# Instructions

(References are to the Internal Revenue Code.)

Report every sale or exchange of property in detail even if no gain or loss results.

In general, all or part of the gain on a disposition of property may be required to be reported as ordinary income under the provisions of sections 1245, 1250 (see Parts V and VI), 1251, 1252, and 1254. The remainder of the gain may or may not be subject to capital gain treatment depending on the circumstances.

## Dispositions of Farm Property, Oil and Gas Property, Certain Involuntary Conversions, Options to Buy or Sell, and Gain from Sale of Depreciable Property Between Certain Related Taxpayers.

**(1) Farm property.**—See sections 1251–1252 for treatment of gains on disposition of certain farm property.

**(2) Oil and gas property.**—See section 1254 for treatment of gains on disposition of oil and gas property.

### (3) Involuntary conversions.—

**(a)** If gains from involuntary conversions arising from casualty or theft of property used in a trade or business or of any capital asset held more than one year equal or exceed the losses, the gains and losses are to be entered in Part VII and treated as section 1231 gains and losses along with gains and losses on dispositions of other section 1231 property. If the losses from such involuntary conversions exceed the gains, the gains and losses are to be entered in Part IV and treated as ordinary gains and losses. This applies to both insured and uninsured property.

**(b)** Gains from such involuntary conversions of property that is also section 1245 or 1250 property must first be reported in Part V or VI to determine how much gain is ordinary income. Any remaining gain (line 39, Part V, or line 42, Part VI) is included in the separate computation described above.

**(4) Options to buy or sell.**—For rules pertaining to the treatment of gain or loss of a purchaser or a grantor of an option of stock, securities, or commodities, see section 1234.

**(5)** Gain from sale of depreciable property between certain related taxpayers may be taxed as ordinary income. See section 1239.

## PART I

**Capital assets.**—Each item of property held by a corporation (whether or not connected with its trade or business) is a capital asset except as provided in section 1221. However, see section 817(a)(2) which provides that the gains or losses from the sale or exchange of depreciable assets attributable to any trade or business (other than an insurance business) carried on by the life insurance company, such as renting various pieces of real estate or operating a radio station, a housing development, or a farm, will be treated as gains or losses from the sale or exchange of capital assets.

**Exchange of “like kind” property.**—Although no gain or loss is recognized when property held for productive use in a trade or business or for investment (not including stock in trade or other property held primarily for sale, nor stocks, bonds, notes, choses in action, certificates of trust or beneficial interest, or other securities or evidences of indebtedness or interest) is exchanged solely for property of a “like kind” to be held either for productive use in a trade or business or for investment, you must report the transaction in the appropriate part and identify the property disposed of in column (a). Enter the date of acquisition in column (b) and write the date of exchange in column (c). Write “like

kind exchange” in column (d) and enter the adjusted basis in column (f). Enter zero in column (g). (See section 1031.)

**Investment assets.**—Gains or losses from the sale or exchange of investment assets are treated as gains or losses from the sale or exchange of capital assets. All sales of investment assets subject to sections 1245 and 1250 should be reported in Parts V and VI respectively, regardless of the length of time held. If held one year or less, the other gain reported in column k, Part V and column r, Part VI, should be entered on line 1, Part I and identified as gain from Part V or Part VI. If held more than one year, the other gain reported in column k, Part V and column r, Part VI, should be entered on line 4, Part I, and identified as gain from Part V or Part VI. Any amount included in column j, Part V and column q, Part VI as ordinary income from the sale of investment assets should be included in line 7, Schedule A.

**Column g.**—Unless 817 applies, the gain or loss is the result of column d plus column e, less column f. If section 817 applies, complete columns a through f and attach a schedule showing the method of computing the gain reported in column g. See instructions for “Basis.”

**Columns h–k.**—These columns are to be used only in the event of gains on disposition of property if the F.M.V. of such property held on December 31, 1958 exceeded the adjusted basis for determining gain as of that date.

**Line 4.—(A) Columns a–g:** Enter the total of applicable items from Part VII and other long-term capital gains and losses (exclude gains from those assets whose F.M.V. on 12/31/58 exceeded the adjusted basis of that date).

**B. Columns a–k:** Enter only the long-term capital gains of those assets whose F.M.V. on 12/31/58 exceeded the adjusted basis on that date.

**Capital losses.**—Capital losses are allowed only to the extent of capital gains. A net capital loss may be carried back 3 years and forward 5 as a short-term capital loss. However, the amount allowable as a capital loss carryback is subject to the limitations of section 1212(a)(1).

A quick refund of the tax overpayment created by the capital loss carryback may be obtained by filing Form 1139 (section 6411). If net capital loss carryback creates an unused investment credit or a unused work incentive (WIN) credit in a preceding year, the unused credit may be carried back to the 3 preceding years, and, under the provisions of section 6411, a quick refund of the tax overpayment may also be obtained by filing Form 1139.

**Worthless securities.**—Except for banks, if securities that are capital assets become wholly worthless during the tax year, the loss is treated as a capital loss on the last day of the tax year.

**Losses not allowable.**—No loss is allowed for wash sales of stock or securities. (See section 1091.) No loss is allowed (distributions in liquidation excepted) on transactions between related persons. (See section 267.)

**Long-term capital gains from regulated investment companies.**—Include in income as a long-term capital gain the amount the corporation has been notified constitutes its share of the undistributed capital gains of a regulated investment company.

**Short sales of capital assets.**—See section 1233 for rules relating to certain short sales of stock or other securities and transactions in commodity futures.

**Basis.**—The “basis” for certain property is not subject to the same rule for reporting gains as for losses.

**(a) Gain on property held on December 31, 1958.**—Section 817(b)(1), in effect, limits the amount of gain that is to be recognized on the sale or other disposition of certain property held by the company on 12/31/58. This is accomplished by treating the gain on the sale or other disposition of such property as an amount (but not less than zero) equal to the

amount by which the gain (determined without regard to section 817(b)(1)) exceeds the difference between the fair market value on 12/31/58, and the adjusted basis (as provided in section 1016(a)) for determining gain as of such date. This limitation on the amount of gain recognized applies only if (1) the property was held by a life insurance company on 12/31/58; (2) the fair market value of the property on 12/31/58, is greater than the adjusted basis for determining gain as of that date; and (3) the taxpayer has been a life insurance company at all times on and after 12/31/58, until the date of sale or other disposition of the property.

**(b) Certain substituted property acquired after December 31, 1958.**—See section 817(b)(2)(A)–(E) for rules for such property.

Section 817(b)(3) provides that “property” (for purposes of (a) and (b), above) does not include insurance and annuity contracts (and contracts supplementary thereto) and property described in section 1221(1) (relating to stock in trade or inventory-type property).

**(c) Property held on December 31, 1958, and certain substituted property acquired after December 31, 1958.**—In determining loss for property described in (a) and (b) above, the basis is cost adjusted by section 1016.

**(d) Other property acquired after December 31, 1958.**—If property, other than property described in (b) above, was purchased after 12/31/58, the basis is cost, adjusted by section 1016. If property was acquired by bequest, gift, involuntary conversion, or wash sale of stock, see sections 1014, 1015, 1033, and 1091.

**(e)** If a charitable contribution deduction is allowed by reason of the sale of property to a charitable organization, the adjusted basis for determining gain from the sale is an amount which is in the same ratio to the adjusted basis as the amount realized is to the fair market value of the property.

## PART III

**Alternative tax.**—If there is a net capital gain, an alternative tax may be imposed instead of the regular tax (if the alternative tax is less than the regular tax). The alternative tax is the sum of (1) a partial tax computed at the rates specified in section 11 on the taxable income determined by reducing the taxable investment income, and the gain from operations, by the net capital gain, and (2) 28% of the net capital gain.

**Special computation.**—If line 3 or 7 contains a capital gain or loss from conduit entities (real estate investment trusts, partnerships, estates or trusts, regulated investment companies, etc.) for transactions that the conduit property took into account before January 1, 1979, use the following format to determine the alternative tax.

1	Net capital gain for tax year . . . . .	_____
2	Net capital gain taking into account only the gain or loss properly taken into account after December 31, 1978 . . . . .	_____
3	Subtract line 2 from line 1 (do not enter less than zero) . . . . .	_____
4	28% × lesser of line 1 or line 2 . . . . .	_____
5	30% × line 3 . . . . .	_____
6	Add lines 4 and 5. Enter this amount on line 31 and check the special computation box on line 31. Attach computation . . . . .	_____

**Members of a controlled group under section 1561.**—For members of a controlled group, the \$25,000 amount in each taxable income bracket is to be divided equally unless all members of the controlled group agree to an unequal allocation. Members of controlled groups will enter their portion of the taxable income bracket amount on lines 18, 20, 22, and 24.

If an unequal apportionment plan is adopted or later amended, each member of the controlled group must attach a copy of its consent to the plan to its tax return. See section 1561 for the time and manner of making this election.

## PART IV

**Ordinary gains and losses.**—(For investment assets, see instructions for Part I.) Include gains and losses from disposition or involuntary conversion of land and depreciable property held one year or less and gains and losses from compulsory or involuntary conversion of capital assets held one year or less.

If after grouping all section 1231 transactions the losses exceed the gains, report the net loss in Part IV as an ordinary loss.

If losses from involuntary conversions arising from casualty or theft of property used in a trade or business (as defined in section 1231) or of any capital asset held more than one year exceed the gains, enter the gains and losses in Part IV as ordinary gains and losses.

## PART V

**Gain from disposition of depreciable property and certain real property held more than one year (section 1245).**—(Report any gain from property held not more than one year in Part IV. For investment assets, see instructions for Part I.)

In general, when section 1245 property (as defined below) is disposed of, gain will be treated as ordinary income to the extent of depreciation allowed (or allowable) after 1961. Except for certain involuntary conversions referred to in section 1231, the balance of the gain, if any, is to be combined in Part VII with gains and losses from section 1231 property.

Section 1245 property is property which is depreciable (or subject to amortization under section 169 or section 185) and is either—

(a) personal property,

(b) elevators and escalators,

(c) real property (other than property described in (d)) subject to amortization under section 169, 185, 188, 190, or 191, or

(d) tangible real property (except buildings and their structural components) if used as an integral part of certain business activities or as a facility for research or as a facility for the bulk storage of fungible commodities (including commodities in a liquid or gaseous state) in connection with such activities. These business activities are manufacturing, production, extraction, or furnishing transportation, communications or certain other public utility services.

See section 1245(b) for exceptions and limitations involving: (a) disposition by gift, (b) certain tax-free transactions, (c) like kind exchanges, involuntary conversions, (d) sales or exchanges to effectuate FCC policies and exchanges to comply with SEC orders, and (e) transfers to tax-exempt organization where property will be used in an unrelated business.

**Column i.**—Enter depreciation allowed (or allowable) after December 31, 1961. However, use June 30, 1963 for elevators and escalators and December 31, 1969 for livestock.

## PART VI

**Gain from disposition of depreciable real property held more than one year (section 1250).**—(Report any gain from such property held not more than one year in Part IV. For investment assets, see instructions in Part I.)

In general, when section 1250 property (as defined below) is disposed of, all or a portion of the "additional depreciation" is treated as ordinary income. Except for certain involuntary conversions referred to in section 1231, the balance of gain is combined in Part VII with gains and losses from section 1231 property.

Section 1250 property is depreciable real property other than section 1245 property.

See section 1250(d) for exceptions and limitations involving: (a) disposition by gift, (b) certain tax-free transactions, (c) like kind exchanges, in-

voluntary conversions, (d) sales or exchanges to effectuate FCC policies and exchanges to comply with SEC orders, (e) disposition of qualified low-income housing, (f) transfers to tax-exempt organization where property will be used in unrelated business, and (g) property disposed of pursuant to foreclosure proceedings.

**Columns i, l, and o, additional depreciation.**—For section 1250 property held 1 year or less, additional depreciation is the total amount of depreciation claimed. In such case, omit columns i thru p and enter in column q the lesser of the amount of gain (column h) or the total amount of depreciation claimed (column f).

For property held more than 1 year, additional depreciation is the excess of actual depreciation after December 31, 1963, over depreciation computed for that period under the straight line method. Enter in column i the additional depreciation for the period after December 31, 1975, in column l the additional depreciation for the period after December 31, 1969, and before January 1, 1976, and in column o, additional depreciation for the period after December 31, 1963, and before January 1, 1970.

For additional depreciation of rehabilitation expenditures, see section 1250(b)(4).

**Column j, applicable percentage.**—Enter 100% of column i in column j, except:

(a) For section 1250 property on which a mortgage is insured under section 221(d)(3) or 236 of the National Housing Act, or housing financed or assisted by direct loan or tax abatement under similar provisions of State or local laws with respect to which the owner is subject to the restrictions in section 1039(b)(1)(B), the applicable percentage is—100% minus 1% for each full month the property was held over 100 full months;

(b) For dwelling units which, on the average, were held for occupancy by families or individuals eligible to receive subsidies under section 8 of the U.S. Housing Act of 1937, as amended, or under the provisions of State or local law authorizing similar levels of subsidy for lower income families, the applicable percentage is 100% minus 1% for each full month the property was held over 100 full months;

(c) For section 1250 property on which a loan is made or insured under title V of the Housing Act of 1949, the applicable percentage is 100% minus 1% for each full month the property was held over 100 full months; and

(d) For section 1250 property for which a depreciation deduction for rehabilitation expenditures was allowed under section 167(k), the applicable percentage is 100% minus 1% for each full month over 100 full months after the date the property was placed in service.

In the case of a building (or a portion of a building devoted to dwelling units), if on the average, 85% or more of the dwelling units contained in such building (or portion thereof) are units described in paragraph (b), such building (or portion thereof) shall be treated as property described in paragraph (b).

Items (a), (b), and (c) shall not apply with respect to the additional depreciation described in section 1250(b)(4).

**Column m, applicable percentage.**—Enter 100% of column l in column m, except:

(a) For section 1250 property disposed of under a written contract that was, on July 24, 1969, and thereafter, binding on the property owner, the applicable percentage is 100% minus 1% for each full month the property was held over 20 full months;

(b) For section 1250 property on which a mortgage is insured under section 221(d)(3) or 236 of the National Housing Act, or housing

is financed or assisted by direct loan or tax abatement under similar State or local laws, and on which the owner is subject to the restrictions in section 1039(b)(1)(B), the applicable percentage is 100% minus 1% for each full month the property was held over 20 full months.

(c) For residential rental property (section 167(j)(2)(B)) other than that covered by (a) and (b) above, the applicable percentage is 100% minus 1% for each full month the property was held over 100 full months;

(d) For section 1250 property for which a depreciation deduction for rehabilitation expenditures was allowed under section 167(k), the applicable percentage is 100% minus 1% for each full month over 100 full months after the date the property was placed in service.

Items (a), (b), and (c) shall not apply with respect to the additional depreciation described in section 1250(b)(4).

**Column p, applicable percentage.**—The applicable percentage is 100% minus 1 percentage point for each full month the property was held after the date it was held over 20 full months.

## PART VII

**Sale or exchange of property used in trade or business and involuntary conversion (section 1231).**—Section 1231 provides special treatment for the recognized gains and losses on the sale or exchange of "property used in the trade or business" and upon the compulsory or involuntary conversion of (1) such property and (2) capital assets held more than one year.

**Note:** Refer to page 3 for rules for involuntary conversions resulting from casualty or theft.

After determining in Parts V and VI how much of the total gain from disposition of depreciable property is ordinary gain, combine the total other gain with other gains and losses from section 1231 property to determine if there is a net gain or net loss. The total shown on line 44 determines whether the items reflected therein represent a long-term capital gain or an ordinary loss. This total must be entered on line 4 or line 33, whichever is applicable.

In determining whether gains exceed losses, include the gains and losses to the extent they would be included if they were all ordinary gains and losses. The limitation of section 1211 on the deductibility of capital losses does not apply.

Section 817(a) provides that in applying section 1231(a), the term "property used in the trade or business" shall be treated as including only (1) property used in carrying on an insurance business, which is subject to depreciation provided in section 167 and held for more than one year (including real property but excluding (a) inventoriable property or property held primarily for sale to customers, and (b) certain copyrights; literary, musical or artistic compositions; letters or memorandums; or similar property); and (2) timber, coal, and domestic iron ore to which section 631 applies.

The total shown on line 44, page 2, determines whether the items reflected therein represent a long-term capital gain or an ordinary loss. In either case, after the initial determination, the items must be segregated into (1) assets held on December 31, 1958, where the F.M.V. exceeded the adjusted basis on that date, and (2) other. Enter the totals into the appropriate schedules of Part I or Part IV.

**Line 43.**—Enter each section 1231 item not carried over from line 37.

**Line 44.**—Enter the net gain or loss of the section 1231 items described in Part VII.

**Minimum tax on tax preference items.**—If the net long-term capital gain exceeds the net short-term capital loss, you may be liable for minimum tax. See Form 4626.
