Taking VITA/TCE Certification Tests

The test scenarios on VITA/TCE Central are the same as in the printed test booklet (Form 6744, VITA/TCE Volunteer Assistor's Test/Retest). Volunteers taking the test will be presented with the test from the 6744. If volunteers fail an exam, the retest will be presented on the second attempt.

Volunteers preparing tax returns must pass either the Basic or Advanced certification test. Note that Basic and Advanced are standalone certifications; it is not required to take the Basic exam if you wish to certify in Advanced. A minimum score of 80% is required to pass each certification test. After your Basic or Advanced certification, you can test for the optional Health Savings Account (HSA) certification. Only volunteers who have passed the Advanced exam may choose to test for the Military and International certifications. You are allowed two attempts to take each exam.

To take an exam:

- Click on the **tab** for the certification path you want to complete. All the exams available for each certification path will be listed under the corresponding tabs.

- In the Course Name column, click the link for your exam to open a description. Click **Launch** in the upper right corner of the description window to open the exam.
- If there is no Launch button, then you have not completed and passed the necessary prerequisite(s). For example, you cannot take the Basic or Advanced Exam before passing both the VSOC Exam and the Intake/Interview & Quality Review Exam. If you registered as a Site Coordinator, you must complete the Site Coordinator course before proceeding to the Basic or Advanced exam.
- After launching an exam, you'll get an introduction page to the exam, which has useful information and may have links to tax tables or course scenarios. Open these PDF documents if available and either leave them open on your computer for reference, or print them out.

- After reading the information on the introduction, click the **Start Assessment** button.
- To navigate within a certification test, use the simple controls available on each test screen.

- **Back:** Takes you to the previous screen or question
- **Next:** Takes you to the next screen or question
- **Skip:** Allows you to skip a question and come back to it later
- **First Skipped Question:** Returns to the first test question that you have not answered
- **Next Skipped Question:** Takes you to the next test question that you have not answered
- **Question Drop-down Menu:** Allows you to jump directly to any question, as listed under each scenario in the test

- You cannot use **Next** or **Back** without answering the question on the screen. If you want to skip the question temporarily and move to the next question, click the **Skip** button. If you want to return to the Scenario description, click on the Scenario listed on the **Question Drop-down Menu**.

- You may stop and close the test at any time and come back to finish.
- When you have reached the end of the exam, you'll see a **Review** screen, which is the last screen before you submit your answers.

TIP

For fill-in-the-blank questions:

- Enter numbers. Do not enter dollar signs, commas, periods, or decimal points. For example, for “nineteen thousand dollars” enter: 19000
- Enter negative numbers using the minus sign on your keyboard.
- Round decimals up or down to the nearest whole number.

- This Review screen summarizes all the questions and your selected answers and alerts you if you have any unanswered questions. You may return to any question to change your answer if desired before you submit your test for scoring; simply click on the desired question from the **Question Drop-down Menu** at the bottom of the page, or use the **Back** button.
- When you are satisfied with your answers, click the **Submit** button in the Review screen at the bottom of the page to score your test.

TIP

For iPad or tablet users:
 If the certification test window does not have a scroll bar and you cannot submit your test, close the window. Then, click the “In progress” link in the Pass/Fail column for that particular test. This reopens the test in a new window. Navigate to the final Review screen where you can click Submit.

- After clicking Submit, the **Certification Test Results** screen will be displayed. On this screen, you can view:
 - Your total score for the exam (at the bottom of the screen).
 - The result for each question.
 - Feedback for incorrect questions, along with links to the Link & Learn Taxes lesson with the information needed to answer the test question. This is your personalized review lesson; use these links to study specific content as needed.
- Close the assessment window by clicking on the X in the upper right corner. VITA/TCE Central updates immediately to show you your score and whether you passed or failed the exam. A passing score allows you to print a certificate for that exam. Your online Form 13615 is also updated automatically.
- If you do not pass the test the first time, you may review the course material and then take the retest. You are allowed only two attempts to pass any test. Tests cannot be reset after failed attempts.
