General Instructions

Purpose of Schedule K-1

The partnership uses Schedule K-1 to report your share of the partnership’s income, deductions, credits, etc. Keep it for your records. Do not file it with your tax return. The partnership has filed a copy with the IRS.

Although the partnership generally is not subject to income tax, you are liable for tax on your share of the partnership income, whether or not distributed. Include your share on your tax return if a return is required. Use these instructions to help you report the items shown on Schedule K-1 on your tax return.

The amount of loss and deduction that you may claim on your tax return may be less than the amount reported on Schedule K-1. It is the partner’s responsibility to consider and apply any applicable limitations. See Limitations on Losses, Deductions, and Credits beginning on page 2 for more information.

Inconsistent Treatment of Items

Generally, you must report partnership items shown on your Schedule K-1 (and any attached schedules) the same way that the partnership treated the items on its return. This rule does not apply if your partnership is within the “small partnership exception” and does not elect to have the tax treatment of partnership items determined at the partnership level.

If the treatment on your original or amended return is inconsistent with the partnership’s treatment, or if the partnership was required to but has not filed a return, you must file Form 8082. Notice of Inconsistent Treatment or Administrative Adjustment Request (AAR), with your original or amended return to identify and explain any inconsistency (or to note that a partnership return has not been filed).

If you are required to file Form 8082 but fail to do so, you may be subject to the accuracy-related penalty. This penalty is in addition to any tax that results from making your amount or treatment of the item consistent with that shown on the partnership’s return. Any deficiency that results from making the amounts consistent may be assessed immediately.

Errors

If you believe the partnership has made an error on your Schedule K-1, notify the partnership and ask for a corrected Schedule K-1. Do not change any items on your copy of Schedule K-1. Be sure that the partnership sends a copy of the corrected Schedule K-1 to the IRS. If you are a partner in a partnership that does not meet the small partnership exception and you report any partnership item on your return in a manner different from the way the partnership reported it, you must file Form 8082.

Sale or Exchange of Partnership Interest

Generally, a partner who sells or exchanges a partnership interest in a section 751(a) exchange must notify the partnership, in writing, within 30 days of the exchange (or, if earlier, by January 15 of the calendar year following the calendar year in which the exchange occurred). A "section 751(a) exchange" is any sale or exchange of a partnership interest in which any money or other property received by the partner in exchange for that partner’s interest is attributable to unrealized receivables (as defined in section 751(c)) or inventory items (as defined in section 751(d)).

The written notice to the partnership must include the names and addresses of both parties to the exchange, the identifying numbers of the transferor and (if known) of the transferee, and the exchange date.

An exception to this rule is made for sales or exchanges of publicly traded partnership interests for which a broker is required to file Form 1099-B, Proceeds From Broker and Barter Exchange Transactions.

If a partner is required to notify the partnership of a section 751(a) exchange but fails to do so, a $50 penalty may be imposed for each such failure. However, no penalty will be imposed if the partner can show that the failure was due to reasonable cause and not willful neglect.

Nominee Reporting

Any person who holds, directly or indirectly, an interest in a partnership as a nominee for another person must furnish a written statement to the partnership by the last day of the month following the end of the partnership’s tax year. This statement must include the name, address, and identifying number of the nominee and such other person, description of the partnership interest held as nominee for that person, and other information required by Temporary Regulations section 1.6033(c)-1T. A nominee that fails to furnish this statement must furnish to the person for whom the nominee holds the partnership interest a copy of Schedule K-1 and related information within 30 days of receiving it from the partnership.

A nominee who fails to furnish when due all the information required by Temporary Regulations section 1.6031(c)-1T, or who furnishes incorrect information, is subject to a $50 penalty for each statement for which a failure occurs. The maximum penalty is $100,000 for all such failures during a calendar year. If the nominee intentionally disregards the requirement to report correct information, each $50 penalty increases to $100 or, if greater, 10% of the aggregate amount of items required to be reported, and the $100,000 maximum does not apply.

International Boycotts

Every partnership that had operations in, or related to, a boycotting country, company, or a national of a country must file Form 5713, International Boycott Report.

If the partnership cooperated with an international boycott, it must give you a copy of its Form 5713. You must file your own Form 5713 to report the partnership’s activities and any other boycott operations that you may have. You may lose certain tax benefits if the partnership participated in, or cooperated with, an international boycott. See Form 5713 and its instructions for more information.
Definitions

General Partner
A general partner is a partner who is personally liable for partnership debts.

Limited Partner
A limited partner is a partner in a partnership formed under a state limited partnership law, whose personal liability for partnership debts is limited to the amount of money or other property that the partner contributed or is required to contribute to the partnership. Some members of other entities, such as domestic or foreign business trusts or limited liability companies that are classified as partnerships, may be treated as limited partners for certain purposes. See, for example, Temporary Regulations section 1.469-5T(e)(3), which treats all members with limited liability as limited partners for purposes of section 469(h)(2).

Nonrecourse Loans
Nonrecourse loans are those liabilities of the partnership for which no partner bears the economic risk of loss.

Elections

Generally, the partnership decides how to figure taxable income from its operations. However, certain elections are made by you separately on your income tax return and not by the partnership. These elections are made under the following code sections:

- Section 59(e) (deduction of certain qualified expenditures ratably over the period of time specified in that section). For more information, see the instructions for code I in box 13.
- Section 108(b)(5) (income from the discharge of indebtedness).
- Section 263A(d) (preproductive deduction expenses). See the instructions for code O in box 13.
- Section 617 (deduction and recapture of certain mining exploration expenditures).
- Section 901 (foreign tax credit).

If the partnership previously changed its tax year and you elected to report your distributive share of the income attributable to that change ratably over 4 tax years, see Rev. Proc. 2003-79, 2003-45 I.R.B. 1036. If you made a change, you must file Form 8082 with your income tax return for each of the 4 tax years. File Form 8082 for this purpose in accordance with Rev. Proc. 2003-79 instead of the Form 8082 instructions.

Additional Information

For more information on the treatment of partnership income, deductions, credits, etc., see Pub. 541, Partnerships, and Pub. 555, Business Expenses.

To get forms and publications, see the instructions for your tax return or visit the IRS website at www.irs.gov.

Limitations on Losses, Deductions, and Credits

There are three separate potential limitations on the amount of partnership losses that you may deduct on your return. These limitations and the order in which you must apply them are as follows: the basis rules, the at-risk limitations, and the passive activity limitations. Each of these limitations is discussed separately below.

Other limitations may apply to specific deductions (for example, the section 179 expense deduction). Generally, specific limitations apply before the basis, at-risk, and passive loss limitations.

Caution: The deduction for your share of the partnership’s losses and deductions is limited to your adjusted basis in your partnership interest. If you enter zero on line 11 and the amount computed for line 11 was less than zero, a portion of your share of the partnership losses and deductions may not be deductible. (See Basis Rules above for more information.)
and deductions include a loss on the disposition of assets and the section 179 expense reduction. However, if you acquired your partnership interest before 1987, the at-risk rules do not apply to losses from an activity of holding real property placed in service before 1987 by the partnership. The activity of holding mineral property does not qualify for this exception. The partnership should identify on an attachment to Schedule K-1 the amount of any losses that are not subject to the at-risk limitations.

Generally, you are not at risk for amounts such as the following:
- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire your interest in the activity, and not secured by your own property (other than the property used in the activity). See the instructions for item M on page 5 for the exception for qualified nonrecourse financing secured by real property.
- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire your interest in the activity that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability)).
- Amounts borrowed for use in the activity from a person who has an interest in the activity, other than as a creditor, or who is related, under section 465(b)(3), to a person (other than you) having such an interest.

You should get a separate statement of income, expenses, etc., for each activity from the partnership.

### Passive Activity Limitations

Section 469 provides rules that limit the deduction of certain losses and credits. These rules apply to partners who:
- Are individuals, estates, trusts, closely held corporations, or personal service corporations and
- Had passive activity loss or credit for the tax year.

Generally, passive activities include:
1. Trade or business activities in which you did not materially participate and
2. Activities that meet the definition of rental activities under Temporary Regulations section 1.469-1T(e)(3) and Regulations section 1.469-1(e)(3).

Passive activities do not include:
1. Trade or business activities in which you materially participated.
2. Real estate activities in which you materially participated if you were a real estate professional for the tax year. You were a real estate professional only if you met both of the following conditions:
   a. More than half of the personal services you performed in trades or businesses were performed in real property trades or businesses in which you materially participated and
   b. You performed more than 750 hours of services in real property trades or businesses in which you materially participated.

### Work counted toward material participation.

Generally, any work that you or your spouse does in connection with an activity held through a partnership (where you own your partnership interest at the time the work is done) is counted toward material participation in an activity in which you are not directly involved. Work done as an investor that would not count toward material participation include:
1. Studying and reviewing financial statements or reports on operations of the activity.

---

**Note.** For a closely held C corporation (defined in section 465(a)(1)(B)), the above conditions are treated as met if more than 50% of the corporation’s gross receipts were from property trades or businesses in which the corporation materially participated.

For purposes of this rule, each interest in real rental activity is a separate activity, unless you elect to treat all interests in rental real estate as one activity. For details on making this election, see the instructions for Schedule E (Form 1040). If you are married filing jointly, either you or your spouse must separately meet both of the above conditions, without taking into account services performed by the other spouse.

A real property trade or business is any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business. Services you perform as an employee are not treated as performed in a real property trade or business unless you owned more than 5% of the stock (or more than 5% of the capital or profits interest) in the employer.

1. Working interests in oil or gas wells if you were a general partner.
2. A rental of a dwelling unit any person used for personal purposes during the year for more than 40 days or 10% of the number of days that the residence was rented at fair rental value.
3. Activities of trading personal property for the account of owners of interests in the activity.

If you are an individual, an estate, or a trust, and you have a passive activity loss or credit, use Form 8582, Passive Activity Loss Limitations, to figure your allowable passive losses and Form 8582-CR, Passive Activity Credit Limitations, to figure your allowable passive credits. See the instructions for these forms for more information.

Material participation. You must determine if you materially participated (a) in each trade or business activity held through the partnership and (b) If you were a real estate professional (defined above), in each rental real estate activity held through the partnership. All determinations of material participation are made based on your participation during the partnership’s tax year.

Material participation standards for partners who are individuals are listed below. Special rules apply to certain retired or disabled farmers and to the surviving spouses of farmers. See the Instructions for Form 8582 for details.

Corporations should refer to the instructions for Form 8810 for the material participation standards that apply to them.

**Individuals (other than limited partners).** If you are an individual (either a general partner or a limited partner who owned a general partnership interest at all times during the tax year), you materially participated in an activity only if one or more of the following apply:
- Participated in the activity for more than 500 hours during the tax year.
- Participated in the activity for the tax year only if you were not the participant in the activity of any other individual (including individuals who were not owners of interests in the activity).
- Participated in the activity for more than 100 hours during the tax year, and your participation in the activity for the tax year was not the participant in the activity of any other individual (including individuals who were not owners of interests in the activity).
- The activity was a significant participation activity for the tax year, and you materially participated in the activity for more than 100 hours during the tax year, and your participation in the activity for the tax year was not the participant in the activity of any other individual (including individuals who were not owners of interests in the activity).
- The activity was a significant participation activity for the tax year, and you materially participated in the activity for more than 100 hours during the tax year, and your participation in the activity for the tax year was not the participant in the activity of any other individual (including individuals who were not owners of interests in the activity).

- You materially participated in the activity for any 5 tax years (whether or not consecutive) during the 10 tax years that immediately preceded the tax year.
- The activity was a personal service activity and you materially participated in the activity for any 3 tax years (whether or not consecutive) preceding the tax year. A personal service activity involves the performance of personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, or any other trade or business in which capital is not a material income-producing factor.
- Based on all the facts and circumstances, you participated in the activity as a nonmaterial participant (e.g., a passive investor).

Related activities. If the partnership had more than one activity, it will attach a statement to your Schedule K-1 that identifies each activity (trade or business activity, rental real estate activity, rental activity other than rental real estate, etc.) and specifies the income (loss), deductions, and credits from each activity.

- You are an individual (either a general partner or a limited partner who

---

**Limited partners.** If you are a limited partner, you do not materially participate in an activity unless you meet one of the tests in paragraphs 1, 5, or 6 above.
b. Preparing or compiling summaries or analyses of the finances or operations of the activity for your own use.

c. Monitoring the finances or operations of the activity in a nonmanagerial capacity.

**Effect of determination. Income (loss), deductions, and credits from a rental real estate activity are nonpassive if you determine that:

- You materially participated in a trade or business activity of the partnership or
- You were a real estate professional (defined on page 3) in a rental real estate activity of the partnership.

You determine that you did not materially participate in a trade or business activity of the partnership or if you have income (loss), deductions, and credits from a rental activity of the partnership (other than a rental real estate activity in which you materially participated as a real estate professional), the amounts from that activity are passive. Report passive income (loss), deductions, and credits (including credits as follows:

1. If you have an overall gain (the excess of income over deductions and losses, including any prior year unallowed loss) from a passive activity, report the income, deductions, and losses from the activity in these instructions.
2. If you have an overall loss (the excess of deductions and losses, including any prior year unallowed loss, over income) or credits from a passive activity, report the income, deductions, and losses, and credits from all passive activities using the Instructions for Form 8582 or Form 8582-CR (or Form 8810), to see if your deductions, losses, and credits are limited under the passive activity rules.

**Publicly traded partnerships.** The passive activity limitations are applied separately for items (other than the low-income housing credit and the rehabilitation credit) from each publicly traded partnership (PTP). Thus, a net passive loss from a PTP may not be deducted from other passive income. Instead, a passive loss from a PTP is suspended and carried forward to be applied against passive income from the same PTP in later years. If the partner’s entire interest in the PTP is completely disposed of, any unused losses are allowed in full in the year of disposition.

If you have an overall gain from a PTP, the net gain is nonpassive income. In addition, the nonpassive income is included in investment income to figure your investment interest expense deduction.

Do not report passive income, gains, or losses from a PTP on Form 8582. Instead, use the following rules to figure and report on the proper form or schedule your income, gains, and losses from passive activities that you held through each PTP you owned during the tax year.

1. Combine any current year income, gains and losses, and any prior year unallowed losses to see if you have an overall gain or loss from the PTP. Include only the same types of income and losses (including income and losses from a non-PPT PTP passive activity. See Pub. 925, Passive Activity and At-Risk Rules, for more details.
2. If you have an overall gain, the net gain portion (total gain minus total losses) is nonpassive income. On the form or schedule you normally use, report the net gain portion as nonpassive income and the remaining income and the total losses as passive income and loss. To the left of the entry space, write “From PTP.” It is important to identify the nonpassive income because the nonpassive portion is included in your modified adjusted gross income for purposes of figuring on Form 8582 the “special allowance” for active participation in a rental real estate activity. In addition, the nonpassive income is included in investment income when figuring your investment interest expense deduction on Form 4952.

**Example.** If you have Schedule E (Form 1040) income of $8,000, and a Form 4797 prior year unallowed loss of $3,500 from the passive activities of a particular PTP, you have an overall gain ($8,000 – $3,500). On Schedule E (Form 1040), line 28, report the $4,500 net gain as nonpassive income in column (j). In column (g), report the remaining Schedule E (Form 1040) gain of $3,500 ($8,000 – $4,500). On the installment sales line of Form 4797, report the prior year unallowed loss of $3,500. Be sure to write “From PTP” to the left of each entry space.

3. If you have an overall loss (but did not dispose of your entire interest in the PTP to an unrelated person in a fully taxable transaction during the year), the losses are allowed to the extent of the income, and the excess loss is carried forward to use in a future year when you have income to offset it. Report as a passive loss on the schedule or form you normally use the portion of the loss equal to the income. Report the income as passive income on the form or schedule you normally use.

**Example.** You have a Schedule E (Form 1040) loss of $12,000 (current year losses plus prior year unallowed losses) and a Form 4797 gain of $7,200. Report the $7,200 gain on the appropriate line of Form 4797. On Schedule E (Form 1040), line 28, report $7,200 of the losses as a passive loss in column (f). Carry forward to 2007 the unallowed loss of $4,800 ($12,000 – $7,200).

If you have unallowed losses from more than one activity of the PTP or from the same activity of the PTP that must be reported on different forms, you must allocate the unallowed losses on a pro rata basis to the amount allowed from each activity or on each form.

**Tax tip. To allocate and keep a record of the unallowed losses, use Worksheets 5, 6, and 7 of Form 8582. List each activity that the PTP in Worksheet 5. Enter the overall loss from the activity in column (a). Copy the column (b) of Worksheet 5 according to its instructions. Multiply the total unallowed loss from the PTP by each ratio in column (b) and enter the result in column (c) of Worksheet 5. Then, complete Worksheet 6 if all the loss from the same activity is to be reported on one form or schedule. Use Worksheet 7 instead of Worksheet 6 if you have more than one loss to be reported on different forms or schedules for the same activity. Enter the net loss plus any prior year unallowed losses in column (a) of Worksheet 6 (or Worksheet 7 if applicable).**

The losses in column (e) of Worksheet 6 (column (e) of Worksheet 7) are the allowed losses to report on the forms or schedules. Report both these losses and any income from the PTP on the forms and schedules you normally use.

If you have an overall loss and you disposed of your entire interest in the PTP to an unrelated person in a fully taxable transaction during the year, your losses (including prior year unallowed losses) allocable to the activity for the year are not limited by the passive loss rules. A fully taxable transaction is one in which you recognize all your realized gain or loss. Report the income and losses on the forms and schedules you normally use.

**Note. For rules on the disposition of an entire interest in an activity, see the installment method, see the Instructions for Form 8582.**

**Special allowance for a rental real estate activity.** If you actively participated in a rental real estate activity, you may be able to deduct up to $25,000 of the loss from the activity from nonpassive income. This “special allowance” is an exception to the general rule disallowing losses in excess of income from passive activities. The special allowance is not available if you were married as of December 31 of the year, and did not live apart from your spouse at all times during the year.

Only individuals and qualifying estates can actively participate in a rental real estate activity. Estates (other than qualifying estates), trusts, and corporations cannot actively participate. Limited partners cannot actively participate unless future regulations provide an exception.

You are not considered to actively participate in a rental real estate activity if at any time during the tax year you disposed of your entire interest in the activity as was less than 10% (by value) in all of the interests in the activity.

Active participation is a less stringent requirement than material participation. You may be treated as actively participating if you participated, for example, in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense.

Management decisions that can count as active participation include approving new tenants, deciding rental terms, approving capital or repair expenditures, and other similar decisions. An estate is a qualifying estate if the decedent would have satisfied the active participation requirement for the activity for the decedent’s date of death. A qualifying estate is treated as actively participating for tax years ending less than 2 years after the date of the decedent’s death.

**Modified adjusted gross income limitation. The maximum special allowance that single individuals and married individuals filing a joint return can qualify for is $25,000. The special allowance for married individuals who file separate returns and who lived apart all times during the year. The maximum special allowance for which an estate can qualify is $25,000 reduced by the special allowance for which the surviving spouse qualifies. If your modified adjusted gross income (defined below) is $100,000 or less ($50,000...

Special rules for certain other activities. If you have income from (loss), deductions, or credits from any activity to which special rules apply, the partnership will identify the activity and all amounts relating to it on Schedule K-1 or on an attachment. If you have net income subject to regulations section 1.469-2(f), report such amounts under the instructions for Form 8582 (or Form 8810). If you have net income (loss), deductions, or credits from any of the following activities, treat such amounts as nonpassive and report them as indicated in these instructions:

1. Working interests in oil and gas wells if you are a general partner.

2. The rental of a dwelling unit any partner used for personal purposes during the year for more than the greater of 14 days or 10% of the number of days that the residence was rented at fair rental value.

3. Trading personal property for the account of owners of interests in the activity.

Part I. Information About the Partnership

Item D

If the box in item D is checked, you are a partner in a publicly traded partnership and must follow the rules discussed on page 4 under Publicly traded partnerships.

Item E

If the partnership is a registration-required tax shelter, it should have completed item E. Use the information on Schedule K-1 (name of the partnership, partnership identifying number, and tax shelter registration number) to complete your Form 8271, Investor Reporting of Tax Shelter Registration Number.

Item F

If you claim or report any income, loss, deduction, or credit from a registration-required tax shelter, you must attach Form 8271 to your tax return. If the partnership has invested in a registration-required tax shelter, it will check item F and it must give you a copy of its Form 8271 with Schedule K-1. Use this information to complete your Form 8271.

Part II. Information About the Partner

Item M

Item M should show your share of the partnership’s nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other recourse liabilities as of the end of the partnership’s tax year. If you terminated your interest in the partnership during the tax year, item M should show the share that existed immediately before the total disposition. A partner’s “recourse liability” is any partnership liability for which a partner is personally liable.

Use the total of the three amounts for computing the adjusted basis of your partnership interest.

Generally, you may use only the amounts shown next to “Qualified nonrecourse financing” and “Recourse” to compute your amount at risk. Do not include any amounts that are not at risk if such amounts are included in either of these categories.

If your partnership is engaged in two or more different types of activities subject to the at-risk provisions, or a combination of at-risk activities and any other activity, the partnership should give you a statement showing your share of nonrecourse liabilities, partnership-level qualified nonrecourse financing, and other recourse liabilities for each activity.

Qualified nonrecourse financing secured by real property used in an activity of holding real property that is subject to the at-risk rules is treated as an amount at risk.

Qualified nonrecourse financing generally includes financing for which no one is personally liable for repayment that is borrowed for use in an activity of holding real property and that is leased or guaranteed by a federal, state, or local government or borrowed from a “qualified” person.

Qualified persons include any persons actively and regularly engaged in the business of lending money, such as a bank or savings and loan association. Qualified persons generally do not include related parties (unless the nonrecourse financing is commercially reasonable and on substantially the same terms as loans involving unrelated persons), the seller of the property, or a person who receives a fee for the partnership’s investment in the real property. See Pub. 925 for more information on qualified nonrecourse financing.

Both the partnership and you must meet the qualified nonrecourse rules on this debt before you can include the amount shown next to “Qualified nonrecourse financing” in your at-risk computation.

See Limitations on Losses, Deductions, and Credits beginning on page 2 for more information on the at-risk limitations.

Part III. Partner’s Share of Current Year Income, Deductions, Credits, and Other Items

The amounts shown in boxes 1 through 20 reflect your share of income, loss, deductions, credits, and that is related to partnership business or rental activities without reference to limitations on losses or adjustments that may be required of you because of:

1. The adjusted basis of your partnership interest.

2. The amount for which you are at risk, or

3. The passive activity limitations.

4. Any other limitations that must be taken into account at the shareholder level in figuring taxable income (for example, the section 179 expense limitation).

For information on these provisions, see Limitations on Losses, Deductions, and Credits beginning on page 2.

If you are an individual and the passive activity rules do not apply to the amounts shown on your Schedule K-1, take the amounts shown and enter them on the lines on your tax return as indicated in the summarized reporting information shown on

Box 1. Ordinary Business Income (Loss)
The amount reported for box 1 is your share of the ordinary income (loss) from the trade or business activities of the partnership. Generally, where you report this amount on Form 1040 depends on whether the amount is from an activity that is a passive activity to you. If you are an individual partner filing your 2006 Form 1040, find your situation below and report your box 1 income (loss) as instructed, after applying the basis and at-risk limitations on losses. If the partnership had more than one trade or business activity, it will attach a statement that will identify the amount of income or loss from each activity.

1. Report box 1 income (loss) from partnership trade or business activities in which you materially participated on Schedule E (Form 1040), line 28, column (h) or (i).

2. If income is reported in box 1, report the income on Schedule E (Form 1040), line 28, column (g). However, if the box in item D is checked, report the loss following the rules for Publicly traded partnerships on page 4.

Box 2. Net Rental Real Estate Income (Loss)
Generally, the income (loss) reported in box 2 is a passive activity amount for all partners. However, the income (loss) in box 2 is not from a passive activity if you were a real estate professional (defined on page 3) and you materially participated in the activity. If the partnership had more than one real estate rental activity, it will attach a statement that will identify the amount of income or loss from each activity.

If you are filing a 2006 Form 1040, use the following instructions to determine where to enter a box 2 amount:

a. If you have a loss from a passive activity in box 2 and you meet all of the following conditions, enter the loss on Schedule E (Form 1040), line 28, column (f).

b. You actively participated in the partnership real estate activities. See Special allowance for a rental real estate activity on page 4.

c. Real estate activities with active participation were your only passive activities.

d. You have no prior year unallowed losses from these activities.

e. Your modified adjusted gross income was not more than $125,000 if married filing separately and you lived apart from your spouse all year.

f. If you are a married person filing separately, you lived apart from your spouse all year.

2. If income is reported on box 3, report the income on Schedule E (Form 1040), line 28, column (g). However, if the box in item D is checked, report the income following the rules for Publicly traded partnerships on page 4.

Box 3. Other Net Rental Income (Loss)
The amount in box 3 is a passive activity amount for all partners. If the partnership had more than one rental activity, it will attach a statement that will identify the amount of income or loss from each activity. Report the income or loss as follows.

1. If box 3 is a loss, follow the instructions for Form 8582 to figure how much of the loss can be reported on Schedule E (Form 1040), line 28, column (f).

2. If income is reported on box 3, report the income on Schedule E (Form 1040), line 28, column (g). However, if the box in item D is checked, report the income following the rules for Publicly traded partnerships on page 4.

Box 4. Guaranteed Payments
Generally, amounts in this line are not passive income, and you should report them on Schedule E (Form 1040), line 28, column (j) (for example, guaranteed payments for personal services).

Portfolio Income
Portfolio income or loss (shown in boxes 5 through 20) is not subject to the passive activity limitations. Portfolio income includes income (not derived in the ordinary course of a trade or business) from interest, ordinary dividends, annuities, or royalties and gain or loss on the sale of property that produces such income or is held for investment.

Box 5. Interest Income
Report interest income on line 8a of Form 1040.
Box 6a. Ordinary Dividends
Report ordinary dividends on line 9a of Form 1040.

Box 6b. Qualified Dividends
Report any qualified dividends on line 9b of Form 1040.

Box 7. Royalties

- If the partnership reports only unrecaptured section 1250 gain from the sale or exchange of its business assets, it will enter a dollar amount in box 9c. If it reports the other two types of unrecaptured gain, it will provide an attached statement that shows the amount for each type of unrecaptured section 1250 gain.

Box 10. Net Section 1231 Gain (Loss)
The amount in box 10 is generally passive if it is from a:
- Rental activity or
- Trade or business activity in which you did not materially participate.

However, an amount from a rental real estate activity is not from a passive activity if you were a real estate professional (defined on page 3) and you materially participated in the activity.

If the amount is either (a) a loss that is not from a passive activity or (b) a gain, report it on line 2, column (g), of Form 4797, Sales of Business Property. Do not combine losses and gains through (f) line 2 of Form 4797. Instead, write “From Schedule K-1 (Form 1065)” across these columns.

If the amount is a loss from a passive activity, see Passive Loss Limitations in the Instructions for Form 4797. You will need to report the loss following the Instructions for Form 8582 to figure how much of the loss is allowed on Form 4797. However, if the box in item 2 is checked, report the loss following the rules for Publicly traded partnerships on page 4. If the partnership had section 1231 gain (loss) from more than one activity, it will attach a statement that will identify the amount of section 1231 gain (loss) from each activity.

Box 11. Other Income (Loss)
Code A. Other portfolio income (loss). The partnership will report portfolio income other than interest, ordinary dividend, royalty, and capital gain (loss) income. It will attach a statement to tell you what kind of portfolio income is reported.

If the partnership has a residual interest in a real estate mortgage investment conduit (REMIC), it will report on the statement your share of REMIC taxable income (net loss) that you report on Schedule E (Form 1040), line 38, column (d). The statement will also report your share of any “excess inclusion” that you report on Schedule G (Form 1040), line 38, column (c). You may itemize your deductions on Schedule A (Form 1040), line 38, column (e).

If you itemize your deductions on Schedule A (Form 1040), line 38, column (e), and your share of section 212 expenses that you report on Schedule E (Form 1040), line 38, column (c), you may also deduct these section 212 expenses as a miscellaneous deduction subject to the 2% limit on Schedule A (Form 1040), line 22.

Code F. Other income (loss). Amounts on code F are other items of income, gain, or loss not included in boxes 1 through 10 or reported in box 11 using codes A through E. The partnership should give you a description and the amount of your share for each of these items.

You must figure your gain or loss from the disposition by increasing your share of the adjusted basis by the amount of intangible drilling costs, development costs, and mining exploration costs that you capitalized (that is, costs that you did not deduct under section 59(e)). Report a loss in Part I of Form 4797. Report a gain in Part III of Form 4797 in accordance with the instructions for Form 4797. See Regulations section 1.1254-5 for more information.

Box 19. Distributions

Code A. Cash and marketable securities. Code A shows the distributions the partnership made to you of cash and certain marketable securities. The marketable securities are included at their fair market value on the date of distribution (minus your share of the partnership's gain on the securities distributed to you). If the amount shown as code A exceeds the adjusted basis of your partnership interest immediately before the distribution, the excess is treated as gain from the sale or exchange of your partnership interest. Generally, this gain is treated as gain from the sale of a capital asset and should be reported on the Schedule D for your return. However, if you receive cash or property in exchange for any part of a partnership interest, the amount of the distribution attributable to your share of the partnership's unrealized receivable or inventory items result in ordinary income (see Regulations section 1.751-1(a) and Sale or Exchange of Partnership Interest on page 1). For details, see Pub. 541.

The partnership will separately identify both of the following.
- The FMV of the marketable securities when distributed (minus your share of the gain on the securities distributed to you).
- The partnership's adjusted basis of those securities immediately before the distribution.

Decrease the adjusted basis of your interest in the partnership (but not below zero) by the amount of cash distributed to you and the partnership's adjusted basis of the distributed securities. Advances or drawings of money or property against your distributive share are treated as current distributions made on the last day of the partnership's tax year.
Your basis in the distributed marketable securities (other than in liquidation of your interest) is the smaller of:

- The partnership's adjusted basis in the securities immediately before the distribution increased by any gain recognized on the distribution of the securities.
- The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction and increased by any gain recognized on the distribution of the securities.

If you received the securities in liquidation of your partnership interest, your basis in the marketable securities is equal to the adjusted basis of your partnership interest immediately before the distribution (reduced by any cash received in the distribution), increased by any gain recognized on the securities.

If, within 5 years of a distribution to you of marketable securities, you contributed appreciated property (other than those securities) to the partnership and the FMV of those securities exceeded the adjusted basis of your partnership interest immediately before the distribution (reduced by any cash received in the distribution), you may have to recognize gain on the appreciated property. For property contributed after June 8, 1997, the 5-year period is generally extended to 7 years. See section 737 for details.

Code B. Other property. Code B shows the partnership's adjusted basis of property other than money immediately before the distribution was distributed to you. In addition, the partnership should report the adjusted basis and FMV of each property distributed. Decrease the adjusted basis of your interest in the partnership by the amount of your basis in the distributed property. Your basis in the distributed property (other than in liquidation of your interest) is the smaller of:

- The partnership's adjusted basis immediately before the distribution or
- The adjusted basis of your partnership interest reduced by any cash distributed in the same transaction.

If you received the property in liquidation of your interest, your basis in the distributed property is equal to the adjusted basis of your interest in the partnership (reduced by any cash received in the distribution), increased by any gain recognized on the appreciated property. For property contributed after June 8, 1997, the 5-year period is generally extended to 7 years. See section 737 for details.

If you receive cash or property in exchange for any part of a partnership interest, the amount of the distribution attributable to your share of any partnership's unrealized receivable or inventory items result in ordinary income (see Regulations section 1.751-1(a) and Sale or Exchange of Partnership Interest on page 1).
