From the
Commissioner

Dear Taxpayer:

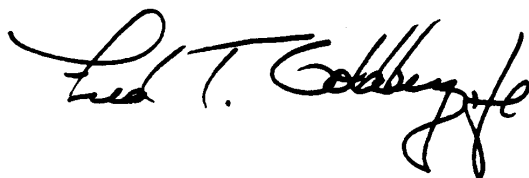

I thank each of you reading this letter for doing your part to keep our tax system the finest in the world. It works well because so many of you do your best to pay your fair share. As countries around the world embrace our way of life, it is a reminder that government in a free country can only be financed through voluntary compliance and the support of the public it serves.

We have been working for many months to make this filing season the best ever. This will mean prompt refunds, accurately filed and processed returns, tax forms when and where you need them, and the right answers and assistance from courteous, respectful employees. Electronic filing is now available for everyone. We're testing exciting new approaches by letting certain taxpayers file by telephone and by doing the math for taxpayers who ask for our help.

I also want to make clear our commitment to a decade of fundamental change. Your government must simplify the tax law. We must make it far easier to deal with the IRS. All of you who try to pay your fair share have every right to expect that the IRS will make sure others do the same. As citizens who "own" the government, you should insist that we make the best use of your tax dollars.

We are dedicated to reaching these goals. The journey requires us to modernize our computer systems; to help taxpayers do what's right in paying what they owe; to meet the highest standards of quality; to promote the highest ethical standards; and to assure diversity in our work force.

You have every right to demand that we deliver. I think we're making progress. With your support and oversight, we'll get there. Don't settle for less.

Fred T. Goldberg, Jr.

Fast filing

Last year over 7.5 million people filed their tax returns electronically by computer. Electronic filing is a fast and accurate way to file your return with the IRS. If you are expecting a refund, it will be issued within 3 weeks from the time the IRS accepts your return. If you have your refund directly deposited into your savings or checking account, you could receive your money even faster. Even if you are not expecting a refund, electronic filing is still a fast and accurate way to file your return.

Many professional tax preparers offer electronic filing in addition to their preparation services. A paid preparer must sign your **Form 8453**, U.S. Individual Income Tax Declaration for Electronic Filing. Even if you prepare your own return, a preparer or transmitter in your area can file your return electronically for you. For more information on electronic filing, see Tele-Tax (topic no. 112) on page 25.

What should I know about the Privacy Act and Paperwork Reduction Act Notice?

The law says that when we ask you for information we must tell you our legal right to ask for the information, why we are asking for it, and how it will be used. We must also tell you what could happen if we do not receive the information and whether your response is voluntary, needed for a benefit, or mandatory under the law.

This notice applies to all papers you file with us as well as any questions we ask you so we can complete, correct, or process your return; figure your tax; and collect the tax, interest, or penalties. Internal Revenue Code sections 6001, 6011, and 6012(a) say that you must file a return or statement with us for any tax for which you are liable. Your response is mandatory under these sections. Code section 6109 says that you must show your social security number on what you file, so we know who you are and can process your return and other papers. You must fill in all parts of the tax form that apply to you. However, you do not have to check the boxes for the Presidential Election Campaign Fund.

We may give the information to the Department of Justice and to other Federal agencies, as provided by law. We may also give it to certain cities, states, the District of Columbia, U.S. commonwealths or possessions, and certain foreign governments to carry out their tax laws.

If you do not file a return, do not give the information asked for, or give false information, you may be charged penalties and you may be subject to criminal prosecution. We may also have to disallow the exemption, credits, or deduction shown on your tax return. This could make the tax higher or delay any refund. Interest may also be charged.

Please keep this notice with your records. It may help you if we ask you for other information. If you have questions about the rules for filing and giving information, please call or visit any Internal Revenue Service office.

The time it takes to prepare your return. The time needed to complete and file Form 1040EZ will vary depending on individual circumstances. The estimated average time is:

Recordkeeping	5 min.	Preparing the form	42 min.
Learning about the law or the form	34 min.	Copying, assembling, and sending the form to the IRS	40 min.

We welcome comments on forms. If you have comments concerning the accuracy of these time estimates or suggestions for making this form more simple, we would be happy to hear from you. You can write to both the **Internal Revenue Service**, Washington, DC 20224, Attention: IRS Reports Clearance Officer, T:FP; and the **Office of Management and Budget**, Paperwork Reduction Project (1545-0675), Washington, DC 20503.

DO NOT send your return to either of these offices. Instead, see **Where do I file?** on page 19.

Recycling

The tax forms and instructions you received are printed on recyclable paper. If your community has a recycling program, please recycle. (Remember to keep a copy of your return and any worksheets you used for your records.) The Internal Revenue Service tries to use recycled paper for all of its forms and instructions.

Major categories of Federal income and outlays for fiscal year 1990

In fiscal year 1990, which began on October 1, 1989, and ended on September 30, 1990, Federal income was \$1,031.3 billion and outlays were \$1,251.7 billion, leaving a deficit of \$220.4 billion. The budget deficit is financed largely by government borrowing from the public. The government borrows from the public by selling bonds and other debt securities to private citizens, banks, businesses, and other governments.

The pie charts below show the relative sizes of the major categories of Federal income and outlays for fiscal year 1990.

Where the income came from:

What the outlays were:

¹ About 23% was for defense; 2% was for veterans benefits and services; and 1% was for foreign affairs including military and economic assistance to foreign countries and the maintenance of U.S. embassies abroad.

² About 7% was spent to fund Medicaid, food stamps, aid to families with dependent children, supplemental security income, and related programs. About 5% was spent for health research and public health programs, unemployment compensation, assisted housing, and social services.

³ This category consists of agricultural programs; natural resources and environmental programs; transportation programs; aid for elementary and secondary education and direct assistance to college students; job training programs; economic development programs including deposit insurance; and space, energy, and general science programs.

Section 1—Before you fill out Form 1040EZ

Should I use Form 1040EZ?

You can use Form 1040EZ if **all seven** of the following apply:

1. Your filing status is **single**,
2. You were under age 65 and not blind at the end of 1991,
3. You do not claim any dependents,
4. Your taxable income is less than \$50,000,
5. You had **only** wages, salaries, tips, and taxable scholarship or fellowship grants, and your taxable interest was \$400 or less,
6. You did not receive any advance earned income credit payments, and
7. You were not a nonresident alien at any time during 1991.

If you don't meet **all seven** of the requirements above, you must use Form 1040A or Form 1040. See Tele-Tax (topic no. 152) on page 25 to find out which form to use.

Even if you can use Form 1040EZ, it may benefit you to use Form 1040A or Form 1040 instead. For example, you can claim the earned income credit and head of household filing status (which usually results in a lower tax than single) only on Form 1040A or Form 1040. See Tele-Tax (topic nos. 402 and 154) on page 25. Also, you can itemize deductions only on Form 1040. It would benefit you to itemize deductions if they total more than \$3,400. See Tele-Tax (topic no. 301) on page 25.

Your filing status is single if any of the following was true on December 31, 1991:

- You were never married, or
- You were legally separated, according to your state law, under a decree of divorce or separate maintenance, or
- You were widowed before January 1, 1991, and did not remarry in 1991.

What's new for 1991?

New earned income credit rules. You may be able to take this credit for 1991 if you earned less than \$21,250 and a child who meets certain age and other conditions lived with you. You may be able to take the credit even if your filing status is single. But you must use Schedule EIC and file Form 1040A or Form 1040 to do so. See Tele-Tax (topic no. 402) on page 25.

Increased exemption deduction and standard deduction. The exemption deduction has increased to \$2,150 and the standard deduction has also increased. These deductions are figured on line 4.

Additional information. If you want more information about these and other tax law changes for 1991, get Pub. 553. You may also find the publications and the Tele-Tax topics listed at the end of this booklet helpful in completing your return.

Operation Desert Storm/Desert Shield. If you were a participant in Operation Desert Storm or Desert Shield, see Tele-Tax (topic no. 468) on page 25 for more information, including extensions of deadlines for taking care of tax matters such as filing returns or paying taxes.

What free tax help is available?

Tax forms and publications. Most of your tax questions can be answered by reading the tax form instructions or one of our many free tax publications. See page 20.

Recorded tax information by telephone. Our Tele-Tax service has recorded tax information covering many topics. See page 24 for the numbers to call.

Refund information. Tele-Tax can tell you the status of your refund. For details, see Tele-Tax beginning on page 24.

Telephone help. IRS representatives are available to help you with your tax questions. If, after reading the tax form instructions and publications, you are not sure how to fill out your return, or if you have a question about a notice you received from us, please call us. Use the toll-free number for your area on page 23.

Send the IRS written questions. You may send your written tax questions to your IRS District Director. If you don't have the address, you can get it by calling the number for your area on page 23.

Walk-in help. Assistors are available in most IRS offices throughout the country to help you prepare your return. An assistor will explain or "walk through" a Form 1040EZ, Form 1040A, or Form 1040 with Schedules A and B with you and a number of other taxpayers in a group setting. To find the location of the IRS office nearest you, look in the phone book under "United States Government, Internal Revenue Service."

Volunteer Income Tax Assistance (VITA) and Tax Counseling for the Elderly (TCE). These programs help older, disabled, non-English-speaking, and low-income people fill out their returns. Call the toll-free telephone number for your area on page 23 for details. If you received a Federal income tax package in the mail, take it with you when you go for help.

Videotaped instructions for completing your return are available in English and Spanish at many libraries.

Telephone help for hearing-impaired people is available. See page 23 for the number to call. **Braille materials for the blind** are available at regional libraries for the blind and disabled.

Unresolved tax problems. The **Problem Resolution Program** is for people who have been unable to resolve their problems with the IRS. If you have a tax problem you cannot clear up through normal channels, write to your local IRS District Director or call your local IRS office and ask for Problem Resolution assistance. Hearing-impaired persons who have access to TDD equipment may call 1-800-829-4059 to ask for help from Problem Resolution. This office cannot change the tax law or technical decisions. But it can help you clear up problems that resulted from previous contacts.

Free Social Security Personal Earnings and Benefit Estimate Statement

The Social Security Administration (SSA) can mail you a statement of your social security earnings and your estimated future benefits. To get this statement, complete a request form and return it to the SSA. You may get this form by writing to **Consumer Information Center**, Department 72, Pueblo, CO 81009.

Do both the name and social security number on your tax forms agree with your social security card?

If not, your refund may be delayed or you may not receive credit for your social security earnings. If your Form W-2, Form 1099, or other tax document shows an incorrect name or social security number, notify your employer or the form-issuing agent as soon as possible to make sure your earnings are credited to your social security record.

If the name or number on your social security card is incorrect, call the Social Security Administration toll free at 1-800-772-1213.

What if a person died?

If a person died before filing a return for 1991, the person's personal representative may have to file a return and sign for the person who died. A personal representative can be an executor, administrator, or anyone who is in charge of the deceased person's property. If the deceased person did not have to file a return but had tax withheld, a return must be filed to get a refund.

The person who files the return should write "DECEASED," the deceased person's name, and the date of death across the top of the return. If you are a court-appointed representative, attach a copy of the certificate that shows your appointment. All other filers requesting the deceased person's refund must attach Form 1310.

For more details, see Tele-Tax (topic no. 158) on page 25 or get Pub. 559.

What are the filing dates and penalties?

When is my tax return due? Your tax return must be postmarked by **April 15, 1992**. If you need more time to complete your return, you can get an automatic 4-month extension by filing Form 4868 with the IRS by April 15, 1992. If you later find that you still need more time, Form 2688 may get you an additional extension. However, even if you get an extension, the tax you owe is still due April 15, 1992. If you get an extension, you must file Form 1040A or Form 1040; you can't file Form 1040EZ.

Note: *Desert Storm participants see Pub. 945 for special rules on when to file.*

What if I file or pay late? If you file or pay late, the IRS can charge you interest and penalties on the amount you owe.

If you file late, the penalty is usually 5% of the amount due for each month or part of a month your return is late, unless you have a reasonable explanation. If you do, attach it to your return. The penalty cannot usually be more than 25% of the tax due. We will charge you interest on the penalty from the due date of the return (including extensions).

If your return is more than 60 days late, the minimum penalty will be \$100 or the amount of any tax you owe, whichever is smaller.

If you pay your taxes late, the penalty is usually $\frac{1}{2}$ of 1% of the unpaid amount for each month or part of a month the tax is not paid. The penalty cannot be more than 25% of the unpaid amount. It applies to any unpaid tax on the return. It also applies to any additional tax shown on a bill not paid within 10 days of the date of the bill.

Are there other penalties? Yes. Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. We will charge you interest on these penalties from the due date of the return (including extensions). Criminal penalties may be imposed for willful failure to file, tax evasion, or making a false statement. See Pub. 17 for details.

In addition to any other penalties, the law imposes a penalty of \$500 for filing a frivolous return. A frivolous return is one that does not contain information needed to figure the correct tax or shows a substantially incorrect tax, because

What are the filing dates and penalties?
(continued)

you take a frivolous position or desire to delay or interfere with the tax laws. This includes altering or striking out the preprinted language above the space provided for your signature.

Gift to reduce the public debt

You may make a gift to reduce the public debt. If you wish to do so, enclose a separate check with your income tax return. Make it payable to "Bureau of the Public Debt." If you file Form 1040 for 1992 and itemize your deductions, you may be able to deduct this gift.

Can I use substitute tax forms?

You may not use your own version of a tax form unless it meets the requirements explained in Pub. 1167. You can order the publication by writing to the Distribution Center for your state. See page 22 for the address.

How do I get copies of my tax returns?

If you need a copy of your tax return, use Form 4506. There is a charge of \$4.25. If you have questions about your account, call or write your local IRS office. If you would like a printed copy of your account, it will be mailed to you free of charge.

Section 2—Filing requirements

Do I have to file?

If your filing status is single and you were under age 65 at the end of 1991, you must file a return if **either 1 or 2** below applies to you:

1. Your **gross income** was at least \$5,550. **Gross income** means all income you received in the form of money, goods, property, and services that is not exempt from tax.
2. Your parent (or someone else) can claim you as a dependent on their 1991 return (even if they chose not to claim you) and—

Your taxable interest income was:	AND	the total of that income plus your earned income was:
\$1 or more		more than \$550
\$0		more than \$3,400

In the above chart, earned income includes wages, tips, and taxable scholarship and fellowship grants.

Caution: *If your gross income was \$2,150 or more, you usually cannot be claimed as a dependent, unless you were under 19 **or** under 24 and a student. For details, see Tele-Tax (topic no. 155) on page 25.*

Note to parents—Exception for children under age 14. *If you are planning to file a tax return for your child who was under age 14 on January 1, 1992, and certain other conditions apply, you can elect to include your child's income on your return. But you must use Form 1040 and Form 8814 to do so. If you make this election, your child will not have to file a return. See Tele-Tax (topic no. 358) on page 25 or get Pub. 929 for details.*

Other situations when you must file. You must also file a return using Form 1040A or Form 1040 if you received any advance earned income credit payments from your employer. You must file a return using Form 1040 if **any** of the following applied for 1991:

Do I have to file?
(continued)

- You owe any special taxes, such as social security and Medicare tax on tips you did not report to your employer, or
- You owe uncollected social security and Medicare or RRTA tax on tips you reported to your employer, or
- You owe uncollected social security and Medicare or RRTA tax on your group-term life insurance, or
- You had net earnings from self-employment of at least \$400, or
- You earned wages of \$108.28 or more from a church or qualified church-controlled organization that is exempt from employer social security and Medicare taxes, or
- You owe tax on an individual retirement arrangement (IRA) or a qualified retirement plan. However, if you are filing a return only because you owe this tax, you can file Form 5329 by itself.

The rules under **Do I have to file?** apply to all U.S. citizens and resident aliens. Get Pub. 519 to see if you are a resident or nonresident alien.

Even if you do not have to file a return, you should file one to get a refund of any Federal income tax withheld.

Section 3—Line instructions for Form 1040EZ

Name, address, and social security number

Why use the label? The mailing label on the front of the instruction booklet is designed to speed processing at Internal Revenue Service centers and prevent errors that delay refund checks. But don't attach it until you have finished your return. Cross out any errors and print the correct information on the label. Add any missing items (such as your apartment number).

Besides your name, address, and social security number, the label contains various code numbers and letters. The diagram below explains what these numbers and letters mean.

Your mailing label—what does it mean?

Computer shorthand for your name. By entering the two letters and the social security number, the IRS can identify the correct account.

Postal service local delivery route within your ZIP code

Internal Revenue Service center where you filed last year

If you did not receive a label, print the information in the spaces provided.

Name change. If you changed your name, be sure to report this to the Social Security Administration. This prevents delays in processing your return and safeguards your future social security benefits.

Social security number. If you do not have a social security number, get Form SS-5 from your local Social Security Administration (SSA) office. Fill it out and return it to the SSA office. If you do not receive a number by the time your return is due, print "applied for" in the space for the number.

P.O. box. If your post office does not deliver mail to your home and you have a P.O. box, show your P.O. box number instead of your home address.

Foreign address. If your address is outside of the United States or its possessions or territories, enter the information on the line for "City, town or post office, state, and ZIP code" in the following order: city, province or state, postal code, and the name of the country. Do not abbreviate the country name.

Presidential Election Campaign Fund

Congress set up this fund to help pay for Presidential election costs. If you want \$1 of your tax to go to this fund, check the "Yes" box. If you check "Yes," your tax or refund will not change.

Report your income—

Lines 1-5

Rounding off to whole dollars

You may find it easier to do your return if you round off cents to the nearest whole dollar. You can drop amounts that are less than 50 cents. For example, \$129.39 becomes \$129. Increase amounts that are 50 cents or more to the next whole dollar. For example, \$235.50 becomes \$236. If you do round off, do so for all amounts. But, if you have to add two or more amounts to figure the amount to enter on a line, include cents when adding and only round off the total.

Example. You received two W-2 forms, one showing wages of \$5,009.55 and one showing wages of \$8,760.73. On Form 1040EZ, line 1, you would enter \$13,770 ($\$5,009.55 + \$8,760.73 = \$13,770.28$).

Refunds of state or local income taxes

If you received a refund, credit, or offset in 1991 of state or local income taxes you paid in a year when you filed Form 1040EZ or Form 1040A, you **do not** have to report any of it as income for 1991. But if the refund, credit, or offset was for a tax you deducted as an itemized deduction on Form 1040, you may have to report part or all of it as income on Form 1040 for 1991. See Tele-Tax (topic no. 205) on page 25 for details.

Social security benefits

Social security and equivalent railroad retirement benefits you received may be taxable in some instances. Use the worksheet below to see if any of your benefits are taxable. If they are, you **MUST** use Form 1040A or Form 1040.

Social security benefits include any monthly benefit under title II of the Social Security Act or the part of a tier 1 railroad retirement benefit treated as a social security benefit. By January 31, 1992, you should receive Form SSA-1099 or Form RRB-1099. These forms will show the total benefits paid to you in 1991 and the amount of any benefits you repaid in 1991. For more details, get Pub. 915.

Worksheet to see if any of your social security and/or equivalent railroad retirement benefits are taxable (keep for your records)

1. Enter the amount from **Box 5** of all your Forms SSA-1099 and Forms RRB-1099. If the amount on line 1 is zero or less, stop here; none of your benefits are taxable. 1. _____
 2. Divide line 1 above by 2. 2. _____
 3. Enter your total wages, salaries, tips, etc., from Form(s) W-2. 3. _____
 4. Enter your total interest income, including any tax-exempt interest. 4. _____
 5. Add lines 2 through 4 above. Enter the total. 5. _____
-

If the amount on line 5 above is equal to or less than \$25,000, none of your benefits are taxable this year. You can use Form 1040EZ. **DO NOT** list your benefits as income. If the amount on line 5 is more than \$25,000, some of your benefits are taxable this year. You **MUST** use Form 1040A or Form 1040.

Line 1 Show the total of your income from wages, salaries, and tips. This should be shown in Box 10 of your W-2 form from your employer.

If you don't get a W-2 form by January 31, 1992, ask your employer for one. If you don't get it by February 17, call the toll-free number for your area listed on page 23. You will be asked for your employer's name, address, and, if known, identification number. Even if you don't get a W-2 form, you must still report your earnings. If you lose your W-2 form or it is incorrect, ask your employer for a new one.

Unemployment compensation. If you got any unemployment compensation in 1991, you **cannot** use Form 1040EZ. You **MUST** use Form 1040A or Form 1040.

Tip income. Be sure to report all tip income you actually received, even if it is not included in Box 10 of your W-2 form(s). But you must use Form 1040 and Form 4137 instead of Form 1040EZ if (1) you received tips of \$20 or more in any month and did not report the full amount to your employer, OR (2) your W-2 form(s) shows allocated tips that you **must** report in income. You must report as income the amount of allocated tips shown on your W-2 form(s) unless you can prove a smaller amount with adequate records. Allocated tips should be shown in Box 7 of your W-2 form(s). They are not included in Box 10 of your W-2 form(s).

Form 4137 is used to figure the social security and Medicare tax on unreported tips. If you reported the full amount to your employer but the social security and Medicare tax was not withheld, you must still pay the tax. For more details on tips, get Pub. 531.

Employer-provided vehicle. If you used an employer-provided vehicle for both personal and business purposes and 100% of the annual lease value of the vehicle was included in the wages box (Box 10) of your W-2 form, you may be able to deduct the business use of the vehicle. But you must use Form 1040 and Form 2106 to do so. The total annual lease value of the vehicle should be shown in Box 23 of your W-2 form, or on a separate statement. For more details, get Pub. 917.

Excess salary deferrals. If you chose to have your employer contribute part of your pay to certain retirement plans (such as a 401(k) plan or the Federal Thrift Savings Plan) instead of having it paid to you, your W-2 form should have the "Deferred compensation" box in Box 6 checked. The amount deferred should be shown in Box 17 of your W-2. The total amount that may be deferred for 1991 under all plans is generally limited to \$8,475. But if amounts were deferred under a tax-sheltered annuity plan, the limit may be higher than \$8,475. Get Pub. 575 for details. If the total amount deferred exceeds these limits, you must use Form 1040.

Scholarship and fellowship grants. If you received a scholarship or fellowship that was granted **after** August 16, 1986, part or all of it may be taxable even if you didn't receive a W-2 form.

If you were a degree candidate, the amounts you used for expenses other than tuition and course-related expenses are taxable. For example, amounts used for room, board, and travel are taxable.

If you were not a degree candidate, the full amount of the scholarship or fellowship grant is taxable.

Add the taxable amount not reported on a W-2 form to any other amounts on line 1.

Employer-provided dependent care benefits. If you received benefits for 1991 under your employer's dependent care plan, you may be able to exclude part or all of them from your income. But you must use Form 1040A and Schedule 2 (Form 1040A) or Form 1040 and Form 2441 to do so. The benefits should be shown in Box 22 of your W-2 form(s).

Line 2 Interest. Report **all** of your **taxable interest** income on line 2. Include taxable interest from banks, savings and loan associations, money market certificates, credit unions, savings bonds, etc. Also include any interest you received or that was credited to your account so you could withdraw it, even if it wasn't entered in your passbook. If interest was credited in 1991 on deposits that you could not withdraw because of the bankruptcy or insolvency of the financial institution, you may be able to exclude part or all of that interest from your 1991 income. But you must use Form 1040A or Form 1040 to do so. Get Pub. 550 for details.

If you cashed series EE U.S. savings bonds during 1991 that were issued after 1989 and you paid certain higher education expenses during the year, you may be able to exclude from income part or all of the interest on those bonds. But you must use Form 1040A or Form 1040 and Form 8815 to do so.

You must use Form 1040A or Form 1040 if **either** of the following applies:

- You received interest as a nominee (that is, in your name but the interest actually belongs to someone else), or
-

- You received a 1991 Form 1099-INT for U.S. savings bond interest that includes amounts you reported before 1991.

You must use Form 1040 if **any** of the following applies:

- You are reporting original issue discount (OID) in an amount more or less than the amount shown on Form 1099-OID, or
- You received or paid accrued interest on securities transferred between payment dates, or
- You acquired taxable bonds after 1987 and are electing to reduce the interest income on the bonds by any amortizable bond premium.

Each payer should send you a Form 1099-INT or Form 1099-OID showing interest you must report. A copy of the form is also sent to the IRS. Even if you did not receive a Form 1099-INT or Form 1099-OID, you must report all taxable interest.

Be sure each payer of interest income has your correct social security number. Otherwise, the payer may withhold 20% of the interest income (backup withholding). You may also be subject to penalties.

For more information on interest income, see Tele-Tax (topic no. 203) on page 25.

If you had **tax-exempt interest**, such as on municipal bonds, print "TEI" in the space to the right of the words "Form 1040EZ" on line 2. After "TEI," show the amount of your tax-exempt interest. **Do not** add tax-exempt interest in the total on line 2.

Figure your
tax—
Lines 6 and 7

Line 6 Enter the total amount of **Federal income tax withheld**. This should be shown in Box 9 of your 1991 Form(s) W-2.

Backup withholding. If you received a 1991 Form 1099-INT showing income tax withheld (backup withholding), include the tax withheld in the total on line 6. This should be shown in Box 4 of Form 1099-INT. To the left of line 6, print "Form 1099."

Excess social security taxes withheld. If you had more than one employer for 1991 and your total wages were over \$53,400, use the worksheet on page 15 to see if you had too much social security tax withheld. If you did, you can include the excess amount in the total on line 6.

If any employer withheld more than \$3,310.80 of social security tax, ask that employer to refund the excess to you. You cannot claim it on your return.

Excess railroad retirement (RRTA) taxes withheld. If you had more than one railroad employer for 1991 and your total compensation was over \$53,400, your employers may have withheld too much tier 1 tax. If your total compensation was over \$39,600, your employers may have withheld too much tier 2 tax. Get Pub. 505 to figure any excess amount to include on line 6. Do not use the worksheet on page 15.

If any employer withheld more than \$3,310.80 of tier 1 RRTA tax or more than \$1,940.40 of tier 2 tax, you must ask your employer to refund the excess to you. You cannot claim it on your return.

Excess social security taxes worksheet (keep for your records)

Do **not** use this worksheet if **any** RRTA tax was withheld from your pay. Instead, get Pub. 505 to figure the excess amount.

Tax figured by the IRS. If you want the IRS to figure your tax, skip lines 7 through 9. Then sign and date your return. Also, enter your occupation. If you paid too much tax, we will send you a refund. If you didn't pay enough tax, we will send you a bill. We won't charge you interest or a late payment penalty if you pay within 30 days of the notice date or by April 15, 1992, whichever is later. If you want to figure your own tax, complete the rest of your return.

Refund or amount you owe—

Follow the instructions on the form for lines 8 and 9 to see if you have a refund or if you owe more tax. You do not have to pay tax owed of less than \$1 and we will refund an amount of less than \$1 only if you request it when you file.

Lines 8 and 9

Penalty for not paying enough tax during the year. You may have to pay a penalty if **both** of the following apply:

- The amount you owe the IRS (line 9) is \$500 or more, and
- The amount of your Federal income tax withheld (line 6) is less than 90% of your tax (line 7).

You may choose to have the IRS figure the penalty for you. If you owe a penalty, the IRS will send you a bill. However, if you want to figure the penalty yourself on Form 2210, you must file Form 1040A or Form 1040 to do so. The penalty may be waived under certain conditions. Get Pub. 505 for details.

Sign your return

Form 1040EZ is not considered a valid return unless you sign it. Be sure to date your return and enter your occupation.

Child's return. If your child cannot sign his or her return, sign your child's name in the space provided. Then add "By (your signature), parent for minor child."

Paid preparers must sign your return. Generally, anyone you pay to prepare your return must sign it. Also, he or she must provide all other required information (in the preparer's own format) at the bottom of the form below the area for your signature. The preparer must sign your return by hand (signature stamps or labels cannot be used) and give you a copy of the return for your records.

Someone who prepares your return for you but does not charge you should not sign your return.

Section 5—After you fill out Form 1040EZ

Where do I file?

If an addressed envelope came with your return, please use it. If you do not have one, or if you moved during the year, mail your return to the **Internal Revenue Service Center** for the place where you live. **No street address is needed.**

What do I need if I write to the IRS?

If you write to the IRS about your return after you file it, include your social security number on your correspondence. If you don't include it, it may take us longer to reply.

What should I do if I move?

If you move, always notify, in writing, the Internal Revenue Service center where you filed your last return or the Chief, Taxpayer Service Division, in your local IRS district office. You can use Form 8822 to notify us of your new address. If you move after you file your return and you are expecting a refund, you should also notify the post office serving your old address. This will help forward your check to your new address.

How long should I keep my tax return?

Keep a copy of your tax return and records of all items appearing on it until the statute of limitations runs out. Usually this is 3 years from the date the return was due or filed, or 2 years from the date the tax was paid, whichever is later. You should keep some records longer. For example, keep property records (including those on your home) as long as they are needed to figure the basis of the original or replacement property. For more details, get Pub. 552.

Income tax withholding and estimated tax payments for 1992

If the amount you owe the IRS (line 9) or the refund the IRS owes you (line 8) is large, you may want to file a new Form W-4 with your employer to change the amount of income tax to be withheld from your pay. If you go back to work after a period of unemployment, you may be able to reduce your withholding.

In general, you do not have to make estimated tax payments if you expect that your 1992 tax return will show a tax refund OR a tax balance due the IRS of less than \$500.

See Pub. 505 for more details.

How do I amend my tax return?

Use Form 1040X to change the return you already filed. Generally, Form 1040X must be filed within 3 years after the date the original return was filed, or within 2 years after the date the tax was paid, whichever is later. A return filed early is considered filed on the date it was due. If your return is changed for any reason, it may affect your state income tax return. Contact your state tax agency for more information.

How do I get forms and publications?

Generally, we mail forms to you based on what you filed last year. Forms, schedules, and publications you may need are listed below and on page 21.

How do I use the order blank?

1. Cut the order blank on the dotted line and **be sure to print or type your name accurately on the other side**. This will be the label used to send material to you.
2. Circle the items you need. Use the blank spaces to order items not listed. If you need more space, attach a separate sheet of paper listing the additional items you need. To help reduce waste, please order only the items you think you will need to prepare your return. We will send you two copies of each form and one copy of each set of instructions or publication you circle.
3. Enclose the order blank in your own envelope and send it to the IRS address shown on page 22 for your state. Do not use the envelope we furnished you in your tax package because this envelope can be used only for filing your income tax return. Be sure to allow 2 weeks to receive your order.

Where do I call to get answers to my Federal tax questions?

Call the IRS with your tax question. If the instructions to the tax forms and our free tax publications have not answered your question, please call us TOLL-FREE. "Toll-free" is a telephone call for which you pay only local charges.

Choosing the right number—Use only the number listed below for your area. Use a local city number only if it is not a long distance call for you. **Please do not dial "1-800" when using a local city number.** However, when dialing from an area that does not have a local number, be sure to dial "1-800" before calling the toll-free number.

Before you call—Remember that good communication is a two-way process. IRS representatives care about the quality of the service we provide to you, our customer. You can help us provide accurate, complete answers to your tax questions by having the following information available:

1. The tax form, schedule, or notice to which your question relates.
2. The facts about your particular situation (the answer to the same question often varies from one taxpayer to another because of differences in their age, income, whether they can be claimed as a dependent, etc.).
3. The name of any IRS publication or other source of information that you used to look for the answer.

Before you hang up—If you do not fully understand the answer you receive, or you feel our representative may not fully understand your question, our representative needs to know this. The representative will be happy to take the additional time required to be sure he or she has answered your question fully and in the manner that is most helpful to you.

By law, you are responsible for paying your fair share of Federal income tax. If we should make an error in answering your question, you are still responsible for the payment of the correct tax. Should this occur, however, you will not be charged any penalty. To make sure that IRS representatives give accurate and courteous answers, a second IRS representative sometimes listens in on telephone calls. No record is kept of any taxpayer's identity.
