Partner’s Instructions for Schedule K-1 (Form 1065)

Partner’s Share of Income, Credits, Deductions, etc.
(For Partner’s Use Only)

Section references are to the Internal Revenue Code unless otherwise noted.

General Instructions

Purpose of Schedule K-1

The partnership uses Schedule K-1 to report your share of the partnership’s income, credits, deductions, etc. Keep it for your records and as evidence of your tax return. The partnership has filed a copy with the IRS.

Although the partnership generally is not subject to income tax, you are liable for tax on your share of the partnership income, whether or not distributed. Include your share on your tax return if a return is required. Use these instructions to help you report the items shown on Schedule K-1 on your tax return.

The amount of loss and deduction that you may claim on your tax return may be less than the amount reported on Schedule K-1. It is the partner’s responsibility to consider and apply any applicable limitations. See Limitations on Losses, Deductions, and Credits beginning on page 2 for more information.

Where “attach schedule” appears beside a line item on Schedule K-1, see either the schedule that the partnership has attached for that line or line 25 of Schedule K-1.

Inconsistent Treatment of Items

Generally, you must report partnership items shown on your Schedule K-1 (and any attached schedules) the same way that the partnership treated the items on its return. This rule does not apply if your partnership is within the “small partnership exception” and does not elect to have the tax treatment of partnership items determined at the partnership level.

If the treatment on your original or amended return is inconsistent with the partnership’s treatment, or if the partnership was required to but has not filed a return, you must file Form 8082, Notice of Inconsistent Treatment of Administrative Adjustment Request (AAR), with your original or amended return to identify and explain any inconsistency (or to note that a partnership return has not been filed).

If you are required to file Form 8082 but fail to do so, you may be subject to the accuracy-related penalty. This penalty is in addition to any tax results from making your amount or treatment of the item consistent with that shown on the partnership’s return. Any deficiency that results from making the amounts consistent may be assessed immediately.

Errors

If you believe the partnership has made an error on your Schedule K-1, notify the partnership and ask for a corrected Schedule K-1. Do not change any items on your copy of Schedule K-1. Be sure that the partnership sends a copy of the corrected Schedule K-1 to the IRS. If you are a partner in a partnership that does not meet the small partnership exception and you report any partnership item on your return in a manner different from the way the partnership reported it, you must file Form 8082.

Sale or Exchange of Partnership Interest

Generally, a partner who sells or exchanges a partnership interest in a section 751(a) exchange must notify the partnership, in writing, within 30 days of the exchange (or, if earlier, by January 15 of the calendar year following the year in which the exchange occurred). A “section 751(a) exchange” is any sale or exchange of a partnership interest in which any money or other property received by the partner in exchange for that partner’s interest is attributable to unrealized receivables (as defined in section 751(c)) or inventory items (as defined in section 751(d)).

The written notice to the partnership must include the names and addresses of both parties to the exchange, the identifying numbers of the transferor and (if known) of the transferee, and the exchange date.

An exception to this rule is made for sales or exchanges of publicly traded partnership interests for which a broker is required to file Form 1099-B, Proceeds From Broker and Barter Exchange Transactions.

If a partner is required to notify the partnership of a section 751(a) exchange but fails to do so, a $50 penalty may be imposed for each such failure. However, no penalty will be imposed if the partner can show that the failure was due to reasonable cause and not willful neglect.

Nominee Reporting

Any person who holds, directly or indirectly, an interest in a partnership as a nominee for another person must furnish a written statement to the partnership by the last day of the month following the end of the partnership’s tax year. This statement must include the name, address, and identifying number of the nominee and such other information as the partnership requires. The nominee must furnish this statement to the person for whom the nominee holds the partnership interest a copy of Schedule K-1 and related information within 30 days of receiving it from the partnership.

If the partnership cooperated with an international boycott, it must give you a copy of its Form 5713, International Boycott Report.

International Boycotts

Every partnership that had operations in, or related to, a boycotting country, company, or national of a country must file Form 5713, International Boycott Report.
participated in, or cooperated with, an international boycott. See Form 5713 and the instructions for more information.

Definitions

General Partner
A general partner is a partner who is personally liable for partnership debts.

Limited Partner
A limited partner is a partner in a partnership formed under a state limited partnership law, whose personal liability for partnership debts is limited to the amount of money or other property that the partner contributed or is required to contribute to the partnership. Some members of other entities, such as domestic or foreign business trusts or limited liability companies that are classified as partnerships, may be treated as limited partners for certain purposes. See, for example, Temporary Regulations section 1.469-5T(e)(3), which treats all members with limited liability as limited partners for purposes of section 469(h)(2).

Nonrecourse Loans
Nonrecourse loans are those liabilities of the partnership for which no partner bears the economic risk of loss.

Elections

Generally, the partnership decides how to figure taxable income from its operations. However, certain elections are made by you separately on your income tax return and not by the partnership. These elections are made under the following code sections:

1. Section 59(e) (deduction of certain qualified expenditures ratably over the period of time specifically in the section).
2. For more information, see the instructions for lines 18a and 18b of Schedule K-1 on page 9.
3. Section 108(b)(5) (income from the discharge of indebtedness).
4. Section 617 (deduction and recapture of certain mining exploration expenditures).
5. Section 901 (foreign tax credit).

Additional Information

For more information on the treatment of partnership income, credits, deductions, etc., see Pub. 541, Partnerships, and Pub. 535, Business Expenses.

To get forms and publications, see the instructions for your tax return.

Limitations on Losses, Deductions, and Credits

There are three separate potential limitations on the amount of partnership losses that you may deduct on your return. These limitations and the order in which you must apply them are as follows: the basis rules, the at-risk limitations, and the passive activity limitations. Each of these limitations is discussed separately below.

Other limitations may apply to specific deductions (for example, the section 179 expense deduction). Generally, these limitations apply before the basis, at-risk, and passive loss limitations.

Basis Rules

Generally, you may not claim your share of a partnership loss (including a capital loss) to the extent that it is greater than the adjusted basis of your partnership interest at the end of the partnership’s tax year.

The partnership is not responsible for keeping the information needed to figure the basis of your partnership interest.

Although the partnership does provide an analysis of the changes to your capital account in item J of Schedule K-1, that information is based on the partnership’s books and records and cannot be used to figure your basis.

You can figure the adjusted basis of your partnership interest by adding items that increase your basis and then subtracting items that decrease your basis.

Items that increase your basis are:

- Money and your adjusted basis in property contributed to the partnership.
- Your share of the increase in the partnership’s liabilities (or your individual liabilities assumed by your assumption of partnership liabilities).
- Your share of the partnership’s income (including tax-exempt income).
- Your share of the excess of the deductions for depletion over the basis of the property subject to depletion.

Items that decrease your basis (but not below zero) are:

- Money and the adjusted basis of property distributed to you.
- Your share of the decrease in the partnership’s liabilities (or your individual liabilities assumed by the partnership).
- Your share of the partnership’s losses (including capital losses).
- Your share of the partnership’s section 179 expense deduction (even if you cannot deduct all of it).
- Your share of the partnership’s nondepreciable expenditures.
- The amount of your deduction for depletion of any partnership oil and gas property (not to exceed your allocable share of the adjusted basis of that property).

For more details on the basis rules, see Pub. 541, At-Risk Limitations

Generally, if you have (a) a loss or other deduction from any activity carried on as a trade or business or for the production of income by the partnership, and (b) amounts in the activity for which you are not at risk, you will have to complete Form 5198, At-Risk Limitations, to figure your allowable loss.

The at-risk rules generally limit the amount of loss and other deductions that you can claim to the amount you could actually lose in the activity. These losses and deductions include those due to the disposal of assets and the section 179 expense deduction. However, if you acquired your partnership interest before 1987, the at-risk rules do not apply to losses from an activity of holding real property placed in service before 1987 by the partnership. The activity of holding mineral property does not qualify for this exception. The partnership should identify on an attachment to Schedule K-1 the amount of any losses that are not subject to the at-risk limitations.

Generally, you are not at risk for amounts used as the following:

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire your interest in the activity that are not secured by your own property (other than the property used in the activity).
- See the instructions for item F on page 5 for the exception for qualified nonrecourse financing secured by real property.
- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire your interest in the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).
- Amounts borrowed for use in the activity from a person who has an interest in the activity, other than as a creditor, who is related, under section 465(b)(3), to a person (other than you) having such an interest.

To help you complete Form 6198, the partnership should specify on an attachment to Schedule K-1 your share of the total pre-1976 losses from a section 465(c)(1) activity for which there existed a corresponding amount of nonrecourse liability at the end of the year in which the losses occurred. Also, you should get a separate statement of income, expenses, etc., for each activity from the partnership.

Passive Activity Limitations

Section 469 provides rules that limit the deduction of certain losses and credits. These rules apply to partners who:

- Are individuals, estates, trusts, closely held corporations, or personal service corporations and
- Have a passive activity loss or credit for the tax year.

Generally, passive activities include:

1. Trade or business activities in which you did not materially participate and
2. Activities that meet the definition of rental activities under Temporary Regulations section 1.469-11(e)(3) and Regulations section 1.469-1(e)(3).

Passive activities do not include:

1. Trade or business activities in which you materially participated.
2. Rental real estate activities in which you materially participated if you were a ‘real estate professional’ for the tax year.
You were a real estate professional only if you met both of the following conditions:

a. More than half of the personal services you performed in trades or businesses were performed in real property trades or businesses in which you materially participated and

b. You performed more than 750 hours of services in real property trades or businesses in which you materially participated.

Note: For a closely held C corporation (defined in section 465(b)), the above conditions are treated as met if more than 50% of the corporation's gross receipts were from real property trades or businesses in which the corporation materially participated.

For purposes of this rule, each interest in rental real estate is a separate activity, unless you elect to treat all interests in rental real estate as one activity. For details on making this election, see the Instructions for Form 8810, Schedule C, or, if applicable, the Instructions for Form 8812 for details.

Corporations should refer to the Instructions for Form 8810 for the material participation standards that apply to them.

Individuals (other than limited partners). If you are an individual (either a general partner or a limited partner who owns a general partnership interest at all times during the tax year), you materially participated in an activity only if one of the following apply:

1. You participated in the activity for more than 500 hours during the tax year.
2. Your participation in the activity for the tax year constituted substantially all the partnership's participation in the activity by all individuals (including individuals who are not owners of interests in the activity).
3. You participated in the activity for more than 100 hours during the tax year, and your participation in the activity for the tax year was not less than the participation in the activity of any other individual (including individuals who were not owners of interests in the activity) for the tax year.
4. The activity was a significant participation activity for the tax year, and you participated in all significant participation activities (including activities outside the partnership) during the year for more than 500 hours. A significant participation activity is any trade or business activity in which you participated for more than 100 hours during the year and in which you did not materially participate under any of the material participation tests (other than this test 4).
5. You materially participated in the activity for 5 tax years (whether or not consecutive) preceding the tax year.
6. You were a personal service activity and you materially participated in the activity for any 3 tax years (whether or not consecutive) preceding the tax year.

A personal service activity involves the performance of personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, or any other trade or business in which capital is not a material income-producing factor.

Based on the above and all other circumstances, you participated in the activity on a regular, continuous, and substantial basis during the tax year.

Limited partners. If you are a limited partner, you do not materially participate in an activity unless you meet one of the tests in paragraphs 1, 5, or 6 above.

Work counted toward material participation. Generally, any work that you or your spouse does in connection with an activity held through a partnership (where you own your partnership interest at the time the work is done) is counted toward material participation if you materially participated in the activity at the time you own your interest in the activity. Work in connection with the activity is not counted toward material participation if you join the activity after the year in which you acquired your interest in the activity. Work done by your surviving spouse in connection with an activity in which you owned your partnership interest at the time you died is counted toward material participation if you owned or were a member of the activity at the time of your death.

1. The work is not the type of work that owners of the activity would usually do and one of the principal purposes of the work is not to avoid the passive loss or credit limitations.
2. You do the work in your capacity as an investor and you are not directly involved in the day-to-day operations of the activity. Examples of work done as an investor that would not count toward material participation include:
   a. Studying and reviewing financial statements or reports on operations of the activity.
   b. Preparing or compiling summaries or analyses of the finances or operations of the activity for your own use.
   c. Monitoring the finances or operations of the activity in a nonmanagerial capacity.

Effect of determination. If you determine that you materially participated in (a) a trade or business activity of the partnership or (b) if you were a real estate professional (defined above) in a rental real estate activity of the partnership, report the income (loss), deductions, and credits from that activity as indicated in each column (c) of Schedule K-1 or the instructions for each line.

If you determine that you did not materially participate in a trade or business activity of the partnership or if you have income (loss), deductions, or credits from a real estate activity of the partnership (other than a rental real estate activity in which you materially participated as a real estate professional), the amounts from that activity are passive. Report passive income (losses), deductions, and credits as follows:

1. If you have an overall gain (the excess of income over deductions and losses, including any prior year unallowed loss) from a passive activity, report the income, deductions, and losses from the activity as indicated on Schedule K-1 or in these instructions.
2. If you have an overall loss (the excess of deductions and losses, including any prior year unallowed loss, over income) from a passive activity, report the income, deductions, losses, and credits from all passive activities using the Instructions for Form 8582 or Form 8582-CR (or Form 8810), to see if your deductions, losses, and credits
are limited under the passive activity rules.

**Publicly traded partnerships.** The passive activity limitations are applied separately for items (other than the low-income housing credit and the rehabilitation credit) from each publicly traded partnership (PTP). Thus, a net passive loss from a PTP may not be deducted from other passive income. Instead, a net passive loss from a PTP is suspended and carried forward to be applied against passive income from the same PTP in later years. If the partner’s entire interest in the PTP is completely disposed of, any unused losses are allowed in full in the year of disposition. If you have an overall gain from a PTP, the net gain is passive income. In addition, the nonpassive income is included in investment income to figure your investment interest expense deduction.

**Do not report passive income, gains, or losses from a PTP on Form 8582.** Instead, use the following rules to figure and report on the form or schedule your income, gains, and losses from passive activities that you held through each PTP you owned during the tax year:

1. Combine any current year income, gains, and losses from your net gain or loss from an active PTP based on column (a). Complete column (b) of Worksheet 5 for each PTP you owned and include in your net income or loss from active PTP passive activity. See Pub. 925, Passive Activity and At-Risk Rules, for more details.

2. If you have an overall gain, the net gain portion (total gain minus total losses) is nonpassive income. On the form or schedule you normally use, report the net gain entry as nonpassive income and the remaining income and the total losses as passive income and loss. To the left of the entry space, write “From PTP.” It is important to identify the nonpassive income because the nonpassive portion is included in modified adjusted gross income for purposes of figuring on Form 8582 the “special allowance” for active participation in a non-PTP rental real estate activity. In addition, the nonpassive income is included in investment income when figuring your investment interest expense deduction.

**Example.** If you have Schedule E income of $8,000, and a Form 4797 prior year unallowed loss of $3,500 from the passive activities of a particular PTP, you have a $4,500 overall gain ($8,000 – $3,500). On Schedule E, Part II, report the $4,500 net gain as nonpassive income in column (k). In column (h), report the remaining Schedule E gain of $3,500 ($8,000 – $4,500). On the appropriate line of Form 4797, report the prior year unallowed loss of $3,500. Be sure to write “From PTP” to the left of each entry.

3. If you have an overall loss (but did not dispose of your entire interest in the PTP to an unrelated person in a fully taxable transaction during the year), the losses are allowed to the extent of the income, and the excess loss is carried forward to use in a future year when you have income to offset it. Report as a passive loss on the schedule or form you normally use the portion of the loss equal to the income. Report the income as passive income on the form or schedule you normally use.

**Example.** You have a Schedule E loss of $12,000 (current year losses plus prior year unallowed losses) and a Form 4797 gain of $7,200. Report the $7,200 gain on the appropriate line of Form 4797. On Schedule E, Part II, report the $7,200 gain as a passive loss in column (g). Carry forward to 2003 the unallowed loss of $4,800 ($12,000 – $7,200).

If you have unallowed losses from more than one activity of the PTP or from the same activity of the PTP that must be reported in different forms, you may allocate the unallowed losses on a pro rata basis to figure the amount allowed from each activity or on each form.

To allocate and keep a record of the unallowed losses, use Worksheets 5, 6, and 7 of Form 8582. List each activity of the PTP in Worksheet 5. Enter the overall loss from each activity in column (a). Enter the result in column (c) of Worksheet 6. Multiply the total unallowed loss from the PTP by each ratio in column (b) and enter the product in column (c) of Worksheet 6 (column (e) of Worksheet 7). Complete Worksheet 6 if all the losses from the same activity is to be reported on one form or schedule. Use Worksheet 7 instead of Worksheet 6 if you have more than one loss to be reported on different forms or schedules for the same activity.

Enter the net loss plus any prior year unallowed losses in column (a) of Worksheet 6 (or Worksheet 7 if applicable). The losses in column (c) of Worksheet 6 (column (e) of Worksheet 7) are the allowable losses to report on the forms or schedules. Report both these losses and any income from the PTP on the forms and schedules you normally use.

4. If you have an overall loss and you disposed of your entire interest in the PTP to an unrelated person in a fully taxable transaction during the year, your losses (including prior year unallowed losses) allocable to the activity for the year are not limited by the passive loss rules. A fully taxable transaction is one in which you recognize all your realized gain or loss. Report the income and losses on the forms and schedules you normally use.

**Note:** For rules on the disposition of an entire interest reported using the installment method, see the Instructions for Form 8582.

**Special allowance for a rental real estate activity.** If you actively participated in a rental real estate activity, you may be able to deduct up to $25,000 of the loss from the activity from nonpassive income. This “special allowance” is an exception to the general rule disallowing losses in excess of income from passive activities. The special allowance is not available if you were married, file a separate return for the year, and did not live apart from your spouse at all times during the year.

Only individuals and qualifying estates can actively participate in a rental real estate activity. Estates (other than qualifying estates), trusts, and corporations cannot actively participate. Limited partnership passive activity participate unless future regulations provide an exception.

You are not considered to actively participate in a rental real estate activity if at any time during the tax year your interest (including your spouse’s interest) in the activity was less than 10% (by value) of all interests in the activity.

**Active participation** is less stringent than material participation. You may be treated as actively participating if you participated, for example, in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense.

Management decisions that can count as active participation include approving new tenants, deciding rental terms, approving capital or repair expenditures, and other similar decisions.

An estate is a qualifying estate if the decedent would have satisfied the active participation requirement for the activity for the tax year the decedent died. A qualifying estate is treated as actively participating for tax years ending less than 2 years after the date of the decedent’s death.

**Modified adjusted gross income limitation.** The maximum special allowance that single individuals and married individuals filing a joint return can qualify for is $25,000. The maximum is $12,500 for married individuals who file separate returns and who lived apart all times during the year. The maximum special allowance for which an estate can qualify is $25,000 reduced by the special allowance for which the surviving spouse qualifies.

If your modified adjusted gross income (defined on page 5) is $100,000 or less ($50,000 or less if married filing separately), your loss is deductible up to the amount of the maximum special allowance referred to in the preceding paragraph. If your modified adjusted gross income is more than $100,000 (more than $50,000 if married filing separately), the special allowance is limited to 50% of the difference between $100,000 ($75,000 if married filing separately) and your modified adjusted gross income. When modified adjusted gross income is $150,000 or more ($75,000 or more if married filing separately), there is no special allowance.
Modified adjusted gross income is your adjusted gross income figured without taking into account:
- Any passive activity loss.
- Any rental real estate loss allowed under section 469(c)(7) to real estate professionals (as defined on page 3).
- Any taxable social security or equivalent railroad retirement benefits.
- Any deductible contributions to an IRA or certain other qualified retirement plans under section 219.
- The standard loan interest deduction.
- The tuition and fees deduction.
- The deduction for one-half of self-employment taxes.
- The exclusion from income of interest from Series EE or I U.S. Savings Bonds used to pay higher education expenses.
- The exclusion of amounts received under an employer's adoption assistance program.

Commercial revitalization deduction. The special $25,000 allowance for the commercial revitalization deduction from rental real estate activities is not subject to the active participation rules or modified adjusted gross income limits discussed above. See item 25 of the supplemental information instructions on page 11.

Special rules for certain other activities. If you have net income (loss), deductions, or credits from any activity to which special rules apply, the partnership will identify the activity and all amounts relating to it on Schedule K-1 or on an attachment. If you have net income subject to recharacterization under Temporary Regulations section 1.469-2(f) and Regulations section 1.469-2(f), report such amounts according to the Instructions for Form 8582 (or Form 8810).

If you have net income (loss), deductions, or credits from any of the following activities, treat such amounts as nonrecourse unless you report them as instructed in column (c) of Schedule K-1 or in these instructions:
1. Working interests in oil and gas wells.
2. The rental of a dwelling unit any partner used for personal purposes during the year for more than the greater of 14 days or 10% of the number of days that the residence was rented at fair rental value.
3. Trading personal property for the account of owners of interests in the activity.

Self-charged interest. The partnership will report any "self-charged" interest income or expense that resulted from loans between you and the partnership (or between the partnership and another partnership or S corporation if both entities have the same owners with the same proportional ownership interest in each entity). If there was more than one activity, the partnership will provide a statement allocating the interest income or expense with respect to each activity. The self-charged interest rules do not apply if your partnership interest if the partnership made an election under Regulations section 1.469-7(g) to avoid the application of these rules. See the Instructions for Form 8582 for more information.

See Pub. 925 for more information on qualified nonrecourse financing.

Both the partnership and you must report qualified nonrecourse rules on this debt before you can include the amount shown next to "Qualified nonrecourse financing" in your at-risk computation.

See Limitations on Losses, Deductions, and Credits beginning on page 2 for more information on the at-risk limitations.

Item G

If the partnership is a registration-required tax shelter or has invested in a registration-required tax shelter, it should have completed Item G. If you claim or report any income, loss, deduction, or credit on a tax shelter, you must attach Form 8271 to your tax return. If the partnership has invested in a tax shelter, it must give you a copy of its Form 8271 with your Schedule K-1. Use this information to complete your Form 8271.

If the partnership itself is a registration-required tax shelter, use the information on Schedule K-1 (name of the partnership, partnership (identifying number, and tax shelter registration number) to complete your Form 8271.

Item H

If the box in Item H is checked, you are a partner in a publicly traded partnership and must follow the rules discussed on page 4 under Publicly traded partnerships.

Lines 1 Through 25

The amounts shown on lines 1 through 25 reflect your share of income, loss, credits, deductions, etc., from partnership business or rental activities without reference to limitations on losses or adjustments that may be required of you because of:
1. The adjusted basis of your partnership interest.
2. The amount for which you are at risk.
3. The passive activity limitations.

For information on these provisions, see Limitations on Losses, Deductions, and Credits beginning on page 2. If you are an individual and the passive activity rules do not apply to the amounts shown on your Schedule K-1, take the amounts shown in column (b) and enter them on the lines on your tax return as indicated in column (c). If the passive activity rules do apply, report the amounts shown in column (b) as indicated in the line instructions.

If you are not an individual, report the amounts in column (b) as instructed on your tax return.

The line numbers in column (c) are references to forms in use for calendar year 2002. If you file your tax return on a calendar year basis, but your partnership files a return for a fiscal year, enter the
amounts shown in column (b) on your tax return for the year in which the partnership’s fiscal year ends. For example, if the partnership’s tax year ends in February 2003, report the amounts in column (b) on your 2003 tax return.

If you have losses, deductions, or credits from a prior year that were not deductible or usable because of certain limitations, such as the basis rules or the at-risk limitations, take them into account in determining your net income, loss, or credit this year. However, except for passive activity losses and credits, do not combine the prior-year amounts with any amounts shown on this Schedule K-1 to get a net figure to report on any supporting schedules, statements, or forms attached to your return. Instead, report the amounts on the attached schedule, statement, or form on a year-by-year basis.

If you have amounts other than those shown on Schedule K-1 to report on Schedule E (Form 1040), enter each item on a separate line of Part II of Schedule E.

**Income**

**Line 1—Ordinary Income (Loss) From Trade or Business Activities**
The amount reported for line 1 is your share of the ordinary income (loss) from the trade or business activities of the partnership. Generally, where you report this amount on Form 1040 depends on whether the amount is from an activity that is a passive activity to you. If you are an individual partner during your 2002 tax year, find your situation below and report your line 1 income (loss) as instructed, after applying the basis and at-risk limitations on losses:

1. Report line 1 income (loss) from partnership trade or business activities in which you materially participated on Schedule E (Form 1040), Part II, column (i) or (k).
2. Report line 1 income (loss) from partnership trade or business activities in which you did not materially participate, as follows:
   a. If income is reported on line 1, report the income on Schedule E, Part II, column (h). However, if the box in Item H is checked, report the income following the rules for Publicly traded partnerships on page 4.
   b. If a loss is reported on line 1, follow the Instructions for Form 8582, to figure how much of the loss can be reported on Schedule E, Part II, column (g). However, if the box in Item H is checked, report the loss following the rules for Publicly traded partnerships on page 4.

**Line 2—Net Income (Loss) From Rental Real Estate Activities**
Generally, the income (loss) reported on line 2 is from a rental real estate activity. However, the income (loss) on line 2 is not from a passive activity if you were a real estate professional (defined on page 3) and you materially participated in the activity.

If you are filing a 2002 Form 1040, use the following instructions to determine whether to enter a line 2 amount:

1. If you have a loss from a passive activity on line 2 and you meet all of the following conditions, enter the loss on Schedule E (Form 1040), Part II, column (g):
   a. You actively participated in the partnership rental real estate activities. See Special allowance for a rental real estate activity on page 4.
   b. Rental real estate activities with active participation were your only passive activities.
   c. You have no prior year unallowed losses from these activities.
   d. Your total loss from the rental real estate activities was not more than $25,000 (not more than $12,500 if married filing separately and you lived apart from your spouse all year).
   e. You were a married person filing separately, you lived apart from your spouse all year.
   f. You have no current or prior year unallowed credits from a passive activity.
   g. Your modified adjusted gross income was not more than $100,000 (not more than $50,000 if married filing separately and you lived apart from your spouse all year).
   h. Your interest in the rental real estate activity was not held as a limited partner.
2. If you have a loss from a passive activity on line 2 and you do not meet all the conditions in 1 above, report the loss following the Instructions for Form 8582 to figure how much of the loss you can report on Schedule E (Form 1040), Part II, column (g). However, if the box in Item H is checked, report the loss following the rules for Publicly traded partnerships on page 4.
3. If you were a real estate professional and you materially participated in the activity, report line 2 income (loss) on Schedule E (Form 1040), Part II, column (i) or (k).
4. If you have income from a passive activity on line 2, enter the income on Schedule E, Part II, column (h). However, if the box in Item H is checked, report the income following the rules for Publicly traded partnerships on page 4.

**Line 3—Net Income (Loss) From Other Rental Activities**
The amount on line 3 is a passive activity amount for all partners. Report the income or loss as follows:

1. If line 3 is a loss, report the loss following the Instructions for Form 8582. However, if the box in Item H is checked, report the loss following the rules for Publicly traded partnerships on page 4.
2. If income is reported on line 3, report the income on Schedule E (Form 1040), Part II, column (h). However, if the box in Item H is checked, report the income following the rules for Publicly traded partnerships on page 4.

**Lines 4a Through 4f—Portfolio Income (Loss)**
Portfolio income or loss is not subject to the passive activity limitations. Portfolio income includes income not derived in the ordinary course of a trade or business, from interest, ordinary dividends, annuities, or royalties and gain or loss on the sale or exchange of property that produces such income or is held for investment.

Column (c) of Schedule K-1 tells individual partners where to report this income on Form 1040.

The partnership uses line 4f to report portfolio income other than interest, ordinary dividend, royalty, and capital gain (loss) income. It will attach a statement to tell you what kind of portfolio income is reported on line 4f.

If the partnership has a residual interest in a real estate mortgage investment conduit (REMIC), it will report on the statement your share of REMIC taxable income (net loss) that you report on Schedule E (Form 1040), Part IV, column (d). The statement will also report your share of any “excess inclusion” that you report on Schedule E, Part IV, column (c), and your share of section 212 expenses that you report on Schedule E, Part IV, column (e). If you itemize your deductions on Schedule A (Form 1040), you may also deduct these section 212 expenses as a miscellaneous deduction subject to the 2% limit on Schedule A, line 22.

**Line 5—Guaranteed Payments to Partners**
Generally, amounts on this line are not passive income, and you report them on Schedule E (Form 1040), Part II, column (k) (for example, guaranteed payments for personal services).

**Line 6—Net Section 1231 Gain (Loss) (Other Than Due to Casualty or Theft)**
If the amount on line 6 is from a rental activity, the section 1231 gain (loss) is generally a passive activity amount. Likewise, if the amount is from a trade or business activity and you did not materially participate in the activity, the section 1231 gain (loss) is a passive activity amount.

However, an amount on line 6 from a rental real estate activity is not from a passive activity if you were a real estate professional (defined on page 3) and you materially participated in the activity.
If the amount on line 6 is either (a) a loss that is not from a passive activity or (b) is not a short-term capital gain (g) of Form 4797, Sales of Business Property. Do not complete columns (b) through (f) on line 2. Instead, write “From Schedule K-1 (Form 1065)” across these columns.

If the amount on line 6 is a loss from a passive activity, see Passive loss limitations in Instructions for Form 4797. You will need to report the loss following the Instructions for Form 8582 to figure how much of the loss is allowed on Form 4797. However, if the box in Item H is checked, report the loss on line 6 following the rules for Publicly traded partnerships on page 4.

Any amount of gain from section 1231 property held more than 5 years will be indicated on an attachment to Schedule K-1. Include this amount in your computation of qualified 5-year gain only if the amount on your Form 4797, line 7, is more than zero.

Line 7—Other Income (Loss)
Amounts on this line are other items of income, gain, or loss not included on lines 1 through 6. The partnership should give you a description and the amount of your share for each of these items.

Report loss items that are passive activity amounts to you following the Instructions for Form 8582. However, if the box in Item H is checked, report the loss following the rules for Publicly traded partnerships on page 4.

Report income or gain items that are passive activity amounts to you as instructed below.

The instructions given below tell you where to report line 7 items if such items are not passive activity amounts.

- Line 7 items may include the following:
  - Partnership gains from the disposition of farm recapture property (see Form 4797) and other items to which section 1252 applies.
  - Income from recoveries of tax benefit items. A tax benefit item is an amount you deducted in a prior tax year that reduced your income tax. Report this amount on line 21 of Form 1040 to the extent it reduced your income tax.
  - Gambling gains and losses.
  1. If the partnership was not engaged in the trade or business of gambling, report gambling winnings on Form 1040, line 21 and (b) deduct gambling losses to the extent of winnings on Schedule A, line 27.
  2. If the partnership was engaged in the trade or business of gambling, report gambling winnings in Part II of Schedule E and (b) deduct gambling losses to the extent of winnings in Part II of Schedule E.
  - Any income, gain, or loss to the partnership under section 751(b). Report this amount on Form 4797, line 10.

- Specially allocated ordinary gain (loss). Report this amount on Form 4797, line 10.
- Net gain (loss) from involuntary conversions due to casualty or theft. The partnership will give you a schedule that shows the amounts to be entered on Form 4864, Casualties and Thefts, line 34, columns (b)(i), (b)(ii), and (c).
- Net short-term capital gain or loss, net long-term capital gain or loss, and the 28% rate gain or loss from Schedule D (Form 1065) that is not portfolio income. An exception is gain or loss from the disposition of nondepreciable personal property used in a trade or business activity of the partnership. Report total net short-term capital gain or loss on Schedule D (Form 1040), line 5; total net long-term capital gain or loss on Schedule D (Form 1040), line 12, column (f); and (c) long-term capital gain or loss on Schedule D (Form 1040), line 12, column (g).
- Any amount of long-term capital gain from property held more than 5 years will be indicated on an attachment to Schedule K-1. Include this amount on line 5 of the worksheet for line 29 of Schedule D (Form 1040).
- Any net gain or loss from section 1256 contracts. Report this amount on line 1 of Form 6781, Gains and Losses From Section 1256 Contracts and Straddles.
- Gain from the sale or exchange of qualified small business stock (as defined in the instructions for Schedule D) that is eligible for the 50% section 1202 exclusion. The partnership should also give you the name of the corporation that issued the stock, your share of the partnership’s adjusted basis and sales price of the stock, and the dates the stock was bought and sold. Corporate partners are not eligible for the section 1202 exclusion. The following additional limitations apply at the partner level:
  1. You must have held an interest in the partnership when the partnership acquired the qualified small business stock and at all times thereafter until the partnership disposed of the qualified small business stock.
  2. Your distributive share of the eligible section 1202 gain cannot exceed the amount that would have been allocated to you based on your interest in the partnership at the time the stock was acquired.
- See the instructions for Schedule D (Form 1040) for details on how to report the gain and the amount of the allowable postponed gain.

Deductions

Line 8—Charitable Contributions
The partnership will give you a schedule that shows the amount of contributions subject to the 50%, 30%, and 20% limitations. For more details, see the Instructions for Schedule A (Form 1040). If property other than cash is contributed and if the claimed deduction for one item or group of similar items of property exceeds $5,000, the partnership must give you a copy of Form 8283, Noncash Charitable Contributions, to attach to your tax return. Do not deduct the amount shown on this form. It is the partnership’s contribution. Instead, deduct the amount shown on line 8 of your Schedule K-1 (Form 1065).

If the partnership provides you with information that the contribution was property other than cash and does not give you a Form 8283, see the instructions for Form 8283 for filing requirements. Do not file Form 8283.
unless the total claimed deduction for all contributed items of property exceeds $500.

Charitable contribution deductions are not taken into account in figuring your passive activity loss for the year. Do not enter them on Form 8582.

**Line 9—Section 179 Expense Deduction**
Use this amount, along with the total cost of section 179 property placed in service during the year from other sources, to complete Part I of Form 4562, Depreciation and Amortization. See Part I of Form 4562 to figure your allowable section 179 expense deduction from all sources. Report the amount on line 12 of Form 4562 allocable to a passive activity from the partnership using the Instructions for Form 8582. However, if the box in Item H is checked, report this amount following the rules for Publicly traded partnerships on page 4. If the amount reported is a deduction, report it on Schedule E (Form 1040), Part II, column (j).

**Line 10—Deductions Related to Portfolio Income**
Amounts entered on this line are deductions that are clearly and directly allocable to portfolio income (other than investment interest expense and section 212 expenses from a REMIC). Generally, you should enter line 10 amounts on Schedule A (Form 1040), line 22. See the Instructions for Schedule A, lines 22 and 27, for more information. However, enter deductions allocable to profits on Schedule E (Form 1040), line 18. For the type of expense, write “From Schedule K-1 (Form 1065).”

These deductions are not taken into account in figuring your passive activity loss for the year. Do not enter them on Form 8582.

**Line 11—Other Deductions**
Amounts on this line are deductions not included on lines 8, 9, 10, 17g, and 18b, such as:
- Itemized deductions (Form 1040 filers enter on Schedule A (Form 1040)).

**Note:** If there was a gain (loss) from a casualty or theft to property not used in a trade or business, enter on the appropriate line of Schedule D (Form 1040). In the margin to the left of line 41, write “Schedule D” and the amount of the deduction.

The partnership will identify the type of expense, write “From Schedule K-1 (Form 1065).”

**Credible**
If you have credits that are passive activity credits to you, you must complete Form 8582-CR (or Form 8810) for each credit. See Schedule K-1 (Form 1065) for more information.

Also, if you are entitled to claim more than one credit, see the Instructions for Form 3800.

**Line 12a—Low-Income Housing Credit**
Your share of the partnership’s low-income housing credit is shown on line 12a. Any allowable credit is entered on Form 8586, Low-Income Housing Credit. The partnership will report separately on line 12a(1) that portion of the low-income housing credit to which section 42(d)(5) applies. All other low-income housing credits will be reported on line 12a(2).

If part or all of the credit reported on line 12a(1) or 12a(2) is a nonqualified business or additions to qualified basis of property placed in service before 1990, the partnership will attach a statement to tell you the amount of the credit on each line that is attributable to property placed in service (a) before 1990 and (b) after 1990.

Keep a separate record of the amount of low-income housing credit from each of these sources so that you will be able to correctly compute any recapture of low-income housing credit that may result from the disposition of all or part of your partnership interest. For more information, see the Instructions for Form 8586.

**Line 12b—Qualified Rehabilitation Expenditures Related to Rental Real Estate Activities**
The partnership should identify your share of the partnership’s rehabilitation expenditures from each rental real estate activity. Enter the expenditures on the appropriate line of Form 3468, Investment Credit, to figure your allowable credit.

**Line 12c—Credits Other Than Low-Income Housing Credit**
The partnership will identify the type of credit and any other information you need to compute credits from rental real estate activities (other than the low-income housing credit and qualified rehabilitation expenditures).

**Line 12d—Credits Related to Other Rental Activities**
The partnership will identify the type of credit and any other information you need to compute credits from rental activities other than rental real estate activities.

**Line 13—Other Credits**
The partnership will identify the type of credit and any other information you need to compute credits other than on lines 12a through 12d. Expenditures qualifying for the (a) rehabilitation credit from other than rental real estate activities, (b) energy credit, or (c) reforestation credit will be reported to you on line 25.
Credits that may be reported on line 12c, 12d, or 13 (depending on the type of activity they relate to) include the following:

- Credit for backup withholding on dividends, interest income, and other types of income. Include the amount the partnership reports to you in the total that you enter on Form 1040, line 62.
- Nonconventional source fuel credit.
- Qualified electric vehicle credit (Form 8834).
- Used credits from cooperatives.
- Work opportunity credit (Form 5884).
- Welfare-to-work credit (Form 8861).
- Credit for alcohol used as fuel (Form 6478).
- Credit for increasing research activities (Form 6765).
- Renewable electricity production credit (Form 8835).
- Empowerment zone and renewal community employment credit (Form 8844).
- Indian employment credit (Form 8845).
- Credit for employer social security and Medicare taxes paid on certain employee tips (Form 8846).
- Orphan drug credit (Form 8820).
- New markets credit (Form 8874).
- Credit for small employer pension plan startup costs (Form 8881).
- Credit for employer-provided child care facilities and services (Form 8882).
- New York Liberty Zone business employee credit (Form 8884).
- Credit for contributions to selected community development corporations (Form 8847).
- General credits from an electing large partnership. Report these credits on Form 3800, line 1r.

Investment Interest
If the partnership paid or accrued interest on debts properly allocable to investment property, the amount of interest you are allowed to deduct may be limited.

For more information and the special provisions that apply to investment interest expense, see Form 4952, Investment Interest Expense Deduction, and Pub. 550, Investment Income and Expenses.

Line 14a—Interest Expense on Investment Debts
Enter this amount on Form 4952, line 1, along with your investment interest expense from Schedule K-1, line 11, if any, and from other sources to figure how much of your total investment interest is deductible.

Lines 14b(1) and 14b(2)—Investment Income and Investment Expenses
Use the amounts on these lines to figure the amounts to enter in Part II of Form 4952.

The amounts shown on lines 14b(1) and 14b(2) include only investment income and expenses included on lines 4a, 4b, 4c, 4f, and 10 of this Schedule K-1. The partnership should attach a schedule that shows how the amount of any investment income and expenses included on any other lines of this Schedule K-1. Be sure to take these amounts into account, along with the amounts on lines 14b(1) and 14b(2) and your investment income and expenses from other sources, when figuring the amounts to enter in Part II of Form 4952.

Self-Employment
If you and your spouse are both partners, each of you must complete and file your own Schedule SE (Form 1040), Self-Employment Tax, to report your partnership net earnings (loss) from self-employment.

Line 15a—Net Earnings (Loss) From Self-Employment
If you are a general partner, reduce this amount before entering it on Schedule SE (Form 1040) by any section 179 expense deduction claimed, unreimbursed partnership expenses claimed, and depletion claimed on oil and gas properties. Do not reduce net earnings from self-employment by any separately stated deduction for health insurance expenses.

If the amount on this line is a loss, enter only the deductible amount on Schedule SE (Form 1040). See Limitations on Losses, Deductions, and Credits beginning on page 2.

If your partnership is an options dealer or a commodities dealer, see section 1402(j).

If your partnership is an investment club, see Rev. Rul. 75-525, 1975-2 C.B. 350.

Line 15b—Gross Farming or Fishing Income
If you are an individual partner, enter the amount from this line, as an item of information, on Schedule E (Form 1040), Part V, line 41. Also use this amount to figure net earnings from self-employment under the farm optional method on Schedule SE (Form 1040), Section B, Part II.

Line 15c—Gross Nonfarm Income
If you are an individual partner, use this amount to figure net earnings from self-employment under the nonfarm optional method on Schedule SE (Form 1040), Section B, Part II.

Adjustments and Tax Preference Items
Use the information reported on lines 16a through 16e (as well as your adjustments and tax preference items from other sources) to prepare your Form 6251, Alternative Minimum Tax—Individuals;

Note: A partner that is a corporation subject to alternative minimum tax must notify the partnership of its status.

Lines 16d(1) and 16d(2)—Gross Income From, and Deductions Allocable to, Oil, Gas, and Geothermal Properties
The amounts reported on these lines include only the gross income from, and deductions allocable to, oil, gas, and geothermal properties that are included on line 1 of Schedule K-1. The partnership should have attached a schedule that shows any income from or deductions allocable to such properties that are included on lines 2 through 11 and line 25 of Schedule K-1. Use the amounts reported on lines 16d(1) and 16d(2) and the amounts on the attached schedule to help you figure the net amount to enter on line 25 of Form 6251 (line 22 of Schedule I, Form 1041; line 20 of Form 4626).

Line 16e—Other Adjustments and Tax Preference Items
Enter the information on the schedule attached by the partnership for line 16e on the applicable lines of Form 6251, Form 4626, or Schedule I of Form 1041.

Foreign Taxes
Use the information on lines 17a through 17h and attached schedules to figure your foreign tax credit. For more information, see Form 1116, Foreign Tax Credit (Individual, Estate, Trust, or Nonresident Alien Individual), and its instructions; Form 1118, Foreign Tax Credit—Corporations, and its instructions; and Pub. 514, Foreign Tax Credit for Individuals.

Other
Lines 18a and 18b—Section 59(e)(2) Expenditures
The partnership will show on line 18a the type of qualified expenditures to which an election under section 59(e)(2) may apply. It will identify the amount of the expenditure on line 18b. If there is more than one type of expenditure, the amount of each type will be listed on an attachment.

Generally, section 59(e) allows each partner to elect to deduct certain expenses ratably over the number of years in the applicable period rather than deduct the full amount in the current year. Under the election, you may deduct circulation expenditures ratably over a 3-year period. Research and experimental expenditures and mining exploration and development costs qualify for a writedown period of 10 years. Intangible drilling and development costs may be deducted over a 60-month period,
beginning with the month in which such costs were paid or incurred.

If you make this election, these items are not treated as adjustments or tax preference items for purposes of the alternative minimum tax. Make the election on Form 4562.

Because each partner decides whether to make the election under section 59(e), the partnership cannot provide you with the amount of the adjustment or tax preference item related to the expenses listed on line 18b. You must decide both how to claim the expenses on your return and compute the resulting adjustment or tax preference item.

Line 19—Tax-Exempt Interest Income
You must report on your return, as an item of information, your share of the tax-exempt interest received or accrued by the partnership during the year. Individual partners must include this amount on Form 1040, line 8b. Increase the adjusted basis of your interest in the partnership by this amount.

Line 20—Other Tax-Exempt Income
Increase the adjusted basis of your interest in the partnership by the amount shown on line 20, but do not include it in income on your tax return.

Line 21—Nondeductible Expenses
The nondeductible expenses paid or incurred by the partnership are not deductible on your tax return. Decrease the adjusted basis of your interest in the partnership by this amount.

Line 22—Distributions of Money (Cash and Marketable Securities)
Line 22 shows the distributions the partnership made to you of cash and certain marketable securities. The marketable securities are included at their fair market value (FMV) on the date of distribution (minus your share of the partnership’s gain on the securities distributed to you). If the amount shown on line 22 exceeds the adjusted basis of your partnership interest immediately before the distribution, the excess is treated as gain from the sale or exchange of your partnership interest. Generally, this gain is treated as gain from the sale of a capital asset and should be reported on the Schedule D for your return. However, the gain may be ordinary income. For details, see Pub. 541.

The partnership will separately identify both of the following:

• The FMV of the marketable securities when distributed (minus your share of the gain on the securities distributed to you).
• The partnership’s adjusted basis of those securities immediately before the distribution.

Decrease the adjusted basis of your interest in the partnership (but not below zero) by the amount of cash distributed to you and the partnership’s adjusted basis of the distributed securities. Advances or drawings of money or property against your distributive share are treated as current distributions made on the last day of the partnership’s tax year.

Your basis in the distributed marketable securities (other than in liquidation of your interest) is the smaller of:

• The partnership’s adjusted basis in the securities immediately before the distribution increased by any gain recognized on the distribution of the securities or
• The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction and increased by any gain recognized on the distribution of the securities.

If, within 5 years of a distribution to you of marketable securities, you contributed appreciated property (other than those securities) to the partnership and the FMV of those securities exceeded the adjusted basis of your partnership interest immediately before the distribution (reduced by any cash received in the distribution), you may have to recognize gain on the appreciated property. For property contributed after June 8, 1997, the 5-year period is generally extended to 7 years. See section 737 for details.

Line 23—Distributions of Property Other Than Money
Line 23 shows the partnership’s adjusted basis of property other than money immediately before the property was distributed to you. In addition, the partnership should report the adjusted basis and FMV of each property distributed. Decrease the adjusted basis of your partnership interest immediately before the distribution by the amount of your basis in the distributed property. Your basis in the distributed property (other than in liquidation of your interest) is the smaller of:

• The partnership’s adjusted basis immediately before the distribution or
• The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction.

If you received the property in liquidation of your interest, your basis in the distributed property is equal to the adjusted basis of your partnership interest reduced by any cash distributed in the same transaction.

If you contributed appreciated property to the partnership within 5 years of a distribution of other property to you, and the FMV of the other property exceeded the adjusted basis of your partnership interest immediately before the distribution, etc., you may have to recognize gain on the appreciated property. For property contributed after June 8, 1997, the 5-year period is generally extended to 7 years. See section 737 for details.

Line 24a and 24b—Recapture of Low-Income Housing Credit
A section 42(j)(5) partnership will report recapture of a low-income housing credit on line 24a. All other partnerships will report recapture of a low-income housing credit on line 24b. Keep a separate record of recapture from each of these sources so that you will be able to correctly compute any recapture of low-income housing credit that may result from the disposition of all or part of your partnership interest. For more information, see Form 8611, Recapture of Low-Income Housing Credit.

Supplemental Information

Line 25
Amounts shown on line 25 include:

1. Taxes paid on undistributed capital gains by a regulated investment company or real estate investment trust. Form 1040, line 14b, includes any taxes paid on undistributed capital gains by a regulated investment company or real estate investment trust. List the amount shown on line 25 if you do not make the election required under the FMV rules in section 1.263A-4, or if you include any taxes paid on undistributed capital gains by a regulated investment company or real estate investment trust.

2. Number of gallons of each fuel sold or used during the tax year for a nontaxable use qualifying for the credit for taxes paid on fuels, type of use, and the applicable credit per gallon. Use this information to complete Form 4136, Credit for Federal Tax Paid on Fuels.

3. Your share of gross income from the property, share of production for the tax year, etc., needed to figure your depletion deduction for oil and gas wells. The partnership should also allocate to you a share of the adjusted basis of each partnership oil or gas property. See Pub. 535 for how to figure your depletion deduction.

4. Recapture of the section 179 expense deduction. If the recapture was caused by a disposition of the property, include the amount on Form 4797, line 17. The recapture amount is limited to the amount you deducted in earlier years.

5. Recapture of certain mining exploration expenditures (section 617).

6. Any information or statements you need to comply with section 6111 (regarding tax shelters) or section 6011 concerning disclosure of items that may cause an understatement of income tax on your return.

7. Preproducing period farm expenses. You may be eligible to elect to deduct these expenses currently or capitalize them under section 263A. See Pub. 225, Farmer’s Tax Guide, and Regulations section 1.263A-4.

Partner’s Instructions for Schedule K-1
8. Any information you need to figure the interest due under section 453(b)(3) with respect to tax on Form 4255 for certain timeshares and residential lots on the installment method. If you are an indirect participant in a partnership on Form 1040, line 61. Write "453(b)(3)" and the amount of the interest on the dotted line to the left of line 61.

9. A partner is required to notify the partnership of its tax-exempt status.

10. Any information you need relating to interest expense that you are required to capitalize under section 263A for production expenditures. See Regulations sections 1.263A-8 through 1.263A-15 for more information.

11. Any information you need to figure the interest due or to be refunded under the look-back method of section 460(b)(2) or in a closely held regulated investment company. Use Form 8697, Interest Computation Under the Look-Back Method for Completed Long-Term Contracts, to report any such interest.

12. A partner is required to notify the partner of its tax-exempt status.

13. Your share of expenditures qualifying for the (a) rehabilitation credit from other than rental real estate activities, (b) energy credit, or (c) reforestation credit. Enter the expenditures on the appropriate line of Form 3468 to figure your allowable credit.

14. Any information you need to figure your share of reforestation credit. See Pub. 535 for details.

15. Any information you need to figure your recapture of the qualified electric vehicle credit, including limits that may apply, see section 194 and Pub. 535. Follow the Instructions for Form 8834 to report amortization allocable to a passive expense. However, if the box in Item H is checked, report the amortization following the rules for Publicly traded partnerships.

16. Recapture of new markets credit (see Form 8874).

17. Any information you need to figure your recapture of the Indian employment credit. Generally, if the partnership terminated before the qualified period is less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior tax year by reason of wages paid or incurred to that employee must be recaptured. For details, see section 45A(d).

18. Nonqualified withdrawals by the partnership from a CCF. These withdrawals are treated separately from your other gross income at the highest marginal ordinary income or capital gain tax rate. Federal income tax return to show your computation of both the tax and interest for a nonqualified withdrawal. Include the tax and interest on Form 1040, line 61. To the left of line 61, write the amount of tax and interest and "CCF." The nonrecaptured section 1250 gain. Generally, report this amount on line 5 of the Unrecognized Section 1250 Gain Worksheet in the Schedule D (Form 1040) instructions. However, for an amount passed through from an estate, trust, real estate investment trust, or regulated investment company, report it on line 11 of that worksheet. Report on line 10 of that worksheet any gain from the partnership’s sale or exchange of an interest in another partnership that is attributable to unrecognized section 1250 gain.

20. Any information you need to figure the interest due or to be refunded under the look-back method of section 167(g)(2) for certain property placed in service after September 13, 1995, and depreciated under the income forecast method. Use Form 8862, Interest Computation Under the Look-Back Method for Property Depreciated Under the Income Forecast Method, to report any such interest.

21. Any information a publicly traded partnership needs to determine whether it meets the 80% qualifying income test of section 7704(c)(2).

22. Amortizable basis of reforestation expenses and the year paid or incurred. To figure your allowable amortization, including limits that may apply, see section 194 and Pub. 535. Follow the Instructions for Form 8832 to report amortization allocable to a passive activity. However, if the box in Item H is checked, report the amortization following the rules for Publicly traded partnerships.

23. Any information you need to figure the interest due under section 1260(b). If the partnership had gain from certain constructive ownership transactions, your tax liability must be increased by the interest charge on any deferral of gain recognition under section 1260(b). Report the interest on Form 1040, line 61. Write "1260" and the amount of the interest charged on the dotted line to the left of line 61. See section 1260(b) for details, including how to figure the interest.

24. Extraterritorial income exclusion:
   a. Partnership did not claim the exclusion. If the partnership reports your distributive share of foreign trading gross receipts and the extraterritorial income exclusion, the partnership was not entitled to claim the exclusion. Your distributive share did not meet the foreign economic process requirements. You may qualify for your distributive share of foreign trading gross receipts for the tax year at $5 million or less. To qualify for this exclusion, your foreign trading gross receipts from all sources for the tax year also must have been $5 million or less. See Form 8833, Extraterritorial Income Exclusion, for more information. If you qualify for the exclusion, report the exclusion amount in accordance with the instructions on page 6 for line 1, 2, or 3, whichever applies.
   b. Partnership claimed the exclusion. If the partnership reports your distributive share of foreign trading gross receipts but not the amount of the extraterritorial income exclusion, the partnership did not have any modifications required by paragraphs (8) through (15) of section 512(b) for a partner that is a tax-exempt organization. Reminder: A partner is required to notify the partnership of its tax-exempt status.
   c. Extraterritorial income exclusion: Form 8833. Form 8833, Extraterritorial Income Exclusion, for more information. If you qualify for the exclusion, report the exclusion amount in accordance with the instructions on page 6 for line 1, 2, or 3, whichever applies.
   d. Partnership claimed the exclusion. If the partnership reports your distributive share of foreign trading gross receipts but not the amount of the extraterritorial income exclusion, the partnership did not have any modifications required by paragraphs (8) through (15) of section 512(b) for a partner that is a tax-exempt organization. Reminder: A partner is required to notify the partnership of its tax-exempt status.
   e. Extraterritorial income exclusion: Form 8833. Form 8833, Extraterritorial Income Exclusion, for more information. If you qualify for the exclusion, report the exclusion amount in accordance with the instructions on page 6 for line 1, 2, or 3, whichever applies.

Note: Upon request, the partnership should furnish you a copy of the partnership’s Form 8833 if there is a reduction for international boycott operations, illegal bribes, kickbacks, etc.

25. Commercial revitalization deduction from rental real estate activities. Follow the instructions on Form 8832 for commercial revitalization deductions from rental real estate activities to figure how much of the deduction can be reported on Schedule E, Part II, column (g).

26. Any information you need to file your Form 8832 in accordance with the rules for Publicly traded partnerships.

27. Any information you need to file your Form 8832 in accordance with the rules for Publicly traded partnerships.
