage used to pay off credit cards, purchase a car, pay for tuition,  
   pay for a vacation, pay medical/dental expenses, or used for any other purpose other than to buy, build, or substantially improve the principal residence?  
   **YES** – Go to Step 6  
   **NO** – Go to Step 4d

d. Was the mortgage amount more than $2 million ($1 million if Married Filing Separately)?  
   **YES** – Go to Step 6  
   **NO** – Go to Step 5

**STEP 5**
The discharged debt is “qualified principal residence indebtedness.”

The volunteer should complete the applicable lines on Form 982, and file it with the taxpayer’s return. If the residence was disposed of, the taxpayer may be required to report the disposition (sale) on Form 8949 and Schedule D.

**STEP 6**
These tax issues are outside the scope of the volunteer program. The taxpayer may qualify to exclude all or some of the discharged debt. However, the rules involved in the mortgage debt relief exclusions are complex.

**Refer the taxpayer to:**

- IRS website for the most up-to-date information.
- The Taxpayer Advocate Service (TAS): 1-877-777-4778,TTY/TDD 1-800-829-4059. TAS may help if the problem cannot be resolved through normal IRS channels.

Foreclosure and Abandonment Key Highlights

If the taxpayer disposed of the home due to foreclosure or abandonment, and the lender canceled the remaining mortgage debt:

- No entry is made in Part II, Reduction of Tax Attributes
- Report the gain or loss from Form 1099-A in the Schedule D, Capital Gains section
  - The basis is the taxpayer’s adjusted basis in the home
  - The sale price (amount realized) is based on whether the taxpayer is personally liable (recourse loan) or not personally liable (nonrecourse loan) for the debt:
    - If the taxpayer is personally liable, the sale price is the lesser of the balance of the principal mortgage debt outstanding or the fair market value
    - If the taxpayer isn’t personally liable, then the sale price is the full amount of the outstanding debt, as reflected on Form 1099-A
  - For both recourse and nonrecourse loans, add any proceeds the taxpayer received from the foreclosure sale to the amount realized.
  - If the taxpayer ends up with a gain on the sale, some or all of the gain can be excluded under the rules for sale of main home, if the taxpayer qualifies
    - A loss on the main home can’t be deducted

Residential Energy Credits

**TaxSlayer Navigation:** Federal Section>Deductions>Credits>Residential Energy Credit; or Keyword “5695”

Part I of Form 5695, Residential Energy Efficient Property Credit, is available for taxpayers who purchased qualified residential alternative energy equipment, such as solar hot water heaters, geothermal heat pumps and wind turbines. This part of the form is Out of Scope. Taxpayers that have these expenses should be referred to a professional tax preparer.

**Part II, Form 5695 - Key points about the Nonbusiness Energy Property Credit:**

- A total combined credit limit of $500 ($200 limit for windows) for all tax years after 2005.
- The maximum credit for residential energy property costs is $50 for any advanced main air circulating fan; $150 for any qualified natural gas, propane, or oil furnace, or hot water boiler; and $300 for any item of energy-efficient building property. Any of the following that meet the required efficiency rating may qualify as energy-efficient building property. See the Instructions for Form 5695 for details:
  - Electric heat pump water heater; electric heat pump; central air conditioner; natural gas, propane, or oil water heater; a stove that uses the burning of biomass fuel to heat your home or heat water for your home.
- The credit applies to:
  - Qualified energy efficiency improvements such as adding insulation, energy-efficient exterior windows and doors, and qualifying metal or asphalt roofs. (doesn’t include labor costs for onsite preparation, assembly or installation)
  - Qualified residential energy property improvements such as energy-efficient heating and air conditioning systems. For a complete list of items see Form 5695. (includes labor costs for onsite preparation, assembly, or original installation)
- The improvements must be made to the taxpayer’s main home located in the United States (must be existing home).
- Qualifying improvements must be placed into service by the taxpayer during the tax year.
- Expenditures which are made from subsidized energy financing can’t be used to figure the credit.
- The credit is taken on Part II, Form 5695. See Form 5695 and Instructions for more information.

**Note:** Not all ENERGY STAR products qualify for a tax credit. Since 2016, exterior doors, exterior windows, and skylights are only eligible for the nonbusiness energy property credit if they meet or exceed the specific requirements of the version 6.0 Energy Star program. For detailed information about qualifying improvements, visit the U.S. Department of Energy’s EnergyStar website.

Manufacturers must certify that their products meet new standards and they must provide a written statement to the taxpayer such as with the product packaging or in a printable format on the manufacturer’s website. Taxpayers should keep a copy of the manufacturer’s certification statement and receipts with their other important tax records.

* If you were born on January 1, 1956 you are considered to be age 65 at the end of 2020. (If your spouse died in 2020 or if you are preparing a return for someone who died in 2020, see Publication 501)

** Gross income means all income you received in the form of money, goods, property, and services that isn't exempt from tax, including any income from sources outside the United States or from the sale of your main home (even if you can exclude part or all of it).

- Do not include any social security benefits unless
  - (a) you are married filing a separate return and you lived with your spouse at any time in 2020 or
  - (b) one-half of your social security benefits plus your other gross income and any tax-exempt interest is more than $25,000 ($32,000 if married filing jointly).

  If (a) or (b) applies, see the Form 1040 Instructions to figure the taxable part of social security benefits you must include in gross income.

- Gross income includes gains, but not losses, reported on Form 8949 or Schedule D.
- Gross income from a business means, for example, the amount on Schedule C, line 7, or Schedule F, line 9. But, in figuring gross income, don’t reduce your income by any losses, including any loss on Schedule C, line 7, or Schedule F, line 9.

*** If you didn’t live with your spouse at the end of 2020 (or on the date your spouse died) and your gross income was at least $5, you must file a return regardless of your age.

Individuals who do not have a filing requirement based on this chart should also check Chart C, Other Situations When You Must File, and Chart D, Who Should File. Individuals with earned income but who do not have a filing requirement may be eligible for the Earned Income Credit.
# Chart B – For Children and Other Dependents

**Note:** If your parent (or any other taxpayer) may claim you as a dependent, use this chart to see if you must file a return.

In this chart, **unearned income** includes taxable interest, ordinary dividends, and capital gain distributions. It also includes unemployment compensation, taxable social security benefits, pensions, annuities, and distributions of unearned income from a trust. **Earned income** includes salaries, wages, tips, professional fees, and taxable scholarship and fellowship grants. **Gross income** is the total of your unearned and earned income.

## Form 8615, Tax for Certain Children who have Unearned Income (Kiddie Tax)

Form 8615 is in scope for Native Americans receiving per capita payments and Alaska residents receiving permanent fund dividends. For all other purposes, Form 8615 remains Out of Scope.

**Note:** Taxable scholarships and fellowship grants are considered as earned income for the purpose of determining if a dependent must file a tax return and for calculating the standard deduction for dependents.

Taxable scholarships and fellowship grants not reported on Form W-2 are considered to be unearned income for the purpose of calculating kiddie tax.

Important Reminder: A quality review of each return must be completed using the quality review checklist in Tab K.
Starting a New Return

Social Security Number Entry

The next step in creating a new tax return is entering the taxpayer’s Social Security number (SSN) in the space provided. To ensure accuracy, you are required to enter the SSN twice.

If the SSN is already in use, or the two entries don’t match, the software will display an error message. Re-enter the numbers.

Pulling Prior Year Data

If prior year data is found for this SSN, TaxSlayer Pro displays the following:

We've found data to import

<table>
<thead>
<tr>
<th>Form</th>
<th>Item</th>

<tbody>
<tr>
<td>W-2</td>
<td>Taxpayer</td>
<td>Test employer</td>
</tr>
<tr>
<td>1099-R</td>
<td>Spouse</td>
<td>Test employer</td>
</tr>
<tr>
<td>Schedule K-1</td>
<td>Taxpayer</td>
<td>Trust</td>
</tr>
</tbody>
</table>

Select what you would like to pull forward by checking the boxes to the left of the items listed on the We’ve found data to import screen and select Yes. Your prior year information will then be pulled to the current year tax return.

Only check the boxes for the Forms W-2, 1099, etc. that the taxpayer received for the year being prepared. W2s that are carried forward and not used will need to be deleted.

⚠️ Be sure to verify that all EINs and addresses on Forms W-2 and 1099-R are still the same as the prior year when using carryforward.
Footnotes

1 Answer “NO” to this question if, on the last day of the year, you were legally separated from your spouse under a divorce or separate maintenance decree. Answer “NO” for individuals who have entered into a registered domestic partnership, civil union, or other similar relationship that is not called a marriage under state (or foreign) law. Answer YES if taxpayer is married regardless of where the spouse lives.

2 Include in the cost of upkeep expenses such as rent, mortgage interest, real estate taxes, insurance on the home, repairs, utilities and food eaten in the home. Under proposed regulations, a taxpayer may treat a home’s fair market rental value as a cost of maintaining a household instead of the sum of payments for mortgage interest, property taxes and insurance. See “Cost of Keeping Up a Home” worksheet later in this tab.

3 See Publication 17, Your Federal Income Tax For Individuals, Filing Status, for rules applying to birth, death, or temporary absence during the year. There are special rules for claiming your parent as a qualifying person for head of household. See the Who Is a Qualifying Person Qualifying You To File as Head of Household? chart later in this tab.

4 Unless the child’s other parent claims him or her under rules for children of divorced or separated parents or parents who lived apart.

5 You are considered unmarried for head of household purposes if your spouse was a nonresident alien at any time during the year and you do not choose to treat your nonresident spouse as a resident alien. However, your spouse is not a qualifying person for head of household purposes. You must have another qualifying person (see the Who Is a Qualifying Person Qualifying You To File as Head of Household? chart later in this tab) and meet the other tests to be eligible to file as a head of household. You are considered married if you choose to treat your nonresident alien spouse as a resident alien. See chapter 1 of Pub 519, U.S. Tax Guide For Aliens.

6 Your spouse is considered to live in your home even if he or she is temporarily absent due to illness, education, business, vacation, military service, or incarceration.

7 If the taxpayer wants to file MFS, emphasize the advantages to Married Filing Jointly and the possibility of filing Form 8379, Injured Spouse Claim & Allocation (if appropriate). See Pub 17, Filing Status, MFS Special Rules for list of disadvantages. Respect a taxpayer’s decision to file MFS. If domiciled in a community property state see Pub 555, Community Property.

8 There can be multiple households within a shared living quarters if certain requirements are met.

Note: If one spouse dies and the other remarries in the same year, the deceased spouse files Married Filing Separately.

Footnotes

1 Include in the cost of upkeep expenses such as rent, mortgage interest, real estate taxes, insurance on the home, repairs, utilities and food eaten in the home. Under proposed regulations, a taxpayer may treat a home’s fair market rental value as a cost of maintaining a household instead of the sum of payments for mortgage interest, property taxes and insurance. See “Cost of Keeping Up a Home” worksheet later in this tab.

2 You are considered unmarried for head of household purposes if your spouse was a nonresident alien at any time during the year and you do not choose to treat your nonresident spouse as a resident alien. However, your spouse is not a qualifying person for head of household purposes. You must have another qualifying person (see Who Is a Qualifying Person Qualifying You To File as Head of Household? chart later in this tab) and meet the other tests to be eligible to file as a head of household.

3 Your spouse is considered to live in your home even if he or she is temporarily absent due to illness, education, business, vacation, military service, or incarceration.

4 You can’t use head of household filing status based on any person who is your dependent only because he or she lived with you for the entire year (for example, a companion or a friend).

5 If filing a MFS return in a community property state, allocate income and expense according to state law. This situation may be treated as Out of Scope.

6 If your spouse died during the year, you are considered married for the whole year for filing status purposes. If you didn’t remarry before the end of the year, you can file a joint return for yourself and your deceased spouse. If you remarried before the end of the tax year, you can file a joint return with your new spouse. In that case, your deceased spouse’s filing status is married filing separately for that year.

### Footnotes

1. A person can’t qualify more than one taxpayer to use the head of household filing status for the year.
2. The term “qualifying child” is covered in Tab C, Dependents. **Note:** If you are a noncustodial parent, the term “qualifying child” for head of household filing status doesn’t include a child who is your dependent only because of the rules described in the Children of Divorced or Separated Parents table. If you are the custodial parent and those rules apply, the child generally is your qualifying child for head of household filing status even though the child isn’t a qualifying child who you can claim as a dependent.
3. This person is a qualifying person if the only reason you can’t claim him or her as a dependent is that you can be claimed as a dependent on someone else’s return.
4. The term “qualifying relative” is covered in Tab C, Dependents.
5. If you can claim a person as a dependent only because of a multiple support agreement, that person isn’t a qualifying person. See Multiple Support Agreement, in Publication 17.
6. You are eligible to file as head of household even if your parent, whom you can claim as a dependent, doesn’t live with you. You must pay more than half the cost of keeping up a home that was the main home for the entire year for your parent. This test is met if you pay more than half the cost of keeping your parent in a rest home or home for the elderly.

If the total amount you paid is more than the amount others paid, you meet the requirement of paying more than half the cost of keeping up the home.

**Note:**

**Costs you include.** Include in the cost of keeping up a home expenses such as rent, mortgage interest, real estate taxes and insurance on the home, repairs, utilities, and food eaten in the home. As an alternative to including mortgage interest, real estate taxes, and insurance under proposed regulations, you may include the fair market rental value of the home.

**Costs you don’t include.** Don’t include the cost of clothing, education, medical treatment, vacations, life insurance, or transportation. Also, don’t include the value of your services or those of a member of your household.
After collecting necessary information from Form 13614-C, Intake/Interview & Quality Review Sheet, and properly applying the tax law, you should choose the taxpayer’s filing status.

**What’s your filing status?**

- Single
- Married Filing Joint
- Married Filing Separate
- Head of Household
- Qualifying Widow(er) with Dependent Children
- Nonresident Alien

**Filing Status Wizard**

Use the Filing Status Interview Tips to determine the correct filing status.

**Note:** Most nonresident aliens and dual status aliens have different filing requirements and may have to file Form 1040-NR. In this case, the return is Out of Scope. Refer the taxpayer to a site with Foreign Student certification. Resident aliens generally are taxed the same as U.S. citizens.

The second screen titled Married Separate, is used to determine the spouse’s return status.

Determining the Last Name of Taxpayer

A name control is a sequence of letters derived from a taxpayer’s last name that is used by IRS in processing the tax return filed by the taxpayer. It is important that the combination of name control and taxpayer identification number (TIN) provided on an electronically filed return match IRS’s record of name controls and TINs.

In e-file, a taxpayer’s TIN and name control must match the data in the IRS database. If they don’t match, the e-filed return will reject and generate an Error Reject Code.

Individuals may create a mySocialSecurity account to see how their information shows up on Social Security Administration records. For additional information, visit the Social Security Administration’s website.

**Name Controls for Individual Tax Returns**

1. Primary Name Control (SEQ 0050) of Form 1040 must equal the first significant characters of the primary taxpayer’s last name. No leading or embedded spaces are allowed. The first left-most position must contain an alpha character. Omit punctuation marks (except hyphens), titles and suffixes within last name field.

Determining the Last Name of Taxpayer (continued)

2. Consider certain suffixes as part of the last name (i.e., Armah-Bey, Paz-Ayala, Allar-Sid). Particular attention must be given to those names that incorporate a mother’s maiden name as a suffix to the last name. For example, traditional Hispanic last names include the taxpayer’s father’s name followed by a space and the taxpayer’s mother’s maiden name. A married taxpayer’s last name remains the same and either simply adds on the spouse’s father’s name (resulting in 3 names forming the last name) or deletes the mother’s maiden name and adds on the spouse’s father’s name (sometimes the spouse’s father’s name is preceded by “de”).

The input screens below gather the taxpayer’s personal information.

**Taxpayer Information**

- **Primary taxpayer first name:** Taxpayer
- **Surname:** Sample
- **Social Security Number:** 700-00-XXXX
- **Date of Birth:** 6/6/1960
- **Occupation:**

**Note:** If a taxpayer is deceased, make the surviving spouse the primary taxpayer.

**Note:** If your spouse died during the year, you are considered married for the whole year for filing status purposes. If you didn’t remarry before the end of the tax year, you can file a joint return for yourself and your deceased spouse. If you remarried before the end of the tax year, you can file a joint return with your new spouse. Your deceased spouse’s filing status is Married Filing Separately for that year.

**Note:** If a taxpayer is deceased, make the surviving spouse the primary taxpayer.

**Check the box if another taxpayer can claim this person as a dependent.**

**Check the box if the taxpayer is between the ages of 18 and 24 and is a full-time student during some part of each of any 5 calendar months of the year.**

**Check the Taxpayer is deceased box to generate a Date of Death box, which must be completed.**

**Check the box if the taxpayer had transactions in virtual currency.**

**Check the box if the Taxpayer is deceased to generate a Date of Death box, which must be completed.**

The word Deceased and the date of death will print next to the deceased person’s name at the top of Form 1040 page 1, as required by the IRS.

**Checking the “yes” box to contribute to the Presidential Election Campaign Fund does not increase the amount of tax that taxpayers owe, nor does it decrease any refund to which they are entitled.**

**Do not mark the taxpayer was a nonresident alien box if taxpayer or spouse is married to a citizen or resident alien and they have elected to treat the non-resident alien as a resident alien.**
Entering Basic Information (continued)

**Verifying the spouse’s last name with their Social Security card.** If different from the taxpayer’s, correct the autofilled entry.

Enter the spouse’s SSN. If the taxpayer is filing MFS and does not know the SSN of the spouse, enter the spouse’s SSN as 111-00-1111. You may leave the spouse’s DOB blank. Without the spouse’s SSN, the return must be marked for paper filing. It will be rejected if filed electronically.

**ID Theft PINs are entered in the Miscellaneous Forms Menu.**

Check the Military or foreign address boxes if they apply.

**Entering the ZIP code will cause the city and state to auto-fill.** Correct the city name if needed.

See Note on following page for residency status.

Always ask for the best telephone number (i.e. cell phone) to contact the taxpayer so the site can follow up with clients about return rejects or if additional information is needed.
Note: Resident State Return - This option will allow you to select the taxpayer’s state of residency. Once the state has been chosen, selecting Continue will prompt the state questions. The program will create the state return based on the state selected. The program will automatically transfer basic information into the state return for you. Any additional states that are needed will be selected within the State Return section of the return. If a taxpayer lived in more than one state during the year, enter the state he or she lived in with the highest federal poverty level (FPL). That FPL will be used to make ACA calculations. If there isn’t a state return to complete, select None from the list.

Note: For Military certification - Ask the taxpayer their state of legal residence. The Civilian spouse of an active duty service member, under Military Spouses Residency Relief Act (MSRRA) can choose to keep their prior residence or domicile for tax purposes (tax residence) when accompanying the service member spouse, who is relocating under military orders, to a new military duty station in one of the 50 states, the District of Columbia, or a U.S. territory. Before relocating, both spouses must have the same tax residence.
Entering Dependent/Qualifying Person

**TaxSlayer Navigation:** Basic Information>Dependents/Qualifying Person

**Note:** To determine if a person qualifies as the taxpayer’s dependent, see Tab C, Dependents.

**Dependents or Qualifying Person(s)**

Individuals who rely on you for support and reside in your house generally qualify for dependent tax exemptions. However, there are situations when a child’s exemption status is more complicated. The IRS has special rules for these situations.

Do you have any dependents or qualifying person(s) to claim on your return?

[YES] [NO]

**Note:** In order for the IRS to accept the tax return electronically, ensure that:

- The correct date of birth is entered
- The dependent’s name is spelled correctly
- The correct social security number is entered

If any of these three items are entered incorrectly, the IRS will reject the tax return for electronic filing purposes.
Entering Dependent/Qualifying Person (continued)

**Dependent/Qualifying Child Information**

First Name *  
Last Name *  
Date of Birth *  
Social Security Number *  

- Check box if the dependent does not have an SSN/ITIN/ATIN

Was this person a U.S. citizen, U.S. national, or U.S. resident alien? (See Pub. 519 for the definition of a U.S. national or U.S. resident alien) If they were not, you can’t claim the child tax credit or the credit for other dependents for this person. *  
  - Yes  
  - No

Relationship *  
- Please Select -

Number of months this individual lived in your home during 2018

- 12  

Note: If this dependent was born in 2018, you must select 12 months

Check All That Apply:  
- This person was over age 18 and a full-time student at an eligible educational institution.  
- Check if this person was DISABLED.  
- Check if this qualifying child is NOT YOUR DEPENDENT.  
- Check if you wish NOT to claim this dependent for Earned Income Credit purposes.  
- Check if this dependent is married.  
- This dependent made over $4,150 of income  
- This dependent qualifies for a Multiple Support Declaration.

If the taxpayer has a dependent whose relationship is not listed, pick the relationship that has the same tax treatment. For example, if the taxpayer’s dependent is their great-grandchild, select grandchild for the relationship.

If you are the noncustodial parent claiming your child as a dependent, select Divorce/Separation for the number of months.

Carefully read the selections under the “Please answer the following” list. Check all that apply.

Select the not your dependent box if the custodial parent is not claiming the child because either:
- the child provides more than half of his or her own support, or
- the noncustodial parent is claiming the dependent.

Qualifying Child(ren) for Earned Income Credit (EIC): 

EIC is considered for every return unless the program determines that it is not viable. Verify names, SSNs, and dates of birth with social security cards to prevent rejected returns.

TaxSlayer calculates the amount of earned income credit if the client qualifies based on income and other requirements. Reminder: Although age, relationship and residency requirements are the same for EIC as for dependency, support is NOT an issue for EIC (it does not matter whether or not the child, parent, or another provides over half of the child’s support).

Enter the number of months each individual lived in the taxpayer’s home or select Lived in Mexico if the dependent lived in Mexico or Lived in Canada if the dependent lived in Canada – use the drop-down list. Enter 12 months if the dependent was born or died during the year or was temporarily absent (school, vacation, etc.).
Tab C: Dependents
# Overview of the Rules for Claiming a Dependent

This table is only an overview of the rules. For details, see Publication 17, Your Federal Income Tax For Individuals.

- You can’t claim any dependents if you, or your spouse if filing jointly, could be claimed as a dependent by another taxpayer.
- You can’t claim a married person who files a joint return as a dependent unless that joint return is only to claim a refund of income tax withheld or estimated tax paid.
- You can’t claim a person as a dependent unless that person is a U.S. citizen, U.S. resident alien, U.S. national, or a resident of Canada or Mexico.¹
- You can’t claim a person as a dependent unless that person is your **qualifying child** or **qualifying relative**.

<table>

</tr>
<tr>
<td>4.</td>
<td>You must provide more than half of the person’s total support for the year.⁴, ⁵</td>
</tr>
</tbody>
</table>

## Footnotes

¹ There is an exception for certain adopted children.
² There are exceptions for temporary absences, children who were born or died during the year, children of divorced or separated parents or parents who live apart, and kidnapped children. If you obtained a final decree of divorce or separate maintenance during the year, you can’t take your former spouse as a dependent. This rule applies even if you provided all of your former spouse’s support.
³ There is an exception if the person is disabled and has income from a sheltered workshop.
⁴ There are exceptions for multiple support agreements, children of divorced or separated parents or parents who live apart, and kidnapped children.
⁵ A worksheet for determining support is provided later in this tab. If a person receives Social Security benefits and uses them toward his or her own support, those benefits are considered as provided by the person. Benefits provided by the state to a needy person are generally considered support provided by the state. A proposed rule on which taxpayers may choose to rely treats governmental payments made to a recipient that the recipient uses, in part, to support others as support of the others provided by the recipient, whereas any part of such payment used for the support of the recipient would constitute support of the recipient by a third party. For example, if a mother receives Temporary Aid to Needy Families (TANF) and uses the TANF payments to support her children, the proposed regulations treat the mother as having provided that support.
Qualifying Child of More Than One Person

Tiebreaker Rules

If the child meets the conditions to be the qualifying child of more than one person, only one person can claim the child as a qualifying child dependent for all tax benefits associated with an exemption unless the special rule for children of divorced or separated parents applies.\(^1\)

- Credit for other dependents
- Head of Household
- Credit for Child and Dependent Care Expenses
- Child Tax Credit
- Earned Income Credit
- Exclusion from income for Dependent Care Benefits

No other person can take any of the six tax benefits listed above unless he or she has a different qualifying child. To determine which person can treat the child as a qualifying child to claim these six tax benefits, the following tiebreaker rules apply. Subject to these tiebreaker rules, the taxpayer and the other person may be able to choose which person claims the child as a qualifying child.

If only one of the persons is the child’s parent, the child is treated as the qualifying child of the parent.

If the parents file a joint return together and can claim the child as a qualifying child, the child is treated as the qualifying child of the parents.

If the parents don’t file a joint return together but both parents claim the child as a qualifying child, the IRS will treat the child as the qualifying child of the parent with whom the child lived for the longer period of time during the year. If the child lived with each parent for the same amount of time, the IRS will treat the child as the qualifying child of the parent who had the higher adjusted gross income (AGI) for the year.

If no parent can claim the child as a qualifying child, the child is treated as the qualifying child of the person who had the highest AGI for the year.

If a parent can claim the child as a qualifying child but no parent claims the child, the child is treated as the qualifying child of the person who had the highest AGI for the year, but only if that person’s AGI is higher than the highest AGI of any of the child’s parents who can claim the child. If the child’s parents file a joint return with each other, this rule can be applied by dividing the parents’ combined AGI equally between the parents.

**Example:** Your daughter meets the conditions to be a qualifying child for both you and your mother. Under the rules above, you are entitled to treat your daughter as a qualifying child for all of the six tax benefits listed above for which you otherwise qualify. Your mother isn’t entitled to take any of the six tax benefits listed above unless she has a different qualifying child. However, if your mother’s AGI is higher than yours, you can let your mother treat your daughter as her qualifying child. If you do that, your daughter isn’t your qualifying child for any of the six benefits.

For more details and examples, see Publication 17 and Publication 501, Exemptions, Standard Deduction, and Filing Information.

**Footnote**

\(^1\) When the special rule for children of divorced or separated parents applies (see Table 3, later in this tab) and the noncustodial parent claims the child as a dependent, the noncustodial parent may also claim the child tax credit and any educational benefit, if all other rules are met. The custodial parent should enter the child as a nondependent in the software (see software entries in Tab B, Starting a Return and Filing Status), because they may be eligible for the EIC, Child and Dependent Care Credit, Exclusion from income for Dependent Care Benefits and Head of Household filing status.

Footnotes

¹ A person is permanently and totally disabled if he or she can’t engage in any substantial gainful activity because of a physical or mental condition, AND a doctor determines the condition has lasted or can be expected to last continuously for at least a year or can lead to death.
² A child is considered to have lived with you during periods of time when one of you, or both, are temporarily absent due to illness, education, business, vacation, military service, institutionalized care for a child who is permanently and totally disabled, or incarceration. In most cases a child of divorced or separated parents is the qualifying child of the custodial parent. See Table 3: Children of Divorced or Separated Parents or Parents Who Live Apart to see if an exception applies. There is an exception for kidnapped children. See Publication 17.
³ A worksheet for determining support is included later in this tab. If a child receives Social Security benefits and uses them toward his or her own support, those benefits are considered as provided by the child. Benefits provided by the state to a needy person (welfare, food stamps, housing, SSI) are generally considered support provided by the state.
⁴ An adopted child is treated the same as a natural child for the purposes of determining whether a person is related to you in any of these ways. For example, an adopted brother or sister is your brother or sister. An adopted child includes a child who was lawfully placed with a person for legal adoption.
⁵ An individual is not a dependent of a person if that person is not required to file an income tax return and either does not file an income tax return or files an income tax return solely to claim a refund of estimated or withheld taxes.

Footnotes

1 An adopted child is treated the same as a natural child for the purposes of determining whether a person is related to you in any of these ways. For example, an adopted brother or sister is your brother or sister. An adopted child includes a child who was lawfully placed with a person for legal adoption. Any of these relationships that were established by marriage aren’t ended by death or divorce.

2 A person doesn’t meet this test if at any time during the year the relationship between you and that person violates local law.

3 For purposes of this test, the gross income of an individual who is permanently and totally disabled at any time during the year doesn’t include income for services the individual performs at a sheltered workshop. Gross income means all income the person received in the form of money, goods, property and services, that isn’t exempt from tax. Don’t include Social Security benefits unless the person is married filing a separate return and lived with their spouse at any time during the tax year or if 1/2 the Social Security benefits plus their other gross income and tax exempt interest is more than $25,000 ($32,000 if MFJ).

⁴ A worksheet for determining support is included at the end of this section.

See Table 3, Children of Divorced or Separated Parents or Parents Who Live Apart, for the exception to the support test.

If a child receives Social Security benefits and uses them toward his or her own support, those benefits are considered as provided by the child. Benefits provided by the state to a needy person are generally considered support provided by the state. A proposed rule, on which taxpayers may choose to rely, treats governmental payments made to a recipient that the recipient uses, in part, to support others as support of the others provided by the recipient, whereas any part of such payment used for the support of the recipient would constitute support of the recipient by a third party. OR

The taxpayer has a Pre-1985 decree of divorce or separation maintenance or written separation agreement between the parents that provide that the noncustodial parent can claim the child as a dependent, and the noncustodial parent provides at least $600 for support of the child during the current tax year?

---

**Footnotes**

1. If the child is emancipated under state law, either by reaching age of majority or other means, child is treated as not living with either parent (see Publication 17).

2. **Post-2008 decree or agreement.** If the divorce decree or separation agreement went into effect after 2008, the noncustodial parent can’t attach pages from the decree or agreement instead of Form 8332. The custodial parent must sign, and the noncustodial parent must attach to his or her return, either Form 8332, or a copy of Form 8332 or a substantially similar statement the only purpose of which is to release the custodial parent’s claim to a child. For an e-filed return, attach and submit the Form 8332 with Form 8453, U.S. Individual Income Tax Transmittal for an IRS e-file Return.

3. **Post-1984 and Pre-2009 divorce decrees or agreements:**
   - The noncustodial parent must attach all of the following pages from the decree or agreement.
   - Cover page (include the other parent’s SSN on that page)
   - The pages that include all the information identified in (1) through (3) above
   - Signature page with the other parent’s signature and date of agreement.

**Release of certain tax benefits revoked**

A custodial parent who has revoked his or her previous release of a claim to certain tax benefits for a child must attach a copy of the revocation to his or her return. For the revocation to be effective for the current tax year, the custodial parent must have given (or made reasonable efforts to give) written notice of the revocation to the noncustodial parent in the prior tax year or earlier. (See Form 8332 for more details)

**Other decrees or agreements that don’t meet step 4:** Noncustodial parents must attach the Form 8332, or a copy of Form 8332 or similar statement to their return.
# Worksheet for Determining Support

## Funds Belonging to the Person You Supported

1. Enter the total funds belonging to the person you supported, including income received (taxable and nontaxable) and amounts borrowed during the year, plus the amount in savings and other accounts at the beginning of the year. Don’t include funds provided by the state; include those amounts on line 23 instead.  

2. Enter the amount on line 1 that was used for the person’s support.  

3. Enter the amount on line 1 that was used for other purposes.  

4. Enter the total amount in the person’s savings and other accounts at the end of the year.  

5. Add lines 2 through 4. (This amount should equal line 1.)  

6. Lodging (complete line 6a or 6b):  
   a. Enter the total rent paid.  
   b. Enter the fair rental value of the home. If the person you supported owned the home, also include this amount in line 21.  

7. Enter the total food expenses.  

8. Enter the total amount of utilities (heat, light, water, etc. not included in line 6a or 6b).  

9. Enter the total amount of repairs (not included in line 6a or 6b).  

10. Enter the total of other expenses. Don’t include expenses of maintaining the home, such as mortgage interest, real estate taxes, and insurance.  

11. Add lines 6a through 10. These are the total household expenses.  

12. Enter total number of persons who lived in the household.  

## Expenses for Entire Household (where the person you supported lived)

13. Divide line 11 by line 12. This is the person’s share of the household expenses.  

14. Enter the person’s total clothing expenses.  

15. Enter the person’s total education expenses.  

16. Enter the person’s total medical and dental expenses not paid for or reimbursed by insurance.  

17. Enter the person’s total travel and recreation expenses.  

18. Enter the total of the person’s other expenses.  

19. Add lines 13 through 18. This is the total cost of the person’s support for the year.  

## Did the Person Provide More Than Half of His or Her Own Support?

20. Multiply line 19 by 50% (0.50).  

21. Enter the amount from line 2, plus the amount from line 6b if the person you supported owned the home. This is the amount the person provided for his or her own support.  

22. Is line 21 more than line 20?  
   - **No.** You meet the support test for this person to be your qualifying child. If this person also meets the other tests to be a qualifying child, stop here; don’t complete lines 23–26. Otherwise, go to line 23 and fill out the rest of the worksheet to determine if this person is your qualifying relative.  
   - **Yes.** You don’t meet the support test for this person to be either your qualifying child or your qualifying relative. Stop here.  

## Did You Provide More Than Half?

23. Enter the amount others provided for the person’s support. Include amounts provided by state, local, and other welfare societies or agencies. Don’t include any amounts included on line 1.  

25. Subtract line 24 from line 19. This is the amount you provided for the person’s support.  

26. Is line 25 more than line 20?  
   - **Yes.** You meet the support test for this person to be your qualifying relative.  
   - **No.** You don’t meet the support test for this person to be your qualifying relative. You can’t claim this person as a dependent unless you can do so under a multiple support agreement, the support test for children of divorced or separated parents, or the special rule for kidnapped children. See Multiple Support Agreement, Support Test for Children of Divorced or Separated Parents (or Parents Who Live Apart), or Kidnapped child under Qualifying Relative.

**Note:** Taxpayers should keep a completed copy of this worksheet for their records. See the following page for important notes.
Determining Support (continued)

The following items aren't included in total support:
• Federal, state, and local income taxes paid by persons from their own income
• Social Security and Medicare taxes paid by persons from their own income
• Life insurance premiums
• Funeral expenses
• Scholarships received by your child if your child is a student
• Survivors' and Dependents' Educational Assistance payments used for the support of the child who receives them

Note 1: TANF and other governmental payments. Under proposed Treasury regulations, if you received Temporary Assistance to Needy Families (TANF) payments or other similar payments and used the payment to support another person, those payments are considered support you provided for that person, rather than support provided by the government or other third party.

Note 2: Social Security benefits. If spouses each receive benefits that are paid by one check made out to both of them, half of the total paid is considered to be for the support of each spouse, unless they can show otherwise. If a child receives Social Security benefits and uses them toward his or her own support, the benefits are considered as provided by the child.

Note 3: Foster care payments and expenses. Payments you receive for the support of a foster child from a child placement agency are considered support provided by the agency. Similarly, payments you receive for the support of a foster child from a state or county are considered support provided by the state or county.

Note 4: Armed Forces dependency allotments. The part of the allotment contributed by the government and the part taken out of your military pay are both considered provided by you in figuring whether you provide more than half of the support. If your allotment is used to support persons other than those you name, you can claim them as dependents if they otherwise qualify.

Note 5: Tax-exempt income. In figuring a person's total support, include tax-exempt income, savings, and borrowed amounts used to support that person. Tax-exempt income includes certain social security benefits, welfare benefits, nontaxable life insurance proceeds, Armed Forces family allotments, nontaxable pensions, and tax-exempt interest.

# Income Quick Reference Guide

This list is a quick reference and volunteers should refer to Publication 17 for more information. Don’t rely on this list alone. Some of the income items on this chart are Out of Scope for VITA/TCE. Review the Scope of Service chart to identify Out of Scope items. Refer taxpayers with Out of Scope income to a professional tax preparer. Confirm that all income received by the taxpayer has been discussed and shown on the return, if required. To determine taxability at the state level, check with your state’s department of revenue.

### Footnotes

\(^1\) If the taxpayer received a Form 1099-C, Cancellation of Debt, in relation to their main home, it can be nontaxable

\(^2\) If itemized in year paid and taxes were reduced because of deduction

\(^3\) An inheritance isn’t reported on the income tax return, but a distribution from an inherited pension or annuity is subject to the same tax as the original owner would have had to pay

\(^4\) The exclusion does not apply to a taxpayer for any year in which the taxpayer’s AGI exceeds $1 million (or $500,000 for an individual filing a MFS return)

\(^5\) If you use a dwelling unit as a home and you rent it less than 15 days during the year, you are not required to report the rental income and rental expenses from this activity. See Publication 527, Residential Rental Property. (Military Certification only)
Members of the Armed Forces receive many different types of pay and allowances. Some are included in gross income while others are excluded from gross income. Table 1 lists included items that are subject to tax and must be reported on your tax return. Table 2 lists excluded items that are not subject to tax, but may have to be shown on your tax return. See Publication 3, Armed Forces’ Tax Guide, for additional information. To determine taxability at the state level, check with your state’s department of revenue.

How/Where to Enter Income

**Tax Slayer Navigation:** Federal Section > Income

- Select **Guide Me** to launch a step-by-step series of questions to help determine the various types of income that should be entered on the tax return.
- Select **Enter Myself** if you prefer to enter items of income without help.
- Regardless of which path you choose, the tax form entry screens are the same.
- If you don’t need to enter or correct any income items, you can skip this section.
- See Tab O, Using Tax Slayer® Pro Online, for additional instructions.

To go directly to a specific form, use the box to enter the form number or name. See Tab O, Using Tax Slayer® Pro Online, for entries.

If the taxpayer received a state refund in 2020 and itemized deductions for 2019 that included a deduction for state income tax, select the State and Local Refunds option and complete the State Refund worksheet.

Select **Quick File** from this pull-down menu to create a list of entry screens for this return.

You can go directly to the Income section from the quick link.

Alimony received pursuant to a divorce or separation instrument executed on or before December 31, 2018 is included as income on the return. For divorces after December 31, 2018, alimony is not included as income on the return. The alimony is also not included in income if the instrument is modified after December 31, 2018, and the modification expressly provides that the amendments made by the Tax Cuts and Jobs Act, Section 11051, apply to the modification.

To enter Taxable Scholarship, Prisoner Earned Income, or Foreign Compensation - select Less Common Income then choose Other Compensation. To prepare a $0 AGI return, select Less Common Income then choose Other Income Not Reported Elsewhere. Because a $0 return cannot be e-filed, enter $1 and "IN ORDER TO E-FILE" in the description box.

To enter unemployment compensation from Form 1099-G, select **Begin** on the unemployment line. If unemployment benefits are repaid in the same year received, enter the unemployment received. Then enter the repaid amount by selecting that option on the unemployment screen.
Form W-2 Instructions

TaxSlayer Navigation: Federal Section>Income> W-2; or Keyword “W”

Note: If the taxpayer has not received a W-2 from all employers by the end of January, they should contact their employer for the missing copy.

If a Form W-2 can’t be obtained from the employer, select the box to indicate this is a substitute W-2. TaxSlayer will generate a Form 4852, Substitute for Form W-2, Wage and Tax Statement. The taxpayer will need to provide total income and withholding from their year-end pay stub.

Employee

Indicate if W-2 is for Taxpayer or Spouse. The software will not allow you to proceed until this is completed.

If the taxpayer has an ITIN, you will be prompted to enter the ITIN or SSN as shown on the original W-2.

Compare the taxpayer’s address to Form W-2 address. If the address on the W-2 is different, correct the W-2 address here to match the original Form W-2. This won’t change the tax return address.

Note: A taxpayer with multiple Forms W-2 could possibly have a different address on several of the Forms W-2. Check them carefully; the change must be made on every Form W-2 that is different from the current address. Be sure to enter every item from the taxpayer’s original W-2 – key what you see.

- Review Box 2 and box 17 to ensure tax withheld was entered and is correct.
- The entries in boxes 3, 4, 5, 6 and 16 will auto-populate based on the Box 1 entry. If the figures don’t match taxpayer’s Form W-2, correct the data so that it matches the information on Form W-2.
- If there is an entry in Box 10, Form 2441, Child and Dependent Care Expenses, must be completed.

---

Caution: IRS requires that information on electronically filed Form(s) W-2 match the printed Form(s) W-2 exactly if possible. For example, the name cannot be changed, and the software will not accept special characters.

Tip: If the taxpayer earned tips that weren’t reported to the employer, enter in the Unreported Tips box. This will add Form 4137, Social Security and Medicare Tax on Unreported Tip Income, to the return. If the taxpayer received tips that weren’t reported to the employer because they were less than $20 a month, go to Other Taxes, select Form 4137 and also enter the amount there. If a taxpayer wishes to use their tip log instead of allocated tips in box 8, leave box 8 blank and report it as unreported tips within the W-2.
Form W-2 Instructions (continued)

For Boxes 12 and 14, choose the code from the drop-down menu and enter the dollar amount. If there are more than 4 items in Box 12, enter the items that impact the tax return (Code D, E, G, P, Q, T, W, AA, BB, EE).

Be sure to select the correct items for Box 13 as indicated on Forms W-2. This is important in calculating the deductibility of IRA contributions.

If statutory employee is marked, employment taxes are withheld by the employer, but the taxpayer will report income and deduct expenses using Schedule C. Re-enter income as statutory income on Schedule C Income screen. Also enter related expenses. Do not mix statutory employee income with other income on the same Schedule C.

Select from the drop-down list for Box 14. If the amount is eligible for the retirement saver’s contributions credit, select Retirement (Not in Box 12). Carry to Form 8880. To qualify for this treatment, the contribution must be voluntary, not a mandatory, contribution.

Third party pay, Box 13, is taxable income and reported in Box 1.

A taxpayer may choose to include qualified Medicaid waiver payments in the calculation of earned income for the EIC and the ACTC. These are payments received for providing nonmedical support services under a plan of care to someone in the taxpayer’s home. If these payments were incorrectly reported in box 1 of Form(s) W-2, enter the amount again in the Medicaid Waiver Payment box. For more information about these payments, see Publications 17 or 525.

If the Form W-2 shows withholding from more than one state, select the Add State button to add the additional information.

**Caution:** Return is Out of Scope if there is a FATCA filing requirement, or if an alternative minimum tax is generated on Form 6251. This may occur with a large amount of dividends or interest.

If the aggregate value of foreign financial accounts exceeds $10,000 at any time during the year, the FinCEN Report 114 is required to be filed electronically with Treasury, and the return is Out of Scope.

If U.S. Savings Bond interest is used to pay for higher education expenses, return is Out of Scope.
Enter each Form 1099-INT separately.

Enter the name of payer. Don't use punctuation.

Enter the taxable interest paid in Box 1. This doesn't include interest shown in Box 3.

The early withdrawal penalty is carried as an adjustment to Form 1040.

Enter any taxable amount from Box 3 on the Interest on U.S. Savings Bonds and Treasury obligations line.

If 1099-INT shows foreign tax paid, enter it in Box 6 if the taxpayer is eligible to use the Simplified Limitation Election. See Tab G, Nonrefundable Credits, for details.

A warning may appear if tax withheld is more than 40% of Box 1. If your entries are correct, ignore the warning.
IMPORTANT – Entries are transferred directly when a state return is added. If state tax law treats the interest differently, include the exempt interest amount and select the state from the drop down list.

Generally, interest on U.S. government obligations (such as savings bonds, treasury bonds/bills/notes) is taxable on the federal return but isn’t taxable on the state return.

Note: Interest on in-state municipal bonds is generally not taxable on the federal and state returns.

Note: Income from a reverse mortgage is not considered a taxable event because it is a loan.

TIP: Always enter tax-exempt interest or dividend income. This may affect the amount of Social Security income that is taxable.

Enter the amount of tax-exempt interest from Box 8 of Form 1099-INT.

Enter the state and amount and select Continue To Next Step.
Must have identification number of payer to e-file the return.

Dividend Income (Form 1099-DIV)

TaxSlayer Navigation: Federal Section>Income>1099-DIV, INT, OID>Dividend Income; or Keyword “D”

Enter each Form 1099-DIV separately.
Enter the name of payer. Don’t use punctuation.

In the capital gain line, enter Box 2a total capital gain distributions from a regulated investment company (mutual fund) or real estate investment trust. This entry flows to Schedule D.

Note: A dividend reinvestment plan (DRIP) is when the cash dividend is automatically used to buy more shares. The dividend is income and included on 1099-DIV. The payer/broker will keep track of the new purchase.
Nondividend distribution is a return of basis, not taxed until all cost is recovered. The taxpayer must reduce their cost by these distributions at the time of sale. Once all costs are recovered, report as capital gain.

Box 5 amount is carried to qualified business income deduction. No additional entry needed.

An entry in Foreign tax withheld (Box 7) will flow as a foreign tax credit to Form 1040.

Only the simplified limitation method is in scope. If total foreign taxes exceed $300 ($600 if filing joint), the simplified method cannot be used. In that case Form 1116, Foreign Tax Credit, is required, with International certification only. See Tab G, Nonrefundable Credits for Foreign Tax Credit information.

On the amount of interest on U.S. Savings Bonds and Treasury obligations line, enter dividends from federal bond funds which are fully taxable on the federal return but tax-exempt on the state return.
State and Local Refund Worksheet

**TaxSlayer Navigation:** Federal Section>Income>Form 1099-G Box 2; or Keyword "G"

Use this worksheet only if the taxpayer itemized deductions last year claiming state income taxes as a deduction and received a state or local income tax refund.

None of your refund is taxable if, in the year you paid the tax, you either:

(a) didn’t itemize deductions, or
(b) elected to deduct state and local general sales taxes instead of state and local income taxes.

You may need to look up the sales tax that could have been deducted using the IRS sales tax calculator: [https://www.irs.gov](https://www.irs.gov)

Use this worksheet to determine the portion of the taxpayer’s prior year state refund that is considered taxable in the current year. Use a copy of the taxpayer’s previous year return to enter all amounts in the spaces provided. The taxable portion will be included on the return as taxable income.

Include state tax withheld and state estimated payments made during 2019.

If the taxpayer itemized in the prior year, enter sales tax deduction that could have been claimed in 2020 (for tax year 2019). See Publication 600, State and Local General Sales Tax, for details. If the amount is not shown on last year’s return, you can go to the Sales Tax Deduction Calculator on IRS.gov to determine the amount.

If last year’s filing status was MFS, indicate if spouse itemized deductions.

**Note:** See Instructions for Recipient for Box 2 on Form 1099-G amounts which may appear in the unnumbered box beside Box 9. Amounts in this unnumbered box are interest and are in scope. Report it as interest income on the tax return.
Schedule C Self-Employment Income

**TaxSlayer Navigation:** Federal Section>Income

If any of the self-employment income is reported on new Form 1099-NEC, Nonemployee Compensation, select Form 1099-NEC first. Self-employment income reported on a Form 1099-NEC will be in Box 1, Nonemployee compensation.

**Note:** A taxpayer that received less than $600 in income from one payer may not receive a Form 1099-NEC or Form 1099-K. This income must still be reported.

**Note:** For taxpayers who have earnings as a notary, review Publication 17, Other Income, for reporting instructions.

### Income

New this year: Income received on Form 1099-MISC may not include self-employment income. See Other Income, later in this tab.

Select Profit or Loss From A Business (Schedule C) to enter self-employment income that isn’t reported on a Form 1099-NEC. This would include income reported on Form 1099-K, Payment Card and Third Party Network Transactions, as well as all other cash and any other income received related to the business activity. Also, enter expenses related to the self-employment income.

**Note:** A taxpayer that received less than $600 in income from one payer may not receive a Form 1099-NEC or Form 1099-K. This income must still be reported.

**Note:** For taxpayers who have earnings as a notary, review Publication 17, Other Income, for reporting instructions.
Form 1099-NEC

Note: Add a Form 1099-NEC in TaxSlayer for each 1099-NEC received.

Nonemployee Compensation

Sometimes income reported in Box 1, Nonemployee compensation, is related to a hobby - an activity that isn't engaged in for profit. Activities not for profit are Out of Scope. See Publication 525, Taxable and Nontaxable Income, for more complete information about not-for-profit activities.
Connecting the Form 1099-NEC to Schedule C

Transferring 1099-NEC to Schedule C
As it turns out, your 1099-NEC income gets reported on a Schedule C. But don’t worry... We’ll help you get that form set up!

Note: If there is more than one Form 1099-NEC for the same business, ensure that they are all linked to the same Schedule C. Select the edit icon for the first Schedule C to add the additional Form 1099-NEC to it.

Note: If the taxpayer has more than one business, you must use a separate Schedule C for each.

If the business accepted credit or debit cards in payment or received payments via 3rd party network, it may receive Form 1099-K Payment Card and Third Party Network Transactions (see note below).

**Note:** Income reported on Form 1099-K is in scope if received for self-employment income (such as shared-economy driving). Make sure the total shown on the 1099-K is included, along with any cash income, on Schedule C income section. A Form 1099-K received for the sale of goods held in inventory or for rental income is Out of Scope (unless certified in Military).

**CAUTION:** Income from the manufacture, distribution, or trafficking of controlled substances (such as marijuana) is Out of Scope.

**Note:** See Tab H, Other Taxes, Payments, and Refundable Credits, for information about deferred payment of the employer share of the Social Security tax for self-employed taxpayers.

To be in scope, the Accounting Method must be Cash Method and there can be no inventory, no cost of goods sold, no employees, no business use of the home, and no depreciation (completing Form 4562, Depreciation and Amortization).

In most cases, the taxpayers do materially participate in the business. This means that the taxpayer ran the business and did the work.

If the taxpayer has a business loss carried over from another tax year or is required to file a Form 1099, the tax return is Out of Scope.

**Note:** To be deductible, a business expense must be both ordinary and necessary. An ordinary expense is one that is common and accepted in your industry. A necessary expense is one that is helpful and appropriate for your trade or business. An expense does not have to be indispensable to be considered necessary. Taxpayers can deduct the cost of their own education expenses (including certain related travel) related to the trade or business. They must be able to show the education maintains or improves skills required in their trade or business, or that it is required by law or regulations for keeping their license to practice, status, or job.

**Note:** Car and truck expenses aren’t entered on this page. Those expenses are entered on a separate page.

**Note:** Rentals or leases of equipment for more than 30 days are Out of Scope.

**CAUTION:** Expenses that aren’t deductible include bribes and kickbacks; charitable contributions; demolition expenses or losses; and dues paid to business, social, athletic, luncheon, sporting, airline, and hotel clubs.

**Note:** Taxpayers may exclude from gross income any covered Paycheck Protection Plan (PPP) loan forgiveness.

For additional information, refer to IRS Notice 2020-32.

**Note:** Use the TaxSlayer Schedule C entry screen Health Insurance box for this Self-Employed Health Insurance Deduction. See Tab E, Adjustments, for information about the self-employed health insurance deduction. Calculations with Premium Tax Credit are Out of Scope with respect to the self-employed health insurance deduction.
Schedule C - Car and Truck Expenses

**TaxSlayer Navigation:** Federal Section>Income>Profit or Loss from a Business>Car and Truck Expenses; or Keyword “SC”

**Schedule C Car and Truck Expenses**

Car and Truck Expenses

Please Note: Actual car or truck expenses must be entered in the depreciation menu for this business. You cannot claim both actual expenses and mileage for the same vehicle.

**Description of Vehicle**

Enter a brief description of the vehicle; for example, 2008 Ford.

**Date you placed your vehicle in service for business purposes**

**Business miles**

Enter the number of miles you used your vehicle for each of the following.

- Business miles
- Commuting
- Other

**Check if you have (or your spouse has) another vehicle available for personal use.
- Check if your vehicle was available for personal use during off-duty hours.
- Check if you have evidence to support your deduction.
- If yes, check if the evidence is written.

**Business miles:** Miles related to the business activity that aren’t commuting miles. For-hire drivers who have mileage in between customer pick-ups can claim the mileage as a business expense.

**Commuting miles:** Miles driven each day from home to the first business location and driven from the last business location back home.

**Other:** Miles driven for personal purposes.

Note: The total of Business, Commuting and Other miles should add up to the total miles on the vehicle for the year.

**Using actual expense deductions, such as gas, repairs, and depreciation, is Out of Scope.**

---

**Refer to Publication 463, Travel, Entertainment, Gift, and Car Expenses, for help determining deductible business mileage and nondeductible commuting mileage.**

**Note:** The car and truck expense deduction will automatically be calculated using the standard mileage rate, based on the number of business miles entered. The rate is 57.5 cents per mile for tax year 2020. In addition, the taxpayer can deduct the cost of business parking and tolls.

**Note:** If you are self-employed and use your car in your business, you can deduct the business part of state and local personal property taxes on motor vehicles on Schedule C. Enter this on the Taxes line on the Schedule C Expenses screen. If you are self-employed and use your car in your business, you can deduct that part of the interest expense that represents your business use of the car. You cannot deduct the part of the interest expense that represents your personal use of the car. Enter the deductible amount on the Other Interest line on the Schedule C Expenses screen.

**Note:** If you are an employee, you cannot deduct any interest paid on a car loan. This applies even if you use the car 100% for business as an employee.

**Note:** The standard mileage deduction includes depreciation, gas/oil, repairs, insurance, and nontax portion of registration, but not parking, tolls, or business part of registration tax. Taxpayer should have a written record (log or appointment book).
Self-employed taxpayers can use this chart. Don’t use this chart if your home is your principal place of business. (Out of Scope)

**Home:** The place where you reside. Transportation expenses between your home and your main or regular place of work are personal commuting expenses.

**Regular or main job:** Your principal place of business. If you have more than one job, you must determine which one is your regular or main job. Consider the time you spend at each, the activity you have at each, and the income you earn at each.

**Temporary work location:** A place where your work assignment is realistically expected to last (and does in fact last) one year or less. Unless you have a regular place of business, you can only deduct your transportation expenses to a temporary work location **outside** your metropolitan area.

**Second job:** If you regularly work at two or more places in one day, whether or not for the same employer, you can deduct your transportation expenses of getting from one workplace to another. If you do not go directly from your first job to your second job, you can deduct the transportation expenses of going directly from your first job to your second job. You cannot deduct your transportation expenses between your home and second job on a day off from your main job.

Form 1099-B Box 1e or provided by taxpayer. If the statement or taxpayer does not provide cost basis, historical data can be used. See Publication 551, Basis of Assets, for details. If basis can’t be determined, use zero. Special rules apply to property inherited from a decedent who died in 2010. If the taxpayer cannot provide the basis for the property, refer the taxpayer to a professional tax preparer. For more information, search historical Publication 4895, Tax Treatment of a Property Acquired from a Decedent Dying in 2010 (Rev. October 2011) under Prior Year Forms and Instructions on irs.gov.

For most transactions, no adjustment to gain or loss is needed. If an adjustment to basis or net capital gain is required, enter the adjustment amount and mark the reason(s) from the list. You may need to enter an adjustment if the basis provided is incorrect, another situation applies that requires a change to the basis, or if the taxpayer is able to exclude some or all of the capital gain.

If summarizing transactions, check the box for Reporting Multiple Transactions on a Single Row.
Entering Capital Gains and Losses (continued)

Exception to Entering Each Transaction on a Separate Row

When a taxpayer’s Form 1099-B includes so many transactions that it isn’t practical to enter each one into TaxSlayer, use the following procedure.

1. Divide the transactions into four categories:
   • Short term transactions with basis reported to the IRS - categorized as “Box A.”
   • Short term transactions with basis not reported to the IRS - categorized as “Box B.”
   • Long term transactions with basis reported to the IRS - categorized as “Box D.”
   • Long term transactions with basis not reported to the IRS - categorized as “Box E.”

2. Enter the total of each category on the capital gain entry screen.

3. If any of the transactions requires an adjustment to the reported basis, select the reason from the check box that includes that transaction.

4. If there are transactions with basis not reported to the IRS, the broker’s list of transactions must be submitted as an attachment to the tax return. Submit the document using either of the following two methods:
   • Electronic: Scan the pages and save as a PDF. Attach the PDF to the electronic return prior to creating the e-file.
   • Hardcopy: Make a photocopy and attach it to Form 8453, U.S. Individual Income Tax Transmittal for an IRS e-file Return, to be mailed to the IRS Service Center in Austin, Texas.

Common Items Found on Brokers’ Statements

Look for all of the following items: (You may or may not find them all.)

1. 1099-INT (Summary-NOT detail)
2. 1099-DIV (Summary-NOT detail)
3. 1099-B (Summary and Detail) and “Cost basis” or “Transaction detail” for sale of stock: Input as capital gains or losses.
4. If there are dividends from mutual funds, look for an insert or chart that says what percentage came from federal government interest: Enter on the dividend input screen and select your state (check your state rules).
5. The chart should also show what percent came from municipal bonds from each state: Input exempt interest from states other than yours by selecting tax-exempt interest income and making the state adjustment (check your state rules).
6. Foreign taxes paid: Enter foreign taxes paid on the dividend input screen only if all foreign taxes relate to passive income and the total on all tax statements (1099, etc.) is less than $300 ($600 MFJ); otherwise, in scope only if certified in International.

Note: Net losses greater than $3,000 ($1,500 if MFS) will carry forward to future tax years.
Adjustments to Basis in TaxSlayer

Enter Capital Gain/Loss Transactions in TaxSlayer

For most transactions, you do not need to adjust the basis. You may need to adjust the basis if you received a Form 1099-B or 1099-S (or substitute statement) that is incorrect, are excluding or postponing a capital gain, have a disallowed loss, or certain other situations. Details are in the table below.

* Wash sales are in scope only if reported on Form 1099-B or on a brokerage or mutual fund statement.*
The sale or exchange of a main home must be reported as a Capital Gain or Loss if:

- The taxpayer can’t exclude all of their gain from income,
- The taxpayer has a gain and chooses not to exclude it, or
- The taxpayer received a Form 1099-S for the sale or exchange.

**Note:** The taxpayer does not have to report the sale of their main home if they qualify and choose to exclude all of their gain and did not receive Form 1099-S. See Tab R, Glossary and Index, for a definition of main home.

Generally, if the following two tests below are met, the taxpayer can exclude up to $250,000 of gain. If both the taxpayer and their spouse meet these tests and file a joint return, they can exclude up to $500,000 of gain (but only one spouse needs to meet the ownership requirement in Test 1). Reduced exclusions are Out of Scope.

- Test 1. During the 5-year period ending on the date the taxpayer sold or exchanged their home, they owned it for 2 years or more (the ownership requirement) and lived in it as their main home for 2 years or more (the use requirement).

**Note:** Military members may be able to suspend the 5-year period while serving on qualified official extended duty.

- Test 2. The taxpayer hasn’t excluded gain on the sale or exchange of another main home during the 2-year period ending on the date of the sale or exchange of their home.

If the taxpayer has a gain that can’t be excluded, it is taxable.

**Note:** Sale of a home received through inheritance or as a gift is Out of Scope unless it has been used as a personal residence by the taxpayer or spouse. The taxpayer must provide the cost basis of the residence. Tests 1 and 2 then apply to exclude the gain.

**Death of spouse.** If the taxpayer sells their home within 2 years after their spouse dies and has not remarried as of the sale date, they can count any time their spouse owned the home as time they owned it and any time when the home was their spouse’s residence as time when it was their residence. In addition, the taxpayer may be able to increase their exclusion amount from $250,000 to $500,000 if the taxpayer or their deceased spouse meet the requirements for Test 1 and both the taxpayer and their deceased spouse meet the requirement for Test 2.

Form 1099-R

TaxSlayer Navigation: Federal Section>Income>1099-R, RRB-1099, RRB-1099-R, SSA-1099>Add or Edit a 1099-R; or Keyword “R”

Note: See the Box 7 Distribution Codes later in this tab for scope limitations.

CAUTION: Box 2a will automatically fill in with the amount in Box 1. If a different amount is shown on the document, enter that amount directly. You may need to use the Simplified Method to calculate the taxable amount of the distribution if:

- Box 2a is zero or blank and an amount is shown in Box 9b.
- Box 1 and 2a contain the same amount and Taxable amount not determined box is marked.

Refer to the Taxable Amount Not Determined and Form 1099-R Simplified Method sections later in this Tab.

After completing the Simplified Method Worksheet or entering the Public Safety Officer Exclusion for Health Insurance Premiums, the taxable portion of the distribution will carryover to Box 2a. Manual adjustments are required to make sure Box 2a reflects changes due to rollovers, qualified charitable contributions, return of capital, etc.

If a joint return, choose who the document belongs to.

EIN must be entered accurately. Incorrect EIN is a common e-file reject.

If Simplified Method is required or if the taxpayer has public safety officer health insurance deduction, click here for worksheet.

If marked, the taxable amount will not carry to Form 8880, Credit for Qualified Retirement Savings Contributions, line 4 as a current year distribution. See Tab G, Nonrefundable Credits.

If Box 4 has an entry, ensure that the tax withheld is entered and is correct.

Box 2b indicates “Taxable amount not determined” and “Total distribution”. Mark exactly as shown on document.
Box 5 on the document may be current year’s amount of employee contributions or insurance premiums (recovery of cost basis or investment in the contract). If Box 5 is the same as Box 1, none of the distribution is taxable. If the payer has calculated the taxable amount of the pension in Box 2a, generally the difference between Boxes 1 and 2a will appear in Box 5. If Box 5 is the amount of health insurance premiums, (typically only on a CSA 1099-R) you must manually carry the amount to the Schedule A, Itemized Deductions, Medical or Dental Expenses.

Box 7 is a required entry – Enter exactly as shown on document. If IRA/SEP/Simple is marked, check to enter exactly as on document. See Distribution Codes Chart in this tab. The simplified method cannot be used for code “D” or other non-qualified plan distributions.

Box 9b shows the total employee contributions and may be needed if Box 2 has no entry – usually requires Simplified Method Worksheet (see Box 2a).
Tax-Favorable Treatment of Coronavirus-Related Retirement Distributions

The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) of 2020, provides for expanded distribution options and favorable tax treatment for up to $100,000 coronavirus-related distributions from eligible retirement plans, as well as special rollover rules with respect to such distributions, to qualified individuals. Eligible retirement plans include certain employer retirement plans, such as section 401(k) and 403(b) plans, and IRAs.

Qualified Individuals

These special provisions apply to a qualified individual only. A qualified individual is anyone who:

- is diagnosed, or whose spouse or dependent is diagnosed, with the virus SARS-CoV-2 or the coronavirus disease 2019 (collectively, “COVID-19”) by a test approved by the Centers for Disease Control and Prevention (including a test authorized under the Federal Food, Drug, and Cosmetic Act); or

- experiences adverse financial consequences as a result of the individual, the individual’s spouse, or a member of the individual’s household (that is, someone who shares the individual’s principal residence):
  - being quarantined, being furloughed or laid off, or
  - having work hours reduced due to COVID-19;
  - being unable to work due to lack of childcare due to COVID-19;
  - closing or reducing hours of a business that they own or operate due to COVID-19;
  - having pay or self-employment income reduced due to COVID-19; or
  - having a job offer rescinded or start date for a job delayed due to COVID-19.

The taxpayer will determine if they are a qualified individual. Coronavirus-related distributions are permitted without regard to the qualified individual’s need for funds, and the amount of the distribution is not required to correspond to the extent of the adverse financial consequences experienced by the qualified individual.

Distributions That Are Not Coronavirus Related

The following amounts are not coronavirus-related distributions. The taxpayer will need to determine if a distribution is or includes any of the following:

- corrective distributions of elective deferrals and employee contributions that are returned to the employee (together with the income allocable thereto) (Form 1099-R, Box 7, code 8)
- certain excess elective deferrals or contributions (Form 1099-R Box 7, code 8 )
- loans that are treated as deemed distributions (Form 1099-R, Box 7, code L)
- dividends paid on applicable employer securities (Form 1099-R, Box 7, code U)
- the costs of current life insurance protection (Form 1099-R, Box 7, code 9)
- prohibited allocations that are treated as deemed distributions (Form 1099-R, Box 7, code 5)
- distributions that are permissible withdrawals from an eligible automatic contribution arrangement
- distributions of premiums for accident or health insurance

Disaster-related distributions that are not coronavirus-related distributions are out of scope. Information on disaster-related distributions is available on irs.gov.

Exception to Additional Tax on Early Distributions

Coronavirus-related distributions are not subject to the 10% (25% for SIMPLE IRAs) additional tax on early distributions. Use Form 5329 to claim exception code 12- Other if the coronavirus-related distribution is also an early distribution, but on no more than the $100,000 maximum.
Three Year Ratable Inclusion in Income

A CARES Act distribution may be included in income ratably over a three-year period, starting with the year in which the distribution is received. Taxpayers may elect out of the 3-year ratable income inclusion. This election cannot be made or changed after the timely filing of the individual's federal income tax return. All coronavirus-related distributions must be treated consistently - either all distribution must be included in income over a three year period or all are included in income in the year of distribution. Each spouse who is a qualified individual will file Form 8915-E to make their election for their respective eligible distributions.

Recontributions

A qualified individual who receives a coronavirus-related distribution that is eligible for tax-free rollover treatment is permitted to be recontributed any portion of the distribution to the same plan or another eligible retirement plan (such as an IRA) within 3 years from the day after the date of distribution. Not all coronavirus-related distributions qualify for recontribution. These amounts are cannot be recontributed:

- Any coronavirus-related distribution (whether from an employer retirement plan or an IRA) paid to a qualified individual as a beneficiary of an employee or IRA owner (other than the surviving spouse of the employee or IRA owner).
- Any distribution (other than from an IRA) that is one of a series of substantially equal periodic payments made (at least annually) for:
  - A period of 10 years or more,
  - The individual’s life or life expectancy, or
  - The joint lives or joint life expectancies of the individual and the individual’s beneficiary.
- Required minimum distributions.

Thus, pensions are not eligible for recontribution. Since RMDs were waived for 2020, qualified individuals can recontribute a distribution that would have been a 2020 RMD.

A recontribution to an eligible retirement plan at any date before the individual's federal income tax return is filed (that is, by the due date, including extensions) will reduce the ratable portion of the coronavirus-related distribution that is includible in gross income for that tax year. No election is needed and the taxpayer can decide how much, if any, to recontribute within the permitted 3 year period. If a recontribution exceeds that year's ratable taxable amount, the taxpayer can either carry back or carry forward the excess recontribution. Recontributions of a coronavirus-related distribution will not be treated as a rollover contribution for purposes of the one-rollover-per-year limitation.

TaxSlayer

Qualified individuals will use Form 8915-E to desigate a distribution as a coronavirus-related distribution from an eligible retirement plan. The individual will identify their coronavirus-related distributions (and allocate the $100,000 limitation, if it applies), elect or not elect the 3-year ratable inclusion in income, and show any recontributions made up through the timely filing date of the tax return. Form 5329 is used to claim the coronavirus-related distribution exception to the additional tax on early distributions. Refer to Tab H.

Disaster-related distributions are Out of Scope. For more information, refer to:

Screening Sheet for CARES Act
Coronavirus-Related Retirement Plan Distributions

Instructions: Use this screening sheet to assist taxpayers with retirement plan distributions received on or after January 1, 2020, and before December 31, 2020, that may be eligible for special treatment.

1. Were you or your spouse or dependent diagnosed with the virus SARS-CoV-2 or the coronavirus disease 2019 (collectively, "COVID-19") by a test approved by the Centers for Disease Control and Prevention (including a test authorized under the Federal Food, Drug, and Cosmetic Act);
   _____ YES _____ NO

or

Did you or your spouse experience adverse financial consequences as a result of you, your spouse, or a member of your household (that is, someone who shares your principal residence):

• being quarantined, furloughed, or laid off or having work hours reduced due to COVID-19,
• being unable to work due to lack of childcare due to COVID-19,
• closing or reducing hours of a business that they own or operate due to COVID-19,
• having pay or self-employment income reduced due to COVID-19, or
• having a job offer rescinded or start date for a job delayed due to COVID-19.
   _____ YES _____ NO

If you answered yes to either of the above, you may be able to designate your retirement plan distribution as a coronavirus-related distribution. Continue to the next question.

If you checked no to both, stop here. Your distribution is not a coronavirus-related distribution.

2. Is your distribution any of the following:
   • corrective distributions of elective deferrals and employee contributions that are returned to the employee (together with the income allocable thereto) (Form 1099-R, Box 7, code 8)
   • certain excess elective deferrals or contributions (Form 1099-R, Box 7, code 8)
   • loans that are treated as deemed distributions (Form 1099-R, Box 7, code L)
   • dividends paid on applicable employer securities (Form 1099-R, Box 7, code U)
   • the costs of current life insurance protection (Form 1099-R, Box 7, code)
   • prohibited allocations that are treated as deemed distributions (Form 1099-R, Box 7, code 5)
   • distributions that are permissible withdrawals from an eligible automatic contribution arrangement
   • distributions of premiums for accident or health insurance
   _____ YES _____ NO

If you answered yes, stop here. Your distribution is not a coronavirus-related distribution.

Note: The maximum amount of distributions for these special provisions is $100,000. You and your spouse are each limited to $100,000 for either option for your respective distributions.

First choice: You can include your eligible distribution in income ratably over 3 years. If you select this option:
   • 1/3 of your eligible distributions will be included in income in 2020, 1/3 in 2021, and 1/3 in 2022.
   • all coronavirus-related retirement distributions must be treated the same (either spread all over 3 years or include the entire amount in income in 2020).
   • this election cannot be changed after the timely filing of your 2020 tax return.

3. Would you like to spread the income from your distribution over the 3 years?  _____ YES _____ NO
Screening Sheet for CARES Act
Coronavirus-Related Retirement Plan Distributions

**Second choice:** You also may recontribute all or part of a coronavirus-related distribution that is eligible for tax-free rollover treatment. You cannot recontribute the following:

- Any coronavirus-related distribution (whether from an employer retirement plan or an IRA) paid to a qualified individual as a beneficiary of an employee or IRA owner (other than the surviving spouse of the employee or IRA owner).
- Any distribution (other than from an IRA) that is one of a series of substantially equal periodic payments made (at least annually) for:
  - A period of 10 years or more,
  - The individual’s life or life expectancy, or
  - The joint lives or joint life expectancies of the individual and the individual’s beneficiary.
- Required minimum distributions.

Additionally:

- Recontributions can be to the same account, if allowed by the administrator or trustee, or to a different account, such as an IRA.
- You have 3 years from the day after you received the distribution to recontribute. A recontribution up to the day you timely file your federal income tax return will reduce the ratable portion of the coronavirus-related distribution that is includible in gross income for that tax year. For example: a repayment on Feb. 1, 2021, (before you file your 2020 return) will reduce the amount included in income in 2020.

**No election is needed – just let us know how much you repay and when.**

You can choose both:

- Include 1/3 of the distribution in income for 2020, 2021, and 2022, and
- Reserve the right to recontribute any or all of your distribution.

You can change your mind about recontributing your distribution (that is, you aren’t required to recontribute it). But the election to include the distribution in income ratably over three years cannot be changed once your 2020 return is filed.
Taxable Amount Not Determined
(Special Circumstances)

**TaxSlayer Navigation:** Federal Section>Income>1099-R, RRB-1099, RRB-1099-R, SSA-1099>Add or Edit a 1099-R>Calculate taxable amount; or Keyword “R”

The following screen is displayed when “Click here for options” link under “Do you need to calculate your taxable income?” is selected.

Select begin for the Simplified Method Worksheet. If the taxpayer has both retired public safety officer (PSO) health insurance exclusion and Simplified Method features, select the Simplified Method Worksheet.

If the retired PSO does not need a Simplified Method calculation, select the PSO Distribution.

**Public Safety Officers Distribution**

Enter the amount of PSO health insurance premiums paid from the pension (up to $3,000). Deduct any amount of premiums paid in excess of $3,000 as an itemized deduction.

Distributions Used To Pay Insurance Premiums for Public Safety Officers

If you are an eligible retired public safety officer (police/law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew), you can elect to exclude from income distributions made from an eligible retirement plan that are used to pay the premiums for accident or health insurance or long-term care insurance. The premiums can be for coverage for you, your spouse, or dependents. The distribution must be made directly from the plan to the insurance provider. You can exclude from income the smaller of the amount of the insurance premiums or $3,000. You can only make this election for amounts that would otherwise be included in your income. The amount excluded from your income can’t be used to claim a medical expense deduction.
Form 1099-R Simplified Method

If the taxpayer made after-tax contributions toward a pension, a portion of the annuity payment has already been taxed and isn’t taxable now. Generally, if the starting date of the payments was prior to July 2, 1986, the Simplified Method wouldn’t apply. If the taxpayer used the 3-year rule, the annuity is fully taxable. If they used the general rule, refer the taxpayer to a professional tax preparer.

Form CSA 1099-R - Civil Service Retirement Benefits - The Office of Personnel Management issues Form CSA 1099-R for annuities paid or Form CSF 1099-R for survivor annuities paid. The CSA-Form 1099-R box numbers reflect the standard numbering on a Form 1099-R. If the taxable amount isn’t calculated in Box 2 the Simplified Method must be used.

Hint: If you use TaxSlayer’s simplified method worksheet, enter a note with the taxpayer’s annuity start date, age at the start date, and amounts previously recovered to help next year’s preparer.

To make a note that will not be transmitted to the IRS but will stay with the file, select the pulldown arrow to the right of the taxpayer’s name in top right corner. Choose Notes. Then give the note a name and enter details. This note will be attached to the page where you created it and it will also be accessible from the Client Search List.
Form 1099-R Rollovers and Disability Under Minimum Retirement Age

*Minimum retirement age generally is the age at which you can first receive a pension or annuity if you aren’t disabled.

Internal Revenue Code 402(c). Extended rollover period for plan loan offset amounts. Provides that the period during which a qualified plan loan offset amount may be contributed to an eligible retirement plan as a rollover contribution is extended from 60 days after the date of the offset to the due date (including extensions) for filing the Federal income tax return for the taxable year in which the plan loan offset occurs, that is, the taxable year in which the amount is treated as distributed from the plan.

Note: Taxpayers who took a required minimum distribution (RMD) in 2020 have the opportunity to roll those funds back into a retirement account following the CARES Act RMD waiver for 2020. The 60-day rollover period for any RMDs already taken this year was extended to August 31, 2020, to give taxpayers time to take advantage of this opportunity.

The rollover is not subject to the one rollover per 12-month period limitation and the restriction on rollovers for inherited IRAs.

Rollovers

- A taxpayer should not receive a Form 1099-R for a trustee-to-trustee transfer from one IRA to another, but should receive a Form 1099-R for a trustee-to-trustee direct rollover from an employer qualified plan to an IRA with code G.

- A rollover that involves a distribution of funds to the participant isn’t taxable if the funds are deposited into an IRA (or the same IRA) or an employer plan within 60 days. Form 1099-R will have either a code 1 or code 7. Subtract the rollover amount from the gross distribution (Box 1) and enter the difference as the taxable amount in Box 2a.

- A participant is allowed only one rollover from an IRA to another (or the same) IRA in any 12-month period, regardless of the number of IRAs owned. However, you can continue to make unlimited trustee-to-trustee transfers between IRAs because it is not considered a rollover.

- Sometimes a distribution includes both a regular distribution (generally taxable) and a rollover (generally nontaxable). The Form 1099-R Rollover or Disability section is used to input the amount that won’t be taxed and Box 2a needs to be adjusted.

- If taxpayer inadvertently missed the 60-day rollover deadline for one of several reasons, they can submit a certification to the trustee, and the amount can be considered a rollover on his tax return. See Revenue Procedure 2016-47 for details.

Note: The above applies to pre-tax accounts (e.g. traditional IRAs) and to post-tax accounts (e.g. Roth IRAs) within each group. If rolling or converting from pre-tax to post-tax, the amount will generally be taxable.
Form 1099-R Roth IRA

The basis of property distributed from a Roth IRA is its fair market value (FMV) on the date of distribution, whether or not the distribution is a qualified distribution.

You don’t include in your gross income qualified distributions or distributions that are a return of your regular contributions from your Roth IRA(s).

Distributions from a Roth IRA are tax free and may be excluded from income if the following requirements are met:

- The distribution is after the 5-year period beginning with the first day of the first taxable year for which a contribution was made to a Roth IRA set up for the taxpayer’s benefit, and
- The distribution is:
  - Made on or after age 59½, or
  - Made because the taxpayer was disabled, or
  - Made to a beneficiary or to an estate, or
  - To pay certain qualified first-time homebuyer amounts (up to a $10,000 lifetime limit)

Is the Distribution From Your Roth IRA a Qualified Distribution?

## Form 1099-R Box 7 Distribution Codes

<table>
<thead>
<tr>
<th>Box 7 Distribution Codes</th>
<th>Explanations</th>
</tr>
</thead>
</table>
| 1 — Early distribution, no known exception | • If this amount was rolled over within 60 days of the withdrawal and—if the distribution was from an IRA—no prior rollover was made in the same 12-month period. Check the box under Rollover or Disability on Form 1099-R, and enter the amount rolled over. Trustee to trustee transfer isn’t considered a prior rollover. If more than one rollover from an IRA in the 12-month period, return is Out of Scope.  
• If this wasn’t rolled over, a 10% additional tax will be applied unless the taxpayer qualifies for an exception. See Tab H, Other Taxes, Payments and Refundable Credits, for a list of exceptions. If the taxpayer qualifies for an exception, go to Form 5329, Additional Taxes on Qualified Plans and Other Tax-Favored Accounts, enter the amount that qualifies for an exception and select the reason for the exception from the dropdown list. |
| 2 — Early distribution, exception applies | Code 2 applies if the taxpayer is under 59½ but the payer knows that an exception to the additional tax applies. If the IRA/SEP/SIMPLE box ISN’T checked, no further action needed. If the IRA/SEP/SIMPLE box IS checked, additional reporting may be required on Form 8606, and the return is Out of Scope. |
| 3 — Disability | Code 3 is for a disability pension.  
• If the taxpayer is under the minimum retirement age for the company he retired from, then check the box under Rollover or Disability that says, “Check here to report as wages on the Form 1040.” This will reclassify the disability income as wages. It will also include the amount in earned income for calculation of the earned income credit, the dependent care credit and the additional child tax credit.  
• If the taxpayer has reached the minimum retirement age, no further action is needed. |
| 4 — Death | Code 4 is for a survivor’s benefit or an inherited IRA. If it’s a pension, the original retiree has died, and the survivor is receiving his or her share of the pension. If the original pensioner was using the Simplified Method, continue to use it for the survivor. If it’s an inherited IRA and the original owner had a basis, the survivor takes over that basis. |
| 5 — Prohibited transaction | This code is Out of Scope. |
| 6 — Tax-free Section 1035 exchange | This code is Out of Scope. |
| 7 — Normal distribution | Code 7 is for normal distributions. It may occur in several different situations:  
• If the amounts in Box 1 and 2a are the same, and Box 2b isn’t checked, the pension is fully taxable.  
• If the taxpayer makes a rollover from one IRA to another and holds the money less than 60 days, enter the amount rolled over into the Rollover or Disability field.  
• If the Box 2b is checked and there is an amount in Box 9b, complete the Simplified Method. Be sure to use the taxpayer’s age at the time of retirement—not current age.  
• If there is an amount in Box 2 that is different than Box 1, no further action is needed.  
• If there is no amount (or zero) in Box 2a, check to see if there is an amount in Box 5. If this is the same amount as Box 1, the distribution is the taxpayer’s own money coming back. None of the distribution will be taxed.  
• If any portion of this distribution was sent directly from the trustee to a charity, and the taxpayer is over 70 1/2 years old, enter the net taxable amount in box 2a (which may be zero). Hit Continue and at the IRA/Pensions Distributions page, select Nontaxable Distributions and check the box to mark that there is a Qualified Charitable Distribution (QCD). No charitable deduction may be taken for the donation.  
• If the IRA/SEP/SIMPLE box IS checked, additional reporting may be required on Form 8606. In that case, the return is Out of Scope. |

Form 1099-R Nontaxable Income

Qualified Charitable Distribution (QCD) may be used if the person was at least 70 1/2. This makes that portion of the distribution nontaxable.

1099-R Nontaxable Income

Nontaxable Distribution

If part or all of your 1099-R distribution(s) was for any of the following reasons, please check the appropriate box.

Important: The amount that you enter as the Taxable Amount in Box 2a for each 1099-R will be carried to your return as taxable income. If any of the exclusions apply, do not include the excludable amount in Box 2a for the appropriate 1099-R. Only include in Box 2a the amount that you want reported on your return as taxable income.

Exceptions:

☐ Check here to mark this as a Qualified Charitable Distribution (QCD) on your return. Note: The taxpayer must have been at least age 70 1/2 at the time of the distribution.

☐ Check here to mark this as a qualified health savings account (HSA) funding distribution (HFD) on your return.

☐ Check here if you are an eligible retired public safety officer, and part of your distribution was used to

Do not use this checkbox. See Tab D, Income, Taxable Amount Not Determined (Special Circumstances) page.

Qualified Health Savings Account funding distribution from an IRA (related to a Form 1099-R ) if rolled over, is Out of Scope.

Qualified Charitable Distributions:

• The QCD is not included in income.
• The QCD is not allowed as a charitable deduction.
• The QCD counts toward the taxpayer’s Minimum Required Distribution.
• It must be a direct distribution from the trustee to the qualified charitable organization.
• The amount of the QCD should be deducted from the gross distribution and the result entered in Box 2a on the Form 1099-R input screen.

Note: A qualified charitable contribution (QCD) can be made by a taxpayer who is age 70 1/2 or older (unchanged). However, the excludible portion of a QCD distribution is reduced by IRA deductions once the taxpayer attains age 70 1/2. This provision applies cumulatively for tax years beginning after 2019 as to both distributions and deductions.
Railroad Retirement Benefits (RRB) are reported on two forms and require two entry screens. Social Security Equivalent Benefits, Form RRB 1099 Tier 1 (Blue Form) are entered on the Social Security Benefits screen. Treat the benefits reported on the Blue Form just like the information reported on Form SSA-1099. The screenshot below shows the entry screen for Form RRB 1099-R Tier 2 (Green Form).

**Note:** See Publication 915, Social Security and Equivalent Railroad Retirement Benefits, and Publication 575, Pensions and Annuity Income, for additional information.

Taxable amount may have to be determined using Simplified Method.

Generally, for a joint and survivor annuity, use the combined ages to calculate the taxable amount for the employee’s pension. As a reminder, place a note with the combined ages used for carry forward purposes.

For a joint and survivor annuity that starts BEFORE the death of either beneficiary, continue with the same combined age after the first death. For a survivor annuity that starts AFTER the death of the employee, use only the survivor’s age.

If an amount is present in the description of Box 3 on Form SSA-1099, or Boxes 7, 8 and 9 on Form RRB-1099, the taxpayer received benefits attributable to a prior year. If the taxpayer is able to provide prior year tax returns, use the Social Security Lump-Sum Payment worksheet on the next page to see if the taxable amount of social security is reduced.

Enter amount from Box 5 of Form SSA-1099 or from Form RRB-1099 - Tier 1 (Blue form) Net Social Security Equivalent Benefits (SSEB).

Be sure to check for any tax withheld. Often taxpayers choose this option. This is found in Box 6 of the SSA-1099 and Box 10 of the RRB-1099.

Enter the total of Medicare Parts A, B, C, and D. Repeat for spouse. If Medicare premiums have been used for the Self Employed Health Insurance deduction, do NOT enter on this screen.

Social Security Lump-Sum Payment

- Enter relevant year, as shown on Form SSA-1099.
- If more than one year has prior year payments use additional Lump-Sum worksheet.
- Dropdown menu is available for prior year Filing Status.
- If the prior year return was MFJ, include social security payments received that year by BOTH taxpayer and spouse.
- Leave the SSA payments received in an earlier year and/or the taxable benefits reported in an earlier year boxes empty if not applicable. All other boxes require entries.
- The calculation won't be correct without the prior year Modified AGI.
- The software will determine total taxable Social Security based on these entries.
Entering K-1 Information in TaxSlayer

The taxpayer’s Schedule K-1 may come from a Form 1065 (Partnership), Form 1120S (S-Corporation) or Form 1041 (Estate) Tax Return. Be careful to choose the right form.

Schedule E (Page 2) Question

☐ Check here if you are reporting losses not allowed in prior years due to the at-risk or basis limitations, passive losses not reported on Form 8582, or unreimbursed partnership expenses

This situation would be Out of Scope.
Entering K-1 Information in TaxSlayer (continued)

Income reported on Schedule K-1 that is within the scope of the VITA/TCE programs includes:

- Interest income
- Dividend income
- Qualified Dividends income
- Net short-term capital gains and losses (Schedule D)
- Net long-term capital gains and losses (Schedule D)
- Tax-exempt interest income
- Royalty income (Schedule E)

If the K-1 includes any deductions, expenses, credits, or other items not listed above, the return is Out of Scope.

**Note:** Most in scope K-1s will be from a passive entity, and the taxpayer’s investment will be at risk. Be sure to select these boxes in the software, if applicable. TaxSlayer may give you a warning if the At-Risk box is left blank.

Entering Rental and Royalty Income in TaxSlayer

**TaxSlayer Navigation:** Income>Supplemental Income and Loss>Schedule E Rent and Royalty Information; or Keyword “SC”

Volunteers must certify at Military level to prepare Schedule E for rental income. Rental income and expenses are in-scope only for military families renting their personal residences.

Check the box if the taxpayer had any days of personal use while the property was available for rent. Enter the number of days here.

Enter the total rental payments received for the tax year.

Enter number of days rented at fair rental value. If the property is temporarily rented for less than 15 days during the tax year, the rental income is not taxable and the expenses are not deductible on a Schedule E.

Check here if the taxpayer actively participated. A rental loss will not appear on Form 1040, unless the taxpayer actively participated. In order to actively participate, the taxpayer must have substantial involvement in managing the rental property, such as making management decisions and arranging for repairs.

Use Schedule E to report rental income only when the taxpayer is not a real estate professional (determination of professional status is Out of Scope). Refer taxpayers who are real estate professionals to a professional tax preparer.

Select to edit the physical address, type of property, and to report the number of fair rental and personal use days.

If Form 4562 is required, the tax return is Out of Scope.

Select to enter rental expenses.

Select to enter vehicle expenses.

If the property has both personal and rental use days, you must manually compute the portion of the expenses allowable on Schedule E and Schedule A. For example if the house was available for rent for six months, and you paid $4,000 for Mortgage Interest, you have to manually input $2,000 on the Mortgage Interest lines on both Schedule E and on Schedule A.

Ordinary and necessary expenses incurred while holding a property out for rent are deductible expenses. See Publication 527, Residential Rental Property, for details. Enter expenses on this screen.

Enter taxpayer-provided depreciation amount here as a positive number.
Other Income

**TaxSlayer Navigation:** Federal Section>Income>Less Common Income

Detailed information for each income type found on subsequent pages.

Use Other Income Not Reported Elsewhere to enter amounts from:
- Form 1099-MISC Box 3 (Other Income), (hobby income-activities not for profit are Out of Scope) or Box 8 (Substitute payments in lieu of dividends or interest.)
- Jury Duty Pay (Not earned income for EIC)
- Alaska Permanent Fund Dividend
- Gambling winnings not reported on a Form W-2G (use the description “Gambling Winnings”)  
- Other income not entered elsewhere on the return

Don't report tax-free distributions from Form 1099-Q, Payments from Qualified Education Programs, and Form 1099-QA, Distributions from ABLE Accounts, on the tax return.

Gambling winnings are reported to the taxpayer on Form W-2G, fully taxable, and must be reported as income on the tax return. Gambling losses up to the amount of winnings reported may be deducted as an other itemized deduction on Schedule A.

Use the Other Compensation menu to report scholarships and grants, taxable fringe benefits, household employee income, prisoner earned income, and foreign compensation.

Taxable distributions from Coverdell Education Savings Accounts (ESAs), Qualified Tuition Programs (QTPs) or Achieving a Better Life Experience (ABLE) accounts are Out of Scope.

Cancellation of Debt from a credit card and Discharge of Qualified Principal Residence Indebtedness are in scope for preparers with Advanced certifications.

Foreign Earned Income Exclusion is in scope only for those with International certification: United States citizens and resident aliens who live and work abroad may be able to exclude all or part of their foreign salary or wages from their income when filing their U.S. federal tax return. They may also qualify to exclude compensation for their personal services or certain foreign housing costs. See Publication 54, Tax Guide for U.S. Citizens and Resident Aliens Abroad.

**Note:** For tax year 2020, qualified State or local tax benefits and qualified reimbursement payments (up to $50 per month) provided to members of qualified volunteer emergency response organizations are excluded from income.

Form 1099-LTC, Long-Term Care Benefits:
- Search for Form 8853, Archer MSAs and Long-Term Care Insurance Contracts, and scroll to the Long Term Care (LTC) Insurance Contracts section.
- Answer the questions based on the information on Form 1099-LTC.
- Enter the number of days covered. The last two fields are rarely needed. Most payments will not be taxable.
Form 1099-MISC

On a joint return, indicate if the Form 1099-MISC recipient is the Taxpayer or the Spouse.

The Payer Information relates to the entity that paid the taxpayer and issued the Form 1099-MISC. In most cases, the Federal ID will be an employer identification number, not an SSN.

Some income that isn’t self-employment, such as prizes and awards, is reported in Box 3, Other Income.

Note: There is usually no income tax withholding on a Form 1099-MISC. But always double check to make sure.

Self-employment income generally appears on Form 1099-NEC. If there is income reported in other boxes on Form 1099-MISC and it was earned by the business, it should also be reported as other business income on the Schedule C.
Entering Foreign Earned Income Exclusion Information in TaxSlayer

**TaxSlayer Navigation:** Federal Section>Income>Less Common Income>Foreign Earned Income Exclusion; or Keyword “2555”

**Note:** Foreign Earned Income Exclusion is in scope only for preparers with International Certification.

U.S. citizens and U.S. resident aliens are required to report worldwide income on a U.S. tax return. However, certain taxpayers can exclude income earned while living in foreign countries.

To claim the foreign earned income exclusion, taxpayers must:
- Demonstrate that their tax home is in a foreign country
- Meet either the Bona Fide Residence Test or the Physical Presence Test
- Have income that qualifies as foreign earned income (reported on Form 1040 as taxable wages or as self-employment income)

The foreign earned income exclusion doesn't apply to wages and salaries of U.S. military members and civilian employees of the U.S. government.

For 2020, the maximum exclusion is $107,600. For MFJ returns, both spouses can claim the exclusion up to the maximum amount per person.

You can’t exclude or deduct more than the taxpayer’s foreign earned income for the year.

The taxpayer’s tax home is the taxpayer’s regular or principal place of business, employment, or post of duty, regardless of where the taxpayer maintains a family residence. A taxpayer may have more than one tax home during the year.
To meet the period of stay requirement, the taxpayer must be either:

- A U.S. citizen or U.S. resident alien who is physically present in a foreign country or countries for at least 330 full days during any period of 12 consecutive months, or
- A U.S. citizen or U.S. resident alien from a tax treaty country who is a bona fide resident of a foreign country (or countries) for an uninterrupted period that includes an entire tax year
- A U.S. resident alien who is a citizen or national of a country with which the United States has an income tax treaty in effect and who is bona fide.

Note: Waiver of minimum time requirements (for physical presence and bona fide residence tests): The taxpayer must leave the country because of war, civil unrest, or similar adverse conditions.

- The COVID-19 virus has caused a global health emergency that has prompted the Department of the Treasury and the Internal Revenue Service to provide a waiver of the time requirements related to the foreign earned income exclusion.
- If, due to the COVID-19 emergency, you were required to leave:
  - The People’s Republic of China (excluding the Special Administrative regions of Hong Kong and Macau) on or after December 1, 2019, but on or before July 15, 2020; or
  - Another foreign country on or after February 1, 2020, but on or before July 15, 2020
- You may still be able to meet requirements of the bona fide residence or physical presence test for 2019 or 2020 for purposes of determining the foreign earned income exclusion. For more information and examples see Revenue Procedure 2020-27

If no money was earned in the country to which the taxpayer traveled, enter $0.

Days in the United States are entered in a separate field.

Bona Fide Residence Test

- To meet the bona fide residence test, taxpayers must show that they have set up permanent quarters in a foreign country for an entire, uninterrupted tax year. Simply going to another country to work for a year or more isn’t enough to meet the bona fide residence test. A taxpayer must establish a residence in the foreign country.

- If the taxpayer was present in the United States or its possessions during the tax year, enter the information for each trip.
  - To add another trip, Select Add New
  - If the taxpayer did not visit the U.S. or its possessions during the year, select Clear to remove this item

- Don’t include income earned while in the United States in the amount of foreign earned income to be excluded (next page).

- A brief trip to the U.S. will not prevent the taxpayer from being a bona fide resident, as long as the intention to return to the foreign country is clear.
Entering Foreign Earned Income Exclusion Information in TaxSlayer (continued)

Enter the income the taxpayer earned during the 2020 tax year for services performed in a foreign country. This income should already have been entered on the tax return as wages, foreign compensation, or net self-employment income.

Amounts paid by the United States or its agencies to its employees don’t qualify for the exclusion.

Enter the number of days in your qualifying period that fall within your 2020 tax year. Your qualifying period is the period during which you meet the tax home test and either the Bona Fide Residence or the Physical Presence Test.
**Entering Other Compensation in TaxSlayer**

**TaxSlayer Navigation:** Income>Less Common Income>Other Compensation

Scholarships and grants used to pay for tuition, fees and course-related expenses are not taxable. Use this link to report only amounts that were used for nonqualifying expenses. “SCH” will appear on the dotted line next to the wages line on Form 1040. Taxable scholarship is considered unearned income for most purposes but is considered earned income for determining filing requirement.

Enter wages received as a household employee for which the taxpayer did not receive a Form W-2 because the employer paid less than $2,200 in 2020. “HSH” will appear on the dotted line next to wages on Form 1040.

Enter foreign earned income (wages, salaries, etc.) paid by a foreign employer for work performed while the taxpayer lived in a foreign country.

Enter the amount received for work while an inmate in a penal institution. For purposes of the Earned Income Credit, this isn’t considered earned income. This includes amounts received for work performed while in a work release program or while in a halfway house. “PRI” will appear on the dotted line next to the line for wages on Form 1040. This entry is made in addition to entering the Form W-2 from the penal institution.

**Note:** If Rebate/Patronage Dividends issued by co-ops on Form 1099-PATR Box 1 are for personal use only, the amount is nontaxable and is not entered into TaxSlayer. Enter note on intake sheet and tax return noting it is for personal use only. No other box or use is in scope.
Entering Medicaid Waiver Payments

A taxpayer may choose to include qualified Medicaid waiver payments in the calculation of earned income for the EIC and the ACTC. The taxpayer may include qualified Medicaid waiver payments in earned income even if the taxpayer chooses to exclude those payments from gross income.

- A taxpayer may not choose to include or exclude only a portion of qualified Medicaid waiver payments. Either include all or none of the qualified Medicaid waiver payments for the taxable year in earned income.
- If the taxpayer chooses to include qualified Medicaid waiver payments in earned income, that amount will be included in the calculation for both the EIC and the ACTC.

Qualified Medicaid waiver payments reported on Form W-2, box 1

In the Tax Slayer software, complete the Form W-2 as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. Check the box just above the payment box if the taxpayer chooses to include the amount in the calculation of earned income for the EIC and the ACTC.

Qualified Medicaid waiver payments that are wages not reported on Form W-2, box 1

The payments are already excluded from gross income and earned income. The tax preparer should complete the tax return as usual if the taxpayer does not choose to include qualified Medicaid waiver payments in earned income. A taxpayer who chooses to include qualified Medicaid waiver payments in earned income must report the payments as wages on line 1.

Qualified Medicaid waiver payments reported on Form 1099-NEC or 1099-MISC and the taxpayer is in the business of providing home health care services

Complete a Schedule C and enter the Form 1099-MISC as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. Check the box just above the payment box if the taxpayer chooses to include the amount in the calculation of earned income for the EIC and the ACTC.

Qualified Medicaid waiver payments reported on Form 1099-MISC and the taxpayer is not in the business of providing home health care services

These payments are considered “other income” and are not reported on a Schedule C. Complete the Form 1099-MISC as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. These payments are not subject to employment taxes and are not earned income, because they are not employee compensation or earnings from self-employment.

Note: Qualified Medicaid waiver payments may be excluded from gross income only when the care provider and the care recipient reside in the same home. When the care provider and the care recipient do not live together in the same home, the Medicaid waiver payments may not be excluded from gross income. Entering Cancellation of Credit Card Debt in TaxSlayer

**TaxSlayer Navigation:** Income>Less Common Income>Cancellation of Debt Form 1099-C, Form 982; or Keyword: C or CANC

Generally, if a debt for which a taxpayer is personally liable is canceled or forgiven, the taxpayer must include the canceled amount in income.

Be sure to ask if the taxpayer was insolvent or in bankruptcy – these situations make the return Out of Scope.

Cancellation of Credit Card Debt and Forgiveness of Qualified Principal Residence Indebtedness is within the scope of the Advanced certification of the volunteer program.

If the taxpayer has any other type of debt forgiven, or may have been insolvent at the time of the debt forgiveness, the taxpayer should be referred to a professional.

Enter the information from the Form 1099-C.

Be sure to indicate whether the canceled debt was for the taxpayer or the spouse.

If the Form 1099-C was for mortgage forgiveness on the taxpayer’s main home, see Discharge of Qualified Principal Residence Indebtedness in Tab EXT, Legislative Extenders.

Instructions: This Screening Sheet will help you identify HSA issues that are within the scope of the VITA/TCE program. Use the Determine HSA Eligibility section to determine if taxpayer is eligible for an HSA; use Part I for contributions/deduction; use Part II for distributions. References: Publication 969, Form 8889 and Instructions

How will you know if the taxpayer has an HSA issue?

- The Interview/Intake & Quality Review Sheet has the Yes or Unsure HSA box checked.
- The taxpayer’s (or spouse’s) Form W-2 will contain code W in box 12 for employer contributions.
- The taxpayer (or spouse) has a Form 1099-SA with an X in the box showing distributions from an HSA.
- The taxpayer (or spouse) may receive Form 5498-SA for their HSA contributions. If taxpayers don’t have this form they can provide the information regarding HSA contributions based on their records.

Contributions to an employee’s account through a Section 125 (cafeteria) plan are treated as employer contributions and aren’t deductible.

The Check here if you and your spouse have separate HSAs box will appear when family coverage is selected. Check the box if BOTH spouses have a separate HSA.

Employee contributions are entered here. Contributions by relatives and friends are considered to be made by taxpayer. Don’t include employer contributions on this line.

The account holder needs to tell you how much was put in the HSA, because the Form 5498-SA may not have been received prior to preparing the return.

Enter number of months you had a Health Savings Account, a high deductible policy and no other major medical policy (including Medicare) and could not be claimed as dependent. Enter “12” if “12 month rule” applies (you were eligible on December 1st).
Health Saving Accounts (HSA) (continued)

Qualifying Medical Expenses:
Except for health insurance premiums, qualifying expenses include all medical and dental expenses deductions allowed on Schedule A. The CARES Act modifies the rules that apply to various tax-advantaged accounts (HSAs, Archer MSAs, Health FSAs, and HRAs) so that additional items are "qualified medical expenses" that may be reimbursed from those accounts. Specifically, the cost of menstrual care products is now reimbursable. These products are defined as tampons, pads, liners, cups, sponges or other similar products. In addition, over-the-counter products and medications are now reimbursable without a prescription. This applies to amounts paid and expenses incurred after December 31, 2019. Only these insurance premiums can be included:

a. Long-term care insurance premiums subject to limits see Tab F,Deductions.
b. Health care continuation coverage such as coverage under COBRA,
c. Health care coverage while receiving unemployment compensation, and
d. Medicare and other health care coverage if the taxpayer was 65 or older (other than premiums for a Medicare supplemental policy, often called Medigap coverage).

**Note:** Alimony paid pursuant to a divorce or separation instrument executed on or before December 31, 2018, is deductible. Divorce or separation agreements executed after Dec 31, 2018, or executed before 2019 but later modified if the modification expressly states the repeal of the deduction for alimony payments applies to the modification, are not deductible for the spouse who makes the payments and will not be included in income for the spouse that receives the payment.
IRA Deduction

Note: Starting in 2020, the long-standing 70½ age limit for making contributions to traditional IRAs is eliminated. Contributions for the current tax year can be made until the filing deadline, generally April 15 of the year following the tax year. Your filing status has no effect on the amount of allowable contributions to your traditional IRA. However, if during the year either you or your spouse was covered by a retirement plan at work, your deduction may be reduced or eliminated, depending on your filing status and income. See Publication 590-A, Contributions to Individual Retirement Arrangements, for details.

Note: Compensation for purposes of an IRA contribution includes wages, salaries, commissions, net profit from self-employment, taxable alimony and separate maintenance, certain taxable non-tuition fellowship and stipend payments and nontaxable combat pay.

Note: Contributions to a Roth IRA can be made after taxpayer reaches 70½, but no deduction can be taken.

TaxSlayer Hint: If the taxpayer made a Traditional IRA contribution, select Adjustments from the Deductions menu, then select IRA Deduction. Don’t enter a Roth IRA contribution on this screen. Enter it in the Credits section. If eligible, the software will calculate a Retirement Savings Contributions Credit. Be sure to enter any applicable retirement plan distributions. See Tab G, Nonrefundable Credits for more information on this credit.

If student loan interest is paid by someone who isn’t legally liable for it, the payment is treated as received by the person who’s legally liable, and the person legally liable is allowed to take the adjustment. Student loan interest is generally reported to the taxpayer on Form 1098-E.

Note: Taxpayer cannot claim deduction if filing status is Married Filing Separately or if the taxpayer or spouse (if MFJ) is claimed as a dependent.

Student Loan Interest
The SECURE Act of 2019 allows a distribution from a Section 529 education savings account of up to $10,000 total (not annually) to be applied to the principal or interest for any qualified student loan for the designated beneficiary or sibling of the designated beneficiary effective for distributions made after December 31, 2018.

Note: Any interest paid with a Section 529 plan distribution cannot also be taken as a student loan adjustment to income on Form 1040.

Persons Not Eligible for the Standard Deduction

Your standard deduction is zero and you should itemize any deductions you have if:

- Your filing status is married filing separately, and your spouse itemizes deductions on his or her return. It doesn’t matter who files first.
- You are filing a tax return for a short tax year because of a change in your annual accounting period (Out of Scope)
- You are a nonresident or dual-status alien during the year. You are considered a dual-status alien if you were both a nonresident and resident alien during the year (Out of Scope).
- If you are a nonresident alien who is married to a U.S. citizen or resident alien at the end of the year, you can choose to be treated as a U.S. resident. (See Publication 519, U.S. Tax Guide for Aliens.) If you make this choice, you can take the standard deduction.

Note: If you can be claimed as a dependent on another taxpayer’s return (such as your parents’ return), your standard deduction may be limited.

Note: Taxpayers who do not itemize deductions are able to deduct up to $300 of cash contributions to charitable organizations per return. This provision applies to tax year 2020 only.

Note: We automatically pull over the following
- Medicare premiums paid on your SSA-1099 (Social Security) and RRB-1099.
- Self employed health insurance you have already entered.
- Do not include medical/dental premiums deducted from your pay through a cafeteria plan (pre-taxed).

Taxpayers can include in medical expenses the cost of medical care in a nursing home, home for the aged or similar institution. This includes the cost of meals and lodging if the principal reason for being there is to get medical care.

Schedule A - Sales Tax Deduction

To calculate your sales tax deduction, complete the information below. If you would rather enter the deduction amount from your receipts, select the 'Override' button below.

If the taxpayer has a large amount of nontaxable income, calculate their sales tax deduction using the IRS sales tax deduction calculator. See the link to the IRS sales tax deduction calculator at the bottom of the page. The calculator adds nontaxable income to AGI to give the taxpayer a larger sales tax deduction. Use the override button to enter the amount calculated.

If not using the override feature, enter the ZIP code and number of days for TaxSlayer to calculate the deduction. Leave these blank if you want the software to use the default rates.

The calculation using the IRS tables do not take into account sales tax paid on large purchases such as a car or boat. Enter the sales tax amount paid on single purchases such as cars, trucks, RV's, and boats.

If not using the override feature, enter sales tax here for large items (such as a car) if the taxpayer purchased any during the year.

Link to the IRS sales tax deduction calculator.

Note: If using the override feature, leave all other fields on the Sales Tax Deduction screen blank.

Select for mortgage interest reported on Form 1098. Enter amount from Form 1098, Box 1 (and Box 2, if applicable).

Private mortgage insurance premiums are deductible for 2020 and should be entered on the Schedule A Interest screen in TaxSlayer.

**Note:** The deduction for home equity debt is disallowed as a mortgage interest deduction unless the home equity debt was used to build, buy, or substantially improve the taxpayer’s qualified residence.

**Note:** A reverse mortgage is a loan where the lender pays you (in a lump sum, a monthly advance, a line of credit, or a combination of all three) while you continue to live in your home. With a reverse mortgage, you retain title to your home. Depending on the plan, your reverse mortgage becomes due with interest when you move, sell your home, reach the end of a preselected loan period, or die. Because reverse mortgages are considered loan advances and not income, the amount you receive isn’t taxable. Any interest (including original issue discount) accrued on a reverse mortgage is considered interest on home equity debt and isn’t deductible.

### Home Mortgage Loan(s) used to Buy/Build/Improve Home

Did you use all of your home mortgage loan(s) to buy, build or improve your home? *

- Yes
- No

Select for mortgage interest reported on Form 1098. Enter amount from Form 1098, Box 1 (and Box 2, if applicable).

For mortgages entered into after December 15, 2017, the amount of interest you can deduct is on no more than $750,000 of debt used to buy, build, or substantially improve your principal home and a second home ($375,000 in the case of married taxpayers filing separate tax returns) for tax years 2018 through 2025. If the taxpayer secured a mortgage for acquisition debt on or before December 15, 2017, the new tax law doesn’t change the amount of the deductible mortgage interest. Deductible interest remains limited to mortgage interest on up to $1 million ($500,000 MFS).

Points from refinancing must be spread over the life of the mortgage unless used to remodel (see section in Publication 17, labeled “Points”). Enter loan origination fee from closing statement as points not reported on Form 1098 if not included as points on Form 1098.

Enter real estate taxes on the 1098 screen if all real estate tax paid was reported on the Form 1098. Otherwise, enter on the Other Taxes Paid screen.
These types of donations are not deductible: political; country club/fraternal lodge; chambers of commerce; raffle, bingo, or lottery tickets; tuition; value of time/services; gifts to lobby groups; civic leagues, social clubs; labor unions, homeowners association dues.

**Note:** Taxpayers who do not itemize deductions are able to deduct up to $300 of cash contributions to charitable organizations per return. Deductions are limited to $300 if single, head of household, or qualifying widow(er); $300 if married filing jointly; or $150 if married filing separately.
## Schedule A - Miscellaneous Deductions

**Note:** No miscellaneous itemized deductions will be allowed for job expenses and certain miscellaneous deductions subject to the 2% limitation. These expenses may be deductible on state returns.

**Gambling losses and expenses incurred in gambling activities up to the amount of winnings are deducted here. You can’t deduct gambling losses that are more than the taxpayer’s winnings.**

**Nondeductible expenses:** Commuting; home repair; rent; loss from sale of home; personal legal expenses; lost/misplaced cash or property; fines/penalties; safe deposit box rental; tax return preparation; investment fees and expenses.

A retired taxpayer who contributed to the cost of an annuity can exclude from income a part of each payment received as a tax-free return of the investment. If the retired taxpayer dies before the entire investment is recovered tax free, any unrecovered investment can be deducted on the retired taxpayer’s final income tax return in the unrecovered investment pension box.

**Note:** Unrecovered Investment in pension = Total Employee Contribution less amount recovered using Simplified Method prior to death.
Qualified Business Income Deduction

Note: If taxable income (before the QBI deduction) exceeds $163,300 ($326,600 if MFJ) the return is Out of Scope.

For taxable years beginning after December 31, 2017 and before January 1, 2026, there is a deduction for “pass through” businesses. Sole proprietors are categorized as “pass through” businesses.

- A sole proprietor that reports a profit on Schedule C will be able to take up to 20% of qualified business income (QBI) as a deduction on the tax return.
- The calculations on Schedule C and Schedule SE are not affected by the deduction.
- Taxable income is not reduced below zero by the 20% deduction.
- The 20% deduction is limited for higher income.
- The deduction will also be limited for specified service trades or businesses. Refer to Form 1040 instructions for more information.

For taxable income that does not exceed the applicable threshold amount, the QBI deduction is the lesser of:

- 20% of qualified business income (for example, it is the net profit reported on a Schedule C plus 20% of qualified real-estate investment trust (REIT) section 199A dividends) or
- 20% of taxable income (equals adjusted gross income minus the applicable standard or itemized deduction) minus net capital gains and qualified dividends. See Form 8995 instructions for more details.

Qualified business income is reduced by the deductible part of the SE tax, the SE health insurance deduction and by contributions to qualified retirement plans. The deduction is claimed on Form 1040 and can be taken in addition to the standard deduction or itemized deduction.

The 20% deductions for sole proprietors and qualified REIT Section 199A dividends are in scope; however, taxpayers with a qualified business net loss carryforward from a prior year or publicly traded partnership are Out of Scope.

See Publication 535, Business Expenses, for additional information.

Child Tax Credit

This is a credit intended to reduce the tax. This part of the credit isn’t refundable. The credit is up to $2,000 per qualifying child. This credit calculates automatically.

Qualifying child:
1. Under age 17 at the end of the tax year.
2. A U.S. citizen or U.S. national* or resident alien of the United States. See Tab L, Resident/NR Alien.
3. Child must be claimed as your dependent.**
4. Your:
   a. son or daughter, adopted child, stepchild, eligible foster child, or a descendant of any of them
   b. brother, sister, half brother, half sister, stepbrother, stepsister, or a descendant of any of them (for example, your niece or nephew)
5. Didn’t provide over half of his or her own support.
6. Lived with the taxpayer for more than half of the tax year. (See Exception to Time Lived with You section on the Child Tax Credit chart on the following page.)
7. Must have a Social Security Number that is valid for employment issued before the due date of the return, including extensions.

* A National is an individual who, although not a U.S. citizen, owes his or her allegiance to the United States. U.S. nationals include American Samoans and Northern Mariana Islanders who chose to become U.S. nationals instead of U.S. citizens.

** Refer to the tables in Tab C, Dependents, for the rules governing who may be claimed as a dependent.

Additional Child Tax Credit (ACTC) – General Eligibility

Note: Make sure the taxpayer's credit hasn't been disallowed previously. If previously disallowed, see Form 8862, Information To Claim Certain Credits After Disallowance, in Tab I, Earned Income Credit.

The child tax credit is generally a nonrefundable credit; however, certain taxpayers may be entitled to a refundable additional child tax credit.

- Taxpayers with more than $2,500 of taxable earned income may be eligible for the additional child tax credit if they have at least one qualifying child.
- Taxpayers with three or more children may also be eligible for additional child tax credit regardless of their income.
- Limited to $1,400 per qualifying child

Schedule 8812, Additional Child Tax Credit, is used to calculate the allowable additional child tax credit. See Tab C, Dependents, and the worksheet in the instruction booklet for additional information (including definitions and special rules relating to an adopted child, foster child, or qualifying child of more than one person).

Note: The IRS cannot issue refunds before mid-February for returns that properly claim the earned income credit (EIC) or the ACTC.

Note: Taxpayers may not file an amended return to retroactively claim the additional child tax credit for a qualifying child if a valid SSN for the child is issued after the due date of the tax return.

Note: (International Certification only) If you claim the foreign earned income exclusion, the housing exclusion, or the housing deduction on Form 2555, you can’t claim the additional child tax credit.

Note: See Disallowance of Certain Credits in Tab I, Earned Income Credit, if the taxpayer received a letter saying they had to complete Form 8862. If a child was a resident of the U.S., be sure to mark the “substantial presence” box in the Dependents Section or the EXPANDED child tax credit could be denied.

Note: Taxpayers may be able to elect to use their 2019 earned income to figure their earned income credit (EIC) and additional child tax credit (ACTC) if their 2019 earned income is more than their 2020 earned income. This election is made on the Basic Information>Personal Information page. COVID19 will automatically appear in the Designation box when the check box is selected for Taxpayer wishes to elect to use their 2019 earned income to figure their 2020 earned income credit and/or child tax credit. Manually enter 2019 earned income in the Prior Year Earned Income for Disaster Victims box.
Table 1: Does Your Qualifying Child Qualify You for the Child Tax Credit or Credit for Other Dependents?

Remember to apply the steps for each dependent. To claim the child tax credit and/or the credit for other dependents, you can’t be a dependent of another taxpayer.

Probe/Action: Ask the taxpayer:

1. **step 1** Is this person your qualifying child dependent? See Tab C, Dependents, Table 1: All Dependents
   - If YES, go to Step 2.
   - If NO, you can’t claim the child tax credit for this person. This person may qualify for the credit for other dependents, go to Table 2.

2. **step 2** Did the child have an SSN, ITIN, or adoption taxpayer identification number (ATIN) issued on or before the due date of your return (including extensions)? (Answer “Yes” if you are applying for an ITIN or ATIN for the child on or before the due date of your return (including extensions).
   - If YES, go to Step 3.
   - If NO, you can’t claim the child tax credit or the credit for other dependents for this child.

3. **step 3** Was the child a U.S. citizen, U.S. national, or U.S. resident alien? (See Pub. 519, U.S. Tax Guide for Aliens, for the definition of a U.S. national or U.S. resident alien. If the child was adopted, see Exception to citizen test, below.)
   - If YES, go to Step 4.
   - If NO, you can’t claim the child tax credit or the credit for other dependents for this child.

4. **step 4** Was the child under age 17 at the end of 2020?
   - If YES, go to Step 5.
   - If NO, you can claim the credit for other dependents for this child.

5. **step 5** Does this child have a Social Security Number valid for employment issued before the due date of the return (including extensions)?
   - If YES, you can claim the child tax credit for this person. Go to Step 6.
   - If NO, you can claim the credit for other dependents for this child.

Questions: Who Must Use Publication 972, Child Tax Credit and Credit for Other Dependents?

6. **step 6** Are you excluding income from Puerto Rico or are you filing Form 2555, Foreign Earned Income, or Form 4563, Exclusion of Income for Bona Fide Residents of American Samoa?
   - If NO, go to Step 7.
   - If YES, you must use Publication 972 to figure the credit.

7. **step 7** Are you claiming any of the following credits?
   - Adoption Credit, Form 5695, Residential Energy Credit, Part II; Form 8396, Mortgage Interest credit; Form 8859, Carryforward of the District of Columbia First-TimeHomebuyer Credit.
   - If NO, use the Child Tax Credit Worksheet to figure the credit.
   - If YES, you must use Publication 972 to figure the credit.

Exception to Time Lived with You

A child is considered to have lived with you for all of the current tax year if the child was born or died in 2020 and your home was this child’s home for the current tax year if:

- In the year the kidnapping occurred, the kidnapped child is presumed by law enforcement to have been taken by someone who isn’t a family member, and
- The kidnapped child lived with the taxpayer for more than half of the portion of the year prior to the kidnapping.

Modified Adjusted Gross Income Limits

- Married filing jointly - $400,000
- All other filing statuses - $200,000

Kidnapped Child

A kidnapped child is considered to have lived with you for all of the current tax year if:

- The parents were divorced or legally separated or lived apart at all times during the last 6 months of the current tax year.
- The child received over half of his or her support for the current tax year from the parents.
- The child was in the custody of one or both of the parents for more than half of the current tax year.
- The custodial parent signs Form 8332, Release/Revocation of Release of Claim to Exemption for Child by Custodial Parent, or similar statement that he or she won’t claim the child as a dependent in the current tax year and the noncustodial parent includes a copy of the form or statement with his or her return. If the divorce decree or separation agreement went into effect after 1984 and before 2009, the noncustodial parent may be able to attach certain pages of the decree or agreement instead of Form 8332. For pre-1985 divorces, see the Instructions for Form 1040.

Children of Divorced or Separated Parents

A child will be treated as being the qualifying child of his or her noncustodial parent if all of the following apply:

- The parents were divorced or legally separated or lived apart at all times during the last 6 months of the current tax year.
- The child received over half of his or her support for the current tax year from the parents.
- The child was in the custody of one or both of the parents for more than half of the current tax year.
- The custodial parent signs Form 8332, Release/Revocation of Release of Claim to Exemption for Child by Custodial Parent, or similar statement that he or she won’t claim the child as a dependent in the current tax year and the noncustodial parent includes a copy of the form or statement with his or her return. If the divorce decree or separation agreement went into effect after 1984 and before 2009, the noncustodial parent may be able to attach certain pages of the decree or agreement instead of Form 8332. For pre-1985 divorces, see the Instructions for Form 1040.

Exception to Citizen Test

If you are a U.S. citizen or U.S. national and your adopted child lived with you all year as a member of your household, that child meets the citizen test.
There is a $500 credit for other dependents who do not qualify for the $2,000 child tax credit. The dependent must be a U.S. citizen, U.S. national, or resident of the U.S. The dependent must have a valid identification number (ATIN, ITIN, or SSN).

The $500 nonrefundable credit is available for dependents who don’t qualify for the child tax credit, such as children who are age 17 and above, dependents with other relationships (such as elderly parents), or children who do not have a valid SSN. Taxpayers cannot claim the credit for themselves (or a spouse if Married Filing Jointly).

Dependents who are not U.S. citizens or U.S. nationals, but are residents of Canada or Mexico do not qualify for either the Child Tax Credit or the Credit for Other Dependents.

Note: If previously disallowed, see Form 8862, Information To Claim Certain Credits After Disallowance, in Tab I, Earned Income Credit.

- Is the total of your foreign taxes less than or equal to $300
- Were all of your taxes:
  A. Legally owed and not eligible for a refund; AND
  B. Paid to countries that are recognized by the United States; AND
  C. Paid to countries that do not support terrorism?

Foreign tax credit not over $300
Note: Only enter an amount if you answered Yes to all the questions above.

If you are needing to file Form 1116 because you are not making the election above, complete Form 1116 Foreign Tax Credit.

GO TO FORM 1116

Note: Both the tax return preparer and quality reviewer must have International certification to prepare Form 1116.

ONLY the Simplified Limitation Election for the foreign tax credit is in scope for Advanced certification. To be eligible for this election, qualified foreign taxes must be $300 ($600 if MFJ) or less, all foreign source income is passive category (such as interest and dividends) and taxpayer meets the other requirements as explained in Instructions for Form 1116. Do not enter amounts from Forms 1099-INT or 1099-DIV, box 6. The software will include these in the foreign tax credit calculation. Foreign taxes from Forms K-1 should be entered here.

Note: If the taxpayer has a carryback or a carryforward of unused foreign tax, refer taxpayer to a professional tax preparer.

CAUTION: Foreign income tax is also eligible to be claimed on Schedule A as an itemized deduction. While that is an option, foreign tax claimed as a credit is generally more advantageous for taxpayers.

Enter the gross income of this category type where indicated. Enter income from this category type only, not total income. Include any income excluded by Form 2555, but only if that income is of the category selected (passive or general income).

If your gross foreign source income (including income excluded on Form 2555) does not exceed $5,000, you can allocate all your interest expense to U.S. source income. Otherwise, deductible home mortgage interest (including points and qualified mortgage insurance premiums) is apportioned using a gross income method. See Instructions for Form 1116.

Select the itemized amounts boxes to enter taxes paid in foreign currency in the appropriate category.

Generally, you must enter the amount of foreign taxes, in both the foreign currency denomination(s) and as converted into U.S. dollars, that relate to the category of income checked (Passive or General limited income).

Enter the taxes paid (in U.S. dollars) in the appropriate category.
Child and Dependent Care Credit Expenses

Probe/Action: To determine if a taxpayer qualifies for the Credit for Child and Dependent Care Expenses, ask the taxpayer for information from the screening sheet on the next page.

Who is a qualifying person?

- A qualifying child who was under the age of 13 when the expenses were incurred and who can be claimed as a dependent, see the first caution below.
- Any person who was incapable of self-care* whom the taxpayer can claim as a dependent or could’ve been claimed as a dependent except that the person had gross income of more than $4,300 or filed a joint return or that the taxpayer or spouse, if married filing jointly, could be claimed as a dependent on someone else’s 2020 return.
- A spouse who was physically or mentally incapable of self-care*.

*Incapable of self-care - persons who can't dress, clean, or feed themselves. Also, persons who must have constant attention to prevent them from injuring themselves or others.

The qualifying person must live with the taxpayer more than 1/2 the year.

See Publication 17, Your Federal Income Tax for Individuals, "Child and Dependent Care Credit," chapter for special rules regarding divorced or separated parents or parents who live apart.

Qualified work-related expenses

- Expenses must be paid for the care of the qualifying person to allow the taxpayer and spouse, if married, to work or look for work.
- The care includes the costs of services for the qualifying person’s well-being and protection.
- Expenses to attend kindergarten or a higher grade aren’t an expense for care.
- Expenses for summer day-camp are qualifying, but those for overnight camp aren’t.

Refer to Tab C, Dependents, for the rules governing who may be claimed as a dependent.

⚠️ Only the custodial parent may claim the child and dependent care credit even if the child is being claimed as a dependent by the noncustodial parent under the rules for divorced or separated parents.

⚠️ If Dependent Care Benefits are listed in Box 10 of a Form W-2, Wage and Tax Statement, then the taxpayer MUST complete Form 2441, Child and Dependent Care Expenses. If Form 2441 isn’t completed, the Box 10 amount is added as taxable wages.

Note: If the qualifying child turned 13 during the tax year, the qualifying expenses include amounts incurred for the child while under age 13 when the care was provided.

**Footnotes**

1 Your spouse is treated as having earned income for any month that he or she is a full-time student, or physically or mentally not able to care for himself or herself. (Your spouse also must live with you for more than half the year.) If the taxpayer’s spouse died during the year and he/she files a return as a surviving spouse, the taxpayer may, but isn’t required to, take into account the earned income of the spouse who died during the year.

2 If you had expenses that met the requirements for 2019, except that you didn’t pay them until 2020, you may be able to claim those expenses in 2020.

3 If two or more, the amount you can exclude or deduct is limited to a total of $6,000.
The tax return can't be filed electronically without a valid Employer Identification Number or Social Security Number for the Child Care Provider.

Only check the “qualifying person had no expenses” box if the person is both a qualifying person for the credit and had no expenses.
Form 2441 Page 2:

- If the taxpayer or spouse is a full-time student or disabled, enter $250 per month ($500 per month if more than one qualifying person was cared for during the year).
- If the person also worked during the month, use the higher of $250 (or $500) or his or her actual earned income for that month.
- If the taxpayer is a surviving spouse and did not remarry, add $3,000.00 ($6,000.00 if there is more than one qualify child).

**CAUTION:** Only enter dependent care benefits not reported on a Form W-2

**Note:** Foreign earned income and the foreign housing exclusion are subtracted from wages when figuring the credit. Subtract any amount earned while incarcerated or on work release.

**Note:** Both spouses must have earned income in order to claim the credit. Complete the additions to income for taxpayer if the taxpayer or spouse was either a full-time student or disabled. If the taxpayer has a filing status of surviving spouse, the amount from line 4 is entered on line 5.

### Footnotes

1. Plans that qualify are listed in the Other Credits chapter of Publication 17. Answer yes if the taxpayer will make a qualifying IRA contribution for tax year 2020 by the due date of the return.
2. You were a student if during any part of 5 calendar months of 2020 you:
   - Were enrolled as a full-time student at a school, or
   - Took a full-time, on-farm training course given by a school* or a state, county, or local government agency.

* A school includes technical, trade and mechanical schools. It does not include on-the-job training courses, correspondence schools, or schools offering courses only through the Internet.

### Important Reminders for Retirement Savings Contributions Credit

- Be sure to look at the taxpayer’s Form(s) W-2. An entry in box 12 or an “X” in the Retirement box is an indicator that the taxpayer may be eligible for this credit. A full description of all codes used in box 12 can be found in Instructions for Forms W-2 and W-3, Transmittal of Wage and Tax Statements.
- An entry in box 14 on the Form W-2 may also indicate a contribution to a state retirement system. In TaxSlayer, if the contribution qualifies, from the drop down menu in Box 14 of Form W-2, select Retirement (Not in Box 12) Carry to Form 8880. If these are treated as employer contributions they aren’t eligible for the credit. See Instructions for Form W-2.
- If the taxpayer seems to qualify for the credit, be sure to visit the Form 8880 entry screen in the Credits Menu and address any necessary questions there.
- A contribution to a Traditional or Roth IRA qualifies for this credit, but may not appear on any taxpayer document. Remember to review the expenses section on page 2 of the Form 13614-C, Intake/Interview & Quality Review Sheet, and ask taxpayers if they made any IRA contributions.
- Some distributions reduce the eligible contributions for this credit. In addition to distributions for the current year as shown on Forms 1099-R, Distributions From Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc., be sure to ask about distributions from the two prior years or between January 1 and the tax filing deadline.
- See a list of distributions later in this tab that don’t reduce the eligible contributions for this credit.
- Form 8880, Credit for Qualified Retirement Savings Contributions, is used to claim this credit.
- If taxpayer (or spouse if MFJ) is a full-time student, be sure to mark it in the Personal Information Section in the software. This credit is not available to full-time students.
Retirement Savings Contributions Credit (continued)

TaxSlayer Navigation: Federal Section>Deductions>Credits Menu>Retirement Savings Credit; or Keyword “8880”

Open the Retirement Savings Contributions Credits screen if the taxpayer meets eligibility criteria and any of the following are true:

1. The taxpayer(s) make a Traditional IRA or a Roth IRA contribution before the filing deadline.
2. The taxpayer or spouse’s Form W-2 includes:
   - Box 12 entries of D, E, F, G, H, S, AA, BB
   - Box 14 amounts that are voluntary retirement contributions or marked as “Qualifies for Form 8880”
3. The designated beneficiary of an Achieving a Better Life Experience (ABLE) account made a contribution to their ABLE account.

Verify total contribution amounts with the taxpayer. Total IRA contributions cannot exceed the lesser of total compensation or the annual limit. See Tab E, Adjustments for limits.

Internal Revenue Code Section 414(h)(2) provides that any plan established by a governmental unit, where the contributions of employing units are designated employee contributions, but the employer “picks up” the contributions, the contributions are treated as employer contributions, not voluntary contributions made by the employee. They do not qualify for the credit.

Note: Certain distributions received after 2017 and before the due date (including extensions) of your 2020 tax return from any of the following types of plans are subtracted from contributions:
- Traditional or Roth IRAs
- 401(k), 403(b), governmental 457, 501(c)(18)(D), SEP, or SIMPLE plans
- Qualified retirement plans (including the federal Thrift Savings Plan).

Distributions entered on Form 1099-R will be calculated by the software. Any other distributions from the 2 prior years or between January 1 and the tax filing deadline must be entered manually where indicated.

TaxSlayer cannot identify which current tax year distributions are relevant, so it automatically reports all tax year distributions. If one of these distributions is listed on the following page as a distribution that should not be included (e.g., military pensions), go to the Form 1099-R entry screen for that distribution and check the box labeled “Does not qualify for Form 8880.”
Don't include any of the following as distributions. See Tab D, Income, Form 1099-R Box 7 Distribution Codes.

- Military pensions
- Distributions not taxable as the result of a rollover or a trustee-to-trustee transfer
- Distributions from your IRA (other than a Roth IRA) rolled over or converted to your Roth IRA
- Loans from a qualified employer plan treated as a distribution
- Distributions of excess contributions or deferrals (and income allocable to such contributions or deferrals)
- Distributions of contributions made during a tax year and returned (with any income allocable to such contributions) on or before the due date (including extensions) for that tax year
- Distributions of dividends paid on stock held by an employee stock ownership plan under IRC section 404(k)
- Distributions that are taxable as the result of an in-plan rollover to your designated Roth account
- Distributions from an inherited IRA by a nonspousal beneficiary

The credit is calculated using the following percentages:

#### Self-Employment Tax –

Entered automatically from Schedule SE. TaxSlayer calculates the amount using the entries from Schedule C. Navigate from this screen only to exclude exempt notary income from the SE Tax calculation. (see below)

**Enter Exempt Notary Income**

This is income that you have already added to your tax return that you want TaxSlayer Pro to treat as exempt income.

**Enter the net profit from a Notary's business on the SE Tax input screen so that SE tax is not computed.**

#### Self-Employment Tax Deferral –

There is a new part to Schedule SE that will allow filers to figure the maximum amount of self-employment tax that may be deferred. The entire amount of self-employment tax will still be reported on Schedule 2 (Form 1040), line 4. The CARES Act allows self-employed individuals to defer payment of the employer share of the Social Security tax. Half of the deferred amount must be paid on or before December 31, 2021 and the other half by December 31, 2022.

Self-employed individuals may use any reasonable method to allocate 50 percent of the Social Security portion of self-employment tax attributable to net earnings from self-employment earned during March 27, 2020, through December 31, 2020. For example, an individual may allocate 22.5% of the individual's annual earnings from self-employment to the period from January 1, 2020, through March 26, 2020, and 77.5% of the individual's annual earnings to the period from March 27, 2020, through December 31, 2020.

#### Unreported Social Security and Medicare Tax –

Unreported Social Security and Medicare Tax comes from Form 4137, Social Security and Medicare Tax on Unreported Tip Income, not reported on Form W-2.

**TaxSlayer Navigation:** Federal Section>Income>Wages and Salaries>Unreported tips (on W-2 below line 10); or Keyword “W”. If unreported because tips were less than $20 per month, also enter at Federal Section>Other Taxes>Tax on Unreported Tip Income; or Keyword “4137”

**TIP:** Self-employment tax is Social Security and Medicare taxes collected primarily from individuals who work for themselves, similar to the Social Security and Medicare taxes withheld from the pay of most wage earners. The self-employment tax rate on net earnings is 15.3% (12.4% Social Security tax plus 2.9% Medicare tax).
Other Taxes (continued)

The Social Security Administration uses the information from Schedule SE to figure a person’s benefits under the Social Security program. Not reporting all of a taxpayer’s self-employment income could cause their Social Security benefits to be lower when they retire. This tax applies no matter how old the taxpayer is and even if they are already getting Social Security or Medicare.

**Note:** The deferred amount is a deferral of payments, not a deferral of your 2020 income tax liability. Any amount you enter must be paid by the due dates shown on lines 13 and 14 of the Deferral Worksheet for Schedule H or Schedule SE filers to be treated as timely and avoid interest and penalties. Any deferred amount may be paid before the due date. Payments you make are first applied against your payment due on December 31, 2021, and then applied against your payment due on December 31, 2022.

Enter an amount equal to or less than the maximum deferral amount. The taxpayer may be able to defer some self-employment tax payments they owe on their 2020 tax return and pay them later instead. However, they can’t defer amounts that they have already paid, which includes:

- Federal income taxes withheld
- Estimated taxes
- Amounts paid with request for extension to file
- Excess Social Security and tier 1 RRTA tax withheld

If the taxpayer qualifies, the amount they may defer is figured using Deferral Worksheet for Schedule H or Schedule SE filers—Schedule 3, line 12e, in Form 1040 and 1040-SR Instructions.

Footnotes

¹ Medical insurance for yourself, your spouse, and your dependents (no 7.5% of AGI reduction). All of the following conditions must apply:

- You lost your job.
- You received unemployment compensation paid under any federal or state law for 12 consecutive weeks because you lost your job.
- You receive the distributions during either the year you received the unemployment compensation or the following year.
- You receive the distributions no later than 60 days after you have been reemployed.

² Distributions incorrectly indicated as early distributions by code 1, J, or S in box 7 of Form 1099-R. Include on line 2 the amount you received when you were age 59 1/2 or older. Also, Qualified coronavirus-related distributions, Distributions for the birth or adoption of a child. See Form 5329 Instructions or Publication 590-B for additional exceptions. For additional exceptions that apply to annuities, see Publication 575, Pensions and Annuity Income.

Note: Beginning in 2020, an IRA owner or a participant in a workplace defined contribution plan, such as a 401(k) or 403(b) plan, can withdraw up to $5,000 for the birth or adoption of a child without incurring the usual 10% additional tax on early distributions. The distribution must be made within one year after the child is born or the adoption is finalized and cannot be from a defined benefit plan. The term “eligible adoptee” means any individual (other than a child of the taxpayer’s spouse) who has not attained age 18 or is physically or mentally incapable of self-support.
Coronavirus-Related Relief for Retirement Plans and IRAs

A coronavirus-related distribution is not subject to the 10% additional tax (25% additional tax for certain distributions from SIMPLE IRAs) on early distributions. Use Form 8915-E to report any repayment of a coronavirus-related distribution and to determine the amount of any coronavirus-related distribution includible in income for a year.

As expanded under Notice 2020-50 a qualified individual is anyone who:

- is diagnosed, or whose spouse or dependent is diagnosed, with the virus SARS-CoV-2 or the coronavirus disease 2019 (collectively, “COVID-19”) by a test approved by the Centers for Disease Control and Prevention (including a test authorized under the Federal Food, Drug, and Cosmetic Act); or
- experiences adverse financial consequences as a result of the individual, the individual’s spouse, or a member of the individual’s household (that is, someone who shares the individual’s principal residence):
  - being quarantined, being furloughed or laid off, or
  - having work hours reduced due to COVID-19;
  - being unable to work due to lack of childcare due to COVID-19;
  - closing or reducing hours of a business that they own or operate due to COVID-19;
  - having pay or self-employment income reduced due to COVID-19; or
  - having a job offer rescinded or start date for a job delayed due to COVID-19

Additional Taxes on HSAs

Additional taxes for HSA distributions not used for qualified medical expenses are reported on Form 1040 Schedule 2. All other taxes on this line are Out of Scope. See Instructions for Form 8889, Health Savings Accounts (HSAs).

The additional 20% tax does not apply to distributions made after the account beneficiary:

- Dies,
- Becomes disabled, or
- Turns age 65

**Excess Social Security** - Calculated automatically if there are multiple W-2s for an individual and the combined wages exceed the maximum subject to Social Security for the year.

**2020 Estimated Tax Payments**
- Federal and/or State
  - Open Federal Estimated Payments for 2020 or State Estimated Payments and enter:
    - Any refund amount from last year that was credited toward estimated taxes for the current year
    - Enter actual amount paid in each quarter.

**Amount Paid with Extension Request** - Directly enter any payment made. When preparing a prior year return, remember to ask if payments have been made.

**TIP**
Estimated tax payments for 2020 normally due on April 15, 2020 and June 15, 2020 are treated as timely when made by July 15, 2020.

* To apply state refunds to next year’s taxes, go to State>Payments>Apply Your State Refund

**Note:** Under the CARES Act, joint returns of couples where only one member of the couple had a Social Security number were generally ineligible for a payment – unless they were a member of the military. The Consolidated Appropriations Act, 2021, signed into law on December 27, 2020, expands that provision, and more people are now eligible.

In this situation, these families will now be eligible to receive payments for the taxpayers and qualifying children of the family who have work-eligible SSNs. People in this group who don’t receive an Economic Impact Payment can claim this when they file their 2020 taxes under the Recovery Rebate Credit. Taxpayers who don’t get a payment and are eligible to receive one, may claim it on their 2020 tax return as the Recovery Rebate Credit.
Recovery Rebate Credit

Eligible taxpayers who received a smaller-than-expected Economic Impact Payment (EIP) may qualify to receive an additional amount when they file their 2020 federal income tax return. EIPs are technically an advance payment of a new temporary tax credit (recovery rebate credit) that eligible taxpayers can claim on their 2020 return.

You may be able to claim the recovery rebate credit only if your economic impact payments are less than your credit. This happens when:

- You are eligible but were not issued an EIP 1, an EIP 2, or neither an EIP 1 or EIP 2, or
- Your EIP 1 was less than $1,200 ($2,400 if married filing jointly) plus $500 for each qualifying child you had in 2020; or
- Your EIP 2 was less than $600 ($1,200 if married filing jointly) plus $600 for each qualifying child you had in 2020.

You don't qualify for the recovery rebate credit if, for EIP 1:

- You received $1,200 plus $500 for each qualifying child you had in 2020, or
- You’re filing a joint return for 2020 and together you and your spouse received $2,400 plus $500 for each qualifying child you had in 2020.

And for EIP 2:

- You received $600 plus $600 for each qualifying child you had in 2020, or
- You’re filing a joint return for 2020 and together you and your spouse received $1,200 plus $600 for each qualifying child you had in 2020.
Credits for Sick Leave and Family Leave for Certain Self-Employed Individuals

Eligible self-employed individuals are allowed an income tax credit to offset their federal self-employment tax for any taxable year equal to their "qualified sick leave equivalent amount" or "qualified family leave equivalent amount."

Form 7202, Credits for Sick Leave and Family Leave for Certain Self-Employed Individuals, has been created to allow self-employed individuals to figure these credits. Part I of the new form figures a sick leave credit and Part II figures a family leave credit. These two credits will be included on Schedule 3 (Form 1040), line 12b (previously reserved). Form 7202 is filed separately by each taxpayer with net self-employment earnings, so a joint tax return may have two Forms 7202 attached.

How is the “qualified sick leave equivalent amount” for an eligible self-employed individual calculated?

For an eligible self-employed individual who is unable to work or telework because the individual:

1. Is subject to a Federal, State, or local quarantine or isolation order related to COVID-19;
2. Has been advised by a health care provider to self-quarantine due to concerns related to COVID-19; or
3. Is experiencing symptoms of COVID-19 and seeking a medical diagnosis,
the qualified sick leave equivalent amount is equal to the number of days during the taxable year that the individual cannot perform services in the applicable trade or business for one of the three above reasons, multiplied by the lesser of $511 or 100 percent of the “average daily self-employment income” of the individual for the taxable year.

For an eligible self-employed individual who is unable to work or telework because the individual:

1. Is caring for an individual who is subject to a Federal, State, or local quarantine or isolation order related to COVID-19, or has been advised by a health care provider to self-quarantine due to concerns related to COVID-19;
2. Is caring for a child if the child’s school or place of care has been closed, or child care provider is unavailable due to COVID-19 precautions; or
3. Is experiencing any other substantially similar condition specified by the Secretary of Health and Human Services in consultation with the Secretary of the Treasury and the Secretary of Labor,
the qualified sick leave equivalent amount is equal to the number of days during the taxable year that the individual cannot perform services in the applicable trade or business for one of the three above reasons, multiplied by the lesser of $200 or 67 percent of the “average daily self-employment income” of the individual for the taxable year. In either case, the maximum number of days a self-employed individual may take into account in determining the qualified sick leave equivalent amount is ten.

Note: The only days that may be taken into account in determining the qualified sick leave equivalent amount are days occurring during the period beginning on April 1, 2020, and ending on March 31, 2021. The number of days taken into account for determining the qualified sick leave equivalent amount cannot exceed 10 days over all tax years.

How is the “qualified family leave equivalent amount” for an eligible self-employed individual calculated?

The qualified family leave equivalent amount with respect to an eligible self-employed individual is an amount equal to the number of days (up to 50) during the taxable year that the self-employed individual cannot perform services for which that individual would be entitled to paid family leave, (if the individual were employed by an Eligible Employer (other than himself or herself)), such as periods during which they are unable to work or telework due to a need for leave to care for a child of such employee if the child’s school or place of care has been closed, or because the child care provider of the child is unavailable, due to COVID-19 related reasons, multiplied by the lesser of two amounts: (1) $200, or (2) 67 percent of the average daily self-employment income of the individual for the taxable year.

Up to 10 weeks of qualifying leave can be counted toward the Family Leave Credit. This can be combined with the sick leave credit, so a taxpayer could be entitled to a credit for pay for up to 12 weeks – 2 weeks of sick leave and 10 weeks of family leave. These amounts are limited if the taxpayer also took Families First Coronavirus Response Act family and sick leave as an employee. Employers are required to report these amounts either on Form W-2, Box 14, or on a separate statement.

See Form 7202 and instructions for information on calculations.

You can make this election if your prior-year net earnings from self-employment were greater than your current year net earnings from self-employment. For a 2020 tax return, compare the amount on your 2020 Schedule SE, line 6, with the amount on your 2019 Schedule SE, line 4 (if you used the Short Schedule SE) or line 6 (if you used the Long Schedule SE), and enter the larger amount.

Make sure you only include net earnings from your own Schedule SE. Don’t include your spouse’s net earnings from self-employment.

Premium Tax Credit: Form 1095-A Overview

A taxpayer who purchased insurance for himself/herself or for a dependent through the Marketplace will receive Form 1095-A. If advance payments of the premium tax credit (APTC) were made for coverage of the taxpayer or a dependent, the taxpayer must complete Form 8962. You cannot prepare the return for taxpayers who received the benefit of APTC for themselves or a dependent without Form(s) 1095-A.

Carefully examine Form 1095-A to make sure it reflects the taxpayer’s account of coverage. Look for critical errors that will affect the PTC calculation, such as errors in enrollment premiums, second lowest cost silver plan (SLCSP) premiums, or APTC.

Examine these areas:
- Recipient information (Part I)
- Policy start or end date (Part I, Part II)
- Covered individuals (Part II) - Are all listed individuals included in this tax return?
- Premium cost (Part III, Column A)
- APTC (Part III, Column C)

To obtain an original or corrected Form 1095-A the taxpayer can log into his or her online account, or call the Marketplace call center.

Column A - Monthly Premium: These are the monthly enrollment premiums for the policy in which the individuals are covered. This is the full premium, including the amount paid by APTC for essential health benefits. The amount does not include the cost of certain “extra” benefits such as adult dental coverage. It may not match the taxpayers actual monthly premium.

Column B - Monthly SLCSP premium: If this column is blank and the individual is enrolled in a plan through a federally facilitated Marketplace, go to Healthcare.gov and use the tax tool to find the SLCSP premium to enter in Column B. If the individuals enrolled through a state-based Marketplace, go to the state’s website or call your state’s marketplace to determine the SLCSP premium. The SLCSP premium is the premium for the second lowest cost silver-level plan that covers all the members of the coverage family.

Column C - Advance payment of PTC

You may need to look up the SLCSP premium if:
- It is incorrect, perhaps because a change in family size was not reported.
- It is missing. This happens when someone paid the full premium because he or she did not request APTC. Marketplaces routinely leave this space blank.
- There are multiple Forms 1095-A with conflicting information or the taxpayer otherwise thinks it’s incorrect.

The taxpayer should seek a corrected Form 1095-A if information is incorrect, except for SLCSP premium information that can be completed or fixed.

A person may be entitled to PTC even if no APTC was paid for the coverage. Do not assume someone is ineligible for PTC just because Columns B and C of Form 1095-A are blank. If an individual meets all the eligibility rules in the Form 8962 instructions but only the enrollment premium amounts in Column A appear on Form 1095-A and Columns B and C are blank, look up the person’s SLCSP premiums and enter them on the 1095-A screen in the SLCSP section.
Premium Tax Credit (continued)

For taxpayers who purchased insurance through the Marketplace, complete this screen using their Form 1095-A.

**Advanced Premium Tax Credit (1095-A)**

Are you required to repay all of the APTC received? In most cases, the answer is NO. ONLY answer YES if you were not considered lawfully present in the U.S. or you meet the Health Coverage Tax Credit criteria. Note: We will automatically calculate a full repayment of APTC when MAGI is greater than 400 percent of Federal Poverty Line.

- ☐ Yes
- ☐ No

Is your household income below 100% of the Federal poverty line, and do you meet all of the requirements under either “Estimated household income at least 100% of the Federal poverty line” or “Alien lawfully present in the United States”?

- ☐ Yes
- ☐ No

Do all Forms 1095-A include coverage for January through December, with no changes in monthly amounts?

- ☐ Yes
- ☐ No

If Form 1095-A shows the same monthly amounts for all 12 months, select “Yes” and enter the annual amounts below. Otherwise, select “No” and enter monthly amounts.

If one or more of the amounts in column B is incorrect and the correct SLCSP premium amounts are not the same for all 12 months, select “No”.

If the taxpayer is Married Filing Separately a checkbox will appear on this screen. If the taxpayer cannot file a joint return because of domestic abuse or spousal abandonment check the box. See Instructions for Form 8962, Premium Tax Credit for details. If a taxpayer is Married Filing Separately and is not eligible for relief, he/she must repay APTC, subject to the repayment limitation.

This question appears for all taxpayers with APTC:

This question is really asking: Is the taxpayer liable for unlimited APTC repayment?

**Answer NO in most cases.**

**Only answer YES if all individuals on the tax return for whom APTC was paid:**

- Are undocumented immigrants; or
- Were eligible for the Trade Adjustment Assistance Health Care Tax Credit (HCTC) (Out of Scope)

Answer YES in most cases in which household income is below 100% of the FPL.

**Answer YES if:**

- There is an amount in column C of Form 1095-A (APTC) for one or more months; or
- One of the individuals on the taxpayer’s Form 1095-A is lawfully present but ineligible for Medicaid

**CAUTION** The TaxSlayer default answer is NO for this question. It is very important to change to Yes if income is below 100% of the Federal Poverty Line (FPL) and one of the two “yes” conditions is met. If it is not changed to Yes, the software will complete Form 8962 showing repayment of all the APTC without limitation.

**Answer NO ONLY if:**

Income is below 100% (FPL), no APTC was paid, and the second bullet from above does not apply.
Out of Scope Situations

Allocation of Policy Amounts (Shared Policy)

If the following situations apply, the taxpayer may have to allocate policy amounts with another taxpayer. If so, the return is Out of Scope:

- The 1095-A lists a covered person who is not on this tax return or,
- A person on the tax return was enrolled in another taxpayer’s Marketplace coverage. (The person is listed on a Form 1095-A sent to a taxpayer not on this tax return.)

Alternative Calculation for Year of Marriage

If the following situation applies, an Alternative Calculation for Year of Marriage may be elected. If the taxpayer elects this option, the return is Out of Scope.

- Taxpayers got married during 2020, are filing a joint return for 2020, and both spouses were unmarried as of January 1, 2020
- A member of the taxpayers’ tax family was enrolled in a qualified health plan for which APTC was paid for months prior to the first full month of marriage, and
- Taxpayers have excess APTC (their APTC exceeds their allowed PTC).

Self-employed Taxpayers

- Self-employed taxpayers can deduct their health insurance premiums as an adjustment to gross income. When a taxpayer is eligible for PTC, the computation of each is a circular calculation and the return is Out of Scope for VITA/TCE.

CAUTION

Taxpayers may choose to file MFJ or MFS without the alternative calculation, which remains in scope.

See Publication 974, Premium Tax Credit (PTC), for more details.
Premium Tax Credit, Form 8962

If a taxpayer is MFS and is eligible for relief from the requirement to file MFJ because of spousal abuse or abandonment, this box should be checked.

If MFS but not eligible for relief, he/she must repay APTC, subject to the repayment limitation.

See Part IV, Allocation Situation 2, of the Form 8962 instructions to determine the amount of APTC the taxpayer must repay.

Note: See the Applicable Figure Table later in this tab.

Reminder - Household MAGI is:

- Adjusted Gross Income (AGI), plus
- Tax-exempt interest, plus
- Social Security income not included in AGI, plus
- Foreign earned income, plus
- MAGI of the dependents claimed by the taxpayer, who are required to file a tax return other than to claim a tax refund

The net premium tax credit a taxpayer can claim (the excess of the taxpayer’s premium tax credit over APTC) will appear on Form 1040, Schedule 3. This amount will increase taxpayer’s refund or reduce the balance due.

Note: If a taxpayer must repay APTC or gets additional PTC, remember to adjust the insurance premium deduction on Schedule A if itemizing. Increase the deduction for APTC repayment; decrease the deduction for additional PTC.
Premium Tax Credit – Special Situations

See Instructions for Form 8962 and Publication 974, Premium Tax Credit, for additional information.

Multiple Forms 1095-A
Some taxpayers will have multiple Forms 1095-A. This will happen if the taxpayer:

- Changed Marketplace plans during the year
- Updated their application with new information that resulted in a new enrollment
- Had family members enrolled in different Marketplace plans
- Had more than 5 family members in the same plan

Entering multiple Forms 1095-A on one Form 8962 - Only one Form 8962 may be submitted with the tax return. Make sure everyone on each Form 1095-A is also on the tax return. If not, this may require the taxpayer to allocate policy amounts with another taxpayer, which makes this return Out of Scope.

Column A: Add the premiums together.

Column B: If everyone is enrolled in the same state, the SLCSP premium should be the same on all Forms 1095-A for a given month. Enter that amount. If the enrollees are enrolled in different states, add the SLCSP premiums. When in doubt, look it up in the Tax Tool for your Marketplace. See the Tax Tool section later in this tab.

Column C (entered in Column F of Form 8962): Add the amounts together.

The taxpayer stopped paying premiums
What you’ll see: Numbers in Columns B and C but no premium in Column A (-0-) for a month on Form 1095-A, Part III

What to do:

- The taxpayer can only claim a PTC for a month of enrollment if the premium for the month is paid by the tax return due date (without extensions). If the APTC covers most of the premium, it may be more cost-effective to pay the premium than to repay the APTC. When the taxpayer pays the premium, they need to get a corrected Form 1095-A. Failure to get a corrected Form 1095-A may result in an IRS notice.

- If the premium payment has not and will not be made, enter -0- in Column A and Column B for the month and enter the APTC for the month in Column C.

Note: If there are consecutive months with no premium payment, there is likely an error on Form 1095-A.

The taxpayer is ineligible for the PTC
- See Form 8962 instructions
- Enter -0- in Column B

PTC Eligibility - QSEHRA
Employers may offer a qualified small employer health reimbursement arrangement (QSEHRA) to their eligible employees. Under a QSEHRA, an eligible employer can reimburse eligible employees for health care costs, including premiums for Marketplace health insurance. If taxpayers were covered under a QSEHRA, their employer should have reported the annual permitted benefit in box 12 of Form W-2 with code FF. If the QSEHRA is affordable for a month, no PTC is allowed for the month. If the QSEHRA is unaffordable for a month, taxpayers must reduce the monthly PTC (but not below -0-) by the monthly permitted benefit amount. If there is a code FF on Form W-2 box 12, the employee has a Marketplace policy and is otherwise eligible for PTC, the return is Out of Scope.
Premium Tax Credit – Special Situations (continued)

PTC Eligibility - ICHRA

• Employers may offer an Individual Coverage Health Reimbursement Arrangement (ICHRA) to reimburse their employees for individual market coverage, including premiums for Marketplace health insurance. An ICHRA is considered affordable if the employee’s monthly premium for the lowest-cost silver plan, after subtracting the employer’s ICHRA contribution, is less than the required contribution percentage. If the ICHRA is affordable for a month, no PTC is allowed. If the ICHRA is unaffordable for a month, the employee is eligible for PTC for a Marketplace plan only if they opted out of the employer’s ICHRA. This is Out of Scope for the VITA/TCE programs.

Overlapping Coverage

There are special rules for taxpayers who wish to claim PTC when they had another offer of coverage. See Publication 974 for additional information.

In general:
• A person who is eligible for PTC and becomes eligible for other coverage after the first day of the month can claim PTC for that month.
• If a person for whom APTC is being paid informs the Marketplace that he or she is now eligible for other minimum essential coverage and APTC should be discontinued, and the Marketplace does not discontinue APTC by the first day of the following month, the person remains eligible for PTC until the first day of the second month the individual may enroll in other coverage.

Employer-sponsored coverage:
• Except as provided above (a person for whom APTC is being paid informs the Marketplace that he or she is now eligible for other minimum essential coverage and APTC should be discontinued), a person cannot claim PTC for his or her Marketplace coverage for any full month the person was enrolled in employer-sponsored coverage; if APTC was paid for a person’s Marketplace coverage for a month the person was enrolled in employer-sponsored coverage, it must be repaid (unless the person informed the Marketplace of the eligibility and the APTC was not discontinued, as noted above) up to the repayment limitation.
• PTC can be claimed for an individual who was eligible for, but not enrolled in, employer-sponsored coverage only if:
  a. The employer coverage was unaffordable, or
  b. The taxpayer advised the Marketplace of the employer offer and the Marketplace determined the coverage was unaffordable for the employee (regardless of the cost of family coverage), or
  c. Coverage did not provide a minimum level of benefits, referred to as “minimum value.” A taxpayer can check with the employer if he or she suspects coverage did not meet minimum standards.
• Exception: A person who is eligible for employer-sponsored coverage and gave the Marketplace accurate information about the offer of coverage but was still determined eligible for APTC can claim PTC for his or her Marketplace coverage, if otherwise eligible, even if the employer coverage is affordable based on the taxpayer’s actual household income.
• See Publication 974 for more information and special rules on employer-sponsored coverage, including coverage waiting periods, health reimbursement arrangements, and coverage after employment ends.

Medicaid/CHIP:
• If the Marketplace determined the taxpayer was eligible for APTC and therefore ineligible for Medicaid or CHIP, and the taxpayer received APTC, the taxpayer will generally remain ineligible for Medicaid or CHIP for the plan year, even if actual household income suggests the person may have been eligible for Medicaid or CHIP. If this is the case, answer Yes to the question in TaxSlayer which asks “Is your household income below 100% of the Federal poverty line, and do you meet all of the requirements under either “Estimated household income at least 100% of the Federal poverty line” or “Alien lawfully present in the United States”?”
• If an individual for whom APTC is being paid is determined to be eligible for government-sponsored coverage retroactively, the individual is not considered eligible for that coverage until the month after the eligibility determination is made. (For example, a person who enrolled at the beginning of the year in Marketplace coverage with APTC, but in July is determined eligible for Medicaid retroactive to April 1, can, if otherwise eligible, claim PTC in January through July, despite concurrent enrollment in Medicaid in April through July.)

Medicare:
• A person eligible for Medicare loses eligibility for PTC even if he or she fails to enroll in Medicare. The loss of eligibility occurs the first day of the fourth full month after the person became eligible for Medicare. For example, a person who is enrolled in Marketplace coverage with APTC, but becomes Medicare-eligible on his 65th birthday on May 17, loses eligibility for PTC on September 1, the first day of the fourth full month after Medicare eligibility.
Handling Unexpected APTC Repayments

You may encounter a taxpayer with an unexpected repayment of APTC on Form 8962, Line 29, that he or she must repay. An unexpected repayment may occur when the taxpayer receives unanticipated income, such as retroactive disability, lump-sum social security benefits, a work bonus or gambling winnings.

Review the Health Care section in the software:

- Make sure Form 1095-A is correct and complete (see Premium Tax Credit: Form 1095-A Overview, earlier in this tab).
- Ask the taxpayer to contact the Marketplace if the form doesn’t reflect premiums that were paid or if there are other errors.
- If the taxpayer received Form 1095-A, make sure the question “Is your household income below 100%...” is answered correctly in the Health Insurance section of the software (see the Premium Tax Credit entry screens, earlier in this tab).
- Check the Health Insurance section of the software to see if the question “Are you required to repay all of the APTC received?” is answered correctly (see the Premium Tax Credit entry screens, earlier in this tab).
- If the taxpayer or spouse lived in Hawaii or Alaska at any point during the year, ensure that state is selected as the resident state in the Basic Information section.

Consider income adjustments to reduce household income:

- If the taxpayer is eligible to claim an IRA deduction, remember that taxpayers can contribute to an IRA until the tax filing deadline.
- If the taxpayer or spouse has an HSA and has not contributed the maximum for the tax year, he or she may contribute to their HSA until the tax filing deadline.
- If the taxpayer or spouse is self-employed, ensure all business expenses have been claimed. The taxpayer may be able to claim the self-employed health insurance deduction which reduces household income, in which case the return is Out of Scope.
- If the taxpayer or spouse is eligible and wishes to claim HCTC or establish a SEP-IRA, refer him/her to a professional return preparer.

Consider married filing separately:

- The taxpayer may be ineligible for the PTC, but filing separately may cap repayment of APTC at a lower level if one or both spouses’ household income is less than 400% of FPL. However, if both spouses are on the same Form 1095-A, filing separately makes this a shared policy and Out of Scope.

Important! If the taxpayer is currently enrolled in Marketplace coverage and has a 2020 repayment of APTC, the taxpayer should contact the Marketplace now to adjust their 2021 APTC to avoid similar repayments for the 2021 tax year!
How to Use the Healthcare.gov Tax Tool

Who should use this tool?

The tool is available for taxpayers who live in federal Marketplace (Healthcare.gov) states, or in a state that uses the Healthcare.gov technology. If you live in a state with a state-based Marketplace, contact the Marketplace by phone or online.

To begin, go to https://www.healthcare.gov/tax-tool/

The tool allows a taxpayer to find their SLCSP to complete or correct Column B of the Form 1095-A.

The Tax Tool will ask you to enter all members of the household, even those with other coverage.

Several screens will ask for the family’s ZIP code and whether they lived in the same place for all months. Confirm the information for each family member.

IRS Form 8962

To calculate your premium tax credit, you’ll need your second lowest cost Silver plan (SLCSP) to fill out IRS Form 8962.

Your SLCSP can be found on your Form 1095-A, but it may be missing or incorrect. We’ll ask a few questions on the following screens and provide your correct SLCSP premium.

Find my Form 1095-A

1. Choose a tax year
2. Enter household details
   Answer questions about who in your household qualifies for a premium tax credit and information on each person, including date of birth, location(s) they lived in for the year, and months of marketplace coverage.

This section determines for each family member whether someone will be included in the SLCSP, which you will enter in TaxSlayer.

Follow the instructions closely!
Leave the boxes unchecked for months John was eligible for other coverage (such as employer or Medicaid) or did not pay the premium for that month.

In the Review screen, confirm the information for each family member.

For purposes of the premium tax credit, eligibility for a certain year is based on the most recently published set of poverty lines as of the first day of open enrollment for coverage for that year. As a result, the tax credit for 2020 will be based on the 2019 federal poverty lines.

*This particular income is entered as other income on the return and not counted as earned income.

**Note:** Taxpayers may be able to elect to use their 2019 earned income to figure their earned income credit (EIC) and additional child tax credit (ACTC) if their 2019 earned income is more than their 2020 earned income. This election is made on the Basic Information>Personal Information page. COVID19 will automatically appear in the Designation box when the check box is selected for Taxpayer wishes to elect to use their 2019 earned income to figure their 2020 earned income credit and/or child tax credit. Manually enter 2019 earned income in the Prior Year Earned Income for Disaster Victims box.

### Part D
**Earned Income and AGI Limitations**

**You must have earned income to qualify for this credit.**

Your earned income and AGI must be less than:

- $50,954 ($56,844 for married filing jointly) if you have three or more qualifying children,
- $47,440 ($53,330 for married filing jointly) if you have two qualifying children,
- $41,756 ($47,646 for married filing jointly) if you have one qualifying child, or
- $15,820 ($21,710 for married filing jointly) if you don’t have a qualifying child.

### Footnotes

1. If the taxpayer’s Social Security card says “VALID FOR WORK ONLY WITH INS OR DHS AUTHORIZATION,” the taxpayer can use the Social Security number to claim EIC if they otherwise qualify.

2. To meet the joint return test, the child cannot file a joint return for the year unless it’s only to claim a refund of income tax withheld or estimated tax paid.

3. Taxpayers turning 25 on January 1st are considered to be 25 as of December 31st. Taxpayers reaching the age 65 on January 1st are still considered to be 64 as of December 31st.

**Caution:** Taxpayers cannot file an amended return to claim the credit for a year they did not originally have a valid Social Security number.

<tr>

<td></td>
</tr>
</tbody>
</table>

**Example:** The only parent that the child lives with doesn’t work nor files a tax return and another adult can’t meet the general eligibility rules. In this example, no one qualifies to claim this child as a qualifying child for EIC.

**Footnotes**

1 If your child was married at the end of the year, he or she doesn’t meet the joint return test unless you can claim the child as a dependent or you can’t claim the child as a dependent because you gave that right to the child's other parent.

2 Temporary absences. Count time that you or your child is away from home on a temporary absence due to a special circumstance as time the child lived with you. Examples of a special circumstance include illness, school attendance, business, vacation, military service, and detention in a juvenile facility.
EIC Without a Qualifying Child

Probe/Action: Ask the taxpayer:

<table>
<thead>
<tr>

<th>Question</th>
<th>If NO, go to Step 2.</th>
<th>If YES, STOP. You can't claim the EIC.</th>
</tr>
</thead>
<tbody>
<tr>

<td>If NO, STOP. You can't claim the EIC.</td>
<td>If YES, go to Step 3.</td>
</tr>
</tbody>
</table>

Taxpayers born on January 1st are considered to be of age as of December 31st. Taxpayers reaching the age of 65 on January 1st are still considered 64 as of December 31st.

<table>
<thead>
<tr>
<th>Step</th>
<th>Question</th>
<th>If NO, STOP. You can't claim the EIC.</th>
<th>If YES, compute EIC using the appropriate EIC worksheet.</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Did you (and your spouse, if filing jointly) live in the United States for more than half (at least 184 days) of the tax year?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Note: Taxpayers meeting the January 1 age criteria above should file a paper return to avoid a potential rejected electronic filed return. Also file a paper return in the year the taxpayer turns 65 if death occurs before their birthday.

Qualifying Child of More than One Person

If the child meets the conditions to be the qualifying child of more than one person, only one person can claim the child. The tiebreaker rules, which follow, explain who, if anyone, can claim the EIC when more than one person has the same qualifying child. However, the tiebreaker rules don’t apply if the other person is your spouse and you file a joint return. Review all of the conditions to see which one applies.

- If only one of the persons is the child’s parent, the child is treated as the qualifying child of the parent.
- If the parents don’t file a joint return together but both parents claim the child as a qualifying child, the IRS will treat the child as the qualifying child of the parent with whom the child lived for the longer period of time in 2020. If the child lived with each parent for the same amount of time, the IRS will treat the child as the qualifying child of the parent who had the higher adjusted gross income (AGI) for 2020.
- If no parent can claim the child as a qualifying child, the child is treated as the qualifying child of the person who had the highest AGI for 2020.
- If a parent can claim the child as a qualifying child but no parent does so claim the child, the child is treated as the qualifying child of the person who had the highest AGI for 2020, but only if that person’s AGI is higher than the highest AGI of any of the child’s parents who can claim the child.

Note 1: If the taxpayers can’t claim the EIC because their qualifying child is treated under the tiebreaker rules as the qualifying child of another person for 2020, they may be able to take the EIC using a different qualifying child, or take the EIC if they qualify using the rules for people who don’t have a qualifying child.

Note 2: Subject to these tiebreaker rules, the taxpayer and the other person may be able to choose which of them claims the child as a qualifying child. See Publication 596, Earned Income Credit (EIC), for examples. Only parents have the option to choose which parent will claim the child. All other taxpayers wanting to claim the qualifying child must follow the tiebreaker rules. See Pub 596 for examples. The IRS will apply the tiebreaker rules when the child is claimed by multiple taxpayers.
Disallowance of Certain Credits

Tax Slayer Navigation: Federal section>Deductions>Credit menu>Claiming Refundable Credits After Disallowance

Form 8862, Information to Claim Certain Credits After Disallowance, must be completed for any taxpayer whose EIC, credit for other dependents (ODC), child tax credit (CTC)/additional child tax credit (ACTC), or American opportunity tax credit (AOTC), was previously reduced or disallowed and the taxpayer received a letter saying they had to complete and attach Form 8862 to claim the credit(s) the next time.

If the IRS determined a taxpayer claimed the credit(s) due to reckless or intentional disregard of the rules (not due to math or clerical errors) the taxpayer can’t claim the credit(s) for 2 tax years. If the error was due to fraud, then the taxpayer can’t claim the credit(s) for 10 tax years.

Two situations may require completion of Form 8862

1) The IRS advised the taxpayer that form 8862 must be completed for a future tax return.
2) A return has been rejected with reject code IND-046-01 – “Incorrect Data: Form 8862 must be present in the return. The e-File database indicates the taxpayer must file Form 8862 to claim Earned Income Credit after disallowance.”

The steps to be followed are:
• Enter 8862 in the forms search box
• Click Begin for “Information to Claim Certain Refundable Credits After Disallowance”
• Click Begin for Credit to be claimed, e.g. “Claim EIC After Disallowance.” (Note: Credits listed will be the ones for which the taxpayer is eligible.)

For EIC disallowance
• Do not click the first box “Check here if the only reason your EIC was reduced or disallowed in the earlier year was because you incorrectly reported your earned income or investment income” unless that is the actual reason the EIC was reduced/eliminated.
• Answer remaining questions and click Continue. Questions must be answered for all children

For CTC/ACTC
• Select “Claim Credit” then Continue

For AOTC
• Select “Form 8863” and confirm entries

Not Eligible for EIC:
If the taxpayer is not eligible for Earned Income Credit for any reason (including a previous year disallowance), click BEGIN on the Not Eligible for EIC line. Select both the check boxes after reading them carefully to determine that the taxpayer agrees to not claim earned income credit on this return.
Tab J: Education Benefits
Tax Treatment of Scholarship and Fellowship Payments

A scholarship or fellowship is tax free (excludable from gross income) only if:

- You are a candidate for a degree at an eligible educational institution. You are a candidate for a degree if you attend a primary or secondary school or are pursuing a degree at a college or university, or attend an educational institution that offers a program of training to prepare students for gainful employment in a recognized occupation and is authorized under federal or state law to provide such a program and is accredited by a nationally recognized accreditation agency.

A scholarship or fellowship is tax free only to the extent:

- It doesn't exceed your qualified education expenses;
- It isn't designated or earmarked for other purposes (such as room and board), and doesn't require (by its terms) that it can't be used for qualified education expenses; and
- It doesn't represent payment for teaching, research, or other services required as a condition for receiving the scholarship. (But for exceptions, see Payment for services in Publication 970, Tax Benefits for Education.)

Use Worksheet 1–1 below to figure the amount of a scholarship or fellowship you can exclude from gross income.

Education Expenses

The following are qualified education expenses for the purposes of tax-free scholarships and fellowships:

- Tuition and fees required to enroll at or attend an eligible educational institution.
- Course-related expenses, such as fees, books, supplies, and equipment that are required for the courses at the eligible educational institution. These items must be required of all students in your course of instruction.

Qualified education expenses don't include the cost of:

- Room and board
- Travel
- Research
- Clerical help
- Equipment and other expenses not required for enrollment in or attendance at an eligible educational institution

Worksheet 1-1. Taxable Scholarship and Fellowship Income

1. Enter the total amount of any scholarship or fellowship grant for 2020. See Amount of scholarship or fellowship grant in Publication 970.
   - If you are a degree candidate at an eligible educational institution, go to line 2.
   - If you aren't a degree candidate at an eligible educational institution, stop here. The entire amount is taxable. For information on how to report this amount on your tax return, see Reporting Scholarships and Fellowship Grants, later.

2. Enter the amount from line 1 that was for teaching, research, or any other services required as a condition for receiving the scholarship. Don't include amounts received for these items under the National Health Service Corps Scholarship Program, the Armed Forces Health Professions Scholarship and Financial Assistance Program, or a comprehensive student work-learning-service program (as defined in Section 448(e) of the Higher Education Act of 1965) operated by a work college (as defined in that section).

3. Subtract line 2 from line 1

4. Enter the amount from line 3 that your scholarship or fellowship grant required you to use for other than qualified education expenses

5. Subtract line 4 from line 3

6. Enter the amount of your qualified education expenses

7. Enter the smaller of line 5 or line 6. This amount is the most you can exclude from your gross income (the tax-free part of the scholarship or fellowship grant)

8. Subtract line 7 from line 5

9. Taxable part. Add lines 2, 4, and 8. See Reporting Scholarships and Fellowship Grants, in Publication 970, for how to report this amount on your tax return

1 However, a scholarship or fellowship grant isn't treated as tax free to the extent the student includes it in gross income (the student may or may not be required to file a tax return) for the year the scholarship or fellowship grant is received and either:

- The scholarship or fellowship grant (or any part of it) must be applied (by its terms) to expenses (such as room and board) other than qualified education expenses.
- The scholarship or fellowship grant (or any part of it) may be applied (by its terms) to expenses (such as room and board) other than qualified education expenses.

You may be able to increase the combined value of an education credit and certain educational assistance if the student includes some or all of the educational assistance in income in the year it is received. See Publication 970 for more information.
Highlights of Education Tax Benefits for Tax Year 2020

This chart highlights some differences among the benefits discussed in Publication 970. See the text for definitions and details. Don’t rely on this chart alone.

Note: Expenses for professional development of an educator can be claimed as an educator expense adjustment.

You generally can’t claim more than one benefit for the same education expense.

**Emergency financial aid grants under the CARES Act** for unexpected expenses, unmet financial need, or expenses related to the disruption of campus operations on account of the COVID-19 pandemic, such as unexpected expenses for food, housing, course materials, technology, health care, or childcare, are qualified disaster relief payments under section 139 of the Internal Revenue Code. This grant is not includible in gross income.
Education Credits (continued)

Probe/Action: To determine if a taxpayer qualifies for the education credit.

Who Can Claim the Credit?

- Taxpayers who paid qualified educational expenses of higher education for an eligible student unless filing MFS.
- Taxpayers who paid the education expenses for a student enrolled at or attending an eligible educational institution. To determine if eligible, go to the U.S. Department of Education’s Office of Post-secondary Education (OPE) website.
- The eligible student is either the taxpayer, taxpayer’s spouse or their dependent.

Note: Qualified education expenses are considered paid by the taxpayer if paid by their dependent or a third party on behalf of the dependent. If a student isn’t claimed as a dependent (even if eligible to be claimed), only the student can claim an education credit no matter who paid the expenses. Anyone paying the expenses (even directly to the institution) are considered to have given a gift to the student who in turn is treated as having paid the expenses.

Note: There are two 4-year tests for the American opportunity credit. First, the credit can be taken for only 4 tax years. Second, the student must not have completed four years of academic credit before the beginning of this tax year. Follow the examples in the “Who is an Eligible Student for the American Opportunity Credit” section in Publication 970 for additional information.

<table>
<thead>
<tr>

<th>Then only…</th>
</tr>
</thead>
<tbody>
<tr>
<td>Has a dependent who is an eligible student</td>
<td>The taxpayer can claim the credit based on that dependent’s expenses. The dependent can’t claim the credit.</td>
</tr>
<tr>
<td>Doesn’t claim the dependent on the tax return</td>
<td>The dependent can claim the credit. The taxpayer can’t claim the credit based on the dependent’s expenses.</td>
</tr>
</tbody>
</table>

Who Can’t Claim the Credit?

- Married filing separately filing status
- Anyone listed as a dependent on another person’s tax return
- Taxpayers whose modified AGI is more than the allowable income limits
- Taxpayer (or the spouse) was a nonresident alien for any part of the tax year unless one of the exceptions listed in Publication 519, U.S. Tax Guide for Aliens, applies

What Expenses Qualify?

- Expenses paid for an academic period starting in 2020 or the first 3 months of 2021
- Expenses not refunded when the student withdraws from class
- Expenses paid with the proceeds from a loan

What are Qualifying Expenses?

- The term “qualified tuition and related expenses” is expanded for the American opportunity credit to include expenditures for course materials. For this purpose, course-related materials are books, supplies, and equipment needed for a course of study whether or not the materials are purchased from the educational institution as a condition of enrollment or attendance.

What is Tax-Free Educational Assistance?

- Tax-free parts of scholarships and fellowships
- Pell Grants (see Publication 970)
- Employer-provided educational assistance (see Publication 970)
- Veterans’ educational assistance
- Any other nontaxable payment (other than gifts or inheritances) received as educational assistance

Note: Don’t reduce the qualified education expenses by any scholarship or fellowship reported as income on the student’s tax return if the use of the scholarship isn’t restricted and used to pay education expenses that aren’t qualified (such as room and board).

Note: Taxpayers must have a Form 1098-T from an eligible educational institution to claim education benefits.

Note: If the student includes the tax free educational assistance in income, has a filing requirement, and unearned income (including the taxable scholarship) over $2,200, the student may need to file Form 8615, Tax for Certain Children Who Have Unearned Income (Kiddie Tax). In that case, the return is Out of Scope.
Determining Qualified Education Expenses

Box 1 may include nontaxable scholarship and grant amounts. Some students may choose to pay nonqualifying expenses with scholarship/Pell Grant funds, making the scholarship/Pell Grant taxable. This is true even if the scholarship/grant was paid directly to the school. This may increase the amount of qualifying expenses that can be used in calculating an education credit. Examples can be found in Coordination with Pell grants and other scholarships or fellowship grants in Publication 970.

Determine the amount paid by verifying the payment received from the student account statement with the amount shown in Box 1 of Form 1098-T. Remember to include books, supplies, course related materials and equipment if claiming the American opportunity credit. Also remember to include out of pocket payments made by the student or on the student’s behalf. This includes student loans, payments, credit cards and taxable portions of scholarships/grants.

Example – Bill and Sue are eligible to claim the American opportunity credit for their daughter Sarah, who is in her first year of college. They have a Form 1098-T with $7,000 in box 1 and a $3,000 Pell Grant in box 5. During your interview with Bill and Sue, you determine that $3,000 was paid in September 2020 for the fall semester; $3,000 was paid by Pell Grant and $4,000 was paid by loan proceeds. They paid $500 for books in 2020. To calculate the eligible expenses for their credit, take the $7,000 ($3,000 grant + $4,000 loan) paid in 2020, plus the $500 for books and enter on line 1 of the worksheet above. The $3,000 Pell Grant will be entered on line 2a. The line 3 amount is $3,000. Subtracting line 3 from line 1, you get qualified education expenses of $4,500. If the resulting qualified expenses are less than $4,000, the student may choose to treat some of the grant as income to make more of the expenses eligible for the credit.

**Earned income.** Earned income includes wages, salaries, professional fees, and other payments received for personal services actually performed. Earned income includes the part of any scholarship or fellowship that represents payment for teaching, research, or other services performed by the student that are required as a condition for receiving the scholarship or fellowship. Earned income does not include that part of the compensation for personal services rendered to a corporation which represents a distribution of earnings or profits rather than a reasonable allowance as compensation for the personal services actually rendered.

**Full-time student.** Solely for purposes of determining whether a scholarship is considered support, you were a full-time student for 2020 if during any part of any 5 calendar months during the year you were enrolled as a full-time student at an eligible educational institution (defined earlier), or took a full-time, on-farm training course given by such an institution or by a state, county, or local government agency.

State ID (Optional)
Some states require a driver's license or additional taxpayer identification in order to e-file the return. This screen will appear only if there is a state return.

You may provide your state issued id or driver's license in the section below. This information is optional but may assist the state in verifying your identity and processing your return.

Taxpayer ID Information

Select driver's license or ID, license number, date issued, date expires and issuing state.

If taxpayer's license has expired, select None Available. See state requirement and work around if applicable.
Return Signature

A return isn’t considered valid unless it is signed. Both spouses must sign if the return is filed jointly. The return should be dated and the occupation lines should be completed. Advise the taxpayer they’re responsible for the information on the return.

When someone can sign for you

Child’s Return

If a child can’t sign his or her name, the parent, guardian, or another legally responsible person must sign the child’s name in the space provided followed by the words “By (parent or guardian signature), parent or guardian for minor child.”

Incapacitated Spouse

If the spouse can’t sign because of injury or disease and tells the taxpayer to sign for him or her, the taxpayer can sign the spouse’s name on the return followed by the words “By (your name), Husband (or Wife).” A dated statement must be attached to the return. See Publication 501, Dependents, Standard Deduction, and Filing Information, for requirements to include in the statement.

Military Spouse

If the taxpayer’s spouse is unable to sign the return because he or she is serving in a combat zone or is performing qualifying service outside of a combat zone, and the taxpayer doesn’t have a power of attorney (POA) or other statement, the taxpayer can sign for their spouse. Attach a signed statement to the return that explains that the spouse is serving in a combat zone. See Publication 3, Armed Forces’ Tax Guide, for other situations.

Court-appointed conservator or other fiduciary

If you are a court-appointed conservator, guardian, or other fiduciary for a mentally or physically incompetent individual who has to file a tax return, sign your name for the individual and file Form 56, Notice Concerning Fiduciary Relationship.

Power of Attorney

Attach a copy of the taxpayer’s original paper POA to a copy of Form 8453 for the site to send to the IRS once the return is accepted. Alternatively, you may scan the POA as a PDF and attach the PDF to the return prior to creating the e-file. See Publication 17, Your Federal Income Tax For Individuals, Chapter 1. For additional details, see Publication 947, Practice Before the IRS and Power of Attorney, and Form 2848 Instructions. Even when the taxpayer’s agent is using a power of attorney different than Form 2848, follow the same process.

Deceased Taxpayer

If the spouse died during the year and the surviving spouse didn’t remarry, a joint return can be filed. If a taxpayer died before filing the return and had no filing requirement but had tax withheld, a return must be filed to get a refund. If the decedent had a filing requirement, the taxpayer’s spouse or personal representative will have to file and sign a return for the person who died. A personal representative can be an executor, administrator, or anyone who is in charge of the decedent’s property. If no one has yet been appointed as executor or administrator, the surviving spouse can sign the return for the deceased spouse and enter “Filing as surviving spouse” in the area where the return is signed.

If filing a paper return, write “Deceased,” the decedent’s name, and the date of death across the top of the tax return. TaxSlayer will automatically note on the top of Form 1040, U.S. Individual Income Tax Return, the decedent’s name, and date of death.

Form 2848, Power of Attorney and Declaration of Representative, is invalid once the taxpayer dies; therefore Form 56 or new Form 2848 signed by estate executor or representative must be completed. See Publication 559, Survivors, Executors, and Administrators, for details.

Claiming a Refund for a Deceased Person

Court-appointed representatives should file the return and attach a copy of the certificate that shows their appointment. All other filers requesting the decedent’s refund should file the return and attach Form 1310, Statement of Person Claiming Refund Due a Deceased Taxpayer. The software completes this form. In some cases, e-filing is permitted; however, the program may generate a warning and block e-filing. In this case, the return must be paper filed with a copy of their appointment document.

Note: If either Option A or B is selected under Part I, the IRS requires the return be paper filed. Only option C is allowed electronically.

If Option A or B is selected, you will receive a message that the return must be paper filed.
Printing the Tax Return

TaxSlayer Navigation: Client Search>Office Client List or e-File Section>Last Screen (Submission)>Print Return

A copy of the return can be printed by selecting the Printer Icon located on the Client Tax Return row from the Office Client List. A copy of the tax return can also be printed from within the return. The print location from inside the return is located on the Submission page under the e-File section. After all required information has been entered on the e-file page, select Save. The program will display the Submission page. From this page, click on the drop down arrow, select the appropriate print set, and then select Print Return. Once the PDF is generated, you can choose the pages you wish to print and the number of copies you wish.

Where to File Paper Returns

When a paper return must be filed, advise the taxpayer to sign and mail the federal return to the applicable IRS address for the state where the taxpayer lives. See Tab P, Partner Resources for a list of addresses.

The taxpayer must be given an exact copy of the paper return to be filed. Additional copies of the schedules and worksheets should also be provided. If applicable, state income tax returns should be signed and mailed to the appropriate address for that state. State mailing address can be found on the state tax form or on the tax department's website.
Pointers for Direct Deposit of Refunds

1. Using a check, paper or electronic documentation from the financial institution as proof of account, verify:
   • Routing Transit Number (RTN). The RTN must contain 9 digits and begin with 01 through 12 or 21 through 32.
   • Depositor Account Number (DAN). The DAN can be up to 17 characters. Include hyphens but omit spaces and special symbols. Don’t include the check number or the dollar amount on canceled checks. On the sample check below, the account number is 20202086. The 16-digit number on a debit card is not the account number.

2. Don’t use a deposit slip for proof of RTN as this may not be the same RTN used for direct deposit. For direct deposit into a savings account, the taxpayer should obtain a statement from the financial institution to verify the routing and account number for direct deposit. For direct deposit into a checking account, if the taxpayer doesn’t have a canceled check, the taxpayer should also contact their financial institution.

3. Entering the incorrect RTN and/or DAN will result in a 4-6 week delay of the refund, or it may go into someone else’s account. If the direct deposit is voided, a paper check will automatically be mailed to the address on the electronic tax form.

4. Double-check the RTN of the financial institution if:
   • You are unfamiliar with the financial institution. (Some types of accounts that exist through brokerage firms can’t accept direct deposits.)
   • The RTN is for a credit union, which is payable through another financial institution. The taxpayer should contact his or her credit union for the correct RTN.

5. Savings Bonds - Taxpayers can buy U.S. savings bonds with their federal tax refund. Even if the taxpayer doesn’t have a bank account or a Treasury account they can elect this option. Taxpayers can make bond purchases for themselves. Refer to Form 8888, Allocation of Refund (Including Savings Bond Purchases), or the IRS website for more details.

6. Remember the split refund option: If a taxpayer chooses to direct deposit his or her refund into two or three accounts, you will need to complete Form 8888.

![Financial institutions generally don’t allow a joint refund to be deposited into an individual account. The IRS isn’t responsible if a financial institution refuses a direct deposit.](image)

Note: The bank routing number or account number is not obtained from a check, you should consult with the Site Coordinator regarding the procedure for verifying direct deposit information.
Balance Due Returns

General Information

• Taxpayers don’t have to pay if balance due is less than $1.
• Payment in full is due by the April filing due date to avoid interest and penalties.
• Taxpayer should file his or her return by the filing due date, including extensions to avoid a failure-to-file penalty.
• There are separate penalties for filing late and paying late. The late filing penalty is higher.
• Advise taxpayers to file the return on time, even if they can’t pay the full amount owed. They should pay as much as they can with the return to reduce penalties and interest.

Payment Methods

1. Electronic Funds Withdrawal

E-filing allows taxpayers to file their return early and schedule their payment for withdrawal from their checking or savings account on a future date up to the April filing due date. Advise taxpayers that they should check their account to verify that the payment was made.

2. IRS Direct Pay

IRS direct pay on the IRS website is a free one-time payment from your checking account to the IRS. Use this secure service to pay your tax bill or make an estimated tax payment directly from your checking or savings account at no cost to you. You’ll receive instant confirmation that your payment has been submitted. Just follow the easy steps below. Bank account information isn’t retained in IRS systems after payments are made.

It takes just 5 easy steps to make a payment:

3. Check or money order payments

• Don’t attach the payment to the return.
• Refer to instructions on Form 1040V, Payment Voucher.
• Submit the payment with a properly completed Form 1040V.
• Don’t mail cash.

4. Credit card payments

• American Express, Discover, Mastercard, or Visa cards are accepted.
• A convenience fee will be charged by the service providers.
• For details, visit the IRS website, Keywords “Paying Your Taxes.”

Note: See Form 1040 Instructions for additional information
Balance Due Returns (continued)

1. Electronic Federal Tax Payment System (EFTPS)
   Taxpayers can use EFTPS to pay their federal taxes, but they must enroll first. EFTPS is a fast, easy, convenient and secure service provided free by the Department of Treasury. For more information or to enroll visit the IRS website, Keywords “Paying Your Taxes.” or call EFTPS Customer Service at 1-800-316-6541 (for individual payments). TTY/TDD help is available by calling 1-800-733-4829.

   Note: You must have a valid Social Security Number (SSN) to use this application. This application cannot accommodate Individual Taxpayer Identification Numbers (ITINs)

2. Cash (at a retail partner)
   Taxpayers can make a cash payment without the need of a bank account or credit card at more than 27,000 retail locations nationwide. To find a location near you, visit the IRS website, Keywords “Paying Your Taxes.”

3. Pay by Mobile Device
   To pay through a mobile device, taxpayers may download the IRS2Go app.

Installment Agreement
Because of the Bipartisan Budget Act of 2018, user fees for low-income taxpayers setting up installment agreements (long-term payment plans) may be waived or reimbursed, under certain conditions.

Effective for installment agreements established on or after April 10, 2018:

- Taxpayers meeting the low-income threshold (at or below 250% of the federal poverty guidelines, as determined for the most recent year) who agree to establish a Direct Debit Installment Agreement, will not be charged a user fee.
- Taxpayers who are low income and unable to make electronic payments through a debit instrument by entering into a Direct Debit Installment Agreement will be reimbursed the user fee upon completion of the installment agreement.
Balance Due Returns (continued)

What if the taxpayer can’t pay?

• Full pay within 120 days. If taxpayers can pay the full amount they owe within 120 days, go to the IRS website, keyword “installment agreement” to establish your request to pay in full. By doing this, taxpayers can avoid paying the fee to set up an installment agreement.

• Online Payment Agreement. If the taxpayer’s balance due is $50,000 or less, the taxpayer can apply online for a payment agreement instead of filing Form 9465, Installment Agreement Request. To do that, go to IRS.gov and enter “Online Payment Agreement” or “OPA” in the “Search” box. The origination fee is lower for online payment agreements than applying by phone, mail or in person.

• The taxpayer can request an extension of time to pay if paying the tax by the due date will be an undue hardship. For details see Form 1127, Application for Extension of Time for Payment of Tax Due to Undue Hardship. This form is Out of Scope.

Offer in Compromise

If the taxpayer can’t pay through an installment agreement and/or by liquidating assets, they may be eligible for an Offer in Compromise (offer). An offer is an agreement between the taxpayer and the IRS that settles a tax debt for less than the full amount owed. The IRS may accept an offer if:

• The IRS agrees that the tax debt may not be accurate,
• The taxpayer has insufficient assets and income to pay the amount due in full, or
• The taxpayer has exceptional circumstances and paying the amount due would cause an economic hardship or would be unjust.

The taxpayer can use the Offer in Compromise Pre-Qualifier tool located at the IRS website, Keyword: “Offer” to determine if an offer is a realistic option to resolve their balance due. The questionnaire format assists in gathering the information needed and provides instant feedback as to eligibility. To apply for an offer, the taxpayer must read and complete the forms located in Form 656-B, Offer in Compromise.

How can a taxpayer avoid a balance due in the future?

TIP Taxes withheld are based on filing status, dependents, and other adjustments on the return.

• If the taxpayer didn’t have enough withheld from his/her paycheck, pension income or taxable social security benefits and there is an amount owed on the current return:
  – Advise the taxpayer to access the Tax Withholding Estimator on the IRS website
  – Advise the taxpayer to submit a revised Form W-4, Employee’s Withholding Certificate, to the employer. For pension income, taxpayers should submit a revised Form W-4P, Withholding Certificate for Pension or Annuity Payments, to the pension payer or contact the pension administrator to increase withholding.
  – Advise taxpayers who received taxable social security benefits or unemployment to submit Form W-4V, Voluntary Withholding Request, to request withholding from social security of certain other federal government payments.

• If the taxpayer had income that wasn’t subject to withholding (such as self-employment, interest income, dividend income, or capital gain income):
  – Explain estimated taxes to the taxpayer. In TaxSlayer, add Form 1040-ES, Estimated Tax for Individuals, and complete it. Discuss with taxpayer(s) whether to use the minimum required amount or the total amount expected to be due.

• Advise the taxpayer to review Publication 505, Tax Withholding and Estimated Tax.

Forms or Publications can be obtained from the IRS website (irs.gov).

• If the taxpayer is receiving the advanced premium tax credit (APTC), they should notify the Marketplace when they have any significant change to geographic location, income, family size or a life event.

Note: This information only applies to federal balance due returns. For state information, consult the applicable state.

(It continues until formally revoked.)

**NOTE:** If additional days of presence due to COVID-19 travel restrictions cause the taxpayer to become a "resident" using the physical presence test rules, see possible exceptions allowed in Revenue Procedure 2020-20.
Resident or Nonresident Alien Decision Chart (continued)

If after using the Resident or Nonresident Alien Decision Tree (Page L-1) you have determined a taxpayer is a Resident Alien for U.S. Tax Purposes, and does not meet any of the exceptions that would be outside of the scope of the VITA program, select one of the filing statuses listed under the Basic Information Section in TaxSlayer Pro. A Resident Alien is treated like a U.S. Citizen when determining filing status.

If after using the Resident or Nonresident Alien Decision Tree (Page L-1) you have determined a taxpayer is a Nonresident Alien for U.S. Tax Purposes, under the Basic Information Section in TaxSlayer Pro, select Nonresident Alien, if you have certified under the Foreign Student and Scholar Module and the taxpayer’s circumstances are within the scope of the Foreign Student and Scholar ViTA program. After selecting the Nonresident Alien filing status, you will be given six (6) choices; Single resident of Canada or Mexico or single U.S. national, other single nonresident alien, Married resident of Canada or Mexico or married U.S. national, Married resident of South Korea, other married nonresident alien, or Qualified widower(er) with dependent child.

You will only complete a tax return for a Nonresident Alien if you have certified on the Foreign Student and Scholar Module, and at least 1 other person at your site, who is also certified on the Foreign Student and Scholar Module, can quality review the return.

Be sure to have the taxpayer complete Form 13614-NR, Nonresident Alien Intake and Interview Sheet, and use Publication 4011, VITA/TCE Foreign Student and Scholar Resource Guide, to conduct the Quality Review.

Electronic Filing of Returns with Valid ITIN

TaxSlayer Navigation: Federal Section>Income> Wages and Salaries; or Keyword “W”

Returns can be electronically filed when the taxpayer has an Individual Taxpayer Identification Number (ITIN) but has a Form W-2 with a Social Security Number (SSN) that belongs to another taxpayer. The taxpayer may be working on an erroneous social security number. Use that social security number only on the Form W-2.

1. The taxpayer’s ITIN must be entered on the personal information screen in the space provided for the taxpayer’s or spouse’s social security number, if applicable.

2. When completing the Form W-2 in TaxSlayer, enter the SSN shown on the paper Form W-2. The Internal Revenue Service requires the manual key entry of the Taxpayer Identification Number (TIN) as it appears on Form W-2 received from the employer for all taxpayers with ITINs who are reporting wages. The ITIN that was entered when the return was started won’t auto-populate the TIN on Form W-2 for these ITIN filers.

Whose W-2 is this? *

- Test Taxpayer
- Spouse Taxpayer

Note: ITIN taxpayers requesting to file Forms 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts etc., with an incorrect Social Security Number must file a paper return. These returns can’t be e-filed. There are no procedures in place to e-file these types of returns.
Creating a Temporary ITIN when the Spouse and/or Dependent(s) are Applying for an ITIN

TaxSlayer Navigation: Federal Section>Miscellaneous Forms> Application for ITIN

TaxSlayer will not generate temporary ITINs for the taxpayer, spouse and/or dependents on a return if Form W-7, Application for IRS Individual Taxpayer Identification Number, is needed. The ITIN application requires a federal tax return to be associated with all Form W-7 applications (with some exceptions) as noted in the instructions for Form W-7. Federal tax returns can’t be filed using electronic return preparation software without a TIN (taxpayer identification number). If the taxpayer is working under an erroneous social security number, that social security number should be used only on the W-2.

1. In the TIN field for all individuals needing to complete Form W-7, enter all digits as zeros “0”. A return requiring three temporary TINs will be entered as follows:
   - The spouse’s 000-00-0000
   - The first dependent’s 000-00-0000
   - The second dependent’s 000-00-0000

2. Select each individual in TaxSlayer. Fill in the name of each family member applying for an ITIN on a separate Form W-7 application. Make sure that names match required documentation that clients will be submitting with their W-7 application(s). See Tab B, Starting a Return and Filing Status, Determining the Last Name of the Taxpayer section for additional information.

3. Print the return package, and provide the return package to the taxpayer to mail with Forms W-7 to the address shown on the Form W-7 instructions.

4. If the taxpayer has a family pack that includes multiple Forms W-7 with one return, or multiple returns with one Form W-7, these forms should be staggered and stapled together to show the entire package as a family pack. This will prevent separation of the forms/returns that could delay the processing time.

5. Have taxpayers mail Form W-7 application(s), all original supporting documentation or certified copies of documents from the issuing agency, and tax return or take to a Certifying Acceptance Agent (CAA) or local Taxpayer Assistance Center (TAC) for ITIN Authentication. Note: Not all TAC offices are authorized to perform ITIN Authentication. See the list of supporting documentation in the Instructions for Form W-7, Application for IRS Individual Taxpayer Identification Number.

6. If applicable, prepare a copy of the state return with a copy of the federal return attached. If taxpayers will not owe state taxes, suggest they hold the state return until they receive their official ITIN letter(s), which may take 7 weeks (9 to 11 weeks if submitted during peak processing periods, January 15 through April 30). Once the ITIN(s) is assigned, record them on the state tax returns before mailing.

Note: Any ITIN that is not used on a federal tax return for three consecutive tax years will expire on December 31 of the third consecutive tax year of non-use. Additionally, ITINs with middle digit “88” will expire December 31, 2020. ITINs with middle digits “90”, “91”, “92”, “94”, “95”, “96”, “97”, “98”, or “99” (e.g. 9NN-88-NNNN) will also expire if assigned before 2013.

The following communication products provide information on changes being made to the Individual Taxpayer Identification Number (ITIN) program this year. They are intended for use in raising awareness among taxpayers with a need to file a federal tax return in 2021 but whose ITIN will expire at the end of 2020. The products, available in multiple languages, are offered in electronic format for electronic distribution or for printing.

**Publication 5259 (EN-SP), ITIN Fact Sheet**
This publication explains changes IRS is implementing as a result of the Protecting Americans from Tax Hikes (PATH) Act legislation requiring expiration of certain ITINs. It also covers changes to the use of a passport as a stand-alone document for dependent ITIN applications.

**Publication 5256 (EN-SP), You May Need to Renew Your Expired ITIN**
This publication provides taxpayers quick facts about which ITINs are expiring and how to get more information. It provides three flyers per page and can be printed and cut/separated for use.

**Publication 5257 (EN-SP), Renewing Your ITIN**
This publication is a full page document detailing the facts about expiring ITINs and basic information about how to renew them. There’s an electronic version with resource links and a printable version with instructions on how and where to find more information.

Amended Returns

Overview of Amended Return Preparation Process in TaxSlayer

**TaxSlayer Navigation:** Access the federal and state amended return screens from the navigation MENU on the left side of the screen.

The Protecting Americans from Tax Hikes (PATH) Act of 2015 prevents taxpayers using newly issued tax ID numbers to retroactively claim refundable tax credits in prior years. For example, someone who filed a tax return under an ITIN and later got an SSN cannot file amended return(s) to claim EITC.

The option to electronically file an amended return is only available for tax year 2019. All other amended returns must be mailed to the IRS. Direct deposit/debit is not available for amended returns.

If the VITA/TCE site amending the return prepared the original return in TaxSlayer, print a copy of the return. A copy of the original federal and state returns is available in the Client Status section on the Office Client List page.

If the VITA/TCE site amending the return did not prepare the original return in TaxSlayer, the site will need a copy of the original return. See “Amended Returns - Original Return Not Created by the Site Preparing the Amended Return” later in this tab.

When changing the filing or residency status, TaxSlayer warns that all state returns will be deleted. Regardless of the state, the steps to amend a state return are consistent. TaxSlayer asks for the state refund amount or the amount paid if there is a state balance due.
Amended Returns (continued)

Completing an Amended Return that was Accepted in TaxSlayer (Site prepared the original filed return)

1. Pull the original tax return amounts to Form 1040-X, Amended Return, original column by taking the following steps:
   a. Find and open the original return in TaxSlayer.
   b. Make all necessary changes to the return based on the new information from the taxpayer. (For example, if the taxpayer needs to add a Form W-2, add it now as you would if preparing a return normally.)
   c. When you finish making changes, select 20XX Amended Return. TaxSlayer displays the Amended Tax Returns - Form 1040-X page:

   ![Amended Tax Return - Form 1040X](image)

   d. Select Begin on the Original Return Information line.
   e. Because the IRS accepted the return through TaxSlayer, the software defaults the original accepted return information on this page. Review the information using the printed original return. If any information needs to be changed, change it here.
   f. If the taxpayer is changing personal exemptions, has changed their address, or wants to change an election for the Presidential Election Campaign Fund, select the appropriate check boxes at the bottom of the page.
   g. When finished, select Continue.

2. Amend the State Return (if needed)
   a. Select Begin on the Create Amended State Return line. If there are no state changes, skip to step 3.
   b. Select Amend State for the state you need to amend.

   ![State Return](image)

   c. Select Begin on the Amended Return line.
   d. Read the screen and select Yes from the drop-down list.
   e. Select Begin on the Review and Complete Amended Return line.
   f. Select Begin on each line of the State Return: Review and Complete Amended Return page. Use the printed original return to ensure all information has been entered correctly based on the original accepted return.
   g. When you finish reviewing all information, select Back.
   h. TaxSlayer Pro displays the State Return: Amended Return page. When finished with all the information for the amended return, select Save, then Exit return to leave the state’s page. Repeat as necessary for other states.
3. Explain changes
   a. Go to the Amended Tax Return – Form 1040X page, then select Begin on the Explain Changes line.
   b. Enter an explanation for each change in the box provided.

4. Print Return and assemble the Form 1040-X package to be mailed
   a. From the Amended Tax Return – Form 1040X page, select Print Amended Return, select Begin, then Continue. On the “Print Results” page select Print your 20XX Tax Return.
   b. In the pdf of the return, examine Column A to verify all lines from the original Form 1040, U.S. Individual Income Tax Return, have transferred. Next, examine Column B to verify that the amendment change(s) you entered appear on the correct line(s) of the column. Then verify that the amount(s) on line(s) changed appear in the correct total amount(s) of these lines in Column C.
   c. Verify the correct amount overpaid or owed. On page 2, verify that all information is correct and that appropriate boxes are checked for qualifying children eligible for Child Tax Credit.
   d. If the state form is amended, scroll down the pdf to the state forms and verify that additions to or subtractions from the federal AGI that were manually made on the amended state return are correct.
   e. Ask a Quality Reviewer to double-check all entries on the amended return.
   f. Print tax forms as indicated in the table below (If a state amendment is not needed, skip state forms).
   g. For an amended return, Form 1040-X is the payment voucher if a balance is due. The taxpayer should simply enclose a check with the amended return.
   h. Verify the state payment voucher amount (if used for your state) and that state amended return requirements are met.
   i. Have taxpayers sign the 1040-X and the state amended return. Advise the taxpayer the amended return should not be filed until the refund or the original return has been processed. Remind taxpayers to enclose payment – if payment is due.
   j. Attach any new or corrected documents (like a late 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.). Do not attach the original return.
   k. If responding to a notice from the IRS, send the federal amended return to the address shown in the notice. If not, use the address in the 1040-X Instructions.

Amended Returns - Original Return Not Created by the Site Preparing the Amended Return

1. Since the return does not currently exist, create a federal return and state return, if applicable, that includes the amended information. These return figures comprise Form 1040-X, Column C.

   For any return with multiple information-reporting documents, as an alternative to entering every document, add the documents together. The software requires an EIN and business address to calculate and place information on the correct line of the tax return. Choose an EIN and business address from the available information-reporting documents for software input. All information-reporting documents that support changes must be included with the tax return. If applicable, create state return.

   • For returns with adjustments, credits, and additional schedules:
     
     a. Schedule C with no required amendment can be created by using the net profit as total income.
     
     b. Schedule D with no required amendment can be created by using one transaction for long term and/or one transaction for short term. Enter the net gain as the sales price with no basis.
     
     c. Adjustments and credits information is entered as applicable.

2. Go to the 20xx Amended Return menu > Original Federal Return Information screen to provide the original return information.

   • This menu populates Form 1040-X, column A.
   
   • Form 1040-X columns C will populate based on the return prepared with the amended information. Column B will populate based on the differences between Columns C and A.
   
   • Go to the Amend State Return screen.
   
   • Select Edit Amended link at Amended State Return screen.
   
   • Select Amended Return.
   
   • Select Yes at the Create Amended Return box.
   
   • Complete entries at Review and Complete Amended Return screen, particularly entries involving dollar amounts.

3. When you have confirmed or entered all amounts from the original return, continue with steps 3 through 4 on the Amended Returns page.

   CAUTION: The Economic Impact Payment’s Non-Filers tool was not intended for use by taxpayers who also needed to file a tax return with the IRS for tax year 2019. If a taxpayer used the Non-Filers tool to register for an Economic Impact Payment, they cannot now file their tax return electronically. Instead, complete and print a paper 2019 Form 1040 or 1040-SR tax return, write “Amended EIP Return” at the top, and mail it to the IRS. For more information, visit the Amended EIP Return page at https://www.irs.gov/newsroom/amended-eip-return.
Prior Year Returns

Who can prepare prior year returns?
Sites are encouraged to prepare prior year returns if they have the required technical resources described below. Prior year returns may only be prepared and reviewed when the tax topics are within scope for VITA/TCE and within the volunteers’ current levels of training and certification. They don’t need to be certified in the actual prior year. Determining the certification level of the return is described below in Getting Started.

Getting Started:
- TaxSlayer only provides software for the 3 years prior to the current tax year.
- A current year Form 13614-C, Intake/Interview and Quality Review Sheet, must be completed for each prior year and will be used to determine the scope and certification level of each return.
- Taxpayers with Out of Scope returns should be advised to seek assistance from a professional tax preparer.
- Assign prior year returns to experienced volunteers if at all possible.
- Direct deposit or debit isn’t available for prior year returns. IRS will mail refund checks to the address on the prior year return.

Taxpayers can’t retroactively claim some tax credits with newly issued tax ID numbers.
As of December 2015 (PATH Act), taxpayers can no longer:
- File a prior year return claiming EITC on the basis of newly issued Social Security numbers (SSNs) for themselves and/or qualifying dependent(s).
- File a prior year return claiming American Opportunity Tax Credit on the basis of newly issued SSNs, Individual Taxpayer Identification Numbers (ITINs) or Adoption Taxpayer Identification Numbers (ATINs) for themselves and/or qualifying student(s).
- File a prior year return claiming Additional Child Tax Credit on the basis of newly issued SSNs, ITINs, or ATINs for themselves and/or qualifying child.

Technical Resources:
The following tools are useful resources:
- Prior year return tax preparation software.
  a. TaxSlayer Pro® Online users can access the prior year software from the home page.
  b. Desktop sites will need to download and install the prior year software from the TaxSlayer website. Sites will use their current EFIN and setup the software as usual. No registration codes are needed with TaxSlayer.
- Forms 13614-C from prior years are helpful. Sites may keep hard copies or rely on electronic copies.
- Taxpayer’s Wage and Income Transcripts from their IRS records are extremely useful.

Note: For transcripts, taxpayers can go to the IRS website, Keyword “Transcript”, register, and secure transcripts online if they have email and can comply with enhanced verification. Taxpayers can also request transcripts to be mailed to the address on file which takes 5 to 10 calendar days for delivery. In addition, taxpayers can request a transcript via Form 4506-T, Request for Transcript of Tax Return, or by calling 1-800-908-9946.

Transcripts ordered online will be masked (redacted). Without EINs, the return cannot be e-filed. EXCEPTION: An unmasked wage and income transcript can only be mailed to the taxpayer’s address of record, or to the authorized individual for the decedent; it cannot be faxed. An unmasked transcript may also be provided to a taxpayer (or representative) by requesting it in person at a Taxpayer Assistance Center (TAC). Appointments are required. To find a local TAC office near you, go to irs.gov, Keyword “Local Office,” or refer to Tab P, Partner Resources, for telephone number.
Prior Year Returns (continued)

- Prior year publications and instructions to forms and schedules are available on the IRS website.
- Use the online tool Interactive Tax Assistance (ITA) for answers to many current and prior year tax law questions. ITA is available on the IRS website.

**Whether to e-file or mail prior year returns:**

Only the two most current prior years can be e-filed. Older prior year returns must be mailed to the appropriate IRS address from the list in Tab P, Partner Resources, “Where to File” page. Also, refer to Tab K, Finishing the Return, for additional information regarding balance due returns and payment options.

**Expired Tax Topics and Other Issues Applicable to Prior Years:**

Refer to the Publication 17, Your Federal Income Tax For Individuals, for the applicable tax year and review the “What’s New” section.

**What if a site cannot prepare a requested prior year return?**

If possible, refer the taxpayer to other VITA/TCE sites that offer prior year return service. Otherwise, advise the taxpayer to seek assistance from a paid tax preparer.

**Note:** Don’t refer taxpayers to their local IRS Taxpayer Assistance Center because they no longer prepare tax returns for individuals.

**Record Keeping:**

Generally, taxpayers must file a claim for a credit or refund within 3 years after the date the original return was filed or within 2 years after the date the tax was paid, whichever is later. Returns filed before the due date (without regard to extensions) are considered filed on the due date (even if the due date was a Saturday, Sunday, or legal holiday). In some cases of unreported income, the IRS has up to 6 years from date of filing to assess additional taxes.

Keep records relating to property until the period of limitations expires for the year in which you dispose of the property in a taxable disposition. See Publication 17 for details. TaxSlayer is available for three prior years only. State rules may differ.
Filing an Extension Using TaxSlayer

**TaxSlayer Navigation:** Federal Section>Miscellaneous Forms>Form 4868; or Keyword “4868” or “EXT”

**Form 4868 - Application for Extension**

**How To File Your Extension**

1. **Enter your Information:** Fill out all of the information in the “Required Extension Information” section below. Select *Continue*.

2. **E-File Your Extension:** Start by selecting e-file from the navigation bar. You will then be given the option to file your return (Form 1040 and supporting schedules), or to file your extension (Form 4868, Application for Automatic Extension of Time to File U.S. Individual Income Tax Return). Complete the extension e-file process. You should get an acknowledgement regarding your extension (whether the IRS accepted or rejected it) by email within the 24-48 hours of filing.

3. **Amount Paid with Extension:** You will need to pay the amount due that you enter for “Amount Paid with Extension.” You can do this in one of 3 ways:
   
   a. **Pay by electronic withdrawal from your checking account:** You can choose to pay your “payment” amount as an electronic withdrawal from your checking account. Once you enter the amount you would like to pay, check the box that appears to select this option. Enter your banking information, the date you would like the transaction to take place, and re-enter the amount to pay for confirmation. When you submit your extension, the withdrawal information will be sent.
   
   b. **Pay by credit card:** You can use your credit card and pay by phone by contacting one of the IRS approved service providers.
   
   c. **Mail in your payment with your Form 4868:** The form will print with your draft tax return. Mail the form with your payment by check or money order.

**Note: Automatic 60 Day Extension to File**

Taxpayers whose main home is located in a disaster area are now automatically provided an extension of time to file returns, pay taxes, or complete other time-sensitive acts beginning on the first date specified in a federal disaster declaration and ending 60 days after the last date specified in that federal disaster declaration. Impacted taxpayers no longer need to wait for the IRS to announce postponed deadlines. This automatic relief applies to federal disaster declarations issued after December 20, 2019.

- Private activity bond interest (PAB) is entered in Other Taxes>Alternative Minimum Tax>Interest from specified private activity bonds exempt from the regular tax.

- The Schedule C can be accessed through Option 6 of the main Income menu. Remember to enter the Principal Business Activity Code on the Schedule C.

- When entering gross receipts, this would include income reported on Form 1099-K, Payment Card and Third-Party Network Transactions, as well as all other cash and any other income received related to the business activity.

- To enter Schedule D, Capital Gains and Losses, select Option 7 from the main Income menu and then enter the transactions. You may need to enter an adjustment if the basis provided is incorrect, another situation applies that requires a change to the basis, or if the taxpayer is able to exclude some or all of the capital gain.

- To use the Simplified Method, check the box labeled “SGR” in Box 2A of Form 1099-R, Distributions from Pensions, Annuities, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, etc.

1. Select Income Menu
2. Select IRA/Pension Distributions (Form 1099-R/RRB, SSA)
3. Select New and fill out the Payer’s Information
4. Enter the Gross Distribution in Box 1 as it is shown on the 1099-R
5. Subtract the amount of any Qualified Retired Public Safety Officer Distribution from the Gross Distribution and enter the different Taxable Amount. Exit this menu. The smaller of the amount of the premiums for health and/or long-term care (LTC) insurance or $3,000 can be excluded (subtracted) from distribution.
6. Select the Other/Roth Button
7. Select Public Safety Officers Insurance Distribution
8. Select Yes
9. Select the line on Form 1040 where Form 1099-R is reported. When you view Form 1040, the abbreviation PSO will be displayed in the left margin.

If you selected Form 1040 wages line, you will be prompted to input the amount of distribution being excluded. The exclusion and the abbreviation PSO will print on the dotted line next to the wages amount.

Note: This is a guide on entering Public Safety Officer Distributions into TaxSlayer. This is not intended as tax advice.

TIP Any amount exceeding $3,000 is entered on Schedule A, Itemized Deductions as insurance cost. The insurance can be for the taxpayer, spouse and family. When Form 1099-R, Box 7 is Code 4 (distribution due to death), the PSO deduction may no longer be used.

Entering Medicaid Waiver Payments (that may be excluded from income under Notice 2014-7):

- Qualified Medicaid waiver payments that are wages not reported on Form W-2, box 1 – The payments are already excluded from gross income and earned income. The tax preparer should complete the tax return as usual if the taxpayer does not choose to include qualified Medicaid waiver payments in earned income. A taxpayer who chooses to include qualified Medicaid waiver payments in earned income must report the payments as wages on line 1.

- Qualified Medicaid waiver payments reported on Form W-2, box 1 – In the TaxSlayer software, complete the Form W-2 as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. Check the box just above the payment box if the taxpayer chooses to include the amount in the calculation of earned income for the EIC and the ACTC.

- Qualified Medicaid waiver payments reported on Form 1099-NEC or Form 1099-MISC and the taxpayer is in the business of providing home health care services – Complete a Schedule C and enter the Form 1099-NEC or Form 1099-MISC as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. Check the box just above the payment box if the taxpayer chooses to include the amount in the calculation of earned income for the EIC and the ACTC.

- Qualified Medicaid waiver payments reported on Form 1099-MISC and the taxpayer is not in the business of providing home health care services – These payments are considered “other income” and are not reported on a Schedule C. Complete the Form 1099-MISC as provided. Enter the amount of qualified Medicaid waiver payments received in the Medicaid Waiver Payment box at the bottom of the screen. These payments are not subject to employment taxes and are not earned income, because they are not employee compensation or earnings from self-employment.
Credits – Key Highlights

- To enter tax credits select the Credits Option to bring up the Credits Menu.
- To enter a specific credit select the appropriate menu option and then follow the software prompts.
- You must answer due diligence questions in order to claim Earned Income Credit (EIC) and Child Tax Credit (CTC). Certain answers will cause the taxpayer to not receive CTC and EIC. Go to “View Results” and choose “Why No EIC Calculated” to see why. “If EIC Checklist was Not Answered Correctly” is checked, you must go back and correct your answers on Form 8867.

Logging on to Pro Online

The user name isn’t case sensitive. To log on to TaxSlayer® Pro Online, enter your Username and Password, then select Login. For added security, TaxSlayer uses a method called Multifactor Authentication, where a code is sent to you at a known point of contact to verify your identity.

You will be prompted to verify your account by having a code sent either to your email address or a cell phone capable of receiving text messages. In most cases, text messages are the fastest method of verification. Select your preferred option, and select Send Code.

When you receive your code, enter it and select Verify.

TIP If your account was set up with only an email address, the cell phone option will not appear.

You will need to perform this process periodically based on systems requirements.

Note: See TaxSlayer User Guide for updated login procedures

Note: After two unsuccessful login attempts, you will be required to select the “I’m not a robot” box.
The Welcome Menu is the “Main Menu” of the program. It is the first screen the program takes you to every time you log into your office account. From the Main Menu, you will find Menu Options that contain functions pertaining to the program. Each part of the program can be accessed by clicking on the gray Select button. This screen shot will be different based on your permissions level.

Start New 2019 Tax Return: Select to start a new return.
Client Search: Select to open an existing return.
Review Returns: This option displays the Review Returns page, listing all returns that tax preparers have marked for review. The Quality Reviewer can select returns to review, and then mark the return as Approved or Rejected.

After selecting Start New 20XX Tax Return, you can select a client profile. Each profile will send you to appropriate data input screens for that kind of taxpayer, e.g., working family with kids, retired with investments, retired without investments.

Navigating Hints
• Type dates without leading zeros and tab between fields rather than using the pull down menu.
• Form Search Box: Open forms to TaxSlayer entry screens by entering the form number or keyword in the form search box.
• 1040 View: From the Summary/Print page, click on any blue line item to go to that entry screen.

Make Internal Note: To make a note that will not be transmitted to the IRS but will stay with the file, select the pulldown arrow to the right of the taxpayer’s name in top right corner and select Notes. Then give the note a name and enter details. This note will be attached to the page where you created it and it will also be accessible from the Client Search List.

Viewing individual schedules and forms: If a print icon appears beside the form name in any menu click on it to create a PDF of just that form or schedule. In addition, there is a print icon for the state return if you want to preview it.

State Section

Since the IRS cannot train volunteers to prepare state and local tax returns, partners are responsible for scheduling appropriate state and local tax training for volunteers wherever this service will be voluntarily offered.

The State of Residency will auto-fill when the Zip Code is entered in the Basic Information section. The State of Residency can be changed manually in the Basic Information section after the state has auto-filled. If you don’t have a state return, you can select Continue or use any of the navigation options on the left side of your screen.

The following states don’t have a general state income tax return: Alaska, Florida, Nevada, New Hampshire, South Dakota, Tennessee, Texas, Washington and Wyoming. Tennessee and New Hampshire levies a tax on interest and dividend income.

For Military certification, refer to the note in Tab B, Starting a Return, Entering Basic Information regarding the Military Spouses Residency Relief Act (MSRRA).

Additional states can be added to the return file at the Add Another State Return link in the State Return home page. Choose a state from the pick list or by selecting the state on the United States map and select Continue. Select the taxpayer’s state residency type. The residency types for most states are resident, part year resident and nonresident. Select Continue.

To delete a state return, select State Section from the left side of your screen. Select the delete icon next to the state that you would like to delete.

Summary/Print Page

The Calculation Summary screen is an overview of each section of the tax return. Select the show details link located next to each item to view a breakdown of what items are included in the tax return. You can view and/or edit each item of income, adjustments, tax, payments, etc., by selecting the link from the expanded list. You can toggle between the Summary View or the 1040 View, which allows you to link from most of the line items on the Form 1040. The prior year comparison option will contain return data if a prior year return was completed through the software.

Select View/Print Return to create a PDF of the return that can be printed or reviewed.

Information for Assisting People with Disabilities

There are many misconceptions about interacting with people with disabilities. Publication 5192, Ten Key Points of Communicating with People with Disabilities, covers the 10 core disability etiquette points that volunteers should be aware of when working with this group.

Serving Taxpayers Who Are Deaf or Hard of Hearing

Taxpayers who are deaf or hard of hearing have varying ranges of language skills and abilities. Some can communicate verbally with you, while others cannot. Some can read lips, and some communicate with English Exact Sign which is a method of sign language that mimics the English language precisely as it is spoken. However, most taxpayers who are deaf or hard of hearing communicate with American Sign Language (ASL). Publication 5231, Key Points for Communicating with People who are Deaf or Hard of Hearing, provides helpful points of etiquette for volunteers serving this group at the VITA/TCE sites.

Veterans Crisis Line

The Veterans Crisis Line connects Veterans in crisis and their families and friends with qualified, caring Department of Veterans Affairs responders through a confidential toll-free hotline, online chat, or text. Veterans and their loved ones can call 1-800-273-8255 and Press 1, chat online, or send a text message to 838255 to receive confidential support 24 hours a day, 7 days a week, 365 days a year. Support for individuals who are deaf and hard of hearing is available TTY 1-800-799-4889.

IRS Taxpayer Assistance Center - Appointment Service

The IRS requires appointments at Taxpayer Assistance Center (TAC) locations throughout the United States. Taxpayers will call a new toll-free number to make an appointment for face-to-face service. Taxpayers requiring an appointment at a TAC location should call 1-844-545-5640.

The IRS also provides Virtual Tax Services at various locations that do not have a TAC. With this model, taxpayers sit at a designated workstation and are assisted by an IRS employee who appears on screen and is located in a remote office.
### Identity Theft Job Aid for Volunteers

Being sensitive towards victims of identity theft is critical to assisting taxpayers through a confusing and frustrating situation. Remember victims of identity theft are:

- Victimized by identity thieves, mostly through no fault of their own, and
- Trying to comply with tax laws, file a tax return and pay their fair share of taxes

Every December, the IRS mails Notice CP01A to taxpayers previously identified as identity theft victims. The notice includes a 6-digit Identity Protection Personal Identification Number (IP PIN) to be entered on the tax return. Taxpayers are mailed Notice CP01A every year as long as the identity theft indicator remains on their account (usually 3 years). **Use the most recent IP PIN regardless of the tax year.**

Use the chart below when assisting taxpayers who are victims or may be victims of identity theft at VITA/TCE site.

2. Provide the taxpayer with a complete copy of the tax return. (Provide two copies - one copy to keep for their records and the other copy if the taxpayer will mail the tax return.)  
3. Refer to Lost, Misplaced or Non-Receipt of IP PIN on the following page.  
4. If the taxpayer wants to e-file, arrange for the taxpayer to provide the IP PIN by returning to the site or via telephone. |
| Taxpayer received an IP PIN but misplaced or lost it | 1. Complete a tax return for the taxpayer.

2. Provide the taxpayer with two complete copies of the tax return.  
3. If the taxpayer receives the original or a reissued IP PIN and the taxpayer wants to e-file, advise the taxpayer to provide the IP PIN by returning to the site or via telephone.  
4. If IRS doesn’t provide the IP PIN, advise the taxpayer to follow IRS instructions in mailing the tax return. There may be processing delays as IRS verifies the taxpayer’s identity. |
| IRS rejected the taxpayer’s tax return because the taxpayer’s primary/secondary/dependent SSN was previously used. | 1. Advise the taxpayer to contact the IRS for assistance. If required, they will advise the taxpayer to complete Form 14039, Identity Theft Affidavit, and to mail it with their tax return to the IRS. Taxpayers can electronically complete and submit Form 14039 on the Federal Trade Commission (FTC) web portal. The IRS will respond in approximately 30 days after all the necessary information is received.  
2. Provide the taxpayers two copies of their tax return. One copy for the taxpayer to keep for their records and the other copy to mail. |
Lost, Misplaced or Non-Receipt of IP PIN

If a taxpayer didn’t receive his/her new IP PIN or the taxpayer misplaced it, the taxpayer has two options:

1. Register and create a user profile to get his/her current IP PIN. The registration process will require the taxpayer to provide specific personal information and answer a series of questions to validate his/her identity. Use key words “IP PIN” in the search window on the IRS website to access the Retrieve Your Identity Protection PIN (IP PIN) application.

2. Contact IRS at 1-800-908-4490 to request his/her IP PIN to be reissued by mail if the taxpayer is unable or unwilling to create an account on the IRS website.

The taxpayer will need to mail a paper tax return without the IP PIN if either of the following situations apply:

- The taxpayer has moved since January 1 of this year, or
- It’s after October 14 and the taxpayer hasn’t filed his/her current or prior year tax return.

IRS will review the return to confirm the taxpayer’s identity which may delay a refund.

**TaxSlayer Navigation:** Miscellaneous Forms > IRS Identification PIN; or Keyword “PIN”

To enter a taxpayer’s IP PIN in the tax software, select **Miscellaneous Forms** under the Federal Section on the left navigation bar and then select IRS Identification PIN and complete the screen as shown.

**IRS Identity Protection PIN**

Enter an Identity Protection PIN for each person who received one from the IRS. Leave fields blank for individuals who did not receive a PIN from the IRS.

Spouse Carolina (XXX-XX-6666)

[Recover a lost Identity Protection PIN]
Taxpayers normally ask questions during the interview process about the topics covered in this section. Visit the IRS.gov website, or see Publication 17 for additional topics and information.

**Installment Payment**
Publication 594, The IRS Collection Process, explains taxpayers’ rights and responsibilities regarding payment of federal taxes.

**Copies of Prior-Years’ Returns**
For transcripts, taxpayers can go to the IRS website, Keyword “Transcript”, register, and secure transcripts online if they have email and can comply with enhanced verification. Taxpayers can also request transcripts to be mailed to the address on file which takes 5 to 10 calendar days for delivery. In addition, taxpayers can request a transcript via Form 4506-T, Request for Transcript of Tax Return, or by calling 1-800-908-9946.

If an actual copy is needed, taxpayer should complete Form 4506, Request for Copy of Tax Return, and mail it with the required fee to the IRS campus where the return was filed.

**Amended Returns (See Tab M, Other Returns)**
Form 1040-X, Amended U.S. Individual Income Tax Return, should be used by taxpayers to amend their return. Many mistakes are corrected in processing by the IRS, and a letter of explanation is mailed at the time an error is identified or when a refund is issued. In these cases, taxpayers aren’t required to file an amended return as the corrections have already been made.

Preparation of amended returns has expanded in the VITA/TCE programs. Sites can choose to file amended returns even if they didn’t prepare the original return. See Tab M, Other Returns for additional information on preparing amended returns.

**Taxpayer Address Changes**
Taxpayers should use Form 8822, Change of Address, to notify the IRS of any change of address. If taxpayers move after filing the return and before a refund is received, they should notify their old post office and the IRS of their new address.

**Recordkeeping**
Taxpayers should keep their tax documents until the statute of limitations runs out for the return. Usually, this is three years from the date the return was due or filed, or two years from the date the tax was paid, whichever is later. Refer taxpayers to Publication 17, Filing Information section, or IRS.gov – keyword: Recordkeeping.

**FREE Tax Preparation Locations**
Consult your Site Coordinator for information about the location of other VITA/TCE sites in your area. Taxpayers may go to irs.gov and search “free tax help,” download the IRS mobile app IRS2Go, or call 1-800-906-9887 or visit AARP’s website - keyword: Tax-Aide or call 1-888-227-7669 for this information. Taxpayers may also visit https://irs.treasury.gov/freetaxprep/ to search for site locations.

**Problems Navigating the IRS**
Taxpayer Advocate Service (TAS) has offices in every state, the District of Columbia, and Puerto Rico. Your local advocate’s number is at http://www.taxpayeradvocate.irs.gov, and in your local directory. You can also call 1-877-777-4778.

See Publication 1546, Taxpayer Advocate Service - We Are Here to Help You, for details on what TAS provides.

**Refund Information**
Taxpayers should be directed to the IRS.gov website to obtain information about their refund. Specific information is available by clicking on Refund Status, then “Where’s My Refund?”

**Innocent Spouse Relief**
Taxpayers who file a joint tax return are jointly and individually responsible for the tax and any interest or penalty due on the joint return even if they later divorce. In some cases, a spouse (or former spouse) will be relieved of the tax, interest, and penalties on a joint tax return. Spousal relief is granted in certain situations when a taxpayer can prove he/she isn’t liable for amounts due in joint filing situations.

Taxpayers should see Publication 971, Innocent Spouse Relief, which explains the types of relief, who may qualify for them, and how to get them. Married persons who didn’t file joint returns, but who live in community property states, may also qualify for relief. (Out of Scope)

**Injured Spouse Relief**
An injured spouse claim is different from an innocent spouse relief request. An injured spouse can request the division of tax overpayment attributed to each spouse. The injured spouse must file Form 8379, Injured Spouse Allocation, to request his or her portion of a joint refund.

**Married Filing Separately**
Unless required to file separately, married taxpayers may want their tax figured on a joint return and on separate returns, to make sure they are receiving the most advantageous filing status. Filing separately may be advantageous for some taxpayers in certain situations, however, most married taxpayers would pay more combined tax on separate returns than they would on a joint return. See Publication 17, Your Federal Income Tax for Individuals, Filing Status section, for Special Rules (which outlines the disadvantages). Taxpayers who filed a Married Filing Jointly return cannot amend their return to change to Married Filing Separately after the due date of the return. There is an exception for deceased taxpayers.

**Social Security Numbers and Account Information**
Social Security Administration no longer issues Social Security Number verification printouts in their field offices. Taxpayers may get this information using the my Social Security Account feature on the Social Security Administration website. Local Social Security offices will continue to provide benefit verification letters.

Volunteers should enter names into the tax software as they appear in SSA records in order to minimize rejected returns.

**Hardship Refund Request**
A taxpayer’s tax refund will be offset (intercepted) to pay outstanding federal tax debts, child support, federal nontax debts, state income tax debts, and unemployment compensation debts. When a tax refund is offset, the taxpayer will receive a letter explaining how the refund was applied to his or her outstanding debt.

If a taxpayer would face a hardship from a tax refund offset and has only outstanding federal tax debts, he or she can request an Offset Bypass Refund (OBR) from the IRS. Refer the taxpayer to the Taxpayer Advocate Service (TAS) to see if they meet TAS case acceptance criteria. The OBR typically should be requested before the return is filed because the OBR must be approved before the refund is offset.

Requests for hardship relief from other debts must be made to the agency to which the debt is owed. The Treasury Offset Program (TOP) can confirm whether a tax refund will offset for these other debts and provide details about the debt and a contact phone number for the agency to which the debt is owed. The TOP Call Center can be reached weekdays at 1-800-304-3107, TTD 800-877-8339, between 8:30 a.m. and 6 p.m. Eastern Time.
Where to File

**Where Do You File?**
Mail your return to the address shown below that applies to you.

**Envelopes without enough postage will be returned to you by the post office. Your envelope may need additional postage if it contains more than five pages or is oversized (for example, it is over 1/4" thick). Also, include your complete return address.**

**Make the check or money order payable to “United States Treasury.” Taxpayers should write “2019 Form 1040” and the first name listed on the tax return (primary taxpayer), address, daytime phone number, and primary taxpayer’s Social Security number (SSN) on their payment and attach Form 1040-V.**

Interactive Tax Assistant (ITA)

The ITA tool is a tax law resource that takes you through a series of questions and provides you with responses to tax law questions on a limited number of topics. Enter “ITA” into the Search feature on the IRS website.

- Simply answer the questions and select Continue to progress to the next question screen.
- You may need to collect information before the interview such as income amounts, taxes owed and credits you are claiming.
- The tool includes a crossover feature that allows you to move from certain tax topics to another without needing to enter the same answers multiple times. The Review/Start Over buttons allows you to adjust responses to previously asked questions.
- When you reach the response screen, you have the option to print the entire interview and the final response.

ITA Topics by Category

Premium Tax Credit, Affordable Care Act (Health Care), Filing Requirement, Form to Use, Due Date, Filing Status, Dependents and Exemptions, Retirement: Pensions, IRAs, Social Security, Other Income, Deductions, Itemized Deductions, Credits, and Additional Topics (ITINs, Injured Spouse Claims, Cancellation of Debt on a Personal Residence, and Estimated Tax Payments)

Contingency Plans for Continuing VITA/TCE Return Preparation Operations
(During Unexpected Circumstances)

In the event that the following situations occur:

• Software system outages
• The Site’s internet or equipment isn’t operating
• A Quality Reviewer isn’t available (see Quality Review Only Using the Virtual Model, below)

Partners may, at their discretion, choose among the following pre-approved options to continue preparing tax returns in lieu of closing the site for the day:

• Temporary Virtual VITA/TCE Process (explained below).
• TaxSlayer® ProWeb Alternative Preparation Solution* using TaxSlayer® Pro Desktop.
• Offer Facilitated Self Assisted** (FSA) services, if available. Options include TaxSlayer FSA and VITA Free File.

*This option should be established during the Pre-Planning Phase of site operations. Refer to Contingency Plan Option, later in this tab.
**This option should be established during the Pre-Planning Phase of site operations. Refer to Publication 1084, Volunteer Site Coordinator Handbook, for more detailed information.

Temporary Virtual VITA/TCE Process

Secure Taxpayer Consent:

• The taxpayer must present proof of identity, which includes a photo identification for him/her and if applicable, their spouse.
• If the taxpayer agrees to use the virtual process for preparing their tax return, the volunteer will prepare Page 1 of the Form 14446, Virtual VITA/TCE Taxpayer Consent, and the taxpayer is required to complete Page 2. Taxpayer must answer “Yes” or “No” to the question regarding Request to Review your Tax Return for Accuracy.
• The taxpayer keeps Page 1 of the form, while the site maintains Page 2.
• The appropriate virtual method(s) and step-by-step procedures will be explained to the taxpayer and timeframes will be established for the taxpayer to return to the site and complete the process.

A secure process for authenticating both the taxpayer and the volunteer must be provided to the taxpayer in the event that additional information is required to complete the tax return. Please refer to Publication 4299, Privacy and Confidentiality-A Public Trust, for more information.

Intake/Interview:

The intake and interview process must be performed before the taxpayer leaves the site.

• IRS tax law certified volunteers must conduct the initial interview following all the steps outlined in Pub 5101, Intake/Interview & Quality Review Training.
• The volunteer will need to make notes on the Form 13614-C, Intake/Interview & Quality Review Sheet, indicating the appropriate filing status and qualified dependents.
• Eligibility determinations for deductions and credits will be made and documented on the Form 13614-C.
• All oral testimony must be thoroughly documented on the Form 13614-C for use during the return preparation at a later time.
• The verified SSNs and/or ITINs will need to be written on the Form 13614-C for all persons that will be included on the tax return.
• A telephone number where the taxpayer can be reached will be secured for use by the IRS tax law-certified volunteers. Refer to Publication 4299 for more information on establishing protocols to authenticate the identity of both the volunteer and the taxpayer.
• The taxpayer will leave their tax documents and the completed Form 13614-C for their tax return to be prepared once the software can be accessed and/or when a non-face-to-face quality review will be conducted.
• The taxpayer will be given a date/time to return to the site to participate in the quality review and/or sign the Form 8879, IRS e-file Signature Authorization, and secure a copy of their return. If a timeframe can’t be provided while the taxpayer is still onsite, the Site Coordinator will provide this information to the taxpayer as soon as a timeframe is available.
Contingency Plans for Continuing Site Operations (continued)

Quality Review Only Using the Virtual Model:
If the site is able to prepare the return using normal face-to-face procedures but the return isn’t able to be Quality Reviewed during the taxpayer’s visit:

- Follow all of the procedures in the Form 14446.
- Complete the tax return as normal.
- Explain that the taxpayer will be contacted by the Quality Reviewer.

Refer to Publication 4299 for more information.

For more detailed information on how to use a Virtual VITA/TCE process throughout the filing season refer to the Virtual VITA/TCE process located in Publications 1084, Volunteer Site Coordinator Handbook, and 4396-A, Partner Resource Guide.

The 100% Virtual VITA/TCE Site Process
The Virtual VITA/TCE model includes any site where face-to-face activities are not used during the tax return preparation process. This means the intake specialist, the interviewer, the return preparer and/or the quality reviewer are not face-to-face with the taxpayer.

For example, any of the following processes (alone or in combination) can be conducted virtually, resulting in the classification of the site as a 100% virtual process. This may include volunteers working with taxpayers from a site, home setting and/or location that has a secured password protected internet or wireless device meeting IRS security requirements.

Just like all VITA/TCE site operations across the county, they operate in various ways so the methods used will vary from site-to-site. However, the same quality site requirements and ethical standards must be followed and understood prior to operating either virtually or face-to-face. The following procedures provide a high-level overview of what could be seen at a 100% virtual site, however, again, the process order may be different. The following stages are used when operating a 100% Virtual VITA/TCE site, they include:

- Appointment Scheduling
- Intake
- Authentication
- Interview
- Return Preparation
- Quality Review
- Signing the Return
- Sharing the Completed Return
- E-file the Return

Virtual VITA/TCE Site Models can vary but could include the following stages:

**Appointment Scheduling Stage:** The taxpayer requests an appointment by making the requested contact by phone. The volunteer will provide the taxpayer with the virtual VITA/TCE process of how their return will be virtually prepared and the written procedures on Form 14446. A suggested script is recommended. The volunteers will provide the taxpayer with their name and the names of the: Site, Site Coordinator and Partner. They will also provide a site contact phone number and the site identification number (SIDN). They will also provide them with the next steps for how the appointment will be scheduled and the name of the certified volunteer that will be sending these documents. It’s a good idea to give the taxpayer a personal password or identifier that the volunteer preparer will use to validate their authentication.
Using a secured file sharing system that meets federal government requirements, a volunteer at the site will send the taxpayer(s) a list of required documents for the scheduled meeting. The following documents may be requested:

- A request to share taxpayer & spouse’s government issued identification
- A request to share social security numbers for everyone that qualified to be on the return
- Form 13614-C, Intake/Interview & Quality Review Sheet (to be fully completed),
- All tax documents
- A list of qualified deductions and expenses (if applicable)
- Form 14446, Virtual VITA/TCE Taxpayer Consent – to request approval of the alternative process (to be reviewed and signed by the taxpayer)
- IRC 7216 Paper Consents (if consents are required) – explaining how their return data may be shared (for review and signature approval)
- Bank Account information (can be shared at a later time)
- Civil Rights Requirements poster, Pub 4053, Your Civil Rights Are Protected – Explaining how to report non-compliant civil rights issues,
- Volunteer Complaint (VolTax) poster, Publication 4836 (EN-SP), VITA/TCE Free Tax Programs – Explaining how to report identified unethical processes.
- The taxpayer must be sent instructions on how to send these documents back to the site or to the assigned certified volunteer preparer.
- The taxpayer must be provided with next steps. If filing MFJ return, both spouses are required to attend the quality review session (maybe not at the same time), in order to complete the virtual return preparation process.

The taxpayer must use the same secured file sharing system by following the instructions to virtually send these documents back. Using technology, a federally approved virtual meeting system will be used to conduct the Intake and Interview process with the taxpayer virtually.

**Intake Process Stage:** Once these completed documents are received, the certified volunteer preparer will use a secured virtual video meeting application that requires a password and meeting identification number that allows the volunteer and the taxpayer(s) to see each other. The volunteer must identify themselves by wearing a name badge. They should provide the site’s name, contact phone number, SIDN and any personal password or identifier that was provided during the appointment scheduling.

**Authentication Stage:** Prior to initiating the interview process, the volunteer preparer must authenticate the identity of the taxpayer and applicable spouse by reviewing the government issued photo identification to ensure the photo matches the taxpayer. In addition, Social Security cards must be provided for the taxpayer, spouse and all dependents.

**Interview Stage:** The same certified volunteer preparer will review all received documents. This includes the completed Form 13614-C, signed consents, signed Form 14446, all tax documents, Photo ID, Social Security cards, last year’s return (if asked), Bank Account #(voided check) and all other required documents required to prepare the tax return. Note: Schedule C expenses must be itemized in advance. Some partners have a worksheet for this purpose. Prior to ending the interview make sure you have the taxpayer’s email and cell phone number contact information. The return preparation and quality review processes must be explained to the taxpayer(s) so they will know they will be contacted by another volunteer.

**Return Preparation Stage:** The same certified volunteer can prepare the tax return with or without the taxpayer. After finishing the tax return, the preparer must determine the assigned quality reviewer and notify them of the completed tax return and password or unique identifier. All documents must be forwarded to the assigned Quality Reviewer using the same federal approved file sharing system/application.

**Quality Review Stage:** Using technology, a different certified volunteer (other than the volunteer preparer) will meet with the taxpayer and spouse (if applicable) to perform the quality review. They must validate the identity of the taxpayer(s) by comparing their video meeting picture with their government issued photo ID. They must also provide the password or the unique identifier. The volunteer quality reviewer will validate the correct spelling of the names, taxpayer identification number (TIN), address, income, credits, withholding, refund and bank account information and any additional information listed on the tax return. This includes addressing any taxpayer questions.
Signing the Return (Form 8879) Stage: Using the file sharing system, the quality reviewer will send Form 8879, IRS e-file Signature Authorization, to the taxpayer for review and approval by signing the form electronically or with a hard signature. Once the 8879 is signed, the taxpayer will send it back using the secured file sharing system.

Sharing the Completed Return with Taxpayer Stage: After Form 8879 is signed by the taxpayer and their spouse (if applicable), the tax return can be shared with the taxpayer using the secured file sharing system for a final review. This includes validating the correct spelling of the names (common reject error), TIN, current address, income, credits, withholding, refund and bank account information.

E-Filing the Return Stage: After the taxpayer and their spouse (if applicable) gives verbal approval, the return can be e-filed.

As listed above there are two systems used during a 100% Remote VITA/TCE site. They include secured:

1. **File Sharing System** - to virtually send and share taxpayer tax return information (containing Personally Identifiable Information (PII)) between the taxpayer and the volunteer preparer/quality reviewer assigned to a VITA/TCE site. This system is required to protect taxpayer’s documents such as, Government issued ID, Social Security cards, completed tax returns, signed Form 8879, bank account numbers, names and addresses, etc.

2. **Video Meeting Systems** - virtual video meeting application or system used to conduct a meeting between the taxpayer(s) and certified volunteer preparer and/or quality reviewer. This is required to virtually authenticate the taxpayer’s identity by validating the ID with the video picture of the taxpayer. The meeting is also used to interview the taxpayer to determine qualified filing status, exemptions, income, deductions, etc. required to prepare an accurate tax return.

**System Security Requirements:**

**File Sharing Programs:**
- User authentication with password,
- 128-bit encryption,
- Audit trail capability,
- Delete all data when the return e-file is accepted.

**Video Conferencing Programs:**
- Volunteers prohibited from sharing taxpayer PII
- Taxpayer must consent to use the Video Conferencing to share their PII
- Consider Closed captioning or chat features to support hearing-impaired volunteers/taxpayers
- All taxpayer data must be encrypted
TaxSlayer® Pro Alternative Solution Contingency Plan

TaxSlayer offers the TaxSlayer® Pro Desktop application to prepare and e-file returns in the event that the TaxSlayer® Pro Online is unavailable. If that happens, you can use TaxSlayer Pro’s desktop application to prepare and e-file returns.

Download the TaxSlayer® Pro Desktop application in advance so that your site does not have any downtime. Do not install it on a network as a contingency plan. Instead, install on a stand-alone computer with an internet connection.

To download the desktop application, see Contingency Plan Option on the next page.

For a complete listing of contingency options, refer to IRS Publication 4396-A, Partner Resource Guide.

In order for the TaxSlayer® Pro Desktop contingency plan to work successfully, it is important to keep the designated computers updated with the latest desktop software versions. TaxSlayer® Pro Desktop automatically updates the first time you open it each day if the computer is connected to the internet. It is recommended that you do this daily or weekly.

If a software system outage necessitates the use of a temporary contingency plan, you can use the installed and updated version of TaxSlayer® Pro Desktop to complete any returns you need to prepare during the outage. Sites will be able to work the return completely from the desktop application, including e-filing and getting acknowledgments. The return will remain in the desktop application for the duration of the filing season.

Returns prepared using the desktop software during a contingency plan will be transmitted from the desktop software. Use the desktop software to retrieve any acknowledgement associated with the returns transmitted from the desktop software.

When TaxSlayer® Pro Online is available again, use it to prepare new returns and complete any returns you started previously in TaxSlayer® Pro Online.

You will have to run separate reports for these returns and manually add them to your online return count.
Contingency Plan Option

Contingency Plan – TaxSlayer Pro, also referred to as Desktop, should be utilized in the rare occasions where TaxSlayer® Pro Online is unavailable or the site loses internet for an extended period of time. The Desktop software should be downloaded and installed as part of pre-season preparation. Follow the instructions below to download the desktop software:

Access Springboard

The URL is [https://vita.taxslayerpro.com/](https://vita.taxslayerpro.com/)

From the Springboard, download the ProOnline User Guide for detailed contingency procedures.
Contingency Plan Option (continued)

To download the TaxSlayer Pro program from the internet, complete the following steps:
- Look for Other Options to the right of the screen
- Select Install 20XX TaxSlayer Pro Software
- Select Run
- Follow the on screen prompts to download and install the TaxSlayer Pro software

**Note:** Select Account History to access your EFIN/Office validation code that is required to be entered into the software during setup.

**Note:** If you are running anti-virus software or a firewall in the background, be sure that you select Allow, Permit, or Unblock if prompted to do so to allow the TaxSlayer Pro program files to download and install.

Install the software on a standalone computer with internet connection to be used in the event TaxSlayer® Pro Online is unavailable for an extended period of time.
Rejected Returns

The most common rejects involve errors in the taxpayer’s or dependent’s Social Security numbers (SSNs) and the Employer Identification Numbers (EINs) that appear on the Form W-2, Wage and Tax Statement, and Forms 1099. The IRS performs a name match on these numbers that can cause a return to be rejected. Typographical and other errors can often be easily resolved. The taxpayer may need to be contacted to determine the correct EIN or SSN and to verify the taxpayer’s last name. Neither the IRS nor TaxSlayer Pro can resolve these rejects.

Note: Each individual transmission of a tax return resulting in a reject is added to the total number of rejects for the site. Each individual rejection increases the overall rejection rate for the site.

Note: Refer to the TaxSlayer Validation Errors report to identify federal or state returns not accepted.

Adjusted Gross Income (AGI) – Total gross income minus specific deductions such as educator expenses, alimony income, and the Student Loan Interest Deduction.

Adjustments to Income – Adjustments such as educator expenses, penalty on early withdrawal of savings, and contributions to a traditional IRA, that are subtracted from total income on Form 1040, to establish the AGI.

Adopted child – An adopted child is treated the same as a natural child for the purposes of determining whether a person is related to you in any of these ways. For example, an adopted brother or sister is your brother or sister. An adopted child includes a child who was lawfully placed with a person for legal adoption.

Basis – The original cost of a capital asset.

Capital Gain or Loss – The difference between the basis of a capital asset and the amount received when it has been sold.

Custodial and Noncustodial Parent – The custodial parent is the parent with whom the child lived for the greater number of nights during the year. The other parent is the noncustodial parent. Dependents – Either a qualifying child or a qualifying relative of the taxpayer.

Direct Deposit – An electronic transfer of a refund into a taxpayer’s financial institution account.

Earned income – Any income received for work, such as wages or business/self-employment income.

Exempt Income – Nontaxable income that is generally not shown on the return and not included in the income tax computation. There are some instances when exempt income is shown on the return but not included in the income tax computation such as interest income produced from certain types of investments.

Exemption – The deduction for personal exemptions is suspended (reduced to $0) for tax years 2018 through 2025 by the Tax Cuts and Jobs Act. Although the exemption amount is zero, the ability to claim an exemption may make taxpayers eligible for other tax benefits.

Facilitated Self Assistance (FSA) – A method taxpayers can use to file their own return using a web-based tax preparation software program.

Foreign Earned Income Exclusion – Certain taxpayers can exclude income earned in, and while living in, foreign countries.

Foster Child – A foster child is an individual who is placed with you by an authorized placement agency or by judgement, decree, or other order of any court of competent jurisdiction.

Low Income Taxpayer Clinics (LITCs) - Assistance with Tax Problems

What are LITCs? LITCs are organizations that represent and advocate for taxpayers who have problems with the IRS. LITC tax professionals offer services for free or a small fee.

Who can receive LITC help? Taxpayers whose incomes are below a certain level may be eligible for assistance (generally not to exceed 250% of the federal poverty level). Up to 10% of the cases accepted by the LITC may include taxpayers who have income above 250% of poverty. For this reason, it is often best to refer a taxpayer and allow the clinic to make the eligibility determination.

What issues can LITCs help with? LITCs assist individual taxpayers with a variety of federal tax issues, e.g., making payment or helping request collection alternatives like currently not collectible or offer in compromise with the IRS for unpaid taxes, helping provide needed documentation to qualify for tax exemptions and credits such as the Earned Income Tax Credit, obtaining tax refunds that were stolen due to identity theft, and appealing IRS decisions. Individual taxpayers include self-employed taxpayers or individual tax debt even if it related to operation of a business. LITCs may also help with taxpayers who have both a federal tax dispute and related state and local tax disputes.

Where are LITCs located? To find the closest LITC or learn more about LITCs, visit https://www.taxpayeradvocate.irs.gov/litcmap or download IRS Publication 4134, Low Income Taxpayer Clinic List, at www.irs.gov

TAXPayers may also call 1-800-829-3676

Note: Your site can order printed copies of Publication 4134 to keep on hand and you can contact your local LITCs and request copies of their brochures or business cards.

Taxpayer Advocate Service is Here to Help You

What is the Taxpayer Advocate Service? The Taxpayer Advocate Service (TAS) is an independent organization within the Internal Revenue Service that helps taxpayers and protects taxpayer rights. Our job is to ensure that every taxpayer is treated fairly and that you know and understand your rights under the Taxpayer Bill of Rights.

What can TAS do for you? We can help you resolve problems that you can’t resolve with the IRS. And our service is free. If you qualify for our assistance, you will be assigned to one advocate who will work with you throughout the process and will do everything possible to resolve your issue. TAS can help you if:

- Your problem is causing financial difficulty for you, your family, or your business.
- You face (or your business is facing) an immediate threat of adverse action
- You’ve tried repeatedly to contact the IRS, but no one has responded, or the IRS hasn’t responded by the date promised.

How can you reach us? We have offices in every state, the District of Columbia, and Puerto Rico. Your local advocate’s number is at https://www.taxpayeradvocate.irs.gov, and in your local directory. You can also call us at 1-877-777-4778.

How can you learn about your taxpayer rights? The Taxpayer Bill of Rights describes ten basic rights that all taxpayers have when dealing with the IRS. Our Tax Toolkit at www.taxpayeradvocate.irs.gov can help you understand what these rights mean to you and how they apply. These are your rights. Know them. Use them.

How else does the Taxpayer Advocate Service help taxpayers? TAS works to resolve large-scale problems that affect many taxpayers. If you know of one of these broad issues, please report it to us at https://www.irs.gov/sams.
