

Instructions for Form 1045

Application for Tentative Refund

What's New

Carryback of 2008 or 2009 net operating losses (NOLs). You can elect to carry back a 2008 or 2009 NOL for a period of 3, 4, or 5 years. This election is irrevocable and can be made even if you previously elected to forgo the carryback period for a 2008 or 2009 NOL. Any revocation of the election to forgo the NOL carryback period will also apply to a carryback of any alternative tax NOL for the same taxable year.

Eligible small business (ESB) losses. If you made an election to carry back a 2008 NOL that was attributable to an ESB for a period of 3, 4, or 5 years under Rev. Proc. 2009-26, 2009-19 I.R.B. 935, you can now elect to carry back, under the rules described above, any remaining 2008 or 2009 NOL that was not subject to the election under Rev. Proc. 2009-26.

For more information, see *Special Rules for 2008 and 2009 NOLs* on page 4. Also see Rev. Proc. 2009-52, 2009-49 I.R.B. 744.

Alternative tax net operating loss. The 90 percent limit on the alternative tax net operating loss deduction (ATNOLD) does not apply to the portion of an ATNOLD attributable to any 2008 or 2009 NOL you elect to carry back more than 2 years. See the instructions for line 17 on page 6.

Qualified Gulf Opportunity (GO) Zone loss. Beginning in 2009, the portion of any NOL attributable to a qualified GO Zone loss is now limited to the amount of any special GO Zone depreciation or amortization allowable for any specified GO Zone extension property placed in service during the tax year. For more information, see the instructions for line 10 beginning on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Form 1045 is used by an individual, estate, or trust to apply for a quick tax refund resulting from:

- The carryback of an NOL,

- The carryback of an unused general business credit,
- The carryback of a net section 1256 contracts loss, or
- An overpayment of tax due to a claim of right adjustment under section 1341(b)(1).

When carrying back an NOL to an earlier tax year, an alternative minimum tax (AMT) liability may be created for that earlier year. This may be true even if there was no AMT liability when the tax return for that earlier year was filed.

Waiving the carryback period. You can elect to carry an NOL forward only, instead of first carrying it back. To make this election for an NOL incurred in your 2009 tax year, attach to your 2009 tax return filed on or before the due date (including extensions) a statement that you are electing under section 172(b)(3) to relinquish the entire carryback period for any 2009 NOL. If you filed your return on time without making the election, you can still make the election on an amended return filed within 6 months of the due date of the return (excluding extensions). Attach the election to the amended return, and write "Filed pursuant to section 301.9100-2" on the election statement. Once made, the election is irrevocable.

Definitions

Eligible loss. For an individual, an eligible loss is any loss of property arising from fire, storm, shipwreck, other casualty, or theft.

For a small business (as defined in section 172(b)(1)(F)(iii)) or a farming business (as defined in section 263A(e)(4)), an eligible loss is any loss attributable to a federally declared disaster (as defined in section 165(h)(3)(C)(i)).

An eligible loss does not include a farming loss, a qualified disaster loss, a qualified GO Zone loss, a qualified recovery assistance loss, or a qualified disaster recovery assistance loss.

An eligible loss also does not include a 2008 or 2009 NOL for which you elect a 3, 4, or 5-year carryback

period under the special rules described beginning on page 4.

Farming loss. A farming loss is the smaller of:

- The amount that would be the NOL for the tax year if only income and deductions attributable to farming businesses (as defined in section 263A(e)(4)) were taken into account, or
 - The NOL for the tax year.
- A farming loss does not include a qualified disaster loss.

Qualified disaster loss. A qualified disaster loss is the smaller of:

1. The sum of:
 - a. Any losses occurring in a disaster area (as defined in section 165(h)(3)(C)) and attributable to a federally declared disaster occurring before January 1, 2010, plus
 - b. Any qualified disaster expenses allowable under section 198A (even if you did not elect to treat such expenses as qualified disaster expenses), or
2. The NOL for the tax year.

Excluded losses. A qualified disaster loss does not include any losses from property used in connection with any private or commercial golf course, country club, massage parlor, hot tub facility, suntan facility, or any store for which the principal business is the sale of alcoholic beverages for consumption off premises.

A qualified disaster loss also does not include any losses from any gambling or animal racing property. Gambling or animal racing property is any equipment, furniture, software, or other property used directly in connection with gambling, the racing of animals, or the on-site viewing of such racing, and the portion of any real property (determined by square footage) that is dedicated to gambling, the racing of animals, or the on-site viewing of such racing, unless this portion is less than 100 square feet.

Qualified GO Zone loss. For 2009, a qualified GO Zone loss is the smaller of:

1. The excess of the NOL for the year over the specified liability loss for the year to which a 10-year carryback applies, or

2. The total of any special GO Zone depreciation or amortization allowable for specified GO Zone extension property for the tax year such property is placed in service (even if you elected not to claim the special GO Zone depreciation allowance for such property).

For more information on the special GO Zone depreciation allowance, and the definition of specified GO Zone extension property, see Publication 536.

Qualified recovery assistance loss. For the definition of qualified recovery assistance loss, see page 2 of Pub. 4492-A.

Qualified disaster recovery assistance loss. For the definition of qualified disaster recovery assistance loss, see page 5 of Pub. 4492-B.

Specified liability loss. Generally, a specified liability loss is a loss arising from:

- Product liability, or
- An act (or failure to act) that occurred at least 3 years before the beginning of the loss year and resulted in a liability under a federal or state law requiring:
 1. Reclamation of land,
 2. Dismantling of a drilling platform,
 3. Remediation of environmental contamination, or
 4. Payment under any workers compensation act.

Any loss from a liability arising from (1) through (4) above can be taken into account as a specified liability loss only if you used an accrual method of accounting throughout the period in which the act (or failure to act) occurred. For details, see section 172(f).

When To File

You must file Form 1045 within 1 year after the end of the year in which an NOL, unused credit, a net section 1256 contracts loss, or claim of right adjustment arose. However, if you make a 3, 4, or 5-year carryback election for a 2008 NOL, you have until the due date (including extensions) for filing your 2009 return to file Form 1045. Also, if you make a 3, 4, or 5-year carryback election for a 2009 NOL by filing Form 1045 instead of attaching an election statement to your 2009 return, you have until the due date (including extensions) for filing your 2009 return to file Form 1045.

Be sure to file your 2009 income tax return no later than the date you file Form 1045.

If you carry back any portion of an NOL or an unused general business credit to tax years before the 3 years preceding the 2009 tax year, you may need to use additional Forms 1045. Complete lines 1 through 9 and Schedule A on only one Form 1045. Use this Form 1045 for the earliest preceding tax years. You must sign this Form 1045, but do not need to sign the other Forms 1045.

Where To File

File Form 1045 with the Internal Revenue Service Center for the place where you live as shown in the instructions for your 2009 income tax return.

Do not include Form 1045 in the same envelope as your 2009 income tax return.

What To Attach

Attach copies of the following, if applicable, to Form 1045 for the year of the loss or credit.

- If you are an individual, pages 1 and 2 of your 2009 Form 1040 and Schedules A, D, and J (Form 1040), if applicable,
- Any Form 4952, Investment Interest Expense Deduction, attached to your 2009 income tax return,
- All Schedules K-1 you received from partnerships, S corporations, estates, or trusts that contribute to the carryback,
- Any application for extension of time to file your 2009 income tax return,
- All Forms 8886, Reportable Transaction Disclosure Statement, attached to your 2009 income tax return,
- Forms 8302, Electronic Deposit of Tax Refund of \$1 Million or More,
- All other forms and schedules from which a carryback results, such as Schedule C or F (Form 1040); Form 3800, General Business Credit; Form 6781, Gains and Losses From Section 1256 Contracts and Straddles; or Form 6251, Alternative Minimum Tax—Individuals; and related ATNOLD calculations, and
- Any applicable election statement, such as the election for the 3, 4, or 5-year carryback period under Rev. Proc. 2009-52.

Also attach to Form 1045 copies of all forms or schedules for items refigured in the carryback years, such as Form 3800; Form 6251; or Form 6781.

You must attach copies of all required forms listed above, and complete all lines on Form 1045 that apply to you. Otherwise, your application may be disallowed.

Processing the Application

The IRS will process your application within 90 days from the later of:

- The date you file the complete application, or
- The last day of the month that includes the due date (including extensions) for filing your 2009 income tax return (or, for a claim of right adjustment, the date of the overpayment under section 1341(b)(1)).

The processing of Form 1045 and the payment of the requested refund does not mean the IRS has accepted your application as correct. If the IRS later determines that the claimed deductions or credits are due to an overstatement of the value of property, negligence, disregard of rules, or substantial understatement of income tax, you may have to pay penalties. Any additional tax also will generate interest compounded daily.

The IRS may need to contact you or your authorized representative (for example, your accountant or tax return preparer) for more information so we can process your application. If you want to designate a representative for us to contact, attach a copy of your authorization to Form 1045. For this purpose, you can use Form 2848, Power of Attorney and Declaration of Representative.

Disallowance of the Application

Your application is not treated as a claim for credit or refund. It may be disallowed if it has material omissions or math errors that are not corrected within the 90-day period. If the application is disallowed in whole or in part, no suit challenging the disallowance can be brought in any court. But you can file a regular claim for credit or refund before the limitation period expires, as explained later under *Form 1040X or Other Amended Return*.

Excessive Allowances

Any amount applied, credited, or refunded based on this application that the IRS later determines to be excessive may be billed as if it were due to a math or clerical error on the return.

Form 1040X or Other Amended Return

Individuals can get a refund by filing Form 1040X, Amended U.S. Individual Income Tax Return, instead of Form 1045. An estate or trust can file an amended Form 1041, U.S. Income Tax Return for Estates and Trusts. Generally, you must file an amended return no later than 3 years after the due date of the return for the applicable tax year.

If you use Form 1040X or other amended return, follow the instructions for that return. Attach to the amended return a copy of Schedule A of Form 1045 showing the computation of the NOL and, if applicable, a copy of Schedule B of Form 1045 showing the computation of the NOL carryover. Complete a separate Form 1040X or other amended return for each year for which you request an adjustment.

The procedures for Form 1040X and Form 1045 are different. The IRS is not required to process your Form 1040X within 90 days. However, if we do not process it within 6 months from the date you file it, you can file suit in court. If the IRS disallows your claim on Form 1040X and you disagree with that determination, you must file suit no later than 2 years after the date we disallow it.

Additional Information

For more details on NOLs, see Pub. 536, Net Operating Losses (NOLs) for Individuals, Estates, and Trusts.

Specific Instructions

Address

P.O. box. Enter your box number only if your post office does not deliver mail to your street address.

Foreign address. Enter the information in the following order: City, province or state, and country. Follow the country's practice for entering the postal code. Do not abbreviate the country name.

Line 1b—Unused General Business Credit

If you claim a tentative refund based on the carryback of an unused general business credit, attach a detailed computation showing how you figured the credit carryback and a recomputation of the credit after you apply the carryback. Generally, an unused general business credit can be carried back 1 year. Make the

recomputation on the 2008 Form 3800.

If you filed a joint return (or separate return) for some but not all of the tax years involved in figuring the unused credit carryback, special rules apply to figuring the carryback. See the instructions for Form 3800.

Line 1c—Net Section 1256 Contracts Loss

An individual can elect to carry back a net section 1256 contracts loss to each of the 3 tax years preceding the loss year. An estate or trust is not eligible to make this election. To make the election, check box D at the top of Form 6781. The amount which can be used in any prior tax year cannot exceed the net section 1256 contract gain in that year and cannot increase or create an NOL for that year. Reflect the carryback as a reduction to your adjusted gross income in the "After carryback" column on line 11. Attach to Form 1045 a copy of Form 6781 and Schedule D (Form 1040) for the year of the net section 1256 contracts loss and an amended Form 6781 and an amended Schedule D (Form 1040) for each carryback year. For more details, see section 1212(c).

Line 9

If an NOL or net section 1256 contracts loss carryback eliminates or reduces a prior year foreign tax credit, you cannot use Form 1045 to carry the released foreign tax credits to earlier years. Also, if the released foreign tax credits result in the release of general business credits, you cannot use Form 1045 to carry the released general business credits to earlier years. Instead, you must file Form 1040X or other amended return to claim refunds for those years. For details, see Rev. Rul. 82-154, 1982-2 C.B. 394.

Lines 10 Through 27—Computation of Decrease in Tax

Use one pair of columns to enter amounts before and after carryback for each year to which the loss is being carried. Start with the earliest carryback year. A net section 1256 contracts loss can be carried back 3 years. See the instructions for line 10 that begin on this page to figure the tax years to which you can carry an NOL. Use the remaining pairs of columns for each consecutive preceding tax year until the loss is fully absorbed. Enter the ordinal number of years the loss is being

carried back and the date the carryback year ends in the spaces provided in the headings above line 10 for each pair of columns.

Example. Your tax year is the 2009 calendar year and you are carrying an NOL back 2 years. You enter "2nd" and "12/31/07" in the left column heading in the spaces provided. The column heading now reads "2nd preceding tax year ended 12/31/07."

For each carryback year, enter in the column labeled "Before carryback" the amounts for the carryback year as shown on your original or amended return. If the amounts were previously adjusted by you or the IRS, enter the amounts after adjustment.

Line 10—NOL Deduction After Carryback

Use the following rules to figure the tax years to which you must carry an NOL shown on Schedule A, line 25. If an NOL is not fully absorbed in a year to which it is carried, complete Schedule B to figure the amount to carry to the next carryback year.

Note. You may need to use additional Forms 1045 to carry back an NOL. Complete lines 1 through 9 and Schedule A on only one Form 1045. Use this Form 1045 for the earliest preceding tax years. You must sign this Form 1045, but do not need to sign the other Forms 1045.

General rule. You generally must carry back the entire NOL to the 2nd tax year before the loss year. Any loss not used in the 2nd preceding year is then carried to the 1st preceding year. Any loss not applied in the 2 preceding years can be carried forward up to 20 years. The 2-year carryback period does not apply to the portion of an NOL attributable to an eligible loss; a farming loss; a qualified disaster, GO Zone, recovery assistance, or disaster recovery assistance loss; a specified liability loss; or a 2008 or 2009 NOL for which an election is made under Rev. Procs. 2009-26 or 2009-52 (see *Special Rules for 2008 or 2009 NOLs* on page 4).

Eligible losses. To the extent the NOL is an eligible loss (defined on page 1), it is carried back to the 3rd tax year before the loss. Any such loss not used in that year is carried to the 2nd and then the 1st preceding year. Any such loss that is not applied in the 3 preceding years can be carried forward up to 20 years.

Only the eligible loss portion of the NOL can be carried back 3 years.

Example. You have a \$20,000 NOL of which only \$5,000 is an eligible loss. The \$5,000 eligible loss is carried back 3 years, but the remaining \$15,000 loss is carried back only 2 years (unless you make an election under the special rules for 2008 or 2009 NOLs as explained later on this page), even if you had modified taxable income of more than \$5,000 in the 3rd preceding year.

Farming losses. To the extent the NOL is a farming loss (defined on page 1), that part of the loss is carried back to the 5th tax year before the loss. Any such loss not used in that year is carried to the 4th preceding year and then applied consecutively forward through the 1st preceding year. Any such loss not applied in the 5 preceding years can be carried forward up to 20 years.

Only the farming loss portion of the NOL can be carried back 5 years.

Example. You operate a farming business and incur an NOL of \$50,000 for 2009. \$25,000 of the NOL is attributable to income and deductions of your farming business; \$10,000 is attributable to a fire in your personal residence (an eligible loss); and the remaining \$15,000 is attributable to your spouse's work as an employee. The \$25,000 farming loss is carried back 5 years; the \$10,000 eligible loss is carried back 3 years; and the remaining \$15,000 loss is carried back 2 years (unless you make an election under the special rules for 2008 or 2009 NOLs as explained later on this page). Any unused portion of this NOL can be carried forward up to 20 years.

You can make an election to figure the carryback period for a farming loss without regard to the special 5-year carryback rule. To make this election for 2009, attach to your 2009 income tax return filed by the due date (including extensions) a statement that you are electing to treat any 2009 farming losses without regard to the special 5-year carryback rule. If you filed your original return on time, you can make the election on an amended return filed within 6 months after the due date of the return (excluding extensions). Attach the election to the amended return, and write "Filed pursuant to section 301.9100-2" on the election statement. Once made, the election is irrevocable.

Qualified disaster, GO Zone, recovery assistance, and disaster recovery assistance losses. To the extent the NOL is a qualified disaster, GO Zone, recovery assistance, or disaster recovery assistance loss (defined beginning on

page 1), that part of the loss is carried back to the 5th tax year before the loss. Any such loss not used in that year is carried to the 4th preceding year and then applied consecutively forward through the 1st preceding year. Any such loss not applied in the 5 preceding years can be carried forward up to 20 years.

Only the qualified disaster, GO Zone, recovery assistance, or disaster recovery assistance loss portions of the NOL can be carried back 5 years.

Example. You have a \$40,000 NOL of which \$15,000 is a qualified disaster loss. The \$15,000 qualified disaster loss is carried back 5 years, but the remaining \$25,000 loss is carried back only 2 years (unless you make an election under the special rules for 2008 or 2009 NOLs as explained later on this page). Any unused portion of this NOL can be carried forward up to 20 years.

You can make an election to figure the carryback period for a qualified disaster, GO Zone, recovery assistance, or disaster recovery assistance loss without regard to the special 5-year carryback rule. To make this election for 2009, attach to your 2009 income tax return filed by the due date (including extensions) a statement that you are electing to treat any 2009 qualified disaster, GO Zone, recovery assistance, or disaster recovery assistance losses without regard to the special 5-year carryback rule. If you filed your original return on time, you can make the election on an amended return filed within 6 months after the due date of the return (excluding extensions). Attach the election to the amended return, and write "Filed pursuant to section 301.9100-2" on the election statement. Once made, the election is irrevocable.

Special Rules for 2008 or 2009 NOLs. You can elect to apply a 3, 4, or 5-year carryback period instead of the general 2-year carryback period for any 2008 or 2009 NOL. Once made, the election is irrevocable. Any such NOLs not used in the 3rd, 4th, or 5th preceding tax year (depending on which carryback period you elect) are carried to the next more recent preceding tax year (either the 2nd, 3rd, or 4th preceding tax year, whichever applies) and then applied consecutively forward through the 1st preceding tax year.

Generally, this election is available for only 1 tax year (either 2008 or 2009). However, if you made an election for 2008 under Rev. Proc. 2009-26 for an NOL attributable to an ESB (see the 2008 Instructions for

Form 1045), you can make another election under these rules for an NOL that was not covered by your previous election. An NOL carried back to the 5th preceding tax year under these special rules can offset no more than 50 percent of your taxable income for the 5th preceding tax year (computed without regard to the NOL carryback for the loss year or any tax year thereafter). This limitation does not apply to the 3rd or 4th preceding tax year nor does it apply to the portion of the loss carried back under another provision of the law, such as a specified liability loss, farming loss, or qualified disaster loss. Any loss not used in the carryback years can be carried forward up to 20 years.

You can choose to make this election by filing an election statement with (1) your Form 1045 or amended Form 1045, (2) your income tax return or amended tax return for the loss year, or (3) your amended income tax return for the earliest carryback year.

The election statement must state:

1. You are electing to apply section 172(b)(1)(H) under Rev. Proc. 2009-52,
2. You are not a Troubled Asset Relief Program (TARP) recipient nor were you, in 2008 or 2009, an affiliate of a TARP recipient, and
3. The carryback period (3, 4, or 5 years) you are electing for your 2008 or 2009 NOL.

An election to apply a 3, 4, or 5-year carryback period must be filed by the due date (including extensions) for filing your 2009 return. If you filed your return on time without making the election, you can still make the election on an amended return filed within 6 months of the due date of the return (excluding extensions) by attaching the election to the amended return, and writing "Filed pursuant to section 301.9100-2" on the election statement.

If you make the election to carry back a 2009 NOL, you must use 2009 Form 1045 to claim the deduction. To make a 2008 NOL claim, you must use the 2008 Form 1045. However, if you elect a 5-year carryback for a 2008 NOL under the special rules explained above, you must follow the Special Rules for Certain 5-Year NOL Carrybacks explained in the 2009 instructions for Schedule B, line 10, beginning on page 8.

Changing your carryback period. You can elect to use a 3, 4, or 5-year carryback period for a 2008

or 2009 NOL even if you (a) previously filed Form 1045, or (b) made an election to waive the carryback period for an NOL arising in a tax year ending before November 6, 2009. To make the election, attach an election statement to (a) an amended Form 1045, (b) an amended return (using Form 1040X or Form 1041) for the loss year, or (c) an amended return for the earliest carryback year. The election statement must include the three items listed under *Special Rules for 2008 or 2009 NOLs* on page 4. If you previously filed a Form 1045 or amended return for the 2008 or 2009 NOL, you must also state that the election amends the previous Form 1045 or amended return. If you previously made an election to waive the carryback period, you must also state that you are revoking an NOL carryback waiver. Generally, the Form 1045 or amended return must be filed by April 15, 2010 (or up to October 15, 2010, if an extension is filed).

ESBs. If you elected a 3, 4, or 5-year carryback period for an NOL attributable to an ESB under Rev. Proc. 2009-26, you cannot revoke that election to make an election under Rev. Proc. 2009-52. However, you can make an election under Rev. Proc. 2009-52 for an NOL that was not covered by your election under Rev. Proc. 2009-26 as explained earlier on page 4. See the 2008 Instructions for Form 1045 for more information on electing a 3, 4, or 5-year carryback period for an NOL attributable to ESBs.

Specified liability losses. To the extent an NOL is a specified liability loss (defined on page 2), that part of the loss is carried back to the 10th tax year before the loss. Any such loss not used in that year is carried to the 9th preceding year and then applied consecutively forward through the 1st preceding year. Any such loss that is not applied in the 10 preceding years can be carried forward up to 20 years.

Only the specified liability loss portion of the NOL can be carried back 10 years.

You can make an election to figure the carryback period for a specified liability loss without regard to the special 10-year carryback rule. To make this election for 2009, attach to your 2009 income tax return filed by the due date (including extensions) a statement that you are electing to treat any 2009 specified liability losses without regard to the special 10-year carryback rule. If you filed your original return on time, you can

make the election on an amended return filed within 6 months after the due date of the return (excluding extensions). Attach the election to the amended return, and write "Filed pursuant to section 301.9100-2" on the election statement. Once made, the election is irrevocable.

Special rules. Special rules apply if you filed a joint return (or a separate return) for some but not all of the tax years involved in figuring an NOL carryback. For details, see Pub. 536. Attach a computation showing how you figured the carryback.

Line 11—Adjusted Gross Income

Enter in the column labeled "Before carryback" your adjusted gross income (AGI) for the carryback year as shown on your original or amended return.

Enter in the column labeled "After carryback" your AGI refigured after you apply the NOL or net section 1256 contracts loss carryback and after you refigure any items of income and deductions that are based on or limited to a percentage of your AGI. Amounts to refigure include:

- The special allowance for passive activity losses from rental real estate activities,
- Taxable social security benefits,
- IRA deductions,
- The student loan interest deduction,
- The tuition and fees deduction,
- Excludable savings bond interest, and
- The exclusion of amounts received under an employer's adoption assistance program.

Line 12—Deductions

- Line 37 for 2003,

If you filed Form 1040NR, enter the amount shown (or as previously adjusted) on:

- Line 37 for 2005 – 2008,
- Line 36 for 2004,

If you filed Form 1040EZ and checked any box on Form 1040EZ, line 5 (the "Yes" box on line 5 for 1999 – 2004), enter the amount shown (or as previously adjusted) on line E (line D for 2005) of the worksheet on the back of Form 1040EZ. If you did not check any box (or you checked the "No" box for 1999 – 2004), enter:

- \$5,450 for 2008 (\$10,900 if married),
- \$5,350 for 2007 (\$10,700 if married),
- \$5,150 for 2006 (\$10,300 if married),
- \$5,000 for 2005 (\$10,000 if married),
- \$4,850 for 2004 (\$9,700 if married),
- \$4,750 for 2003 (\$9,500 if married),
- \$4,700 for 2002 (\$7,850 if married),
- \$4,550 for 2001 (\$7,600 if married),
- \$4,400 for 2000 (\$7,350 if married), or
- \$4,300 for 1999 (\$7,200 if married).

If you used TeleFile for your original return and someone else could claim you as a dependent on their return, see Form 1040EZ for the year in question and complete the worksheet on the back of that form. Next, enter the amount from line E of that worksheet on Form 1045, line 12, in the column labeled "Before carryback" for the applicable year. If no one could claim you as a dependent, enter the amount listed above for that year.

After carryback. If you itemized deductions in the carryback year, enter in the column labeled "After carryback" the total of your deductions after refiguring any that are based on, or limited to a percentage of, your adjusted gross income. To refigure your deductions, use your refigured adjusted gross income (Form 1045, line 11, using the "After carryback" column). Amounts you may have to refigure include:

- Medical expenses,
- Qualified mortgage insurance premiums,
- Personal casualty and theft losses,
- Miscellaneous deductions subject to the 2% limit, and
- Itemized deductions subject to the overall limit of section 68.

Do not refigure your charitable contributions deduction.

If you have an NOL, see Pub. 536 for more information and examples.

If you did not itemize deductions in the carryback year, enter your standard deduction for that year.

Line 14—Exemptions

Individuals. Enter in the column labeled “Before carryback” for each applicable carryback year, the amount shown (or as previously adjusted) on Form 1040:

- Line 42 for 2005 – 2008,
- Line 41 for 2004,
- Line 39 for 2003,
- Line 40 for 2002, or
- Line 38 for 1999 – 2001.

If you filed Form 1040NR, enter the amount shown (or as previously adjusted) on:

- Line 39 for 2005 – 2008,
- Line 38 for 2004,
- Line 37 for 2003,
- Line 38 for 2002, or
- Line 37 for 1999 – 2001.

If you filed Form 1040A, enter the amount shown (or as previously adjusted) on:

- Line 26 for 2002 – 2008,
- Line 24 for 2000 – 2001, or
- Line 23 for 1999.

If you filed Form 1040EZ and checked the “You” box on Form 1040EZ, line 5 (the “Yes” box on line 5 for 1999 – 2004), enter zero (or the amount from line F (line E for 2005) of the 1040EZ worksheet if married). If you did not check any box (or you checked the “No” box for 1999 – 2004), enter:

- \$3,500 for 2008 (\$7,000 if married),
 - \$3,400 for 2007 (\$6,800 if married),
 - \$3,300 for 2006 (\$6,600 if married),
 - \$3,200 for 2005 (\$6,400 if married),
 - \$3,100 for 2004 (\$6,200 if married),
 - \$3,050 for 2003 (\$6,100 if married),
 - \$3,000 for 2002 (\$6,000 if married),
 - \$2,900 for 2001 (\$5,800 if married),
 - \$2,800 for 2000 (\$5,600 if married),
- or
- \$2,750 for 1999 (\$5,500 if married).

If you used TeleFile for your original return and someone else could claim you as a dependent on their return, enter zero if you were single. If you were married, see Form 1040EZ for the year in question and complete the worksheet on the back of that form. Next, enter the amount from line F of that worksheet on Form 1045, line 14, in the column labeled “Before carryback” for the applicable year. If no one could claim you as a dependent, enter the amount listed above for that year.

After carryback. If your deduction for personal exemptions in the carryback year was limited based on your adjusted gross income, enter in the column labeled “After carryback” the deduction for personal exemptions refigured using your refigured adjusted gross income (Form 1045, line 11, using the “After carryback” column).

Estates and trusts. Enter in the columns labeled “Before carryback” and “After carryback” for each applicable carryback year the amount shown (or as previously adjusted) on Form 1041, line 20.

Line 16—Income Tax

Use your refigured taxable income (Form 1045, line 15, using the “After carryback” column) to refigure your tax for each carryback year. Include any tax from Form 4970, Tax on Accumulation Distribution of Trusts, and Form 4972, Tax on Lump-Sum Distributions. Attach any schedule used to figure your tax or an explanation of the method used to figure the tax and, if necessary, a detailed computation.

For example, write “Tax Computation Worksheet–2007” if this is the method used for that year. You do not need to attach a detailed computation of the tax in this case.

Line 17—Alternative Minimum Tax

The carryback of an NOL or net section 1256 contracts loss may affect or cause you to owe alternative minimum tax. Individuals use Form 6251 to figure this tax. Estates and trusts use Schedule I (Form 1041).

The 90% limit on the alternative tax net operating loss deduction (ATNOLD) does not apply to the portion of an ATNOLD attributable to qualified disaster losses, qualified GO Zone losses, qualified recovery assistance losses, qualified disaster recovery assistance losses, or any 2008 or 2009 NOL that you elected to carry back more than 2 years under the special rules described beginning on page 4. Instead, the ATNOLD for the tax year is limited to the sum of:

1. The smaller of:
 - a. The sum of the ATNOLD carrybacks and carryforwards to the tax year attributable to NOLs other than qualified disaster losses, qualified GO Zone losses, qualified recovery assistance losses, qualified disaster recovery assistance losses, or any 2008 or 2009 NOL that you elected to carry back more than 2 years under the special rules described beginning on page 4, or
 - b. 90% of AMTI for the tax year (figured without regard to the ATNOLD and any domestic production activities deduction), plus
2. The smaller of:
 - a. The sum of the ATNOLD carrybacks to the tax year attributable to qualified disaster losses, qualified GO Zone losses, qualified recovery assistance losses, qualified disaster

recovery assistance losses, or any 2008 or 2009 NOL that you elected to carry back more than 2 years under the special rules described beginning on page 4, or

b. AMTI for the tax year (figured without regard to the ATNOLD and any domestic production activities deduction) reduced by the amount determined under (1), above.

If you elect to carry back a 2008 or 2009 NOL to the 5th taxable year under the special rules described beginning on page 4, the 50 percent limitation on modified taxable income is applied separately based on the alternative minimum taxable income.

Line 19—General Business Credit

Enter in the column labeled “After carryback” for each affected carryback year the total of the recomputed general business credits, using Form 3800 (or using Forms 3800, 5884, 6478, 8586, 8835 (Section B), 8844, 8846, or 8884, if applicable, to recompute the general business credits for years before 2008).

If an NOL or net section 1256 contracts loss carryback eliminates or reduces a general business credit in an earlier year, you may be able to carry back the released credit 1 year. See section 39 and the instructions for Form 3800 for more details on general business credit carrybacks.

Line 20—Other Credits

See your tax return for the carryback year for any additional credits such as the earned income credit, credit for child and dependent care expenses, child tax credit, education credits, foreign tax credit, retirement savings contributions credit, etc., that will apply in that year. If you make an entry on this line, identify the credit(s) claimed.

After carryback. Refigure any credits included on this line that are based on or limited by your tax liability. Use your refigured tax liability to refigure your credits for each carryback year.

Line 23—Self-Employment Tax

Do not adjust self-employment tax because of any carryback.

Line 24—Other Taxes

See your tax return for the carryback year for any other taxes not mentioned above, such as recapture taxes, tax on an IRA, etc., that will apply in that year. If you make an

entry on this line, identify the taxes that apply.

Line 28—Overpayment of Tax Under Section 1341(b)(1)

If you apply for a tentative refund based on an overpayment of tax under section 1341(b)(1), enter it on this line. Also, attach a computation showing the information required by Regulations section 5.6411-1(d).

Signature

Individuals. Sign and date Form 1045. If Form 1045 is filed jointly, both spouses must sign.

Estates. All executors or administrators must sign and date Form 1045.

Trusts. The fiduciary or an authorized representative must sign and date Form 1045.

Schedule A—NOL

Complete and file this schedule to determine the amount of the NOL that is available for carryback or carryover.

Line 2—Nonbusiness Capital Losses

Do not include on this line any section 1202 exclusion amounts (even if entered as losses on Schedule D (Form 1040) or Schedule D (Form 1041)).

Line 6—Nonbusiness Deductions

Enter as a positive number deductions that are not connected with a trade or business. They include:

- IRA deductions,
- Health savings account deduction,
- Archer MSA deduction,
- Deductions for payments on behalf of a self-employed individual to a SEP, SIMPLE, or qualified plan,
- Alimony paid,
- The additional exemption amount for providing housing to a Midwestern displaced individual from Form 8914, line 6,
- Most itemized deductions (except for state income tax on business profits, casualty and theft losses, and any employee business expenses), and
- The standard deduction (minus the amount of any net disaster loss from Schedule L (Form 1040A or 1040), line 6).

Do not include on line 6 the deduction for personal exemptions for you, your spouse, or your dependents.

Do not include on line 6 any business deductions. These are deductions that are connected with a trade or business. They include:

- State income tax on business profits,
- Educator expenses,
- Moving expenses,
- The deduction for one-half of self-employment tax,
- Domestic production activities deduction,
- Rental losses,
- Loss on the sale or exchange of business real estate or depreciable property,
- Your share of a business loss from a partnership or an S corporation,
- Ordinary loss on the sale or exchange of section 1244 (small business) stock,
- Ordinary loss on the sale or exchange of stock in a small business investment company operating under the Small Business Investment Act of 1958,
- Loss from the sale of accounts receivable if such accounts arose under the accrual method of accounting,
- If you itemized your deductions, casualty and theft losses (even if they involve nonbusiness property) and employee business expenses (such as union dues, uniforms, tools, and educational expenses), and
- The amount of any net disaster loss from Schedule L (Form 1040A or 1040), line 6, you included in your standard deduction.

Line 7—Nonbusiness Income Other Than Capital Gains

Enter income that is not from a trade or business. Examples are ordinary dividends, annuities, and interest on investments.

Do not enter business income on line 7. This is income from a trade or business and includes:

- Salaries and wages,
- Rental income,
- Gain on the sale or exchange of business real estate or depreciable property, and
- Your share of business income from a partnership or an S corporation.

For more details on business and nonbusiness income and deductions, see Pub. 536.

Line 17—Section 1202 Exclusion

Enter as a positive number any gain excluded under section 1202 on the sale or exchange of qualified small business stock.

Schedule B—NOL Carryover

Complete and file this schedule to determine the NOL deduction for each carryback year and the amount to be carried forward, if not fully absorbed. Unless you are making an election to carry back an NOL 5 years under Rev. Proc. 2009-52, make the same entries in each column heading as on page 1 of Form 1045 (see the instructions for *Lines 10 Through 27* on page 3). If you elect to carry back an NOL 5 years under Rev. Proc. 2009-52, for the 5th carryback year enter on line 1 of Schedule B the amount of the NOL that could be carried back to that year if the carryback was not limited to 50 percent of taxable income. For example, if you elect to carryback a \$20,000 NOL 5 years and taxable income for the 5th carryback year is \$10,000, enter \$20,000 on line 1 of Schedule B rather than \$5,000, the amount of the NOL that is deductible in the carryback year.

Generally, if an NOL is more than the modified taxable income for the earliest year to which it is carried, you must file Schedule B to figure the amount of the NOL to be carried to the next tax year. The amount of the carryover is generally the excess, if any, of the NOL carryback over the modified taxable income for that earlier year. Modified taxable income is the amount figured on line 9 of Schedule B.

If you carry two or more NOLs to a tax year, figure your modified taxable income by deducting the NOLs in the order in which they were incurred. First, deduct the NOL from the earliest year, then the NOL from the next earliest year, etc. After you deduct each NOL, there will be a new, smaller, modified taxable income to compare to any remaining NOL.

Special Rules for Certain 5-Year NOL Carrybacks. If you elect to carry back a 2008 or 2009 NOL for a period of 5 years under Rev. Proc. 2009-52 (as explained under *Special Rules for 2008 or 2009 NOLs* beginning on page 4), the amount so elected is absorbed by no more than 50 percent of your modified taxable income for the 5th preceding tax year. You must follow the special rules discussed in the instructions for Schedule B, line 10, beginning on the next page.

Line 2

Do not take into account on this line any NOL carryback from 2009 or later. However, do take into account

NOLs that occurred in tax years before 2009 and are otherwise allowable as carrybacks or carryovers.

Note. If your taxable income is shown as zero on your tax return (or as previously adjusted) for any carryback year, refigure it without limiting the result to zero, and enter it on line 2 as a negative number.

Line 3—Net Capital Loss Deduction

Individuals. Enter as a positive number the amount, if any, shown (or as previously adjusted) on Schedule D (Form 1040), line 21 (line 18 for 1999 – 2003).

Estates and trusts. Enter as a positive number the amount, if any, shown (or as previously adjusted) on Schedule D (Form 1041), line 16 (line 17 for 1999 – 2003).

Line 4—Section 1202 Exclusion

Enter as a positive number any gain excluded under section 1202 on the sale or exchange of qualified small business stock.

Line 5—Domestic Production Activities Deduction

Enter as a positive number the amount of any domestic production activities deduction claimed on your return.

Line 6—Adjustments to Adjusted Gross Income

If you entered an amount on line 3 or line 4, you must refigure certain income and deductions based on adjusted gross income. These include:

- The special allowance for passive activity losses from rental real estate activities,
- Taxable social security benefits,
- IRA deductions,
- Excludable savings bond interest,

- The exclusion of amounts received under an employer's adoption assistance program,
- The student loan interest deduction, and
- The tuition and fees deduction.

For purposes of figuring the adjustment to each of these items, your adjusted gross income is increased by the total of the amounts on line 3 and line 4. Do not take into account any NOL carryback from 2009 or later.

Generally, figure the adjustment to each item of income or deduction in the order listed above and, when figuring the adjustment to each subsequent item, increase or decrease adjusted gross income by the total adjustments you figured for the previous items. However, a special rule applies if you received social security benefits and deducted IRA contributions. Use the worksheets in Pub. 590, Individual Retirement Arrangements (IRAs), to refigure your taxable social security benefits and IRA deductions under the special rule.

Enter on line 6 the total adjustments made to the listed items. Attach a computation showing how you figured the adjustments.

Line 7—Adjustment to Itemized Deductions

Individuals. Skip this line if, for the applicable carryback year:

- You did not itemize deductions, or
- The amounts on Schedule B, lines 3 through 5, are zero.

Otherwise, complete lines 11 through 38 and enter on line 7 the amount from line 38 (or, if applicable, line 14 of the worksheet on page 10).

Estates and trusts. Recompute the miscellaneous itemized deductions shown (or as previously adjusted) on Form 1041, line 15b, and any casualty or theft losses shown (or as previously adjusted) on Form 4684, Casualties and Thefts, line 18 (line 20 for 2005 and 2006; line 23 for 2008)

by substituting modified adjusted gross income (see below) for the adjusted gross income of the estate or trust. Subtract the recomputed deductions and losses from the deductions and losses previously shown, and enter the difference on line 7.

Modified adjusted gross income for estates and trusts.

For purposes of figuring miscellaneous itemized deductions subject to the 2% limit, figure modified adjusted gross income by adding the following amounts to the adjusted gross income previously used to figure these deductions.

- The total of the amounts from lines 3 through 6 of Form 1045, Schedule B.
- The exemption amount shown (or as previously adjusted) on Form 1041, line 20.
- The income distribution deduction shown (or as previously adjusted) on Form 1041, line 18.

For purposes of figuring casualty or theft losses, figure modified adjusted gross income by adding the total of the amounts from lines 3 through 6 of Form 1045, Schedule B, to the adjusted gross income previously used to figure these losses.

Line 10—NOL Carryover

Generally, subtract line 9 from line 1. If zero or less, enter -0-. After completing all applicable columns, carry forward to 2010 the amount, if any, on line 10 of the column for the 1st preceding tax year.

Special Rules for Certain 5-year NOL Carrybacks. If you make an election to carry back a 2008 or 2009 NOL for 5 years, follow the rules below for the 5th preceding tax year.

Carryback under Rev. Proc. 2009-52. The amount of the NOL that is absorbed in the 5th preceding tax year is limited to 50 percent of modified taxable income for such a tax year (determined without regard to the NOL for the loss year or any

Worksheet for NOL Carryover—Line 10

Before you begin: ✓ See the instructions for line 10 above to see if you must use this worksheet.

tax year thereafter). To figure this limit, combine lines 2 through 8 on Schedule B and divide that amount by 2. Enter the result (but not less than zero) on Schedule B, line 9. Subtract the amount on line 9 from the amount on line 1 and enter the result on line 10. For other years, the general rule applies.

Note. When you carry back your NOL to the 5th preceding tax year, the amount you can carry back is limited to 50 percent of your taxable income, not your modified taxable income, for the 5th preceding tax year. See instructions for line 10 of Form 1045. However, you must calculate modified taxable income to determine how much of the remaining NOL can be carried forward to the 4th preceding tax year using Schedule B, if your NOL is not fully absorbed by 50 percent of your taxable income in the 5th preceding tax year. The amount you can carry forward from the 5th preceding tax year to the 4th preceding tax year equals the excess of your NOL over 50 percent of your modified taxable income, not your taxable income, for the 5th preceding tax year.

Carryback under Rev. Proc. 2009-52 and other 5-year carryback provisions. If you carry back part of your NOL to the 5th preceding tax

year under Rev. Proc. 2009-52 and also carry back to the 5th preceding tax year another part of your NOL from the same loss year under a different 5-year carryback provision, such as Rev. Proc. 2009-26 (for ESBs) or section 172(b)(1)(G) (farming losses), use the worksheet on page 8 to calculate your NOL carryover from the 5th preceding tax year.

Line 20—Refigured Qualified Mortgage Insurance Premiums

Is your modified adjusted gross income from Form 1045, Schedule B, line 13, more than \$100,000 (\$50,000 if married filing separately)?

Yes. Your deduction is limited. Refigure your deduction using the Qualified Mortgage Insurance Premiums Deduction Worksheet below.

No. Your deduction is not limited. Enter the amount from line 19 on line 20 and enter -0- on line 21.

Line 26—Refigured Charitable Contributions

Refigure your charitable contributions using line 24 as your adjusted gross income unless, for any preceding tax year:

- You entered an amount other than zero on line 23, and
- You had any items of income or deductions based on adjusted gross income which are listed in the instructions for line 6 of Schedule B on page 8.

If you cannot use the amount from line 24 as your adjusted gross income, figure your adjusted gross income as follows.

1. Figure the adjustment to each item of income or deduction in the same manner as explained in the instructions for line 6 of Schedule B on page 8, except do not take into account any NOL carrybacks when figuring adjusted gross income. Attach a computation showing how you figured the adjustments.
2. Add lines 3, 4, 5, 11, and 23 of Schedule B to the total adjustments you figured in (1) above. Use the result as your adjusted gross income to refigure charitable contributions.

For NOL carryover purposes, you must reduce any charitable contributions carryover to the extent that the NOL carryover on line 10 is increased by any adjustment to charitable contributions.

We may disclose your tax information to the Department of Treasury and contractors for tax administration purposes; and to other persons as necessary to obtain information which we cannot get in any other way in order to determine the amount of or to collect the tax you owe. We may disclose your tax information to the Comptroller General of the United States to permit the Comptroller General to review the Internal Revenue Service. We may disclose your tax information to Committees of Congress; federal, state, and local child support agencies; and to other
