Partner’s Instructions for Schedule K-1 (Form 1065-B) (For Partner’s Use Only)

Section references are to the Internal Revenue Code unless otherwise noted.

General Instructions

Purpose of Schedule K-1
The partnership uses Schedule K-1 to report your share of the partnership’s income, deductions, credits, etc. Keep it for your records. Do not file it with your tax return. The partnership has filed a copy with the IRS.

You are liable for tax on your share of the partnership income, whether or not distributed. Include your share on your tax return if a return is required. Use these instructions to help you report the items shown on Schedule K-1 on your tax return.

The amount of loss and deduction that you can claim on your tax return may be less than the amount reported on Schedule K-1. It is the partner’s responsibility to consider and apply any applicable limitations. See Limitations on Losses, Deductions, and Credits beginning on page 2 for more information.

Election Large Partnerships (ELPs)

This partnership has elected simplified reporting requirements intended to make it simpler for you to report your share of partnership income, credits, deductions, etc. Generally, income, capital gains, credits, and deductions are combined at the partnership level so that the number of partnership items separately reported to partners is reduced. Most limitations and elections affecting partnership income are made by the electing large partnership.

For limited partners, income and other items from the partnership’s trade or business and rental activities are treated as being from a trade or business that is a single passive activity. These items are reported in boxes 1, 4a, and 5, with most credits being reported in boxes 7 and 8.

General partners must make their own determinations as to whether the activities are passive for them. Therefore, partnership items from trade or business, rental real estate, and other rental activities are separately reported for each activity in box 9.

Income, etc., from other activities (investment and portfolio income and deductions) are reported in boxes 2, 3, 4b, and 6 for both limited and general partners.

Errors
You must report partnership items shown on your Schedule K-1 (and any attached schedules) the same way that the partnership treated the items on its return. If you believe the partnership has made an error on your Schedule K-1, notify the partnership. Do not change any items on your copy of Schedule K-1. Generally, an adjustment to correct an error will take effect for the tax year in which the partnership actually makes the adjustment. However, if the error involves a change to your distributive share of a partnership item, the partnership should file an amended partnership return and send you a corrected Schedule K-1.

If the treatment on your original or amended return is inconsistent with the partnership’s treatment, you may be subject to the accuracy-related penalty. This penalty is in addition to any tax that results from making your amount or treatment of the item consistent with that shown on the partnership’s return. Any deficiency that results from making the amounts consistent may be assessed immediately.

Sale or Exchange of Partnership Interest

Generally, a partner who sells or exchanges a partnership interest in a section 751(a) exchange must notify the partnership, in writing, within 30 days of the exchange (or, if earlier, by January 15 of the calendar year following the year in which the exchange occurred). A “section 751(a) exchange” is any sale or exchange of a partnership interest in which any money or other property received by the partner in exchange for that partner’s interest is attributable to unrealized receivables (as defined in section 751(c)) or inventory items (as defined in section 751(d)).

The written notice to the partnership must include the names and addresses of both parties to the exchange, the identifying numbers of the transferor and (if known) of the transferee, and the exchange date.

An exception to this rule is made for sales or exchanges of publicly traded partnership interests for which a broker is required to file Form 1099-B, Proceeds From Broker and Barter Exchange Transactions.

If a partner is required to notify the partnership of a section 751(a) exchange but fails to do so, a $50 penalty may be imposed for each such failure. However, no penalty will be imposed if the partner can show that the failure was due to reasonable cause and not willful neglect.

Nominee Reporting
Any person who holds, directly or indirectly, an interest in a partnership as a nominee for another person must furnish a written statement to the partnership by the last day of the month following the end of the partnership’s tax year. This statement must include the name, address, and identifying number of the nominee and such other person described as the partnership interest held as nominee for that person, and other information required by Temporary Regulations section 1.6031(c)-1T. A nominee who fails to furnish this statement must furnish to the person for whom the nominee holds the partnership interest a copy of Schedule K-1 and related information within 30 days of receiving it from the partnership.

A nominee who fails to furnish when due all the information required by Temporary Regulations section 1.6031(c)-1T, or who furnishes incorrect information, is subject to a $50 penalty for each statement for which a failure occurs. The maximum penalty is $100,000 for all such failures during a calendar year. If the nominee intentionally disregards the requirement to report correct information, each $50 penalty increases to $100 or, if greater, 10% of the aggregate amount of
items required to be reported, and the $100,000 maximum does not apply.

**International Boycotts**

Every partnership that had operations in, or related to, a boycotting country, company, or a national of a country must file Form 5713, International Boycott Report.

If the partnership cooperated with an international boycott, it must provide you with a copy of its Form 5713. As a general or limited partner, you must file your own Form 5713 to report the partnership's activities and any other boycott operations that you may have. You may lose certain tax benefits if the partnership participated in, or cooperated with, an international boycott. See Form 5713 and its instructions for more information.

**Definitions**

**General Partner**

A general partner is a partner who is personally liable for partnership debts.

**Limited Partner**

A limited partner is a partner in a partnership formed under a state limited partnership law, whose personal liability for partnership debts is limited to the amount of money or other property that the partner contributed or is required to contribute to the partnership. Some members of other entities, such as domestic or foreign business trusts or limited liability companies that are classified as partnerships, may be treated as limited partners for certain purposes. For example, see Temporary Regulations section 1.469-5T(e)(3), which treats all members with limited liability as limited partners for purposes of section 469(h)(2) (relating to the passive activity loss limitation rules).

**Disqualified Person**

If you are a partner in a partnership holding oil and gas properties, you are a "disqualified person" if:

- You are an oil or natural gas retailer described in section 613A(d)(2) or crude oil refiner described in section 613A(d)(4) or
- Your average daily production of domestic crude oil and natural gas exceeds 500 barrels for your tax year in which the partnership's tax year ends. See section 776(b) for more details.

**Nonrecourse Loans**

Nonrecourse loans are those liabilities of the partnership for which no partner bears the economic risk of loss.

**Elections**

Generally, the partnership decides how to figure taxable income from its operations. However, two elections are made by you separately on your income tax return and not by the partnership. These elections are made under the following code sections:

- Section 108(b)(5) (income from the discharge of indebtedness).
- Section 901 (foreign tax credit).

**Additional Information**

For more information on the treatment of partnership income, deductions, credits, etc., see the following:

- Pub. 541, Partnerships;
- Pub. 535, Business Expenses; and
- Pub. 925, Passive Activity and At-Risk Rules.

To get forms and publications, see the instructions for your tax return.

**Limitations on Losses, Deductions, and Credits**

There are three separate potential limitations on the amount of partnership losses that you can deduct on your return. These limitations and the order in which you must apply them are as follows: the basis rules, the at-risk limitations, and the passive activity limitations. Each of these limitations is discussed separately below.

**Basis Rules**

Generally, you cannot claim your share of a partnership loss (including a capital loss) to the extent that it is greater than the adjusted basis of your partnership interest at the end of the partnership's tax year. Any losses and deductions not allowed this year because of the basis limit can be carried forward indefinitely and deducted in a later year subject to the basis limit for that year.

The partnership is not responsible for keeping the information needed to figure the basis of your partnership interest. You can figure the adjusted basis of your partnership interest by adding items that increase your basis and then subtracting items that decrease your basis.

Use the worksheet on page 3 to figure the basis of your interest in the partnership.

**Note:** Additional basis adjustments may apply to partners claiming deductions for depletion. See chapter 9 of Pub. 535 for details.

**At-Risk Limitations**

Generally, if you have (a) a loss or other deduction from any activity carried on as a trade or business or for the production of income by the partnership and (b) amounts in the activity for which you are not at risk, you will have to complete Form 6198, At-Risk Limitations, to figure your allowable loss.

The at-risk rules generally limit the amount of loss and other deductions that you can claim to the amount you could actually lose in the activity. However, if you acquired your partnership interest before 1987, the at-risk rules do not apply to losses from an activity of holding real property placed in service before 1987 by the partnership. The activity of holding mineral property does not qualify for this exception. The partnership should identify on an attachment to Schedule K-1 the amount of any losses that are not subject to the at-risk limitations.

**CAUTION**

Generally, you are not at risk for amounts such as the following:

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire your interest in the activity; that are not secured by your own property (other than the property used in the activity). See the instructions for Partner's Share of Liabilities on page 6 for the exception for qualified nonrecourse financing secured by real property.
- Cash, property, or borrowed amounts more in the activity (or contributed to the activity, or used to acquire your interest in the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).
- Amounts borrowed for use in the activity from a person who has an interest in the activity, other than as a creditor, or who is related, under section 465(b)(3), to a person (other than you) having such an interest.

You should get a separate statement of income, expenses, etc., for each activity from the partnership.

**Passive Activity Limitations**

Section 469 provides rules that limit the deduction of certain losses and credits.

These rules apply to pass-through entities:

- Are individuals, estates, trusts, closely held corporations (other than S corporations), or personal service corporations and
- Have a passive activity loss or credit for the tax year.

**Individuals, estates, and trusts.** If you have a passive activity loss or credit, use Form 8582, Passive Activity Loss Limitations, to figure your allowable passive losses and Form 8852-CR, Passive Activity Credit Limitations, to figure your allowable passive credits.

**CAUTION**

If the publicly traded partnership (PTP) box on Schedule K-1 is checked, do not report passive income (loss) from the partnership on Form 8582. See page 5 for the special rules for PTPs.

**Corporations.** Use Form 8810, Corporate Passive Activity Loss and Credit Limitations. See the instructions for more information.

For limited partners of an ELP, all income, loss, deductions, and credits from trade or business and rental activities generally are reported as being from a trade or business that is a single passive activity.
However, the determination of whether an activity is a passive activity must be made by any partner who is either:

- General partner or
- Limited partner who is a disqualified person (as defined on page 2) with respect to items of income, gain, loss, deduction, and credit attributable to partnership oil and gas properties.

In addition, the partnership is required to provide each general partner and disqualified person the information necessary to comply with the passive activity rules of section 469. Items of income, gain, loss, deduction, credit, etc., must be separately reported to general partners for each trade or business, rental real estate, and other rental activity.

**Worksheet for Adjusting the Basis of a Partner’s Interest in the Partnership**

Keep Your Records

1. Your adjusted basis at the end of the prior year. Do not enter less than zero. Enter -0- if this is your first tax year ...........................

**Increases:**

2. Money and your adjusted basis in property contributed to the partnership less the associated liabilities (but not less than zero) ..............

3. Your increased share of partnership liabilities. (Subtract your share of liabilities shown on your 2009 Schedule K-1 from your share of liabilities shown on your 2009 Schedule K-1 and add the amount of any partnership liabilities you assumed during the tax year. Do not enter less than zero.) ........................

4. Your share of the partnership’s income or gain (including tax-exempt income) reduced by any amount included in interest income with respect to the credit to holders of clean renewable energy bonds, Gulf tax credit bonds, or Midwestern tax credit bonds ........................................

5. Any gain recognized this year on contributions of property. Do not include gain from transfer of liabilities ..........................

**Decreases:**

6. Withdrawals and distributions of money and the adjusted basis of property distributed to you from the partnership. Do not include the amount of property distributions included in the partner’s income (taxable income) ..........................

Caution. A distribution may be taxable if the amount exceeds your adjusted basis of your partnership interest immediately before the distribution.

7. Your decreased share of partnership liabilities and any decrease in your individual liabilities because they were assumed by the partnership. (Subtract your share of liabilities shown on your 2009 Schedule K-1 from your share of liabilities shown on your 2008 Schedule K-1 and add the amount of your individual liabilities that the partnership assumed during the tax year. Do not enter less than zero.) ........................

8. Your share of the partnership’s nondeductible expenses that are not capital expenditures ..................................

9. Your share of the partnership’s losses and deductions (including capital losses) ........................................

10. Your adjusted basis in the partnership at the end of this tax year. (Add lines 1 through 5 and subtract lines 6 through 9 from the total. If zero or less, enter -0-) ........................

Caution. The deduction for your share of the partnership’s losses and deductions is limited to your adjusted basis in your partnership interest. If you entered zero on line 10 and the amount computed for line 10 was less than zero, a portion of your share of the partnership losses and deductions may not be deductible (see Basis Rules on page 2 for more information.)

1. Trade or business activities in which you materially participated and
2. Activities that meet the definition of rental real estate as one activity. For details on making this election, see the instructions for Schedule E (Form 1040).

For purposes of this rule, each interest in rental real estate is a separate activity, unless you elect to treat all interests in rental real estate as one activity. For details on making this election, see the instructions for Schedule E (Form 1040).

If you are married filing jointly, either you or your spouse must separately meet both of the above conditions, without taking into account services performed by the other spouse.

A real estate trade or business is any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business. Services you performed as an employee are not treated as performed in a real property trade or business unless you owned more than 5% of the stock (or more than 5% of the capital or profits interest) in the employer.

3. Working interests in oil or gas wells.

4. The rental of a dwelling unit any time during the year for more than the greater of 14 days or 10% of the number of days that the residence was rented at fair rental value.

5. Activities of trading personal property for the account of owners of interests in the activities.

**Material participation.** You must determine if you (a) materially participated in each trade or business activity held through the partnership and (b) were a real estate professional (defined above), in each rental real estate activity held through the partnership. All determinations of material participation are made based on your participation during the partnership’s tax year.

Material participation standards for partners who are individuals are listed below. Special rules apply to certain retired or disabled farmers and to the surviving spouses of farmers. See the Instructions for Form 8582 for details.
Corporations should refer to the Instructions for Form 8810 for the material participation standards that apply to them.

**Individuals (other than limited partners).** If you are an individual (either a general partner or a limited partner who owned a general partnership interest at all times during the tax year), you materially participated in an activity only if one or more of the following apply.

1. You participated in the activity for more than 500 hours during the tax year.
2. Your participation in the activity for the tax year constituted substantially all the participation in the activity of all individuals (including individuals who are not owners of interests in the activity for the tax year).
3. You participated in the activity for more than 100 hours during the tax year, and your participation in the activity for the tax year was not less than the participation in the activity of any other individual (including individuals who were not owners of interests in the activity) for the tax year.
4. The activity was a significant participation activity for the tax year, and you materially participated in all significant participation activities (including activities outside the partnership) during the year for more than 500 hours. A significant participation activity is any trade or business activity in which you participated for more than 100 hours during the tax year and in which you did not materially participate under any of the material participation tests (other than this test 4).
5. You materially participated in the activity for any 5 tax years (whether or not consecutive) during the 10 tax years that immediately precede the tax year.
6. The activity was a personal service activity and you materially participated in the activity for any 3 tax years (whether or not consecutive) preceding the tax year. A personal service activity involves the performance of personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, or any other trade or business in which capital is not a material income-producing factor.
7. Based on all the facts and circumstances, you participated in the activity on a regular, continuous, and substantial basis during the tax year.

**Work counted toward material participation.** Generally, any work that you or your spouse do in connection with an activity held through a partnership (where you own your partnership interest at the time the work is done) is counted toward material participation. However, work in connection with the activity is not counted toward material participation if either of the following applies.

1. The work is not the sort of work that owners of the activity would usually do and one of the principal purposes of the work that you or your spouse does is to avoid the passive loss or credit limitations.
2. You do the work in your capacity as an investor and you are not directly involved in the day-to-day operations of the activity. Examples of work done as an investor that would not count toward material participation include:
   a. Studying and reviewing financial statements or reports on operations of the activity.
   b. Preparing or compiling summaries or analyses of the finances or operations of the activity for your own use.
   c. Monitoring the finances or operations of the activity in a nonmanagerial capacity.

**Effect of determination.** Income (losses) and credits from an activity are nonpassive if you determine that:

- You materially participated in a trade or business activity of the partnership or
- You were a real estate professional in a rental real estate activity of the partnership.

If you determine that you did not materially participate in a trade or business activity of the partnership or if you have income (loss), deductions, or credits from a rental activity of the partnership (other than a rental real estate activity in which you materially participated as a real estate professional), the amounts from that activity are passive. Report passive income (losses), deductions, and credits as follows.

1. If you have an overall gain (the excess of income over deductions and losses, including any prior year unallowed loss from a passive activity, report the income, deductions, and losses, and losses from the activity as indicated in the instructions for the boxes in which those items were reported.
2. If you have an overall loss (the excess of deductions and losses, including any prior year unallowed loss, over income) or credits from a passive activity, report the income, deductions, losses, and credits from all passive activities using the Instructions for Form 8858 or Form 8858-CR (or Form 8810), to see if your deductions, losses, and credits are limited under the passive activity rules.

**Special allowance for rental real estate activities.** If you actively participated in a rental real estate activity, you may be able to deduct up to $25,000 of the loss from the activity from nonpassive income. This “special allowance” is an exception to the general rule disallowing losses in excess of income from passive activities. The special allowance is not available if you were married, filed a separate return for the year, and did not live apart from your spouse at all times during the year.

- Only individuals, qualifying estates, and qualifying revocable trusts that made a section 645 election can actively participate in a rental real estate activity.
- Estates (other than qualifying estates), trusts (other than qualifying revocable trusts that made a section 645 election), and corporations cannot actively participate.
- You are not considered to actively participate in a rental real estate activity if at any time during the tax year you or your spouse had an interest (including your spouse’s interest) in the activity was less than 10% (by value) of all interests in the activity.
- Active participation is a less stringent requirement than material participation. You may be treated as actively participating if you participated, for example, in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense. Management decisions that can count as active participation include approving new tenants, deciding rental terms, approving capital or repair expenditures, and other similar decisions.

An estate is a qualifying estate if the decedent would have satisfied the active participation requirement for the activity for the tax year the decedent died. A qualifying estate is treated as actively participating for tax years ending less than 2 years after the date of the decedent’s death.

**Modified adjusted gross income limitation.** The maximum special allowance that single individuals and married individuals filing a joint return can qualify for is $25,000. The maximum is $12,500 for married individuals who file separate returns and who lived apart all times during the year. The maximum special allowance for a rental real estate activity can qualify is $25,000 reduced by the special allowance for which the surviving spouse qualifies.

If your modified adjusted gross income (defined below) is $100,000 or less ($50,000 or less if married filing separately), your loss is deductible up to the amount of the maximum special allowance referred to in the preceding paragraph. If your modified adjusted gross income is more than $100,000 (more than $50,000 if married filing separately), the special allowance is limited to 50% of the difference between $150,000 ($75,000 if married filing separately) and your modified adjusted gross income. When modified adjusted gross income is $150,000 or more ($75,000 or more if married filing separately), there is no special allowance.

**Modified adjusted gross income** is your adjusted gross income figured without taking into account the following:

- Any passive activity loss.
- Any rental real estate loss allowed under section 469(c)(7) to real estate professionals (as defined previously).
- Any overall loss from a publicly traded partnership.
- Any taxable social security or equivalent railroad retirement benefits.
Note.

**Example.**

You have a Schedule E loss of $12,000 (current year losses plus prior year unallowed losses) and a Schedule D gain of $7,200. Report the $7,200 gain on the appropriate line of Schedule D. On Schedule E (Form 1040), line 28, report $7,200 of the losses as a passive loss in column (f). Carry forward to 2010 the unallowed loss of $4,800 ($12,000 – $7,200).

If you have unallowed losses from more than one activity of the PTP or from the same activity of the PTP that must be reported on different forms, you must allocate the unallowed losses on a pro rata basis to figure the amount allowed from each activity or on each form.

Specific Instructions

Publicly Traded Partnership (PTP)
If the "publicly traded partnership" box is checked, you are a partner in a publicly traded partnership (PTP) and must follow the rules under Publicly traded partnerships discussed above.

Partner's Share of Liabilities
The partnership will show your share of the partnership’s nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other liabilities as of the end of the partnership's tax year. If you terminated your interest in the partnership during the tax year, the amounts should reflect the share that existed immediately before the termination. A partner's “other liability” is any partnership liability for which a partner is personally liable.

Use the total of the three amounts for computing the adjusted basis of your partnership interest.

Generally, you can use only the amounts shown next to “Qualified nonrecourse financing” and "Other" to figure your amount at risk. Do not include any amounts that are not at risk if such amounts are included in either of these categories.

If your partnership is engaged in two or more different types of activities subject to the at-risk provisions, or a combination of at-risk activities and any other activity, the partnership should give you a statement showing your share of nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other liabilities for each activity.

Qualified nonrecourse financing. Qualified nonrecourse financing generally includes financing for which no one is personally liable for repayment that is borrowed for use in an activity of holding real property and that is loaned or guaranteed by a federal, state, or local government or borrowed from a “qualified” person. Qualified nonrecourse financing secured by real property used in an activity of holding real property that is subject to the at-risk rules is treated as an amount at risk.

Qualified persons. Qualified persons include any persons actively and regularly engaged in the business of lending money, such as a bank or savings and loan association. Qualified persons generally do not include related parties (unless the nonrecourse financing is commercially reasonable and on substantially the same terms as loans involving unrelated persons), the seller of the property, or a person who receives a fee for the partnership’s investment in the real property.

See Pub. 925 for more information on qualified nonrecourse financing.

Both the partnership and you must meet the qualified nonrecourse rules on this debt before you can include the amount shown next to “Qualified nonrecourse financing” in your at-risk computation.

• Limitations on Losses, Deductions, and Credits beginning on page 2 for more information on the at-risk limitations.

Boxes 1 Through 9
The amounts shown in boxes 1 through 9 reflect your share of income, loss, deductions, credits, etc., from the partnership. These amounts do not take into consideration the following limitations:

• The adjusted basis of your partnership interest
• The amount for which you are at risk
• The passive activity limitations

For information on these provisions, see Limitations on Losses, Deductions, and Credits beginning on page 2.

For individuals, the following instructions explain how to report the amounts shown in the boxes. For all entities, report the amounts in the boxes as instructed on your income tax return.

The line numbers in these instructions are references to forms in use for calendar year 2009. If you file your tax return on a calendar year basis, your partnership files a return for a fiscal year, enter the amounts shown in the boxes on your tax return for the year in which the partnership’s fiscal year ends. For example, if the partnership’s tax year ends on June 30, 2010, report the amounts in the boxes on your 2010 income tax return.

If you have losses, deductions, or credits from a prior year that were not deductible or usable because of certain limitations, such as the basis rules or the at-risk limitations, take them into account in determining your net income, loss, or credits for this year. However, except for passive activity losses and credits, do not combine the prior-year amounts with any amounts shown on this Schedule K-1 to get a net figure to report on any supporting schedules, statements, or forms attached to your return. Instead, report the amounts separately on the attached Schedule, statement, or form on a year-by-year basis.

For amounts other than those shown on Schedule K-1, enter each item on a separate line of Part II of Schedule E (Form 1040).

Box 1. Taxable Income (Loss) From Passive Activities
Limited partners only. Any amount reported in box 1 is treated as being from a trade or business that is a single passive activity. Report this amount as follows:

• If income is reported in box 1, report the income on Schedule E (Form 1040), line 28, column (g).

If a loss is reported in box 1, follow the instructions for Form 8582 to figure how much of the loss can be reported on Schedule E (Form 1040), line 28, column (f). However, if the PTP box is checked, report the loss following the rules for Publicly traded partnerships.

Box 2. Taxable Income (Loss) From Other Activities
This amount is not subject to the passive activity limitations. Report the amount as follows:

• If the amount is income, report it on Schedule E (Form 1040), line 28, column (g).

• If the amount is a loss, report it on Schedule A (Form 1040), line 28.

Note. If the amount of interest included in box 2 includes interest from the credit to holders of clean renewable energy bonds, Gulf tax credit bonds, or Midwestern tax credit bonds, the partnership will attach a statement to Schedule K-1 showing your distributive share of interest income from these credits. Because the basis in your partnership interest is increased by your share of the interest income from these credits, you must reduce your basis by the same amount to offset the increase.

See Line 4 of the Worksheet for Adjusting the Basis of a Partner's Interest in the Partnership on page 5.

Box 3. Qualified Dividends
Report this amount on lines 9a and 9b of Form 1040.

Note. Qualified dividends are excluded from investment income, but you can elect to include part or all of these amounts in investment income. See the instructions for line 4g of Form 4952, Investment Interest Expense Deduction, for important information on making this election.

Box 4a. Net Capital Gain or (Loss) From Passive Activities
Limited partners only. The net capital gain (loss) reported in box 4a, is treated as being from a trade or business that is a single passive activity. If a net capital gain is reported in box 4a, report the gain on Schedule D (Form 1040), line 12, column (f).

If a loss is reported in box 4a, report it following the Form 8582 instructions to figure how much of the loss can be reported on Schedule D (Form 1040), line 12, column (f). However, if the PTP box is checked, report the loss following the rules for Publicly traded partnerships.

Box 4b. Net Capital Gain or (Loss) From Other Activities
Net capital gain or (loss) from other activities is not subject to the passive activity limitations. Report the gain or (loss) on Schedule D (Form 1040), line 12, column (f).
Box 5. Net Passive AMT Adjustment
Limited partners only. Use this amount (as well as your adjustments and tax preferences from other sources) to prepare your Form 6251, Alternative Minimum Tax — Individuals; Form 4656, Alternative Minimum Tax—Corporations; or Schedule I (Form 1041), Alternative Minimum Tax—Estates and Trusts. The adjustment is treated as being from a trade or business that is a single passive activity.

Individuals should enter the amount on line 20 of Form 6251, where it is taken into account with adjustments and preferences from other passive activities.

Box 6. Net Other AMT Adjustment
Individual general and limited partners should enter this amount on line 17 of Form 6251.

Box 7. General Credits
Limited partners only. Enter this amount from box 7 on line 1bb of Form 3800, General Business Credit. Because general credits are treated as being from a trade or business that is a single passive activity, you must also include the box 7 amount on line 3 of Form 3800.

Box 8. Low-Income Housing Credit
Limited partners only. Enter the amount reported in box 8 of Schedule K-1 on line 4 of Form 8586, Low-Income Housing Credit. If an amount is reported in box 8, all of the low-income housing credit is for buildings placed in service before 2008. If any of the low-income housing credit is for buildings placed in service after 2007, the partnership will enter “SMT” in box 8 and attach a statement which lists separately the amount of the credit for buildings placed in service prior to 2008 (reported on line 4 of Form 8586), and the amount for buildings placed in service after 2007 (reported on line 11 of Form 8586). See the instructions for Form 8586 for more information.

Box 9. Other

However, if the PTP box is checked, report the loss following the rules for Publicly traded partnerships.

However, if the PTP box is checked, report the loss following the rules for Publicly traded partnerships.

Code E. Limited Partner’s 28% Rate Gain or (Loss) From Other Activities

Code F. Guaranteed Payments

Generally, these amounts are not passive income. Report them on Schedule D (Form 1040), line 28, column (j) (for example, guaranteed payments for personal services).

Code G. Income From Discharge of Indebtedness

The amount reported under Code G is excluded from your gross income to the extent provided in section 108 if the discharge; • Occurred in a title 11 case relating to bankruptcy; • Occurred when you were insolvent; • Involved qualified farm indebtedness, as defined in section 108(g), or • Involved qualified real property business indebtedness, as defined in section 108(c)(3), unless the partner is a C corporation.

This amount is applied, instead, to reduce certain tax attributes. File Form 982, Reduction of Tax Attributes Due to Discharge of Indebtedness (and Section 1082 Basis Adjustment), to explain why any amount received from the discharge of indebtedness should be excluded and to report your reduction of tax attributes.

For a discharge of indebtedness not described above, you must include this amount in income on line 21 of Form 1040.

Code H. Tax-Exempt Interest Income

Include your tax-exempt interest income, as an item of information, your share of the tax-exempt interest received or accrued by the partnership during the year. this amount by depletion claimed on oil and gas properties. If this amount is a loss, enter only the deductible amount on Schedule SE. For purposes of self-employment tax, no income from an ELP is treated as farming or fishing income.

**Code J2. Gross nonfarm income.** Individual partners use this amount to figure their distributive share of income under the nonfarm optional method on Schedule SE (Form 1040), Section B, Part II.

**Codes K1 Through K9. Foreign Tax Credit Information**

Use the information reported under Codes K1 through K9 to figure your foreign tax credit. For more information, see Form 1116, Foreign Tax Credit (Individual, Estate, or Trust) and its instructions; Form 1118, Foreign Tax Credit—Corporations, and its instructions; and Pub. 514, Foreign Tax Credit for Individuals. See page 4 of the Instructions for Form 1116 for detailed instructions for reporting foreign tax information from partnerships.

**Code K1. Name of foreign country or U.S. possession.** Include on Form 1116, Part I, item g. For each country reported, the partnership must give you the amount and a description of your share of the following items for Codes K2 through K9. For each country or possession being reported, a separate column in Part I and a separate line in Part II is needed on Form 1116.

**Code K2. Gross income from all sources.** Enter this amount on line 3e of Form 1116.

**Code K3. Gross income sourced at partner level.** Although all this income reported has been apportioned to foreign source categories of income, you must nevertheless determine whether the income being reported is U.S. source income or foreign source income. See the Instructions for Form 1116 for the rules to source the income reported to you. Enter only foreign source income on lines 1a and 3d of Form 1116. A separate Form 1116 or 1118 is required for each foreign source category of income. Do not include income that you determined to be U.S. source income.

**Codes K4(a) Through K4(c). Foreign gross income sourced at partnership level.** The following types of income have already been sourced for you by the partnership. Include these amounts on lines 1a and 3d of the applicable Form 1116 (that is, the Form 1116 for each category of income provided to you).

- **Code K4(a).** Passive category foreign source income.
- **Code K4(b).** General category foreign source income.
- **Code K4(c).** Other foreign source income.

**Code K5. Interest expense allocated and apportioned at the partner level.** Include this amount on line 4b of the applicable Forms 1116.

**Code K6. Other expenses allocated and apportioned at the partner level.** Include this amount on line 2 of the applicable Forms 1116.

**Note.** For Codes K5 and K6, do not include any expenses allocated and apportioned to U.S. source income on any line of Part I of Form 1116.

**Codes K7(a) Through Codes K7(c).** Deductions allocated and apportioned at partnership level to foreign source income. The following codes report the expenses allocated and apportioned by the partnership to foreign source categories of income. Include these amounts on line 2 of the applicable Forms 1116 (that is, the Forms 1116 for each category of income provided to you).

- **Code K7(a).** Deductions allocated and apportioned at partnership level to general category foreign source income.
- **Code K7(b).** Deductions allocated and apportioned at partnership level to other foreign source income.
- **Code K7(c).** Deductions allocated and apportioned at partnership level to general category foreign source income.

**Code K8(a).** Total foreign taxes paid. Include this amount in Part II of Form 1116.

**Code K8(b).** Total foreign taxes accrued. Include this amount in Part II of Form 1116.

**Code K9. Reduction in taxes available for credit.** Enter this amount on line 12 of Form 1116.

**Code L. Oil and Gas Activities**

Generally, oil and gas income, deductions, credits, and other items are separately reported to partners who are disqualified persons in accordance with the regular partnership rules, here or on an attached schedule. A partner must notify the ELP of its status as a “disqualified person”.

**Codes M1 Through M9. Miscellaneous**

**Code M1. Other tax-exempt income.** Increase the adjusted basis of your interest in the partnership by this amount, but do not include it in income on your income tax return.

**Code M2. Nondeductible expenses.** Decrease the adjusted basis of your interest in the partnership by this amount. The nondeductible expenses paid or incurred by the partnership are not deductible on your income tax return, but they do affect your basis.

**Code M3. Unrelated business taxable income.** The partnership must give you any information you need to figure unrelated business taxable income under section 512(a)(1) (but excluding any modifications required by paragraphs (B) through (E) of section 512(b)) for a partner that is a tax-exempt organization.

**Reminder.** A partner is required to notify the partnership of its tax-exempt status.

**Code M4. Health insurance.** Include any amounts paid during the tax year for insurance that constitutes medical care for you, your spouse, and your dependents on line 29 of your 2009 Form 1040. You may be allowed to deduct such amounts, even if you do not itemize deductions. If you do itemize deductions, enter on line 1 of Schedule A (Form 1040) any amounts not deducted on line 29 of Form 1040.

**Code M5. Distributions of money (cash and marketable securities).** This amount includes the distributions the partnership made to you of cash and certain marketable securities. The marketable securities are included at their fair market value (FMV) on the date of distribution (minus your share of the partnership’s gain on the securities distributed to you). If this amount exceeds the adjusted basis of your partnership interest immediately before the distribution, the excess is treated as gain from the sale or exchange of your partnership interest. Generally, this gain is treated as gain from the sale of a capital asset and should be reported on the Schedule D for your return. However, the gain may be ordinary income. For details, see Pub. 541.

The partnership must separately identify both of the following:

- The FMV of the marketable securities when distributed (minus your share of the gain on the securities distributed to you).
- The partnership’s adjusted basis of those securities immediately before the distribution.

Decrease the adjusted basis of your interest in the partnership (but not below zero) by the amount of cash distributed to you and the partnership’s adjusted basis of the distributed securities. Advances or drawings of money or property against your distributive share are treated as current distributions made on the last day of the partnership’s tax year.

Your basis in the distributed marketable securities (other than in liquidation of your interest) is the smaller of:

- The partnership’s adjusted basis in the securities immediately before the distribution increased by any gain recognized on the distribution of the securities or
- The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction and increased by any gain recognized on the distribution of the securities.

If you received the securities in liquidation of your partnership interest, your basis in the marketable securities is equal to the adjusted basis of your partnership interest reduced by any cash
distributed in the same transaction and increased by any gain recognized on the distribution (if any)

If, within 7 years of a distribution to you of marketable securities, you contributed appreciated property (other than those securities) to the partnership and the FMV of those securities exceeded the adjusted basis of your partnership interest immediately before the distribution (reduced by any cash received in the distribution), you may have to recognize gain on the appreciated property. See section 737 for details.

Code M6. Distributions of property other than money, Box 9, Code M6, shows the partnership’s adjusted basis of property other than money immediately before the property was distributed to you. In addition, the partnership should attach a statement showing the cost basis and FMV of each property distributed. Decrease the adjusted basis of your interest in the partnership by the amount of your basis in the distributed property. Your basis in the distributed property (other than in liquidation of your interest) is the smaller of:
- The partnership’s adjusted basis immediately before the distribution or
- The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction.

If you received the property in liquidation of your interest, your basis in the distributed property is equal to the adjusted basis of your partnership interest reduced by any cash distributed in the same transaction.

If you contributed appreciated property to the partnership within 7 years of a distribution of other property to you, and the FMV of that property exceeded the adjusted basis of your partnership interest immediately before the distribution (reduced by any cash received in the distribution), you may have to recognize gain on the appreciated property. See section 737 for details.

Code M7. Gain eligible for section 1202 exclusion. This gain from the sale or exchange of qualified small business (QSB) stock (as defined in the Instructions for Schedule D (Form 1040)) is eligible for the partial section 1202 exclusion. The partnership must also provide you with:
- The name of the corporation that issued the QSB stock,
- Your share of the partnership’s adjusted basis of the QSB stock,
- Your share of the partnership’s sales price of the QSB stock, and
- The dates the QSB stock was bought and sold.

Corporate partners are not eligible for the section 1202 exclusion. See the Instructions for Schedule D (Form 1040) for details on how to report the gain and the amount of the allowable postponed gain.

Making the section 1045 election. You may make a section 1045 election on a timely filed return for the tax year during which the partnership’s tax year ends. Attach to your Schedule D (Form 1040) a statement that includes the following information for each amount of gain that you do not recognize under section 1045.
- The name of the corporation that issued the QSB stock,
- The name and EIN of the selling partnership,
- The amounts of gain that is not recognized under section 1045,
- The amount of gain that is not recognized after application of the partial section 1202 exclusion,
- The name of the corporation that issued the replacement QSB stock,
- Your share of the partnership’s adjusted basis of the QSB stock,
- Your share of the partnership’s sales price of the QSB stock,
- The dates the QSB stock was bought and sold,
- The amount of gain that is not recognized under section 1045,
- The amount of gain that is not recognized after application of the partial section 1202 exclusion.

Distribution of replacement QSB stock to a partner that reduces another partner’s interest in replacement QSB stock. You must recognize gain upon a distribution of replacement QSB stock to another partner that reduces your share of the replacement QSB stock held by a partnership. The amount of gain that you
must recognize is based on the amount of gain that you would recognize upon the sale of your distributive share of QSB stock for its fair market value on the date of the distribution, but not to exceed the amount you previously deferred under section 1045 with respect to the distributed replacement QSB stock. If the partnership distributed your share of replacement QSB stock to another partner, the partnership should give you (a) the name of the corporation that issued the replacement QSB stock, (b) the date the replacement QSB stock was distributed to another partner or partners, and (c) your share of the partnership’s adjusted basis and fair market value of the replacement QSB stock on such date. For more information, see Regulations section 1.1045-1.

Code N. Unrecaptured Section 1250 Gain
Report this gain on line 11 of the Unrecaptured Section 1250 Gain Worksheet on page D-9 of the Instructions for Schedule D (Form 1040). Do not report the gain on line 5 as stated on the worksheet.

Codes O1 and O2. Extraterritorial Income Exclusion
Partnership did not claim the exclusion. If the partnership reports your distributive share of foreign trading gross receipts (Code O1) and the extraterritorial income exclusion (Code O2), the partnership was not entitled to claim the exclusion because it did not meet the foreign economic process requirements. You may still qualify for your distributive share of this exclusion if the partnership’s foreign trading gross receipts for the tax year were $5 million or less.

To qualify for this exclusion, your foreign trading gross receipts from all sources for the tax year also must have been $5 million or less.

Limited partners who qualify for the exclusion. Report the extraterritorial exclusion amount (Code O2) as a deduction reducing the amount reported in box 1 (see the box 1 instructions on page 6).

General partners who qualify for the exclusion. Report the Code O2 amount in accordance with the instructions for box 9, Code A1, B1, or C1, whichever applies. See Form 8873, Extraterritorial Income Exclusion, for more information.

Partnership claimed the exclusion. If the partnership reports your distributive share of foreign trading gross receipts (Code O1) but not the amount of the extraterritorial income exclusion, the partnership met the foreign economic process requirements and claimed the exclusion when figuring your distributive share of partnership income. You also may need to know the amount of your distributive share of foreign trading gross receipts from this partnership to determine if you met the $5 million or less exception discussed above for purposes of qualifying for an extraterritorial income exclusion from other sources.

Note. Upon request, the partnership should furnish you a copy of the partnership’s Form 8873 if there is a reduction for international boycott operations, illegal bribes, kickbacks, etc.

Code P. Inversion Gain
The partnership must provide a statement showing the amounts of each type of income or gain that is included in inversion gain. The partnership has included inversion gain in income elsewhere on Schedule K-1. Inversion gain is also reported under Code P because your taxable income and alternative minimum taxable income cannot be less than the inversion gain. Also, your inversion gain (a) is not taken into account in figuring the amount of net operating loss (NOL) for the tax year or the amount of NOL that can be carried over to each tax year, (b) may limit the amount of your credits, and (c) is treated as income from sources within the U.S. for the foreign tax credit. See section 7874 for details.

Code Q. Commercial Revitalization Deduction
