Future Developments

For the latest information about developments related to Pub. 531, such as legislation enacted after this publication was published, go to IRS.gov/Pub531.

What's New

For 2019, the maximum wages and tips subject to social security tax is increased to $132,900. The social security tax rate an employee must pay on tips remains at 6.2% (0.062).

The Tax Withholding Estimator (IRS.gov/W4App) estimates the amount you should have withheld from your paycheck for federal income tax purposes. You can use the Tax Withholding Estimator instead of Pub. 505 or the worksheets included with Form W-4 or W-4P, to determine whether you need to have your withholding increased or decreased.

Reminder

**Additional Medicare Tax.** A 0.9% Additional Medicare Tax applies to Medicare wages, Railroad Retirement Tax Act (RRTA) compensation, and self-employment income that are more than:

- $125,000 if married filing separately,
- $250,000 if married filing jointly, or
- $200,000 for any other filing status.

An employer is required to withhold Additional Medicare Tax on any Medicare wages or RRTA compensation it pays to an employee in excess of $200,000 in a calendar year without regard to the employee’s filing status.

**Photographs of missing children.** The IRS is a proud partner with the National Center for Missing and Exploited Children. Photographs of missing children selected by the Center may appear in this publication on pages that would...
Keeping a Daily Tip Record

Why keep a daily tip record? You must keep a daily tip record so you can:

• Report your tips accurately to your employer,
• Report your tips accurately on your tax return, and
• Prove your tip income if your return is ever questioned.

How to keep a daily tip record? There are two ways to keep a daily tip record. You can either:

• Write information about your tips in a tip diary; or
• Keep copies of documents that show your tips, such as restaurant bills and credit or debit card charge slips.

You should keep your daily tip record with your tax or other personal records. You must keep your records for as long as they are important for administration of the federal tax law. For information on how long to keep records, see How Long To Keep Records in chapter 1 of Pub. 17, Your Federal Income Tax.

To help you keep a record or diary of your tips, you can use Form 4070-A, Employee's Daily Record of Tips. To get Form 4070-A, ask IRS or your employer for Pub. 1244, Employee's Daily Record of Tips and Report to Employer, which includes a 1-year supply of Form 4070-A. Pub. 1244 is also available at IRS.gov/Pub1244. Each day, write in the information asked for on the form. A filled-in Form 4070-A is shown on the following page.

In addition to the information asked for on Form 4070-A, you also need to keep a record of the date and value of any noncash tips you get, such as tickets, passes, or other items of value. Although you don't report these tips to your employer, you must report them on your tax return.

If you don't use Form 4070-A, start your records by writing your name, your employer's name, and the name of the business (if it's different from your employer's name). Then, each workday, write the date and the following information.

• Cash tips you get directly from customers or from other employees.
• Tips from credit and debit card charge customers that your employer pays you.
• The value of any noncash tips you get, such as tickets, passes, or other items of value.
• The amount of tips you paid out to other employees through tip pools or tip splitting, or other arrangements, and the names of the employees to whom you paid the tips.

### Electronic Tip Record

You can use an electronic system provided by your employer to record your daily tips. If you do, you must receive and keep a paper copy of this record.

### Service Charges

Don't write in your tip diary the amount of any service charge that your employer adds to a customer's bill and then pays to you and treats as wages. This is part of your wages, not a tip. The following factors determine if you have a tip or service charge.

- The payment is made free from compulsion.
- The customer has the right to determine the amount of payment.
- The payment isn't subject to negotiation or dictated by employer policy.

### Reporting Tips to Your Employer

**Why report tips to your employer?** You must report tips to your employer so that:

- Your employer can withhold federal income tax and social security, Medicare, Additional Medicare*, or railroad retirement taxes;
- Your employer can report the correct amount of your earnings to the Social Security Administration or Railroad Retirement Board (which affects your benefits when you retire or if you become disabled, or your family’s benefits if you die); and
- You can avoid the *penalty for not reporting tips* to your employer (explained later).

**What tips to report?** Report to your employer only cash, check, and debit and credit card tips you receive.

If your total tips for any 1 month from any one job are less than $20, don't report the tips for that month to that employer.

If you participate in a tip-splitting or tip-pooling arrangement, report only the tips you receive and retain. Don't report to your employer any portion of the tips you receive that you pass on to other employees. However, you must report tips you receive from other employees.

Don't report the value of any noncash tips, such as tickets or passes, to your employer. You don't pay social security, Medicare, Additional Medicare, or railroad retirement taxes on these tips.

---

*See Caution for Uncollected taxes, later.*
How to report. If your employer doesn't give you any other way to report your tips, you can use Form 4070, Employee's Report of Tips to Employer. Fill in the information asked for on the form, sign and date the form, and give it to your employer. A sample filled-in Form 4070 is shown above. To get a 1-year supply of the form, ask the IRS or your employer for Pub. 1244.

If you don't use Form 4070, give your employer a statement with the following information.

- Your name, address, and social security number.
- Your employer's name, address, and business name (if it's different from your employer's name).
- The month (or the dates of any shorter period) in which you received tips.
- The total tips required to be reported for that period.

You must sign and date the statement. Keep a copy with your tax or other personal records.

Your employer may require you to report your tips more than once a month. However, the statement can't cover a period of more than 1 calendar month.

Electronic tip statement. Your employer can have you furnish your tip statements electronically.

When to report. Give your report for each month to your employer by the 10th of the next month. If the 10th falls on a Saturday, Sunday, or legal holiday, give your employer the report by the next day that isn't a Saturday, Sunday, or legal holiday.

Example 2. You must report your tips received in September 2020 by October 13, 2020. October 10, 2020, is a Saturday. October 11, 2020, is a Sunday. October 12, 2020, is a legal holiday (Columbus Day). October 13, 2020, is the next day that isn't a Saturday, Sunday, or legal holiday.

Final report. If your employment ends during the month, you can report your tips when your employment ends.

Penalty for not reporting tips. If you don't report tips to your employer as required, you may be subject to a penalty equal to 50% of the social security, Medicare, Additional Medicare, or railroad retirement taxes you owe on the unreported tips. (For information about these taxes, see Reporting social security, Medicare, Additional Medicare, or railroad retirement taxes on tips not reported to your employer under Reporting Tips on Your Tax Return, later.) The penalty amount is in addition to the taxes you owe.

You can avoid this penalty if you can show reasonable cause for not reporting the tips to your employer. To do so, attach a statement to your return explaining why you didn't report them.

Giving your employer money for taxes. Your regular pay may not be enough for your employer to withhold all the taxes you owe on your regular pay plus your reported tips. If this happens, you can give your employer money until the close of the calendar year to pay the rest of the taxes.

If you don't give your employer enough money, your employer will apply your regular pay and any money you give to the taxes, in the following order.

1. All taxes on your regular pay.
2. Social security, Medicare, Additional Medicare, or railroad retirement taxes on your reported tips.
3. Federal, state, and local income taxes on your reported tips.

Any taxes that remain unpaid can be collected by your employer from your next paycheck. If withholding taxes remain uncollected at the end of the year, you may be subject to a penalty for underpayment of estimated taxes. See Pub. 505, Tax Withholding and Estimated Tax.

**Uncollected taxes.** You must report on your tax return any social security and Medicare taxes, or railroad retirement taxes that remained uncollected at the end of 2019. These uncollected taxes will be shown on your 2019 Form W-2. See Reporting uncollected social security, Medicare, Additional Medicare, or railroad retirement taxes on tips reported to your employer under Reporting Tips on Your Tax Return, later.

A 0.9% Additional Medicare Tax applies to Medicare wages, Railroad Retirement Tax Act (RRTA) compensation, and self-employment income that are more than:

- $125,000 if married filing separately,
- $250,000 if married jointly, or
- $200,000 for any other filing status.

An employer is required to withhold Additional Medicare Tax on any Medicare wages or RRTA compensation it pays to an employee in excess of $200,000 in a calendar year without regard to the employee’s filing status.

**Tip Rate Determination and Education Program**

Your employer may participate in the Tip Rate Determination and Education Program. The program was developed to help employees and employers understand and meet their tip reporting responsibilities.

There are two agreements under the program: the Tip Rate Determination Agreement (TRDA) and the Tip Reporting Alternative Commitment (TRAC).

Your employer can provide you with a copy of any applicable agreement. To find out more about these agreements, visit IRS.gov and enter “restaurant tip reporting” in the search box. You may also call 1-800-829-4933, visit IRS.gov/LocalContacts for the IRS Taxpayer Assistance Center in your area, or send an email to Tip.Program@IRS.gov and request information on this program.

**Reporting Tips on Your Tax Return**

**How to report tips.** Report your tips with your wages on Form 1040 or 1040-SR, line 1; Form 1040-NR, line 8; or Form 1040-NR-EZ, line 3.

**What tips to report.** Generally, you must report all tips you received in 2019 on your tax return including both cash and noncash tips. Any tips you reported to your employer as required in 2019 are included in the wages shown in box 1 of your Form W-2. Add to the amount in box 1 only the tips you didn’t report to your employer.

However, any tips you received in 2019 that you reported to your employer as required after 2019 but on or before January 10, 2019, aren’t included in the wages shown in box 1 of your 2019 Form W-2. Don’t include the amount of these tips on your 2019 tax return. Instead, include them on your 2020 tax return. Tips you received in 2018 that you reported to your employer as required after 2018 but on or before January 10, 2019, are included in the wages shown in box 1 of your 2019 Form W-2. Although these tips were received in 2018, you must report them on your 2019 tax return.

If you participate in a tip-splitting or tip-pooling arrangement, report only the tips you receive and retain. Don’t report on your income tax return any portion of the tips you receive that you pass on to other employees. However, you must report tips you receive from other employees.

If you received $20 or more in cash and charge tips in a month and didn’t report all of those tips to your employer, see Reporting social security, Medicare, Additional Medicare, or railroad retirement taxes on tips not reported to your employer, later.

If you didn’t keep a daily tip record as required and an amount is shown in box 8 of your Form W-2, see Allocated Tips, later.

If you kept a daily tip record and reported tips to your employer as required under the rules explained earlier, add the following tips to the amount in box 1 of your Form W-2.

- Cash and charge tips you received that totaled less than $20 for any month.
- The value of noncash tips, such as tickets, passes, or other items of value.

**Example.** Ben Smith began working at the Blue Ocean Restaurant (his only employer in 2019) on June 30 and received $10,000 in wages during the year. Ben kept a daily tip record showing that his tips for June were $18 and his tips for the rest of the year totaled $7,000. He wasn’t required to report his June tips to his employer, but he reported all of the rest of his tips to his employer as required.

Ben’s Form W-2 from Blue Ocean Restaurant shows $17,000 ($10,000 wages + $7,000 reported tips) in box 1.
Reporting social security, Medicare, Additional Medicare, or railroad retirement taxes on tips not reported to your employer. If you received $20 or more in cash and charge tips in a month from any one job and didn't report all of those tips to your employer, you must report the social security, Medicare, and Additional Medicare taxes on the unreported tips as additional tax on your return. To report these taxes, you must file Form 1040 or 1040-SR, Form 1040-NR, Form 1040-PR, or Form 1040-SS (not Form 1040-NR-EZ) even if you wouldn't otherwise have to file.

Use Form 4137, Social Security and Medicare Tax on Unreported Tip Income, to figure social security and Medicare taxes and/or Form 8959, Additional Medicare Tax, to figure Additional Medicare Tax. Enter the tax(es) on your return as instructed, and attach the completed Form 4137 and/or Form 8959 to your return.

If you're subject to the Railroad Retirement Tax Act, you can't use Form 4137 to pay railroad retirement tax on unreported tips. To get railroad retirement credit, you must report tips to your employer.

Reporting uncollected social security, Medicare, Additional Medicare, or railroad retirement taxes on tips reported to your employer. You may have uncollected taxes if your regular pay wasn't enough for your employer to withhold all the taxes you owe and you didn't give your employer enough money to pay the rest of the taxes. For more information, see Giving your employer money for taxes, under Reporting Tips to Your Employer, earlier.

If your employer couldn't collect all the social security and Medicare, and Additional Medicare taxes, or railroad retirement taxes you owe on tips reported for 2019, the uncollected taxes will be shown in box 12 of your Form W-2 (codes A and B). You must report these amounts as additional tax on your return.

If you worked in the U.S. possessions and received Form W-2AS, Form W-2CM, Form W-2GU, or Form W-2VI, any uncollected taxes on tips will be shown in box 12 with codes A and B. If you received Form 499R-2/W-2PR, any uncollected taxes will be shown in boxes 22 and 23. Unlike the uncollected portion of the regular (1.45%) Medicare tax, the uncollected Additional Medicare Tax isn't reported on Form W-2.

To report these uncollected taxes, you must file Form 1040-NR, Form 1040-PR, or Form 1040-SS (not Form 1040-NR-EZ) even if you wouldn't otherwise have to file. You can report these taxes on Schedule 2 (Form 1040 or 1040-SR) line 8c, or the corresponding line of Form 1040-NR, Form 1040-PR, or Form 1040-SS (not Form 1040-NR-EZ). See the instructions for these forms for exact reporting information.

Self-employed persons. If you receive tips as a self-employed person, you should report these tips as income on Schedule C. See Pub. 334, Tax Guide for Small Business, for more information on reporting business income.

Allocated Tips

If your employer allocated tips to you, they're shown separately in box 8 of your Form W-2. They're not included in box 1 with your wages and reported tips. If box 8 is blank, this discussion doesn't apply to you.

What are allocated tips? These are tips that your employer assigned to you in addition to the tips you reported to your employer for the year. Your employer will have done this only if:

- You worked in an establishment (restaurant, cocktail lounge, or similar business) that must allocate tips to employees, and
- The tips you reported to your employer were less than your share of 8% of food and drink sales.

No income, social security, Medicare, Additional Medicare, or railroad retirement taxes are withheld on allocated tips.

How were your allocated tips figured? The tips allocated to you are your share of an amount figured by subtracting the reported tips of all employees from 8% (or an approved lower rate) of food and drink sales (other than carryout sales and sales with a service charge of 10% or more). Your share of that amount was figured using either a method provided by an employer-employee agreement or a method provided by IRS regulations based on employees' sales or hours worked. For information about the exact allocation method used, ask your employer.

Must you report your allocated tips on your tax return? You must report tips you received in 2019 (including both cash and noncash tips) on your tax return as explained in What tips to report, earlier. Any tips you reported to your employer in 2019 as required (explained under Reporting Tips to Your Employer, earlier) are included in the wages shown in box 1 of your Form W-2. Add to the amount in box 1 only the tips you didn't report to your employer as required. This should include any allocated tips shown in box 8 on your Form(s) W-2, unless you have adequate records to show that you received less tips in the year than the allocated amount.

See What tips to report under Reporting Tips on Your Tax Return, and Keeping a Daily Tip Record, earlier.

How to report allocated tips? If you received any tips in 2019 that you didn’t report to your employer as required (including allocated tips that you are required to report on your tax return), add these tips to the amount in box 1 of your Form(s) W-2 and report this amount as wages on Form 1040 or 1040-SR, line 1; Form 1040-NR, line 8; or Form 1040-NR-EZ, line 3.

Because social security, Medicare, or Additional Medicare taxes weren't withheld from the allocated tips, you must report those taxes as additional tax on your return. Complete Form 4137 and include the allocated tips on line 1 of the form as provided in its instructions. See Reporting social security, Medicare, Additional Medicare, or
How to request an approved lower rate. Your employer can use a tip rate lower than 8% (but not lower than 2%) to figure allocated tips only if the IRS approves the lower rate. Either the employer or the employees can request approval of a lower rate by filing a petition with the IRS. The petition must include specific information about the establishment that will justify the lower rate. A user fee must be paid with the petition.

An employee petition can be filed only with the consent of a majority of the directly tipped employees (waiters, bartenders, and others who receive tips directly from customers). The petition must state the total number of directly tipped employees and the number of employees consenting to the petition. Employees filing the petition must promptly notify the employer, and the employer must promptly give the IRS a copy of all Forms 8027, Employer’s Annual Information Return of Tip Income and Allocated Tips, filed for the establishment for the previous 3 years.

For more information about how to file a petition and what information to include, see Allocation of Tips in the Instructions for Form 8027.

**Understanding an IRS notice or letter.** Go to [IRS.gov/Notices](https://www.irs.gov/notices) to find additional information about responding to an IRS notice or letter.

**Contacting your local IRS office.** Keep in mind, many questions can be answered on IRS.gov without visiting an IRS Tax Assistance Center (TAC). Go to [IRS.gov/LetUsHelp](https://www.irs.gov/letushelp) for the topics people ask about most. If you still need help, IRS TACs provide tax help when a tax issue can't be handled online or by phone. All TACs provide service by appointment so you'll know in advance that you can get the service you need without long wait times. Before you visit, go to [IRS.gov/TACLocator](https://www.irs.gov/taclocator) to find the nearest TAC, check hours, available services, and appointment options. Or, on the IRS2Go app, under the Stay Connected tab, choose the Contact Us option and click on “Local Offices.”

### The Taxpayer Advocate Service (TAS) Is Here To Help You

#### What Is TAS?

TAS is an **independent** organization within the IRS that helps taxpayers and protects taxpayer rights. Their job is to ensure that every taxpayer is treated fairly and that you know and understand your rights under the [Taxpayer Bill of Rights](https://www.irs.gov/help/advocate/taxpayer-bill-of-rights).

#### How Can You Learn About Your Taxpayer Rights?

The Taxpayer Bill of Rights describes 10 basic rights that all taxpayers have when dealing with the IRS. Go to [TaxpayerAdvocate.IRS.gov](https://www.taxpayeradvocate.irs.gov) to help you understand what these rights mean to you and how they apply. These are **your** rights. Know them. Use them.

#### What Can TAS Do For You?

TAS can help you resolve problems that you can't resolve with the IRS. And their service is free. If you qualify for their assistance, you will be assigned to one advocate who will work with you throughout the process and will do everything possible to resolve your issue. TAS can help you if:

- Your problem is causing financial difficulty for you, your family, or your business;
- You face (or your business is facing) an immediate threat of adverse action; or
- You've tried repeatedly to contact the IRS but no one has responded, or the IRS hasn't responded by the date promised.

#### How Can You Reach TAS?

TAS has offices **in every state, the District of Columbia, and Puerto Rico**. Your local advocate's number is in your local directory and at [TaxpayerAdvocate.IRS.gov/Contact-Us](https://www.taxpayeradvocate.irs.gov/contact-us). You can also call them at 877-777-4778.

#### How Else Does TAS Help Taxpayers?

TAS works to resolve large-scale problems that affect many taxpayers. If you know of one of these broad issues, please report it to them at [IRS.gov/SAMS](https://www.irs.gov/sams).

TAS also has a website, [Tax Reform Changes](https://www.irs.gov/tax-reform-changes), which shows you how the new tax law may change your future tax filings and helps you plan for these changes. The information is categorized by tax topic in the order of the IRS Form 1040 or 1040-SR. Go to [TaxChanges.us](https://www.taxchanges.us) for more information.
TAS for Tax Professionals

TAS can provide a variety of information for tax professionals, including tax law updates and guidance, TAS programs, and ways to let TAS know about systemic problems you've seen in your practice.

Low Income Taxpayer Clinics (LITCs)

LITCs are independent from the IRS. LITCs represent individuals whose income is below a certain level and need to resolve tax problems with the IRS, such as audits, appeals, and tax collection disputes. In addition, clinics can provide information about taxpayer rights and responsibilities in different languages for individuals who speak English as a second language. Services are offered for free or a small fee. To find a clinic near you, visit IRS.gov/LITC or see IRS Pub. 4134, Low Income Taxpayer Clinic List.
