Background

The IRS is committed to servicing our multilingual customers by offering over-the-phone interpreter (OPI) services in LEP communities. OPI is a federally funded program.

OPI offers real-time interpretation services for several languages through virtual call centers, enabling around the clock service year-round. The OPI service is free and available to all VITA/TCE partners.

All employees/partners must complete the annual OPI training each year. Once the training is completed the OPI PIN is activated for use.

OPI service include all aspects of the SPEC Business Model

OPI services include all aspects of the SPEC business model. This consists of income tax return preparation, educational outreach, and financial education and asset building (FEAB) information. Examples include:

- Quality site reviews

- Field site visits

- Return reviews

- ITIN applications

- FEAB services

- Outreach and education

If partners want to use the OPI services for something other than return preparation, prior written authorization is required. To obtain approval, the request must be sent to the Relationship Manger and Area OPI/POC/SME.

OPI Visual Process

This is a visual of the OPI process. The site will need to have conference call abilities in order to use the OPI service. As you can see here, the volunteer will call the taxpayer. Once the taxpayer is connected with the volunteer, the volunteer then calls the OPI line. You will see in a couple of slides in detail how this will work.
