

How to Pay Taxes with Cash at a Retail Partner

Follow these steps or go to [IRS.gov/paywithcash](https://www.irs.gov/paywithcash) to make a cash payment at a retail partner:

1

At least seven days prior to your tax payment due date, visit [IRS.gov/paywithcash](https://www.irs.gov/paywithcash) and follow the instructions to make a cash payment through [OfficialPayments.com/fed](https://www.officialpayments.com/fed) and PayNearMe.

2

You'll receive an email from Official Payments confirming your information. The IRS will then verify your information. The verification process may take two to three days.

3

After the IRS verifies your information, PayNearMe will send you an email with a link to your payment code, instructions and store locations. Either print the payment code or send it to your smartphone.

Final Step - Completing your payment

Go to one of the retail stores listed in the PayNearMe email and ask the clerk to scan or enter your payment code. You will receive a receipt from the store clerk after they accept your cash. This receipt is confirmation of your payment and should be kept for your records.
