General Instructions

What's New

- The work opportunity credit expired for employees not certified as qualified veterans who began work after 2011. Do not report wages paid or incurred to these employees on Form 5884 unless the credit is extended. See www.irs.gov/form5884 for the latest information about this credit.
- The VOW to Hire Heroes Act of 2011 **(a)** expanded the definition of “qualified veteran” to include certain unemployed qualified veterans who begin work after November 21, 2011, and before 2013, **(b)** increased the amount of qualified first-year wages used to figure the credit for certain qualified veterans, and **(c)** extended the credit to cover all employees certified as qualified veterans who begin work after 2011 and before 2013.
- The Act also allows qualified tax-exempt organizations to claim the credit against certain employment taxes for qualified veterans who begin work after November 21, 2011, and before 2013 (see Form 5884-C, Work Opportunity Credit for Qualified Tax-Exempt Organizations Hiring Qualified Veterans).
- Renewal community designations expired at the end of 2009. Wages paid or incurred for services performed after

2009 by a designated community resident or summer youth employee who lived in a renewal community may no longer qualify for the work opportunity credit unless the designation is extended.

- The carryforwards, carrybacks, and passive activity limitations for this credit are no longer reported on this form; instead, they must be reported on Form 3800, General Business Credit.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must receive the certification by the day the individual begins work or complete Form 8850, Pre-Screening Notice and Certification Request for the Work Opportunity Credit, on or before the day you offer the individual a job.

If you complete Form 8850, it must be signed by you and the individual and submitted to the SESA by the 28th calendar day after the individual begins work (by June 19, 2012, for all qualified veterans who begin work after November 21, 2011, and before May 22, 2012). If the SESA denies the request, it will provide a written explanation of the reason for denial. If a certification is revoked because it was based on false information provided by the worker, wages paid or incurred after the date you receive the notice of revocation do not qualify for the credit.

Targeted group employee. An employee is a member of a targeted group if he or she is a:

- Long-term family assistance recipient,
- Qualified recipient of Temporary Assistance for Needy Families (TANF),
- Qualified veteran,
- Qualified ex-felon,
- Designated community resident,
- Vocational rehabilitation referral,
- Summer youth employee,
- SNAP recipient,
- SSI recipient,
- Unemployed veteran (if he or she began working for you before 2011), or
- Disconnected youth (if he or she began working for you before 2011).

See the Instructions for Form 8850 and section 51(d) for details and restrictions.

Qualified Wages

Wages qualifying for the credit generally have the same meaning as wages subject to the Federal Unemployment Tax Act (FUTA). If the work performed by any employee during more than half of any pay period qualifies under FUTA as agricultural labor, that employee's wages subject to social security and Medicare taxes are qualified wages. For a special rule that applies to railroad employees, see section 51(h)(1)(B). Qualified wages for any employee must be reduced by the amount of any work supplementation payments you received under the Social Security Act for the employee.

The amount of qualified wages for any employee is zero if:

- The employee did not work for you for at least 120 hours,
- The employee worked for you previously,
- The employee is your dependent,
- The employee is related to you (see section 51(i)(1)), or
- 50% or less of the wages the employee received from you

were for working in your trade or business.

Qualified wages **do not** include:

- Wages paid to or incurred for any employee during any period for which you received payment for the employee from a federally funded on-the-job training program;
- Wages paid to or incurred for a summer youth employee for services performed while the employee lived outside an empowerment zone;
- Wages paid to or incurred for a designated community resident for services performed while the employee lived outside an empowerment zone or rural renewal county;
- Wages paid to or incurred for services performed by a summer youth employee before or after any 90-day period between May 1 and September 15;
- Wages for services of replacement workers during a strike or lockout; and
- First-year wages paid to or incurred for a qualified employee if you claim a social security tax exemption for wages paid to the employee after March 18, 2010, and before January 1, 2011, on your employer's tax return (Form 941, etc.).

Member of Controlled Group or Business Under Common Control

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 52(a)) and all members of a group of businesses under common control (as defined in section 52(b)), are treated as a single taxpayer. As a member, compute your credit based on your proportionate share of qualified wages giving rise to the group's work opportunity credit. Enter your share of the credit on line 2. Attach a statement showing how your share of the credit was figured, and enter "See attached" next to the entry space for line 2.

Specific Instructions

Current Year Credit

Lines 1a, 1b, and 1c

Enter on the applicable line and multiply by the percentage shown the total qualified first- or second-year wages paid to or incurred for employees who are members of a targeted group. Qualified first-year wages are qualified wages you paid to or incurred for work performed during the 1-year period beginning on the date the individual begins work for you. Qualified second-year wages are qualified wages you paid to or incurred for certified long-term family assistance recipients for work performed during the 1-year period beginning on the day after the last day of the 1-year wage period.

The amount of qualified first-year wages and the amount of qualified second-year wages that may be taken into account for any employee certified as a long-term family assistance recipient is limited to \$10,000 per year.

The amount of qualified first-year wages that may be taken into account for an employee certified as a qualified veteran is limited to the following amounts.

- **\$6,000** for a qualified veteran certified as being either **(a)** a member of a family receiving assistance under the Supplemental Nutrition Assistance Program (SNAP) (food stamps) for at least a 3-month period during the 15-month period ending on the hiring date, or **(b)** unemployed for a period or periods totaling at least 4 weeks (whether or not

consecutive) but less than 6 months in the 1-year period ending on the hiring date.

• **\$12,000** for a qualified veteran certified as being entitled to compensation for a service-connected disability and either (a) hired not more than 1 year after being discharged or released from active duty in the U.S. Armed Forces, or (b) began work before November 22, 2011, and was unemployed for a period or periods totaling at least 6 months (whether or not consecutive) in the 1-year period ending on the hiring date.

• **\$14,000** for a qualified veteran who began work after November 21, 2011, and was certified as being unemployed for a period or periods totaling at least 6 months (whether or not consecutive) in the 1-year period ending on the hiring date.

• **\$24,000** for a qualified veteran who began work after November 21, 2011, and was certified as being entitled to compensation for a service-connected disability, and unemployed for a period or periods totaling at least 6 months (whether or not consecutive), in the 1-year period ending on the hiring date.

The amount of qualified first-year wages that may be taken into account for any employee certified as a summer youth employee is limited to \$3,000. The amount of qualified first-year wages that may be taken into account for an employee certified as a member of any other targeted group is \$6,000.

Successor employer. For successor employers, the 1- or 2-year period begins on the date the employee began work for the previous employer and any qualified first- or second-year wages paid or incurred by the successor employer are reduced by the qualified first- or second-year wages paid or incurred by the previous employer. See section 51(k)(1) and Regulations section 1.51-1(h).

A successor employer is an employer that acquires substantially all of the property used in a trade or business (or a separate unit thereof) of another employer (the previous employer) and immediately after the acquisition, the successor employs in his or her trade or business an individual who was employed immediately prior to the acquisition in the trade or business of the previous employer.

Line 2

In general, you must reduce your deduction for salaries and wages by the amount on line 2. This is required even if you cannot take the full credit this year and must carry part of it back or forward. If you capitalized any costs on which you figured the credit, reduce the amount capitalized by the credit attributable to these costs.

Line 3

Enter the amount of credit that was allocated to you as a partner, shareholder, patron of a cooperative, or beneficiary.

Line 5

Cooperatives. A cooperative described in section 1381(a) must allocate to its patrons the credit in excess of its tax liability limit. Therefore, to figure the unused amount of the credit allocated to patrons, the cooperative must first figure

its tax liability. While any excess is allocated to patrons, any credit recapture applies as if the cooperative had claimed the entire credit.

If the cooperative is subject to the passive activity rules, include on line 3 any work opportunity credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8810, Corporate Passive Activity Loss and Credit Limitations, to determine the allowed credit that must be allocated to patrons. For details, see the Instructions for Form 8810.

Estates and trusts. Allocate the work opportunity credit on line 4 between the estate or trust and the beneficiaries in the same proportion as income was allocated and enter the beneficiaries' share on line 5.

If the estate or trust is subject to the passive activity rules, include on line 3 any work opportunity credit from passive activities disallowed for prior years and carried forward to this year. Complete Form 8582-CR, Passive Activity Credit Limitations, to determine the allowed credit that must be allocated between the estate or trust and the beneficiaries. For details, see the Instructions for Form 8582-CR.
