Pending Legislation

At the time of printing, Congress was considering legislation affecting these instructions. Included in the pending legislation are provisions that would change the definition of a capital asset, modify the treatment of gains from constructive ownership transactions, repeal the use of the installment method for certain taxpayers, and limit the use of the nonaccrual experience method of accounting. See **Pub. 553**, Highlights of 1999 Tax

Changes, to find out if this legislation was enacted, and details on the changes.

Change To Note

New rules for determining whether the corporation must use the Electronic Federal Tax Payment System (EFTPS) to make Federal tax deposits are effective beginning January 1, 2000. For details, see **Electronic Deposit Requirement** on page 4.

Photographs of Missing Children

The Internal Revenue Service is a proud partner with the National Center for Missing and Exploited Children. Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling **1-800-THE-LOST** (1-800-843-5678) if you recognize a child.

Unresolved Tax Problems

Most problems can be resolved with one contact by calling, writing, or visiting an IRS office. But if the RIC has tried unsuccessfully to resolve a problem with the IRS, it should contact the Taxpayer Advocate's office. The RIC will be assigned a personal advocate who is in the best position to try to resolve the problem.

Contact the Taxpayer Advocate if the RIC:

- Is suffering or about to suffer a significant hardship.
- Is facing an immediate threat of adverse action.
- Will incur significant costs if relief is not granted (including fees for professional representation).
- Will suffer irreparable injury or long-term adverse impact if relief is not granted.
- Has experienced a delay of more than 30 calendar days to resolve a tax problem or inquiry.
- Has not received a response or resolution to the problem by the date promised.

The RIC may contact a Taxpayer Advocate by calling a toll-free assistance number **1-877-777-4778**. Persons who have access to TTY/TDD equipment may call 1-800-829-4059 and ask for the Taxpayer Advocate. If the RIC prefers, it may write to the Taxpayer Advocate at the IRS office that last contacted the RIC.

While Taxpayer Advocates cannot change the tax law or make a technical tax decision, they can clear up problems that resulted from previous contacts and ensure that the RIC's case is given a complete and impartial review. For more information about the Taxpayer Advocate, see **Pub. 1546**, The Taxpayer Advocate Service of the IRS.

General Instructions

Purpose of Form

Use **Form 1120-RIC**, U.S. Income Tax Return for Regulated Investment Companies, to report the income, gains, losses, deductions, credits, and to figure the income tax liability of a regulated investment company as defined in section 851. Also see **Pub. 542**, Corporations, for more information.

Who Must File

A domestic corporation that elects to be treated as a RIC for the tax year (or has made an election for a prior tax year) and meets the requirements listed below must file Form 1120-RIC. The election is made by computing taxable income as a RIC on Form 1120-RIC.

RIC Requirements

A corporation that elects to be treated as a RIC must be a domestic corporation that:

- Is registered with the Securities and Exchange Commission throughout the tax year as a management company or unit investment trust under the Investment Company Act of 1940 (the ICA),
- Has an election in effect under the ICA to be treated as a business development company, or
- Is a common trust fund or similar fund that is neither an investment company under section 3(c)(3) of the ICA nor a common trust fund as defined under section 584(a).

In addition, the corporation must meet the requirements 1 through 5 below in order to qualify as a RIC.

1. At least 90% of its gross income (including tax-exempt interest income) must be derived from the following items.

- Dividends,
- Interest,
- Payments with respect to securities loans (as defined in section 512(a)(5)),
- Gains from the sale or other disposition of stock or securities (as defined in ICA section 2(a)(36)) or foreign currencies, or
- Other income (including gains from options, futures, or forward contracts) derived from the company's business of investing in such stock, securities, or currencies.

Income from a partnership or trust qualifies under the 90% test to the extent the company's distributive share of such income is from items described above as realized by the partnership or trust.

Income that a RIC receives in the normal course of business as a reimbursement from its investment advisor is qualifying income for purposes of the 90% test if the reimbursement is includible in the RIC's gross income.

2. At the end of each quarter of the company's tax year, at least 50% of the value of its assets must be invested in the following items.

- Cash and cash items (including receivables),
- Government securities,
- Securities of other RICs, and
- Securities of other issuers, except that the investment in a single issuer of securities may not exceed 5% of the value of the company's assets or 10% of the outstanding voting securities of the issuer (except as provided in section 851(e)). See sections 851(b)(3) and 851(c).

3. At the end of each quarter of the company's tax year, no more than 25% of the value of the company's assets may be invested in the securities (excluding government securities or securities of other RICs) of a single issuer or in the securities of two or more issuers controlled by the RIC and engaged in the same or related trades or businesses. See sections 851(b)(3) and 851(c).

4. The company's deduction for dividends paid for the tax year (as defined in section 561, but without regard to capital gain dividends) equals or exceeds the sum of:

- 90% of its investment company taxable income determined without regard to section 852(b)(2)(D); and
- 90% of the excess of the company's interest income excludable from gross income under section 103(a) over its deductions disallowed under sections 265 and 171(a)(2).

5. The company must have been a RIC for all tax years ending after November 7, 1983, or, at the end of the current tax year, the company had no accumulated earnings and profits from a tax year that it did not qualify as a RIC.

See sections 851 and 852 and related regulations for details.

If a RIC has more than one fund (defined below), each fund is treated as a separate corporation for purposes of the Internal Revenue Code.

Definition of a Fund

A fund is a separate portfolio of assets, whose beneficial interests are owned by the holders of a class or series of stock that is preferred over all other classes or series for that portfolio of assets.

Note: *As used in these instructions and Form 1120-RIC, the term "fund" refers to the above definition and to any RIC that does not have more than one portfolio of assets.*

When To File

Generally, the fund must file its income tax return by the 15th day of the 3rd month after the end of the tax year. A new fund filing a short period return must generally file by the 15th day of the 3rd month after the short period ends. A fund that has dissolved must generally file by the 15th day of the 3rd month after the date it dissolved.

If the due date falls on a Saturday, Sunday, or legal holiday, the fund may file on the next business day.

Private delivery services. RICs can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. The most recent list of designated private delivery services was published by the IRS in August 1999. The list includes only the following:

- Airborne Express (Airborne): Overnight Air Express Service, Next Afternoon Service, Second Day Service.
- DHL Worldwide Express (DHL): DHL "Same Day" Service, DHL USA Overnight.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2 Day.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M.

The private delivery service can tell you how to get written proof of the mailing date.

Statements

Stock ownership in foreign corporations. Attach the statement required by section 551(c) if:

- The fund owned 5% or more in value of the outstanding stock of a foreign personal holding company, and
- The fund was required to include in its gross income any undistributed foreign personal holding company income from a foreign personal holding company.

Transfers to a corporation controlled by the transferor. If the fund receives stock of a corporation in exchange for property, and no gain or loss is recognized under section 351, the fund (transferor) and the transferee must each attach to their tax returns the information required by Regulations section 1.351-3.

Safe harbor under Temporary Regulations section 1.67-2T(j)(2). Generally, shareholders in a nonpublicly offered fund that are individuals or pass-through entities are treated as having received a dividend in an amount equal to the shareholder's allocable share of affected RIC expenses for the calendar year. They are also treated as having paid or incurred an expense described in section 212 (and subject to the 2% limitation on miscellaneous itemized deductions) in the same amount for the calendar year.

Election. A nonpublicly offered fund may elect to treat its affected RIC expenses for a calendar year as equal to 40% of the amount determined under Temporary Regulations section 1.67-2T(j)(1)(i) for that calendar year.

To make this election, attach to Form 1120-RIC for the tax year that includes the last day of the calendar year for which the fund makes the election, a statement that it is making an election under Temporary Regulations section 1.67-2T(j)(2). Once made, the election remains in effect for all subsequent calendar years and may not be revoked without IRS consent. See Temporary Regulations section 1.67-2T for definitions and other details.

Notice to shareholders. A fund must notify its shareholders within 60 days after the close of its tax year of the distribution made during the tax year that qualifies for the dividends received deduction under section 243. For purposes of the dividends-received deduction, a capital gain dividend received from a RIC is not treated as a dividend.

Attachments

Attach **Form 4136**, Credit for Federal Tax Paid on Fuels, after page 4, Form 1120-RIC. Attach schedules in alphabetical order and other forms in numerical order after Form 4136.

Complete every applicable entry space on Form 1120-RIC. Do not write "See attached" instead of completing the entry spaces. If more space is needed on the forms or schedules, attach separate sheets. Use the same size and format as on the printed forms. But show the fund's totals on the printed forms. Attach these separate sheets after all the schedules and forms. Be sure to put the fund's name and EIN on each sheet.

Accounting Methods

An accounting method is a set of rules used to determine when and how income and expenses are reported.

Figure taxable income using the method of accounting regularly used in keeping the fund's books and records. Generally, permissible methods include:

- Cash,
- Accrual, or
- Any other method authorized by the Internal Revenue Code.

In all cases, the method used must clearly show taxable income.

Generally, a fund must use the accrual method of accounting if its average annual gross receipts exceed \$5 million. See section 448(c).

Under the accrual method, an amount is includible in income when:

- All the events have occurred that fix the right to receive the income, and
- The amount can be determined with reasonable accuracy.

See Regulations section 1.451-1(a) for details.

Generally, an accrual basis taxpayer can deduct accrued expenses in the tax year when:

- All events that determine the liability have occurred,
- The amount of the liability can be figured with reasonable accuracy, and
- Economic performance takes place with respect to the expense.

There are exceptions to the economic performance rule for certain items, including recurring expenses. See section 461(h) and the related regulations for determining when economic performance takes place.

Mark-to-market accounting method.

Generally, dealers in securities must use the mark-to-market accounting method described in section 475. Under this method, any security that is inventory to the dealer must be included in inventory at its fair market value. Any security held by a dealer that is not inventory and that is held at the close of the tax year is treated as sold at its fair market value on the last business day of the tax year. Any gain or loss must be taken into account in determining gross income. The gain or loss taken into account is generally treated as ordinary gain or loss.

For details, including exceptions, see section 475, the related regulations, and Rev. Rul. 94-7, 1994-1 C.B. 151.

Dealers in commodities and traders in securities and commodities may elect to use the mark-to-market accounting method. To make the election for tax years beginning on or after January 1, 1999, the fund must file a statement describing the election, the first tax year the election is to be effective, and in the case of an election for traders in securities or commodities, the trade or business for which the election is made. Except for new taxpayers, the statement must be filed by the due date

(not including extensions) of the income tax return for the tax year immediately **preceding** the election year and attached to that return, or if applicable, to a request for an extension of time to file that return. For more details, see Rev. Proc. 99-17, 1999-7 I.R.B. 52 and sections 475(e) and (f).

Change in accounting method. Generally, the fund may change the method of accounting used to report taxable income (for income as a whole or for any material item) only by getting consent on **Form 3115**, Application for Change in Accounting Method. For more information, see **Pub. 538**, Accounting Periods and Methods.

Accounting Periods

A fund must figure its taxable income on the basis of a tax year. The tax year is the annual accounting period the fund uses to keep its records and report its income and expenses. Funds can use a calendar year or a fiscal year.

For more information about accounting periods, see Temporary Regulations section 1.441-1T, 1.441-2T, and Pub. 538.

Calendar year. If the calendar year is adopted as the annual accounting period, the fund must maintain its books and records and report its income and expenses for the period from January 1 through December 31 of each year.

Fiscal year. A fiscal year is 12 consecutive months ending on the last day of any month except December. A 52-53 week year is a fiscal year that varies from 52 to 53 weeks.

Adoption of tax year. A fund adopts a tax year when it files its first income tax return. It must adopt a tax year by the due date (not including extensions) of its first income tax return.

Change in tax year. Generally, a fund must get the consent of the IRS before changing its tax year by filing **Form 1128**, Application To Adopt, Change, or Retain a Tax Year. However, under certain conditions, a fund may change its tax year without getting the consent. See Regulations section 1.442-1 and Pub. 538.

Rounding Off to Whole Dollars

The fund may show amounts on the return and accompanying schedules as whole dollars. To do so, drop amounts less than 50 cents and increase amounts from 50 cents through 99 cents to the next higher dollar.

Recordkeeping

Keep the fund's records for as long as they may be needed for administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the fund's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The fund should keep copies of all filed returns. They help in preparing future returns and amended returns.

Depository Method of Tax Payment

The fund must pay the tax due in full no later than the 15th day of the 3rd month after the end of the tax year. The two methods of depositing corporate income taxes, including capital gains tax, are discussed below.

Electronic Deposit Requirement

The fund must make electronic deposits of **all** depository tax liabilities that occur after 1999 if it deposited, in 1998, more than \$200,000 in **all** Federal depository taxes (such as employment tax, excise tax, or corporate income tax). If the fund is already depositing electronically but its deposits did not exceed

\$200,000, the fund may continue to do so, or it may make deposits with **Form 8109**, Federal Tax Deposit Coupon (see below). Funds that exceed the new \$200,000 threshold must continue to deposit electronically in all later years.

The Electronic Federal Tax Payment System (EFTPS) must be used to make electronic deposits. If the fund is required to make electronic deposits and fails to do so, it may be subject to a 10% penalty.

A fund that is not required to make electronic deposits may voluntarily participate in EFTPS. To enroll in EFTPS, call 1-800-555-4477 or 1-800-945-8400. For general information about EFTPS, call 1-800-829-1040.

Deposits With Form 8109

If the fund does not use EFTPS, deposit fund income tax payments (and estimated tax payments) with Form 8109. Do not send deposits directly to an IRS office. Mail or deliver the completed Form 8109 with the payment to a qualified depository for Federal taxes or to the Federal Reserve bank (FRB) servicing the fund's geographic area. Make checks or money orders payable to that depository or FRB. To help ensure proper crediting, write the fund's employer identification number (EIN), the tax period to which the deposit applies, and "Form 1120-RIC" on the check or money order. Be sure to darken the "1120" box on the coupon. Records of these deposits will be sent to the IRS.

A penalty may be imposed if the deposits are mailed or delivered to an IRS office rather than to an authorized depository or FRB. For more information on deposits, see the instructions in the coupon booklet (Form 8109) and **Pub. 583**, Starting a Business and Keeping Records.

 *If the fund owes tax when it files Form 1120-RIC, do not include the payment with the tax return. Instead, mail or deliver the payment with Form 8109 to a qualified depository or FRB, or use EFTPS, if applicable.*

Estimated Tax Payments

Generally, the following rules apply to the fund's payments of estimated tax.

- The fund must make installment payments of estimated tax if it expects its estimated tax (income tax minus credits) to be \$500 or more. For estimated tax purposes, the estimated tax of the fund is defined as its alternative minimum tax less the credit for Federal tax on fuels.
- The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day.
- Use **Form 1120-W**, Estimated Tax for Corporations, as a worksheet to compute estimated tax.
- If the fund does not use EFTPS, use the deposit coupons (Forms 8109) to make deposits of estimated tax.

For more information on estimated tax payments, including penalties that apply if the fund fails to make required payments, see the instructions for line 29 on page 8.

Overpaid estimated tax. If the fund overpaid estimated tax, it may be able to get a quick refund by filing **Form 4466**, Corporation Application for Quick Refund of Overpayment of Estimated Tax. The overpayment must be at least 10% of the expected income tax liability and at least \$500. To apply for a quick refund, file Form 4466 before the 16th day of the 3rd month after the end of the tax year, but before the fund files its income tax return. Do not file Form 4466 before the end of the fund's tax year.

Interest and Penalties

Interest. Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, gross valuation overstatements, and substantial understatements of tax from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Penalty for late filing of return. A fund that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a return that is over 60 days late is the smaller of the tax due or \$100. The penalty will not be imposed if the fund can show that the failure to file on time was due to reasonable cause. Funds that file late must attach a statement explaining the reasonable cause.

Penalty for late payment of tax. A fund that does not pay the tax when due generally may be penalized 1/2 of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. The penalty will not be imposed if the fund can show that the failure to pay on time was due to reasonable cause.

Trust fund recovery penalty. This penalty may apply if certain income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on Forms 941 or 945 (see **Other Forms, Returns, and Statements That May Be Required** on page 2). The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, and paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the unpaid trust fund tax. See the instructions for **Pub. 15** (Circular E), Employer's Tax Guide, for more details, including the definition of responsible person.

Other penalties. Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. See sections 6662 and 6663.

Specific Instructions

Period Covered

File the 1999 return for calendar year 1999 and fiscal years that begin in 1999 and end in 2000. For a fiscal year, fill in the tax year space at the top of the form.

Note: *The 1999 Form 1120-RIC may also be used by the fund if:*

- *The RIC has a tax year of less than 12 months that begins and ends in 2000, and*
- *The 2000 Form 1120-RIC is not available at the time the fund is required to file its return. The fund must show its 2000 tax year on the 1999 Form 1120-RIC and take into account any tax law changes that are effective for tax years beginning after December 31, 1999.*

Address

Include the suite, room, or other unit number after the street address.

If the Post Office does not deliver mail to the street address and the RIC has a P.O. box, show the box number instead.

Note: *If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.*

Item B. Date Fund Was Established

If this return is being filed for a series fund (as described in section 851(g)(2)), enter the date the fund was created. Otherwise, enter the date the RIC was incorporated or organized.

Item C. Employer Identification Number (EIN)

Show the correct EIN in Item C on page 1 of Form 1120-RIC. If the fund does not have an EIN, it should apply for one on **Form SS-4**, Application for Employer Identification Number. Form SS-4 may be obtained at Social Security Administration (SSA) offices or by calling 1-800-TAX-FORM. If the fund has not received its EIN by the time the return is due, write "Applied for" in the space for the EIN. See Pub. 583 for more information.

Item D. Total Assets

Enter the fund's total assets (as determined by the accounting method regularly used in keeping the fund's books and records) at the end of the tax year. If there are no assets at the end of the tax year, enter the total assets as of the beginning of the tax year.

Item E. Final Return, Change of Address, or Amended Return

- If the fund ceases to exist, file Form 1120-RIC and check the "Final return" box.
- If the fund has changed its address since it last filed a return, check the box for "Change of address."
- If the fund is amending its return, check the box for "Amended return."

Part I—Investment Company Taxable Income

Income

Line 1. Dividends

A fund that is the holder of record of any share of stock on the record date for a dividend payable on that stock must include the dividend in gross income by the later of (a) the date the share became an ex-dividend or (b) the date the company acquired the share.

Line 2. Interest

Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc.

Do not offset interest expense against interest income.

Special rules apply to interest income from certain below-market-rate loans. See section 7872 for more information.

Line 3. Net Foreign Currency Gain or (Loss) From Section 988 Transactions

Enter the net foreign currency gain or (loss) from section 988 transactions that is treated as ordinary income or loss under section 988(a)(1)(A). Attach a schedule detailing each separate transaction.

Line 4. Payments With Respect to Securities Loans

Enter the amount received or accrued from a broker as compensation for securities loaned by the fund to the broker for use in completing market transactions. The payments must meet the requirements of section 512(a)(5).

Line 5. Excess of Net Short-Term Capital Gain Over Net Long-Term Capital Loss

Enter the excess of net short-term capital gain over net long-term capital loss from Schedule D (Form 1120), line 11.

Note: *Every sale or exchange of a capital asset must be reported in detail on Schedule D (Form 1120), even though no gain or loss is indicated.*

Line 7. Other Income

Enter any other taxable income not reported on lines 1 through 6, except net capital gain that is reported in Part II. List the type and amount of income on an attached schedule. If the RIC has only one item of other income, describe it in parentheses on line 7. Examples of other income to report on line 7 are:

- Any adjustment under section 481(a) required to be included in income during the current tax year due to a change in method of accounting.
- Gross rents.
- Recoveries of fees or expenses in settlement or litigation.
- The amount of credit for alcohol used as fuel (determined without regard to the limitation based on tax) entered on **Form 6478**, Credit for Alcohol Used as Fuel.
- Refunds of taxes deducted in prior years to the extent they reduced income subject to tax in the year deducted (see section 111). Do not offset current year taxes against tax refunds.
- The amount of any deduction previously taken under section 179A that is subject to recapture. The RIC must recapture the benefit of any allowable deduction for qualified clean-fuel vehicle property (or clean-fuel vehicle refueling property), if, the property later ceases to qualify. See Regulations section 1.179A-1 for details.
- Ordinary income from trade or business activities of a partnership (from Schedule K-1 (Form 1065 or 1065-B)).

Deductions

Limitations on Deductions

Transactions between related taxpayers.

Generally, an accrual basis taxpayer may only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3), 163(j), and 267 for limitations on deductions for unpaid interest and expenses.

Direct and indirect costs (including taxes) allocable to real or tangible personal property constructed or improved by the taxpayer. Such costs must be capitalized in accordance with section 263A.

Golden parachute payments. A portion of the payments made by a fund to key personnel that exceeds their usual compensation may not be deductible. This occurs when the fund has an agreement (golden parachute) with these key employees to pay them these excessive amounts if control of the corporation changes. See section 280G.

Business startup expenses. Business startup expenses must be capitalized unless an election is made to amortize them over a period of 60 months. See section 195 and Regulations section 1.195-1.

Section 265(a)(3) limitation. If the fund paid exempt-interest dividends during the tax year (including those dividends deemed paid under section 855), no deduction is allowed for that portion of otherwise deductible expenses which the amount of tax-exempt interest income bears to total gross income (including

tax-exempt income but excluding capital gain net income).

Net operating loss deduction. The net operating loss deduction is not allowed.

Passive activity limitations. Limitations on passive activity losses and credits under section 469 apply to funds that are closely held (as defined in section 469(j)(1)). Funds subject to the passive activity limitations must complete **Form 8810**, Corporate Passive Activity Loss and Credit Limitations, to compute their allowable passive activity loss and credit.

Reducing certain expenses for which credits are allowable. For each credit listed below, the RIC must reduce the otherwise allowable deductions for expenses used to figure the credit by the amount of the current year credit:

- Work opportunity credit.
- Research credit.
- Enhanced oil recovery credit.
- Disabled access credit.
- Empowerment zone employment credit.
- Indian employment credit.
- Employer credit for social security and Medicare taxes paid on certain employee tips.
- Orphan drug credit.
- Welfare-to-work credit.

If the RIC has any of these credits, be sure to figure each current year credit before figuring the deduction for expenses on which the credit is based.

Line 9. Compensation of Officers

Enter deductible officers' compensation on line 9. Complete Schedule E if total receipts are \$500,000 or more. Total receipts are figured by adding: (1) line 8, Part I, (2) net capital gain from line 1, Part II, and (3) line 9a, Form 2438. Do not include compensation deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

Include only the deductible part of officers' compensation on Schedule E. (See **Disallowance of deduction for employee compensation in excess of \$1 million** below.) Complete Schedule E, columns (a) through (e), for all officers. The RIC determines who is an officer under the laws of the state where incorporated.

Disallowance of deduction for employee compensation in excess of \$1 million.

Publicly held RICs may not deduct compensation to a "covered employee" to the extent that the compensation exceeds \$1 million. Generally, a covered employee is:

- The chief executive officer of the RIC (or an individual acting in that capacity) as of the end of the tax year, or
- An employee whose total compensation must be reported to shareholders under the Securities Exchange Act of 1934 because the employee is among the four highest-compensated officers for that tax year (other than the chief executive officer).

For this purpose, compensation does not include the following:

- Income from certain employee trusts, annuity plans, or pensions;
- Any benefit paid to an employee that is excluded from the employee's income.

The deduction limit does not apply to:

- Commissions based on individual performance;
- Qualified performance-based compensation; and
- Income payable under a written, binding contract in effect on February 17, 1993.

The \$1 million limit is reduced by amounts disallowed as excess parachute payments under section 280G.

For details, see section 162(m) and Regulations section 1.162-27.

Line 10. Salaries and Wages

Enter the amount of salaries and wages paid for the tax year, reduced by:

- Any work opportunity credit from Form 5884,
- Any empowerment zone credit from Form 8844,
- Any Indian employment credit from Form 8845, and
- Any welfare-to-work credit from Form 8861.

See the instructions for these forms for more information. Do not include salaries and wages deductible elsewhere on the return, such as elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

 *If the fund provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses claimed on lines 14 and 22.*

Line 12. Taxes and Licenses

Enter taxes paid or accrued during the tax year, but do not include the following:

- Federal income taxes.
- Foreign or U.S. possession income taxes if a foreign tax credit is claimed, or if the fund made an election under section 853.
- Excise taxes imposed under section 4982 on undistributed RIC income.
- Taxes not imposed on the fund.
- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return.

See section 164(d) for apportionment of taxes on real property between seller and purchaser.

Line 13. Interest

Note: *The deduction for interest is limited when the fund is a policyholder or beneficiary with respect to a life insurance, endowment, or annuity contract issued after June 8, 1997. For details, see section 264(f). Attach a statement showing the computation of the deduction.*

The fund must make an interest allocation if the proceeds of a loan were used for more than one purpose (e.g., to purchase a portfolio investment and to acquire an interest in a passive activity). See Temporary Regulations section 1.163-8T for the interest allocation rules.

Do not deduct the following interest:

- Interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. For exceptions, see section 265(b).
- For cash basis taxpayers, prepaid interest allocable to years following the current tax year. (For example, a cash basis calendar year taxpayer who in 1999 prepaid interest allocable to any period after 1999 can deduct only the amount allocable to 1999).
- Interest and carrying charges on straddles. Generally, these amounts must be capitalized. See section 263(g).

Special rules apply to:

- Interest on which no tax is imposed (see section 163(j)).
- Foregone interest on certain below-market-rate loans (see section 7872).
- Original issue discount on certain high-yield discount obligations (see section 163(e) to figure the disqualified portion).

Line 14. Depreciation

Besides depreciation, include on line 14 the part of the cost that the fund elected to expense under section 179 for certain tangible property placed in service during tax year 1999 or carried over from 1998. See **Form 4562**, Depreciation and Amortization, and its instructions.

Line 22. Other Deductions

Note: *Do not deduct fines or penalties paid to a government for violating any law.*

Attach a schedule, listing by type and amount, all allowable deductions that are not deductible elsewhere on Form 1120-RIC, including amortization of organization expenses. Enter the total of other deductions on this line.

Also include ordinary losses from trade or business activities of a partnership (from Schedule K-1 (Form 1065), or 1065-B).

Generally, a deduction may not be taken for any amount that is allocable to a class of exempt income. See section 265(b) for exceptions.

Charitable contributions. Enter contributions or gifts actually paid within the tax year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years.

Corporations reporting taxable income on the accrual method may elect to treat as paid during the tax year any contributions paid by the 15th day of the 3rd month after the end of the tax year if the contributions were authorized by the board of directors during the tax year. Attach a declaration to the return, signed by an officer, stating that the resolution authorizing the contributions was adopted by the board of directors during the tax year. Also attach a copy of the resolution.

Charitable contributions over the 10% limitation may not be deducted for the tax year but may be carried over to the next 5 tax years.

Substantiation requirements. Generally, no deduction is allowed for any contribution of \$250 or more unless the RIC gets a written acknowledgment from the donee organization that shows the amount of cash contributed, describes any property contributed, and, either gives a description and a good faith estimate of the value of any goods or services provided in return for the contribution, or states that no goods or services were provided in return for the contribution. The acknowledgment must be obtained by the due date (including extensions) of the RIC's return, or, if earlier, the date the return is filed. Do not attach the acknowledgment to the tax return, but keep it with the RIC's records. These rules apply in addition to the filing requirements for Form 8283 described below.

For more information on substantiation and recordkeeping requirements, see the regulations under section 170 and **Pub. 526**, Charitable Contributions.

Contributions to organizations conducting lobbying activities. Contributions made to an organization that conducts lobbying activities are not deductible if:

- The lobbying activities relate to matters of direct financial interest to the donor's trade or business, and
- The principal purpose of the contribution was to avoid Federal income tax by obtaining a

deduction for activities that would have been nondeductible under the lobbying expense rules if conducted directly by the donor.

Contributions of property other than cash. If the fund contributes property other than cash and claims over a \$500 deduction for the property, it must attach a schedule to the return describing the kind of property contributed and the method used to determine its fair market value. Closely held funds must complete **Form 8283**, Noncash Charitable Contributions, and attach it to their returns. All other funds generally must complete and attach Form 8283 to their returns for contributions of property (other than money) if the total claimed deduction for all property contributed was more than \$5,000.

If the fund made a "qualified conservation contribution" under section 170(h), also include the fair market value of the underlying property before and after the donation, as well as the type of legal interest contributed, and describe the conservation purpose benefited by the donation. If a contribution carryover is included, show the amount and how it was determined.

Reduced deduction for contributions of certain property. For a charitable contribution of property, the fund must reduce the contribution by the sum of:

- The ordinary income and short-term capital gain that would have resulted if the property were sold at its fair market value, and
- For certain contributions, the long-term capital gain that would have resulted if the property were sold at its fair market value.

The reduction for the long-term capital gain applies to:

- Contributions of tangible personal property for use by an exempt organization for a purpose or function unrelated to the basis for its exemption, and
- Contributions of any property to or for the use of certain private foundations except for stock for which market quotations are readily available (section 170(e)(5)).

Larger deduction. A larger deduction is allowed for certain contributions of:

- Inventory and other property to certain organizations for use in the care of the ill, needy, or infants (see section 170(e)(3) and Regulations section 1.170A-4A);
- Scientific equipment used for research to institutions of higher learning or to certain scientific research organizations (other than by personal holding companies and service organizations) (see section 170(e)(4)); and
- Computer technology and equipment to schools.

Contributions of computer technology and equipment to schools. A fund may take an increased deduction under section 170(e)(6) for qualified contributions of computer technology or equipment for elementary or secondary school purposes. A contribution is a qualified contribution if:

- It is made to an eligible donee (see below);
- Substantially all the donee property's use is:
 1. Related to the purpose or function of the donee;
 2. For use within the United States; and
 3. For educational purposes in any grade K-12.
- The contribution is made not later than 2 years after the date the taxpayer acquired or substantially completed the construction of the property;
- The original use of the property is by the donor or the donee;
- The property is not transferred by the donee for money, services, or other property, except for shipping, transfer, and installation costs; and
- The property fits productively into the donee's education plan.

Eligible donee. The term "eligible donee" means:

- An educational organization that normally maintains a regular faculty and curriculum and has a regularly enrolled body of pupils in attendance at the place where its educational activities are regularly conducted; or
- A section 501(c)(3) entity organized primarily for purposes of supporting elementary and secondary education.

Note: Contributions of computer technology or equipment to private foundations may be treated as qualified elementary or secondary educational contributions if certain requirements are met. See section 170(e)(6)(C).

Pension, profit-sharing, etc., plans. Also include on line 22 the deduction for contributions to qualified pension, profit-sharing, or other funded-deferred compensation plans. Employers who maintain such a plan generally must file one of the forms listed below, even if the plan is not a qualified plan under the Internal Revenue Code. The filing requirement applies even if the fund does not claim a deduction for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f).

Form 5500, Annual Return/Report of Employee Benefit Plan. File this form for a plan that is not a one-participant plan (see below).

Form 5500-EZ, Annual Return of One-Participant (Owners and their Spouses) Retirement Plan. File this form for a plan that only covers the owner (or the owner and his or her spouse) but only if the owner (or the owner and his or her spouse) owns the entire business.

Travel, meals, and entertainment. Subject to the limitations and restrictions discussed below, the fund can deduct ordinary and necessary travel, meals, and entertainment expenses paid or incurred in its trade or business. Also, special rules apply to deductions for gifts, skybox rentals, luxury water travel, convention expenses, and entertainment tickets. For details, see section 274 and **Pub. 463**.

Travel. The fund cannot deduct travel expenses of any individual accompanying a corporate officer or employee, including a spouse or dependent of the officer or employee, unless:

- That individual is an employee of the corporation, and
- His or her travel is for a bona fide business purpose and would otherwise be deductible by that individual.

Meals and entertainment. Generally, the fund can deduct only 50% of the amount otherwise allowable for meals and entertainment expenses paid or incurred in its trade or business. In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant,
- A bona fide business discussion must occur during, immediately before, or immediately after the meal; and
- An employee of the fund must be present at the meal.

See section 274(n)(3) for a special rule that applies to expenses for meals consumed by individuals subject to the hours of service limits of the Department of Transportation.

Membership dues. The fund may deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. However, no deduction is allowed if a principal purpose of the organization is to entertain, or provide

entertainment facilities for, members or their guests. In addition, funds may not deduct membership dues in any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide means under conditions favorable to business discussion.

Entertainment facilities. The fund cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

Note: The fund may be able to deduct otherwise nondeductible meals, travel, and entertainment expenses if the amounts are treated as compensation and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

Deduction for clean-fuel vehicles and certain refueling property. Section 179A allows a deduction for part of the cost of qualified clean-fuel vehicle property and qualified clean-fuel vehicle refueling property placed in service during the tax year. For more information, see **Pub. 535**, Business Expenses.

Lobbying expenses. Generally, lobbying expenses are not deductible. These expenses include:

- Amounts paid or incurred in connection with influencing Federal or state legislation (but not local legislation), or
- Amounts paid or incurred in connection with any communication with certain Federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of "influencing legislation."

Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. See section 162(e)(3). If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible. For information on contributions to charitable organizations that conduct lobbying activities, see the instructions on page 6. For more information on lobbying expenses, see section 162(e).

Line 24. Taxable Income Before Deduction for Dividends Paid

At-risk rules. Generally, special at-risk rules under section 465 apply to closely held funds engaged in any activity as a trade or business or for the production of income. These funds may have to adjust the amount on line 24.

But the at-risk rules do not apply to:

- Holding real property placed in service by the fund before 1987;
- Equipment leasing under sections 465(c)(4), (5), and (6); and
- Any qualifying business of a qualified corporation under section 465(c)(7).

However, the at-risk rules do apply to the holding of mineral property. For more information, see section 465 and **Form 6198**, At-Risk Limitations.

Tax and Payments

Line 28b. Estimated Tax Payments

Enter any estimated tax payments the fund made for the tax year.

Line 28f. Credit for Tax Paid on Undistributed Capital Gains

Enter the credit (from **Form 2439**, Notice to Shareholder of Undistributed Long-Term Capital Gains), for the RIC's share of the tax paid by another regulated investment company or a real estate investment trust on undistributed long-term capital gains included in the RIC's income. Attach Form 2439 to Form 1120-RIC.

Line 28g. Credit for Federal Tax on Fuels

Complete and attach **Form 4136**, Credit for Federal Tax Paid on Fuels, if the fund qualifies to take this credit.

Line 28h

Add the amounts on lines 28d through 28g and enter the total on line 28h.

Backup withholding. If the fund had income tax withheld from any payments it received, because, for example, it failed to give the payer its correct EIN, include the amount withheld in the total for line 28h. This type of withholding is called "backup withholding." Show the amount withheld in the blank space in the right-hand column between lines 27 and 28h, and write "backup withholding."

Line 29. Estimated Tax Penalty

A fund that does not make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Generally, a fund is subject to the penalty if its tax liability is \$500 or more, and it did not timely pay the smaller of:

- 100% of its alternative minimum tax minus the credit for Federal tax paid on fuels for 1999 as shown on the return, or
- 100% of its prior year's tax.

See section 6655 for details and exceptions, including special rules for large corporations.

Use **Form 2220**, Underpayment of Estimated Tax by Corporations, to see if the fund owes a penalty and to figure the amount of the penalty. Generally, the fund does not have to file this form because the IRS can figure the amount of any penalty and bill the fund for it. However, even if the fund does not owe the penalty, the fund must complete and attach Form 2220 if:

- The annualized income or adjusted seasonal installment method is used, or
- The fund is a large corporation computing its first required installment based on the prior year's tax. (See the Form 2220 instructions for the definition of a large corporation.)

If Form 2220 is attached, check the box on line 29, page 1, Form 1120-RIC, and enter the amount of any penalty on this line.

Schedule A

Deduction for Dividends Paid

Column (a) is used to determine the deduction for dividends paid resulting from ordinary dividends.

Column (b) is used to determine the deduction for dividends paid resulting from capital gain dividends.

Do not include any amount reported for the tax year on Form 2438, line 9b. Section 561 (taking into account sections 852(b)(7) and 855(a)) determines the deduction for dividends

paid. Do not take into account exempt-interest dividends defined in section 852(b)(5). See Regulations section 1.852-11.

Line 3

Dividends, both ordinary and capital gain, declared and payable to shareholders of record in October, November, or December are treated as paid by the fund and received by each shareholder on December 31 of that calendar year provided that they are actually paid in January of the following calendar year. Enter on line 3 all such dividends not already entered on line 1 or 2.

Line 5

Enter the foreign tax paid deduction allowed as an addition to the dividends paid deduction under section 853(b)(1)(B). See the instructions for **Question 13, Schedule K**, on page 10, for information on the election available under section 853(a).

Schedule B

Income From Tax-Exempt Obligations

If, at the close of each quarter of the tax year, at least 50% of the value of the fund's assets consisted of tax-exempt obligations under section 103(a), the fund qualifies under section 852(b)(5) to pay exempt-interest dividends for the tax year.

Check the "Yes" box on line 1 of Schedule B and complete lines 2 through 5. See section 852(b)(5) for the definition of exempt-interest dividends and other details.

Schedule J

Tax Computation

Note: *Members of a controlled group must attach a statement showing the computation of the tax entered on line 3c.*

Lines 1 and 2

Members of a controlled group. A member of a controlled group, as defined in section 1563, must check the box on line 1 and complete lines 2a and 2b of Schedule J.

Line 2a. Members of a controlled group are entitled to one \$50,000, one \$25,000, and one \$9,925,000 taxable income bracket amount (in that order) on line 2a.

When a controlled group adopts or later amends an apportionment plan, each member must attach to its tax return a copy of its consent to this plan. The copy (or an attached statement) must show the part of the amount in each taxable income bracket apportioned to that member. See Regulations section 1.1561-3(b) for other requirements and for the time and manner of making the consent.

Tax Computation Worksheet for Members of a Controlled Group
(keep for your records)

Note: *Each member of a controlled group must compute the tax on its investment company taxable income using this worksheet (except funds that are personal holding companies or that are not in compliance with Regulations section 1.852-6, see item 2 of Line 3a below.)*

1. Enter investment company taxable income (line 26, page 1)
2. Enter line 1 or the fund's share of the \$50,000 taxable income bracket, whichever is less
3. Subtract line 2 from line 1
4. Enter line 3 or the fund's share of the \$25,000 taxable income bracket, whichever is less
5. Subtract line 4 from line 3
6. Enter line 5 or the fund's share of the \$9,925,000 taxable income bracket, whichever is less
7. Subtract line 6 from line 5
8. Multiply line 2 by 15%
9. Multiply line 4 by 25%
10. Multiply line 6 by 34%
11. Multiply line 7 by 35%
12. If the taxable income of the controlled group exceeds \$100,000, enter this member's share of the smaller of: 5% of the taxable income in excess of \$100,000, or \$11,750. (See the instructions for line 2b below.)
13. If the taxable income of the controlled group exceeds \$15 million, enter this member's share of the smaller of 3% of the taxable income in excess of \$15 million, or \$100,000. (See the instructions for line 2b below.)
14. **Total.** Add lines 8 through 13. Enter here and on line 3a, Schedule J

Unequal apportionment plan. Members of a controlled group may elect an unequal apportionment plan and divide the taxable income brackets as they want. There is no need for consistency among taxable income brackets. Any member may be entitled to all, some, or none of the taxable income brackets. However, the total amount for all members cannot be more than the total amount in each taxable income bracket.

Equal apportionment plan. If no apportionment plan is adopted, members of a controlled group must divide the amount in each taxable income bracket equally among themselves. For example, Controlled Group AB consists of Corporation A and Corporation B. They do not elect an apportionment plan. Therefore, each fund is entitled to:

- \$25,000 (one-half of \$50,000) on line 2a(1);
- \$12,500 (one-half of \$25,000) on line 2a(2); and
- \$4,962,500 (one-half of \$9,925,000) on line 2a(3).

Line 2b. Members of a controlled group are treated as one group to figure the applicability of the additional 5% tax and the additional 3% tax. If an additional tax applies, each member will pay that tax based on the part of the amount used in each taxable income bracket to reduce that member's tax. See section 1561(a). If an additional tax applies, attach a schedule showing the taxable income of the entire group and how the fund figured its share of the additional tax.

Line 2b(1). Enter the fund's share of the additional 5% tax on line 2b(1).

Line 2b(2). Enter the fund's share of the additional 3% tax on line 2b(2).

Line 3a

The fund computes its investment company taxable income tax as follows:

1. A fund that is not a personal holding company and is in compliance with Regulations section 1.852-6 regarding disclosure of the fund's actual stock ownership (members of a controlled group should see the instructions on page 8 for lines 1 and 2) computes its tax using the **Tax Rate Schedule** below.

Tax Rate Schedule

If the investment company taxable income (line 26, page 1) is:

Over—	But not over—	Tax is:	Of the amount over—
\$0	\$50,000	15%	\$0
50,000	75,000	\$ 7,500 + 25%	50,000
75,000	100,000	13,750 + 34%	75,000
100,000	335,000	22,250 + 39%	100,000
335,000	10,000,000	113,900 + 34%	335,000
10,000,000	15,000,000	3,400,000 + 35%	10,000,000
15,000,000	18,333,333	5,150,000 + 38%	15,000,000
18,333,333	-----	35%	0

2. A fund that is a personal holding company or that is not in compliance with Regulations section 1.852-6 is taxed at a flat rate of 35% on its investment company taxable income.

Line 3c

Deferred tax under section 1291. If the fund was a shareholder in a passive foreign investment company (PFIC), and the fund received an excess distribution or disposed of its investment in the PFIC during the year, it must include the total increase in taxes due under section 1291(c)(2) in the amount to be entered on line 3c, Schedule J. On the dotted line to the left of line 3c, Schedule J, write "Section 1291" and the amount.

Do not include on line 3c any interest due under section 1291(c)(3). Instead, show the amount of interest owed in the bottom margin of page 1, Form 1120-RIC, and write "Section 1291 interest." For details, see **Form 8621**, Return by a Shareholder of a Passive Foreign Investment Company or Qualified Electing Fund.

Additional tax under section 197(f). A RIC that elects to pay tax on the gain from the sale of an intangible under the related person exception to the anti-churning rules should include any additional tax due under section 197(f)(9)(B) in the amount entered on line 3c. On the dotted line next to line 3c, write "Section 197" and the amount. For more information, see Pub. 535.

Line 4a. Foreign Tax Credit

To find out when a fund can take this credit for payment of income tax to a foreign country or U.S. possession, see **Form 1118**, Foreign Tax Credit—Corporations. The fund may not claim this credit if an election under section 853 was made for the tax year. See **Question 13**, **Schedule K**, on page 10.

Line 4b

Complete line 4b if the fund can take either of the following credits. Be sure to check the appropriate box.

Nonconventional source fuel credit. A credit is allowed for the sale of qualified fuels produced from a nonconventional source. Section 29 contains a definition of qualified fuels, provisions for figuring the credit, and other special rules. Attach a separate schedule to the return showing the computation of the credit.

Qualified electric vehicle credit. Include on line 4b any credit from **Form 8834**, Qualified Electric Vehicle Credit. Vehicles that qualify for this credit are not eligible for the deduction for clean-fuel vehicles under section 179A.

Line 4c. General Business Credit

Complete this line if the fund can take any of the following credits. Complete **Form 3800**, General Business Credit, if the fund has two or more of these credits, (other than the empowerment zone employment credit), general credits from an electing large partnership, a general business credit carryforward or carryback (other than the empowerment zone employment credit), a trans-Alaska pipeline liability fund credit, or a passive activity credit (other than the low-income housing credit or the empowerment zone employment credit). Enter the amount of the general business credit on line 4c, and check the box for Form 3800.

If the fund has only one credit, enter on line 4c the amount of the credit from the form. Also be sure to check the appropriate box for that form.

Form 3468, Investment Credit.

Form 5884, Work Opportunity Credit.

Form 6478, Credit for Alcohol Used As Fuel.

Form 6765, Credit for Increasing Research Activities.

Form 8586, Low-Income Housing Credit.

Form 8820, Orphan Drug Credit.

Form 8826, Disabled Access Credit.

Form 8830, Enhanced Oil Recovery Credit.

Form 8835, Renewable Electricity Production Credit.

Form 8844, Empowerment Zone Employment Credit.

Note: Although the empowerment zone employment credit is a component of the general business credit, it is figured separately and is not carried to Form 3800.

Form 8845, Indian Employment Credit.

Form 8846, Credit for Employer Social Security and Medicare Taxes Paid on Certain Employee Tips.

Form 8847, Credit for Contributions to Selected Community Development Corporations.

Form 8861, Welfare-to-Work Credit.

Line 4d. Credit for Prior Year Minimum Tax

To figure the minimum tax credit and any carryforward of that credit, use **Form 8827**, Credit for Prior Year Minimum Tax—Corporations. Also see Form 8827 if any of the fund's 1998 nonconventional source fuel credit or qualified electric vehicle credit was disallowed solely because of the tentative minimum tax limitation. See section 53(d).

Line 6. Personal Holding Company Tax

A fund is taxed as a personal holding company under section 542 if:

- At least 60% of its adjusted ordinary gross income for the tax year is personal holding company income, and
- At any time during the last half of the tax year more than 50% in value of its outstanding stock is owned, directly or indirectly, by five or fewer individuals.

See **Schedule PH (Form 1120)**, U.S. Personal Holding Company (PHC) Tax, for definitions and details on how to figure the tax.

Line 7. Recapture Taxes

Recapture of investment credit. If the fund disposed of investment credit property or changed its use before the end of its useful life

or recovery period, it may owe a tax. See **Form 4255**, Recapture of Investment Credit, for details.

Recapture of low-income housing credit. If the fund disposed of property (or there was a reduction in the qualified basis of the property) for which it took the low-income housing credit, it may owe a tax. See **Form 8611**, Recapture of Low-Income Housing Credit.

Recapture of qualified electric vehicle (QEV) credit. The fund must recapture part of the QEV credit it claimed in a prior year, if, within 3 years of the date the vehicle was placed in service, it ceases to qualify for the credit. See Regulations section 1.30-1 for details on how to figure the recapture. Include the amount of the recapture in the total for line 7, Schedule J. On the dotted line next to the entry space, write "QEV recapture" and the amount.

Recapture of Indian employment credit. Generally, if an employer terminates the employment of a qualified employee less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior tax year by reason of wages paid or incurred to that employee must be recaptured. For details, see Form 8845 and section 45A. Include the amount of the recapture in the total for line 7, Schedule J. On the dotted line next to the entry space, write "45" and the amount.

Line 8. Alternative Minimum Tax

Unless the RIC is treated as a small corporation exempt from the alternative minimum tax (AMT), it may owe the AMT if it has any of the adjustments and tax preference items listed on **Form 4626**, Alternative Minimum Tax—Corporations. The fund must file Form 4626 if its investment company taxable income or (loss) and retained capital gains not designated under section 852(b)(3)(D) plus adjustments and tax preference items is more than the smaller of \$40,000, or the fund's allowable exemption amount (from Form 4626). Get Form 4626 for details.

Reduce AMT by any amounts from Form 3800, Schedule A, line 37, and Form 8844, line 25. On the dotted line next to line 8, write "Section 38(c)(2)" ("EZE" if from Form 8844) and the amounts.

Small corporation exemption. A corporation is treated as a small corporation exempt from the AMT for its tax year beginning in 1999 if that year is the corporation's first tax year in existence **or**:

1. It was treated as a small corporation exempt from the AMT for prior tax years beginning after 1997, **and**
2. Its average annual gross receipts for the 3-tax-year-period ending before its tax year beginning in 1999 did not exceed \$7.5 million (\$5 million if the corporation had only 1 prior tax year).

For more details, see the instructions for Form 4626.

Line 9. Total Tax

Other tax and interest amounts may be included in, or subtracted from, the total tax reported on line 9.

Amounts to include in the total for line 9 are:

- Interest on deferred tax attributable to certain nondealer installment obligations (section 453A(c)).
- For shareholders in qualified electing funds, deferred tax due upon the termination of a section 1294 election (see Form 8621, Part V).

An **amount to subtract** from the total for line 9 is the deferred tax on the fund's share of the undistributed earnings of a qualified electing fund (see Form 8621, Part II).

How to report. Attach a schedule showing your computation of each item included in, or subtracted from, the total for line 9. On the

dotted line next to line 9, enter the amount of tax or interest and:

- Identify it as tax or interest, and
- Specify the Code section that applies.

Example. To show \$50 of interest due on deferred tax from the installment sale of a nondealer obligation, write "Sec. 453A interest—\$50."

If the tax or interest is figured using another form (e.g., Form 8621), see the instructions for that form to find out how to report the amount.

Schedule K

Other Information

The following instructions apply to questions 1 through 14 on page 3, Form 1120-RIC. Answer all the questions that apply to the fund.

Question 3

Check the "Yes" box for question 3 if the fund is a subsidiary in a parent-subsidiary controlled group (defined below). This applies even if the fund is a subsidiary member of one group and the parent corporation of another.

Note: If the fund is an "excluded member" of a controlled group (see section 1563(b)(2)), it is still considered a member of a controlled group for this purpose.

Parent-subsidiary controlled group. The term "parent-subsidiary controlled group" means one or more chains of corporations connected through stock ownership (section 1563(a)(1)). Both of the following requirements must be met:

1. 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of each corporation in the group (except the parent) must be owned by one or more of the other corporations in the group.

2. The common parent must own at least 80% of the total combined voting power of all classes of stock entitled to vote or at least 80% of the total value of all classes of stock of at least one of the other corporations in the group. Stock owned directly by other members of the group is not counted when computing the voting power or value.

See section 1563(d)(1) for the definition of "stock" for purposes of determining stock ownership above.

Question 5

Check the "Yes" box if one foreign person owned at least 25% of (a) the total voting power of all classes of stock of the fund entitled to vote or (b) the total value of all classes of stock of the fund.

The constructive ownership rules of section 318 apply in determining if a fund is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 5b(1) the percentage owned by the foreign person specified in question 5. For line 5b(2), write the name of the owner's country.

Note: If there is more than one 25%-or-more foreign owner, complete lines 5b(1) and 5b(2) for the foreign person with the highest percentage of ownership.

Foreign person. The term "foreign person" means:

- A foreign citizen or nonresident alien.
- An individual who is a citizen of a U.S. possession (but who is not a U.S. citizen or resident).
- A foreign partnership.
- A foreign corporation.

• Any foreign estate or trust within the meaning of section 7701(a)(31).

• A foreign government (or one of its agencies or instrumentalities) to the extent that it is engaged in the conduct of a commercial activity as described in section 892.

Owner's country. For individuals, the term "owner's country" means the country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Requirement to file Form 5472. If the fund checked "Yes," it may have to file Form 5472. Generally, a 25% foreign-owned corporation that had a reportable transaction with a foreign or domestic related party during the tax year must file Form 5472.

See Form 5472 for filing instructions and penalties for failure to file.

Question 7

Foreign financial accounts. Check the "Yes" box if either 1 or 2 below applies to the fund. Otherwise, check the "No" box:

1. At any time during the 1999 calendar year the fund had an interest in or signature or other authority over a bank, securities, or other financial account in a foreign country; and

• The combined value of the accounts was more than \$10,000 at any time during the calendar year; and

• The account was NOT with a U.S. military banking facility operated by a U.S. financial institution.

2. The fund owns more than 50% of the stock in any corporation that would answer "Yes" to question 1 above.

Get **Form TD F 90-22.1**, Report of Foreign Bank and Financial Accounts, to see if the fund is considered to have an interest in or signature or other authority over a financial account in a foreign country.

If "Yes" is checked for this question, file Form TD F 90-22.1 by June 30, 2000, with the Department of the Treasury at the address shown on the form. Because Form TD F 90-22.1 is not a tax form, do not file it with Form 1120-RIC.

You can order Form TD F 90-22.1 from an IRS Distribution Center or by calling 1-800-TAX-FORM (1-800-829-3676).

Also, if "Yes" is checked for this question, enter the name of the foreign country. Attach a separate sheet if more space is needed.

Question 8

Foreign trust. The fund may be required to file **Form 3520**, Annual Return To Report Transactions with Foreign Trusts and Receipts of Certain Foreign Gifts, if:

• It directly or indirectly transferred money or property to a foreign trust. For this purpose, any U.S. person who created a foreign trust is considered a transferor.

• It is treated as the owner of any part of the assets of a foreign trust under the grantor trust rules.

• It received a distribution from a foreign trust. For more information, see the instructions for Form 3520.

Note: An owner of a foreign trust must ensure that the trust files an annual information return on **Form 3520-A**, Annual Information Return of Foreign Trust with a U.S. Owner. For details, see **Form 3520-A**.

Question 11

Show any tax-exempt interest received or accrued. Include any exempt-interest dividends received as a shareholder in another mutual fund or other regulated investment company.

Question 13

Election under section 853(a). A fund may make an irrevocable election under section 853(a) to allow its shareholders to apply their shares of the foreign taxes paid by the fund either as a credit or a deduction. If the fund makes this election, the amount of foreign taxes it paid during the tax year may not be taken as a credit or a deduction on Form 1120-RIC, but may be claimed on Form 1120-RIC, Schedule A, line 5, as an addition to the dividends paid deduction.

Eligibility. To qualify to make the election, the fund must meet the following requirements.

• More than 50% of the value of the fund's total assets at the end of the tax year must consist of stock or securities in foreign corporations.

• The fund must meet the holding period requirements of section 901(k) with respect to its common and preferred stock. If the fund fails to meet these holding period requirements, the election that allows a fund to pass through to its shareholders the foreign tax credits for foreign taxes paid by the fund is disallowed. Although the foreign taxes paid may not be taken as a credit by either the fund or the shareholder, they are still deductible at the fund level.

To make a valid election, in addition to timely filing Form 1120-RIC and checking the box for question 13, the fund must file:

• Form 1099-DIV and Form 1096, including the statement required by Regulations section 1.853-4; and

• Form 1118, modified to become a statement supporting the fund's election.

Notification. If the fund makes the election, it must furnish to its shareholders a written notice designating the shareholder's share of foreign taxes paid to each country or possession and the share of the dividend that represents income derived from sources within each country or possession. The notice must be mailed to the shareholders no later than 60 days after the end of the fund's tax year.

For further information, see Regulations section 1.853-4.

Schedule L

Balance Sheets per Books

The balance sheet should agree with the fund's books and records. Include certificates of deposit as cash on line 1, Schedule L.

2. Stock in another mutual fund or other regulated investment company that distributed exempt-interest dividends during the tax year of the fund.

Line 24. Adjustments to Shareholders' Equity

Some examples of adjustments to report on this line include:

- Unrealized gains and losses on securities held "available for sale."
- Foreign currency translation adjustments.
- The excess of additional pension liability over unrecognized prior service cost.
- Guarantees of employee stock (ESOP) debt.
- Compensation related to employee stock award plans.

If the total adjustment to be entered on line 24 is a negative amount, enter the amount in parentheses.

Schedule M-1

- The cost of skyboxes over the face value of nonluxury box seat tickets.
- The part of luxury water travel not allowed under section 274(m).
- Expenses for travel as a form of education.
- Other travel and entertainment expenses not allowed as a deduction.

For more information, see Pub. 542.

Line 7. Tax-Exempt Interest

Include as interest on line 7 any exempt-interest dividends received by the fund as a shareholder in a mutual fund or other regulated investment company.
