## Changes To Note

- The new principal business activity (PBA) codes beginning on page 17 of these instructions are based on the North American Industry Classification System (NAICS), which was developed by the statistical agencies of Canada, Mexico, and the United States in cooperation with the Office of Management and Budget. The NAICS-based codes replace the PBA codes previously based on the Standard Industrial Classification (SIC) system.

The Taxpayer Relief Act of 1997 (The Act) made changes to the tax law for corporations. Some of the changes are discussed below.

- For tax years beginning after December 31, 1997, corporations may be entitled to an increased charitable contribution deduction for gifts of computer technology and equipment to

schools. For details, see **Contributions of computer technology and equipment to schools** on page 8.

- Certain corporations may take the qualified zone academy bond credit (section 1397E). For more information, see **Form 8860**, Qualified Zone Academy Bond Credit.

- For tax years beginning after December 31, 1997, the alternative minimum tax has been repealed for corporations that qualify as "small corporations." For more information, see the instructions on page 14 and **Form 4626**, Alternative Minimum Tax – Corporations.

- The Act changed the tax year to which unused general business credits may be carried. Unused general business credits that arise in tax years beginning after 1997 are carried back 1 year and then forward to each of the 20 years following the unused credit year. For more information, see section 39(a).

## Unresolved Tax Problems

Most problems can be solved with one contact either by calling, writing, or visiting an IRS office. But if you have tried unsuccessfully to resolve a problem with the IRS, you should contact the Taxpayer Advocate's Problem Resolution Program (PRP). Someone at PRP will assign you a personal advocate who is in the best position to try to resolve your problem. The Taxpayer Advocate can also offer you special help if you have a significant hardship as a result of a tax problem.

You should contact the Taxpayer Advocate if:

- You have tried unsuccessfully to resolve your problem with the IRS and have not been contacted by the date promised, or
- You are on your second attempt to resolve a problem.

You may contact a Taxpayer Advocate by calling a new toll-free assistance number, 1-877-777-4778. Persons who have access to TTY/TTD equipment may call 1-800-829-4059 and ask for the Taxpayer Advocate. If you prefer, you can write to the Taxpayer Advocate at the IRS office that last contacted you.

While Taxpayer Advocates cannot change the tax law or make a technical tax decision, they can clear up problems that resulted from previous contacts and ensure that your case is given a complete and impartial review.

Taxpayer Advocates are working to put service first. For more information about PRP, see **Pub. 1546**, The Problem Resolution Program of the Internal Revenue Service.

to the rules and limitations for charitable contributions.

## General Instructions

### Purpose of Form

Use **Form 1120**, U.S. Corporation Income Tax Return, and **Form 1120-A**, U.S. Corporation Short-Form Income Tax Return, to report the income, gains, losses, deductions, credits, and to figure the income tax liability of a corporation. Also see **Pub. 542**, Corporations, for more information.

### Who Must File

Domestic corporations must file Form 1120, or, if they qualify, Form 1120-A, unless they are required to file a special return (see **Special Returns for Certain Organizations** below).

**Note:** *If an organization resembles a corporation more than it resembles a partnership or trust, it will be considered an association taxed as a corporation.*

**Limited liability companies.** If an entity was formed as a limited liability company under state law and is treated as a partnership for Federal income tax purposes, it should not file Form 1120 or 1120-A. Instead, it should file **Form 1065**, U.S. Partnership Return of Income. For the definition of a limited liability company, see the Instructions for Form 1065.

  - Any ownership in a foreign corporation
  - Foreign shareholders that directly or indirectly own 25% or more of its stock.

### Ownership Interest in a FASIT

If a corporation holds an ownership interest in a financial asset securitization investment trust (FASIT), it must report all items of income, gain, deductions, losses, and credits on the corporation's income tax return (except as provided in section 860H). Generally, a corporation must file its income tax return by the 15th day of the 3rd month after the end of the tax year. A new corporation filing a short-period return must generally file by the 15th day of the 3rd month after the short period ends. A corporation that has dissolved must generally file by the 15th day of the 3rd month after the date it dissolved.

If the due date falls on a Saturday, Sunday, or legal holiday, the corporation may file on the next business day.

**Private delivery services.** You can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. The IRS publishes a list of the designated private delivery services in September of each year. The list published in September 1998 includes only the following:

- Airborne Express (Airborne): Overnight Air Express Service, Next Afternoon Service, Second Day Service.
- DHL Worldwide Express (DHL): DHL "Same Day" Service, DHL USA Overnight.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2 Day.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M.

The private delivery service can tell you how to get written proof of the mailing date.

**Extension.** File **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request a 6-month extension of time to file.

## Who Must Sign

The return must be signed and dated by:

- The president, vice president, treasurer, assistant treasurer, chief accounting officer, or
- Any other corporate officer (such as tax officer) authorized to sign.

Receivers, trustees, or assignees must also sign and date any return filed on behalf of a corporation.

If a corporate officer completes Form 1120 or Form 1120-A, the Paid Preparer's space should remain blank. Anyone who prepares Form 1120 or Form 1120-A but does not charge the corporation should not sign the return. Generally, anyone who is paid to prepare the return must sign it and fill in the Paid Preparer's Use Only area.

The paid preparer must complete the required preparer information and—

- Sign the return, by hand, in the space provided for the preparer's signature (signature stamps and labels are not acceptable).
- Give a copy of the return to the taxpayer.

In this case, the income tax returns of the corporations may be filed with the service center for the region in which the principal office is located.

## Other Forms, Returns, and Statements That May Be Required

### Forms

To find out what other forms the corporation may have to file, see **Other Forms That May Be Required** on page 20.

### Consolidated Return

The parent corporation of an affiliated group of corporations must attach **Form 851**, Affiliations Schedule, to the consolidated return. For the first year a consolidated return is filed, each subsidiary must attach **Form 1122**, Authorization and Consent of Subsidiary Corporation to be Included in a Consolidated Income Tax Return.

File supporting statements for each corporation included in the consolidated return. Do not use Form 1120 as a supporting statement. On the supporting statement, use columns to show the following, both before and after adjustments:

- Items of gross income and deductions.
- A computation of taxable income.
- Balance sheets as of the beginning and end of the tax year.
- A reconciliation of income per books with income per return.
- A reconciliation of retained earnings.

Enter the totals for the consolidated group on Form 1120. Attach consolidated balance sheets and a reconciliation of consolidated

retained earnings. For more information on consolidated returns, see the regulations under section 1502.

### Farm Return

Do not file **Schedule F (Form 1040)**, Profit or Loss From Farming. Instead, enter income on lines 1a through 10, and read the related instructions. Forms 1120 and 1120-A have entry lines for many of the expenses deducted by farming corporations. Expenses not listed on the form should be entered on the line for "Other deductions." Attach a schedule, listing by type and amount, all deductions shown on this line. Also, see the instructions for lines 12 through 26, Form 1120 (lines 12 through 22, Form 1120-A).

### Amended Return

Use **Form 1120X**, Amended U.S. Corporation Income Tax Return, to correct any error in a previously filed Form 1120 or Form 1120-A.

### Statements

**Stock ownership in foreign corporations.** Attach the statement required by section 551(c) if:

- The corporation owned 5% or more in value of the outstanding stock of a foreign personal holding company, and
- The corporation was required to include in its gross income any undistributed foreign personal holding company income from a foreign personal holding company.

**Transfers to a corporation controlled by the transferor.** If a person receives stock of a corporation in exchange for property, and no gain or loss is recognized under section 351, the person (transferor) and the transferee must each attach to their tax returns the information required by Regulations section 1.351-3.

**Dual consolidated losses.** If a domestic corporation incurs a dual consolidated loss (as defined in Regulations section 1.1503-2(c)(5)), the corporation (or consolidated group) may need to attach an elective relief agreement and/or an annual certification as provided in Regulations section 1.1503-2(g)(2).

### Attachments

Attach **Form 4136**, Credit for Federal Tax Paid on Fuels, after page 4, Form 1120, or page 2, Form 1120-A. Attach schedules in alphabetical order and other forms in numerical order after Form 4136.

Complete every applicable entry space on Form 1120 or Form 1120-A. Do not write "See attached" instead of completing the entry spaces. If you need more space on the forms or schedules, attach separate sheets, using the same size and format as the printed forms. Show the totals on the printed forms. Attach these separate sheets after all the schedules and forms. Be sure to put the corporation's name and EIN on each sheet.

## Accounting Methods

An accounting method is a set of rules used to determine when and how income and expenses are reported.

Figure taxable income using the method of accounting regularly used in keeping the corporation's books and records. Generally, permissible methods include:

- Cash,
- Accrual, or
- Any other method authorized by the Internal Revenue Code.

In all cases, the method used must clearly show taxable income.

Generally, a corporation (other than a qualified personal service corporation) must use the accrual method of accounting if its average annual gross receipts exceed \$5 million. See section 448(c). A corporation engaged in farming operations must also use the accrual method. For exceptions, see section 447.

Under the accrual method, an amount is includible in income when:

- All the events have occurred that fix the right to receive the income, and
- The amount can be determined with reasonable accuracy.

See Regulations section 1.451-1(a) for details.

Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year when:

- All events that determine the liability have occurred,
- The amount of the liability can be figured with reasonable accuracy, and
- Economic performance takes place with respect to the expense.

There are exceptions to the economic performance rule for certain items, including recurring expenses. See section 461(h) and the related regulations for the rules for determining when economic performance takes place.

Long-term contracts (except for certain real property construction contracts) must generally be accounted for using the percentage of completion method described in section 460. See section 460 for general rules on long-term contracts.

**Mark-to-market accounting method for dealers in securities.** Generally, dealers in securities must use the mark-to-market accounting method described in section 475. Under this method, any security that is inventory to the dealer must be included in inventory at its fair market value. Any security held by a dealer that is not inventory and that is held at the close of the tax year is treated as sold at its fair market value on the last business day of the tax year. Any gain or loss must be taken into account in determining gross income. The gain or loss taken into account is generally treated as ordinary gain or loss. For details, including exceptions, see section 475, the related regulations, and Rev. Rul. 94-7, 1994-1 C.B. 151.

**Note:** *Dealers in commodities and traders in securities and commodities may make the election to use the mark-to-market accounting method. For details, see sections 475(e) and (f).*

**Change in accounting method.** Generally, the corporation may change the method of accounting used to report taxable income (for income as a whole or for any material item) only by getting consent on **Form 3115**, Application for Change in Accounting Method. For more information, get **Pub. 538**, Accounting Periods and Methods.

## Accounting Periods

A corporation must figure its taxable income on the basis of a tax year. The tax year is the annual accounting period the corporation uses to keep its records and report its income and expenses. Generally, corporations can use a calendar year or a fiscal year. Personal service corporations, however, must use a calendar year unless they meet one of the exceptions discussed in **Accounting Period** under **Item A** on page 5.

For more information about accounting periods, see Temporary Regulations sections 1.441-1T, 1.441-2T, and Pub. 538.

**Calendar year.** If the calendar year is adopted as the annual accounting period, the corporation must maintain its books and records and report its income and expenses for the period from January 1 through December 31 of each year.

**Fiscal year.** A fiscal year is 12 consecutive months ending on the last day of any month except December. A 52-53-week year is a fiscal year that varies from 52 to 53 weeks.

**Adoption of tax year.** A corporation adopts a tax year when it files its first income tax return. It must adopt a tax year by the due date (not including extensions) of its first income tax return.

**Change of tax year.** Generally, a corporation must get the consent of the IRS before changing its tax year by filing **Form 1128**, Application To Adopt, Change, or Retain a Tax Year. However, under certain conditions, a corporation (other than a personal service corporation) may change its tax year without getting the consent. See Regulations sections 1.442-1 and Pub. 538.

## Rounding Off to Whole Dollars

The corporation may show amounts on the return and accompanying schedules as whole dollars. To do so, drop amounts less than 50 cents and increase amounts from 50 cents through 99 cents to the next higher dollar.

## Recordkeeping

Keep the corporation's records for as long as they may be needed for the administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the corporation's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The corporation should keep copies of all filed returns. They help in preparing future returns and amended returns.

## Depository Method of Tax Payment

The corporation must pay the tax due in full no later than the 15th day of the 3rd month after the end of the tax year. Some corporations (described below) are required to electronically deposit all depository taxes, including corporation income tax payments.

### Electronic Deposit Requirement

The corporation must make electronic deposits of all depository tax liabilities that occur after 1998 if:

- It was required to electronically deposit taxes in prior years,
- It deposited more than \$50,000 in social security, Medicare, railroad retirement, and withheld income taxes in 1997, or
- It **did not** deposit social security, Medicare, railroad retirement, or withheld income taxes in 1997, but it deposited more than \$50,000 in other taxes under section 6302 (such as the corporate income tax) in 1997.

For details, see Regulations section 31.6302-1(h).

The Electronic Federal Tax Payment System (EFTPS) must be used to make electronic deposits. If the corporation is required to make electronic deposits and fails to do so, it may be subject to a 10% penalty.

**Note:** *A penalty will not be imposed for tax liabilities that occurred prior to January 1, 1999, if the corporation was first required to use EFTPS on or after July 1, 1997.*

Corporations that are not required to make electronic deposits may voluntarily participate in EFTPS. To enroll in EFTPS, call 1-800-945-8400 or 1-800-555-4477. For general information about EFTPS, call 1-800-829-1040.

## Deposits With Form 8109

If the corporation does not use EFTPS, deposit corporation income tax payments (and estimated tax payments) with Form 8109. Do not send deposits directly to an IRS office. Mail or deliver the completed Form 8109 with the payment to a qualified depository for Federal taxes or to the Federal Reserve bank (FRB) servicing the corporation's geographic area. Make checks or money orders payable to that depository or FRB. To help ensure proper crediting, write the corporation's EIN, the tax period to which the deposit applies, and "Form 1120" on the check or money order. Be sure to darken the "1120" box on the coupon. Records of these deposits will be sent to the IRS.

A penalty may be imposed if the deposits are mailed or delivered to an IRS office rather than to an authorized depository or FRB. For more information on deposits, see the instructions in the coupon booklet (Form 8109) and **Pub. 583**, Starting a Business and Keeping Records.

**Caution:** *If the corporation owes tax when it files Form 1120 or Form 1120-A, do not include the payment with the tax return. Instead, mail or deliver the payment with Form 8109 to a qualified depository or FRB, or use EFTPS, if applicable.*

## Estimated Tax Payments

Generally, the following rules apply to the corporation's payments of estimated tax.

- The corporation must make installment payments of estimated tax if it expects its estimated tax (income tax minus credits) to be \$500 or more.
- The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day.
- Use **Form 1120-W**, Estimated Tax for Corporations, as a worksheet to compute estimated tax.
- If the corporation does not use EFTPS, use the deposit coupons (Forms 8109) to make deposits of estimated tax.

For more information on estimated tax payments, including penalties that apply if the corporation fails to make required payments, see the instructions for line 33 on page 10.

**Overpaid estimated tax.** If the corporation overpaid estimated tax, it may be able to get a quick refund by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be at least 10% of the corporation's expected income tax liability and at least \$500. File Form 4466 before the 16th day of the 3rd month after the end of the tax year, but before the corporation files its income tax return. Do not file Form 4466 before the end of the corporation's tax year.

## Interest and Penalties

**Interest.** Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, gross

valuation overstatements, and substantial understatement of tax from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

**Penalty for late filing of return.** A corporation that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a return that is over 60 days late is the smaller of the tax due or \$100. The penalty will not be imposed if the corporation can show that the failure to file on time was due to reasonable cause. Corporations that file late must attach a statement explaining the reasonable cause.

**Penalty for late payment of tax.** A corporation that does not pay the tax when due may be penalized 1/2 of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. The penalty will not be imposed if the corporation can show that the failure to pay on time was due to reasonable cause.

**Trust fund recovery penalty.** This penalty may apply if certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on Forms 720, 941, 943, or 945 (see **Other Forms That May Be Required**, on page 20). The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, and paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the unpaid trust fund tax. See the instructions for Form 720, **Pub. 15** (Circular E), Employer's Tax Guide, or **Pub. 51** (Circular A), Agricultural Employer's Tax Guide, for details, including the definition of responsible persons.

**Other penalties.** Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. See sections 6662 and 6663.

## Specific Instructions

### Period Covered

File the 1998 return for calendar year 1998 and fiscal years that begin in 1998 and end in 1999. For a fiscal year, fill in the tax year space at the top of the form.

**Note:** *The 1998 Form 1120 may also be used if:*

- *The corporation has a tax year of less than 12 months that begins and ends in 1999, and*
- *The 1999 Form 1120 is not available at the time the corporation is required to file its return. The corporation must show its 1999 tax year on the 1998 Form 1120 and incorporate any tax law changes that are effective for tax years beginning after December 31, 1998.*

### Name, Address, and Employer Identification Number (EIN)

Use the label on the postcard or package that was mailed to the corporation. Cross out any errors and print the correct information on the label. If the corporation doesn't have a label, print or type the corporation's true name (as set forth in the charter or other legal document creating it), address, and EIN on the appropriate lines.

**Address.** Include the suite, room, or other unit number after the street address. If a preaddressed label is used, include this information on the label.

If the Post Office does not deliver mail to the street address and the corporation has a P.O. box, show the box number instead of the street address.

**Note:** *If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.*

**Employer identification number (EIN).** Show the correct EIN in item B on page 1 of Form 1120 or Form 1120-A. If the corporation does not have an EIN, it should apply for one on **Form SS-4**, Application for Employer Identification Number. Form SS-4 can be obtained at Social Security Administration (SSA) offices, or by calling 1-800-TAX-FORM. If the corporation has not received its EIN by the time the return is due, write "Applied for" in the space for the EIN. See Pub. 583 for details.

### Item A—Personal Service Corporation

A personal service corporation is a corporation whose principal activity for the testing period (defined below) for the tax year is the performance of personal services. The services must be substantially performed by employee-owners. Employee-owners must own more than 10% of the fair market value of the corporation's outstanding stock on the last day of the testing period.

**Testing period.** Generally, the testing period for a tax year is the prior tax year. The testing period for a new corporation starts with the first day of its first tax year and ends on the earlier of:

- The last day of its first tax year, or
- The last day of the calendar year in which the first tax year began.

**Principal activity.** The principal activity of a corporation is considered to be the performance of personal services if, during the testing period, the corporation's compensation costs for the performance of personal services (defined below) are more than 50% of its total compensation costs.

**Performance of personal services.** Personal services are those performed in the health, law, engineering, architecture, accounting, actuarial science, performing arts, or consulting fields (as defined in Temporary Regulations section 1.448-1T(e)). The term "performance of personal services" includes any activity involving the performance of personal services in these fields.

**Substantial performance by employee-owners.** Personal services are substantially performed by employee-owners if, for the testing period, more than 20% of the corporation's compensation costs for the performance of personal services are for services performed by employee-owners.

**Employee-owner.** A person is considered to be an employee-owner if the person:

- Is an employee of the corporation on any day of the testing period, and
- Owns any outstanding stock of the corporation on any day of the testing period. Stock ownership is determined under the attribution rules of section 318, except that "any" is substituted for "50%" in section 318(a)(2)(C).

**Accounting period.** A personal service corporation must use a calendar tax year unless:

- It can establish a business purpose for a different tax year (see Rev. Proc. 87-32,

1987-2 C.B. 396, and Rev. Rul. 87-57, 1987-2 C.B. 117), or

- It elects under section 444 to have a tax year other than a calendar year. To make the election, get **Form 8716**, Election To Have a Tax Year Other Than a Required Tax Year.

Personal service corporations that want to change their tax year must also file Form 1128.

If a corporation makes the section 444 election, its deduction for certain amounts paid to employee-owners may be limited. Get **Schedule H (Form 1120)**, Section 280H Limitations for a Personal Service Corporation (PSC), to figure the maximum deduction.

If a section 444 election is terminated and the termination results in a short tax year, type or print at the top of the first page of Form 1120 or 1120-A for the short tax year "SECTION 444 ELECTION TERMINATED." See Temporary Regulations section 1.444-1T(a)(5) for more information.

For more information about personal service corporations, see Temporary Regulations section 1.441-4T.

**Other rules.** For other rules that apply to personal service corporations, see **Passive activity limitations** on page 7 and **Contributions of property other than cash** on page 8.

### Item D—Total Assets

Enter the corporation's total assets (as determined by the accounting method regularly used in keeping the corporation's books and records) at the end of the tax year. If there are no assets at the end of the tax year, enter the total assets as of the beginning of the tax year.

### Item E—Initial Return, Final Return, or Change of Address

If this is the corporation's first return, check the "Initial return" box. If the corporation ceases to exist, file Form 1120 and check the "Final return" box. Do not file Form 1120-A.

If the corporation has changed its address since it last filed a return, check the box for "Change of address."

### Income

**Note:** *Generally, income from all sources, whether U.S. or foreign, must be included.*

#### Line 1

##### Gross Receipts

Enter gross receipts or sales from all business operations except those that must be reported on lines 4 through 10. For reporting advance payments, see Regulations section 1.451-5. To report income from long-term contracts, see section 460.

**Installment sales.** Generally, the installment method cannot be used for dealer dispositions of property. A "dealer disposition" means any disposition of personal property by a person who regularly sells or otherwise disposes of property of the same type on the installment plan. The disposition of property used or produced in the farming business is not included as a dealer disposition. See section 453(l) for details and exceptions.

Enter on line 1 (and carry to line 3), the gross profit on collections from installment sales for any of the following:

- Dealer dispositions of property before March 1, 1986.
- Dispositions of property used or produced in the trade or business of farming.

- Certain dispositions of timeshares and residential lots reported under the installment method.

Attach a schedule showing the following information for the current and the 3 preceding years: (a) gross sales, (b) cost of goods sold, (c) gross profits, (d) percentage of gross profits to gross sales, (e) amount collected, and (f) gross profit on the amount collected.

For sales of timeshares and residential lots reported under the installment method, the corporation's income tax is increased by the interest payable under section 453(l)(3). To report this addition to the tax, see the instructions for line 12, Schedule J, Form 1120.

**Nonaccrual experience method.** Accrual method taxpayers need not accrue certain amounts to be received from the performance of services that, on the basis of their experience, will not be collected (section 448(d)(5)). This provision does not apply to any amount if interest is required to be paid on the amount or if there is any penalty for failure to timely pay the amount. Corporations that fall under this provision should attach a schedule showing total gross receipts, the amount not accrued as a result of the application of section 448(d)(5), and the net amount accrued. Enter the net amount on line 1a. For more information and guidelines on this "nonaccrual experience method," see Temporary Regulations section 1.448-2T.

## Line 2

### Cost of Goods Sold

Enter the cost of goods sold on line 2, page 1. Before making this entry, a Form 1120 filer must complete Schedule A on page 2 of Form 1120. Form 1120-A filers may use the worksheet on page 11 to figure the amount to enter on line 2. All filers should see the instructions for Schedule A and the worksheet.

## Line 4

### Dividends

**Form 1120 filers.** See the instructions for Schedule C. Then, complete Schedule C and enter on line 4 the amount from Schedule C, line 19.

**Form 1120-A filers.** Enter the total dividends received (that are not from debt-financed stock) from domestic corporations that qualify for the 70% dividends-received deduction.

## Line 5

### Interest

Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc.

Do not offset interest expense against interest income.

Special rules apply to interest income from certain below-market-rate loans. See section 7872 for more information.

## Line 6

### Gross Rents

Enter the gross amount received for the rent of property. Deduct expenses such as repairs, interest, taxes, and depreciation on the proper lines for deductions. A rental activity held by a closely held corporation or a personal service corporation may be subject to the passive activity loss rules. See Form 8810 and its instructions.

## Line 8

### Capital Gain Net Income

Every sale or exchange of a capital asset must be reported in detail on **Schedule D (Form 1120)**, Capital Gains and Losses, even though no gain or loss is indicated.

## Line 9

### Net Gain or (Loss)

Enter the net gain or (loss) from line 18, Part II, **Form 4797**, Sales of Business Property.

## Line 10

### Other Income

Enter any other taxable income not reported on lines 1 through 9. List the type and amount of income on an attached schedule. If the corporation has only one item of other income, describe it in parentheses on line 10. Examples of other income to report on line 10 are:

- Any adjustment under section 481(a) required to be included in income during the current tax year due to a change in a method of accounting.
- Recoveries of bad debts deducted in prior years under the specific charge-off method.
- The amount of credit for alcohol used as fuel (determined without regard to the limitation based on tax) entered on **Form 6478**, Credit for Alcohol Used as Fuel.
- Refunds of taxes deducted in prior years to the extent they reduced income subject to tax in the year deducted (see section 111). Do not offset current year taxes against tax refunds.
- The amount of any deduction previously taken under section 179A that is subject to recapture. The corporation must recapture the benefit of any allowable deduction for clean-fuel vehicle property (or clean-fuel vehicle refueling property), if the property later ceases to qualify. See Regulations section 1.179A-1 for details.
- Ordinary income from trade or business activities of a partnership (from Schedule K-1 (Form 1065), line 1).
- Any LIFO recapture amount under section 1363(d). The corporation may have to include a LIFO recapture amount in income if it:
  1. Used the LIFO inventory method for its last tax year before the first tax year for which it elected to become an S corporation, or
  2. Transferred LIFO inventory assets to an S corporation in a nonrecognition transaction in which those assets were transferred basis property.

The LIFO recapture amount is the amount by which the C corporation's inventory under the FIFO method exceeds the inventory amount under the LIFO method at the close of the corporation's last tax year as a C corporation (or for the year of the transfer, if 2 above applies). For more information, see Regulations section 1.1363-2 and Rev. Proc. 94-61, 1994-2 C.B. 775. Also see the instructions for Schedule J, line 12.

## Deductions

### Limitations on Deductions

#### Section 263A uniform capitalization rules.

The uniform capitalization rules of section 263A require corporations to capitalize or include in inventory certain costs incurred in connection with:

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.

- Personal property (tangible and intangible) acquired for resale.

- The production of property constructed or improved by a corporation for use in its trade or business or in an activity engaged in for profit.

**Tangible personal property** produced by a corporation includes a film, sound recording, videotape, book, or similar property.

Corporations subject to the rules are required to capitalize not only direct costs but an allocable part of most indirect costs (including taxes) that benefit the assets produced or acquired for resale.

For inventory, some of the **indirect expenses** that must be capitalized are:

- Administration expenses.
- Taxes.
- Depreciation.
- Insurance.
- Compensation paid to officers attributable to services.
- Rework labor.
- Contributions to pension, stock bonus, and certain profit-sharing, annuity, or deferred compensation plans.

Regulations section 1.263A-1(e)(3) specifies other indirect costs that relate to production or resale activities that must be capitalized and those that may be currently deductible.

**Interest expense** paid or incurred during the production period of certain property must be capitalized and is governed by special rules. For more details, see Regulations sections 1.263A-8 through 1.263A-15.

The costs required to be capitalized under section 263A are not deductible until the property to which the costs relate is sold, used, or otherwise disposed of by the corporation.

**Exceptions.** Section 263A **does not** apply to:

- Personal property acquired for resale if the corporation's average annual gross receipts for the 3 prior tax years were \$10 million or less.
- Timber.
- Most property produced under long-term contract.
- Certain property produced in a farming business.
- Research and experimental costs under section 174.
- Intangible drilling costs for oil, gas, and geothermal property.
- Mining exploration and development costs.

For more details on the uniform capitalization rules, see Regulations sections 1.263A-1 through 1.263A-3.

#### Transactions between related taxpayers.

Generally, an accrual basis taxpayer may only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3), 163(j), and 267 for limitations on deductions for unpaid interest and expenses.

**Section 291 limitations.** Corporations may be required to adjust deductions for depletion of iron ore and coal, intangible drilling and exploration and development costs, certain deductions for financial institutions, and the amortizable basis of pollution control facilities. See section 291 to determine the amount of adjustment. Also see section 43.

**Golden parachute payments.** A portion of the payments made by a corporation to key personnel that exceeds their usual compensation may not be deductible. This occurs when the corporation has an agreement (golden parachute) with these key employees to pay them these excessive amounts if control of the corporation changes. See section 280G.

**Business startup expenses.** Business startup expenses must be capitalized unless an election is made to amortize them over a period of 60 months. See section 195.

**Passive activity limitations.** Limitations on passive activity losses and credits under section 469 apply to personal service corporations as defined in Temporary Regulations section 1.441-4T (see **Item A—Personal Service Corporation** on page 5) and closely held corporations (see below).

Generally, the two kinds of passive activities are:

- Trade or business activities in which the corporation did not materially participate for the tax year (see Temporary Regulations section 1.469-1T(g)(3)), and
- Rental activities regardless of its participation.

For exceptions, see Form 8810.

An activity is a trade or business activity if it is not a rental activity, and

- The activity involves the conduct of a trade or business (i.e., deductions from the activity would be allowable under section 162 if other limitations, such as the passive loss rules, did not apply), or
- The activity involves research and experimental costs that are deductible under section 174 (or would be deductible if the corporation chose to deduct rather than capitalize them).

Corporations subject to the passive activity limitations must complete Form 8810 to compute their allowable passive activity loss and credit. Before completing Form 8810, see Temporary Regulations section 1.163-8T, which provides rules for allocating interest expense among activities. If a passive activity is also subject to the earnings stripping rules of section 163(j) or the at-risk rules of section 465, those rules apply before the passive loss rules. For more information, see section 469, the related regulations, and **Pub. 925**, *Passive Activity and At-Risk Rules*.

**Closely held corporations.** For this purpose, a corporation is a closely held corporation if:

- At any time during the last half of the tax year more than 50% in value of its outstanding stock is owned, directly or indirectly, by or for not more than five individuals, and
- The corporation is not a personal service corporation.

Certain organizations are treated as individuals for purposes of this test. (See section 542(a)(2).) For rules of determining stock ownership, see section 544 (as modified by section 465(a)(3)).

**Reducing certain expenses for which credits are allowable.** For each credit listed below, the corporation must reduce the otherwise allowable deductions for expenses used to figure the credit by the amount of the current year credit:

- Work opportunity credit.
- Research credit.
- Enhanced oil recovery credit.
- Disabled access credit.
- Empowerment zone employment credit.
- Indian employment credit.
- Employer credit for social security and Medicare taxes paid on certain employee tips.
- Orphan drug credit.
- Welfare-to-work credit.

If the corporation has any of these credits, be sure to figure each current year credit before figuring the deduction for expenses on which the credit is based.

## Line 12

### Compensation of Officers

Enter deductible officers' compensation on line 12. Form 1120 filers must complete Schedule E if their total receipts (line 1a, plus lines 4 through 10) are \$500,000 or more. Do not include compensation deductible elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE retirement plan (savings incentive match plan).

Include only the deductible part of officers' compensation on Schedule E. (See **Disallowance of deduction for employee compensation in excess of \$1 million** below.) Complete Schedule E, line 1, columns (a) through (f), for all officers. The corporation determines who is an officer under the laws of the state where incorporated.

If a consolidated return is filed, each member of an affiliated group must furnish this information.

### Disallowance of deduction for employee compensation in excess of \$1 million.

Publicly held corporations may not deduct compensation to a "covered employee" to the extent that the compensation exceeds \$1 million. Generally, a covered employee is:

- The chief executive officer of the corporation (or an individual acting in that capacity) as of the end of the tax year, or
- An employee whose total compensation must be reported to shareholders under the Securities Exchange Act of 1934 because the employee is among the four highest compensated officers for that tax year (other than the chief executive officer).

For this purpose, compensation does not include the following:

- Income from certain employee trusts, annuity plans, or pensions;
- Any benefit paid to an employee that is excluded from the employee's income.

The deduction limit does not apply to:

- Commissions based on individual performance;
- Qualified performance-based compensation; and
- Income payable under a written, binding contract in effect on February 17, 1993.

The \$1 million limit is reduced by amounts disallowed as excess parachute payments under section 280G.

For details, see section 162(m) and Regulations section 1.162-27.

## Line 13

### Salaries and Wages

Enter the amount of salaries and wages paid for the tax year, reduced by:

- Any work opportunity credit from Form 5884,
  - Any empowerment zone employment credit from Form 8844,
  - Any Indian employment credit from Form 8845, and
  - Any welfare-to-work credit from Form 8861.
- See the instructions for these forms for more information. Do not include salaries and wages deductible elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE retirement plan (savings incentive match plan).

**Caution:** If the corporation provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses claimed on lines 20 and 26, Form 1120, or lines 20 and 22, Form 1120-A.

## Line 14

### Repairs and Maintenance

Enter the cost of incidental repairs and maintenance not claimed elsewhere on the return, such as labor and supplies, that do not add to the value of the property or appreciably prolong its life. New buildings, machinery, or permanent improvements that increase the value of the property are not deductible. They must be depreciated or amortized.

## Line 15

### Bad Debts

Enter the total debts that became worthless in whole or in part during the tax year. A small bank or thrift institution using the reserve method of section 585 should attach a schedule showing how it arrived at the current year's provision.

**Caution:** A cash basis taxpayer may not claim a bad debt deduction unless the amount was previously included in income.

## Line 16

### Rents

If the corporation rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred during the year. Also complete Part V of **Form 4562**, *Depreciation and Amortization*. If the corporation leased a vehicle for a term of 30 days or more, the deduction for vehicle lease expense may have to be reduced by an amount called the **inclusion amount**. The corporation may have an inclusion amount if:

**And the vehicle's fair market value on the first**

**The lease term began: day of the lease exceeded:**

After 12/31/96 .....	\$15,800
After 12/31/94 but before 1/1/97 .....	\$15,500
After 12/31/93 but before 1/1/95 .....	\$14,600

If the lease term began before January 1, 1994, or, the leased vehicle was an electric vehicle, get **Pub. 463**, *Travel, Entertainment, Gift, and Car Expenses*, to find out if the corporation has an inclusion amount. Also see **Pub. 463** for instructions on figuring the inclusion amount.

## Line 17

### Taxes and Licenses

Enter taxes paid or accrued during the tax year, but do not include the following:

- Federal income taxes.
- Foreign or U.S. possession income taxes if a tax credit is claimed (however, see the Instructions for Form 5735 for special rules for possession income taxes).
- Taxes not imposed on the corporation.
- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return, such as those reflected in cost of goods sold.

See section 164(d) for apportionment of taxes on real property between seller and purchaser.

## Line 18

### Interest

**Note:** *The deduction for interest is limited when the corporation is a policyholder or beneficiary with respect to a life insurance, endowment, or annuity contract issued after June 8, 1997. For details, see section 264(f). Attach a statement showing the computation of the deduction.*

The corporation must make an interest allocation if the proceeds of a loan were used for more than one purpose (e.g., to purchase a portfolio investment and to acquire an interest in a passive activity). See Temporary Regulations section 1.163-8T for the interest allocation rules.

Mutual savings banks, building and loan associations, and cooperative banks can deduct the amounts paid or credited to the accounts of depositors as dividends, interest, or earnings. See section 591.

**Do not** include the following interest:

- Interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. For exceptions, see section 265(b).
- For cash basis taxpayers, prepaid interest allocable to years following the current tax year (e.g., a cash basis calendar year taxpayer who in 1998 prepaid interest allocable to any period after 1998 can deduct only the amount allocable to 1998).
- Interest and carrying charges on straddles. Generally, these amounts must be capitalized. See section 263(g).
- Interest on debt allocable to the production of qualified property or to property produced by a corporation for its own use or for sale. This interest must be capitalized. A corporation must also capitalize any interest on debt allocable to an asset used to produce the above property. See section 263A and Regulations section 1.263A-8 through 1.263A-15 for definitions and more information.

Special rules apply to:

- Interest on which no tax is imposed (see section 163(j)).
- Foregone interest on certain below-market-rate loans (see section 7872).
- Original issue discount on certain high-yield discount obligations. (See section 163(e) to figure the disqualified portion.)

## Line 19

### Charitable Contributions

Enter contributions or gifts actually paid within the tax year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years.

Corporations on the accrual basis may elect to deduct contributions paid by the 15th day of the 3rd month after the end of the tax year if the contributions are authorized by the board of directors during the tax year. Attach a declaration to the return, signed by an officer, stating that the resolution authorizing the contributions was adopted by the board of directors during the tax year. Also attach a copy of the resolution.

**Limitation on deduction.** The total amount claimed may not be more than 10% of taxable income (line 30, Form 1120, or line 26, Form 1120-A) computed without regard to the following:

- Any deduction for contributions,

- The special deductions on line 29b, Form 1120 (line 25b, Form 1120-A),
- The deduction allowed under section 249,
- Any net operating loss (NOL) carryback to the tax year under section 172, and
- Any capital loss carryback to the tax year under section 1212(a)(1).

Charitable contributions over the 10% limitation may not be deducted for the tax year but may be carried over to the next 5 tax years.

Special rules apply if the corporation has an NOL carryover to the tax year. In figuring the charitable contributions deduction for the tax year, the 10% limit is applied using the taxable income after taking into account any deduction for the NOL.

To figure the amount of any remaining NOL carryover to later years, taxable income must be modified (see section 172(b)). To the extent that contributions are used to reduce taxable income for this purpose and increase an NOL carryover, a contributions carryover is not allowed. See section 170(d)(2)(B).

**Substantiation requirements.** Generally, no deduction is allowed for any contribution of \$250 or more unless the corporation gets a written acknowledgment from the donee organization that shows the amount of cash contributed, describes any property contributed, and, either gives a description and a good faith estimate of the value of any goods or services provided in return for the contribution, or states that no goods or services were provided in return for the contribution. The acknowledgment must be obtained by the due date (including extensions) of the corporation's return, or, if earlier, the date the return is filed. Do not attach the acknowledgment to the tax return, but keep it with the corporation's records. These rules apply in addition to the filing requirements for Form 8283 described below.

For more information on substantiation and recordkeeping requirements, see the regulations under section 170 and **Pub. 526**, Charitable Contributions.

**Contributions to organizations conducting lobbying activities.** Contributions made to an organization that conducts lobbying activities are not deductible if:

- The lobbying activities relate to matters of direct financial interest to the donor's trade or business, and
- The principal purpose of the contribution was to avoid Federal income tax by obtaining a deduction for activities that would have been nondeductible under the lobbying expense rules if conducted directly by the donor.

**Contributions of property other than cash.**

If a corporation (other than a closely held or personal service corporation) contributes property other than cash and claims over a \$500 deduction for the property, it must attach a schedule to the return describing the kind of property contributed and the method used to determine its fair market value. Closely held corporations and personal service corporations must complete **Form 8283**, Noncash Charitable Contributions, and attach it to their returns. All other corporations generally must complete and attach Form 8283 to their returns for contributions of property other than money if the total claimed deduction for all property contributed was more than \$5,000.

If the corporation made a "qualified conservation contribution" under section 170(h), also include the fair market value of the underlying property before and after the donation, as well as the type of legal interest contributed, and describe the conservation purpose benefited by the donation. If a contribution carryover is included, show the amount and how it was determined.

**Reduced deduction for contributions of certain property.** For a charitable contribution of property, the corporation must reduce the contribution by the sum of:

- The ordinary income, short-term capital gain that would have resulted if the property were sold at its fair market value, and
- For certain contributions, all of the long-term capital gain that would have resulted if the property were sold at its fair market value.

The reduction for the long-term capital gain applies to:

- Contributions of tangible personal property for use by an exempt organization for a purpose or function unrelated to the basis for its exemption, and
- Contributions of any property to or for the use of certain private foundations except for stock for which market quotations are readily available (section 170(e)(5)).

**Larger deduction.** A larger deduction is allowed for certain contributions of:

- Inventory and other property to certain organizations for use in the care of the ill, needy, or infants (see section 170(e)(3) and Regulations section 1.170A-4A);
- Scientific equipment used for research at institutions of higher learning or to certain scientific research organizations (other than by personal holding companies and service organizations) (see section 170(e)(4)); and
- Computer technology and equipment to schools (see below).

**Contributions of computer technology and equipment to schools.** A corporation may take an increased deduction under section 170(e)(6) for qualified contributions of computer technology or equipment for elementary or secondary school purposes. A contribution is a qualified contribution if:

- It is made to an eligible donee (see below);
- Substantially all the donee property use is related to the purpose or function of the donee and the use is in the United States for grade K through 12 educational purposes;
- The contribution is made not later than 2 years after the date the taxpayer acquired or substantially completed the construction of the property;
- The original use of the property is by the donor or the donee;
- The property is not transferred by the donee for money, services, or other property, except for shipping, transfer, and installation costs; and
- The property fits productively into the donee's education plan.

**Eligible donee.** The term eligible donee means:

- An educational organization that normally maintains a regular faculty and curriculum and has a regularly enrolled body of pupils in attendance at the place where its educational activities are regularly conducted; or
- A section 501(c)(3) entity organized primarily for purposes of supporting elementary and secondary education.

**Note:** *Contributions of computer technology or equipment to private foundations may be treated as qualified elementary or secondary educational contributions if certain requirements are met. See section 170(e)(6)(C).*

## Line 20

### Depreciation

Besides depreciation, include on line 20 the part of the cost that the corporation elected to expense under section 179 for certain tangible property placed in service during tax year 1998 or carried over from 1997. See **Form 4562**,

Depreciation and Amortization, and its instructions.

## Line 22 (Form 1120 Only)

### Depletion

See sections 613 and 613A for percentage depletion rates applicable to natural deposits. Also, see section 291 for the limitation on the depletion deduction for iron ore and coal (including lignite).

Attach **Form T (Timber)**, Forest Activities Schedules, if a deduction for depletion of timber is taken.

Foreign intangible drilling costs and foreign exploration and development costs must either be added to the corporation's basis for cost depletion purposes or be deducted ratably over a 10-year period. See sections 263(i), 616, and 617 for details.

## Line 24 (Form 1120 Only)

### Pension, Profit-Sharing, etc., Plans

Enter the deduction for contributions to qualified pension, profit-sharing, or other funded deferred compensation plans. Employers who maintain such a plan generally must file one of the forms listed below, even if the plan is not a qualified plan under the Internal Revenue Code. The filing requirement applies even if the corporation does not claim a deduction for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f).

**Form 5500.** File this form for each plan with 100 or more participants.

**Form 5500-C/R.** File this form for each plan with fewer than 100 participants.

**Form 5500-EZ.** File this form for a one-participant plan. The term "one-participant plan" also means a plan that covers the owner and his or her spouse, or a plan that covers partners in a business partnership (or the partners and their spouses).

## Line 25 (Form 1120 Only)

### Employee Benefit Programs

Enter contributions to employee benefit programs not claimed elsewhere on the return (e.g., insurance, health and welfare programs, etc.) that are not an incidental part of a pension, profit-sharing, etc., plan included on line 24.

## Line 26, Form 1120 (Line 22, Form 1120-A)

### Other Deductions

**Note:** Do not deduct fines or penalties paid to a government for violating any law.

Attach a schedule, listing by type and amount, all allowable deductions that are not deductible elsewhere on Form 1120 or Form 1120-A. Form 1120-A filers should include amounts described in the instructions above for lines 22, 24, and 25 of Form 1120. Enter the total of other deductions on line 26, Form 1120 (line 22, Form 1120-A).

Generally, a deduction may not be taken for any amount that is allocable to a class of exempt income. See section 265(b) for exceptions.

Examples of amounts to include are:

- The deduction for amortization of pollution control facilities, organization expenses, etc. (see Form 4562).
- Ordinary losses from trade or business activities of a partnership (from Schedule K-1 (Form 1065), line 1).

• Dividends paid in cash on stock held by an employee stock ownership plan. However, a deduction may only be taken if, according to the plan, the dividends are:

1. Paid in cash directly to the plan participants or beneficiaries;
2. Paid to the plan, which distributes them in cash to the plan participants or their beneficiaries no later than 90 days after the end of the plan year in which the dividends are paid; or
3. Used to make payments on a loan described in section 404(a)(9). See section 404(k) for more details and the limitation on certain dividends.

**Travel, meals, and entertainment.** Subject to limitations and restrictions discussed below, a corporation can deduct ordinary and necessary travel, meals, and entertainment expenses paid or incurred in its trade or business. Also, special rules apply to deductions for gifts, skybox rentals, luxury water travel, convention expenses, and entertainment tickets. See section 274 and Pub. 463 for more details.

**Travel.** The corporation cannot deduct travel expenses of any individual accompanying a corporate officer or employee, including a spouse or dependent of the officer or employee, unless:

- That individual is an employee of the corporation, and
- His or her travel is for a bona fide business purpose and would otherwise be deductible by that individual.

**Meals and entertainment.** Generally, the corporation can deduct only 50% of the amount otherwise allowable for meals and entertainment expenses paid or incurred in its trade or business. In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant;
- A bona fide business discussion must occur during, immediately before, or immediately after the meal; and
- An employee of the corporation must be present at the meal.

**Membership dues.** The corporation may deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. However, no deduction is allowed if a principal purpose of the organization is to entertain, or provide entertainment facilities for, members or their guests. In addition, corporations may not deduct membership dues in any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion.

**Entertainment facilities.** The corporation cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

**Note:** The corporation may be able to deduct otherwise nondeductible meals, travel, and entertainment expenses if the amounts are treated as compensation and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

**Deduction for clean-fuel vehicles and certain refueling property.** Section 179A allows a deduction for part of the cost of qualified clean-fuel vehicle property and qualified clean-fuel vehicle refueling property placed in service during the tax year. For more information, see Pub. 535.

**Lobbying expenses.** Generally, lobbying expenses are not deductible. These expenses include:

- Amounts paid or incurred in connection with influencing Federal or state legislation (but not local legislation), or
- Amounts paid or incurred in connection with any communication with certain Federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of "influencing legislation."

Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. See section 162(e)(3). If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible. For information on contributions to charitable organizations that conduct lobbying activities, see the instructions for line 19. For more information on lobbying expenses, see section 162(e).

## Line 28, Form 1120 (Line 24, Form 1120-A)

### Taxable Income Before NOL Deduction and Special Deductions

**At-risk rules.** Generally, special at-risk rules under section 465 apply to closely held corporations (see **Passive activity limitations** on page 7) engaged in any activity as a trade or business or for the production of income. These corporations may have to adjust the amount on line 28, Form 1120, or line 24, Form 1120-A. (See below.)

But the at-risk rules do not apply to:

- Holding real property placed in service by the taxpayer before 1987;
- Equipment leasing under sections 465(c)(4), (5), and (6); or
- Any qualifying business of a qualified corporation under section 465(c)(7).

However, the at-risk rules do apply to the holding of mineral property.

If the at-risk rules apply, adjust the amount on this line for any section 465(d) losses. These losses are limited to the amount for which the corporation is at risk for each separate activity at the close of the tax year. If the corporation is involved in one or more activities, any of which incurs a loss for the year, report the losses for each activity separately. Attach **Form 6198**, At-Risk Limitations, showing the amount at risk and gross income and deductions for the activities with the losses.

If the corporation sells or otherwise disposes of an asset or its interest (either total or partial) in an activity to which the at-risk rules apply, determine the net profit or loss from the activity by combining the gain or loss on the sale or disposition with the profit or loss from the activity. If the corporation has a net loss, it may be limited because of the at-risk rules.

Treat any loss from an activity not allowed for the tax year as a deduction allocable to the activity in the next tax year.

## Line 29a, Form 1120 (Line 25a, Form 1120-A)

### Net Operating Loss Deduction

A corporation may use the net operating loss (NOL) incurred in one tax year to reduce its taxable income in another year. Generally, a corporation may carry an NOL back to each of the 2 years (3 years for NOLs incurred in tax years beginning before August 6, 1997), preceding the year of the loss and then carry any remaining amount over to each of the 20 years (15 years for NOLs incurred in tax years beginning before August 6, 1997), following the

year of the loss (but Form 1120 filers see **Exceptions to carryback rules** below). Enter on line 29a (line 25a, Form 1120-A), the total NOL carryovers from prior tax years, but do not enter more than the corporation's taxable income (after special deductions). An NOL deduction cannot be taken in a year in which the corporation has a negative taxable income. Attach a schedule showing the computation of the NOL deduction. Form 1120 filers must also complete question 15 on Schedule K.

For details on the NOL deduction, get **Pub. 536, Net Operating Losses**.

**Carryback and carryover rules.** Generally, an NOL must first be carried back to the second tax year (third tax year for NOLs incurred in tax years beginning before August 6, 1997), preceding the year of the loss. To carry back the loss and obtain a quick refund of taxes, use **Form 1139, Corporation Application for Tentative Refund**. Form 1139 must be filed within 12 months after the close of the tax year of the loss. See section 6411 for details. For carryback claims filed later than 12 months after the close of the tax year of the loss, file **Form 1120X, Amended U.S. Corporation Income Tax Return**, instead of Form 1139.

After the corporation applies the NOL to the first tax year to which it may be carried, the taxable income of that year is modified (as described in section 172(b)) to determine how much of the remaining loss may be carried to other years. See section 172(b) and the related regulations for details.

Special rules apply when an ownership change occurs (i.e., the amount of the taxable income of a loss corporation that can be offset by pre-change NOL carryovers is limited). See section 382 and the related regulations. Also see Temporary Regulations section 1.382-2T(a)(2)(ii), which requires that a loss corporation file an information statement with its income tax return for each tax year that it is a loss corporation and certain shifts in ownership occurred. See Regulations section 1.382-6(b) for details on how to make the closing-of-the-books election.

See section 384 for the limitation on the use of preacquisition losses of one corporation to offset recognized built-in gains of another corporation.

**Note:** See section 383 and the related regulations for limits that apply to net capital losses and credits when an ownership change occurs.

**Exceptions to carryback rules (Form 1120 filers only).** A corporation may make an irrevocable election to forego the carryback period and instead carry the NOL forward to years following the year of the loss. To make this election, check the box in question 14 on Schedule K. The return must be timely filed (including extensions).

Different carryback periods apply for certain losses. The part of an NOL that is attributable to a specified liability loss, including a product liability loss, may be carried back 10 years (section 172(b)(1)(C)). See Regulations section 1.172-13(c) for the statement that must be attached to Form 1120 if the corporation is claiming the 10-year carryback period for a product liability loss.

Special rules apply to the carryback of losses that are attributable to interest paid in connection with corporate equity reduction transactions. See section 172(b)(1)(E).

Personal service corporations may not carry back an NOL to or from any tax year to which a section 444 election applies.

## **Line 29b, Form 1120 (Line 25b, Form 1120-A)**

### **Special Deductions**

**Form 1120 filers.** See the Instructions for Schedule C.

**Form 1120-A filers.** Generally, enter 70% of line 4, page 1, on line 25b. However, this deduction may not be more than 70% of line 24, page 1. Compute line 24 without regard to any adjustment under section 1059 and without regard to any capital loss carryback to the tax year under section 1212(a)(1).

In a year in which an NOL occurs, this 70% limitation does not apply even if the loss is created by the dividends-received deduction. See sections 172(d) and 246(b).

## **Line 30, Form 1120 (Line 26, Form 1120-A)**

### **Taxable Income**

**Capital construction fund.** To take a deduction for amounts contributed to a capital construction fund, reduce the amount that would otherwise be entered on line 30 (line 26, Form 1120-A) by the amount of the deduction. On the dotted line next to the entry space, write "CCF" and the amount of the deduction. For more information, get **Pub. 595, Tax Highlights for Commercial Fishermen**.

## **Line 32b, Form 1120 (Line 28b, Form 1120-A)**

### **Estimated Tax Payments**

Enter any estimated tax payments the corporation made for the tax year.

**Beneficiaries of trusts.** If the corporation is the beneficiary of a trust, and the trust makes a section 643(g) election to credit its estimated tax payments to its beneficiaries, include the corporation's share of the payment in the total for line 32b, Form 1120 (line 28b, Form 1120-A). Write "T" and the amount on the dotted line next to the entry space.

**Special estimated tax payments for certain life insurance companies.** If the corporation is required to make or apply special estimated tax payments (SETP) under section 847 in addition to its regular estimated tax payments, enter on line 32b (line 28b, Form 1120-A), the corporation's total estimated tax payments. On the dotted line next to the entry space, write "SETP" and the amount. Attach a schedule showing your computation of estimated tax payments. See section 847(2) and **Form 8816, Special Loss Discount Account and Special Estimated Tax Payments for Insurance Companies**, for more information.

## **Line 32f, Form 1120 (Line 28f, Form 1120-A)**

Enter the credit (from **Form 2439, Notice to Shareholder of Undistributed Long-Term Capital Gains**) for the corporation's share of the tax paid by a regulated investment company or a real estate investment trust on undistributed long-term capital gains included in the corporation's income. Attach Form 2439 to Form 1120 or 1120-A.

## **Line 32g, Form 1120 (Line 28g, Form 1120-A)**

### **Credit for Federal Tax on Fuels**

Complete **Form 4136, Credit for Federal Tax Paid on Fuels**, if the corporation qualifies to take this credit.

**Credit for tax on ozone-depleting chemicals.** Include on line 32g (line 28g, Form 1120-A) any credit the corporation is claiming under section 4682(g)(2) for tax on ozone-depleting chemicals. Write "ODC" to the left of the entry space.

## **Line 32h, Form 1120 (Line 28h, Form 1120-A)**

### **Total Payments**

On Form 1120, add the amounts on lines 32d through 32g and enter the total on line 32h. On Form 1120-A, add the amounts on lines 28d through 28g and enter the total on line 28h.

**Backup withholding.** If the corporation had income tax withheld from any payments it received, because, for example, it failed to give the payer its correct EIN, include the amount withheld in the total for line 32h, Form 1120 (line 28h, Form 1120-A). This type of withholding is called backup withholding. On Form 1120, show the amount withheld in the blank space in the right-hand column between lines 31 and 32h, and write "backup withholding". On Form 1120-A, show the amount withheld on the dotted line to the left of line 28h, and write "backup withholding".

## **Line 33, Form 1120 (Line 29, Form 1120-A)**

### **Estimated Tax Penalty**

A corporation that does not make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Generally, a corporation is subject to the penalty if its tax liability is \$500 or more, and it did not timely pay the smaller of:

- 100% of its tax liability for 1998, or
  - 100% of its prior year's tax.
- See section 6655 for details and exceptions, including special rules for large corporations.

Use **Form 2220, Underpayment of Estimated Tax by Corporations**, to see if the corporation owes a penalty and to figure the amount of the penalty. Generally, the corporation does not have to file this form because the IRS can figure the amount of any penalty and bill the corporation for it. However, even if the corporation does not owe the penalty, you must complete and attach Form 2220 if:

- The annualized income or adjusted seasonal installment method is used, or
- The corporation is a large corporation computing its first required installment based on the prior year's tax. (See the Form 2220 instructions for the definition of a large corporation.)

If you attach Form 2220, check the box on line 33, Form 1120 (line 29, Form 1120-A), and enter the amount of any penalty on this line.

## **Schedule A, Form 1120 (Worksheet, Form 1120-A)**

### **Cost of Goods Sold**

Inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are not used, enter zero on lines 1 and 7 of Schedule A, Form 1120, or the worksheet.

All filers should see **Section 263A uniform capitalization rules** on page 6 before completing Schedule A or the worksheet on page 11. The instructions for lines 4 through 7 below apply to Schedule A and the worksheet.

**Line 4**

**Additional Section 263A Costs**

An entry is required on this line only for corporations that have elected a simplified method of accounting.

For corporations that have elected the **simplified production method**, additional section 263A costs are generally those costs, other than interest, that were not capitalized under the corporation's method of accounting immediately prior to the effective date of section 263A that are now required to be capitalized under section 263A. For details, see Regulations section 1.263A-2(b).

For corporations that have elected the **simplified resale method**, additional section 263A costs are generally those costs incurred with respect to the following categories:

- Off-site storage or warehousing;
- Purchasing;
- Handling, processing, assembly, and repackaging; and
- General and administrative costs (mixed service costs).

For details, see Regulations section 1.263A-3(d).

Enter on line 4 the balance of section 263A costs paid or incurred during the tax year not included on lines 2, 3, and 5.

**Line 5**

**Other Costs**

Enter on line 5 any costs paid or incurred during the tax year not entered on lines 2 through 4.

**Line 7**

**Inventory at End of Year**

See Regulations section 1.263A-1 through 1.263A-3 for details on figuring the amount of additional section 263A costs to be included in ending inventory.

**Lines 9a Through 9f (Schedule A)**

**Inventory Valuation Methods**

Inventories can be valued at:

- Cost;
- Cost or market value (whichever is lower); or
- Any other method approved by the IRS that conforms to the requirements of the applicable regulations cited below.

The average cost (rolling average) method of valuing inventories generally does not conform to the requirements of the regulations. See Rev. Rul. 71-234, 1971-1 C.B. 148.

Corporations that use erroneous valuation methods must change to a method permitted for Federal income tax purposes. To make this change, use Form 3115.

On line 9a, check the method(s) used for valuing inventories. Under lower of cost or market, the term "market" (for normal goods) means the current bid price prevailing on the inventory valuation date for the particular merchandise in the volume usually purchased by the taxpayer. For a manufacturer, market applies to the basic elements of cost—raw materials, labor, and burden. If section 263A applies to the taxpayer, the basic elements of cost must reflect the current bid price of all direct costs and all indirect costs properly allocable to goods on hand at the inventory date.

Inventory may be valued below cost when the merchandise is unsaleable at normal prices or unusable in the normal way because the goods are subnormal due to damage, imperfections, shopwear, etc., within the meaning of Regulations section 1.471-2(c). The goods may be valued at the current bona fide selling price, minus direct cost of disposition (but not less than scrap value) if such a price can be established.

If this is the first year the Last-in, First-out (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method provided in section 472, attach **Form 970**, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Also check the LIFO box on line 9c. On line 9d, enter the amount or the percent of total closing inventories covered under section 472. Estimates are acceptable.

If the corporation changed or extended its inventory method to LIFO and had to write up the opening inventory to cost in the year of election, report the effect of the writeup as other income (line 10, page 1), proportionately over a 3-year period that begins with the year of the LIFO election (section 472(d)).

**Note:** *Corporations using the LIFO method that make an S corporation election or transfer LIFO inventory to an S corporation in a nonrecognition transaction may be subject to an additional tax attributable to the LIFO recapture amount. See the instructions for line 12, Schedule J.*

For more information on inventory valuation methods, get **Pub. 538**, Accounting Periods and Methods.

(Form 1120 Only)**

**Dividends and Special Deductions**

For purposes of the 20% ownership test on lines 1 through 7, the percentage of stock owned by the corporation is based on voting power and value of the stock. Preferred stock described in section 1504(a)(4) is not taken into account. Corporations filing a consolidated return should see Regulations sections 1.1502-13, 1.1502-26, and 1.1502-27 before completing Schedule C.

Enter dividends (except those received on debt-financed stock acquired after July 18, 1984—see section 246A) that:

- Are received from less-than-20%-owned domestic corporations subject to income tax; and
- Qualify for the 70% deduction under section 243(a)(1).

Include taxable distributions from an IC-DISC or former DISC that are designated as eligible for the 70% deduction and certain dividends of Federal Home Loan Banks. See section 246(a)(2).

Also include on line 1 dividends (except those received on debt-financed stock acquired after July 18, 1984) from a regulated investment company (RIC). The amount of dividends eligible for the dividends-received deduction under section 243 is limited by section 854(b). The corporation should receive a notice from the RIC specifying the amount of dividends that qualify for the deduction.

Report so-called dividends or earnings received from mutual savings banks, etc., as interest. Do not treat them as dividends.

**Line 2, Column (a)**

Enter dividends (except those received on debt-financed stock acquired after July 18, 1984) that are received from 20%-or-more-owned domestic corporations subject to income tax and that are subject to the 80% deduction under section 243(c). Include on this line taxable distributions from an IC-DISC or former DISC that are considered eligible for the 80% deduction.

**Line 3, Column (a)**

Enter dividends received on debt-financed stock acquired after July 18, 1984, from domestic and foreign corporations subject to income tax that would otherwise be subject to the dividends-received deduction under section 243(a)(1), 243(c), or 245(a). Generally, debt-financed stock is stock that the corporation acquired by incurring a debt (e.g., it borrowed money to buy the stock).

Include on line 3 dividends received from a regulated investment company (RIC) on debt-financed stock. The amount of dividends eligible for the dividends-received deduction is limited by section 854(b). The corporation should receive a notice from the RIC specifying the amount of dividends that qualify for the deduction.

**Line 3, Columns (b) and (c)**

Dividends received on debt-financed stock acquired after July 18, 1984, are not entitled to the full 70% or 80% dividends-received deduction. The 70% or 80% deduction is reduced by a percentage that is related to the amount of debt incurred to acquire the stock. See section 246A. **Limitation on Dividends-Received Deduction**

Generally, line 9, column (c) may not exceed the amount from the worksheet below. However, in a year in which an NOL occurs, this limitation does not apply even if the loss is created by the dividends-received deduction. See sections 172(d) and 246(b).

Enter only those dividends that qualify under section 243(b) for the 100% dividends-received deduction described in section 243(a)(3). Corporations taking this deduction are subject to the provisions of section 1561.

**Note:** *The 100% deduction does not apply to affiliated group members that are joining in the filing of a consolidated return.*

**Line 13, Column (a)**

Enter foreign dividends not reportable on lines 3, 6, 7, 8, or 11 of column (a). Include on line

13 the corporation's share of the ordinary earnings of a qualified electing fund from Form 8621, line 1c. Exclude distributions of amounts constructively taxed in the current year or in prior years under subpart F (sections 951 through 964).

**Line 14, Column (a)**

Include income constructively received from controlled foreign corporations under subpart F. This amount should equal the total subpart F income reported on Schedule I, Form 5471.

**Line 15, Column (a)**

Include gross-up for taxes deemed paid under sections 902 and 960.

**Line 16, Column (a)**

Enter taxable distributions from an IC-DISC or former DISC that are designated as not eligible for a dividends-received deduction.

No deduction is allowed under section 243 for a dividend from an IC-DISC or former DISC (as defined in section 992(a)) to the extent the dividend:

- Is paid out of the corporation's accumulated IC-DISC income or previously taxed income, or
- Is a deemed distribution under section 995(b)(1).

**Line 17, Column (a)**

Include the following:

1. Dividends (other than capital gain dividends and exempt-interest dividends) that are received from regulated investment companies and that are not subject to the 70% deduction.
2. Dividends from tax-exempt organizations.
3. Dividends (other than capital gain dividends) received from a real estate investment trust that, for the tax year of the trust in which the dividends are paid, qualifies under sections 856 through 860.
4. Dividends not eligible for a dividends-received deduction because of the holding period of the stock or an obligation to make corresponding payments with respect to similar stock.

Two situations in which the dividends-received deduction will not be allowed on any share of stock are:

- If the corporation held it less than 46 days during the 90-day period beginning 45 days before the stock became ex-dividend with respect to the dividend (see section 246(c)(1)(A)), or
- To the extent the corporation is under an obligation to make related payments for substantially similar or related property.

5. Any other taxable dividend income not properly reported above (including distributions under section 936(h)(4)).

If patronage dividends or per-unit retain allocations are included on line 17, identify the total of these amounts in a schedule attached to Form 1120.

**Line 18, Column (c)**

Section 247 allows public utilities a deduction of 40% of the smaller of:

- Dividends paid on their preferred stock during the tax year, or
- Taxable income computed without regard to this deduction.

In a year in which an NOL occurs, compute the deduction without regard to section 247(a)(1)(B). See section 172(d).

**Schedule J, Form 1120  
(Part I, Form 1120-A)**

**Tax Computation**

**Note:** Members of a controlled group must attach a statement showing the computation of the tax entered on line 3.

**Lines 1 and 2, Form 1120**

**Members of a controlled group (Form 1120 only).** A member of a controlled group, as defined in section 1563, must check the box on line 1 and complete lines 2a and 2b of Schedule J, Form 1120.

**Line 2a.** Members of a controlled group are entitled to one \$50,000, one \$25,000, and one \$9,925,000 taxable income bracket amount (in that order) on line 2a.

When a controlled group adopts or later amends an apportionment plan, each member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the amount in each taxable income bracket apportioned to that member. See Regulations section 1.1561-3(b) for other requirements and for the time and manner of making the consent.

**Unequal apportionment plan.** Members of a controlled group may elect an unequal apportionment plan and divide the taxable income brackets as they want. There is no need for consistency among taxable income brackets. Any member may be entitled to all, some, or none of the taxable income bracket. However, the total amount for all members cannot be more than the total amount in each taxable income bracket.

**Equal apportionment plan.** If no apportionment plan is adopted, members of a controlled group must divide the amount in each taxable income bracket equally among themselves. For example, Controlled Group AB consists of Corporation A and Corporation B. They do not elect an apportionment plan. Therefore, each corporation is entitled to:

- \$25,000 (one-half of \$50,000) on line 2a(1),
- \$12,500 (one-half of \$25,000) on line 2a(2), and
- \$4,962,500 (one-half of \$9,925,000) on line 2a(3).

**Line 2b.** Members of a controlled group are treated as one group to figure the applicability of the additional 5% tax and the additional 3% tax. If an additional tax applies, each member will pay that tax based on the part of the

amount used in each taxable income bracket to reduce that member's tax. See section 1561(a). If an additional tax applies, attach a schedule showing the taxable income of the entire group and how the corporation figured its share of the additional tax.

**Line 2b(1).** Enter the corporation's share of the additional 5% tax on line 2b(1).

**Line 2b(2).** Enter the corporation's share of the additional 3% tax on line 2b(2).

**Line 3, Form 1120  
(Line 1, Form 1120-A)**

Most corporations figure their tax by using the Tax Rate Schedule below. Exceptions apply to members of a controlled group (see worksheet below) and qualified personal service corporations (see below).

**Tax Rate Schedule**

If taxable income (line 30, Form 1120, or line 26, Form 1120-A) on page 1 is:

Over—	But not over—	Tax is:	Of the amount over—
\$0	\$50,000	15%	\$0
50,000	75,000	\$ 7,500 + 25%	50,000
75,000	100,000	13,750 + 34%	75,000
100,000	335,000	22,250 + 39%	100,000
335,000	10,000,000	113,900 + 34%	335,000
10,000,000	15,000,000	3,400,000 + 35%	10,000,000
15,000,000	18,333,333	5,150,000 + 38%	15,000,000
18,333,333	-----	35%	0

**Qualified personal service corporation.** A qualified personal service corporation is taxed at a flat rate of 35% on taxable income. A corporation is a qualified personal service corporation if it meets **BOTH** of the following tests:

- Substantially all of the corporation's activities involve the performance of services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, or consulting, and
- At least 95% of the corporation's stock, by value, is owned, directly or indirectly, by (1) employees performing the services, (2) retired employees who had performed the services listed above, (3) any estate of the employee or retiree described above, or (4) any person who acquired the stock of the corporation as a result of the death of an employee or retiree (but only for the 2-year period beginning on the date of the employee's or retiree's death). See

Temporary Regulations section 1.448-1T(e) for details.

**Note:** If the corporation meets these tests, check the box on line 3, Schedule J, Form 1120 (line 1, Part I, Form 1120-A).

**Mutual savings bank conducting life insurance business.** The tax under section 594 consists of the sum of (a) a partial tax computed on Form 1120 on the taxable income of the bank determined without regard to income or deductions allocable to the life insurance department, and (b) a partial tax on the taxable income computed on Form 1120-L of the life insurance department. Enter the combined tax on line 3 of Schedule J, Form 1120. Attach Form 1120-L as a schedule and identify it as such.

**Deferred tax under section 1291.** If the corporation was a shareholder in a passive foreign investment company (PFIC) and received an excess distribution or disposed of its investment in the PFIC during the year, it must include the increase in taxes due under section 1291(c)(2) in the total for line 3, Schedule J, Form 1120. On the dotted line next to line 3, write "Section 1291" and the amount.

Do not include on line 3 any interest due under section 1291(c)(3). Instead, show the amount of interest owed in the bottom margin of page 1, Form 1120, and write "Section 1291 interest". For details, see **Form 8621**, Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund.

**Additional tax under section 197(f).** A corporation that elects to pay tax on the gain from the sale of an intangible under the related person exception to the anti-churning rules, should include any additional tax due under section 197(f)(9)(B) in the total for line 3. On the dotted line next to line 3, write "Section 197" and the amount. For more information, see **Pub. 535**, Business Expenses.

Complete line 4c if the corporation can take either of the following credits. Be sure to check the appropriate box.

**Nonconventional source fuel credit.** A credit is allowed for the sale of qualified fuels produced from a nonconventional source. Section 29 contains a definition of qualified fuels, provisions for figuring the credit, and other special rules. Attach a separate schedule to the return showing the computation of the credit.

**Qualified electric vehicle (QEV) credit.** Include on line 4c any credit from **Form 8834**, Qualified Electric Vehicle Credit. Vehicles that qualify for this credit are not eligible for the

##### Credit for Prior Year Minimum Tax

To figure the minimum tax credit and any carryforward of that credit, use **Form 8827**, Credit for Prior Year Minimum Tax—Corporations. Also see Form 8827 if any of the corporation's 1997 nonconventional source fuel credit or qualified electric vehicle credit was disallowed solely because of the tentative minimum tax limitation. See section 53(d).

#### Line 7 (Form 1120 Only)

##### Personal Holding Company Tax

A corporation is taxed as a personal holding company under section 542 if:

- At least 60% of its adjusted ordinary gross income for the tax year is personal holding company income, and
- At any time during the last half of the tax year more than 50% in value of its outstanding stock is owned, directly or indirectly, by five or fewer individuals.

See **Schedule PH (Form 1120)**, U.S. Personal Holding Company Tax, for definitions and details on how to figure the tax.

#### Line 8, Form 1120 (Line 5, Form 1120-A)

##### Recapture Taxes

**Recapture of investment credit.** If the corporation disposed of investment credit property or changed its use before the end of its useful life or recovery period, it may owe a tax. See **Form 4255**, Recapture of Investment Credit, for details.

**Recapture of low-income housing credit.** If the corporation disposed of property (or there was a reduction in the qualified basis of the property) for which it took the low-income housing credit, it may owe a tax. See **Form 8611**, Recapture of Low-Income Housing Credit.

**Recapture of qualified electric vehicle (QEV) credit.** The corporation must recapture part of the QEV credit it claimed in a prior year, if, within 3 years of the date the vehicle was placed in service, it ceases to qualify for the credit. See Regulations section 1.30-1 for details on how to figure the recapture. Include the amount of the recapture in the total for line 8, Schedule J, Form 1120 (line 5, Part I, Form 1120-A). On the dotted line next to the entry space, write "QEV recapture" and the amount.

##### Recapture of Indian employment credit.

Generally, if an employer terminates the employment of a qualified employee less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior tax year because of wages paid or incurred to that employee must be recaptured. For details, see Form 8845 and section 45A. Include the amount of the recapture in the total for line 8, Schedule J, Form 1120 (line 5, Part I, Form 1120-A). On the dotted line next to the entry space, write "45" and the amount.

#### Line 9, Form 1120 (Line 6, Form 1120-A)

##### Alternative Minimum Tax (AMT)

The corporation may owe the alternative minimum tax if it has any of the adjustments and tax preference items listed on **Form 4626**, Alternative Minimum Tax—Corporations. The corporation must file Form 4626 if its taxable income (loss) combined with these adjustments and tax preference items is more than the smaller of \$40,000, or the corporation's allowable exemption amount (from Form 4626).

For this purpose, taxable income does not include the NOL deduction. Get Form 4626 for details.

Reduce alternative minimum tax by any amounts from Form 3800, Schedule A, line 37 and Form 8844, line 23. On the dotted line next to line 9a (line 6, Form 1120-A), write "Section 38(c)(2)" ("EZE" if from Form 8844) and the amounts.

**Exception for small corporations.** For tax years beginning after December 31, 1997, the alternative minimum tax does not apply to corporations that qualify as "small corporations." Generally, a corporation qualifies as a small corporation if:

- Its average annual gross receipts for its 1994, 1995, and 1996 tax years did not exceed \$5 million, and
- Its average annual gross receipts for its 1995, 1996, and 1997 tax years did not exceed \$7.5 million.

If 1998 is the first tax year of a corporation's existence, it is treated as a small corporation,

regardless of its gross receipts for the year. For more information, see Form 4626.

#### Line 11 (Form 1120 Only)

Enter the amount of any credit from **Form 8860**, Qualified Zone Academy Bond Credit.

#### Line 12 (Form 1120 Only)

##### Other Tax and Interest Amounts

Other tax and interest amounts may be included in or subtracted from the total tax reported on line 12.

**Amounts to include** in the total for line 12 are:

- Tax and interest on a nonqualified withdrawal from a capital construction fund (section 7518).
- Interest on deferred tax attributable to:

1. Installment sales of certain timeshares and residential lots (section 453(l)(3)), and
2. Certain nondealer installment obligations (section 453A(c)).

• Interest due under the look-back method (see Form 8697 or Form 8866).

• For shareholders in qualified electing funds, deferred tax due upon the termination of a section 1294 election (see Form 8621, Part V).

**Amounts to subtract** from the total for line 12 are:

• Deferred tax on the corporation's share of the undistributed earnings of a qualified electing fund (see Form 8621, Part II).

• Deferred LIFO recapture tax (section 1363(d)). See **Deferred LIFO recapture tax**, below, and the instructions regarding LIFO recapture amount under **Line 10, Other Income**, on page 6.

**How to report.** Attach a schedule showing your computation of each item included in, or subtracted from, the total for line 12. On the dotted line next to line 12, enter the amount of tax or interest and:

- Identify it as tax or interest, and
- Specify the Code section that applies.

**Example.** To show \$50 of interest due on deferred tax from the installment sale of a timeshare, write "Sec. 453(l)(3) interest – \$50."

If you figured the tax or interest using another form (e.g., Form 8621 or Form 8697), see the instructions for that form to find out how to report the amount.

**Deferred LIFO recapture tax.** The deferred LIFO recapture tax is the part of the LIFO recapture tax that will be deferred and paid with Form 1120S in the future. To figure the deferred tax you must first figure the total LIFO recapture tax. Follow the steps below to figure the total LIFO recapture tax and the deferred amount.

**Step 1.** Figure the tax on the corporation's income **including** the LIFO recapture amount. (Complete Schedule J through line 11 but do not enter a total on line 12 yet.)

**Step 2.** On a separate worksheet using the Schedule J format, figure the tax again, but this time **do not** include the LIFO recapture amount in taxable income.

**Step 3.** Compare the tax in **Step 2** to the tax in **Step 1**. The difference between the two is the **LIFO recapture tax**.

**Step 4.** Multiply the amount from **Step 3** above by 75%. The result is the **deferred LIFO recapture tax**. Subtract this amount from the total for line 12, Schedule J, and enter the amount on the dotted line next to line 12. Label it "Sec. 1363 deferred tax."

## Schedule K, Form 1120 (Part II, Form 1120-A)

### Other Information

The following instructions apply to questions 1 through 15 on Form 1120, page 3, Schedule K, or questions 1 through 6 on Form 1120-A, page 2, Part II. Be sure to answer all the questions that apply to the corporation.

### Question 4 (Form 1120 Only)

Check the "Yes" box for question 4 if:

- The corporation is a subsidiary in an affiliated group (defined below), but is not filing a consolidated return for the tax year with that group, or
- The corporation is a subsidiary in a parent-subsidiary controlled group (defined below).

Any corporation that meets either of the requirements above should check the "Yes" box. This applies even if the corporation is a subsidiary member of one group and the parent corporation of another.

**Note:** If the corporation is an "excluded member" of a controlled group (see section 1563(b)(2)), it is still considered a member of a controlled group for this purpose.

**Affiliated group.** The term "affiliated group" means one or more chains of includible corporations (section 1504(a)) connected through stock ownership with a common parent corporation. The common parent must be an includible corporation and the following requirements must be met:

1. The common parent must own directly stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of at least one of the other includible corporations.

2. Stock that represents at least 80% of the total voting power, and at least 80% of the total value of the stock of each of the other corporations (except for the common parent) must be owned directly by at least one of the other includible corporations.

For this purpose, the term "stock" generally does not include any stock that (a) is nonvoting, (b) is nonconvertible, (c) is limited and preferred as to dividends and does not participate significantly in corporate growth, and (d) has redemption and liquidation rights that do not exceed the issue price of the stock (except for a reasonable redemption or liquidation premium). See section 1504(a)(4).

**Parent-subsidiary controlled group.** The term "parent-subsidiary controlled group" means one or more chains of corporations connected through stock ownership (section 1563(a)(1)). Both of the following requirements must be met:

1. 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of each corporation in the group (except the parent) must be owned by one or more of the other corporations in the group.

2. The common parent must own at least 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of at least one of the other corporations in the group. Stock owned directly by other members of the group is not counted when computing the voting power or value.

See section 1563(d)(1) for the definition of "stock" for purposes of determining stock ownership above.

### Question 8, Form 1120 (Question 6, Form 1120-A)

**Foreign financial accounts.** Check the "Yes" box if either 1 or 2 below applies to the corporation. Otherwise, check the "No" box:

1. At any time during the 1998 calendar year the corporation had an interest in or signature or other authority over a bank, securities, or other financial account in a foreign country; and

• The combined value of the accounts was more than \$10,000 at any time during the calendar year, and

• The account was NOT with a U.S. military banking facility operated by a U.S. financial institution.

2. The corporation owns more than 50% of the stock in any corporation that would answer "Yes" to item 1 above.

Get **Form TD F 90-22.1**, Report of Foreign Bank and Financial Accounts, to see if the corporation is considered to have an interest in or signature or other authority over a financial account in a foreign country.

If "Yes" is checked for this question, file Form TD F 90-22.1 by June 30, 1999, with the Department of the Treasury at the address shown on the form. Because Form TD F 90-22.1 is not a tax return, do not file it with Form 1120 (or Form 1120-A).

You can get Form TD F 90-22.1 from an IRS Distribution Center or by calling 1-800-TAX-FORM (1-800-829-3676).

Also, if "Yes" is checked for this question, enter the name of the foreign country or countries. Attach a separate sheet if more space is needed.

### Question 9 (Form 1120 Only)

The corporation may be required to file **Form 3520**, Annual Return To Report Transactions with Foreign Trusts and Receipt of Certain Foreign Gifts, if:

• It directly or indirectly transferred money or property to a foreign trust. For this purpose, any U.S. person who created a foreign trust is considered a transferor.

• It is treated as the owner of any part of the assets of a foreign trust under the grantor trust rules.

• It received a distribution from a foreign trust.

For more information, see the instructions for Form 3520.

**Note:** An owner of a foreign trust must ensure that the trust files an annual information return on **Form 3520-A**, Annual Information Return of Foreign Trust with a U.S. Owner. For details, see Form 3520-A.

### Question 10 (Form 1120 Only)

Check the "Yes" box if one foreign person owned at least 25% of (a) the total voting power of all classes of stock of the corporation entitled to vote or (b) the total value of all classes of stock of the corporation.

The constructive ownership rules of section 318 apply in determining if a corporation is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 10a the percentage owned by the foreign person specified in question 10. On line 10b, write the name of the owner's country.

**Note:** If there is more than one 25%-or-more foreign owner, complete lines 10a and 10b for the foreign person with the highest percentage of ownership.

**Foreign person.** The term "foreign person" means:

- A foreign citizen or nonresident alien.

### Question 14 (Form 1120 Only)

Check the box on line 14 if the corporation elects under section 172(b)(3) to forego the carryback period for a net operating loss (NOL). If you check this box, do not attach the statement described in Temporary Regulations section 301.9100-12T(d).

### Question 15 (Form 1120 Only)

Enter the amount of the net operating loss (NOL) carryover to the tax year from prior years, even if some of the loss is used to offset income on this return. The amount to enter is the total of all NOLs generated in prior years but not used to offset income (either as a carryback or carryover) to a tax year prior to 1998. Do not reduce the amount by any NOL deduction reported on line 29a.

## Codes for Principal Business Activity

This list of principal business activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. For tax years beginning after 1997, these principal business activity codes are based on the North American Industry Classification System.

Using the list of activities and codes below, determine from which activity the company derives the largest percentage of its "total receipts." Total receipts is defined as the sum of gross receipts or sales (page 1, line 1a) plus all other income (page 1, lines 4 through 10). If the company purchases raw materials and supplies them to a subcontractor to produce the finished product, but retains title to the product, the company is considered a manufacturer and must use one of the manufacturing codes (311110-339900).

Once the principal business activity is determined, entries must be made on Form 1120, Schedule K, lines 2a, 2b, and 2c, or on Form 1120-A, Part II, lines 1a, 1b, and 1c. For the business activity code number, enter the six digit code selected from the list below. On the next line (Form 1120, line 2b, or Form 1120-A, line 1b), enter a brief description of the company's business activity. Finally, enter a description of the principal product or service of the company on Form 1120, line 2c, or Form 1120-A, line 1c.
