**General Instructions**

**Purpose of Form**

Use Form 8396 to figure the mortgage interest credit for 1997 and any carryforward to 1998.

**Who May Claim the Credit**

You may claim the credit only if you were issued a qualified Mortgage Credit Certificate (MCC) by a state or local governmental unit or agency under a qualified mortgage credit certificate program.

**Caution:** Certificates issued by the Federal Housing Administration, Department of Veterans Affairs, and Farmers Home Administration, and Homestead Staff Exemption Certificates **do not** qualify for the credit.

The home to which the certificate relates must be your **main home** and must also be **located in the jurisdiction** of the governmental unit that issued the certificate.

If the interest on the mortgage was paid to a **related person**, you **cannot** claim the credit.

### Refinanced Mortgage Credit Certificates

You can refinance your mortgage without losing this Federal subsidy if your existing MCC is reissued and the reissued certificate meets the following conditions.

- 1. It must be issued to the holder(s) of the existing certificate for the same property,
- 2. It must entirely replace the existing certificate. The holder cannot retain any portion of the outstanding balance of the existing certificate,
- 3. The certified indebtedness specified on the reissued certificate cannot exceed the outstanding balance shown on the existing certificate,
- 4. The credit rate (line 2) of the reissued certificate cannot exceed the credit rate of the existing certificate, and
- 5. The reissued certificate cannot result in a larger line 3 credit than would otherwise have been allowable under the existing certificate for any tax year.

For each tax year you must determine the amount of credit that you would have been allowed using your old MCC by multiplying the interest that was scheduled to be paid on your original mortgage times the certificate rate on your original MCC. That figure may limit your line 3 credit allowed when you have a reissued MCC, even if your new loan has a lower interest rate.

If, in the year you refinanced, the certificate credit rates are different, attach a statement showing the separate calculations for lines 1, 2, and 3 for the applicable parts of the year when the original MCC and the reissued MCC were in effect. Combine the amounts of each line 3, enter the total on line 3 of the form, and write "see attached" on the dotted line.

For more details, see **Form 8828**, Recapture of Federal Mortgage Subsidy, and read the special rules for refinancing your home, or see Regulations section 1.25-3(p).

### Recapture of Credit

If you bought a home after 1990 using an MCC, and sell that home within 9 years, you may have to recapture (repay) some of the credit. See **Pub. 523**, Selling Your Home, and Form 8828.

### Specific Instructions

**Note:** If you refinanced during the year, see **Refinanced Mortgage Credit Certificates** above.

**Line 1.** Enter the interest you paid during the year on the loan amount shown on your mortgage credit certificate. In most cases, this will be the amount shown on **Form 1098**, Mortgage Interest Statement, in box 1, or on a similar statement that you received from your mortgage holder. The loan amount (certified indebtedness amount) shown on your MCC may be less than your total mortgage loan. If so, you must allocate the interest to determine what part relates to the amount of the loan covered by the MCC. See **Pub. 530**, Tax Information for First-Time Homeowners, for an example of how to make this allocation.

**Line 3.** If the certificate credit rate shown on line 2 is more than 20%, do not enter more than \$2,000 on line 3. If you refinanced, see **Refinanced Mortgage Credit Certificates**, earlier.

If you and someone else (other than your spouse if you file jointly) held an interest in the home, the \$2,000 limit must be allocated to each owner in proportion to the interest held. See **Pub. 530** for an example of how to make the allocation.

**Reduction of Home Mortgage Interest on Schedule A (Form 1040).** If you itemize your deductions on **Schedule A (Form 1040)**, you must subtract the amount shown on line 3 of Form 8396 from the total deductible interest you paid on your home mortgage, even if part of the amount on line 3 is carried forward to 1998.

**Line 11.** You may need to complete **Form 6251**, Alternative Minimum Tax—Individuals, because the amount from line 24 of that form may limit the amount of your credit. Use the worksheet below to see if you need to complete Form 6251 and to figure the amount of credit to enter on Form 1040.

### Line 11—Worksheet (keep a copy for your records)

1. Enter the amount from Form 8396, line 11 . . . \_\_\_\_\_
2. Enter the amount from Form 1040, line 22, plus any net operating loss deduction and tax-exempt interest from private activity bonds issued after August 7, 1986 \_\_\_\_\_  
**Next:** If line 2 is more than \$150,000 (\$112,500 if single or head of household; \$75,000 if married filing separately) **OR** you file Schedule C, C-EZ, D, E, or F, of Form 1040, complete Form 6251 through line 24. Then, complete only lines 5, 8, 9, and 10 below. Otherwise, go to line 3.
3. Enter \$45,000 (\$33,750 if single or head of household; \$22,500 if married filing separately) . . . \_\_\_\_\_
4. Subtract line 3 from line 2. If zero or less, **stop here**; enter on Form 1040, line 44, the amount from line 1 above. Otherwise, go to line 5 . . . \_\_\_\_\_
5. Enter the amount from Form 8396, line 10 . . . \_\_\_\_\_
6. Multiply line 4 by 26% (.26) . . . \_\_\_\_\_
7. Subtract line 6 from line 5. If zero or less, enter -0- \_\_\_\_\_  
**Next:** If line 7 is equal to or more than line 1, **stop here**; enter the amount from line 1 on Form 1040, line 44. Otherwise, complete Form 6251 through line 24, and lines 8, 9, and 10 below.
8. Enter the amount from Form 6251, line 24 . . . \_\_\_\_\_
9. Subtract line 8 from line 5. If zero or less, enter -0- \_\_\_\_\_
10. Enter the **smaller** of line 1 or line 9 here and on Form 1040, line 44. If line 9 is the smaller amount, write "AMT" in the left margin next to line 44 and replace the amount on Form 8396, line 11, with this line 10 amount. Also, check box **b** on line 44 of Form 1040 \_\_\_\_\_

**Lines 12 through 19.** If the amount on line 11 is less than the amount on line 7, you may have an unused credit to carry forward to the next 3 tax years or until used, whichever comes first. Because the unused credit can only be carried forward for 3 years, you will have to keep track of each year's unused credit. The current year credit is used first and then the prior year credits, beginning with the earliest prior year.

If you have any unused credit to carry forward to 1998, be sure you keep a copy of this form to figure your credit for 1998.

**Note:** If you are subject to the \$2,000 credit limitation because your certificate credit rate is more than 20%, no amount over the \$2,000 for any tax year (or your prorated share of the \$2,000 if you must allocate the credit) may be carried forward for use in a later year.
