GENERAL BUSINESS PURPOSE

What is the general business purpose of this Survey? Provide a clear, concise description of the Survey, the reason for the Survey, and the benefits to the IRS mission.

The survey is conducted as part of the IRS agency-wide initiative to monitor and improve taxpayer satisfaction with the service provided. The objectives of this study are to: identify what Appeals staff and managers can do to improve customer service and track customer satisfaction with Appeals' process over time. The web-based survey will provide taxpayers with written communication up-front (in the form of a letter explaining the survey) to provide more of a sense of security. The web survey, performed on a quarterly basis, will also allow taxpayers and Power of Attorneys (POA) more time to answer the survey questions related to a recently completed appeal. If the taxpayer/POA does not reply to the web request, they will be contacted via phone. The taxpayer will be contacted unless he requested that a POA represent them during the appeal. In that case, the POA will be contacted for the survey.

SURVEY PARTICIPATION

Who will the Survey be administered to?

Taxpayers

Explain how participants are selected. Include a detailed description of the method and reason of selection. If selection is random, please explain.

The participants are chosen via a stratified random sample by category of work. The vendor is provided with the minimum necessary information of certain data fields from all Appeals closed cases during a specific fiscal year in order to provide enough information to conduct surveys.

How are participants notified of the Survey?

A letter is issued to the taxpayer or representative, if they were randomly sampled to participate. The taxpayer is contacted via a written letter received through the mail. If the taxpayer was represented the POA is contacted. They are informed of the survey, asked to visit a website created by the vendor and can access it through a specialized code provided solely to them.

Is the Survey voluntary?

Yes

How is notice given that the Survey is optional?

Information on the "optional" aspect is provided on the site. A statement that the survey is "optional/voluntary" will appear on the website.

How will the Survey be conducted?

Web Based
Explain the procedure:

The taxpayer or POA is contacted via letter informing them of their selection to participate in the survey. They are provided a specific code to use when visiting the vendor website to take the survey. INFORMATION PROTECTION

From the vendor, Appeals will receive an initial, three-page summary report of the completed survey highlights and then a comprehensive National Report. The vendor also provides sub-reports on specified areas that excludes any identifying information about the taxpayer. Appeals never receives any specific taxpayer information from the vendor in relation to the survey. The vendor provides statistics as "respondents" via the reports, or with the unique identifier (via electronic transmission), without any reference to PII data.

Can you confirm that employees or taxpayers who participate in the survey cannot be identified under any circumstances?

Yes

Can you confirm that no adverse actions can be taken against participants regarding the participant's answer?

For employee or taxpayer Satisfaction Surveys, can you verify that no "raw" or un-aggregated employee or taxpayer data will be provided to any IRS office?

RECORDS SCHEDULE

Yes

How long are the records required to be held under the corresponding RCS and how are they disposed of? Explain how long any PII data will be retained by the contractor if they are conducting the Survey on behalf of the IRS. In your response, please include the complete IRM number and specific item number and title.

All records for the survey will be deleted or destroyed in accordance with approved retention periods. Any records will be managed according to requirements under IRM 1.15.1 and 1.15.6 and will be destroyed using IRS General Records Schedule (GRS) 6.5, Item 010 and as coordinated with the IRS Records and Information Management (RIM) Program and IRS Records Officer. GRS may be superseded by IRS specific RCS in the future. The contractor retains all survey information for at least one-year. The one-year time period begins once Appeals deems the survey reports to be accepted as "Final." The telephone contact records are destroyed each year, while other data is maintained on secure servers. It is our understanding that the IRS Blanket Purchase Agreement office oversees the clearance of the approved IRS survey vendors, as well as performing any auditing procedures.

DATA SECURITY

How does the administrator of the survey guarantee that the PII regarding employees or taxpayers will not be compromised, lost or stolen when housed on IRS computers? Where and how is it stored and protected?

Appeals transmits all data to the vendor electronically. The electronic transfer is performed by authorized Information Technology specialists, via transfer protocols. No SSN or EIN numbers are sent to the vendor. The vendor places all files on their IRS-approved secure, controlled access server. The vendor is required, per the contract, to keep all raw and collected data in a safe and secure environment. Site inspections of the vendor's facility are conducted by IRS staff to ensure all Federal and IRS requirements for physical and I.T. security is in place. All information is transmitted to and from the vendor in electronic formats. The vendor transmits completed reports to Appeals electronically. These reports do not contain PII information and only list the survey results as "respondents."
Does a contractor/vendor administer or perform analysis of the survey?

Yes

Please provide the Cyber security approved security and encryption used when data is transferred electronically from IRS to Contractors and back to the IRS.

The vendor places all files on their IRS-approved secure, controlled access server. No Taxpayer Identification Numbers are provided to the vendor. The vendor is required, per the contract, to keep all raw and collected PII data in a safe and secure environment, per Blanket Purchase Agreement (BPA) requirements and reviews. See below

When data is not sent electronically, provide in detail the information regarding the transfer back and forth from the IRS to contractors?

All data is sent electronically.

How is the survey PII protected and stored when it is housed at a contractor's site, on contractor's computers? Please provide detailed information that the contractor uses regarding the physical and electronic security and protection of the data before, during, and after the survey.

See above. The IRS customer satisfaction survey process - for all Operating Divisions - is administered by a Blanket Purchase Agreement (BPA) and the BPA office. The BPA office performs all such reviews of the approved vendors and their systems for the surveys - Appeals is not involved.
