

Date of Approval: **September 09, 2022**

PIA ID Number: **6724**

SYSTEM DESCRIPTION

Enter the full name and acronym for the system, project, application and/or database.

Information Return Intake System Web Portal, IRIS Web Portal

Is this a new system?

Yes

What governance board or Executive Steering Committee (ESC) does this system report to? Full name and acronym.

This system responds to the Web Applications Governance Board; reporting to Strategic Development Executive Steering Committee ESC committee (SD-ESC).

Current ELC (Enterprise Life Cycle) Milestones:

Vision & Strategy/Milestone 0

Project Initiation/Milestone 1

Domain Architecture/Milestone 2

Preliminary Design/Milestone 3

Detailed Design/Milestone 4A

System Development/Milestone 4B

Is this a Federal Information Security Management Act (FISMA) reportable system?

Yes

GENERAL BUSINESS PURPOSE

What is the general business purpose of this system? Provide a clear, concise description of the system, application or database, the reason for the system, and the benefits to the IRS to use the information, and how the information will be used.

The Information Return Intake System Web Portal (IRIS) initiative is a congressional mandate under the "Taxpayer First Act Sec. 2102". This provision requires the IRS to provide a system that allows taxpayers to electronically file Family Forms 1099 by January 2023. IRIS Web Portal will provide taxpayers with IRS resources and guidance that allows

them to prepare, file, and distribute Family Forms 1099 as well as the ability to create and maintain tax records. The IRIS Web Portal is a cloud native web app that allows registered public users to prepare and submit 1099 forms to the IRS.

PII DETAILS

Does the system use, collect, receive, display, store, maintain, or disseminate IR Code 6103 taxpayer information: or any other type of Sensitive but Unclassified (SBU) information or PII such as information about IRS employees or outside stakeholders?

Yes

Does the system use, collect, receive, display, store, maintain, or disseminate Social Security Numbers (SSN's) or tax identification numbers (i.e., last 4 digits, etc.)?

Yes

What types of tax identification numbers (TIN) apply to this system?

Social Security Number (SSN)

List the approved Treasury uses of the SSN:

Interfaces with external entities that require the SSN

Legal/statutory basis (e.g., where collection is expressly required by statute)

Delivery of governmental benefits, privileges, and services

Explain why the authorized use(s) above support the new or continued use of SSNs (or tax identification numbers).

The IRIS Web Portal requires the use of Social Security Numbers or Employer Identification Numbers because no other identifier can be used to uniquely identify a taxpayer or an organization. SSNs are permissible from the Internal Revenue Code (IRS) 6109, which requires individual taxpayers to include their SSNs on their income tax returns. Based on taxpayer legislation, it requires the collection of PII such as SSN, EIN, and other taxpayer information. The TIN is required to process information returns on the 1099 forms that are submitted on the IRIS Portal.

Describe the planned mitigation strategy and forecasted implementation date to mitigate or eliminate the use of SSN's (or tax identification numbers).

The IRIS Web Portal processes information returns on Forms 1099. The 1099 forms contain TIN fields. There is currently not a way to eliminate the use of the social security number since it is required for tax reporting purposes. IRIS Web Portal is reporting this data element because it will now be captured.

Employer Identification Number

Does this system use, collect, receive, display, store, maintain or disseminate other (non-SSN) PII (i.e., names, addresses, etc.)?

Yes

Specify the PII Elements:

Name
Mailing Address
Phone Numbers
Internet Protocol Address (IP Address)
Medical Information
Vehicle Identifiers
Financial Account Numbers
Employment Information

Does this system use, collect, receive, display, store, maintain, or disseminate SBU information that is not PII?

No

Are there other types of SBU/PII used in the system?

Yes

Describe the other types of SBU/PII that are applicable to this system.

General financial information as required for completing information returns. The Transmitter Control Code (TCC) is an identifier that the IRS uses to distinguish different electronic filing companies.

Cite the authority for collecting SBU/PII (including SSN if relevant).

PII for federal tax administration is generally Internal Revenue Code Sections 6001, 6011, & 6012e(a)

SSN for tax returns and return information is Internal Revenue Code Section 6109

Has the authority been verified with the system owner?

Yes

BUSINESS NEEDS AND ACCURACY

Explain the detailed business needs and uses for the SBU/ PII, and how the SBU / PII is limited only to that which is relevant and necessary to meet the mission requirements of the system. If SSNs (or tax identification numbers) are used, explicitly explain why use of SSNs meets this criteria. Be specific.

SBU/PII information needs to be collected in order to generate a 1099 Form.

How is the SBU/PII verified for accuracy, timeliness, and completion?

IRIS Web Portal will encourage accurate, complete, and timely filing by implementing the Taxpayer First Act's Section 2102 mandate. The system will utilize the SADI solution for identifying proofing, authentication, and authorization to reduce the risk of bad actors deliberately filing inaccurate and incomplete Forms 1099. The system will provide helpful information and URLs to assist users with meeting their 1099 filing requirements and with 1099 form preparation. The system will apply pre-filing data checks so users can avoid formatting errors and other common error types.

PRIVACY ACT AND SYSTEM OF RECORDS

The Privacy Act requires Federal agencies that maintain a system of records to publish systems of records notices (SORNs) in the Federal Register for records from which information is retrieved by any personal identifier for an individual who is a US citizen, or an alien lawfully admitted for permanent residence. The Privacy Act also provides for criminal penalties for intentional noncompliance.

Does your application or this PCLIA system pertain to a group of any record from which information is retrieved by any personal identifier for an individual who is a US citizen, or an alien lawfully admitted for permanent residence? An identifier may be a symbol, voiceprint, SEID, or other personal identifier that is used to retrieve information.

Yes

Identify the Privacy Act SORN(s) that cover these records.

IRS 24.046 Customer Account Data Engine Business Master File

IRS 24.030 Customer Account Data Engine Individual Master File

IRS 22.062 Electronic Filing Records

RESPONSIBLE PARTIES

Identify the individuals for the following system roles:

Official Use Only

INCOMING PII INTERFACES

Does the system receive SBU/PII from other systems or agencies?

Yes

Does the system receive SBU/PII from IRS files and databases?

Yes

Enter the files and databases:

System Name: SADI
Current PCLIA: Yes
Approval Date: 3/14/2022
SA&A: Yes
ATO/IATO Date: 5/31/2022

System Name: ESAM
Current PCLIA: Yes
Approval Date: 11/6/2021
SA&A: No

Does the system receive SBU/PII from other federal agency or agencies?

No

Does the system receive SBU/PII from State or local agency (-ies)?

No

Does the system receive SBU/PII from other sources?

No

Does the system receive SBU/PII from Taxpayer forms?

Yes

Please identify the form number and name:

Form Number: 1099
Form Name: Form All Types

Form Number: 1096
Form Name: Form Equivalent

Form Number: 8809

Form Name: Form

Does the system receive SBU/PII from Employee forms (e.g., the I-9)?

No

DISSEMINATION OF PII

Does this system disseminate SBU/PII?

Yes

Does this system disseminate SBU/PII to other IRS Systems?

Yes

Identify the full name and acronym of the IRS system(s) that receive SBU/PII from this system.

System Name: IRIS Application Services

Current PCLIA: Yes

Approval Date: 5/20/2022

SA&A: No

Identify the authority.

Taxpayer First Act's Section 2102 Mandate

For what purpose?

Used to process information return.

Does this system disseminate SBU/PII to other Federal agencies?

No

Does this system disseminate SBU/PII to State and local agencies?

No

Does this system disseminate SBU/PII to IRS or Treasury contractors?

No

Does this system disseminate SBU/PII to other Sources?

No

PRIVACY SENSITIVE TECHNOLOGY

Does this system use social media channels?

No

Does this system use privacy-sensitive technologies such as mobile, global position system (GPS), biometrics, RFID, etc.?

No

Does the system use cloud computing?

Yes

Is the cloud service provider (CSP) Federal Risk and Authorization Management Program (FedRAMP) certified?

Yes

Date Certified.

6/21/2016

Please identify the ownership of the CSP data.

IRS

Does the CSP allow auditing?

Yes

Who audits the CSP Data?

IRS

What is the background check level required for CSP?

Moderate

Is there a breach/incident plan on file?

Yes

Privacy laws (including access and ownership) can differ in other countries. This cloud will be Continental US (CONUS) only for:

Storage
Transmission
Maintenance

Does this system/application interact with the public?

Yes

Was an electronic risk assessment (e-RA) conducted on the system/application?

Yes

When was the e-RA completed?

5/13/2022

What was the approved level of authentication?

Level 3: High confidence in the asserted identity's validity

INDIVIDUAL NOTICE AND CONSENT

Was/is notice provided to the individual prior to collection of information?

Yes

How is notice provided? Was the individual notified about the authority to collect the information, whether disclosure is mandatory or voluntary, the purpose for which the information will be used, with whom the information may be shared, and the effects on the individual, if any, if they decide not to provide all or any of the requested information?

The notice will be displayed on the UI prior to data collection.

Do individuals have the opportunity to decline from providing information and/or from consenting to particular uses of the information?

No

Why not?

IRIS Web Portal does not directly provide individuals the opportunity to decline from providing information and/ or from consenting to particular used of the information. Notice, consent, and due process are provided via the IRS systems and their related tax forms instructions, and pursuant to 5 USC.

How does the system or business process ensure 'due process' regarding information access, correction, and redress?

The IRIS Web Portal provides a correction mechanism for any transmitted data. Additionally, they can contact customer support if they want to dispute any data provided through the system.

INFORMATION PROTECTION

Identify the owner and operator of the system (could be IRS owned and operated; IRS owned, contractor operated; contractor owned and operated).

IRS Owned and Contractor Operated

The following people have access to the system with the specified rights:

IRS Employees

Users: Read Write

Managers: Read Write

System Administrators: Administrator

Developers: Administrator

IRS Contractor Employees

Contractor Users: Read Write

Contractor Managers: Read Write

Contractor System Administrators: Administrator

Contractor Developers: Administrator

How is access to SBU/PII determined and by whom?

Access to IRIS Portal is determined by the roles of the employees and maintained through BEARS (Business Entitlement Access Request System) formerly known as OL5081 (system access request), which is approved by managers and system administrators. Access is based on hierarchy roles and permissions.

RECORDS RETENTION SCHEDULE

Are these records covered under a General Records Schedule (GRS, IRS Document 12829), or has the National Archives and Records Administration (NARA) approved a Records Control Schedule (RCS, IRS Document 12990) for the retention and destruction of official agency records stored in this system?

Yes

How long are the records required to be held under the corresponding GRS or RCS, and how are they disposed of? In your response, please provide the GRS or RCS chapter number, the specific item number, and records series title.

All records housed in the IRIS Web Portal will be erased or purged from the system in accordance with approved retention periods. IRS Web Portal data retention is done in accordance with RCS item 29 and items 85, 87, 88, and 129 in addition to IRM 1.15.6 Managing Electronic Records. All records will be destroyed in accordance with the applicable Records Control Schedules. Audit Records are retained in accordance with GRS 3.2, item 030 and 031.

SA&A OR ASCA

Has the system been through SA&A (Security Assessment and Authorization) or ASCA (Annual Security Control Assessment)?

In-process

When is the anticipated date of the SA&A or ACS completion?

1/3/2023

Describe the system's audit trail.

The system will be using IEP audit trail. The IEP audit trail capability is documented in detail in the IRIS Web Portal/Employee Portal System Security Plan. This document and related security documents which contain IEP audit information are regularly updated and reviewed. Integrated Enterprise Portal (IEP) systems are connected to a centralized log management solution. Auditable events are transmitted via secured connections for real-time analysis of security alerts generated by network devices, hardware, and applications. Logs and alerts are analyzed, correlated, classified, and interpreted by security analysts. The collection and management of auditable data complies with IRS, Treasury and other federal requirements which require the following data elements to be audited.

PRIVACY TESTING

Does the system require a System Test Plan?

Yes

Is the test plan completed?

No

When is the test plan scheduled for completion?

11/1/2022

Describe what testing and validation activities have been conducted or are in progress to verify and validate that the applicable Privacy Requirements (listed in header) have been met?

Stored in internal team SharePoint site.

SBU DATA USE

Does this system use, or plan to use SBU Data in Testing?

No

NUMBER AND CATEGORY OF PII RECORDS

Identify the number of individual records in the system for each category:

IRS Employees: 50,000 to 100,000

Contractors: Not Applicable

Members of the Public: More than 1,000,000

Other: No

CIVIL LIBERTIES

Does the system maintain any information describing how any individual exercises their rights guaranteed by the First Amendment?

No

Is the system information used to conduct 'data-mining' as defined in the Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, Section 804?

No

Will this system have the capability to identify, locate, and monitor individuals or groups of people?

No

Does computer matching occur?

No

ACCOUNTING OF DISCLOSURES

Does the system include or require disclosure of tax or employee information to anyone other than IRS employees in the performance of their duties, or to the person to whom the information pertains or to a 3rd party pursuant to a Power of Attorney, tax, or Privacy Act consent?

No
