Instructions for Form 1120-FSC U.S. Income Tax Return of a Foreign Sales Corporation

(Section references are to the Internal Revenue Code, unless otherwise noted.)

Paperwork Reduction Act Notice

We ask for this information to carry out the Internal Revenue laws of the United States. The information is used to ensure that taxpayers are complying with these laws and to allow us to figure and collect the right amount of tax. You are required to give us this information

Changes You Should Note

The Tax Reform Act of 1986 (Act) made several changes to the way foreign sales corporations figure their taxable income and their tax liability. See pages 7 through 10 of these instructions for changes made by the Act that affect calendar year, fiscal year, and 1987 corporations.

Payment of Tax for 1986 Tax Years

Corporations with an office or place of business in the U.S. must deposit their income tax payments (and estimated tax payments) with a Federal Tax Deposit Coupon (Form 8109). See instruction E for details.

General Instructions

A. Purpose of Form

Form 1120-FSC is used to report a foreign sales corporation's (FSC) income, deductions, credits, and tax. If a refund is due, Form 1120-FSC may be used to claim it.

B. What Is a FSC?

A FSC is a foreign corporation that has elected to be a FSC or small FSC and its election is still in effect. The FSC election is made by filing **Form 8279**, Election To Be Treated as a FSC or as a Small FSC.

To be a FSC (or small FSC), a corporation must meet all of the following tests:

1. It must be a corporation created or organized under the laws of a qualifying foreign country or a U.S. possession (other than Puerto Rico). The foreign country must meet the requirements of section 927(e)(3).
2. It may not have more than 25 shareholders.
3. It may not have preferred stock.
4. It must maintain an office in a qualifying foreign country or U.S. possession (other than Puerto Rico) and maintain a set of permanent books of account at that office. It must also maintain at a location in the U.S. such books and records as are sufficient under section 6001 to establish the amount of gross income, deductions, credits or other matters required to be shown on its tax return.
5. It must have at least one director who is not a resident of the U.S.
6. It may not be a member of a controlled group of which an interest charge DISC is a member.
7. Its tax year must conform to the tax year of the principal shareholder who, at the

beginning of the FSC's tax year, has the highest percentage of voting power. If two or more shareholders have the highest percentage of voting power, the FSC must elect a tax year that conforms to that of any one of the shareholders. See section 441(h).

8. A FSC, other than a small FSC, must also meet certain foreign management and foreign economic process requirements. See general instructions F2 and F3 for details.

C. Filing Form 1120-FSC

1. Who Files.—You must file Form 1120-FSC if your corporation elected, by filing Form 8279, to be treated as a FSC or small FSC and the election is still in effect.

2. When To File.—File Form 1120-FSC by the 15th day of the 3rd month after the end of the tax year.

Extensions.—File **Form 7004**, Application for Automatic Extension of Time To File Corporation Income Tax Return, to request an automatic 6-month extension of time to file Form 1120-FSC

Period covered.—File the 1986 return for calendar year 1986 and fiscal years that begin in 1986. If the return is for a fiscal year, fill in the tax year space at the top of the form.

Amended return.—To correct any error in a Form 1120-FSC already filed, file a revised Form 1120-FSC and write "Amended" across the top

Change in tax year.—To change your tax year, file **Form 1128**, Application for Change in Accounting Period.

Final return.—If the corporation ceased to exist during the tax year, write "Final Return" at the top of the form.

3. Where To File.—File Form 1120-FSC with the Internal Revenue Service Center, Philadelphia, PA 19255.

4. Signature.—The return must be signed and dated by the president, vice president, treasurer, assistant treasurer, chief accounting officer, or any other corporate officer (such as tax officer) authorized to sign. A receiver, trustee, or assignee must sign and date any return required to be filed on behalf of a corporation.

If your corporate officer filled in Form 1120-FSC, the Paid Preparer's space under Signature of Officer should remain blank. If someone prepares Form 1120-FSC and does not charge the corporation, that person should not sign the return. Certain others who prepare Form 1120-FSC should not sign. For example, a regular, full-time employee of the corporation such as a clerk or secretary does not have to sign. (This list is not all inclusive.)

Generally, anyone who is paid to prepare Form 1120-FSC must sign the return and fill in the other blanks in the Paid Preparer's Use Only area of the return.

The preparer required to sign the return MUST:

- Complete the required preparer information.
- Sign it, by hand, in the space provided for the preparer's signature. (Signature stamps or labels are not acceptable.)
- Give a copy of Form 1120-FSC to the taxpayer in addition to the copy filed with IRS.

Tax return preparers should be familiar with their responsibilities. See **Publication 1045**, Information and Order Blanks for Preparers of Federal Income Tax Returns, for more details.

D. Other Returns and Statements That May Be Required

1. Financial statements.—The balance sheets must agree with your books and records. Reconcile any differences.

2. Forms.—The FSC may also have to file other forms. A partial list includes:

Form 5471, Information Return With Respect to a Foreign Corporation — Shareholders, directors, or officers of a FSC do not have to file Form 5471 when the FSC is organized. However, Form 5471 will be required with respect to subsequent changes in ownership as required under section 6046 and related regulations. Provided that a Form 1120-FSC is filed, a Form 5471 need not be filed to satisfy the requirements of section 6038. See temporary regulations section 1.921-1T(b), Question 3, for more information. However, if the FSC is involved in other than FSC activities, Form 5471 and applicable schedules may have to be filed.

Form 1096, Annual Summary and Transmittal of U.S. Information Returns.—Used to transmit certain information returns.

Form 1098, Mortgage Interest Statement.—This form is used to report the receipt from any individual of \$600 or more of mortgage interest in the course of the corporation's trade or business for any calendar year.

Forms 1099-DIV, INT, MISC, and R.—These are some of the information returns that must be filed to report certain payments, such as dividends and interest. For more information, see Form 1096 and its instructions, and **Publication 916**, Information Returns.

Form 4626, Computation of Minimum Tax—Corporations.—Attach to Form 1120-FSC if the corporation has either more than \$10,000 in tax preference items (whether or not it has minimum tax) or minimum tax liability deferred from an earlier year.

Form 5713, International Boycott Report.—Used by persons having operations in or related to "boycotting" countries. In addition, persons who participate in or

cooperate with an international boycott may have to complete Schedule A or Schedule B and Schedule C of Form 5713 to compute their loss of the following items: the foreign tax credit, the deferral of earnings of a controlled foreign corporation, IC-DISC benefits, and FSC benefits.

Form 8264, Application for Registration of a Tax Shelter.—Used by tax shelter organizers to register tax shelters with the IRS, for the purpose of receiving a tax shelter registration number.

Schedule PH (Form 1120).—Attach Schedule PH (Form 1120), Computation of U.S. Personal Holding Company Tax, to Form 1120-FSC if the FSC is a personal holding company described in section 542, but not a foreign personal holding company described in section 552.

Form 8271, Investor Reporting of Tax Shelter Registration Number.—Used by taxpayers who have acquired an interest in a tax shelter, which is required to be registered, to report the tax shelter's registration number. Form 8271 must be attached to any tax return (including an application for tentative refund (Form 1139 and an amended return)) on which a deduction, credit, loss, or other tax benefit attributable to a tax shelter is taken.

Form 8300, Report of Cash Payments Over \$10,000 Received in a Trade or Business.—Generally, this form is used to report the receipt of more than \$10,000 in cash or foreign currency in one transaction (or in a series of related transactions). However, transactions that take place entirely outside the U.S. do not have to be reported.

E. Paying the Tax

1. FSCs with no office or place of business in the U.S. must pay the tax due in full when they file their tax return, but not later than the 15th day of the 6th month after the end of the tax year.

The tax may be paid by check or money order, payable to the Internal Revenue Service Center, Philadelphia, PA 19255. In order for us to better process your deposits, please write your employer identification number, "Form 1120-FSC," and the period to which the deposit applies on your check.

2. FSCs with an office or place of business in the U.S. must pay the tax due in full when they file their tax return, but not later than the 15th day of the 3rd month after the end of the tax year.

FSCs with an office or place of business in the U.S. must deposit their income tax (and estimated tax payments) with a Federal Tax Deposit Payment Coupon (**Form 8109**).

Make these tax deposits with a financial institution qualified as a depository for Federal taxes or the Federal Reserve Bank or Branch serving the geographic area where the corporation's office or place of business in the U.S. is located. Do not submit deposits directly to an IRS office, otherwise the corporation may be subject to a failure to deposit penalty. Records of deposits will be sent to the IRS for crediting to the corporation's account. In order for us to better process your deposits, please write your employer identification number, "Form 1120-FSC," and the period to which the deposit applies on your check.

To get more deposit coupons, use the reorder form (Form 8108A) provided in the coupon book. If the corporation does not have these coupons, it should contact an IRS district office.

For more information concerning deposits, see **Publication 583**, Information for Business Taxpayers.

3. Estimated Tax.—A FSC with an office or place of business in the U.S. must make estimated tax payments if it can expect its estimated tax (income tax minus credits) to be \$40 or more.

Use Form 1120-W (WORKSHEET), Corporation Estimated Tax, as a worksheet to compute estimated tax. Use the FTD payment coupons in making deposits of estimated tax.

If the corporation overpaid estimated tax, it may be able to get a "quick refund" by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be both: (1) at least 10% of expected income tax liability, and (2) at least \$500. To apply, file Form 4466 within 2½ months after the end of the tax year and before Form 1120-FSC is filed.

F. Definitions, etc.

1. Small FSC.—A corporation must have filed Form 8279 and elected to be a small FSC. The small FSC cannot be a member of a controlled group which includes another FSC unless such other FSC is also a small FSC.

A small FSC is treated as a FSC on the first \$5,000,000 of its foreign trading gross receipts without meeting the foreign management and foreign economic process requirements. The \$5,000,000 limit is reduced if the small FSC has a short tax year, or may be reduced if the small FSC is a member of a controlled group that contains other small FSCs. Any gross receipts in excess of the limitation are treated as nonforeign trading gross receipts.

See regulations section 1.921-2T(b) for more information.

Note: *Although a small FSC does not have to satisfy the foreign management requirements below, it has to meet the requirements of section 925(c) if it uses the administrative pricing rules.*

2. Foreign Management Requirements.—A FSC (other than a small FSC) is treated as having foreign trading gross receipts for the tax year only if the management of the FSC during the year takes place outside the United States. These management activities include:

a. Meeting of the board of directors and of shareholders.

c. Disbursement of dividends, legal and accounting fees, salaries of officers, and salaries or fees of directors out of the principal bank account.

b. Maintaining the principal bank account at all times during the tax year.

Meetings of directors and of shareholders.—All meetings of the board of directors of the FSC and all meetings of the shareholders of the FSC that take place during the tax year must take place outside the United States. Only meetings that are formally convened as meetings of the board of directors or as shareholders' meetings are taken into account. If the participants in a meeting are not all physically present in the same location, the location of the

meeting is determined by the location of the person exercising a majority of the voting power participating in the meeting. In addition, all such meetings must comply with the local laws of the foreign country or U.S. possession in which the FSC was created or organized. The local laws determine whether a meeting must be held, when and where it must be held, who must be present, quorum requirements, use of proxies, and so on.

Principal bank account.—The bank account that is regarded as the principal bank account of a FSC is the bank account from which disbursement of dividends, legal and accounting fees, salaries of officers, and salaries or fees of directors are made. The bank account regarded as the principal bank account must be maintained in a country which satisfies the exchange of information requirements of section 927(e)(3), or in any possession of the U.S. as defined in section 927(d)(5) and it generally must be so maintained for each day of the tax year. The principal bank account must be maintained in an institution that is engaged in the conduct of banking, financing, or similar business.

For more details, see regulations under section 1.924(c)-1T.

3. Economic Processes Requirements.—A FSC (other than a small FSC) has foreign trading gross receipts from any transaction only if economic processes for such transaction takes place outside the U.S. The regulations set forth the rules for determining whether a sufficient amount of the economic processes of a transaction takes place outside the U.S. Generally, a transaction will qualify if the FSC satisfies two different requirements: participation outside the U.S. in the sales portion of the transaction, and satisfaction of either the 50% or the 85% foreign direct cost test. The activities comprising these economic processes may be performed by the FSC or by any other person acting under contract with the FSC.

The FSC (or other person) may act upon standing instructions from another person in the performance of any activity, whether a sales activity or an activity relating to the disposition of export property.

Participation outside the U.S. in the sales portion of the transaction.—The requirement is met for the gross receipts of a FSC derived from any transaction if the FSC (or other person) has participated outside the United States in the following sales activities relating to such transaction:

a. Solicitation (other than advertising),

b. Negotiation, and

c. Making of the contract.

If any sales activity occurs with respect to a single contract for more than one transaction (or for items grouped separately for other purposes), that sales activity will apply to each transaction (or item), regardless of the fact that the transactions (or items) are grouped separately for other purposes (such as satisfying the foreign direct cost tests).

The FSC may elect on an annual basis to group transactions for purposes of satisfying the economic process requirements. Providing the necessary documentation and other rules of regulations section 1.924(d)-1T(e) are met, transactions may be grouped on the basis of

product or product line, customer, contract, or product or product line within customer or contract groupings. For more details, see regulations section 1.924(d)-1T(e).

Solicitation (other than advertising) refers to any communication (by any method including, but not limited to, telephone, telegraph, mail, or in person) by the FSC (or other person), at any time during the 12-month period immediately preceding the execution of a contract relating to the transaction, to a specific, targeted customer or potential customer, that specifically addresses the customer's attention to the product or service covered by the transaction. Activities that would otherwise constitute advertising (such as sending sales literature to a customer or potential customer) will be considered solicitation (other than advertising) if the activities are not taken into account as advertising under the foreign direct costs tests.

Negotiation refers to any communication by the FSC (or other person) to a customer or potential customer of one or more of the terms of a transaction including, but not limited to, price, credit terms, quantity, or time or manner of delivery. Negotiation does not include the mere receipt of a communication from a customer (such as an order) that includes terms of a sale.

Making of a contract refers to performance by the FSC (or other person) of any of the elements necessary to complete a sale, such as making an offer or accepting an offer. Acceptance of an unsolicited bid or order is considered the "making of a contract" even if no solicitation or negotiation occurred with respect to the transaction.

The written confirmation by the FSC (or other person) to the customer of an oral or written agreement which confirms variable contract terms or specifies (directly or by cross-reference) additional contract terms, will be considered the making of a contract. A written confirmation is any confirmation expressed in writing, including a telegram, telex, or other similar written communication.

Satisfaction of either the 50% or the 85% foreign direct cost test.—For the gross receipts of a transaction to qualify as foreign trading gross receipts, the foreign direct costs incurred by the FSC attributable to the transaction must equal or exceed 50% of the total direct costs incurred by the FSC attributable to the transaction. Direct costs are those costs described in the five categories of section 924(e). Instead of satisfying the 50% foreign direct cost test described above, the FSC may incur foreign direct costs attributable to activities described in each of two of the section 924(e) categories that equal or exceed 85% of the total direct costs attributable to the activity described in that category. If no direct costs are incurred by the FSC in a particular category, that category is not taken into account for purposes of determining whether the FSC has met either the 50% or the 85% foreign direct cost test.

Direct costs are those costs that are incidental to and necessary for the performance of any activity described in section 924(e). Direct costs include the cost of materials which are consumed in the performance of the activity, and the cost of labor which can be identified or associated directly with the performance of the activity (but only to the extent of wages, salaries,

fees for professional services, and other amounts paid for personal services actually rendered, such as bonuses or compensation paid for services on the basis of a percentage of profits). Direct costs also include the cost of equipment or facilities (or the use thereof) that can be specifically identified or associated with the activity, as well as the contract price of an activity performed on behalf of the FSC by a contractor.

"Total direct costs" means all of the direct costs of any transaction attributable to any of the activities described in section 924(e). For the 50% foreign direct cost test, total direct costs are determined based on the direct costs of all activities described in all of the paragraphs of section 924(e). For the 85% foreign direct cost test, however, the total direct costs are determined separately for each paragraph of section 924(e).

"Foreign direct costs" means the portion of the total direct costs of any transaction that is attributable to activities performed outside of the U.S. For the 50% foreign direct cost test, foreign direct costs are determined based on the direct costs of all activities described in all of the paragraphs of section 924(e). For the 85% foreign direct cost test, however, foreign direct costs are determined separately for each paragraph of section 924(e).

For more details, see regulations under section 1.924(d)-1T.

Exception for military property.—These requirements do not apply to any activities performed in connection with the sale of military property if the activities are required by law or regulation to be performed in the U.S., by or in conjunction with the U.S. Government.

G. Penalties

The corporation may have to pay the following penalties unless it can show that not filing or not paying was due to reasonable cause and not willful neglect. (These penalties are in addition to the interest charge on unpaid tax at a rate established under section 6621.)

A corporation that does not file its tax return when due (including any extension of time for filing) may be subject to a penalty of 5% a month or fraction of a month, up to a maximum of 25%, for each month the return is not filed. (The penalty is imposed on the net amount due.) The minimum penalty for failure to file a tax return within 60 days of the due date (including extensions) is the lesser of the underpayment of tax or \$100.

A corporation that does not pay the tax when due may generally be subject to a penalty of ½% a month or fraction of a month, up to a maximum of 25%, for each month the tax is not paid. (The penalty is imposed on the net amount due.)

A corporation that does not pay the proper estimated tax when due may be subject to an underpayment penalty for the period of underpayment. To avoid the estimated tax penalty, the amount of estimated tax payments required to be made by a corporation is 90%. See section 6655(b)(1).

If the corporation underpaid estimated tax, attach **Form 2220**, Underpayment of Estimated Tax by Corporations, to show how the corporation figured the penalty or which exceptions the corporation believes it meets.

If there is a tax due on line 4, page 1, include the penalty in the total. If there is a

refund due, subtract the penalty from the overpayment on line 5, page 1.

Penalty for Overstated Tax Deposits.—If deposits are overstated, the corporation may be subject to a penalty. See section 6656(b).

The FSC may have to pay the following penalties unless it can show that it had reasonable cause for not giving information or not filing a return:

- \$100 for each instance of not giving information, up to \$25,000 during the calendar year.
- \$1,000 for not filing a return.

See section 6686 for other details.

H. Cooperatives

Special rules may apply when cooperatives described in section 1381 are shareholders in a FSC. These special rules apply to the nonexempt portion of foreign trade income from the sale or other dispositions of agricultural or horticultural products by the FSC. The FSC may distribute its nonexempt foreign trade income to the cooperative and thereby not be taxed on this amount. The cooperative must include this amount in income for its tax year that includes the last day of the FSC's tax year, even though the FSC does not have to distribute the income until the due date of its income tax return.

I. Foreign Personal Holding Company

If the corporation is a foreign personal holding company as defined in section 552, certain officers, directors, and shareholders of the corporation must file Form 5471. See section 552 and Form 5471 for details. If the corporation is a personal holding company but not a foreign personal holding company, it must file Schedule PH (Form 1120) with Form 1120-FSC. See section 542 and Schedule PH (Form 1120) for details.

J. Tax Treaty Benefits

A FSC may not claim any benefits under any income tax treaty between the U.S. and any foreign country.

Specific Instructions

Accounting methods.—Compute taxable income by the accounting method regularly used to keep the FSC's books and records. The method used must clearly reflect taxable income. (See section 446.)

A member of a controlled group must avoid using an accounting method that would distort any group member's income, including its own. For example, a FSC acts as a commission agent for property sales by a related corporation that uses the accrual method and pays the FSC its commission more than 2 months after the sale. The FSC, then, should not use the cash method of accounting, because it materially distorts the income of the FSC.

Unless the law specifically permits otherwise, the FSC may change from the accounting method it used to report taxable income in earlier years (for income as a whole or for any material item) only after obtaining consent by filing **Form 3115**, Application for Change in Accounting Method.

Rounding Off.—You may show the money items on the return and accompanying schedules as whole-dollar amounts. To do so, drop any amount less than 50 cents, and increase any amount from 50 cents through 99 cents to the next higher dollar.

Attachments.—If you need more space, attach separate sheets to the back of Form 1120-FSC. Attach **Form 4136**, Computation of Credit for Federal Tax on Gasoline and Special Fuels, after page 6, Form 1120-FSC. Attach schedules in alphabetical order and other forms in numerical order after the Form 4136. Be sure to put the FSC's name and employer identification number (EIN) on each sheet.

To assist us in processing the return, we ask that you complete every applicable entry space on Form 1120-FSC. Please do not attach statements and write "See attached" in lieu of completing the entry space on Form 1120-FSC.

Page 1

Address.—The address used on the return should be the location of the books and records in the U.S. (as required by section 6001).

Employer Identification Number.—Enter the FSC's employer identification number (EIN). If the FSC does not have an EIN, it should apply for one on **Form SS-4**, Application for Employer Identification Number. You can get this form at most IRS or Social Security Administration offices. Send Form SS-4 to the Internal Revenue Service Center, Philadelphia, PA 19255. If you have not received the EIN by the time for filing Form 1120-FSC, write "Applied for" in the space for the EIN.

Item C. Country or U.S. Possession of Incorporation.—Enter the name of the foreign country or U.S. possession in which the FSC was incorporated. See sections 927(d)(5) and 927(e)(3).

Item G.—Enter the total assets of the FSC from line 14, column (d), Schedule L. If there are no assets at the end of the tax year, enter the assets as of the beginning of the tax year.

Page 2

Item N.—All FSCs (except small FSCs) must complete questions (1) and (2) under item N. For more information, see "Foreign Management Requirements" in General Instruction F2.

Page 4

Item S.—A FSC (other than a small FSC) must complete item S to show that it satisfied the foreign economic process requirements of section 924(d) for all transactions for which foreign trading gross receipts were reported on lines 1 through 5 of Schedule B. While these rules are generally applied on a transaction by transaction basis, the FSC may make an annual election to group the transactions (regulations section 1.924(d)-1T(e)).

A FSC meets the foreign economic process tests for any transaction, if on an aggregate basis, the foreign direct costs attributable to the transaction are 50% or more of the total direct costs attributable to the transaction for the following activities: 1) advertising and sales promotion, 2) processing of customer orders and arranging for delivery, 3) transportation of property from the time of acquisition by the FSC (or in the case of a commission relationship, from the beginning of such relationship for such transaction) to delivery to the customer, 4) determination and transmittal of final invoice or statement of account and receipt of payment, and

Page 4

5) assumption of credit risk. Alternatively, the FSC meets the foreign economic process test for any transaction if the foreign direct costs attributable to the activities described in at least two of the above categories is 85% or more of the total direct costs attributable to the activities described in those categories.

In item S indicate which test(s) apply to the transactions that gave rise to the gross receipts entered on lines 1 through 5, Schedule B. If only one test applies, check the appropriate box. If both tests apply, check both boxes.

In addition to completing item S, the FSC must keep sufficient records to show it met the requirements for each transaction (or group of transactions). These records must be made available on examination of the FSC return.

Schedule A—Cost of Goods Sold and/or Operations Relating to Foreign Trading Gross Receipts

Complete Schedule A only for the cost of goods sold deduction related to foreign trading gross receipts reported on lines 1 through 5 of Schedule B.

If the FSC acts as another person's commission agent on a sale, do not enter any amount in Schedule A for the sale.

A small FSC will have to make two separate computations for cost of goods sold if its foreign trading gross receipts exceed the limitation amount on line 6e of Schedule B. In this case, a deduction for cost of goods sold will be figured separately for the income on line 6h of Schedule B, and separately for the income on line 3 of Schedule F. Attach the computation for line 3, Schedule F, to Form 1120-FSC.

Complete a separate computation for cost of goods sold and other expenses attributable to income reported on line 12 of Schedule B. Attach this schedule to Form 1120-FSC.

All FSCs are to complete a separate schedule for the computation of the cost of goods sold attributable to nonforeign trade income reported on Schedule F. Attach this schedule to Form 1120-FSC.

Complete lines 1 through 7, column (a) of Schedule A, to show the cost of goods sold for inventory acquired in transactions using the administrative pricing rules. Complete lines 1 through 7, column (b), to show the cost of goods sold for inventory acquired in transactions in which the administrative pricing rules were not used. For details on administrative or nonadministrative pricing rules, see separate **Schedule P (Form 1120-FSC)**, Computation of Transfer Price or Commission.

Line 8a. Valuation methods.—Inventories can be valued at: (a) cost, (b) cost or market value, whichever is lower, or (c) any other method approved by the Commissioner of Internal Revenue, that conforms to the applicable regulations cited below.

Taxpayers using erroneous valuation methods should file Form 3115 to change to a method permitted for Federal income tax purposes. For further details, see regulations section 1.446-1(e)(3) and Rev. Proc. 84-74, 1984-2 C.B. 738.

In line 8a, check the method(s) used for valuing inventories. Under lower of cost or market, market generally applies to normal

market conditions when a current bid price prevails at the date the inventory is valued. When no regular open market exists or when quotations are nominal because of inactive market conditions, use fair market prices from the most reliable sales or purchase transactions that occurred near the date the inventory is valued. For more requirements, see regulations section 1.471-4.

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal way because the goods are "subnormal" (that is, because of damage, imperfections, shop wear, etc.) within the meaning of regulations section 1.471-2(c). Such goods may be valued at a current bona fide selling price less direct cost of disposition (but not less than scrap value) if such a price can be established. See regulations section 1.471-2(c) for more requirements.

If this is the first year the "Last-in First-out" (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method, provided in section 472, attach **Form 970**, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Also check the LIFO box in line 8b. Enter the amount or percent of total closing inventories covered under section 472 in line 8c. Estimates are acceptable.

If the corporation changed or extended its inventory method to LIFO and had to "write up" opening inventory to cost in the year of election, report the effect of this writeup as income (as appropriate in Schedule F, line 12) proportionately over a 3-year period that begins in the tax year the election was first made. See section 472(d).

Schedule B—Taxable Income

Schedule B provides for the computation of taxable income from all sources.

Part I

Part I provides for the computation of income attributable to foreign trade income. Income and expenses on lines 1 through 15 are reported in column (a) or (b) based on the method of pricing (administrative or nonadministrative) used in the transaction that produced the income.

Report in column (b) all foreign trade income from all transactions in which the administrative pricing rules were not used. This income may or may not be effectively connected with a U.S. trade or business. Attach a schedule showing the computation of the taxable amount. (Only the taxable portion is included in line 16 of Schedule B.) Such income would be effectively connected and taxable more often for a small FSC as it normally has a place of business in the U.S.

Lines 1 through 5—Enter foreign trading gross receipts as defined in section 924(a).

Report commission income on lines 1 or 2 based on the sale, lease, or rental of property on which such commission arose.

Line 5—Gross receipts from the performance of managerial services for an unrelated FSC or DISC are foreign trading gross receipts if two conditions are met. These conditions are:

1. The managerial services must be performed with respect to activities that

result in the sale, exchange, or other disposition of export property, the rental or lease by the lessee of export property outside the U.S., or that are related to and subsidiary to the activities described above; AND

2. At least 50% of the FSC's gross receipts for the tax year must be derived from the sale, exchange, or other disposition of export property, the lease or rental of export property outside the U.S., and services that are related or subsidiary to these activities. Gross receipts are defined in section 927(b).

For example, if receipts reported on lines 1, 2, and 3 of Schedule B are less than 50% of gross receipts for the year, managerial services would not qualify as foreign trading gross receipts for the year. In this case, these receipts would be reported on line 12 of Schedule F.

Lines 6b through 6h—Determination of limit on foreign trading gross receipts for the small FSC. See General Instruction F1 and section 924(b)(2) before completing this part.

Line 6f—If commission income is reported on lines 1 or 2 of Schedule B, total receipts for purposes of line 6f is figured as follows:

1. Enter total of columns (a) and (b), line 6a, Schedule B
2. Enter total commission income reported on line 1 or 2, Schedule B
3. Line 1 less line 2
4. For the commissions reported on line 2 above, enter total gross receipts for the sale, lease, or rental of property on which the commissions arose. (Section 927(b)(2))
5. Add lines 3 and 4. Enter on line 6f, Schedule B

Line 6h—When making the line 6h allocation, only allocate the commission income attributable to the gross receipts on line 4 above. If the foreign trading gross receipts of the FSC exceeds the line 6g, Schedule B, limitation, the FSC may select the gross receipts to which the limitation is allocated. See regulations section 1.921-2T(b) Q-5.

Line 7—Enter the deduction for cost of goods sold from line 7, Schedule A, page 2.

Line 10—Provides for exclusion of exempt foreign trade income based on exemption percentages on lines 9a and 9b.

Line 14—Enter deductions from Schedule G that are attributable to nonexempt foreign trade income.

Part II

Part II is a summary of taxable foreign trade income and taxable income from Schedule F (taxable nonforeign trade income).

Line 16—Combine the income on line 15, column (a), with any taxable amount in line 15, column (b). See instruction for Part I, column (b) above, regarding taxable income in column (b). Attach a schedule showing the computation of the taxable amount.

Line 19b—Special Deductions. A FSC may be entitled to a dividends-received deduction for dividends it receives from other corporations. Complete a dividend worksheet similar to that below to determine the total amount of dividends received by the FSC and to figure the dividends-received deduction. Attach your worksheet to Form 1120-FSC.

Schedule E—Percentages To Be Used in Figuring Exempt Trade Income, etc.

Schedule E is used to figure the exemption percentages that are used in figuring exempt foreign trade income (Schedule B, line 10) as well as deductions attributable to exempt foreign trade income (Schedule G, line 17).

A C corporation means a corporation other than an S corporation. Shareholders other than C corporations are individuals, partnerships, S corporations, trusts, and estates.

Use lines 2a through 2d to figure the exemption percentage for foreign trade income that was determined without regard to the administrative pricing rules of section 923(a)(2).

Use lines 3a through 3d to figure the exemption percentage for foreign trade income that was determined by using the administrative pricing rules of section 923(a)(3).

Schedule F—Nonforeign Trade Income

Schedule F—Enter the taxable portion of gross income of the FSC that is **not** derived from foreign trade gross receipts. This type of income includes amounts specifically excluded from foreign trade income by law (lines 1 through 3); passive type income (lines 4 through 8); income from property that is subsidized, deemed in short supply, or destined for use in the U.S. (lines 9 and 10); amounts from transactions that did not meet the foreign economic process tests (line 11); and other nonforeign trade income (line 12). For more details, see sections 924(f), 927(a)(2) and (3), and 927(e)(2).

Line 1—FSC income that resulted from cooperation with an international boycott is nonforeign trade income. See Form 5713 for reporting requirements for any FSC with operations in or related to a boycotting country and other details.

Line 2—Report as nonforeign trade income the amount of any illegal payments, bribes, or kickbacks that the FSC paid directly or indirectly to government officials, employees, or agents (section 927(e)(2)).

Line 5—See instructions for the dividend worksheet below to figure the dividend income to report on line 5. Attach the dividend worksheet you prepare to Form 1120-FSC.

Instructions for Dividend Worksheet

Column (a) Instructions

Line 1. Enter dividends received from domestic corporations subject to income tax and the deduction under section 243(a)(1) and certain dividends received from Federal Home Loan Banks (section 246(a)(2)). For dividends received from a regulated investment company, see section 854 for the amount subject to deduction.

So-called dividends or earnings received from mutual savings banks, etc., are really interest. Do not treat them as dividends.

Do not enter on line 1 any dividends received on "debt-financed" stock acquired after July 18, 1984.

Dividend Worksheet

	(a) Dividends received	(b) Deduction %	(c) Special deductions (Multiply (a) by (b))
1. Domestic corporations subject to the section 243(a)(1) deduction		See Inst.	
2. Debt-financed stock of domestic and foreign corporations		See Inst.	
3. Certain preferred stock of public utilities.		See Inst.	
4. Foreign corporations subject to the section 245 deduction		See Inst.	
5. Total dividends-received deduction—Add lines 1 through 4, Column (c). Enter here and on line 19b, Schedule B			
6. Other dividends from foreign corporations			
7. Foreign dividend gross-up (section 78)			
8. Other dividends.			
9. Total dividends—Add amounts on lines 1 through 8, Column (a). Enter here and on line 5, Schedule F			

Line 2. Enter dividends that would have been eligible for the section 243(a)(1) or section 245 deduction except that they are from "debt-financed" stock acquired after July 18, 1984. "Debt-financed" stock is stock that the corporation incurred a debt in acquiring.

Line 3. Enter dividends received on the preferred stock of a public utility that is subject to income tax and is allowed the deduction provided in section 247 for dividends paid.

Line 4. Enter dividends that are received from foreign corporations and that qualify for the deduction provided in section 245(a).

Line 6. Enter all other dividends received from foreign corporations that do not qualify for a dividends-received deduction.

Line 7. If the FSC claims the foreign tax credit, the tax that is deemed paid under section 902(a) (relating to credit for a corporate stockholder in a foreign corporation) must be treated as a dividend received from the foreign corporation. (See section 906(b)(4).)

Line 8. Include dividends (other than capital gain dividends and exempt interest dividends) received from regulated investment companies that do not qualify for the dividend-received deduction; dividends (other than capital gain dividends) received from a real estate investment trust that, for the tax year of the trust in which the dividends are paid, qualifies under sections 856-860; dividends not eligible for a dividends-received deduction because of the holding period of the stock or an obligation to make corresponding payments with respect to similar stock; and any other taxable dividend income not properly reported above (including distributions under section 934(e)(3) or 936(h)(4)).

Line 1, Columns (b) and (c)

The dividends-received deduction percentage for dividends received before January 1, 1987, is 85%. For dividends received after December 31, 1986, it is 80%. Multiply the dividends received in each period by the proper percentage to determine the correct dividends-received deduction.

A small business investment company operating under the Small Business Investment Act of 1958 may deduct 100% of dividends received from domestic corporations subject to income tax. (Section 243(a)(2))

Line 2, Columns (b) and (c)

The dividends-received deduction for dividends received on debt-financed stock is explained in section 246A. This section applies both to dividends received from debt-financed stock of domestic and foreign corporations acquired after July 18, 1984. The percentages to use for computing the dividends-received deduction for debt-financed stock under section 246A(a)(1) are 85% for dividends received before January 1, 1987, and 80% for dividends received after December 31, 1986.

Line 3, Columns (b) and (c)

Dividends on certain preferred stock of public utilities are entitled to a dividends-received deduction percentage of 59.13% if they are received before January 1, 1987.

For dividends on certain preferred stock of public utilities received after December 31, 1986, but before July 1, 1987, the dividends-received deduction percentage is 55.652%. For these dividends received after June 30, 1987, the dividends-received deduction percentage is 47.059%.

Multiply the dividends received in each period by the proper percentage to determine the correct dividends-received deduction.

Line 4, Columns (b) and (c)

The dividends-received deduction percentage for dividends received from foreign corporations entitled to the dividends-received deduction under section 245(a) and section 245(c)(1) for certain FSCs is 85% for dividends received before January 1, 1987. The dividends-received deduction percentage for these dividends received after December 31, 1986, is 80%.

Column (c) Instructions

Exclusion of certain dividends.—In general, no dividends-received deduction will be allowed on any share of stock (a) if the corporation held the stock 45 days or less (see section 246(c)(1)(A)) or (b) to the extent the corporation is under an obligation to make corresponding payments with respect to substantially identical stock or other securities.

Line 5. Limitation on dividends-received deduction.—Line 5 may not be more than 85% of line 18, Schedule B. For this purpose compute line 18, Schedule B, without regard to any adjustment under section 1059 and any capital loss carryback to the tax year under section 1212(a)(1).

In a year in which a net operating loss occurs, this 85% limit does not apply even if the loss is created by the dividends-received deduction. (See sections 172(d) and 246(b).)

Line 14—Enter on line 14 of Schedule F the deductions allocated or apportioned to income on lines 1 through 12. Make a separate computation for any cost of goods sold deduction included in the line 14 amount. Attach the computation to Form 1120-FSC.

If a deduction is taken for business bad debts in the line 14 amount and the FSC uses the reserve method to figure the bad debt deduction, attach a schedule to Form 1120-FSC that provides for line 14 the information requested in the instructions for line 11 of Schedule G.

Schedule G—Deductions Relating to Foreign Trade Income

Schedule G is a summary listing of deductions or expenses relating to foreign trade income. Each line item or type of deduction is allocated in column (a) or column (b) based on the administrative or nonadministrative pricing rules for the transactions to which the expense item(s) relate. The purpose of this allocation is to determine the amount of expenses that relate to exempt and nonexempt foreign trade income. Only expenses relating to nonexempt foreign trade income are deductible in figuring taxable income. See section 921(b).

Line 1. Only enter foreign direct costs in lines 1a through 1e. See section 924(e) and regulations section 1.924(e)-1T(a) through (e) for definitions and rules on direct activity

costs relating to foreign trade income. If you take a deduction for bad debts on line 1e, and you use the reserve method to figure the deduction, attach a schedule as explained in the line 11 instruction below.

Line 4.—Besides depreciation, include in line 4 the part of the cost (up to \$5,000 (\$10,000 for property placed in service after 1986)) that the FSC elects to expense under section 179. See the instructions for Form 4562. See page 7 of these instructions for tax law changes that affect depreciation and section 179 provisions for property placed in service after 1986.

Line 11. Bad Debts.—The FSC may either deduct business bad debts when they become wholly or partially worthless, or it may make a reasonable addition to a reserve for bad debts.

If the FSC uses the reserve method, attach a schedule for 1986 that separately lists:

- Trade notes and accounts receivable outstanding at the end of the year;
- Sales on account;
- Amount added to reserve-current-year's provision;
- Amount added to reserve-recoveries;
- Amount charged against reserve; and
- Reserve for bad debts at end of year.

A FSC may choose either method on its first return in which it takes a bad debt deduction. It must use that method for the following years unless it receives consent to change by filing Form 3115. For most corporations the reserve method of computing bad debts has been repealed. See page 8 for new rules for computing bad debts for tax years beginning after 1986.

Schedule J—Tax Computation

Important: FSCs that have fiscal years should see pages 7 through 10 before computing tax.

A calendar year corporation that is not a member of a controlled group (these members should see the instruction for lines 1 and 2 below) must compute the tax on its taxable income as follows:

If the amount on line 20, page 3, Form 1120-FSC, is:		Enter on Schedule J, line 3:		Of the amount over—
Over—	But not over—			over—
0	\$25,000	15%		0
\$25,000	50,000	\$3,750 + 18%		\$25,000
50,000	75,000	8,250 + 30%		50,000
75,000	100,000	15,750 + 40%		75,000
100,000	25,750 + 46%		100,000
Additional tax		see instructions below		

Additional Tax.—If the corporation has taxable income of more than \$1,000,000, an additional tax is imposed on the corporation. The tax is the lesser of: 1) 5% of the taxable income over \$1,000,000; or 2) \$20,250.

Alternative Tax.—If the alternative tax does not apply, enter on line 3 of Schedule J, the amount computed above. If the alternative tax applies, see Schedule D (Form 1120).

Lines 1 and 2.—Members of a controlled group, as defined in section 927(d)(4), are entitled to only one \$25,000 amount in each taxable income bracket on line 2a.

When a controlled group adopts or later amends an apportionment plan, each

member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the \$25,000 amount in each taxable income bracket apportioned to that member. There are other requirements as well. See regulations section 1.1561-3(b) for these requirements and for the time and manner of making the consent.

Equal Apportionment Plan.—If no apportionment plan is adopted, the members of the controlled group must divide the \$25,000 amount in each taxable income bracket equally among themselves. For example, controlled group AB consists of corporation A and corporation B. They do not elect an unequal apportionment plan. Therefore, corporation A is entitled to \$12,500 (one-half of \$25,000) in each taxable income bracket. Corporation B is also entitled to \$12,500 in each taxable income bracket.

Unequal Apportionment Plan.—Members of a controlled group may elect an unequal apportionment plan and divide the \$25,000 amount in each taxable income bracket as they wish. There is no need for consistency among taxable income brackets. Any member of the controlled group may be entitled to all, some, or none of the \$25,000 amount in a taxable income bracket. (But the total amount for all members of the controlled group cannot be more than \$25,000 in any taxable income bracket.) Each member of a controlled group must figure the tax as follows:

Note: If the alternative tax applies, calendar year corporations should do the following:

- (1) Complete lines 1 and 2 of Schedule J,
- (2) On line 1 below, instead of entering amount from line 20, page 3, Form 1120-FSC, enter amount from line 14, Schedule D (Form 1120),
- (3) Complete lines 2 through 16 below, and
- (4) Enter the amount from line 16 below on line 15 of Schedule D (Form 1120) and complete balance of Schedule D (Form 1120).

1. Enter taxable income (line 20, page 3, Form 1120-FSC)	_____
2. Enter line 1 or the corporation's portion of the first \$25,000 taxable income bracket, whichever is less	_____
3. Subtract line 2 from line 1	_____
4. Enter line 3 or the corporation's portion of the second \$25,000 taxable income bracket, whichever is less.	_____
5. Subtract line 4 from line 3	_____
6. Enter line 5 or the corporation's portion of the third \$25,000 taxable income bracket, whichever is less.	_____
7. Subtract line 6 from line 5	_____
8. Enter line 7 or the corporation's portion of the fourth \$25,000 taxable income bracket, whichever is less.	_____
9. Subtract line 8 from line 7	_____
10. 15% of line 2.	_____
11. 18% of line 4.	_____
12. 30% of line 6.	_____
13. 40% of line 8.	_____
14. 46% of line 9.	_____
15. Additional tax.	_____
16. Total of lines 10 through 15. Enter this amount on line 3 of Schedule J _____	_____

Additional Tax (line 15 above).—If the corporation is a member of a controlled group and the controlled group has taxable income of more than \$1,000,000, an additional tax is imposed on the corporation. The tax is the lesser of: (1) 5% of the taxable income of the controlled group over \$1,000,000; or (2) \$20,250.

The corporation pays its additional tax based on its share of each taxable income bracket, and enters this amount on line 15. If the additional tax does not apply, enter zero on line 15.

Line 4. Foreign Tax Credit.—Generally, neither a FSC nor its shareholders may claim a foreign tax credit. The FSC may, however, claim a foreign tax credit for any foreign taxes imposed on foreign source nonforeign trade income that is effectively connected with a U.S. trade or business. This income is subject to a separate limitation when computing the foreign tax credit.

A shareholder of a FSC may be entitled to a foreign tax credit on certain distributions from a FSC. These distributions are from foreign-sourced foreign trade income that was determined without using administrative pricing. See regulations section 1.921-2T(l), Question 19.

Schedule P (Form 1120-FSC)—Complete and attach a separate Schedule P (Form 1120-FSC) for each transaction or group of transactions to which you apply the transfer pricing rules of section 925. See Schedule P (Form 1120-FSC) for details on completing the schedule.

Tax Reform Act of 1986

The Tax Reform Act of 1986 made several changes that affect corporations. Some of the changes are effective starting with calendar year 1986 tax returns; some are effective starting with fiscal year 1986-1987 tax returns; and some are effective starting with calendar year 1987 tax returns which are highlighted for purposes of computing estimated taxes.

Tax Changes Taking Effect Beginning in 1986:

Increase in Penalty for Failure To File Information Returns.—For returns due after December 31, 1986, the maximum penalty for failure to file information returns has been increased. A new penalty of \$5 for supplying incorrect information has also been added. For more information, see sections 6652, 6676, 6678, and new sections 6721 through 6724.

Asset Allocation Rules.—New asset allocation rules apply in certain cases of asset acquisitions, and generally are effective for transfers made after May 6, 1986. In addition, there are reporting rules when these transfers take place. See new section 1060 for more information.

The following provisions begin in 1987 and affect fiscal 1986-1987 tax years:

Reduction in Corporate Tax Rates.—Effective July 1, 1987, tax rates for corporations are reduced. The new tax rates are 15% of the first \$50,000 of taxable income; 25% of the next \$25,000 of taxable income; and 34% for any amount of taxable income over \$75,000. An additional tax applies to taxable income over

\$100,000. The tax is the lesser of 5% of the excess over \$100,000 or \$11,750. See the tax computation worksheet on page 9 for more details.

Gain or Loss Recognized on Distributions in Complete Liquidation.—Generally, FSCs will recognize gain or loss on distributions of their property in complete liquidation as if they had sold the property at its fair market value.

These new rules apply to liquidations completed after December 31, 1986. See sections 336 and 337.

Reduction in Dividends-Received Deduction.—The dividends-received deduction for dividends received from certain corporations has been reduced from 85% to 80% for dividends received after 1986. See sections 243, 244, and 246A.

Installment Sales.—The installment method has been revised for certain sales or dispositions made after February 28, 1986, for tax years that end after 1986. These new rules generally apply to: (1) sale of personal property by a corporation that usually sells that type of personal property on the installment method, and (2) sale of real property that is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business. For more information, including new rules for members of an affiliated group, see section 453C.

Certain Costs Required To Be Capitalized or Included in Inventory Costs.—New code section 263A requires that certain costs incurred in the production of real and intangible property produced by the taxpayer or property acquired for resale be capitalized or included in inventory costs rather than deducted.

Generally, the changes affecting inventory are effective for tax years beginning after 1986, and the changes affecting capitalization are effective for costs incurred after 1986. Please see new code section 263A.

Depreciation.—The rules for computing depreciation have substantially changed for property placed in service after 1986. Corporations may also elect these new rules for property placed in service after July 31, 1986. The new system provides specific methods for each class of assets. Additionally, the section 179 deduction is increased from \$5,000 to \$10,000 for property placed in service after 1986. See Form 4562-A, Depreciation of Property Placed in Service after December 31, 1986, and section 168.

Information Reporting on Royalties.—Reporting requirements for payers of royalties have been changed for payments made after December 31, 1986. Information reporting is required on a royalty payment of \$10 or more to a payee. See new section 6050N.

Alternative Tax for Fiscal Year Corporation.—Generally, the alternative tax has been repealed for tax years beginning after 1986. However, transitional rules allow fiscal year corporations to compute the alternative tax. The alternative tax computation for fiscal year corporations is (a) 28% of the lesser of: the net capital gain determined by taking into account only gain and loss for the portion of the tax year before

January 1, 1987, or the net capital gain for the tax year, plus (b) 34% of the excess of the net capital gain for the tax year over the amount of net capital gain taken into account in (a) above. See section 1201.

Limitation on Net Operating Loss

Carryovers.—The amount of net operating loss carryovers is limited when there has been a change in ownership or equity for net operating losses incurred after 1986. The limitation is described in section 382(b) and applies generally when a 5% shareholder or group of 5% shareholders increases its or their ownership in a corporation by more than 50 percentage points, or when there has been a change in equity. See section 382 for rules and definitions.

Limitation on Certain Excess Credits.—

For certain ownership changes occurring after 1986, a change in ownership of a corporation will result in the amount of the following excess credits being limited for subsequent years: the unused general business credit, any unused minimum tax credit, and any capital loss carryover. The foreign tax credit carryover is also limited. See section 383 for more information.

The following provisions begin in 1987 and affect calendar year 1987 tax returns:

Meals, Travel, and Entertainment

Expenses.—For tax years beginning after 1986, many of the rules on what are allowable expenses for meals, entertainment, travel, and certain other business expenses have been changed. See section 274.

Meals and entertainment. The amount deductible for meals and entertainment expenses is generally limited to 80% of the amount otherwise allowable. In addition, meals must not be lavish or extravagant; a bona fide business discussion must precede or directly follow the meal; and your employee must be present at the meal. If the corporation claims a deduction for unallowable meal expenses, it may have to pay a penalty.

Reporting of Tax-Exempt Interest.—For tax years beginning after 1986, any taxpayer required to file a tax return must report, as an item of information, on that return the amount of the tax-exempt interest received or accrued during the tax year.

Minimum Tax.— For tax years beginning after 1986, the add-on minimum tax will be replaced by an alternative minimum tax based on alternative minimum taxable income. A corporation will have to compute its tax under the regular system and under the minimum tax provisions. See sections 55 through 59 for more information. For tax years beginning after 1986, corporations must take minimum tax into account when computing estimated tax. See 1987 Form 1120W for more information.

Reserve Method for Bad Debts.—For tax years beginning after 1986 only certain financial institutions will be able to use the reserve method of computing bad debts. All other taxpayers must use the specific

charge-off method for computing bad debts. Corporations not entitled to use the reserve method must include in income any amount remaining in the reserve as income ratably over a 4-year period.

For additional information, see sections 166, 585, and 593.

Also, for tax years beginning after 1986, section 586, reserve for losses on loans of small business corporations, etc., has been repealed.

Certain Entities Required To Use the Accrual Method of Accounting.—

Generally, C corporations, partnerships with C corporations as partners, tax-exempt entities with unrelated business income, and tax shelters are prohibited from using the cash method of accounting for tax years beginning after 1986. See new section 448.

Special Rule for Dividends Received From Foreign Corporation (Section 245).—

For tax years beginning after 1986, only corporations that own at least 10% of stock (by vote and value) of a foreign corporation are entitled to claim the section 245 dividends-received deductions. To obtain the proper amount of deduction, the 10% owner should see section 245.

For additional information on these changes, see **Publication 553**, Highlights of 1986 Tax Changes.

Effective July 1, 1987, the tax rates for corporations were reduced. The new rates of tax are:

- 15% on the first \$50,000 of income;
- 25% on the next \$25,000 of income; and
- 34% on any amount over \$75,000.

Also, an additional tax of 5% is applied against income in excess of \$100,000. The maximum amount of this additional tax is \$11,750. In addition, different rules apply for computing the alternative tax on net capital gains for fiscal year corporations that have a tax year that includes January 1, 1987. These rules are explained in the instructions that follow Schedule B. If the corporation's fiscal tax year includes July 1, 1987, the tax liability shall be computed by completing Schedules A and B of the worksheet below. If the corporation's tax year ends on or before June 30, 1987, only Schedule A must be completed. **Supplemental Instructions for completing Schedules A and B are on page 10.**

Fiscal year corporations complete the following schedules to determine tax liability.

Schedule A Tax Computed for Period Before July 1, 1987

- 1 Taxable income (line 20, Schedule B, page 3, Form 1120-FSC)
 - 2 Net capital gain income from line 10a, Schedule D (Form 1120), if applicable (see instructions)
 - 3 Subtract line 2 from line 1
 - 4 Enter the lesser of line 3 or \$25,000 (members of a controlled group, see instructions)
 - 5 Subtract line 4 from line 3
 - 6 Enter the lesser of line 5 or \$25,000 (members of a controlled group, see instructions)
 - 7 Subtract line 6 from line 5
 - 8 Enter the lesser of line 7 or \$25,000 (members of a controlled group, see instructions)
 - 9 Subtract line 8 from line 7
 - 10 Enter the lesser of line 9 or \$25,000 (members of a controlled group, see instructions)
 - 11 Subtract line 10 from line 9
 - 12 Multiply line 4 times 15%
 - 13 Multiply line 6 times 18%
 - 14 Multiply line 8 times 30%
 - 15 Multiply line 10 times 40%
 - 16 Multiply line 11 times 46%
 - 17 If line 3 is greater than \$1,000,000, enter the lesser of: (a) 5% of the excess of line 3 over \$1,000,000 or (b) \$20,250 (members of a controlled group, see instructions). Fiscal year corporations whose tax years end after June 30, 1987, skip lines 18 and 19, and complete Schedule B of this worksheet
 - 18 Alternative tax on net capital gain from the worksheet on page 10
 - 19 Add amounts on lines 12 through 18
- Fiscal year corporations whose tax years end before July 1, 1987, enter the tax liability before credits from line 19 on line 3, Schedule J, page 5, Form 1120-FSC, and **do not** complete Schedule B below.

Schedule B Tax Computed for Period After June 30, 1987

- 20 Enter amount from line 3, Schedule A
- 21 Enter the lesser of line 20 or \$50,000 (members of a controlled group, see instructions)
- 22 Subtract line 21 from line 20

Supplemental Instructions

Net Capital Gain and Alternative Tax (Lines 2, 18, and 33).—In general, the alternative tax is the sum of (a) a tax computed on taxable income reduced by the net capital gain using the applicable tax brackets and tax rates, and (b) a tax (line 18 or 33) computed on the net capital gain (see below for this part of the computation). If the alternative tax is less than the regular tax computed on total taxable income using the applicable tax brackets and tax rates, then the corporation may enter the alternative tax on line 3, Schedule J, page 5, Form 1120-FSC, and check the block for alternative tax. If a corporation has a net capital gain, both computations (the regular tax computation and the alternative tax computation) should be made to determine which results in the lower tax.

For fiscal year corporations, the net capital gain times the alternative tax rate is determined as follows:

1. Enter the net capital gain from line 10a, Schedule D (Form 1120) _____
2. Enter the amount from line 10b, Schedule D. **Caution:** If this amount is greater than the amount on line 1, enter the amount from line 1 here _____
3. Subtract line 2 from line 1 _____
4. Multiply line 2 times 28% _____
5. Multiply line 3 times 34% _____
6. Alternative tax on net capital gain. Add lines 4 and 5. Enter here and on line 18 or 33, if applicable _____

If the alternative tax is **not** used, lines 2 and 18, Schedule A, and line 33, Schedule B, should be blank.

Lines 4, 6, 8, and 10.—Members of a controlled group must enter their portion of each taxable income bracket. See the instructions for Schedule J for rules regarding how controlled groups (as defined in section 1563) may divide these amounts.

Line 17.—If the total taxable income of the controlled group of corporations is more than \$1,000,000, each member should enter its portion of the additional tax on line 17 as explained in the instructions for Schedule J.

Line 21.—Members of a controlled group (as defined in section 1563) are to allocate the \$50,000 in the first taxable income bracket. The controlled group is entitled to one \$50,000 amount in the first taxable income bracket and may use the equal and unequal apportionment rules explained in the instructions for Schedule J.

Line 23.—Members of a controlled group (as defined in section 1563) are to allocate the \$25,000 amount in the second taxable income bracket. The controlled group is entitled to one \$25,000 amount in the bracket. The members may use the equal and unequal apportionment rules explained in the instructions for Schedule J.

Line 28.—If total taxable income of the controlled group of corporations is more than \$100,000, each member should enter its portion of the additional tax on line 28. See section 1561 for rules on determining each member's share of the additional tax.

Codes for Principal Business Activity

These industry titles and definitions are based, in general, on the Standard Industrial Classification System authorized by Regulatory and Statistical Analysis Division, Office of Information and Regulatory Affairs, Office of Management and Budget, to classify enterprises by type of activity in which they are engaged.

Using the list below, enter on page 1, under D, the code number for the specific industry group from which the largest percentage of "total receipts" is derived. "Total receipts" means the total of receipts on line 6a, Schedule B; line 12, Schedule B; and line 13, Schedule F.

On page 2, under O, state the principal business activity and principal product or service that accounts for the largest percentage of total receipts. For example, if the principal business activity is "Wholesale trade: Machinery, equipment, and supplies," the principal product or service may be "Engines and turbines."
