Statistics of Income Program Documentation

Data Items by Forms and Schedules

2023

Preface

This publication contains the federal tax forms, schedules, and information documents that the Statistics of Income (SOI) Division of the IRS has selected for its tax year (TY) 2023 programs. Because some studies abstract information from the same forms and schedules, some forms and schedules are repeated in several sections of this document. Specific changes to the forms and schedules that occurred since the TY 2022 studies are highlighted in the different sections. Draft copies or copies from earlier tax years are included if TY 2023 forms and schedules were not yet available. The particular data items captured for each SOI project are indicated with a red block (■) on facsimiles of the forms and schedules. This volume is organized in two parts:

- **Individual and Tax Exempt Branch** studies include data related to the *U.S. Individual Income Tax Return* (Form 1040) series, as well as data on sales of capital assets and an extensive program that connects income tax returns with information documents filed by third parties. The studies also include data collected for estate and gift taxes, tax-exempt organizations, and tax-exempt bonds.
- **Corporation, Partnership, and International Branch** studies focus on data collected from the *U.S. Corporation Income Tax Return* (Form 1120) series, SOI's Partnership program, as well as information collected from international filers.

Each tax form included in the SOI program is represented in this volume. Due to resource constraints, data from certain forms and schedules are collected periodically, rather than annually. For this reason, the contents of this document will vary somewhat from year to year. The information collected for each SOI project is developed in close collaboration with data users both inside and outside of the government. Most SOI programs are based on stratified samples of returns for which data are collected prior to IRS audits; therefore, the data represent information as originally reported by taxpayers.

Returns for the most recent tax year available are filed primarily during the prior calendar year, although returns for fiscal-year filers or filers for whom filing extensions have been granted may not be received by the IRS until the following calendar year. Consequently, data collected by SOI for a specific tax year will generally be made available to the public, in the form of tables and summary analyses, during the following two calendar years.

General Instructions**Future Developments**

For the latest information about developments related to Form 4137 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form4137.

What's New

For 2023, the maximum wages and tips subject to social security tax increases to \$160,200. The social security tax rate an employee must pay on tips remains at 6.2%.

Reminder

A 0.9% Additional Medicare Tax applies to Medicare wages, Railroad Retirement Tax Act (RRTA) compensation, and self-employment income over a threshold amount based on your filing status. Use Form 8959, Additional Medicare Tax, to figure this tax. See the Instructions for Form 8959 for more information on the Additional Medicare Tax.

Purpose of form. Use Form 4137 **only** to figure the social security and Medicare tax owed on tips you didn't report to your employer, including any allocated tips shown on your Form(s) W-2 that you must report as income. You must also report the income on Form 1040, 1040-SR, or 1040-NR, line 1c. By filing this form, your social security and Medicare tips will be credited to your social security record (used to figure your benefits). Don't use Form 4137 as a substitute Form W-2.

CAUTION If you believe you're an employee and you received Form 1099-MISC, Miscellaneous Information, or Form 1099-NEC, Nonemployee Compensation, instead of Form W-2, Wage and Tax Statement, because your employer didn't consider you an employee, don't use this form to report the social security and Medicare tax on that income. Instead, use Form 8919, Uncollected Social Security and Medicare Tax on Wages.

Who must file. You must file Form 4137 if you received cash and charge tips of \$20 or more in a calendar month and didn't report all of those tips to your employer. You must also file Form 4137 if your Form(s) W-2, box 8, shows allocated tips that you must report as income.

General Instructions

What's New

Exemption deduction suspended. The deduction for personal exemptions is suspended for tax years 2018 through 2025 by the Tax Cuts and Jobs Act. Although the exemption amount is zero, eligibility to claim an exemption may make you eligible for other tax benefits. See Pub. 501 for details. Although taxpayers can't claim a deduction for exemptions, eligibility to claim an exemption for a child remains important for determining who may claim the child tax credit, the additional child tax credit, and the credit for other dependents, as well as other tax benefits. See the instructions and Pub. 501 for details.

Purpose of Form

If you are the custodial parent, you can use this form to do the following.

- Release a claim to exemption for your child so that the noncustodial parent can claim an exemption for the child and claim the child tax credit, the additional child tax credit, and the credit for other dependents (if applicable).
- Revoke a previous release of claim to exemption for your child.

Release of claim to exemption. Complete this form (or sign a similar statement containing the same information required by this form) and give it to the noncustodial parent. The noncustodial parent must attach this form or similar statement to his or her tax return each year the exemption is claimed. Use Part I to release a claim to the exemption for the current year. Use Part II if you choose to release a claim to exemption for any future year(s).

Note: If the decree or agreement went into effect after 1984 and before 2009, you can attach certain pages from the decree or agreement instead of Form 8332, provided that these pages are substantially similar to Form 8332. See *Post-1984 and pre-2009 decree or agreement* on page 2.

Revocation of release of claim to exemption. Use Part III to revoke a previous release of claim to an exemption. The revocation will be effective no earlier than the tax year following the year in which you provide the noncustodial parent with a copy of the revocation or make a reasonable effort to provide the noncustodial parent with a copy of the revocation. Therefore, if you revoked a release on Form 8332 and provided a copy of the form to the noncustodial parent in 2018, the earliest tax year the revocation

can be effective is 2019. You must attach a copy of the revocation to your tax return each year the exemption is claimed as a result of the revocation. You must also keep for your records a copy of the revocation and evidence of delivery of the notice to the noncustodial parent, or of reasonable efforts to provide actual notice.

Custodial Parent and Noncustodial Parent

The custodial parent is generally the parent with whom the child lived for the greater number of nights during the year. The noncustodial parent is the other parent. If the child was with each parent for an equal number of nights, the custodial parent is the parent with the higher adjusted gross income. For details and an exception for a parent who works at night, see Pub. 501.

Dependent Child

A dependent is either a qualifying child or a qualifying relative. See the instructions for your tax return for the definition of these terms. Generally, a child of divorced or separated parents will be a qualifying child of the custodial parent. However, if the special rule on page 2 applies, then the child will be treated as the qualifying child or qualifying

Future Developments

For the latest information about developments related to Form 8586 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8586.

What's New

Lines 5 and 7. We removed the column references in lines 5 and 7 to accommodate the Form 3800 redesign.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Use Form 8586 to claim the low-income housing credit. This general business credit is allowed for each new qualified low-income building placed in service after 1986. Generally, it is taken over a 10-year credit period.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Qualified Low-Income Housing Project

The credit cannot exceed the amount allocated to the building. See section 42(h)(1) for details.

The low-income housing credit can only be claimed for residential rental buildings in low-income housing projects that meet one of the minimum set-aside tests. For details, see the instructions for Form 8609, Part II, line 10c.

Except for buildings financed with certain tax-exempt bonds, you may not take a low-income housing credit on a building if it has not received an allocation from the housing credit agency. No allocation is needed when 50% or more of the aggregate basis of the building and the land on which the building is located is financed with certain tax-exempt bonds. The owner must still get a Form 8609 from the appropriate housing credit agency (with the applicable items completed, including an assigned BIN). "Land on which the building is located" includes only land that is functionally related and subordinate to the qualified low-income building. (See Regulations sections 1.103-8(a)(3) and 1.103-8(b)(4)(iii).)

Recapture of Credit

There is a 15-year compliance period during which the residential rental building must continue to meet certain requirements. If, as of the close of any tax year in this period, there is a reduction in the qualified basis of the building from the previous year, you may have to recapture a part of the credit you have taken. Similarly, you may have to recapture part of the credits taken in previous years upon certain dispositions of the building or interests therein, unless you follow the procedures to prevent recapture. See *Recapture and building dispositions* in the Instructions for Form 8609-A, Annual Statement for Low-Income Housing Credit, for details. If you must recapture credits, use Form 8611, Recapture of Low-Income Housing Credit. See section 42(j) for details.

Recordkeeping

Keep a copy of this Form 8586 **and** all Forms 8609, 8609-A, and 8611 for 3 years after the 15-year compliance period ends.

Specific Instructions

Line 2. A decrease in qualified basis will result in recapture if the qualified basis at the close of the tax year is less than the qualified basis at the close of the first year of the credit period.

If the reduction in qualified basis at the close of the tax year also results in a violation of the minimum set-aside requirement, then no credit is allowable for the year.

Line 3. The credit for the year is figured on Form 8609-A for each building. Attach a copy of each Form 8609-A you completed for the tax year to Form 8586. Enter on line 3 the total credit for attached Form(s) 8609-A.

Line 6. Estates or trusts. Allocate the low-income housing credit on line 5 between the estate or trust and the beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 6.

If the estate or trust is subject to the passive activity rules, include on line 4 any low-income housing credits from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form 8596 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8596.

Purpose of form. Section 6050M and Regulations section 1.6050M-1 require certain federal executive agencies to file a return to report information about persons with whom they have entered into contracts. If you are not filing electronically and you have not made the Federal Procurement Data Center (FPDC) election, explained later, use **Forms 8596 and 8596-A**, Quarterly Transmittal of Information Returns for Federal Contracts, to furnish the required information.

How to file. You may be required to electronically file (e-file) Form 8596 about reportable contracts for each quarter of the 1-year period. For information on filing electronically, see Pub. 1516, Specifications for Filing Form 8596, Information Return for Federal Contracts, Electronically. Go to www.irs.gov/InfoReturn for e-file options. Also, see part F in the current General Instructions for Certain Information Returns. You may file paper Forms 8596 and 8596-A if you expect to enter into fewer than 10 reportable contracts during a 1-year period.

The IRS encourages you to file electronically.

When to file. You must file Forms 8596 quarterly. The due dates for each quarter are shown below. Do not file before the end of the quarter.

Quarter	Due Date
January, February, March	April 30
April, May, June	July 31
July, August, September	October 31
October, November, December	January 31

If the regular due date falls on a Saturday, Sunday, or legal holiday, file by the next business day.

Where to file. File Forms 8596 and 8596-A with:

Internal Revenue Service
ATTN: 8596
Enterprise Computing Center at Martinsburg (IRS/ECC-MTB)
230 Murall Drive, P.O. Box 1359
Kearneysville, WV 25430

Who must file. The head of every federal executive agency or their delegate must file Forms 8596 and 8596-A to report federal contracts.

Federal executive agency. A federal executive agency is (a) any executive agency, as defined in 5 U.S.C. 105, other than the Government Accountability Office; (b) any military department, as defined in 5 U.S.C. 102; and (c) the United States Postal Service and the Postal Rate Commission.

Special rules. If a subcontract is entered into by the Small Business Administration (SBA) under a prime contract between the SBA and a procuring agency under section 8(a) of the Small Business Act, the procuring agency, not the SBA, must file Forms 8596 and 8596-A.

A Federal Supply Schedule Contract or an Automated Data Processing Schedule Contract entered into by the General Services Administration (GSA), or a schedule contract entered into by the Department of Veterans Affairs (VA) on behalf of one or more federal executive agencies, is not to be reported by the GSA or the VA at the time of execution. Rather, when a federal executive agency, including the GSA or the VA, places an order under a schedule contract, then the federal executive agency must file Forms 8596 and 8596-A.

FPDC election. In complying with the requirements of the Federal Procurement Data System, if you are required to submit to the FPDC the same contract information that is required by Forms 8596 and 8596-A, you may elect to have the FPDC file Forms 8596 and 8596-A on your behalf for contracts required to be reported to the FPDC. If you make the election, your agency must not file directly with the IRS to report those contracts required to be submitted to the FPDC. However, you must file with the IRS for any contracts that are required to be reported to the IRS but are not required to be submitted to the FPDC.

- The trust (or other property) is listed on Schedule A; and
- The value of the trust (or other property) is entered in whole or in part as a deduction on Schedule A, Part 4, line 4, then the donor shall be deemed to have made an election to have such trust (or other property) treated as qualified terminable interest property under section 2523(f).

What's New**Small business taxpayers.** For tax years beginning after December 31, 2017, the following apply.

- A small business taxpayer (defined below), may use a method of accounting for inventories that either: (1) treats inventories as nonincidental materials and supplies, or (2) conforms to the taxpayer's financial accounting treatment of inventories.
- A small business taxpayer is not required to capitalize costs under section 263A.

General Instructions**Purpose of Form**

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, or 1065, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of

merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. A small business taxpayer (defined below), can adopt or change its accounting method to account for inventories in the same manner as material and supplies that are non-incidental, or conform to its treatment of inventories in an applicable financial statement (as defined in section 451(b)(3)), or if it does not have an applicable financial statement, the method of accounting used in its books and records prepared in accordance with its accounting procedures. See section 471(c)(3).

A small business taxpayer claiming exemption from the requirement to keep inventories is changing its method of accounting for purposes of section 481. For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing to this method of accounting, see Form 3115 and the Instructions for Form 3115.

Small business taxpayer. A small business taxpayer is a taxpayer that (a) has average annual gross receipts of \$25 million or less (indexed for inflation) for the 3 prior tax years, and (b) is not a tax shelter (as defined in section 448(d)(3)). See Pub. 538.**Uniform capitalization rules.** The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer (defined above) is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Future Developments

For the latest information about developments related to Form 8586 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8586.

What's New

Lines 5 and 7. We removed the column references in lines 5 and 7 to accommodate the Form 3800 redesign.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Use Form 8586 to claim the low-income housing credit. This general business credit is allowed for each new qualified low-income building placed in service after 1986. Generally, it is taken over a 10-year credit period.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Qualified Low-Income Housing Project

The credit cannot exceed the amount allocated to the building. See section 42(h)(1) for details.

The low-income housing credit can only be claimed for residential rental buildings in low-income housing projects that meet one of the minimum set-aside tests. For details, see the instructions for Form 8609, Part II, line 10c.

Except for buildings financed with certain tax-exempt bonds, you may not take a low-income housing credit on a building if it has not received an allocation from the housing credit agency. No allocation is needed when 50% or more of the aggregate basis of the building and the land on which the building is located is financed with certain tax-exempt bonds. The owner must still get a Form 8609 from the appropriate housing credit agency (with the applicable items completed, including an assigned BIN). "Land on which the building is located" includes only land that is functionally related and subordinate to the qualified low-income building. (See Regulations sections 1.103-8(a)(3) and 1.103-8(b)(4)(iii).)

Recapture of Credit

There is a 15-year compliance period during which the residential rental building must continue to meet certain requirements. If, as of the close of any tax year in this period, there is a reduction in the qualified basis of the building from the previous year, you may have to recapture a part of the credit you have taken. Similarly, you may have to recapture part of the credits taken in previous years upon certain dispositions of the building or interests therein, unless you follow the procedures to prevent recapture. See *Recapture and building dispositions* in the Instructions for Form 8609-A, Annual Statement for Low-Income Housing Credit, for details. If you must recapture credits, use Form 8611, Recapture of Low-Income Housing Credit. See section 42(j) for details.

Recordkeeping

Keep a copy of this Form 8586 and all Forms 8609, 8609-A, and 8611 for 3 years after the 15-year compliance period ends.

Specific Instructions

Line 2. A decrease in qualified basis will result in recapture if the qualified basis at the close of the tax year is less than the qualified basis at the close of the first year of the credit period.

If the reduction in qualified basis at the close of the tax year also results in a violation of the minimum set-aside requirement, then no credit is allowable for the year.

Line 3. The credit for the year is figured on Form 8609-A for each building. Attach a copy of each Form 8609-A you completed for the tax year to Form 8586. Enter on line 3 the total credit for attached Form(s) 8609-A.

Line 6. Estates or trusts. Allocate the low-income housing credit on line 5 between the estate or trust and the beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 6.

If the estate or trust is subject to the passive activity rules, include on line 4 any low-income housing credits from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Future Developments

For the latest information about developments related to Form 8896 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8896.

Purpose of Form

Use Form 8896 to claim the low sulfur diesel fuel production credit.

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Partnerships, S corporations, and cooperatives must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, or cooperative. Instead, they can report this credit directly on line 1m in Part III of Form 3800, General Business Credit.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility; or
- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB#RP-2007-69.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Specific Instructions

Use lines 1 through 6 to figure any low sulfur diesel fuel production credit from your own trade or business.

Policyholders must also indicate whether a valid consent has been received from each covered employee, and the number of covered employees for which a valid consent has not been received.

See sections 101(j) and 6039I, and Notice 2009-48, 2009-24 I.R.B. 1085, for more information.

Definitions

Employer-owned life insurance

contract. For purposes of Form 8925, an insurance contract is an employer-owned life insurance contract if it is owned by a policyholder as defined below, and covers the life of the policyholder's employee(s) on the date the life insurance contract is issued. If you have master contracts, see section 101(j)(3) for additional information.

Policyholder. For purposes of Form 8925 and these instructions, a policyholder is an "applicable policyholder" as defined in section 101(j)(3)(B). Generally, a policyholder is the person who owns the employer-owned life insurance contract, and who is (a) engaged in a trade or business

that employs the person insured under the employer-owned life insurance contract and (b) the direct or indirect beneficiary of the employer-owned life insurance contract.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder

reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent.

The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.

What's New

Small business taxpayers. For tax years beginning after December 31, 2017, the following apply.

- A small business taxpayer (defined below), may use a method of accounting for inventories that either: (1) treats inventories as nonincidental materials and supplies, or (2) conforms to the taxpayer's financial accounting treatment of inventories.
- A small business taxpayer is not required to capitalize costs under section 263A.

General Instructions**Purpose of Form**

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, or 1065, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of

merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. A small business taxpayer (defined below), can adopt or change its accounting method to account for inventories in the same manner as material and supplies that are non-incidental, or conform to its treatment of inventories in an applicable financial statement (as defined in section 451(b)(3)), or if it does not have an applicable financial statement, the method of accounting used in its books and records prepared in accordance with its accounting procedures. See section 471(c)(3).

A small business taxpayer claiming exemption from the requirement to keep inventories is changing its method of accounting for purposes of section 481. For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing to this method of accounting, see Form 3115 and the Instructions for Form 3115.

Small business taxpayer. A small business taxpayer is a taxpayer that (a) has average annual gross receipts of \$25 million or less (indexed for inflation) for the 3 prior tax years, and (b) is not a tax shelter (as defined in section 448(d)(3)). See Pub. 538.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer (defined above) is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Use Form 8896 to claim the low sulfur diesel fuel production credit.

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Partnerships, S corporations, and cooperatives must file this form to claim the credit. All other taxpayers are not required to complete or file this form if their only source for this credit is a partnership, S corporation, or cooperative. Instead, they can report this credit directly on line 1m in Part III of Form 3800, General Business Credit.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility; or
- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB#RP-2007-69.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Definitions

Employer-owned life insurance

contract. For purposes of Form 8925, an insurance contract is an employer-owned life insurance contract if it is owned by a policyholder as defined below, and covers the life of the policyholder's employee(s) on the date the life insurance contract is issued. If you have master contracts, see section 101(j)(3) for additional information.

Policyholder. For purposes of Form 8925 and these instructions, a policyholder is an "applicable policyholder" as defined in section 101(j)(3)(B). Generally, a policyholder is the person who owns the employer-owned life insurance contract, and who is (a) engaged in a trade or business that employs the person insured under the employer-owned life insurance contract and (b) the direct or indirect beneficiary of the employer-owned life insurance contract.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent.

The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.

If the corporation claims a credit for any income taxes paid, accrued, or deemed paid during the tax year on combined foreign oil and gas income, the amount of such taxes eligible for credit may be reduced. See section 907(a) and Regulations section 1.907(a)-1 for details.

Method of Reporting

Report all amounts in U.S. dollars. If it is necessary to convert from foreign currency, attach a statement explaining how the rate was determined.

Specific Instructions

Codes at top of page 1. On line a, enter the same separate category code as that shown on the Form 1118 to which this Schedule I is attached. If applicable, on line b or c, enter the same country code as that shown on the Form 1118 to which this Schedule I is attached.

Part I

See section 907(c) and underlying regulations for rules on the income to include in Part I.

Note: Do not include any dividend or interest income that is passive income. See the Instructions for Form 1118 for the definition of passive income.

Column 1(a). For information pertaining to the entry of EINs and reference ID numbers, see *Identifying Numbers* in the separate instructions for Form 1118. For section 863(b) income, leave column 1(a) blank.

Column 1(b). Enter the two-letter codes (from the list at www.irs.gov/CountryCodes) of all foreign countries and U.S. possessions within which income is sourced and/or to which taxes were paid, accrued, or deemed paid. For section 863(b) income, enter "863(b)" instead of a two-letter code.

Column 2. Enter gross income from sources outside the United States and its possessions from the following.

- The extraction (by the corporation or any other person) of minerals from oil or gas wells located outside the United States and its possessions.
- The sale or exchange of assets used in the trade or business of extracting minerals from oil or gas wells located outside the United States and its possessions.

See section 907(c)(1).

Column 3. Enter gross income from sources outside the United States and its possessions from the following.

- The processing of minerals extracted (by the corporation or any other person) from oil or gas wells into their primary products.
- The transportation of such minerals or primary products.
- The distribution or sale of such minerals or primary products.

- The disposition of assets used in the trade or business described in the three previous bulleted items.

- The performance of any other related service.

See section 907(c)(2).

Column 4. Enter amounts taxable under section 951(a) or 951A (including section 78 gross-up) that are attributable to the controlled foreign corporation's combined foreign oil and gas income.

Column 5. Include the corporation's distributive share of partnership combined foreign oil and gas income. Include in column 5 interest income paid by a foreign corporation to the extent the category of income of such interest is determined under section 904(d)(3). Do not include interest income paid by a foreign subsidiary out of foreign oil and gas extraction income of the payor, even if it is not passive income.

See section 907(c)(3).

Columns 7 and 8. Enter the deductions allocated and apportioned to foreign oil and gas income in the separate category. See the regulations under section 861.

Column 10. For each country, subtract column 9 from column 6 and enter the result in column 10. When totaling the column 10 amounts, note that a taxable loss from a foreign country offsets taxable income from other countries.

Columns 11 and 12. Attach a schedule to show how the foreign taxes paid, accrued, or deemed paid with respect to combined foreign oil and gas income were figured.

Part II

Line 1. Enter the total from Part I, column 10, minus any recapture described in section 907(c)(4).

Line 2. At the time this schedule went to print, the highest rate of tax specified under section 11(b) was 21%.

Part III

Line 2. Enter the sum of any carryover of foreign oil and gas tax to the current year. Attach a schedule showing the computation in detail. Corporations are encouraged to attach a schedule that is similar to Schedule K (Form 1118), which is used to report a running balance of the corporation's section 904(c) carryovers. If this approach is taken, the amount to be entered on line 2 is the amount that corresponds to Schedule K (Form 1118), line 3, column (xiv). Please note that special rules apply to the carryback and carryover of foreign taxes paid or accrued on combined foreign oil and gas income and related taxes. For example, in applying foreign tax carryovers from prior tax years, in the case of any tax year that is an unused credit year (as defined in section 907(f)) under each of sections 907(f) and 904(c), the provisions of section 907(f) are to be applied before section 904(c). See section 907(f) and Regulations section 1.907(f)-1 for additional information.
