

Not required to file a tax return?

You may be eligible to receive money with these refundable tax credits, even if you aren't typically required to file a tax return.

To claim these refundable tax credits, you must file a tax return, even if you are otherwise not required to file. **IRS Free File** is available for eligible taxpayers to use until the October deadline.

CHILD TAX CREDIT

Individuals can claim the **Child Tax Credit** for each qualifying child under age 18 who has a Social Security number that is valid for employment in the United States.

Individuals qualify for the full amount of the 2021 Child Tax Credit for each qualifying child even if they owe no tax or had little or no income as long as they meet all eligibility factors.*

EARNED INCOME TAX CREDIT

Individuals may be eligible to claim the **Earned Income Tax Credit (EITC)** even if they aren't required to file an income tax return as long as they meet certain eligibility requirements.

The amount of your EITC will depend on your filing status, the number of qualifying children you have, if any, and the amount of your earned income.

RECOVERY REBATE CREDIT

The IRS has issued all **Economic Impact Payments**, and most eligible people already received these stimulus payments.

People who didn't receive a third Economic Impact Payment or got less than the full amount may be eligible to claim the **Recovery Rebate Credit** on their 2021 return.

*Special reminder:

Taxpayers will **reconcile** the advance Child Tax Credit payments they received between July and December 2021 with the Child Tax Credit they can claim on their 2021 tax returns. The advance Child Tax Credit payments apply only to tax year 2021.
