Form 940-EZ (1993)

Paperwork Reduction Act Notice.—We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the correct tax.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated average time is:

Recordkeeping 5 hr., 55 min.
Learning about the law or the form 7 min.
Preparing and sending the form to the IRS 28 min.

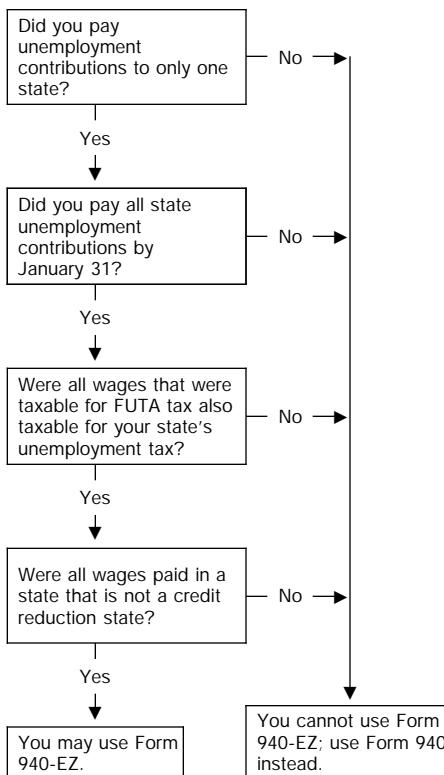

If you have comments concerning the accuracy of these time estimates or suggestions for making this form more simple, we would be happy to hear from you. You can write to both the **Internal Revenue Service**, Attention: Reports Clearance Officer, T:FP, Washington, DC 20224; and the **Office of Management and Budget**, Paperwork Reduction Project (1545-1110), Washington, DC 20503. **DO NOT** send the form to either of these offices. Instead, see **Where To File** on page 4.

Who May Use Form 940-EZ.—You may use Form 940-EZ if:

1. You paid unemployment taxes ("contributions") to only one state;
2. You paid these taxes by the January 31 due date of Form 940-EZ;
3. All wages that were taxable for FUTA tax were also taxable for your state's unemployment tax. Otherwise, use Form 940. For example, if you paid wages to corporate officers (these wages are taxable for FUTA tax) in a state that exempts these wages from its unemployment taxes, you cannot use Form 940-EZ; and
4. You pay wages in a state that is not a credit reduction state. A state that has not repaid money it borrowed from the Federal government to pay unemployment benefits is a credit reduction state. The Department of Labor determines these states.

Note: Do not file Form 940-EZ if you have already filed Form 940 for 1993.

The following chart will lead you to the right form to use.

2. You had at least one employee for some part of a day in any 20 different weeks in 1992 or 1993.

Count all regular, temporary, and part-time employees. A partnership should not count its partners. If a business changes hands during the year, each employer meeting test 1 or 2 must file. Do not report wages paid by the other.

Household Employers.—File a FUTA tax return **ONLY** if you paid cash wages of \$1,000 or more in any calendar quarter in 1992 or 1993 for household work in a private home, local college club, or a local chapter of a college fraternity or sorority.

Note: See **Pub. 926, Employment Taxes for Household Employers**, for more information including filled-in examples of Form 940-EZ.

Agricultural Employers.—File a FUTA tax return if either of the following applies:

1. You paid cash wages of \$20,000 or more to farmworkers during any calendar quarter in 1992 or 1993; or
2. You employed 10 or more farmworkers during some part of a day (whether or not at the same time) for at least 1 day during any 20 different weeks in 1992 or 1993.

Count aliens admitted on a temporary basis to the United States to perform farmwork, also known as workers with "H-2(a)" visas, to see if you meet either of the tests. Wages paid to these aliens are not subject to FUTA tax before 1995.

Nonprofit Organizations.—Religious, educational, charitable, etc., organizations described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) are not subject to FUTA tax and are not required to file.

Completing Form 940-EZ.—If your FUTA tax for 1993 (line 6) is \$100 or less, complete only Part I of the form. If your FUTA tax is over \$100, complete Parts I and II. See the instructions for Part II for information on FUTA tax deposits.

If You Are Not Liable for FUTA Tax.—If you receive Form 940-EZ and are not liable for FUTA tax for 1993, write "Not Liable" across the front of the form, sign the return, and return it to the IRS. **Note:** If you will not have to file returns in the future,

Form 940-EZ (1993)

check the box on the line below B(2), complete and sign the return.

When To File.—Form 940-EZ for 1993 is due by January 31, 1994. However, if you deposited all tax when due, you may file on or before February 10.**Employer's Name, Address, and Identification Number.**—If you are not using a preaddressed Form 940-EZ, type or print your name, trade name, address, and employer identification number (EIN) on Form 940-EZ.See **Pub. 583**, Taxpayers Starting a Business, for details on how to make tax deposits, file a return, etc., if these are due before you get your EIN.**Identifying Your Payments.**—When you pay any amount you owe to the IRS (line 8) or make Federal tax deposits, write on your check or money order: your EIN, "Form 940-EZ," and the tax period to

which the payment applies. This helps make sure we credit your account properly.

Penalties and Interest.—Avoid penalties and interest by making tax deposits when due, filing a correct return, and paying all taxes when due. There are penalties for late deposits and late filing unless you can show reasonable cause. If you file late, attach an explanation to the return.

There are also penalties for willful failure to pay tax, keep records, make returns, and for filing false or fraudulent returns.

Credit for Contributions Paid Into State Funds.—You get a credit for amounts you pay to a state (including Puerto Rico and the Virgin Islands) unemployment fund by January 31. This credit is reflected in the FUTA tax rate (.008) shown on line 6. The rate is effective through 1998.

"Contributions" are payments that a state requires you, as an employer, to make to its unemployment fund for the payment of unemployment benefits. However, contributions do not include:

- Any payments you deducted or are deductible from your employees' pay.
- Penalties, interest, or special administrative taxes not included in the contribution rate the state assigned to you.
- Voluntary contributions you paid to get a lower assigned rate.

Note: Be sure to enter your state reporting number(s) on line B(2) at the top of the form. We need this to verify your state contributions.**Credit for Successor Employers.**—If you are claiming credit as a successor employer, you must use Form 940.

Specific Instructions

You must complete lines A and B and Part I. If your FUTA tax (line 6) is over \$100, you must also complete Part II. Please remember to sign the return.

Line A.—Enter the dollar amount of state unemployment contributions. However, if your state has given you a 0% experience rate, so that there are no required contributions, write "0% rate" in the space.

Part I. Taxable Wages and FUTA Tax

Line 1—Total payments.—Enter the total payments you made to employees during the calendar year, even if they are not taxable. Include salaries, wages, commissions, fees, bonuses, vacation allowances, amounts paid to temporary or part-time employees, and the value of goods, lodging, food, clothing, and noncash fringe benefits. Also, include the amount of tips reported to you in writing by your employees. Enter the amount before any deductions.

How the payments are made is not important to determine if they are wages. Thus, you may pay wages for piecework or as a percentage of profits. You may pay wages hourly, daily, weekly, monthly, or yearly. You may pay wages in cash or some other way, such as goods, lodging, food, or clothing. For items other than cash, use the fair market value when paid.

Line 2—Exempt payments.—"Wages" and "employment" for FUTA purposes do not include every payment and every kind of service an employee may perform. In general, payments that are not wages and payments for services that are not employment are not subject to tax. You may deduct these payments from total payments on line 2.

Enter such items as the following:

1. Agricultural labor, if you did not meet either of the tests in **Agricultural Employers** on page 2.
2. Benefit payments for sickness or injury under a worker's compensation law.
3. Household service if you did not pay cash wages of \$1,000 or more in any calendar quarter in 1992 and 1993.
4. Certain family employment.
5. Certain fishing activities.
6. Noncash payments for farmwork or household services in a private home that are included on line 1. Only cash wages to these workers are taxable.
7. Value of certain meals and lodging.
8. Cost of group-term life insurance.
9. Payments attributable to the employee's contributions to a sick pay plan.
10. Benefits that are excludable under a section 125 plan (cafeteria plan).
11. Any other exempt service or pay.

For more information, see Special Rules for Various Types of Services and Products in **Circular E**, Employer's Tax Guide.

Line 3—Enter the total amounts over \$7,000 you paid each employee. For example, if you have 10 employees to whom you paid \$8,000 each during the year, enter \$80,000 on line 1 and \$10,000 on line 3. The \$10,000 is the amount over \$7,000 paid to each employee. Do not include any exempt payments from line 2 in figuring the \$7,000.

Part II. Record of Quarterly Federal Unemployment Tax Liability

Complete this part only if your FUTA tax on line 6 is over \$100. To figure your FUTA tax liability, multiply by .008 that part of the first \$7,000 of each employee's annual wages you paid during the quarter. Enter the result in the space for that quarter.

Your total liability must equal your total tax. If not, you may be charged a failure to deposit penalty.

Record your liability based on when you pay the wages, not on when you deposit the tax. For example, if you pay wages on March 29, your FUTA tax liability on those wages is \$200, and you deposit the \$200 by April 30, you would record that \$200 in the first quarter, not the second.

Depositing FUTA Tax.—Generally, FUTA taxes are deposited quarterly. If your liability for any of the first 3 quarters of 1993 (plus any undeposited amount of \$100 or less from any earlier quarter) is over \$100, deposit it by the last day of the month after the end of the quarter. If it is \$100 or less, carry it to the next quarter; a deposit is not required. If your liability for the 4th quarter (plus any undeposited amount from any earlier quarter) is over \$100, deposit the entire amount by January 31, 1994. If it is \$100 or less, you can either make a deposit or pay it with your Form 940-EZ by January 31.

Note: The total amount of all deposits must be shown on line 7.

If you deposited the right amounts, following these rules, the amount you owe with Form 940-EZ will never be over \$100.

Deposit FUTA tax in an authorized financial institution or the Federal Reserve bank for your area. Do not mail deposits directly to the IRS. Records of your deposits will be sent to the IRS for crediting to your business accounts. See **Identifying Your Payments**.

You must use **Form 8109**, Federal Tax Deposit Coupon, when making tax deposits. IRS will send you a book of deposit coupons when you apply for an EIN. If you do not have coupons, see Circular E.
