Make your computation of self-employment income and the self-employment tax on Schedule F-1...

*Use this amount for optional method of computing net earnings from self-employment. (See line 3, Schedule F-1 (Form 1040))
**Schedule F-1 (Form 1040)**

**Computation of Social Security Self-Employment Tax on Farm Earnings** (For social security)

Attach this schedule to your income tax return, Form 1040

*See instructions—page 2*

- If you had wages of $4,800 or more which were subject to social security taxes, do not fill in this page.
- Each self-employed person must file a separate schedule. See instructions, page 2, for joint returns and partnerships.
- If you had net earnings from self-employment from both farm and nonfarm sources, fill in only lines 1 and 2 (line 3, if applicable), and use separate Schedule C-3 to compute your self-employment tax. Net farm earnings from self-employment should be entered on line 5(d) of separate Schedule C-3 (Form 1040).

**NAME AND ADDRESS** (as shown on page 1, Form 1040)

**NAME OF SELF-EMPLOYED PERSON** (as shown on social security card)  

<table>
<thead>
<tr>
<th>Social Security Number</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
</tbody>
</table>

**Choice of Methods.** A farmer must report his net farm earnings for self-employment tax purposes. Net earnings may be computed under the optional method (line 3, below) by a farmer (1) whose GROSS profits are $1,800 or less, or (2) whose GROSS profits are more than $1,800 and NET profits are less than $1,200. If your GROSS profits from farming are not more than $1,800 and you elect to use the optional method, you need not complete lines 1 and 2.

**Computation Under Regular Method**

1. Net farm profit (or loss) from:
   - Line 6, page 1, Schedule F (cash method), or line 10, page 2 (accrual method) .
   - (b) Farm partnerships .

2. Net earnings from self-employment from farming. Add lines 1 (a) and (b)

3. If gross profits from farming are:* (a) Not more than $1,800, enter two-thirds of the gross profits .
   - (b) More than $1,800 and the net farm profit is less than $1,200, enter $1,200 .

*NOTE.* Gross profits from farming are the total of the gross profits on line 3, Part IV (cash method), or line 5, Part VII of Schedule F (accrual method), plus the distributive share of gross profit from farm partnerships as explained on page 2.

If line 2 (or line 3, if you choose the optional method) is under $400, do not fill in rest of page.

**Computation of Social Security Self-Employment Tax**

4. The largest amount of combined wages and self-employment earnings subject to social security tax is .

5. Total wages, covered by social security, paid to you during the taxable year. (For "Covered" wages see "F.I.C.A. Wages" box on Form W-2.) Enter here and in item G of Schedule SE below .

6. Balance (line 4 less line 5) .

7. Self-employment income. Enter here and in item H of Schedule SE below your choice of EITHER:
   - (a) REGULAR METHOD. The smaller of line 2 or 6 .
   - (b) OPTIONAL METHOD. The smaller of line 2 or 6.

8. Self-employment tax. If line 7 is $4,800, enter $259.20; if less, multiply the amount on line 7 by 9.4%.

Enter this amount here and on line 15, page 1, Form 1040 .

SOCIAL SECURITY SELF-EMPLOYMENT TAX INSTRUCTIONS

Individuals deriving income from farming operations are subject to self-employment tax. See page 1 of this form for computation of earnings from self-employment and self-employment tax. This tax must be paid regardless of age and even though the individual is receiving social security benefits.

Optional method for computing net earnings from self-employment from farming—If a farmer's gross profits for the year from farming are not more than $1,800, he may report two-thirds of his gross farm income instead of his actual net earnings from farming. If his gross profits from farm self-employment are more than $1,800 and his actual net earnings from farming are less than $1,200, he may report $1,200. For the purpose of the optional method, a partner should compute his share of gross profits from a farm partnership in accordance with the partnership agreement. In the case of guaranteed payments, his share of the partnership's gross profits is his guaranteed payments plus his share of the gross profits after such gross profits are reduced by all guaranteed payments of the partnership.

SHARE-FARMING ARRANGEMENTS

An individual who undertakes to produce a crop or livestock on land belonging to another for a proportionate share of the crop or livestock produced, or the proceeds thereof, is considered to be an independent contractor and a self-employed person rather than an employee. His net earnings should be reported on Schedules F and F-1 (Form 1040) for income tax and self-employment tax purposes.

Farm rentals.—Rental income from a farm counts for social security purposes if the arrangement provides for material participation by the landlord and he does participate materially in the production of the crop or livestock or in the management of the production of one or more farm products. Such rental income is farm earnings and should be reported on page 1 or 2 of Schedule F. "Material participation" means the taking of an important part in the actual production or in the making of management decisions. If there was no material participation, report such rental income in Part II of Schedule B (Form 1040).

MORE THAN ONE TRADE OR BUSINESS

If an individual is engaged in farming and in one or more other trades or businesses, his net earnings from self-employment are the combined net earnings from self-employment of all his trades or businesses. Thus, the loss sustained in one trade or business will operate to reduce the income derived from another trade or business. In such cases, use both Schedule F (Form 1040) and Schedule C (Form 1040) to determine net profit from the farm and nonfarm activities, respectively. Make the combined computation of self-employment tax on page 1 of Schedule C-3 (Form 1040). Fill in Schedule F-1 (Form 1040) through line 3.

JOINT RETURNS

Where husband and wife file a joint income tax return, page 1 of this Schedule should show the name of the one with self-employment income from farming. Where husband and wife each had self-employment income, a separate Schedule F-1, or a separate Schedule C-3, whichever is appropriate, must be filed by each. However, the total of the amounts shown as profit (or loss) from all businesses should, for income tax purposes, be reported on line 5 or 7, Part II, page 2, Form 1040, and the combined self-employment tax should be entered on line 15, page 1, Form 1040.

COMMUNITY INCOME

For the purpose of computing net earnings from self-employment (but not for income tax), if any of the income from farming is community income, all the income from such farm operations is considered the income of the husband unless the wife exercises substantially all the management and control of the operation, in which case all of such income is considered the income of the wife. (Also see instructions on partnerships which follow.) If separate income tax returns are filed by husband and wife, Schedules F and F-1 or Schedules C and C-3, whichever are appropriate, must be attached to the return of the one with self-employment income. Community income included on such a schedule must, however, be allocated, for income tax purposes between the two returns (on line 5 or line 7, Part II, page 2, Form 1040) on the basis of the community property laws.

PARTNERSHIPS

In computing his combined net earnings from self-employment, a partner should include his entire share of such earnings from a partnership including any guaranteed payments. No part of that share may be allocated to the partner's wife (or husband) even though the income may, under State law, be community income. However, in the case of a husband and wife farm partnership, like other partnerships, the distributive share of each must be entered as partnership income in Part III of Schedule B for income tax purposes, and on line 1(b), page 1, of separate Schedule F-1 for self-employment tax purposes. (Use separate Schedule C-3, to report nonfarm income for social security purposes.)

Note: If a member of a continuing partnership dies, a portion of the deceased partner's distributive share of the partnership's ordinary income (or loss) for the taxable year of the partnership in which he died must be included in the partner's net earnings from self-employment. In such cases consult your nearest Internal Revenue Service office as to how to report.

EXCLUSIONS FROM SELF-EMPLOYMENT

In determining the amount of net farm earnings from self-employment the following items should be excluded:

Real estate rentals.—Rentals from real estate, including any personal property that is leased with the land. This includes rentals received in cash or crop shares. These amounts should be reported in Part II of Schedule B. See, however, "Farm Rentals" under "Share-Farming Arrangements" on this page.

Property gains and losses.—Gains and losses from the sale, exchange, or involuntary conversion of capital assets and other property which is not held primarily for sale to customers. These amounts should be reported on separate Schedule D (Form 1040).

Net operating losses.—In determining the net earnings from self-employment, no deduction for net operating losses of other years shall be allowed. Such deduction should be entered on line 8, Part II, page 2, Form 1040.

Other items.—Any other item of income or expense which was included in line 2 and which does not enter into the computation of net farm earnings from self-employment should be eliminated from line 2 and an explanation attached.

SCHEDULE SE (FORM 1040)

Schedule SE, which is the lower portion of page 1 of Schedule F-1, provides the Social Security Administration with the information on self-employment income necessary for computing benefits under the social security program. To assure proper credit to your account, enter your name and social security account number on Schedule SE (Form 1040) exactly as they are shown on your social security card. If you do not have a social security account number, you must get one. These account numbers are obtainable from any Social Security district office. Your local post office will give you the address. Do not delay filing your return beyond its due date.

Regardless of whether joint or separate returns are filed by husband and wife, Schedule SE (Form 1040) must show only the name of the one with self-employment income. However, if both had self-employment income, a separate Schedule SE must be filed by each.
