This system is used for the collection of unpaid tax bills on behalf of the IRS. Information stored and processed in this system will be used for that purpose. The primary business of CBE Group is debt recovery. They contact borrowers and collect on defaulted tax amounts. A Private Debt Collector, CBE Collections (PDC-CBE.CCS) provides a portfolio of debt collection functions to support CBE debt collection operations. This system includes both debt collections and debt accounting. PDC-CBE.CCS is a general purpose, multi-user system. A unique account identification number is assigned to all accounts and used for tracking purposes in place of the SSN. Phone associates will see a redacted version of the SSN while some administrative/clerical positions may have access to full SSNs as needed to perform their functions.
